NICKEL NORTH EXPLORATION CORP.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

1. NATURE OF BUSINESS

Nickel North Exploration Corp. (the “Company”) was incorporated under the laws of British Columbia, Canada on February 27, 2007 as Orient Ventures Capital Inc. and changed its name to Nickel North Exploration Corp. on July 30, 2012. The Company maintains its registered and head office at Suite 700, 1055 West Georgia Street, Vancouver, British Columbia, Canada, V6E 3P3.

The Company is currently engaged in the acquisition, exploration and evaluation of mineral property interests in Canada. The Company’s common shares are listed on the TSX Venture Exchange (TSX-V) under the symbol “NNX”.

2. BACKGROUND AND BASIS OF PREPARATION

Basis of preparation

These condensed interim financial statements of the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by International Accounting Standard Board (“IASB”), applicable to the preparation of interim financial statements, including International Accounting Standard (“IAS”) 34 *Interim Financial Reporting*. The condensed interim financial statements do not include all of the disclosures required for a completed set of annual financial statements and should be read in conjunction with the annual financial statements for the year ended December 31, 2017, which have been prepared in accordance with IFRS as issued by the IASB.

Basis of measurement

These financial statements have been prepared on a historical cost basis except for certain financial instruments that are measured at fair values. In addition these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

Functional and presentation currency

These financial statements are presented in Canadian dollars, which is the Company’s functional currency.

Going concern

The Company is an exploration stage company. At present, the Company’s operations do not generate cash flow. As at September 30, 2018, the Company had a working capital deficiency of \$800,662 and an accumulated deficit of \$2,171,410. The continuing operations of the Company are dependent upon its ability to raise adequate financing and to commence profitable operations in the future. Although the Company has been successful in raising funds in the past, there is no assurance that it will be able to obtain adequate financing in the near future, which raises significant doubt about the Company’s ability to continue as a going concern. The directors, after reviewing the current cash position and having considered the Company’s ability to raise funds in the short term, believe that the going concern basis is appropriate in preparing its financial statements.

These financial statements do not include adjustments that would be required if going concern was not deemed an appropriate basis for preparation of the financial statements. These adjustments could be material.

Use of estimates and judgements

The preparation of the financial statements in accordance with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period.

NICKEL NORTH EXPLORATION CORP.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

2. BACKGROUND AND BASIS OF PREPARATION (continued)

Actual results could differ from these estimates. Significant areas requiring the use of management estimates and judgments include:

Actual results could differ from these estimates. Significant areas requiring the use of management estimates and judgments include:

- i) The assessment of indications of impairment for exploration and evaluation assets and the measuring of the recoverable amount when impairment tests have been prepared involve judgment and estimates.
- ii) The determination of the fair value of stock options or warrants using stock option pricing models, require the input of highly subjective assumptions, including the expected price volatility. Changes in the subjective input assumptions could materially affect the fair value estimates.
- iii) The determination of deferred income tax assets or liabilities requires judgment regarding future income tax rates and the likelihood of utilizing tax carry-forwards. Changes in these assumptions could materially affect the recorded amounts, and therefore do not necessarily provide certainty as to their recorded values.
- iv) The assessment of the Company's ability to continue as a going concern involves judgment regarding future funding available for its exploration projects and working capital requirements.
- v) The recognition of provisions for restoration, rehabilitation and environmental obligations.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out in the Company's annual financial statements for the year ended December 31, 2017 were consistently applied to all the periods presented unless otherwise noted below.

Recent accounting pronouncements

New accounting standards effective January 1, 2018

IFRS 9 *Financial Instruments* - IFRS 9 was issued in November 2009 and contained requirements for financial assets. This standard addresses classification and measurement of financial assets and replaces the multiple category and measurement models in IAS 39 for debt instruments with a new mixed measurement model having only two categories: Amortized cost and fair value through profit or loss. IFRS 9 also replaces the models for measuring equity instruments and such instruments are either recognized at the fair value through profit or loss or at fair value through other comprehensive income. Where such equity instruments are measured at fair value through other comprehensive income, dividends are recognized in profit or loss to the extent not clearly representing a return of investment; however, others gains and losses (including impairments) associated with such instruments remain in accumulated other comprehensive income indefinitely.

