**MANAGEMENT INFORMATION
CIRCULAR**

INTRODUCTION

This information circular (the “Information Circular”) accompanies the notice (the “Notice”) of annual general meeting of shareholders and is furnished to shareholders holding common shares in the capital of Nickel North Exploration Corp. (the “Company”) in connection with the solicitation by the management of the Company of proxies to be voted at the annual general and special meeting (the “Meeting”) of the shareholders to be held at 10:00 a.m. (Vancouver time) on Wednesday, March 31, 2021 at the offices of the Company, located at 1105-750 West Pender Street, Vancouver, British Columbia V6C 2T8 or at any adjournment or postponement thereof.

The date of this Information Circular is March 1, 2021. Unless otherwise stated, all amounts herein are in Canadian dollars.

PROXIES AND VOTING RIGHTS

Management Solicitation

The solicitation of proxies by the Company will be conducted by mail and may be supplemented by telephone or other personal contact to be made without special compensation by the directors, officers and employees of the Company. The Company does not reimburse shareholders, nominees or agents for costs incurred in obtaining from their principals authorization to execute forms of proxy, except that the Company has requested brokers and nominees who hold stock in their respective names to furnish this proxy material to their customers, and the Company will reimburse such brokers and nominees for their related out of pocket expenses. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company.

The Company is not sending proxy-related materials to its shareholders using notice-and-access.

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

Appointment of Proxy

Registered shareholders are entitled to vote at the Meeting. A shareholder is entitled to one vote for each common share that such shareholder holds on the record date of February 25, 2021 on the resolutions to be voted upon at the Meeting, and any other matter to come before the Meeting.

The persons named as proxyholders (the “**Designated Persons**”) in the enclosed form of proxy are directors and/or officers of the Company.

A shareholder has the right to appoint a person or company (who need not be a shareholder) to attend and act for or on behalf of that shareholder at the Meeting, other than the Designated Persons named in the enclosed form of proxy.

To exercise the right, the shareholder may do so by inserting the name of such other person in the blank space provided in the form of proxy. Such shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxy and should provide instruction to the nominee on how the shareholder's shares should be voted. The nominee should bring personal identification to the Meeting.

In order to be voted, the completed form of proxy must be received by the Company's registrar and transfer agent, Computershare Investor Services Inc. (the "**Transfer Agent**") in accordance with the instructions provided in the form of proxy at least 48 hours (excluding Saturdays, Sundays, and holidays recognized in the Province of British Columbia) prior to the scheduled time of the Meeting or any adjournment or postponement thereof. Alternatively, the completed form of proxy may be delivered to the Chairman of the Meeting on the day of the Meeting, or any adjournment or postponement thereof.

A proxy may not be valid unless it is dated and signed by the shareholder who is giving it or by that shareholder's attorney-in-fact duly authorized by that shareholder in writing or, in the case of a corporation, dated and executed by a duly authorized officer or attorney-in-fact for the corporation. If a form of proxy is executed by an attorney-in-fact for an individual shareholder or joint shareholders, or by an officer or attorney-in-fact for a corporate shareholder, the instrument so empowering the officer or attorney-in-fact, as the case may be, or a notarially certified copy thereof, must accompany the form of proxy.

Revocation of Proxies

A shareholder who has given a proxy may revoke it at any time before it is exercised by an instrument in writing: executed by that shareholder or by that shareholder's attorney-in-fact authorized in writing or, where the shareholder is a corporation, by a duly authorized officer of, or attorney-in-fact for, the corporation; and (b) delivered either: (i) to the Company at the address set forth above, at any time up to and including the last business day preceding the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (ii) to the Chairman of the Meeting prior to the vote on matters covered by the proxy on the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (iii) in any other manner provided by law.

Also, a proxy will automatically be revoked by either: (a) attendance at the Meeting and participation in a poll (ballot) by a shareholder, or (b) submission of a subsequent proxy in accordance with the foregoing procedures. A revocation of a proxy does not affect any matter on which a vote has been taken prior to any such revocation.

Voting of Common Shares and Proxies and Exercise of Discretion by Designated Persons

A shareholder may indicate the manner in which the Designated Persons are to vote with respect to a matter to be voted upon at the Meeting by marking the appropriate space. **The common shares represented by a proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the common shares will be voted accordingly. If no choice is specified in the proxy with respect to a matter to be acted upon, the proxy confers discretionary authority with respect to that matter upon the Designated Persons named in the form of proxy. It is intended that the Designated Persons will vote the common shares represented by the proxy in favour of each matter identified in the proxy.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to matters other than those referred to in the Notice which may properly come before the Meeting, including any amendments or variations to any matters identified in the Notice. At the date of this Information Circular, management of the Company is not aware of any such amendments, variations, or other matters to come before the Meeting.

