Registered Shareholders – Voting by Proxy

The persons named in the enclosed form of proxy for the Meeting are officers of the Company.

A registered Shareholder has the right to appoint some other person, who need not be a shareholder, to represent the Shareholder at the Meeting by inserting such other person's name in the blank space provided or by executing another proper form of proxy.

Completed forms of proxy must be received by Computershare Investor Services Inc. at 100 University Ave., 8th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, or by fax to Computershare Investor Services Inc. at 1-866-249-7775 or 1-416-263-9524, not later than 1:00 pm (Pacific time) on June 25, 2024 or may be accepted by the Chair of the Meeting prior to the commencement of the Meeting. Registered shareholders may also submit their votes by telephone within North America at 1-866-732-8683 or outside North America at 1-312-588-4290, or online at www.investorvote.com in each case not later than 1:00 pm (Pacific time) on June 25, 2024 or as may be accepted by the Chair of the Meeting prior to the commencement of the Meeting. If a Shareholder who has submitted a proxy attends the meeting via the webcast and has accepted the terms and conditions when entering the meeting online, any votes cast by such shareholder on a ballot will be counted and the submitted proxy will be disregarded.

Shareholders who wish to appoint a third-party proxyholder **MUST** register with Computershare at <http://www.computershare.com/Mogo> after submitting their proxy in order to receive a Username for the meeting. **Registering your proxyholder (other than those designated in the accompany form of proxy) is an additional step once you have submitted your proxy. Failure to register such proxyholder will result in the proxyholder not receiving a Username to participate in the meeting.** To register a proxyholder, shareholders **MUST** visit <http://www.computershare.com/Mogo> by June 25, 2024 at 1:00 pm (Pacific time) and provide Computershare with their proxyholder's contact information, so that Computershare may provide the proxyholder with a Username via email. **Without a Username, third party proxyholders will not be able to vote at the meeting.**

The form of proxy affords the registered Shareholder an opportunity to specify that the Common Shares registered in his or her name shall be voted for, against or withheld from voting in respect of the matters to come before the Meeting, as applicable.

On any ballot that may be called for, the Common Shares represented by proxies in favour of management nominees will be voted for, against or withheld from voting in respect of the matters to come before the Meeting in accordance with the instructions given in such proxies.

In respect of proxies in which the Shareholders have not specified that the proxy nominees are required to vote for, against or withhold from voting in respect of the matters scheduled to come before the Meeting, the Common Shares represented by the proxies in favour of management nominees will be voted **FOR** the matters described in the Notice of Meeting.

Management knows of no matters scheduled to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the Common Shares represented by proxies in favour of management nominees will be voted on such matters in accordance with the best judgment of the proxy nominees.

A proxy given by a registered Shareholder for use at the Meeting may be revoked at any time prior to its use. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Any such instrument revoking a proxy must be deposited at the registered office of the Company, at 1700 - 666 Burrard Street, Vancouver, British Columbia, V6C 5A1, any time up to and including the last business day preceding the day of the Meeting, or an adjournment thereof, or deposited with the Chair of the Meeting on the day of the Meeting, or any adjournment thereof. If the instrument of revocation is deposited with the Chair on the

day of the Meeting or any adjournment thereof, the instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

Non-Registered Holders – Voting Instruction Form

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Many Shareholders are not registered Shareholders (the “**Beneficial Shareholders**”) because the Common Shares they own are not registered in their names but are instead either (i) registered in the name of an intermediary (the “**Intermediary**”) that the Beneficial Shareholder deals with in respect of the Common Shares, such as, among others, brokerage firms, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered Registered Retirement Savings Plans (RRSPs), Registered Retirement Income Funds (RRIFs), Registered Education Savings Plans (RESPs) and similar plans, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Company intends to pay for intermediaries to forward the meeting materials to Beneficial Shareholders.

Intermediaries are required to forward the meeting materials to Beneficial Shareholders unless a Beneficial Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the meeting materials to Beneficial Shareholders. If you are a Beneficial Shareholder, your name and address will appear on the voting instruction form sent to you by an Intermediary (bank, broker or trust company). A Beneficial Shareholder may vote or appoint a proxy by mail, phone, fax or on the Internet, as applicable, in accordance with the voting instruction form. Your Intermediary, as a registered holder, will submit the vote or proxy appointment to the Company on your behalf. You must submit your voting instruction form in accordance with the instructions and within the time limits set by your Intermediary.

If you or a person you designate plan to attend the meeting and vote you must appoint yourself or that person as proxy using the voting instruction form. Beneficial Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the voting instructions form is to be delivered. In order to vote at the meeting, Beneficial Shareholders who appoint themselves or a third party as a proxyholder **MUST** register with Computershare at <http://www.computershare.com/Mogo> after submitting their voting instruction form in order to receive a Username for the meeting. **Registering your proxyholder is an additional step once you have submitted your voting instruction form. Failure to register the proxyholder will result in the proxyholder not receiving a Username to participate in the meeting.** To register a proxyholder, shareholders **MUST** visit <http://www.computershare.com/Mogo> by June 25, 2024 at 1:00 pm (Pacific time) and provide Computershare with their proxyholder’s contact information, so that Computershare may provide the proxyholder with a Username via email. **Without a Username, proxyholders will not be able to vote at the meeting.**

A Beneficial Shareholder may revoke a form of proxy or voting instructions form given to an Intermediary by contacting the Intermediary through which the Beneficial Shareholder’s Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy form or voting instruction form, the written notice should be received by the Intermediary well in advance of the Meeting.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

The Company may utilize Broadridge’s QuickVote™ system to assist Shareholders with voting their Common Shares. Non-registered Shareholders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as non-objecting beneficial owners and may be contacted by Laurel Hill, which is soliciting proxies on behalf of management of the Company, to conveniently obtain a vote directly over the phone.

Shareholders who need assistance with voting their shares should contact Laurel Hill Advisory Group, the proxy solicitation agent, by telephone at: 1-877-452-7184 (North American Toll Free) or 416-304-0211 (Outside North America); or by email at: assistance@laurelhill.com.

STATEMENT OF EXECUTIVE COMPENSATION

Introduction

The following discussion describes the significant elements of Mogo's executive compensation program, with particular emphasis on the process for determining compensation payable to the Company's Chief Executive Officer (the "CEO"), Chief Financial Officer (the "CFO") and each of the Company's three other most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity whose total compensation was, individually, more than \$150,000 (collectively, the "NEOs") for the year ended December 31, 2023.

