To the Shareholders of  
The Good Shroom Co Inc.

### Opinion

We have audited the consolidated financial statements of The Good Shroom Co Inc. (hereafter "the Company"), which comprise the consolidated statements of financial position as at July 31, 2023 and 2022, and the consolidated statements of comprehensive loss, the consolidated statements of changes in equity and the consolidated statements of cash flows for the years then ended, and notes to consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as at July 31, 2023 and 2022, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards (IFRS).

### Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the consolidated financial statements" section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Material uncertainty related to going concern

We draw attention to Note 1 to the consolidated financial statements, which indicates the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period.

These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Except for the matter described in the “Material uncertainty related to going concern” section, we have determined that there are no other key audit matters to communicate in our auditor’s report.

### **Information other than the consolidated financial statements and the auditor’s report thereon**

Management is responsible for the other information. The other information comprises the information included in Management’s Discussion and Analysis.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained Management’s Discussion and Analysis prior to the date of this auditor’s report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in this auditor’s report. We have nothing to report in this regard.

### **Responsibilities of management and those charged with governance for the consolidated financial statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company’s financial reporting process.

### **Auditor’s responsibilities for the audit of the consolidated financial statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or

error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Louis Berardi.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### **1 - GOVERNING STATUTES, NATURE OF OPERATIONS AND GOING CONCERN**

The Good Shroom Co Inc. ("TGSC" and "The Company") was incorporated under the Business Corporations Act (Ontario) on August 11, 2011. The head office of the Company, which is also the main establishment, is located at 11 Beacon Street, Kirkland, Quebec, Canada, H9J 2E9. The shares of the Company are listed on the Exchange under the symbol "MUSH".

The Company is granted a Micro-processing license ("MPL") by Health Canada (the "License"). The License allows the Company, under Seul CDB, to manufacture and sale cannabis products in the form of edibles, including beverages, and to package and label the products.

#### *Going Concern*

The accompanying consolidated financial statements have been prepared on the basis of the going concern assumption meaning the Company will be able to realize its assets and discharge its liabilities in the normal course of business. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, 12 months from the end of the reporting period.

For the year ended July 31, 2023, the Company recorded a net loss of \$452,140, (\$1,628,964 for the year ended July 31, 2022) and has an accumulated deficit of \$12,795,863 as at July 31, 2023 (\$12,343,723 as at July 31, 2022). Besides the usual needs for working capital, the Company must achieve profitability, generate positive cash flows from its operations and obtain funds to enable it to pay its overhead and administrative costs. As at July 31, 2023, the Company had a working capital of \$418,636 (\$740,268 as at July 31, 2022). Management believes that these funds may not be sufficient to meet the obligations and liabilities of the Company. These uncertainties cast significant doubt regarding the Company's ability to continue as a going concern. Although management was able to raise funds in the past, there is no assurance that it will succeed in obtaining additional financing in the future.

These consolidated financial statements do not reflect the adjustments to the carrying values of assets and liabilities, expenses and financial position classifications that would be necessary if the going concern assumption was not appropriate. These adjustments could be material.

### **2 - SIGNIFICANT ACCOUNTING POLICIES**

#### **2.1 Basis of presentation and statement of compliance**

The Company's consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS).

The Company's consolidated financial statements have been prepared on the historical cost basis.

The financial statements were approved and authorized for issue by the Board of directors of the Company on November 24, 2023.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### **2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **2.2 Functional and presentation currency**

The consolidated financial statements are presented in Canadian dollars, which is also the functional currency of TGSC and its subsidiary.

#### **2.3 Basis of consolidation**

The Company's consolidated financial statements consolidate those of TGSC and its wholly-owned subsidiary Teonan Biomedical Inc. All entities have a reporting date of July 31. All transactions and balances between the entities are eliminated on consolidation, including unrealized gains and losses on transactions between companies. Where unrealized losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Company.

Profit or loss and other comprehensive income of subsidiaries acquired or disposed of during the year are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

#### **2.4 Revenue recognition**

Revenue arises mainly from the sale of wellness beverages and cannabis based products in Canada. To determine whether to recognize revenue, the Company follows a five-step process:

- 1) Identifying the contract with a customer;
- 2) Identifying the performance obligations;
- 3) Determining the transaction price;
- 4) Allocating the transaction price to the performance obligations;
- 5) Recognizing revenue when/as performance obligation(s) are satisfied.