In the case of abstentions from, or withholding of, the voting of the common shares on any matter, the common shares that are the subject of the abstention or withholding will be counted for determination of a quorum, but will not be counted as affirmative or negative on the matter to be voted upon.

BENEFICIAL SHAREHOLDERS

The information set out in this section is of significant importance to those shareholders who do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in the shareholder’s name on the records of the Company. Such common shares will more likely be registered under the names of the shareholder’s broker or an agent of that broker. In the United States, the vast majority of such common shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). **Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person well in advance of the Meeting.**

The Company does not have access to names of all of Beneficial Shareholders. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The voting instruction form supplied to a Beneficial Shareholder by his, her or its broker (or the agent of the broker) is similar to the form of proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in the United States and in Canada. Broadridge typically prepares a special voting instruction form, mails this form to the Beneficial Shareholders and asks for appropriate instructions regarding the voting of common shares to be voted at the Meeting. If Beneficial Shareholders receive the voting instruction forms from Broadridge, they are requested to complete and return the voting instruction forms to Broadridge by mail or facsimile. Alternatively, such Beneficial Shareholders can call a toll-free number and access Broadridge’s dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and to vote the common shares held by them. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that form as a proxy to vote common shares directly at the Meeting – the voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have his, her or its common shares voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his, her or its broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, a Beneficial Shareholder may request in writing that his, her or its broker send to the Beneficial Shareholder a legal proxy which would enable the Beneficial Shareholder to attend at the Meeting and vote his, her or its common shares.

Beneficial Shareholders consist of non-objecting beneficial owners and objecting beneficial owners. A non-objecting beneficial owner is a beneficial owner of securities that has provided instructions to an intermediary holding the securities in an account on behalf of the beneficial owner that the beneficial owner does not object, for that account, to the intermediary disclosing ownership information about the beneficial owner under National Instrument 54-101 Communication with Beneficial Owners of Securities of a Reporting Issuer of the Canadian Securities Administrators. An objecting beneficial owner means a beneficial owner of securities that has provided instructions to an intermediary holding the securities in an account on behalf of the beneficial owner that the

beneficial owner objects, for that account, to the intermediary disclosing ownership information about the beneficial owner under National Instrument 54-101.

The Company is sending proxy-related materials directly to non-objecting beneficial owners of common shares of the Company. The Company will not pay for the delivery of proxy-related materials to objecting beneficial owners of common shares of the Company. The objecting beneficial owners of common shares of the Company will not receive the materials unless their intermediary assumes the costs of delivery.

All references to shareholders in this Information Circular are to registered shareholders, unless specifically stated otherwise.

FINANCIAL STATEMENTS

The audited financial statements of the Company for the fiscal year ended December 31, 2019 (the “**2019 Financial Statements**”), together with the auditor’s report on those statements and the related Management Discussion and Analysis (“**MD&A**”), will be presented to the shareholders at the Meeting. Receipt at the Meeting of the 2019 Financial Statements and MD&A will not constitute approval or disapproval of any matters referred therein. Copies of the 2019 Financial Statements and the related MD&A are available under the Company’s profile on SEDAR at www.sedar.com.

The number of directors will be approved if the affirmative vote of at least a majority of shares present or represented by proxy at the Meeting and entitled to vote thereat are voted in favour of setting the number of directors at four (4).

In the absence of instructions to the contrary, proxies given pursuant to the solicitation by the management of the Company will be voted FOR setting the number of directors at four (4) for the ensuing year.

Stock Option Plans and Other Incentive Plans

The Company has in effect a 10% rolling stock option plan, adopted and approved by the shareholders of the Company at its annual general meeting on July 8, 2014 (the “**10% Rolling Option Plan**”), in order to provide effective incentives to directors, officers, senior management personnel and employees of the Company and to enable the Company to attract and retain experienced and qualified individuals in those positions by permitting such individuals to directly participate in an increase in per share value created for the Company’s shareholders. The Company has no equity incentive plans other than the 10% Rolling Option Plan. The size of stock option grants to NEOs is dependent on each officer’s level of responsibility, authority and importance to the Company and the degree to which such officer’s long-term contribution to the Company will be key to its long-term success. In accordance with the terms of the 10% Rolling Option Plan, it is subject to its acceptance for filing by the TSX Venture Exchange and an annual re-approval by the Company’s shareholders. The Company has not entered into an understanding, arrangement or agreement with the external management company to provide executive management services to the Company, directly or indirectly.

