This management information circular dated May 14, 2024 (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by the management of **NORTHISLE COPPER AND GOLD INC.** (the “**Company**”) for use at the Annual General Meeting (the “**Meeting**”) of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

II. PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders’ nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

III. APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided or complete another instrument of proxy.**

The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited at the Company’s transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

The instrument of proxy must be signed by the shareholder or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies which do not strictly conform to the foregoing requirements.

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

IV. VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters which may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgment of the nominee.

V. ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Notice and Access

The Company is relying on the “notice and access” provisions available under applicable securities laws for delivery of meeting materials to its registered and beneficial shareholders. Shareholders who do not have instructions on their accounts to receive paper material will receive the notice of meeting, which

contains information on how to obtain electronic and paper copies of proxy related materials in advance of the Meeting, as well as a proxy or voting instruction form.

Using notice and access reduces our printing and mailing costs and is more environmentally friendly, without reducing shareholders' access to information about the Company.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company will have caused its agent to distribute copies of the Notice of Meeting and this Information Circular (collectively, the "**meeting materials**") as well as a Voting Instruction Form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner ("**Non-Objecting Beneficial Owner**" or "**NOBO**").

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for Voting Instruction Form enclosed with mailings to NOBOs.

The meeting materials distributed by the Company's agent to NOBOs include a Voting Instruction Form. Please carefully review the instructions on the Voting Instruction Form for completion and deposit.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the meeting materials to OBOs. Management does not intend to pay for Intermediaries to forward the meeting materials to OBOs and as such, an OBO will not receive the meeting materials unless their Intermediary assumes the cost of delivery. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with **Computershare Investor Services Inc.** in the manner set out above in this circular, with respect to the common shares beneficially owned by such OBO; **OR**

- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (often called a “**proxy authorization form**”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder’s name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.

B. Compensation Discussion and Analysis

Compensation Program Objectives

The Company’s compensation policies and programs are designed to be competitive with similar junior resource exploration companies and to recognize and reward executive performance consistent with the success of the Company. These policies and programs are intended to attract and retain capable and experienced people. The role and philosophy of the Company’s Board of Directors (the “**Board**”) is to ensure that the Company’s goals and objectives, as applied to the actual compensation paid to the Company’s President and Chief Executive Officer and other executive officers, are aligned with the Company’s overall business objectives and with shareholders’ interests.

In addition to informal industry comparables from publicly available information, the Board considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Board’s assessment of each executive’s individual performance and contribution toward meeting corporate objectives. Performance is also recognized through the Company’s Option Plan (as defined below).

On September 17, 2021, the Board retained The Bedford Group to conduct a formal review of the Company’s compensation practices and programs and make recommendations to the Board in a formal compensation report following such review (the “**Bedford Report**”). The CGCN Committee (as defined below) has reviewed the Bedford Report and referred to its contents in further refining the Company’s compensation program and practices in 2023.

Role of Executive Officers in Determining Compensation

The CGCN Committee reviews and recommends compensation policies and programs to the Board, as well as salary and benefit levels for the Company’s executives. The Board, excluding non-independent directors, makes the final determination regarding the Company’s compensation programs and practice.

Comparator Group

The Bedford Report established a peer group of comparator companies (the “**Peer Group**”) reflecting the evolving business of the Company. The Bedford Group used various considerations in proposing a Peer Group, including companies of a similar stage of development, industry focus and range of market capitalization – all compared to the Company as at the date of the Bedford Report. Based on these considerations, the Company’s Peer Group for the Bedford Report was as follows:

Adventus Mining	Aquila Resources	Chakana Copper
Dore Copper	Falco Resources	Fortune Minerals
Kutcho Copper	Northern Dynasty	Northwest Copper
Regulus Resources	Troilus Gold	Western Copper and Gold

The Peer Group is used for the benchmarking of the Company’s compensation structure and provides a proxy for the competitive market for the Company’s executive compensation. On an annual basis, the CGCN Committee considers the Peer Group. The CGCN Committee takes into account the following factors in making this assessment of the Peer Group: the stage of project development; the applicability of financial metrics for pre-cashflow projects; the geographical location of operations; and the market capitalization of the various peers. As a result of this assessment, the CGCN Committee may adjust the Peer Group from time to time.