The NEOs for the Company for the year ended December 31, 2023 were David Feller, CEO, Gregory Feller, President and CFO, Justin Carter, Chief Operating Officer (“COO”), Macully Clayton, Vice President, Product and Taoufik Ben Ezzahhaf Vice President, Engineering at Carta, a wholly-owned subsidiary of Mogo (collectively, the “**Mogo NEOs**”).

Overview

This section describes Mogo’s executive compensation program. Mogo’s executive compensation practices are designed to attract and retain the skillsets and experience needed to lead the development and execution of the Company’s strategy and to reward our executives for high performance and their contribution to our long-term success. The board of directors (the “**Board**”) seeks to compensate executives by combining short-term and long-term cash and equity incentives. It also seeks to reward the achievement of corporate and individual performance objectives, and to align executive officers’ incentives with the Company’s performance. In 2021, the Company managed through an uncertain economic time caused by the COVID-19 global pandemic, which had an impact on the short-term executive compensation strategy.

Mogo believes that attracting and retaining the right team members is critical. A key part of this is a well thought out compensation plan that attracts high performers with specific skillsets and compensates them for continued achievements.

Setting executive compensation in a growth-oriented fintech organization can be challenging as we seek to balance the creation of shareholder value with long-term growth objectives. As a result, elements of our compensation plan evolve from year to year as the Company matures and we face evolving market conditions.

Our Board, on recommendations from the Corporate Governance, Compensation and Nominating Committee (the “**CGCNC**”) makes decisions regarding all forms of compensation, including salaries, bonuses and equity incentive compensation for our senior executives, as well as approves corporate goals and objectives relevant to our executives’ compensation. Finally, the CGCNC in conjunction with senior management also administers employee incentive compensation, including the Company’s stock option plan (the “**Stock Option Plan**”) and restricted share unit plan (the “**RSU Plan**”).

In October 2023, the Board, on the recommendation of the CGCNC, adopted a policy (the “**Clawback Policy**”) providing for the recovery of incentive-based compensation erroneously awarded to any executive officer during the previous three fiscal years if Mogo is required to prepare an accounting restatement due to material non-compliance with any financial reporting requirement under securities laws. Subject to limited exceptions, the amount subject to recovery under the Clawback Policy is equal to the excess that the executive officer received over the amount that they would have otherwise been paid after taking into account the accounting restatement. The Clawback Policy applies to incentive-based compensation received on or after October 2, 2023.

Compensation Discussion and Analysis

Context of Mogo’s Executive Compensation Practices

There are several relevant market and business factors that present challenges for the creation of an effective executive compensation program, including the following:

- We are a pre-profit, publicly listed company in an emerging sector. We provide products and services that are highly disruptive in the financial services market in Canada.
- We compete for talent in the technology industry, where there is a high emphasis on equity as a key component of compensation. We also compete for talent in the financial services space, where there are high salaries with entrenched short-term and long-term compensation plans, perquisite programs and retirement benefits.

The CGCNC aims to balance these factors with the expectations of the Shareholders and their responsibilities around oversight. As the business matures through the execution of Mogo’s corporate strategy, the CGCNC will continue to evolve our compensation strategies to match.

How Executive Compensation is Determined

The CGCNC assesses and makes a recommendation to the Board with regard to the competitiveness and appropriateness of the compensation package, including regular, incentive and equity-based compensation of the CEO, CFO and any other officers of Mogo. As required, the CGCNC retains independent advice in respect of compensation matters and, if deemed appropriate by the Committee, meets separately with such advisors. Mogo specifically uses salary survey information to benchmark its compensation against the market. Mogo uses a variety of specialized survey data and relies heavily on data from The Mercer HR Tech Group Salary Survey. This survey is based in British Columbia, but the data is relevant for all Canadian high-tech markets. The most recent survey included data provided by over 95 leading technology organizations in the British Columbia market. The survey includes cash, short and long-term incentive information and has executive benchmarks for over 30 functions. Compensation analysis is available by size and type of organization. Additionally, third party consultants have also provided input on Mogo's senior leadership and executive compensation.

In the case of an unforeseen event, such as a global pandemic or significant changes in economic and market conditions beyond the Company's control, the CGCNC works closely with management to determine whether any short or long-term changes to compensation strategy are required.

Summary of Elements of Compensation Program

Mogo's executive compensation program is comprised of the following elements:

- **Annual Base Salary** – Reflects the scope and responsibilities of the role, each executive's personal experience and performance, and market competitiveness.
- **Annual Bonus** – Expressed as a percentage of annual base salary and typically paid in cash or fully-vested equity, the annual bonus is typically calculated based on achievement levels against a weighted mix of annual corporate and individual performance goals that support the overall corporate goals – both quantitative and qualitative and at the discretion of the Board.
- **Long-Term Incentives**
 - **Stock Options** – Stock options are awarded annually at the Board's discretion and typically vest over 4 years with an 8-year term. Stock options align executive compensation with shareholder interests as the value is dependent on post-vesting share price.
 - **RSUs** – Restricted share units ("**RSUs**") are issued in limited amounts and only awarded to senior management, and typically vest over 3 years. RSUs are aligned with shareholder interests as their value depends on post-vesting share price.

In setting the annual performance objectives and evaluating executive compensation, the Company considers each element carefully against relevant internal and market factors and the Board provides appropriate oversight with regard to the payment of short and long-term incentives to ensure alignment with our shareholders' long-term interests.

Detailed Elements of Compensation Program

As noted above, Mogo's executive compensation consists primarily of three elements: base salary, annual bonus and long-term equity incentives (stock options and RSUs).

Base Salary

Base salaries are reviewed annually based on individual performance or for market competitiveness. Additionally, base salaries can be adjusted as warranted throughout the year to reflect promotions or other changes in the scope or breadth of an executive's role or responsibilities, as well as for market competitiveness.

The base salaries of the Mogo NEOs are as follows:

David Feller, CEO	\$425,000 per annum
Gregory Feller, President & CFO	US\$375,000 per annum
Justin Carter, COO	\$240,000 per annum
Macully Clayton, VP Product	\$230,000 per annum
Taoufik Ben Ezzahhaf	\$209,703 per annum

Annual Bonus Plan

Our compensation program includes an annual discretionary bonus plan, typically paid in cash, which is awarded by the Board in its sole discretion and is typically based on personal and corporate performance metrics. It is the responsibility of the CGCNC to annually review and recommend to the Board the annual bonus, if any, to be paid to executives and employees.