Sales of products are recognized when control of the goods is transferred to the customer, which generally happens upon delivery to the customer.

#### **2.5 Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost includes all expenses directly attributable to the manufacturing process as well as suitable portions of related production overheads, based on normal operating capacity. Costs of ordinarily interchangeable items are assigned using the first in, first out cost formula. Net realisable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### **2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **2.6 Equipment**

Equipment is stated at cost less accumulated depreciation and it impairment losses. Equipment is recognized at acquisition cost, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management. Repairs and maintenance costs are charged to the statement of comprehensive loss during the year in which they are incurred.

Depreciation for equipment and computer equipment is charged against income over the estimated useful lives of the respective assets according to the straight-line method over a 10-year and 3-year periods respectively. The residual value, depreciation method and useful life of each asset are reviewed at least at each financial year-end

#### **2.7 Impairment of equipment and right-of-use assets**

For the impairment assessment purposes, assets are grouped at the lowest levels for which they are largely independent cash flows ("cash-generating units" or "CGU"). As a result, some assets are tested individually for impairment, while others are tested at cash-generating unit level.

All assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable.

An impairment loss equal to the amount by which the carrying amount of an asset or cash-generating unit exceeds its recoverable amount is recognized in profit or loss. The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value-in-use. To determine the value in use, management makes estimates of future cash flows from each asset or cash-generating unit and determines an appropriate interest rate for the calculation of the present value of these cash flows.

The impairment loss is first recorded to the goodwill, if any, and then to any residual as a reduction of the individual asset or distributed in proportion to the assets of the CGU. Assets are subsequently reassessed for indication that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the recoverable amount of a CGU exceeds its carrying amount.

#### **2.8 Leases**

The Company recognizes a right-of-use asset and a lease liability with respect to a lease on the date the underlying asset is available for use by the Company (hereafter "the commencement date").

The right-of-use asset is initially measured at cost, which includes the initial lease liabilities adjusted for lease payments on or before the commencement date, plus initial direct costs incurred and an estimate of all of the costs for dismantling and removing the underlying asset, less any lease incentives received.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.8 Leases (continued)

The right-of-use asset is amortized over the shorter of the estimated useful life of the underlying asset or the lease term on a straight-line basis. Additionally, the cost of a right-of-use asset is reduced by any accumulated impairment losses and, as appropriate, adjusted for any remeasurement of the related lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, calculated using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as its discount rate. The lease payments included in the lease liability include the following, in particular:

- Fixed payments, including in-substance fixed payments, less any lease incentives receivable;
- Variable payments based on an index or a rate, initially measured using the index or rate as at the commencement date;
- Lease payments relating to extension options that the Company is reasonably certain it will exercise.

The interest expense relating to lease liabilities is recognized in profit or loss using the effective interest method.

#### 2.9 Income taxes

Tax expense recognized in profit or loss comprises the sum of deferred tax and current tax not recognized directly in equity. The calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases. However, deferred tax is not recognized at the time of initial recognition of goodwill or on initial recognition of an asset or liability, unless the transaction is a business combination or affects the tax or accounting profit.

Deferred tax assets or deferred tax liabilities are calculated, without discounting, at the tax rates that are expected to apply in their respective period of realization when they are enacted or substantively enacted by the end of the reporting period.

The deferred tax assets are recognized to the extent that the underlying fiscal loss or the deductible temporary difference will be used to offset future taxable income. Deferred tax liabilities are always recognized in full.

Deferred tax liabilities and deferred tax assets are offset only when the Company has the right and intention to offset current tax assets and liabilities from the same tax authorities.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.9 Income taxes (Continued)

Changes in deferred tax assets or deferred tax liabilities are recognized as revenue or deferred tax expense in profit or loss, unless they relate to items that were recognized directly in equity, in which case the related deferred tax is also recognized in equity.

#### 2.10 Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. If the financial asset or liability is not subsequently accounted for at fair value through profit or loss, then the initial measurement includes transaction costs that are directly attributable to the asset's or liability's acquisition or origination. Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. A financial liability is derecognized when it is extinguished, discharged, cancelled or expired.