For the 2023 year, the peer group was adjusted to the following companies:

Adventus Mining	Faraday Copper	Chakana Copper
Dore Copper	Falco Resources	Fortune Minerals
Kutcho Copper	Northern Dynasty	Northwest Copper
Regulus Resources	Surge Copper	Western Copper and Gold
Kodiak Copper	Arizona Sonoran Copper	

Elements of the Compensation Program for Fiscal Year 2023

The total compensation plan for the NEOs is comprised of two components: base salary and share-based compensation. Following receipt of the Bedford Report, the CGCN Committee recommended an overall structure for executive compensation to the Board in December 2021. Executive compensation for 2023 was determined with reference to the approved plan. The CGCN Committee annually reviews the total compensation of the Company’s executives against the backdrop of the compensation goals and objectives described above and makes recommendations to the Board concerning the individual components of the executives’ compensation.

Base Salary

As an exploration and development company with no ongoing cash flow or revenues from production, the Company establishes salaries for its executive officers at a competitive level to similar companies, in keeping with the Company's available resources. In 2023, executive salaries stayed the same as 2022, with the change in aggregate reflecting a full year of compensation for an executive hired in 2022. Executive compensation is in range of the median level for peer companies in 2023.

Stock Option Plan

The Company has a Stock Option Plan (the "**Option Plan**") in place for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company's shareholders, having regard to the fact that the Company has no ongoing cash flow or revenue from production and, as a result, there are limited funds available for the payment of salaries or consulting fees. The allocation of options under the Option Plan is determined by the Board which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended in serving on the Company's committees.

The full text of the Option Plan is attached hereto as Schedule "B".

Share Unit Plan

The Company has a Share Unit Plan (as defined herein) in place, the purpose of which is to allow for the potential acquisition of common shares of the Company by selected eligible persons through the granting of RSUs (as defined herein) and DSUs (as defined herein) for the purpose of advancing the interests of the Company through the motivation, attraction and retention of key employees and directors of the Company and its designated affiliates and to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of common shares by key employees and directors of the Company and its designated affiliates. The allocation of Share Units (as defined herein) under the Share Unit Plan is determined by the Board which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended in serving on the Company's committees.

For further information, please see "See "D. Incentive Plan Awards" under this "IX. "Statement of Executive Compensation" below for details of the Share Unit Plan.

Risk Considerations

Commencing in 2012, the Board started to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of this Compensation Discussion and Analysis. Implicit in the Board's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders, and risk implications is one of many considerations which are taken into account in such design.

A portion (set at a level consistent with its industry peers) of the Company's executive compensation consists of options granted under the Option Plan and RSUs granted under the Share Unit Plan. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long-term value creation. As the benefits of such compensation, if any, are not realized by the executives until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The other element of compensation, salary, represents the remaining portion of an executive's total compensation. While salary is not "long term" or "at risk", as noted above, these components of compensation represent a relatively small part of total compensation, and as a result it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to the executive from the standpoint of the executive's short term compensation when his or her long term compensation might be put at risk from such actions.

Due to the relatively small size of the Company, and the current level of the Company's activity, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings, during which financial and other information pertaining to the Company will be reviewed, which review will include executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Pursuant to the terms of the Company's insider trading policy, all directors, officers and members of senior management are prohibited from entering into financial instruments that are designed to hedge or offset any decrease in the market value of the Company's equity securities that are held directly or indirectly by them or granted as compensation to them. Such prohibited financial instruments include prepaid variable forward contracts, equity swaps, collars, put or call options and similar financial instruments.

As disclosed under “B. Compensation Discussion and Analysis” of this Item IX (“**Statement of Executive Compensation**”), the Company has in place an Option Plan for the purpose of attracting and motivating

directors, officers, employees and consultants of the Company and advancing the interests of the Company by affording such persons the opportunity to acquire an equity interest in the Company through rights granted under the Option Plan to purchase shares of the Company. The full text of the Option Plan is attached hereto as Schedule “B”.