Requirements for financial liabilities were added in October 2010 and they largely carried forward existing requirements in IAS 39, *Financial Instruments – Recognition and Measurement*, except that fair value changes due to credit risk for liabilities designated at fair value through profit and loss would generally be recorded in other comprehensive income.

IFRS 9 was subsequently amended in November 2013 to add new general hedge accounting requirements. The final version of IFRS 9 was issued in July 2014 and adds a new expected loss impairment model and amends the classification and measurement model for financial assets by adding a new fair value through other comprehensive income category for certain debt instruments and additional guidance on how to apply the business model and contractual cash flow characteristics.

IFRS 15 *Revenue from Contracts with Customers* – In May 2014, the IASB issued IFRS 15 – Revenue from Contracts with Customers ("IFRS 15") which supersedes IAS 11 – Construction Contracts, IAS 18 – Revenue, IFRIC 13 – Customer Loyalty Programmes, IFRIC 15 – Agreements for the Construction of Real Estate, IFRIC 18 – Transfers of Assets from Customers, and SIC 31 – Revenue – Barter Transactions Involving Advertising Services. IFRS 15 establishes a comprehensive five-step framework for the timing and measurement of revenue recognition.

The Company has assessed that there is no impact on its financial statements.

New accounting standards issued but not yet effective

New accounting standards effective January 1, 2019

IFRS 16 *Leases* - In June 2016, the IASB issued IFRS 16 – Leases. IFRS 16 establishes principles for the recognition, measurement, presentation and disclosure of leases, with the objective of ensuring that lessees and lessors provide relevant information that faithfully represents those transactions. IFRS 16 substantially carries forward the lessor accounting requirements in IAS 17. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently. However, lessees are no longer classifying leases as either operating leases or finance leases as it is required by IAS 17.

The new and amended standards have not been early adopted in these financial statements and are not expected to have a material effect on the Company's future results and financial position.

Guaranteed investment certificates	40,000	100,000
	<u>\$ 84,167</u>	<u>\$ 116,494</u>

As at September 30, 2018, the Company's guaranteed investment certificate of \$40,000 bears interest at 1.30% per annum and matures in 2019.

As at December 31, 2017, the Company's guaranteed investment certificate of \$100,000 bears interest at 0.8% per annum and matures in 2018.

5. RESTRICTED CASH

The Company has provided corporate credit cards to its directors with a credit limit totalling \$25,000 to pay the Company's expenses. As collateral for the credit cards, the Company has a one-year term deposit of \$28,750 earning annual interest at the prime rate minus 2% per annum. As at September 30, 2018, the credit cards had a payable balance of \$1,834 (December 31, 2017 – \$7,274) in total.

7. EXPLORATION AND EVALUATION ASSETS (continued)

Hawk Ridge Property:

On March 29, 2012, the Company entered into an option agreement with Anthem Resources Inc. (“Anthem”) and its wholly-owned subsidiary (together the “Optionors”), which was subsequently amended on May 15, 2012 (the “First Amendment”), on February 15, 2013 (the “Second Amendment”), and on April 17, 2013 (the “Third Amendment”) whereby the Optionors granted the Company an option to acquire a 100% interest in the Hawk Ridge Ni-Cu-PGE Project in Northern Quebec (the “Hawk Ridge Property”) by making staged payments totaling \$2,000,000 in cash, \$907,919 equivalent in common shares of the Company and \$92,081 by services in kind to Anthem by December 31, 2013 as follows:

- Pay \$500,000 in cash (paid) and \$250,000 in common shares (issued) within five business day of TSX-V final approval of the transaction;
- Pay \$500,000 in cash (paid) and \$250,000 in common shares (issued) by December 31, 2012; and
- Pay \$1,000,000 in cash (reduced by \$92,081 for 20% of geophysical survey costs paid by the Company) and issue \$500,000 in common shares (\$500,000 divided by the greater of (A) the price per consideration share (“Share”), equal to 10% discount to the Share’s moving average trading price for the 20 day period immediately preceding the date of issuance, and (B) \$0.20) on or before December 31, 2013 (issued).