Financial assets and liabilities are offset, and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

At initial recognition, the Company classifies its financial instruments in the following categories depending on the entity's business model for managing the financial asset and the contractual cash flow characteristics of the financial asset:

<u>Financial assets and liabilities</u>	<u>Classification</u>
Cash	Amortized cost
Term deposit	Amortized cost
Receivables (excluding taxes receivable)	Amortized cost
Trade and other payables (excluding salaries and taxes payable)	Amortized cost
Long-term debt	Amortized cost

#### *Financial assets at amortized cost*

Assets that are held for collection of their contractual cash flows where those cash flows represent solely payments of principal and interests. These assets are subsequently measured at amortized cost using the effective interest method. Impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss. Discounting is omitted where the effect of discounting is immaterial.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2.10 Financial instruments (Continued)

##### *Financial liabilities at amortized cost*

Financial liabilities at amortized cost are subsequently measured at amortized cost using the effective interest method.

##### *Impairment of financial assets*

Impairment requirements use forward-looking information to recognize expected credit losses, i.e. the "expected credit loss (ECL) model". The Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- Financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk (Stage 1);
- Financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low (Stage 2);
- Financial assets that have objective evidence of impairment at the reporting date (Stage 3).

"12-month expected credit losses" are recognized for the first category, i.e. Stage 1, while "lifetime expected credit losses" are recognized for the second category, i.e. Stage 2.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

##### *Trade accounts receivable*

Based on the Company's business model, expected credit losses over the life of the trade accounts receivable are considered immaterial since the potential for default at any time during the life of the financial instrument is deemed to be nil, based on past experience.

#### 2.11 Foreign currency translation

Foreign currency transactions are translated into the functional currency of the Company, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognized in profit or loss. Non-monetary items are not retranslated at year-end and are measured at historical cost.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### **2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **2.12 Provisions**

Provisions are recognized when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of economic resources will be required from the Company and amounts can be estimated reliably. The timing or amount of the outflow may still be uncertain.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted when the time value of money is significant.

No liability is recognized if an outflow of economic resources as a result of present obligations is not probable or remote, unless it was assumed in the course of a business combination.

No provision has been recorded for the period presented.

#### **2.13 Loss per share**

Basic loss per share is computed by dividing the net loss by the weighted average number of common shares outstanding during the year. The diluted loss per share reflects the potential dilution of common share equivalents, such as outstanding stock options and warrants, in the weighted average number of common shares outstanding during the year, if dilutive. Dilutive potential common shares are deemed to have been converted into common shares at the average market price at the beginning of the period or, if later, at the date of issue of the potential common shares. Stock options and warrants that could potentially dilute earnings per share in the future, but were not included in the calculation of diluted earnings per share because they are antidilutive, and detailed in Note 13.

#### **2.14 Equity**

Share capital represents the amount received on the issuance of shares, less issuance costs, net of any underlying income tax benefit from these issuance costs. If shares are issued following the exercise of stock options or warrants, this account also includes the charge previously accounted for the warrants and the stock options within contributed surplus.

The funds from unit placement are allocated between shares and warrants using the relative fair value method. The fair value of the common shares is recognized in equity based on the share price at the date of issue. The fair value of the warrants is determined using the Black-Scholes valuation model.

#### *Other components of equity*

Deficit includes all current and prior years' retained profits or losses. Contributed surplus includes additional contributions by existing shareholders as well as charges related to share options and warrants, if any.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

---

### **2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **2.15 Segment reporting**

The Company has one operating segment, which is the production and sale of cannabis based products and beverages. All the assets are in Canada.

#### **2.16 Grants**

Grants are recognized as a reduction of the related expenses or assets. The Company records these grants when there is a reasonable assurance that they will be received and the Company will comply with the conditions associated to them.

#### **2.17 Share-based compensation**

The Company has granted a share-based compensation plan.

All goods and services received in exchange for the grant of any share-based compensations are measured at their fair value, unless that fair value cannot be estimated reliably. If the Company cannot estimate reliably the fair value of the goods or services received, it must measure their value indirectly by reference to the fair value of the equity instruments granted. For transactions with employees and parties providing similar services, the Company evaluated the fair value of services received by reference to the fair value of the equity instruments granted.

All share-based compensation is ultimately recognized as an expense in profit or loss. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of shares expected to vest. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised if there is any indication that the number of share options expected to vest differs from previous estimates. Any adjustments to cumulative share-based compensation resulting from a revision is recognized in the current period.