Oversight and Description of Director and NEO Compensation

Compensation Discussion and Analysis and Compensation Governance

The Company's compensation program is intended to attract, motivate, reward and retain the management talent needed to achieve the Company's business objectives of improving overall corporate performance and creating long-term value for the Company's shareholders. The compensation program is intended to reward executive officers on the basis of individual performance and achievement of corporate objectives, including the advancement of the exploration and development goals of the Company. The Company's current compensation program is comprised of base salary or fees, short term incentives such as discretionary bonuses and long term incentives such as stock options.

The Board of Directors has created a Corporate Governance, Nomination and Compensation Committee. All tasks related to developing and monitoring the Company's approach to the compensation of the Company's NEOs and directors are performed by the members of the Corporate Governance, Nomination and Compensation Committee. The compensation of the NEOs, directors and the Company's employees or consultants, if any, is reviewed, recommended by the Corporate Governance, Nomination and Compensation Committee and approved by the Board of Directors without reference to any specific formula or criteria. NEOs that are also directors of the Company are involved in discussion relating to compensation and disclose their interest in and abstain from voting on compensation decision relating to them, as applicable, in accordance with the applicable corporate legislation.

In making compensation decisions, the Corporate Governance, Nomination and Compensation Committee strive to find a balance between short-term and long-term compensation and cash versus equity incentive compensation. Base salaries or fees and discretionary cash bonuses primarily reward recent performance and incentive stock options encourage NEOs and directors to continue to deliver results over a longer period of time and serve as a retention tool. The annual salary or fee for each NEO, as applicable, is determined by the Corporate Governance, Nomination and Compensation Committee based on the level of responsibility and experience of the individual, the relative importance of the position to the Company, the professional qualifications of the individual and the performance of the individual over time. The NEOs' performances and salaries or fees are to be reviewed periodically. Increases in salary or fees are to be evaluated on an individual basis and are performance and market-based. The amount and award of cash bonuses to key executives and senior management is discretionary, depending on, among other factors, the financial performance of the Company and the position of a participant.

Given the Company's current stage of development, the implications of the risks associated with the Company's compensation policies and practices have not been considered by the Corporate Governance, Nomination and Compensation Committee. Under the Company's compensation policies and practices, NEOs and directors are not prevented from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Share-based and Option-based Awards

The Company regards the strategic use of incentive stock options as a cornerstone of the Company's compensation plan. The Company is committed to long-term incentive programs that promote the continuity of an excellent management team and, therefore, the long-term success of the Company. The Company established a formal plan under which stock options may be granted to directors, officers, employees and consultants as an incentive to serve the Company in attaining its goal of improved shareholder value. It applies to personnel at all levels and continues to be one of the Company's primary tools for attracting, motivating and retaining qualified personnel which is critical to the Company's success. The Corporate Governance, Nomination and Compensation Committee is responsible for administering the Company's stock option plan and determining the type and amount of compensation to be paid to directors, officers, employees and consultants of the Company including the awards of any stock options under a stock option plan. Stock options are typically part of the overall compensation package for executive officers.

All grants of stock options to the NEOs are reviewed and approved by the Corporate Governance, Nomination and Compensation Committee. In evaluating option grants to an NEO, the Corporate Governance, Nomination and Compensation Committee evaluates a number of factors including, but not limited to: (i) the number of options already held by such NEO; (ii) a fair balance between the number of options held by the NEO concerned and the other executives of the Company, in light of their responsibilities and objectives; and (iii) the value of the options (generally determined using a Black-Scholes analysis) as a component in the NEO's overall compensation package.

Pension

The Company does not provide a pension to an NEO or director of the Company.

MANAGEMENT CONTRACTS

There are no management functions of the Company, which are, to any substantial degree, performed by a person other than the directors or executive officers of the Company.

CORPORATE GOVERNANCE

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board of Directors is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision making.

Board of Directors

The Board of Directors facilitates its independent supervision over management in several ways, including retaining independent consultants where it deems necessary, and by reviewing corporate developments with larger shareholders, analysts and potential industry partners.

The current independent members of the Board of Directors are Andrew Lee Smith and Nicholas F. Watters.

National Instrument 52-110 – *Audit Committees (“NI 52-110”)* provides that a member of an audit committee is “independent” if the member has no direct or indirect material relationship with the Company, which could, in the view of the Company’s Board, reasonably interfere with the exercise of the member’s independent judgement.