In a typical year, annual target bonus levels as a percentage of base salary for the Mogo NEOs are as follows:

David Feller, CEO	up to 100% of annual base salary
Gregory Feller, President and CFO	up to 100% of annual base salary
Justin Carter, COO	up to 50% of annual base salary
Marcully Clayton, VP Product	up to 35% of annual base salary
Taoufik Ben Ezzahhaf, VP Engineering (Carta)	up to 20% of annual net salary

Long-Term Equity Incentive Plans

Equity based awards are an “at risk” element of compensation that allows us to reward Mogo’s team members, and specifically, Mogo’s executives for their sustained contributions to the Company. In a highly competitive technology market, equity is an expected and important part of senior leadership compensation. Equity awards reward performance aligned with the creation of shareholder value and the continued employment of our executive officers, with the associated benefits of attracting and retaining employees.

Mogo’s Stock Option Plan allows all employees to participate at an appropriate level, with special focus on the executive team. The value of this incentive is driven by an increase in stock price over time, as we continue to achieve our corporate objectives.

Mogo’s RSU Plan provides for additional equity opportunities for all employees, with special focus on our executive team and senior management, further tying compensation to the creation of shareholder value.

The following table summarizes the number of Common Shares authorized for issuance from treasury under the Company’s equity compensation plans as at December 31, 2023.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)⁽¹⁾	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))⁽¹⁾
Equity compensation plans approved by security holders	Options: 3,498,023 RSUs: 0	Options: \$5.56 RSUs: N/A	Options: 201,030 RSUs: 68,884

Note:

- (1) These securities include Common Shares issuable under the Stock Option Plan and the RSU Plan as of December 31, 2023, and 21,667 options pursuant to the Company’s prior stock option plan.

No award may be made to our insiders under the Stock Option Plan or the RSU Plan if such award would result in: (i) the number of Common Shares issued from treasury to insiders pursuant to such plans, together with all of our other share compensation arrangements, within any one year period, exceeding 10% of the outstanding Common Shares, or (ii) the number of Common Shares issuable to insiders pursuant to vested RSUs, together with the number of Common Shares issuable to insiders at any time pursuant to options granted under the Stock Option Plan and all of our other security based compensation arrangements, exceeding 10% of the outstanding Common Shares. When used in this paragraph, the terms “insiders” and “security based compensation arrangement” have the meanings ascribed thereto in the TSX rules for this purpose.

Stock Option Plan

The Stock Option Plan allows for the grant of incentive stock options to the Company's employees, directors, officers and consultants. Our Board is responsible for administering the Stock Option Plan, and the CGCNC makes recommendations to the Board in respect of matters relating to the Stock Option Plan.

The aggregate number of Common Shares reserved for issuance under the Stock Option Plan cannot exceed the greater of (i) 15% of the total number of all issued and outstanding Common Shares at the time of grant, and (ii) 1,266,667. As a result of the Arrangement, there are an additional 21,667 options issued and outstanding as at December 31, 2023, which were granted pursuant to the Company's prior stock option plan. These 21,667 options outstanding do not contribute towards the maximum number of common shares reserved for issuance under the Stock Option Plan. As of the Record Date, the Company has options to acquire 3,479,159 Common Shares outstanding pursuant to the Stock Option Plan, which represents approximately 14.1% of the issued and outstanding Common Shares as of the Record Date and 21,667 options outstanding pursuant to the Company's prior stock option plan. The number of options remaining available for grant is 220,075 which represents approximately 0.9% of the issued and outstanding Common Shares as of the Record Date.

The annual burn rate of the Stock Option Plan for 2023 was 5.5%, for 2022 was 4.53%, and for 2021 was 8.59%. The annual burn rate is calculated by dividing the number of options granted during the applicable fiscal year by the weighted average number of Common Shares outstanding for the applicable fiscal year.

The maximum number of Common Shares issued to the Company's insiders within any one-year period and issuable to the Company's insiders at any time under the Stock Option Plan, when combined with all of the Company's other security-based compensation arrangements, must not exceed 10% of the Company's total issued and outstanding Common Shares as at the applicable date of grant.

Unless otherwise determined by the Board at the time of or subsequent to grant, options granted under the Stock Option Plan vest as follows: 1/4 vest on the first anniversary of the date of the grant and 1/48 vest at the end of each month following the first anniversary of the date of the grant with the result that the entire option will be vested and exercisable on the fourth anniversary of the grant. In addition, the Board may, in its discretion, establish performance conditions for the vesting of options based on the performance of the Company or of an individual participant under the Stock Option Plan. Options granted under the Stock Option Plan may be exercised during the period specified in the Stock Option Plan, which is generally eight years from the date of grant. The Stock Option Plan also provides that, unless otherwise determined by the Board, options terminate within a period of time following the termination of employment, directorship or engagement as a consultant with the Company or affiliates entities. Unless otherwise specified by the Board at the time of granting options, vested options will expire the earlier of the expiration of such options in accordance with their terms and: (a) if the holder retires, 90 days after the termination date (as defined in the Stock Option Plan), (b) if the holder dies or becomes incapacitated, 120 days after such occurrence, (c) if the holder is terminated for cause, as of the termination date, (d) if the holder resigns, 30 days after the termination date (e) if the holder is dismissed without cause, 90 days after the termination date, (f) if the holder is a consultant and there is termination (i) by the Company for any reason other than for a material breach of the consulting agreement, (ii) by voluntary termination by the holder or (iii) due to the death or incapacity of the holder, 90 days from the termination date, (g) if the holder is a consultant and there is termination by the Company for a material breach of the consulting agreement, as of the termination date, and (h) if the holder is a director or officer, 90 days following the termination date. The exercise price for options granted under the Stock Option Plan is determined by the Board according to an approved formula and may not be less than the last closing price of the Common Shares on the TSX prior to the date of grant of such option.

The Stock Option Plan provides that if options granted under the Stock Option Plan would otherwise expire during a trading black-out period or within ten business days following the end of such period, the expiry date of such options are extended to the tenth business day following the end of the black-out period. Options granted under the Stock Option Plan are not transferable, subject to limited exceptions in the event of the holder's death or incapacity. The Board has overall authority for interpreting, applying, amending and terminating the Stock Option Plan and can do so without shareholder approval except that the following amendments to the Stock Option Plan or options issued thereunder cannot be made without the prior approval of the TSX and approval of the Shareholders: i) a reduction in the exercise price of an option held by an insider of the Company, ii) an extension of the term of an option held by an insider of the Company, iii) any amendment to remove the insider participation

limits described above, iv) an increase in the maximum number of Common Shares issuable pursuant to options granted under the Stock Option Plan; and v) amendments to amending provision of the Stock Option Plan.