#### **2.18 Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the Company**

At the date of authorisation of these financial statements, several new, but not yet effective, standards, amendments to existing standards and interpretations have been published. None of these standards or amendments to existing standards have been adopted early by the Company.

Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement. New standards, amendments and interpretations not adopted in the current year have not been disclosed as they are not expected to have a material impact on the Company's consolidated financial statements.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 3 - JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

When preparing the consolidated financial statements, management makes a number of judgements estimates and assumptions about the recognition and measurement of assets, liabilities, revenues and expenses. Actual results may differ from judgements, estimates and assumptions made by management and are seldom equal to the estimated results. These estimates are reviewed periodically and when adjustments become necessary, they are recorded in earnings in the year they become known. Information on judgements, estimates and assumptions that have the greatest impact on the recognition and measurement of assets, liabilities, revenues and expenses is presented below.

#### Estimates

##### *Share-based compensation*

The estimation of share-based compensation costs requires the selection of an appropriate valuation model and data and consideration as to the volatility of the Company's own share, the probable life of share options and warrants granted and the time of exercise of those share options and warrants. The model used by the Company is the Black-Scholes valuation model

#### Judgements

##### *Recognition of deferred tax assets*

The extent to which deferred tax assets can be recognized is based on an assessment of the probability that future taxable income against which the deductible temporary differences and tax loss carry-forwards can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

##### *Going concern*

The assessment of the Company's ability to continue as a going concern and to raise sufficient funds to pay for its ongoing operating expenditures, meets its liabilities for the ensuing year, and to fund planned and contractual exploration programs involves significant judgements based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances.

### 4 - REVENUES

	2023	2022
	\$	\$
Cannabis products	3,875,685	1,329,827
Wellness beverages	184,674	192,307
	<u>4,060,359</u>	<u>1,522,134</u>

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 4 - REVENUES (Continued)

For the year ended July 31, 2023, one customer represents 93% (83% in 2022) of revenues. Revenues are generated in the following geographical markets:

	2023	2022
	\$	\$
Canada	3,956,315	1,446,254
United States	104,044	75,880
	<u>4,060,359</u>	<u>1,522,134</u>

### 5 - INFORMATION INCLUDED IN CASH FLOWS

The net change in working capital items is as follows:

	2023	2022
	\$	\$
Receivables	(288,967)	(148,565)
Inventories	(60,299)	(199,226)
Prepaid expenses	37,085	4,716
Trade and other payables	238,644	537,030
	<u>(73,537)</u>	<u>193,955</u>

### 6 - INVENTORIES

	2023	2022
	\$	\$
Raw material	79,964	84,310
Finished goods	366,448	301,803
	<u>446,412</u>	<u>386,113</u>

The amount of inventories recognized as expenses during the year corresponds to the cost of goods sold presented in the consolidated statements of comprehensive income.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 8 - LEASES (Continued)

On August 1, 2022 the lease agreement was amended whereby the monthly rent was reduced to \$1,500. The reduction was based on less processing requirements versus usage of the facility as a flow through for cannabis shipped to retailers.

Contractual undiscounted payments under lease liabilities are as follows:

	\$
Within one year	18,000
1 to 2 years	18,000
Total	<u>36,000</u>

The Company leases a facility with a term of five years. The lease does not specify any restrictions and the leased property cannot be used to secure loans.

With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected in the statements of financial position as a right-of-use asset and a lease liability.

### 9 - LONG-TERM DEBT

	<u>2023</u>	<u>2022</u>
	\$	\$
Canada Emergency Business Account, without interest, maturing in December 2023, \$20,000 are eligible for complete forgiveness if \$40,000 are repaid in full before the maturity date (a)	<u>40,000</u>	<u>40,000</u>

(a) As at July 31, 2023, the amount of \$20,000 eligible for complete forgiveness is presented as deferred government assistance. The amount will be presented as revenues once it is probable that the Company will benefit from the forgiveness.

The Company received a \$60,000 loan under the Canada Emergency Business Account program. If the Company repays \$40,000 of the loan by January 18, 2024, or refinances this amount with its financial institution before this date, no other amount will be payable. Otherwise, the loan balance will bear interest at 5% and may either be repaid in 36 monthly instalments of capital and interest or repaid on maturity on December 31, 2026.