Dr. Jingbin Wang is not independent because Dr. Jingbin Wang is the Chairman of the Board of the Company and is an executive officer of SinoTech Minerals Exploration Co., Ltd., which is an affiliated entity of the Company. If elected at the Meeting, the nominated director, Dr. Yingting (Tony) Guo is not independent because Dr. Guo is the President and CEO of the Company.

The Board of Directors briefs all new directors with respect to the policies of the Board of Directors and other relevant corporate and business information. The Board of Directors does not provide any continuing education.

Ethical Business Conduct

The Board of Directors has adopted the Code of Business Conduct and Ethics (the “Code”) for all directors, officers and employees of the Company and its subsidiaries (each, a “Company Individual”). Company Individuals must promptly advise either a supervisor or the Chair of the Board (or other representative appointed by the Board of

Directors) (the “**Board Code Representative**”) if a Company Individual believes that he or she has observed a violation of the Code by any Company Individual, or by anyone purporting to be acting on the Company’s behalf.

Any such reports may be made anonymously. Confidentiality will be maintained, to the extent permitted by law. If a Company Individual is not comfortable reporting such behavior to a supervisor or the Board Code Representative, the individual may report to the Company’s external legal counsel.

Only the Board of Directors may waive application of, or amend any provision of, this Code. A request for such a waiver should be submitted in writing to the Board of Directors for its consideration.

The Board of Directors has also established a Technical Committee comprised of Dr. Jingbin Wang. The Technical Committee assists the Board of Directors in evaluating, assessing and reviewing the Company’s engineering and geological reports and data or any documentation pertaining to the acquisition, exploration, development or disposition of mineral properties and also reviews the recommendations of management with respect to the acquisition or disposition of mineral properties.

Assessments

The Board of Directors has no specific procedures for regularly assessing the effectiveness and contribution of the Board of Directors, its committees, if any, or individual directors. As the Board of Directors is relatively small, it is expected that a significant lack of performance on the part of a committee or individual director would become readily apparent, and could be dealt with on a case-by-case basis. With respect to the Board of Directors as a whole, the Board of Directors monitors its performance on an ongoing basis, and as part of that process considers the overall performance of the Company and input from its shareholders.

APPOINTMENT OF AUDITOR

At the Meeting, shareholders will be asked to pass an ordinary resolution to appoint MNP LLP, Chartered Accountants, as auditor of the Company and to authorize the directors of the Company to fix the auditor's remuneration. An ordinary resolution needs to be passed by a simple majority of the votes cast by the shareholders present in person or represented by proxy and entitled to vote at the Meeting.

MNP LLP has served as auditor of the Company since March 20, 2020.

Management and the Board of Directors recommend the shareholders to vote in favour of appointing MNP LLP as the auditor of the Company to hold office until the next annual general meeting of shareholders, or until a successor is appointed, and authorizing the directors of the Company to fix the auditor's remuneration.

UNLESS SUCH AUTHORITY IS WITHHELD, THE PERSONS NAMED IN THE ENCLOSED PROXY INTEND TO VOTE FOR THE APPOINTMENT OF MNP LLP AS THE AUDITOR OF THE COMPANY TO HOLD OFFICE UNTIL THE NEXT ANNUAL GENERAL MEETING OF THE SHAREHOLDERS OR UNTIL THEIR SUCCESSOR IS APPOINTED AND AUTHORIZE THE DIRECTORS OR THE CORPORATION TO FIX MNP LLP'S REMUNERATION.

RE-APPROVAL OF STOCK OPTION PLAN

At the Meeting, the shareholders will be asked to pass an ordinary resolution to re-approve the Company's 10% Rolling Option Plan, a copy of which is attached hereto as Schedule "B". An ordinary resolution needs to be passed by a simple majority of the votes cast by the shareholders present in person or represented by proxy and entitled to vote at the Meeting.

The purpose of the 10% Rolling Option Plan is to provide the directors, officers and key employees of, and certain other persons who provide services to, the Company and its subsidiaries with an opportunity to purchase shares of the Company and benefit from any appreciation in the value of the Company's shares. This will provide an increased incentive for these individuals to contribute to the future success and prosperity of the Company, thus enhancing the value of the Company's shares for the benefit of all the shareholders and increasing the ability of the Company and its subsidiaries to attract and retain skilled and motivated individuals in the service of the Company.

The 10% Rolling Option Plan is a "rolling" plan that provides that the aggregate number of shares reserved for issuance under it, and all of the Company's other previously established and outstanding stock option plans or grants, is 10% of the Company's issued common shares at the time of the grant of a stock option under the proposed 10% Rolling Option Plan.