RSU Plan

The RSU Plan allows for the grant of RSUs to the Company's directors, officers and employees. The purpose of the RSU Plan is to enhance our ability to provide eligible directors, officers and employees with the opportunity to acquire RSUs to allow them to participate in our long term success and to promote a greater alignment of interests between our directors, officers, employees, and shareholders. Our Board, through the CGCNC, is responsible for administering the RSU Plan. The maximum aggregate number of Common Shares issuable from treasury by the Company pursuant to the RSU Plan is 166,667, which represents approximately 0.7% of the issued and outstanding Common Shares as of the Record Date. This maximum number is subject to adjustment for changes in the number of Common Shares outstanding through subdivision, consolidation, reclassification, amalgamation, merger or otherwise. As of the Record Date, the Company has no RSUs to acquire Common Shares outstanding pursuant to the RSU Plan. The number of RSUs remaining available for grant is 68,884, which represents approximately 0.3% of the issued and outstanding Common Shares as of the Record Date. This takes into account the 97,782 RSUs that have vested and resulted in the issuance of 97,782 Common Shares as of the Record Date, which represents approximately 0.4% of the issued and outstanding Common Shares as of the Record Date.

The annual burn rate of the RSU Plan for each of 2023, 2022, and 2021 was 0.00%. The annual burn rate is calculated by dividing the number of RSUs awarded during the applicable fiscal year by the weighted average number of Common Shares outstanding for the applicable fiscal year.

The maximum number of Common Shares issued to the Company's insiders within any one-year period and issuable to the Company's insiders at any time under the RSU Plan, when combined with all of the Company's other security-based compensation arrangements, must not exceed 10% of the Company's total issued and outstanding Common Shares as at the applicable date of award.

Subject to the terms of the RSU Plan, we may from time to time award to any eligible person a number of RSUs deemed appropriate in respect of services rendered to the Company by such person. RSUs consist of an award of units, each of which represents the right to receive one Common Share. The Board, through the CGCNC, has the discretion to determine the date upon which each RSU vests or any other vesting requirements provided, however, that each awarded RSU will vest not later than the third anniversary of its award date. Unless otherwise determined by the Board at the time of award of an RSU, 25% of each award of RSUs will vest on the first and second anniversaries of the award date and the balance will vest on the third anniversary of the award date. The Board has overall authority for interpreting, applying, amending and terminating the RSU Plan and can do so without shareholder approval except that the following amendments to the RSU Plan or RSUs issued thereunder cannot be made without the prior approval of the TSX and approval of the Shareholders: (i) other than customary adjustments resulting from certain corporate changes, amendments to the RSU Plan that would increase the number of Common Shares issuable under the RSU Plan, (ii) any amendment that would increase the number of Common Shares issuable to insiders under the RSU Plan, (iii) any amendment that would increase the number of Common Shares issuable to directors under the RSU Plan; and (iv) amendments to amending provision of the RSU Plan.

Holders of RSUs will be entitled to accelerated vesting on certain events, including termination of service without cause or by reason of death, or retirement. All unvested RSUs terminate if a holder's employment or service terminates by reason of termination for cause. Subject to obtaining any requisite approval from the TSX or other regulatory authority, our Board may take any one or more actions relating to RSUs including, without limitation, accelerating vesting or providing for the conversion or exchange of any outstanding RSUs into or for RSUs or any other appropriate securities in any entity participating in or resulting from, a change of control transaction. Except as required by law, the rights of a participant under the RSU Plan are not capable of being assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the participant.

The Board does not award options or RSUs according to a prescribed formula or target. The CEO recommends to the CGCNC the proposed recipients of such grants from among the eligible participants and the proposed grant size, taking into consideration such factors as their position, scope of responsibility and historic and recent performance, previous grants, the value of the awards in relation to other elements of the individual's total

compensation and shareholdings, and market information. In determining the size of the grants, the CGCNC may consider their payout and the competitiveness of the Company's total compensation relative to comparable companies in addition to the recommendation of the CEO. The CGCNC determines the grant size and terms to be recommended to the Board in respect of the CEO.

Compensation Risk

The Board considers and assesses, as necessary, the implications of risks associated with the Company's compensation policies and practices and devotes such time and resources as it believes are appropriate and as are consistent with the CGCNC Charter, the Company's relatively limited operating history, size and current elements of executive compensation.

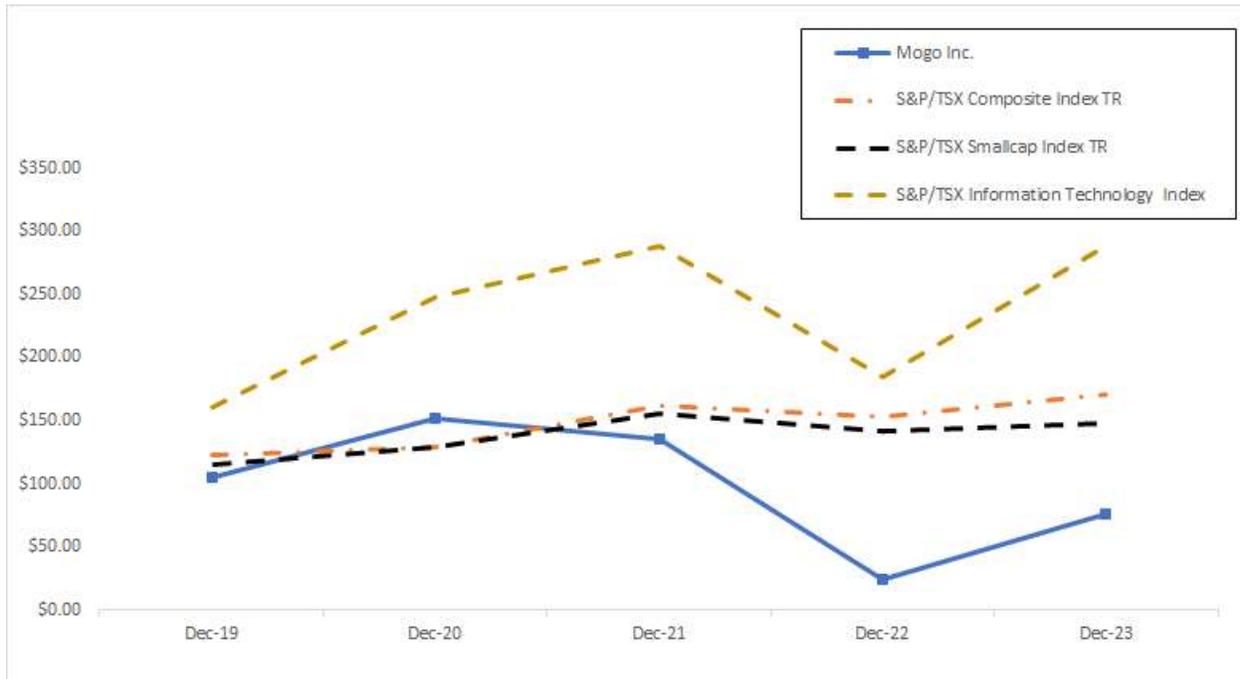

Our Board and the CGCNC believe that the compensation structure for our fiscal year ended December 31, 2023, as well as compensation policies and practices for the fiscal year ending December 31, 2023, constitute a well-balanced mix of base salary and long-term incentives, and are designed to mitigate risk by:

- ensuring that the Company retains its employees; and
- aligning the interests of its employees with the short-term and long-term objectives of the Company and its shareholders.