### 10 - SHARE CAPITAL

#### Authorized share capital

TGSC's authorized share capital consists of an unlimited number of common shares without par value. All issued shares are fully paid.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 11 - FINANCIAL EXPENSES

	2023	2022
	\$	\$
Interest on dues		5,347
Presumed interest on lease liability	2,400	9,312
	<u>2,400</u>	<u>14,659</u>

### 12 - INCOME TAXES

#### Difference between expected tax expense and tax expense accounted in net income

The difference between the Company's expected tax expense based on the combined federal and provincial rate in Canada and the tax expense presented in the combined statement of comprehensive loss is attributable to the following:

	2023	2022
	\$	\$
Expected tax expense (recovery) calculated using the combined federal and provincial tax rate in Canada of 26.5%	(119,818)	(431,675)
Adjustments for the following items:		
Tax impact of unrecognized temporary differences	80,754	275,607
Share based compensation	38,929	155,649
Non-deductible expenses and other	135	419
Total tax expense	<u>—</u>	<u>—</u>

#### Recognized deferred tax assets and liabilities

The following differences between the carrying amounts and tax bases from timing differences, unused tax losses and unused tax credits give rise to the following recognized deferred income tax assets and liabilities:

	2022	Profit or loss	2023
	\$	\$	\$
Right-of-use asset	(42,078)	35,675	(6,403)
Lease liabilities	42,078	(35,675)	6,403
	<u>—</u>	<u>—</u>	<u>—</u>
	2021	Profit or loss	2022

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 13 - SHARE-BASED COMPENSATION

During the year ended July 31, 2021, the Company granted to one of its employees 3,000,000 shares which will vest when financial objectives are met within a 3 year period following the date of grant. In 2022, the first two objectives have been met and in 2023, the last objective was met and all shares are vested. During the year ended July 31, 2023, the Company issued 1,700,000 shares to the employee (400,000 in 2022). \$22,569 was recorded as share-based compensation during the year (\$318,333 in 2022). As at July 31, 2023, 900,000 shares are issuable.

#### Stock Options

The Company has a stock option plan whereby the Board of Directors may grant to directors, officers or consultants of the Company options to acquire common shares. The Board of Directors has the authority to determine the terms and conditions of the grant of options. The number of stock options granted to a beneficiary and the vesting period are determined by the Board of directors. The number of common shares that may be reserved for issuance under the plan is equal to 10% of the issued common shares of the Company. Issued options vest at various rates over periods of one or two years.

The changes to the number of outstanding stock options granted by the Company are as follows:

	2023		2022	
	Number outstanding stock options	Weighted average exercise price \$	Number outstanding stock options	Weighted average exercise price \$
Opening balance	3,355,000	0.19	2,076,860	0.30
Granted	500,000	0.16	2,100,000	0.10
Expired	800,000	0.10	621,860	0.26
Forfeited			200,000	0.22
Closing balance	3,055,000	0.21	3,355,000	0.19
Exercisable	2,805,000	0.21	1,720,000	0.21

An expense of \$124,334 was recognized during the year ended July 31, 2023 (\$269,020 in 2022).

In 2023, the weighted average fair value of \$0.14 per option has been estimated using the Black-Scholes option pricing model with the following weighted average assumptions:

Share price	\$0.16
Exercise price	\$0.16
Risk free interest rate	4.19%
Expected dividend yield	Nil
Expected volatility <sup>(1)</sup>	118%
Expected life	7 years

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 13 - SHARE BASED COMPENSATION (Continued)

In 2022, the weighted average fair value of \$0.07 per option has been estimated using the Black-Scholes option pricing model with the following weighted average assumptions:

Share price	\$0.09
Exercise price	\$0.10
Risk free interest rate	1.87%
Expected dividend yield	Nil
Expected volatility <sup>(1)</sup>	108%
Expected life	5,5 years

<sup>(1)</sup> The expected volatility was based on comparable traded entities

### Warrants

The changes to the number of outstanding warrants, including broker warrants, granted by the Company are as follows:

	July 31, 2022		July 31, 2022	
	Number outstanding warrants	Weighted average exercise price \$	Number outstanding warrants	Weighted average exercise price \$
Opening balance	12,420,000	0.48	12,537,333	0.48
Expired	12,420,000	0.48	117,333	0.15
Closing balance	—	—	12,420,000	0.48

The following table provides outstanding warrants information as at July 31, 2022