Under the 10% Rolling Option Plan, the option exercise price must not be less than the closing price of the common shares on the TSX Venture Exchange (the "Exchange") on the day immediately preceding the date of grant, less the applicable discount permitted by the policies of the Exchange. An option granted under the 10% Rolling Option Plan must be exercised within a period of ten years from the date of granting. Within this ten-year period, the board of directors of the Company may determine the limitation period during which an option may be exercised and, notwithstanding that none is required by the policies of the Exchange because the 10% Rolling Option Plan is a "rolling" plan, whether a particular grant will have a minimum vesting period. As a "rolling" plan,

any amendment to the 10% Rolling Option Plan will require the approval of the Exchange and may require shareholder approval.

No single person may be granted options to purchase a number of common shares equaling more than 5% of the issued common shares of the Company in any twelve-month period unless the Company has obtained “disinterested shareholder approval” in respect of such grant and meets applicable Exchange requirements. Options must not be granted if the exercise thereof would result in the issuance of more than 2% of the issued common shares of the Company in any twelve-month period to any one consultant of the Company or any of its subsidiaries (if any). Options must not be granted if the exercise thereof would result in the issuance of more than 2% of the issued common shares of the Company in any twelve (12) month period to persons employed to provide investor relation activities. Options granted to consultants performing investor relations activities must contain vesting provisions such that vesting occurs over at least 12 months with no more than 1/4 of the options vesting in any three (3) month period.

The exercise of any option will be contingent upon receipt by the Company at its head office of a written notice of exercise, specifying the number of common shares with respect to which the option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such common shares with respect to which the option is exercised.

Under the policies of the Exchange, if the grants of options under the 10% Rolling Option Plan to “insiders” of the Company, together with all of the Company’s outstanding stock options, could result at any time in:

- a) the number of shares reserved for issuance pursuant to stock options granted to insiders of the Company exceeding 10% of the issued common shares of the Company; or
- b) the grant to insiders of the Company, within a 12-month period, of a number of options exceeding 10% of the issued common shares of the Company;

such shareholder approval must be “disinterested shareholder approval”.

The policies of the Exchange and the terms of the 10% Rolling Option Plan also provide that “disinterested shareholder approval” will be required for any agreement to decrease the exercise price of options previously granted to insiders of the Company but no such agreements are being brought before the Meeting.

The term “disinterested shareholder approval” means approval by a majority of the votes cast at the Meeting other than votes attaching to shares of the Company beneficially owned by insiders of the Company to whom options may be granted under the 10% Rolling Option Plan and associates of such persons. The term “insiders” is defined in the *Securities Act* (British Columbia) and generally includes directors and senior officers of the Company and its subsidiaries, the five highest paid employees and holders of greater than 10% of the voting securities of the Company. The term “associates” is defined in the *Securities Act* (British Columbia).

In accordance with the terms of the 10% Rolling Option Plan, it is subject to its acceptance for filing by the Exchange and an annual re-approval by the Company’s shareholders.

If shareholder approval of the 10% Rolling Option Plan or a modified version thereof is not obtained, the Company will not continue to implement the 10% Rolling Option Plan nor grant options under it. Even if approved, the directors may determine not to proceed with the 10% Rolling Option Plan.

Accordingly, the shareholders of the Company will be asked at the Meeting to pass an ordinary resolution, the text of which will be in substantially the following form:

“Resolved, as an ordinary resolution, that:

1. the Company’s 10% rolling stock option plan (the “**10% Rolling Option Plan**”) as described in the Information Circular dated March 1, 2021 be and is hereby ratified, approved and confirmed including the reserving for issuance under the 10% Rolling Option Plan at any time of a maximum of 10% of the issued and outstanding shares of

- the Company, subject to any amendments that may be required by the TSX Venture Exchange;
2. the Company be authorized to abandon or terminate all or any part of the 10% Rolling Option Plan if the board of directors of the Company deems it appropriate and in the best interests of the Company to do so;
 3. the Company be and is hereby authorized to grant options pursuant and subject to the terms and conditions of the 10% Rolling Option Plan;
 4. the Company be and is hereby, at the discretion of the board of directors, to amend the exercise price of previously granted option agreements, without further approval by the shareholders, all in accordance with the policies of the TSX Venture Exchange; and
 5. any one or more of the directors and officers of the Company be authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings, including treasury orders, stock exchange and securities commissions forms, as may be required to give effect to the true intent of this resolution.”

Management and the Board of Directors recommend the shareholders to vote in favour of approving the 10% Rolling Stock Option Plan.