The Board and the CGCNC have not, after consideration of the existing compensation structure, identified any risk arising from our compensation policies and practices that is reasonably likely to have a material adverse effect on the Company.

CORPORATE GOVERNANCE

Board of Directors

Overview

Our articles provide that the number of directors is determined by the Board from time to time, subject to a minimum of three (3) directors. The number of directors is currently set at six (6). If the number of directors has not been determined by the Board, it will be equal to the number of directors holding office immediately following the most recent election or appointment of directors. The articles also provide the Board with the power to appoint one or more additional directors, provided that the total number of directors so appointed may not exceed one-third of the then-current number of directors.

Our Board is responsible for supervising the management of our business and affairs. Our Board has adopted a formal mandate setting out its stewardship responsibilities, including its responsibilities for the appointment of management, management of our Board, strategic and business planning, monitoring of financial performance, financial reporting, risk management, and oversight of our policies and procedures, communications and reporting and compliance. A copy of the mandate of our Board is attached as Appendix A to this Circular.

Our Board is currently composed of six directors: David Feller, Gregory Feller, Christopher Payne, Kristin McAlister, Kees van Winters and Michael Wekerle. Mr. Wekerle will not stand for re-election at the Meeting, and instead, Alex Shan is being nominated for election at the Meeting.

Our Board has established an Audit Committee, the CGCNC, and an Investment Committee, and has approved charters for each of these committees, which are described below. Our Board has delegated to the applicable committee those duties and responsibilities set out in each committee's charter. The mandate of our Board, as well as the charters of the various Board Committees, set out in writing the responsibilities of our Board and the Committees for supervising the CEO.

Independence

The Board is currently composed of six directors, three of whom are independent under applicable Canadian and U.S. standards. Subject to election of the nominees at the Meeting, the Board will be composed of six directors, four of whom are independent under applicable Canadian and U.S. standards. Under NI 52-110, an independent director is one who is free from any direct or indirect relationship which could, in the view of the Board, be reasonably expected to interfere with a director's exercise of independent judgment. Under the rules of the Nasdaq, an independent director is someone other than an executive officer or employee of the Company or any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has determined that David Feller and Gregory Feller, executive officers of Mogo, are not considered independent under the foregoing standards. In addition, Michael Wekerle is deemed to be not independent under NI 52-110 due to compensation received from Mogo. Each of Kristin McAlister, Kees van Winters and Christopher Payne is considered independent under the foregoing standards. Director nominee Alex Shan is also considered independent. David Feller serves as the Board Chair and chairs all Board meetings and, if and when necessary, acts as a spokesperson on behalf of the

Board in dealing with the press and members of the public. The responsibilities and duties of the Board Chair are described in detail in the position description developed by the Board.

Our Board delegates a number of responsibilities to the Audit Committee and the CGCNC. Both Committees are comprised solely of independent directors under applicable Canadian and U.S. standards. In addition, where potential conflicts arise during a director's tenure on the Board, such conflicts are expected to be immediately disclosed to the Board.

We have taken steps to ensure that adequate structures and processes are in place to permit our Board to function independently of our management. Our Board holds regularly scheduled meetings as well as ad hoc meetings from time to time. In the course of meetings of the Board or Committees of the Board, the independent directors hold in camera sessions at which neither non-independent directors nor officers of the Company are in attendance.

Our Board has also approved written position descriptions for the chair of each of our Board's Committees and our CEO.

Other Directorships

Currently, none of Mogo's directors are directors of other reporting issuers (or the equivalent) in Canada or a foreign jurisdiction.

Meeting Attendance

In 2023, the Board held 6 meetings with 100% attendance by all current directors. The Audit Committee held 4 meetings with 100% attendance by all committee members. The CGCNC did not formally meet in 2023, however matters requiring approval of the CGCNC were considered with committee members and decisions were through written resolution. The Investment Committee did not formally meet in 2023, however its members did informally communicate on various matters through the course of the financial year ended December 31, 2023.

Orientation and Continuing Education

Our CEO and CGCNC are responsible for providing new directors with an orientation program to explain, among other things, our business, our financial situation, our strategic planning, and our approach to corporate governance. New directors are given the opportunity to become familiar with the Company by meeting with other directors as well as officers and employees of the Company and all directors are allowed access to management personnel to discuss matters of interest. All new directors are provided with copies of our written charters and corporate policies. Our CEO is responsible for generating continuing education opportunities that are relevant to their role as directors. Management periodically makes presentations to the directors on various topics, trends and issues related to our activities during meetings of our Board or its committees, which are intended to help the directors constantly improve their knowledge about the Company and our business. In addition, our directors maintain the skill and knowledge necessary to fulfill their obligations from a variety of outside advisors as new issues or opportunities arise, including with respect to corporate governance matters.

Code of Conduct

Our Board has adopted a written Code of Business Conduct and Ethics (the "**Code**") that applies to directors, officers, advisors, and employees. The objective of the Code is to provide guidelines for enhancing our reputation for honesty, integrity, loyalty, and the faithful performance of undertakings and obligations. The Code addresses conflicts of interest, respectful workplace expectations (including the topics of harassment, bullying and discrimination), use of company assets, inventions, use of Company email and internet services, disclosure, corporate opportunities, confidentiality, fair dealing, and compliance with laws. As part of our Code, any person subject to the Code is required to avoid any activity, interest (financial or otherwise) or relationship that would create or appear to create a conflict of interest.

Our directors are responsible for monitoring compliance with the Code, for regularly assessing its adequacy, for interpreting the Code in any particular situation, and for approving changes to the Code from time to time.

Directors, executive officers and employees are required by applicable law and our corporate governance practices and policies to promptly disclose any potential conflict of interest that may arise. If a director or executive officer has a material interest in an agreement or transaction, applicable law and principles of sound corporate governance require them to declare the interest in writing and where required by applicable law, to abstain from voting with respect to such agreement or transaction.

A copy of the Code may be obtained by contacting us and is available for review at <http://investors.mogo.ca> by clicking on the link entitled *Company*, followed by *Corporate Governance*.