Options are granted from time to time under the Option Plan as determined by the Board, including options granted to executive officers. Previous grants of options under the Option Plan are taken into account when the granting of new options is being considered.

Share Unit Plan

In addition, the Company adopted a share unit plan (the “**Share Unit Plan**”) to enable the Company to grant restricted share units (“**RSUs**”) and deferred share units (“**DSUs**” and collectively with the RSUs, the “**Share Units**”) in order to allow for the potential acquisition of common shares of the Company by selected eligible persons for the purpose of advancing the interests of the Company through the motivation, attraction and retention of key employees and directors of the Company and its designated affiliates and to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of common shares by key employees and directors of the Company and its designated affiliates. It is generally recognized that share unit plans can aid in attracting, retaining and encouraging employees and directors due to the opportunity offered to them to acquire a proprietary interest in the Company. The Share Unit Plan was approved at the annual meeting of shareholders held on December 8, 2021.

The Share Units issuable under the Share Unit Plan are “phantom shares” that track the value of the underlying common shares but do not entitle the recipient to the actual underlying common shares until such Share Units vest.

As of the date hereof, a total of 1,132,200 DSUs and 1,736,634 RSUs are outstanding under the Share Unit Plan. The number of share units that remain issuable under the Share Unit Plan is 4,131,166.

Particulars of the Share Unit Plan

A summary of certain provisions of the Share Unit Plan is set out below. This summary is qualified in its entirety by the full text of the Share Unit Plan, the full text of which is available on the Company’s SEDAR+ profile at www.sedarplus.ca.

Eligible Participants

Participation in the Share Unit Plan is restricted to employees, non-executive directors and officers of the Company and its designated affiliates (an “**Award Eligible Person**”). Employees, including directors who are also employees, are eligible to participate in the Company’s Share Unit Plan.

Transferability

Awards issued under the Share Unit Plan may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of (other than to the beneficiary or estate of a Share Unit Plan Eligible Person, as the case may be, upon the death of the Share Unit Plan Eligible Person’s granted Share Units).

Administration of the Share Unit Plan

The Share Unit Plan is administered by the Board of the Company. The Share Unit Plan consists of DSUs and RSUs, the administration thereof is outlined below:

- (a) **Deferred Share Units.** Under the Share Unit Plan, the Board may grant DSUs (a “**DSU Award**”) to Award Eligible Persons who are non-employees of the Company or its designated affiliates (a “**DSU Award Eligible Person**”), attributable to the DSU Award Eligible Person’s duties as a non-executive director of the Company or its designated affiliates. Unless specified otherwise in the applicable DSU agreement, DSUs will vest on the date that is one year following the date of grant. The purpose of DSU Awards is to provide non-employee directors with appropriate equity-based compensation for the services he or she rendered to the Company. In addition, DSU Award Eligible Persons are entitled to elect to receive up to 100% of their annual cash compensation in DSUs. Each DSU Award Eligible Person who receives DSUs will receive that number of DSUs equal to the quotient of (i) and (ii), where (i) is the dollar amount of compensation payable in DSUs on the date the compensation is payable and (ii) is the fair market value of the common shares on the date of payment, rounded down to the nearest whole number. Upon redemption, a DSU Award recipient will be entitled to receive: (i) the number of common shares equal to the number of DSUs being settled, (ii) the payment of a cash amount equal to the fair market value of the number of DSUs being settled, or (ii) any combination of the foregoing, as determined by the Company in its sole discretion.
- (b) **Restricted Share Units.** Under the Share Unit Plan, the Board may grant RSUs to Award Eligible Persons. Upon vesting, the RSUs will be redeemed within 30 days of the applicable redemption date, for (i) the number of common shares equal to the numbers of RSUs vested on the redemption date, (ii) a cash amount equal to the fair market value of the number of common shares equal to the number of RSUs being settled, or (iii) a combination of (i) and (ii). The redemption date in respect of any RSU is the date provided for in the agreement granting the RSUs, or if no date is set, the third anniversary of the grant date, unless otherwise provided for in the RSU Plan. The Board has the discretion to stipulate the length of time for vesting.