During the year ended December 31, 2013, under the Third Amendment, in lieu of paying \$1,000,000 in cash on or before December 31, 2013, the Company issued to the Optionors 3,631,675 units (the “Conversion Units”) equal to \$907,919 (\$1,000,000 less \$92,081 for the geophysical survey costs) divided by \$0.25 per Conversion Unit. Each Conversion Unit consists of one common share and one half of one common share purchase warrant with each whole warrant entitling the holder to acquire one additional common share for a period of two years, at an exercise price of \$0.35 per share in the first year and \$0.60 per share in the second year. In addition, the Company issued 2,500,000 common shares equal to \$500,000 divided by the greater of \$0.20 or a 10% discount to the 20 day moving average trading price of the Company for the 20 day period immediately preceding the date of issuance.

On May 1, 2013, the Company has fulfilled all option payments and acquired 100% ownership of the Hawk Ridge Property.

The property is subject to a 3% net smelter returns royalty (“NSR”) and the Company has the option to purchase one-third of the NSR (1%) for \$1,000,000.

The exploration expenditures incurred on the property in Quebec are entitled to certain Quebec mining exploration tax credits.

Nairn Property:

On August 23, 2013, pursuant to a property purchase agreement with Sino Minerals Corp. (“Sino Minerals”) entered into on June 27, 2013, the Company acquired all of Sino Mineral’s 100% interest in 14 mining claims covering a total area of approximately 2,860 hectares located in the Province of Ontario and known as the Nairn Property (the “Nairn Property”), subject to a 2% net smelter returns royalty over six of the claims and third party freehold patent surface rights over eight of the claims. In consideration for the Nairn Property, the Company issued to Sino Minerals 2,000,000 common shares at a market price of \$0.12 per share for a fair value of \$240,000.

The Company has no future planned exploration activity on the property and has recorded a write-down of \$248,291 for the year ended December 31, 2017 for the difference between the estimated recoverable amount as at December 31, 2017 of \$1 and the carrying value of the property.

NICKEL NORTH EXPLORATION CORP.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

8. ACCOUNTS AND OTHER PAYABLES

The Company's accounts and other payables are as follows:

	September 30, 2018	December 31, 2017
Accounts payable	\$ 1,924	\$ 7,687
Accrued expenses	49,281	10,842
Other payable	4,031	7,274
	<u>\$ 55,236</u>	<u>\$ 25,803</u>

Accounts payable principally comprises amounts outstanding for trade purchases relating to exploration activities and accrued expenses for operating activities. The usual credit period taken for trade purchases is between 30 to 90 days.

9. SHARE CAPITAL

Authorized

The Company has authorized an unlimited number of common shares with no par value and an unlimited number of non-voting, non-participating, non-cumulative preferred shares without par value issuable in series.

Shares issued and outstanding

	Note	Number of Common Shares	\$
Balance, January 1, 2017, December 31, 2017 and September 30, 2018		76,518,747	11,101,459

During the nine months period ended September 30, 2018, the Company had no common share transactions.

During the year ended December 31, 2017, the Company had no common share transactions.

Basic and diluted loss per share

The calculation of basic loss per share for the nine months ended September 30, 2018 was based on net loss of \$287,726 (September 30, 2017 – \$259,578), attributable to common shareholders and a weighted average number of common shares outstanding of 76,518,747 (September 30, 2017 – 76,518,747). Diluted loss per share was calculated in a manner similar to basic loss per share except the weighted average number of shares outstanding is increased to include the assumed exercised of in-the-money stock options, warrants, and agent's warrants, if dilutive.