Unless a proxy contains instructions to vote against the re-approval of the 10% Rolling Stock Option Plan, the persons named in the enclosed proxy intend to vote FOR the re-approval and ratification of the Option Plan.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as disclosed below and elsewhere in this Information Circular, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, proposed nominee for election as a director of the Company, or associate or affiliates of any such directors, executive officers or nominees, has any material interest, direct or indirect, by way of beneficial ownership of the Company's securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of the auditor.

Directors, executive officers, proposed nominees for election as director of the Company may be interested in the approval of the Company's stock option plan, pursuant to which they may be granted stock options. See "Approval of Stock Option Plan".

NICKEL NORTH EXPLORATION CORP.**

1. Purpose

The purpose of the Stock Option Plan (the “**Plan**”) of **NICKEL NORTH EXPLORATION CORP.**, a corporation incorporated under the *Business Corporations Act* (British Columbia) (the “**Corporation**”) is to advance the interests of the Corporation by encouraging the directors, officers, employees and consultants of the Corporation, and of its subsidiaries, if any, to acquire common shares in the share capital of the Corporation (the “**Shares**”), thereby increasing their proprietary interest in the Corporation, encouraging them to remain associated with the Corporation and furnishing them with additional incentive in their efforts on behalf of the Corporation in the conduct of its affairs.

2. Administration

2.1 The Plan shall be administered by the Board of Directors of the Corporation or by a special committee of the directors appointed from time to time by the Board of Directors of the Corporation pursuant to rules of procedure fixed by the Board of Directors (such committee or, if no such committee is appointed, the Board of Directors of the Corporation, is hereinafter referred to as the “**Board**”). A majority of the Board shall constitute a quorum, and the acts of a majority of the directors present at any meeting at which a quorum is present, or acts unanimously approved in writing, shall be the acts of the directors.

2.2 Subject to the provisions of the Plan, the Board shall have authority to construe and interpret the Plan and all option agreements entered into thereunder, to define the terms used in the Plan and in all option agreements entered into thereunder, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for the administration of the Plan. All determinations and interpretations made by the Board shall be binding and conclusive on all participants in the Plan and on their legal personal representatives and beneficiaries.

2.3 Each option granted hereunder may be evidenced by an agreement in writing, signed on behalf of the Corporation and by the optionee, in substantially the form as attached as Schedule A.

3. Stock Exchange Rules

All options granted pursuant to this Plan (the “**Options**”) shall be subject to rules and policies of any stock exchange or exchanges on which the Shares are then listed and any other regulatory body having jurisdiction hereinafter (hereinafter collectively referred to as, the “**Exchange**”).

4. Shares Subject to Plan

Subject to adjustment as provided in Section 15 hereof, the Shares to be offered under the Plan shall consist of the Shares of the Corporation’s authorized but unissued Shares. The aggregate number of Shares issuable upon the exercise of all options granted under the Plan shall not exceed 10% of the issued and outstanding Shares at the time of grant. If any option granted hereunder shall expire or terminate for any reason in accordance with the terms of the Plan without being exercised, the unpurchased Shares subject thereto shall again be available for the purpose of this Plan.

5. Maintenance of Sufficient Capital

The Corporation shall at all times during the term of the Plan reserve and keep available such numbers of Shares as will be sufficient to satisfy the requirements of the Plan.

6. Eligibility and Participation

- 6.1 Directors, officers, consultants, and employees of the Corporation or its subsidiaries, and employees of a person or company which provides management services to the Corporation or its subsidiaries (“**Management Company Employees**”) shall be eligible for selection to participate in the Plan (such persons hereinafter collectively referred to as “**Participants**”). Subject to compliance with applicable requirements of the Exchange, Participants may elect to hold options granted to them in an incorporated entity wholly owned by them and such entity shall be bound by the Plan in the same manner as if the options were held by the Participant.
- 6.2 Subject to the terms hereof, the Board shall determine to whom Options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted and vested, and the number of Shares to be subject to each option. In the case of employees or consultants of the Corporation or Management Company Employees, the Corporation represents that such employee, consultant or Management Company Employee, as the case may be, is a bona fide employee, consultant or Management Company Employee of the Corporation or its subsidiaries.
- 6.3 A Participant who has been granted an Option may, if such Participant is otherwise eligible, and if permitted under the policies of the Exchange, be granted an additional Option or Options if the Board shall so determine.

