Notes to Condensed Interim Consolidated Financial Statements

Three and Nine Months Ended September 30, 2023

(Expressed in Canadian Dollars)

(Unaudited)

1. Nature of operations and going concern

Petrolympic Ltd. (the "Company" or "Petrolympic") was incorporated under the Business Corporations Act (Ontario). Petrolympic is an exploration company, engaged in the acquisition, exploration and development of gold, lithium and petroleum and natural gas properties. At the date of these unaudited condensed interim consolidated financial statements, the Company has not yet discovered any significant deposits, nor has it generated any profit from its activities. The Company's common shares are listed on the TSX Venture Exchange ("TSXV") under the symbol PCQ and on the OTCQX International under the symbol PCQRF. The primary office is located at The Canadian Venture Building, 82 Richmond Street East, Toronto, Ontario, Canada, M5C 1P1. The Company's year end is December 31st.

Petrolympic is at an early stage of exploration and, as is common with many exploration companies, it raises financing for its exploration and acquisition activities in discrete tranches. The Company had a working capital deficiency of \$1,728,303 at September 30, 2023 (December 31, 2022 - \$971,916). As at September 30, 2023, the Company has a deficit of \$12,817,601 (December 31, 2022 - \$12,462,714). For the nine months ended September 30, 2023, the Company has a comprehensive loss of \$1,040,137 (nine months ended September 30, 2022 - \$828,905). For the nine months ended September 30, 2023, the Company had total cash outflows of \$523,297 (nine months ended September 30, 2022 - cash outflows of \$184,273). These conditions raise material uncertainties which cast significant doubt as to the Company's ability to continue as a going concern.

The Company's ability to continue as a going concern is dependent upon its obtaining additional financing and eventually achieving profitable operations in the future. The Company is currently evaluating various options in order to address its financing needs. There can be no assurance that the Company's financing activities will continue to be successful or sufficient.

These unaudited condensed interim consolidated financial statements have been prepared using accounting policies applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they become due. These unaudited condensed interim consolidated financial statements do not reflect the adjustments to the carrying values of assets and liabilities that would be necessary if the Company were unable to continue as a going concern and was required to realize its assets or discharge its obligations in anything other than the ordinary course of operations. These adjustments could be material.

2. Significant accounting policies

Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the IFRS Interpretations Committee ("Interpretations Committee"). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB and interpretations issued by the Interpretations Committee.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRS's issued and outstanding as of November 29, 2023, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent annual consolidated financial statements as at and for the year ended December 31, 2022, except as noted below. Any subsequent changes to IFRS that are given effect in the Company's annual consolidated financial statements for the year ending December 31, 2023 could result in restatement of these unaudited condensed interim consolidated financial statements.

6. Loan payable

During the year ended December 31, 2020, the Company applied for the COVID-19 Relief Line of Credit as part of the Government-sponsored Canada Emergency Business Account (CEBA). The credit limit of \$40,000 has an interest rate of 0% until December 31, 2020. On January 1, 2021, the operating line of credit will be converted to a 2-year 0% interest term loan, to be repaid by January 18, 2024 of which \$20,000 of the loan will be forgiven if \$40,000 is repaid in full on or before March 28, 2024. If the loan is not repaid by January 18, 2024, interest rate of 5% per annum will accrue on the outstanding balance, payable monthly. The full amount is due and payable on December 31, 2026.

7. Share capital

a) Authorized share capital

At September 30, 2023, the authorized share capital consisted of an unlimited number of common shares. The common shares do not have a par value. All issued shares are fully paid.