NICKEL NORTH EXPLORATION CORP.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

9. SHARE CAPITAL (continued)

Stock options

The Company has a stock option plan under which it is authorized to grant options to executive officers and directors, employees and consultants enabling them to acquire up to 10% of the issued and outstanding common shares of the Company. The exercise price of each option shall not be less than the market price of the Company's stock at the date of grant. The options can be granted for a maximum term of 5 years and vest as determined by the board of directors.

During nine months ended September 30, 2018 and during the years ended December 31, 2017, no stock options were granted.

Stock option transactions are summarized as follows:

	Number of Options	Weighted Average Exercise Price
Balance, Outstanding and Exercisable at January 1, 2017	327,250	\$ 0.20
Expired	(327,250)	\$ 0.20
Balance, Outstanding and Exercisable at December 31, 2017 and September 30, 2018	-	\$ -

No options to acquire common shares were outstanding at December 31, 2017 and September 30, 2018.

Warrants

The Company uses the residual value approach when allocating the fair value of the share purchase warrants issued in conjunction with the offering of units through a private placement. The Company determines the fair value of the common share and the residual value is allocated to the share purchase warrant for unit offerings that contain a common share and a share purchase warrant. Agents' warrants are measured at fair value on the date of the grant as determined using a Black-Scholes option pricing model.

During nine months ended September 30, 2018 and during the years ended December 31, 2017, the Company did not issue any warrants.

The Balance of the outstanding and exercisable warrants of the Company as at January 1, 2017, December 31, 2017 and September 30, 2018 is nil.

10. RELATED PARTY TRANSACTIONS AND BALANCES

The Company entered into the following related party transactions for the nine months period ended September 30, 2018 and 2017:

- a) Incurred consulting fees of \$58,500 (September 30, 2017 - \$39,000) from a company controlled by the Chief Executive Officer (“CEO”) of the Company.
- b) Incurred corporate consulting fees of \$22,500 (September 30, 2017 - \$22,500) from an affiliated company.
- c) Incurred office and administration fees of \$nil (September 30, 2017 - \$6,000) from a company with directors in common.
- d) On November 2, 2016, the Company entered into a loan agreement with an affiliated company (the “Lender”). The principal of the loan was \$300,000 and the loan took effect on November 15, 2016. The loan is unsecured, bears interest at 8% per annum and matured on December 31, 2016. On December 30, 2016, the Company entered into an amendment agreement with the Lender to extend the repayment term of the loan from December 31, 2016 to June 30, 2017. Pursuant to the amendment, the \$2,959 of accrued interest on the \$300,000 loan, will be included in the aggregate principal sum and bear interest at a rate of 8% per annum. All other terms and conditions of loan agreement dated November 2, 2016 entered into between the Company and the Lender remain in force. On June 28, 2017, the Company and the Lender agreed to further extend the repayment term of the loan to the Company to June 30, 2018, while also increasing the principal amount of the loan to \$600,000. On May 31, 2018, the Company and the Lender agreed to further extend the repayment term of the loan to the Company to December 31, 2018, while also increasing the principal amount of the loan to \$844,005 (the “Principal Amount”). The Principal Amount comprises the current principal amount of the loan advanced to the Company to date and accrued interest thereon, and the remaining amount that will be advanced to the Company. The Principal Amount will bear interest at a fixed rate of 10% per annum, which is an increase from the previous fixed rate of 8% per annum. All other terms and conditions of initial loan agreement between the Company and the Lender dated November 2, 2016 remain in force and are unamended except to the extent amended by the parties. During the nine month ended September 30, 2018, the Company incurred interest expense of \$47,751 on the loan. As of September 30, 2018, the loan payable balance including accrued interest is \$871,899.
- e) Incurred director fees of \$15,939 (September 30, 2017 - \$15,556) from the directors of the Company.
- f) Included in account and other payables is \$49,281 (September 30, 2017 - \$13,029) due to directors, officers and companies controlled by directors and officers for services rendered and unpaid director fees. These amounts are unsecured, non-interest bearing, and have no specific terms of repayment.