7. Exercise Price

- 7.1 The exercise price of the Options (the “**Exercise Price**”) shall be determined by the Board, subject to applicable Exchange approval, at the time any Option is granted. In no event shall such Exercise Price be lower than the Exercise Price permitted by the Exchange.
- 7.2 Once the Exercise Price has been determined by the Board, accepted by the Exchange and the Option has been granted, the Exercise Price of an Option may only be reduced if at least 6 months have elapsed since the later of the date of:
- (a) the commencement of the term;
 - (b) the date the Corporation’s shares commenced trading; or
 - (c) the date the Exercise Price was reduced.

In the case of Options held by insiders of the Corporation (as defined in the policies of the Exchange), the Exercise Price of an Option may be reduced only if disinterested shareholder approval is obtained.

8. Number of Optioned Shares

- 8.1 The number of Shares subject to an Option granted to any one Participant shall be determined by the Board, but no one Participant shall be granted an Option which exceeds the maximum number permitted by the Exchange.
- 8.2 No single Participant may be granted Options to purchase a number of Shares equaling more than 5% of the issued Shares in any twelve-month period unless the Corporation has obtained disinterested shareholder approval in respect of such grant and meets applicable Exchange requirements.
- 8.3 Options shall not be granted if the exercise thereof would result in the issuance of more than 2% of the issued Shares in any twelve-month period to any one consultant of the Corporation (or any of its subsidiaries).
- 8.4 Options shall not be granted if the exercise thereof would result in the issuance of more than 2% of the issued Shares in any twelve (12) month period to persons employed to provide investor relation activities. Options granted to consultants performing investor relations activities will contain vesting provisions such that vesting occurs over at least twelve (12) months with no more than 1/4 of the Options vesting in any three (3) month period.

9. Duration of Option

Each Option and all rights thereunder shall be expressed to expire on the date set out in the option agreement (the “**Expiry Date**”) and shall be subject to earlier termination as provided in Sections 11 and 12, provided that in no circumstances shall the duration of an Option exceed the maximum term permitted by the Exchange. For greater certainty, if the Corporation is listed on the TSX Venture Exchange (“**TSX Venture**”), the maximum term may not exceed 10 years.

10. Option Period, Consideration and Payment

10.1 The option period shall be a period of time fixed by the Board not to exceed the maximum term permitted by the Exchange and ending on the Expiry Date, provided that the option period shall be reduced with respect to any Option as provided in Sections 11 and 12 covering cessation as a director, officer, consultant, employee or Management Company Employee of the Corporation or its subsidiaries, or death of the Participant.

10.2 Subject to any vesting restrictions imposed by the Exchange, the Board may, in its sole discretion, determine the time during which Options shall vest and the method of vesting, or that no vesting restriction shall exist.

10.3 Subject to any vesting restrictions imposed by the Board, Options may be exercised in whole or in part at any time and from time to time during the option period. To the extent required by the Exchange, no Options may be exercised under this Plan until this Plan has been approved by a resolution duly passed by the shareholders of the Corporation.

10.4 Except as set forth in Sections 11 and 12, no Option may be exercised unless the Participant is at the time of such exercise a director, officer, consultant, or employee of the Corporation or any of its subsidiaries, or a Management Company Employee of the Corporation or any of its subsidiaries.

10.5 The exercise of any Option will be contingent upon receipt by the Corporation at its head office of a written notice of exercise, specifying the number of Shares with respect to which the Option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such Shares with respect to which the Option is exercised. No Participant or legal representatives, legatees or distributees of a Participant will be, or will be deemed to be, a holder of any common shares of the Corporation unless and until the certificates the Shares issuable pursuant to Options under the Plan are issued to him or them under the terms of the Plan.

10.6 The Corporation may, during the term of any Option, give thirty (30) day notice in writing to all of the holders of Options that all Options outstanding under the Plan that have not vested as at the time of the notice are immediately deemed vested, and all Options outstanding under the Plan that have not been exercised shall cease and terminate and be of no further force and effect unless the holders of Options exercise such Options before their termination on the 30th day after delivery of the notice.

11. Ceasing To Be a Director, Officer, Consultant or Employee

11.1 If a Participant shall cease to be a director, officer, consultant, employee of the Corporation, or its subsidiaries, or ceases to be a Management Company Employee, for any reason (other than death), such Participant may exercise his Option to the extent that the Participant was entitled to exercise it at the date of such cessation, provided that such exercise must occur within 90 days after the Participant ceases to be a director, officer, consultant, employee or a Management Company Employee, unless such Participant was engaged in investor relations activities, in which case such exercise must occur within 30 days after the cessation of the Participant’s services to the Corporation.

11.2 Nothing contained in the Plan, nor in any Option granted pursuant to the Plan, shall as such confer upon any Participant any right with respect to continuance as a director, officer, consultant, employee or Management Company Employee of the Corporation or of any of its subsidiaries or affiliates.