Expiry date	Outstanding warrants		
	Number outstanding warrants	Exercise price \$	Remaining life (years)
February 10, 2023	11,500,000	0.50	0.53
February 10, 2023	920,000	0.25	0.53
Outstanding as at July 31, 2022	12,420,000	0.48	0.53

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 14 - FINANCIAL ASSETS AND LIABILITIES

#### Classification of financial assets and liabilities

The carrying amount and fair value of financial instruments presented in the consolidated statement of financial position are as follows:

	2023		2022	
	Carrying amount	Fair value	Carrying amount	Fair value
	\$	\$	\$	\$
Financial assets at amortized cost				
Cash	378,424	378,424	681,553	681,553
Term deposit			70,000	70,000
Receivables (excluding taxes receivable)	485,682	485,682	196,196	196,196
	<u>864,106</u>	<u>864,106</u>	<u>947,749</u>	<u>947,749</u>
Financial liabilities at amortized cost				
Trade and other payables	772,820	772,820	452,515	452,515
Long term-debt	40,000	40,000	40,000	40,000
	<u>812,820</u>	<u>812,820</u>	<u>492,515</u>	<u>492,515</u>

Financial assets and financial liabilities measured at fair value in the consolidated statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that observable for the asset or liability, either directly or indirectly;
- Level 3: unobservable inputs for the asset or liability.

The fair value of the long-term debt (Level 2) is not significantly different from its carrying value because there was no material change during the period in the assumptions used for the fair value determination at inception. The carrying values of other financial assets and liabilities are considered to be a reasonable approximation of their fair value because of their short-term maturity.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 14 - CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Company's objective with respect to capital management is to ensure that it has the ability to continue its operations. It defines its capital as follows:

	<u>2023</u>	<u>2022</u>
	\$	\$
Long-term debt		40,000
Equity	<u>457,570</u>	<u>762,807</u>
Total capital	<u><u>457,570</u></u>	<u><u>802,807</u></u>

The Company manages its capital structure and makes adjustments in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may need to raise capital, issue new shares or sell assets to reduce the long-term debt.

The Company is not subject to external restrictions on its capital.

No changes were made in terms of objectives, procedures or capital management processes for the period presented.

### 15 - FINANCIAL INSTRUMENTS RISKS

#### Risk management objectives and policies

The Company is exposed to various risks related to financial instruments. The main types of risks to which the Company is exposed are credit risk, market risk and liquidity risk. The Company does not use derivative financial instruments for speculative purposes.

#### *Credit risk*

The maximum exposure to credit risk is limited to the carrying amount of cash, term deposit and receivables as at July 31, 2023 and 2022.

The Company monitors customer and other counterparty defaults on an individual basis regularly and credit risk controls reflect this information. The Company has a policy of only dealing with creditworthy parties. Credit risk is considered negligible. As at July 31, 2023, 97% (76% in 2022) of receivables are from a single customer which is a government entity in Quebec and risk of default is considered low.

# The Good Shroom Co Inc.

## Notes to Consolidated Financial Statements

For the years ended July 31, 2023 and 2022

(In Canadian dollars)

### 15 - FINANCIAL INSTRUMENTS RISKS (Continued)

#### Market risk

The Company is exposed to market risk through its use of financial instruments and specifically to foreign currency risk, which results from its operating activities:

– Foreign currency risk

The Company is exposed to foreign exchange risks arising from the fluctuation of exchange rates between US dollar and the Canadian dollar. The Company does not enter into arrangements to hedge its foreign exchange risk. As at July 31, 2023 and 2022, exposure to this risk is not significant.

#### Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company manages liquidity risk by establishing cash flow forecasts to determine its financing needs and by ensuring that it has sufficient cash and credit facilities to meet its needs and satisfy its commitments on their maturity.

The following table presents the contractual maturities (including interest payments, if any) of the Company's financial liabilities:

	2023		
	Less than 1 year \$	1 to 5 years \$	5 years and more \$
Trade and other payables	772,820		
Long-term debt (including interest)	40,000		
<b>Total</b>	<b>812,820</b>	–	–
	2022		
	Less than 1 year \$	1 to 5 years \$	5 years and more \$
Trade and other payables	452,515		
Long-term debt (including interest)		40,000	
<b>Total</b>	<b>452,515</b>	<b>40,000</b>	–