We have also adopted an Insider Trading Policy, a Confidentiality and Disclosure Policy, and a Whistleblower Policy, which complement the obligations of our directors, officers and employees under the Code.

Under our Insider Trading Policy, our directors, officers and employees are prohibited from engaging in the following transactions with respect to our securities of the Company: (a) selling short; or (b) trading in call or put options.

Board Committees

Audit Committee

The Company's Audit Committee consists of three directors, all of whom are independent under applicable Canadian and U.S. standards. They are also all financially literate in accordance with NI 52-110 and with the rules of the Nasdaq. The members of the Audit Committee are Christopher Payne (Chair), Kees van Winters and Kristen McAlister.

For the purposes of NI 52-110, an individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the issuer's financial statements. For the purposes of the rules of the Nasdaq, a member of the Audit Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement. All members of the Audit Committee have experience reviewing financial statements and dealing with related accounting and auditing issues. The education and experience of each member of the Audit Committee relevant to the performance of his duties as a member of the Audit Committee can be found under the heading "*Business of the Meeting – Election of Directors*".

Our Board has adopted a written charter for the Audit Committee. The mandate of the Audit Committee is to assist our Board in fulfilling its financial oversight obligations, including the responsibility: (1) to identify and monitor the management of the principal risks that could impact the financial reporting of the Company, (2) to monitor the integrity of our financial reporting process and our internal accounting controls regarding financial reporting and accounting compliance; (3) to oversee the work, independence, objectivity, and performance of our external auditor; (4) to review with financial management and the external auditors the quarterly unaudited financial statements and management discussion and analysis before release to the public; and (5) to provide an open avenue of communication between the external auditors, our Board and our management.

A copy of the charter of the Audit Committee is attached as Appendix A to the AIF.

Investment Committee

Effective April 1, 2022, the Board has created and appointed the Investment Committee, at least three of whom must be directors. The director members of the Investment Committee are Michael Wekerle (Chair), David Feller and Gregory Feller. Our Board has determined that the composition of the Investment Committee is appropriate.

Pursuant to the charter of the Investment Committee, its mandate is to assist our directors in reviewing and evaluating potential acquisitions, strategic investments, and divestitures.

The primary responsibilities of the Investment Committee are to: (1) assist management and the Board with the identification of acquisition, investment, and divestiture opportunities; (2) review the proposed investment, acquisition, or divestiture opportunities identified by or submitted to the Investment Committee for consideration;

(3) ensure the proposed opportunities meet the Company's investment objectives and strategy; (4) ensure that environmental, social, and governance factors are considered; (5) consider the accounting treatment of each transaction; (6) assist and advise on the terms of any transaction; (7) review and recommend funding for proposed opportunities; (8) oversee legal, technical, and KYC due diligence of proposed opportunities; (9) identify and manage potential conflicts of interest; and (10) review the performance and outlook of the Mogo Ventures portfolio.

Corporate Governance, Compensation and Nominating Committee

The Board has appointed the CGCNC comprising of three independent directors under applicable Canadian and U.S. standards. The members of the CGCNC are Kristin McAlister (Chair), Christopher Payne, and Kees van Winters. Our Board has determined that the composition of the CGCNC is appropriate, given that all of the members are independent.

Pursuant to the charter of the CGCNC, its mandate is to assist our directors in carrying out the Board's oversight responsibility for (i) overseeing our human resources and compensation policies and processes, (ii) demonstrating to our shareholders that the compensation of the directors who are also our employees is recommended by directors who have no personal interest in the outcome of decisions of the CGCNC and who will have due regard to the interests of all of our shareholders, (iii) ensuring that our strategic direction is reviewed annually, and (iv) ensuring that the Board and each of its committees carry out their respective functions in accordance with an appropriate process.

The primary responsibilities of the CGCNC with respect to compensation are to make recommendations to our Board in respect of: (1) compensation policies and guidelines; (2) management incentive and perquisite plans and any nonstandard remuneration plans; (3) senior management, executive and officer compensation; and (4) Board compensation matters. In carrying out these responsibilities, the CGCNC (1) annually reviews and approves the corporate goals and objectives for the CEO and evaluates the CEO's performance in light of those corporate goals and objectives with respect to the CEO's compensation level; (2) annually assesses and makes a recommendation to the Board with regard to the competitiveness and appropriateness of the compensation package, including regular, incentive and equity-based compensation, of the CEO, all other officers of Mogo and such other key employees of Mogo as may be identified by the CEO and approved by the Committee (the "Designated Employees"); (3) annually prepares or reviews the report on executive compensation and compensation discussion and analysis required to be disclosed in Mogo's information circular or any other compensation matter required to be publicly disclosed by Mogo; (4) periodically reviews the compensation philosophy statement of Mogo and makes recommendations for changes to the Board as considered appropriate; (5) annually reviews and recommends the aggregate bonus pools to be made available under Mogo's incentive compensation plans for employees and officers; (6) when requested by the CEO, reviews and makes recommendations to the Board regarding short term incentive or reward plans and, to the extent delegated by the Board, approves awards to eligible participants; and (7) reviews and makes recommendations to the Board regarding the structure and implementation of incentive stock option plans including the grant ranges by position level, restricted share unit plans, performance share unit plans, or any other long term incentive plans. More information on the process by which compensation for our directors and officers is determined as set forth under the headings "*Compensation of Named Executive Officers*" and "*Director Compensation*".

In addition, the CGCNC is responsible for overseeing and assessing the functioning of the Board, its committees and individual directors, and for the development, recommendation to the Board, implementation and assessment of effective corporate governance principles.

Identifying New Candidates for our Board

The Board has delegated to the CGCNC the responsibility for developing and recommending to the Board criteria that are deemed necessary for prospective director candidates. The CGCNC is responsible for identifying candidates for directorship and recommending that the Board select qualified director candidates for election to the Board. To determine the criteria for director selection, the CGCNC maintains a "Competency Matrix" which is reviewed and updated annually. The Competency Matrix along with annual director evaluations allow the CGCNC to consider what competencies and skills our Board should possess and potential candidates are assessed against these criteria with attention to characteristics that would complement the existing Board. Further details about the process by which the Board identifies new candidates for board nomination are set out in the CGCNC Charter and the Company's Diversity Policy.