12. Death of Participant

Notwithstanding section 11, in the event of the death of a Participant, the Option previously granted to him shall be exercisable only within the one (1) year after such death and then only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or the laws of descent and distribution; and
- (b) if and to the extent that such Participant was entitled to exercise the Option at the date of his death.

13. Rights of Optionee

No person entitled to exercise any Option granted under the Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Shares issuable upon exercise of such Option until certificates representing such Shares have been issued and delivered.

14. Proceeds from Sale of Shares

The proceeds from the sale of Shares issued upon the exercise of Options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine.

15. Adjustment of Exercise Price and Number of Option Shares

15.1 **Share Reorganization.** Whenever the Corporation issues Shares to all or substantially all holders of Shares by way of a stock dividend or other distribution, or subdivides all outstanding Shares into a greater number of Shares, or combines or consolidates all outstanding Shares into a lesser number of Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation, for each Option:

- (a) the Exercise Price will be adjusted to a price per Share which is the product of:
 - (i) the Exercise Price in effect immediately before that effective date or record date; and
 - (ii) a fraction the numerator of which is the total number of Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and
- (b) the number of Shares which have been allotted for issuance upon the exercise of an Option but which have not been issued (the "**Unissued Option Shares**") will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in subsection 15.1(a)(ii).

15.2 **Special Distribution.** Subject to the prior approval of the Exchange, whenever the Corporation issues by way of a dividend or otherwise distributes to all or substantially all holders of Shares:

- (a) shares of the Corporation, other than the Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Board has determined to be outside the normal course); or
- (d) rights, options or warrants,

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a “**Special Distribution**”), and effective immediately after the record date at which holders of Shares are determined for purposes of the Special Distribution, for each Option the Exercise Price will be reduced, and the number of Unissued Option Shares will be correspondingly increased, by such amount, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Shares as a result of such Special Distribution.

15.3 **Corporate Reorganization.**

Whenever there is:

- (a) a reclassification of outstanding Shares, a change of Shares into other shares or securities, or any other capital reorganization of the Corporation, other than as described in sections 15.1 or 15.2 of this Plan;
- (b) a consolidation, merger or amalgamation of the Corporation with or into another corporation resulting in a reclassification of outstanding Shares into other shares or securities or a change of Shares into other shares or securities; or
- (c) a transaction whereby all or substantially all of the Corporation’s undertaking and assets become the property of another corporation; (any such event being herein called a “**Corporate Reorganization**”)

the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he would have been entitled to receive as a result of the Corporate Reorganization if, on the effective date thereof, he had been the holder of all Unissued Option Shares.

15.4 **No Fractional Shares.** No fractional Shares shall be issued upon the exercise of the Options and accordingly, if as a result of a Share Reorganization or Corporate Reorganization, an Optionee would become entitled to a fractional Share, such Optionee shall have the right to purchase only the next lowest whole number of Shares and no payment or other adjustment will be made with the fractional interest so disregarded. Additionally, no lots of Shares in an amount less than 100 Shares shall be issued upon the exercise of the Option unless such amount of Shares represents the balance left to be exercised under the Option.

16. **Transferability**

All benefits, rights and options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein or the extent, if any, permitted by the Exchange. During the lifetime of a Participant any benefits, rights and options may only be exercised by the Participant.

17. **Amendment and Termination of Plan**

Subject to applicable approval of the Exchange, the Board may, at any time, suspend or terminate the Plan. Subject to applicable approval of the Exchange, the Board may also at any time amend or revise the terms of the Plan; provided that no such amendment or revision shall result in a material adverse change to the terms of any options theretofore granted under the Plan, unless shareholder approval, or disinterested shareholder approval, as the case may be, is obtained for such amendment or revision.

18. **Necessary Approvals**

The ability of a Participant to exercise options and the obligation of the Corporation to issue and deliver

Shares in accordance with the Plan is subject to any approvals which may be required from shareholders of the Corporation and any regulatory authority or stock exchange having jurisdiction over the securities of the Corporation. If any Shares cannot be issued to any Participant for whatever reason, the obligation of the Corporation to issue such Shares shall terminate and any option Exercise Price paid to the Corporation will be returned to the Participant.

19. Effective Date of Plan

The Plan has been adopted by the Board of the Corporation subject to the approval of the Exchange and, if so approved, subject to the discretion of the Board, the Plan shall become effective upon such approvals being obtained.

20. Interpretation

The Plan will be governed by and construed in accordance with the laws of the Province of British Columbia.