Key management includes directors (executive and non-executive) and senior officers of the Company, including the CEO and Chief Financial Officer. The compensation paid or payable to key management personnel for the nine months ended September 30, 2018 and 2017 are as follows:

	Nine Months Ended September 30, 2018	Nine Months Ended September 30, 2017
Wage and consulting fees	\$ 160,734	\$ 132,793

11. SUPPLEMENTAL CASH FLOW INFORMATION

	Nine Months Ended September 30, 2018	Nine Months Ended September 30, 2017
Cash paid for income taxes	\$ -	\$ -
Cash paid for interest	\$ -	\$ -

Significant non-cash investing and financing transactions

There were no significant non-cash investing or financing transactions for the nine months ended September 30, 2018 and for the nine months ended September 30, 2017.

12. CAPITAL MANAGEMENT

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to pursue the exploration and evaluation of its mineral properties and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk. In the management of capital, the Company includes components of shareholders' equity in the definition of capital.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may attempt to issue new shares, issue new debt, and acquire or dispose of assets. The Board of Directors does not establish quantitative return on capital criteria for management.

There were no changes in the Company's approach to capital management from the prior year. The Company is not subject to externally imposed capital requirements.

13. FINANCIAL INSTRUMENTS

Fair values

The Company's financial instruments include cash and cash equivalents, restricted cash, accounts and other payables, and loan payable. The carrying amounts of these financial instruments are a reasonable estimate of their fair values because of their current nature. The fair value of these financial instruments approximates their carrying value due to their short terms of maturity.

The following table summarizes the carrying values of the Company's financial instruments:

		September 30, 2018	December 31, 2017
FVTPL	(i)	\$ 112,917	\$ 145,244
Other financial liabilities	(ii)	\$ 900,354	\$ 639,109

(i) Cash and cash equivalents, restricted cash

(ii) Accounts and other payables and loan payable

13. FINANCIAL INSTRUMENTS (continued)

The Company classifies its fair value measurements in accordance with the three level fair value hierarchy as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices), and

Level 3 – Inputs that are not based on observable market data

The following table sets forth the Company's financial assets measured at fair value on a recurring basis by level within the fair value hierarchy as follows:

	Level 1	Level 2	Level 3	Total September 30, 2018
Cash and cash equivalents	\$ 84,167	\$ -	\$ -	\$ 84,167
Restricted cash	\$ 28,750	\$ -	\$ -	\$ 28,750

Financial risk management

The Company's financial risks arising from its financial instruments are credit risk, liquidity risk, and interest rate risk. The Company's exposures to these risks and the policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Credit risk

Credit risk is the risk of potential loss to the Company if the counter party to a financial instrument fails to meet its contractual obligations. The credit risk of the Company is associated with cash and cash equivalents. The credit risk with respect to its cash and cash equivalents is minimal as they are held with high-credit quality financial institutions. Management does not expect these counterparties to fail to meet their obligations.

Liquidity risk

Liquidity risk is the risk that the Company will not meet its obligations associated with its financial liabilities as they fall due. As at September 30, 2018, the Company had a working capital deficiency of \$800,662 (December 31, 2017 – working capital deficiency of \$486,990). All of the Company's financial liabilities are classified as current.

At present, the Company's operations do not generate cash flow. The Company's primary source of funding has been the issuance of equity securities through private placements, issuance of debt, and the exercise of stock options and warrants. Despite previous success in acquiring these financings, there is no guarantee of obtaining future financings.

Significant contractual obligations in years subsequent to September 30, 2018 are as follows:

	Carrying value	Contractual cash flows	< 1 year	1 – 3 years
Accounts and other payables	\$ 28,455	\$ 28,455	\$ 28,455	\$ -
Loan payable	\$ 871,899	\$ 871,899	\$ 871,899	\$ -

Interest rate risk

The Company is exposed to interest rate risk to the extent that the cash and cash equivalents maintained at the financial institutions. The interest rate risks on cash and cash equivalents are not considered significant due to their short-term nature.