Majority Voting Policy

The Company has adopted a majority voting policy in director elections that will apply at any meeting of our shareholders where an uncontested election of directors is held. Pursuant to this policy, if the number of proxy votes withheld for a particular director nominee is greater than the votes for such director, the director nominee will be required to submit his or her resignation as a director to the Chair of the Board immediately following the applicable shareholders' meeting. Following receipt of the resignation, the CGCNC will consider whether or not to accept the offer of resignation and make a recommendation to the Board. The CGCNC is required to recommend that the Board accept the resignation absent exceptional circumstances. Within 90 days following the applicable shareholders' meeting, the Board will publicly disclose in a news release their decision to accept or reject the applicable director's resignation, including the reasons for rejecting the resignation, if applicable. The Board is required to accept the resignation absent exceptional circumstances. A director who tenders his or her resignation pursuant to this policy will not be permitted to participate in any meeting of the Board or the CGCNC at which the resignation is considered. A copy of the majority voting policy is available for review at <http://investors.mogo.ca> by clicking on the link entitled *Company*, followed by *Corporate Governance*.

Assessments

As described above, the CGCNC is responsible for overseeing and assessing the functioning of the Board and the committees of the Board. The CGCNC must annually review, evaluate and make recommendations to the Board with regard to the size, composition and role of the Board and its committees (including the type of committees to be established) and the methods and processes by which the Board, committees and individual directors fulfill their duties and responsibilities, including the methods and processes for evaluating Board, committee and individual director effectiveness.

Term Limits

The Company has not adopted term limits for directors of the Company. The Board believes that the need to have experienced directors who are familiar with the business of the Company must be balanced with the need for renewal, fresh perspectives and a healthy skepticism when assessing management and its recommendations. In addition, as mentioned above, the Board undertakes an assessment process that evaluates its effectiveness.

While term limits can help ensure the Board gain a fresh perspective, imposing this restriction means the Board would lose the contributions of longer serving directors who have developed a deeper knowledge and understanding of the Company over time. The Board believes that term limits have the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and thereby provide an increasing contribution to the Board as a whole. There is also little empirical evidence that a director's ability to act independently of management declines after any specific period of service.

Diversity

The Company recognizes and embraces the benefits of having diversity on the Board and in our senior management. Women currently represent 29% of senior management roles based on Executive and Vice President positions, and 17% of the Board.

The Company has adopted a Diversity Policy, which recognizes that it is important to ensure that members of the Board and our senior management provide the necessary range of perspectives, experience and expertise required to achieve our objectives and deliver value for our stakeholders. The Diversity Policy is not limited to the identification and nomination of women directors to the Board but requires that the Board generally considers diversity of race, ethnicity, gender, age, and cultural background in evaluating candidates for Board membership. The Company also recognizes that the Board and its senior management appointments must be based on performance, ability, merit, and potential. Therefore, the Company ensures a merit based competitive process for appointments. The Company's commitment to diversity includes ensuring that diversity is fully considered by the CGCNC in identifying, evaluating and recommending appointees/nominees to the Board.

With respect to Board composition and executive officer appointments, on an annual basis, the CGCNC (i) assesses the effectiveness of the Board and executive officer appointment/nomination processes at achieving

the Company's diversity objectives; and (ii) considers and, if determined advisable, recommends to the Board for adoption, measurable objectives for achieving diversity on the Board and the executive management team.

The Company has not adopted targets regarding the representation of women on the Board or in executive officer positions. The Company does not believe that any director nominee or candidate for an executive officer position should be chosen nor excluded solely or largely because of gender. Rather, directors and executive officers are recruited based on their ability and contributions. Moreover, in selecting a director nominee or a candidate for an executive officer position, the Company considers the skills, expertise and background that would complement the existing board or management team, as applicable.

BUSINESS OF THE MEETING

Election of Directors

Six directors will stand for election at the Meeting, each of which is proposed as nominee for election as director of the Company to hold office until the next annual meeting of Shareholders or until their successor is duly elected or appointed.  - *“A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter is not entitled to vote on any directors’ resolution to approve that contract or transaction, unless all the directors have a disclosable interest in that contract or transaction, in which case any or all of those directors may vote on such resolution.”*
-

4. Board’s Expectations of Management

What the Board expects of management

The Board expects each member of management to perform such duties, as may be reasonably assigned by the Board from time to time, faithfully, diligently, to the best of their ability, and in the best interests of Mogo. Each member of management is expected to devote substantially all of their business time and efforts to the performance of such duties. Management is expected to act in compliance with and to ensure that Mogo is in compliance with all laws, rules and regulations applicable to Mogo.

5. Responsibilities and Expectations of Directors

The responsibilities and expectations of each Director are as follows:

(a) Commitment and Attendance

Attend meetings

All Directors should make every effort to attend all meetings of the Board and meetings of committees of which they are members. Members may attend by telephone.

(b) Participation in Meetings

Be prepared and participate

Each Director should be sufficiently familiar with the business of Mogo, including its financial position and capital structure and the risks and competition it faces, to actively and effectively participate in the deliberations of the Board and of each committee on which he or she is a member.

Upon request, management should make appropriate personnel available to answer any questions a Director may have about any aspect of the business. Directors should also review the materials provided by management and Mogo’s advisors in advance of meetings of the Board and committees and should arrive prepared to discuss the matters presented.

(c) Ethical Business Conduct

Code of Business Conduct and Ethics

Mogo has adopted a Code of Business Conduct and Ethics (the “Code”) to outline business conduct expectations of Directors, officers, employees, contractors and consultants of Mogo. Directors should be familiar with the provisions of the Code of Business Conduct and Ethics. The Board periodically reviews the Code and approves all material amendments. Through reporting from management, the Board monitors compliance with the Code. Each Director should also strive to perform their duties in keeping with current and emerging corporate governance best practices for directors of publicly-traded corporations.

The Board periodically reviews Mogo’s compliance and ethics programs, including consideration of legal and regulatory requirements, and reviews with management its periodic evaluation of the effectiveness of such programs.

Certain of Mogo’s regulated subsidiaries have additional policies and procedures that must be adhered to by Directors who are also on the board of those subsidiaries.

Conflicts of Interest

Conflicts of interest refer to situations in which personal, occupational, or financial considerations may affect, or appear to affect, a Director’s objectivity, judgment, or ability to act in the best interests of Mogo, and include if the Director:

- is a party to a transaction or agreement involving Mogo;
- is a Director or an officer, or an individual acting in a similar capacity, of a party to a transaction or agreement involving Mogo; or
- has a material interest in a party to a transaction or agreement involving Mogo.

Directors have a statutory responsibility to disclose all actual or potential conflicts of interest and generally to abstain from voting on matters in which the Director has a conflict of interest. In order to ensure that Directors exercise independent judgement in considering transactions and agreements in respect of which a Director has an interest, the Director having an actual or potential conflict of interest must declare that interest by disclosing the nature and extent of the interest to the Board at the meeting at which a proposed contract or transaction in which the Director has an interest is first considered or at the first meeting after the Director becomes interested.

If there is any question or doubt about the existence of a conflict of interest, the CGCNC will determine if a conflict of interest exists. The Director potentially in conflict of interest must be absent from the discussion and must not vote on the issue.

The Board should refrain from sharing information related to the contract or transaction with the conflicted Director, and the conflicted Director must excuse themselves from all Board and Committee meetings during the consideration of that particular matter and they may not vote on the matter, subject to certain limited exceptions provided for in the *Business Corporations Act* (British Columbia).

If Mogo requests that a Director sits on the board of an investee company and an actual or potential conflict of interest arises with respect to Mogo and such investee company, the Director must excuse themselves from any discussions and correspondence relating to such actual or potential conflict and must not vote on any matters relating to such actual or potential conflict. In addition, if the Chair of the Board, on advice of external legal counsel, determines that the continued

directorship presents too serious of a conflict, the Director will be asked to resign from the board of the investee company.

(d) Other Directorships

Participation on other boards

Mogo values the experience Directors bring from other boards on which they serve but recognizes that those boards may also present demands on a Director's time and availability, and may also present conflict of interest issues.

Directors are encouraged to limit the number of boards on which they sit, and are expected to advise the chair of the CGCNC before accepting any new membership on other boards of directors (public, private, or not-for-profit) or any other affiliation with other businesses or governmental bodies, in order to allow the CGCNC to assess whether the Director would be involved in a real, apparent, or potential conflict of interest, and whether the Director will be able to continue to devote sufficient time to Mogo's affairs. As well, the CGCNC, when considering new Board nominees, takes into account other commitments of the nominees and their anticipated ability to participate actively at Board and committee meetings. If the CGCNC decides that a particular directorship presents too serious of a conflict, (e.g. a direct competitor of Mogo), the Director will be asked to abstain from accepting the position, or resign from the Board.

To ensure that members of the Board have the time and resources to commit to the Board, it is recommended that Board members serve on five or fewer boards of publicly held companies, including Mogo. Members of the Board who are senior executives of public companies are recommended to not sit on boards of more than three public companies, including Mogo. Directors may not sit on more than three public company audit committees, including Mogo, without the consent of the CGCNC and the Board.

Members of the Board may not serve as a director or officer of any company that may cause a significant conflict of interest with their service as a member of the Board. Board members should normally avoid serving on the board, or serving as an officer, of a service provider, contractor, consultant or other party with whom Mogo does a significant amount of business, particularly when such participation might create an impression of favoritism or conflict of interest. All directors must inform the Chair of the Board of any activity that may be a potential conflict of interest, such as an affiliation with a material competitor or supplier of Mogo. The CGCNC must be advised of such activity and must make a recommendation to the Board on the continued appropriateness of such director's Board or committee membership under these circumstances. Board members will take any such action as the CGCNC deems to be necessary or appropriate to effect the intent of this section.

Interlocking Directorships

The presence of Mogo's Directors on the boards of directors of Mogo's investee companies ("Investee Companies") assists the board in the proper stewardship of Mogo's holdings, enriches the discussion, and enhances the quality of governance, at both the Board and at the board of directors of Investee Companies.

To maintain independence and to avoid potential conflicts of interest, the Board has approved guidelines to limit interlocking directorships. Accordingly, unless otherwise determined by the Chair of the CGCNC, no two Directors will serve together on the board of more than two other Investee Companies.

(e) Contact with Management

Access to management All Directors may contact the CEO at any time to discuss any aspect of the business of Mogo. Directors also have complete access to other members of management.

The Board expects that there will be frequent opportunities for Directors to meet with the CEO and other members of management in Board and committee meetings and in other formal or informal settings.

(f) Confidentiality

Maintain confidentiality The proceedings and deliberations of the Board and its committees are, and must remain, confidential. Each Director must maintain the confidentiality of information received in connection their services as a Director of Mogo.

(g) Evaluating Board Performance

Board performance self-evaluation The Board, in conjunction with the CGCNC, and each of the committees of the Board should conduct a self-evaluation periodically to assess their effectiveness.

In addition, the CGCNC should periodically consider the mix of skills and experience that Directors bring to the Board and assess on an ongoing basis, whether the Board has the necessary composition to perform its oversight function effectively.

The Board may, as appropriate, consult with an external firm to evaluate the necessary composition and competencies of the collective Board.

(h) Individual Evaluation

Individual evaluation Each Director will be subject to a periodic evaluation of their individual performance. The collective performance of the Board and of each committee of the Board will also be subject to review from time to time. Directors should be encouraged to exercise their duties and responsibilities in a manner that is consistent with this Mandate and with the best interests of Mogo and its shareholders generally.

6. Qualifications and Directors' Orientation

Qualifications and orientation Directors should have the highest personal and professional ethics and values and be committed to advancing the interests of Mogo. They should possess skills and competencies in areas that are relevant to the business of Mogo.

The CEO, the Chair of the Board and the CGCNC are jointly responsible for the provision of an orientation program for new Directors to explain Mogo's approach

to corporate governance and the nature and operation of its business. The CEO is also responsible for generating continuing education opportunities for all Directors so that members of the Board may maintain and enhance their skills as Directors.

7. Meetings

Meeting frequency

The Board should meet on at least a quarterly basis and should hold additional meetings as required or appropriate to consider other matters. In addition, the Board should meet as it considers appropriate to consider strategic planning for Mogo. Financial and other appropriate information should be made available to the Directors in advance of Board meetings. Attendance at each meeting of the Board should be recorded. Management may be asked to participate in any meeting of the Board, provided that the CEO must not be present during deliberations or voting regarding the CEO's compensation.

Independent Directors should meet separately from non-independent Directors and management at least twice per year in conjunction with regularly scheduled Board meetings, and at such other times as the independent Directors consider appropriate to ensure that the Board functions in an independent manner.

8. Committees

Board Committees

The Board has established an Audit Committee and the CGCNC to assist the Board in discharging its responsibilities. Special committees of the Board may be established from time to time to assist the Board in connection with specific matters. The chair of each committee should report to the Board following meetings of the committee. The charter of each standing committee should be reviewed annually by the Board.

9. Resources

Resources

The Board has the authority to retain independent legal, accounting and other consultants. The Board may request any officer or employee of Mogo or outside counsel or the external/internal auditors to attend a meeting of the Board or to meet with any member of, or consultant to, the Board.

Directors are permitted to engage an outside legal or other adviser at the expense of Mogo where for example he or she is placed in a conflict position through activities of Mogo, but any such engagement may be subject to the prior approval of the CGCNC.