If an Award Eligible Person is terminated, or if the Award Eligible Person resigns or retires and holds vested Share Units, the vested Share Units will be redeemed as soon as practicable after the Award Eligible Person’s employment is terminated. If an Award Eligible Person is terminated, or if the Award Eligible Person resigns or retires and holds unvested Share Units, the unvested Share Units held by the Award Eligible Person will be dealt with in accordance with the terms set out in the applicable award agreement, which agreement will provide that unvested Share Units either: (i) automatically terminate on the termination of the Award Eligible Person’s employment and the Award Eligible Person will cease to have any rights in relation to those Share Units; (ii) automatically vest or (iii) vest in accordance with the original vesting schedule in certain circumstances. In the event of a change of control of the Company, the Company may send notice to all Award Eligible Persons of such transaction, offer or proposal and (i) the Board may, by resolution and notwithstanding any vesting schedule applicable to any Share Units permit all Share Units outstanding which have restrictions on their exercise to become immediately exercisable during the period specified in the notice (but in no event later than the applicable expiry date of a Share Unit), so that the Award Eligible Person may participate in such transaction, offer or proposal, and (ii) the Board may accelerate the expiry date of such Share Units and the time for the fulfillment of any conditions or restrictions on such exercise to an earlier date chosen by the Board in its unfettered discretion.

XII. MANAGEMENT CONTRACTS

During the Company’s most recently completed financial year ended December 31, 2023, there were no management functions of the Company which were to any substantial degree performed by a person other than a director or senior officer of the Company.

XIII. CORPORATE GOVERNANCE

Pursuant to National Policy 58-101 – Disclosure of Corporate Governance Practices, the Company is required to and hereby discloses its corporate governance practices as follows:

A. Board of Directors

The Board of the Company facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board, both with and without non-independent directors and members of the Company's management (including members of management that are also directors) being in attendance. In the year ended December 31, 2023, the independent directors had the opportunity to hold 4 such meetings without non-independent directors present.

Sam Lee, CEO, is not considered to be independent as Mr. Lee is an executive officer of the Company.

Dale Corman, Martino De Ciccio, Kevin O'Kane and Keena Hicken-Gaberria are "independent" directors in that each is independent and free from any interest and any business or other relationship which could reasonably be perceived to materially interfere with the director's ability to act in the best interests of the Company, other than interests and relationships arising from shareholdings.

The independent directors are expected to be actively and regularly involved in reviewing and supervising the Company's operations and have regular and full access to management. Further supervision is performed through the Audit Committee which is composed of independent directors who will meet with the Company's auditors without management being in attendance.

All directors were in attendance at all Board meetings during 2023.

B. Directorships

Certain of the directors of the Company are presently a director in one or more other reporting issuers, as follows:

C. Board Mandate

The Board is responsible for the stewardship of the Company and for the supervision of the management of the business and affairs of the Company. The mission of the Board is to oversee the Company's efforts to create enduring value for all stakeholders. The Board's primary responsibilities are to:

- (a) identify and monitor the long-term business strategies of the Company;
- (b) review and monitor the financial and operating results of the Company;

- (c) recruit and evaluate the CEO and senior management and review management succession planning;
- (d) assess principal risks facing the Company and implement systems to mitigate such risks; and
- (e) oversee the development of the Company's approach to corporate governance.

D. Position Descriptions

Given the size of the Company, the Board does not believe that it is necessary to develop a formal written position description for the chair of the Board or the chair of each Board committee. The primary role of the chair of the Board and the chair of each committee is managing the affairs of the Board or respective committee, as applicable, including ensuring the Board or committee is properly organized, functions effectively and meets its obligations and responsibilities as set out in its mandate.

Similarly, the Board has not adopted a formal written position description for the CEO, however the CEO's duties and responsibilities are generally set out in his employment agreement.

E. Orientation and Continuing Education

The Company does not have formal orientation and training programs, but expects to provide new Board members with:

- (a) access to the Company's recent, publicly filed documents, technical reports in respect of the Company's mineral properties and the Company's internal financial information;
- (b) access to management and technical experts and consultants; and
- (c) a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

The CGCN Committee (as defined below) will periodically make recommendations to the Board in relation to directors' orientation and continuing education program.

F. Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. The Board has adopted a Code of Conduct, the full text of which is available to view on its website at www.northisle.ca. The Board intends to instruct its management and employees to abide by the Code.

In addition, the Board must comply with conflict of interest provisions in Canadian corporate law, including relevant securities regulatory instruments, in order to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

G. Nomination of Directors

The CGCN Committee (as defined below) is responsible for identifying potential Board candidates and developing criteria and procedures for the identification and recruitment of candidates for election as directors of the Company. The CGCN Committee assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors and recommends nominees to fill vacancies on the Board. Members of the Board, management and representatives of the mineral exploration industry are expected to be consulted for possible candidates.

H. Compensation

The CGCN Committee (as defined below) will make recommendations to the Board as to the form and amount of director compensation, including cash, equity-based awards and other director compensation. Directors' compensation will take into account market practices for comparable companies and will reflect an appropriate balance between cash and equity.

The independent members of the CGCN Committee (as defined below) shall be responsible for determining a framework for management compensation and within such framework, determining the remuneration package of the CEO including, where appropriate, bonuses, incentive payments, shares, share option grants and/or other equity incentives and confirm aspects of the individual remuneration packages of other members of senior management as recommended by the CEO including, where appropriate, incentive payments, shares, share option grants and/or other equity incentives.

In setting the compensation, the independent directors intend to take into account market practices for comparable companies and will annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives. In addition, the CGCN Committee will also take into account those recommendations made to the Company in the Bedford Report. See also "B. Compensation Discussion and Analysis" under "IX. Statement of Executive Compensation" herein.

I. Other Board Committees

CGCN Committee

On May 11, 2021, the Board established a Corporate Governance, Compensation and Nominating Committee (the **CGCN Committee**). The CGCN Committee currently consists of three directors, Martino De Ciccio, Kevin O'Kane and Keena Hicken-Gabberia, all of whom are independent. The CGCN Committee's mandate is to assist the Board in establishing the Company's corporate governance policies and practices, identifying individuals qualified to become members of the Board, reviewing the composition and performance of the Board and its committees and overseeing compensation matters for the CEO and senior management.

Technical and Sustainability Committee

On May 11, 2021, the Board established a Technical and Sustainability Committee (the **Sustainability Committee**). The Sustainability Committee currently consists of three directors, Kevin O'Kane, Dale Corman and Sam Lee. The Sustainability Committee's mandate is to review and monitor the policies, activities and performance of the Company as they relate to: (i) exploration and mineral reserve and resource estimates; (ii) development of the North Island Project; and (iii) sustainability, including health, safety, environmental and corporate social responsibility.

Other Committees

The Board may establish such additional committees from time to time as it deems appropriate and delegate to them such authority permitted by applicable law and the Company's Articles. As the directors will be actively involved in the operations of the Company and the size of the Company's operations do not warrant a larger Board, the Board has determined that any committees in addition to the Audit Committee, the CGCN Committee and the Sustainability Committee will not be necessary at the current stage of the Company's development. The CGCN Committee will review and consider the establishment and composition of potential and existing committees of the Board on an annual basis.

J. Assessments

The Board conducts an annual self-evaluation (the "**Annual Review**") to determine whether it and its committees are functioning effectively. The Annual Review process is developed by the CGCN Committee and will include a solicitation of comments from all directors and a report to the Board on the results of this evaluation. The CGCN Committee also annually evaluates the contributions of the individual directors.

XIV. AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 - *Audit Committees* of the Canadian Securities Administrators ("**NI 52-110**") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

A. Audit Committee Charter

The Company's audit committee is governed by an audit committee charter, the text of which is attached as Schedule "A" to this Information Circular.

B. Composition of the Audit Committee

The Company's audit committee currently consists of three directors: Keena Hicken-Gabberria, Dale Corman and Martino De Ciccio, all of whom are independent within the meaning of NI 52-110.

A member of the audit committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's Board, reasonably interfere with the exercise of the member's independent judgment.

C. Relevant Education and Experience

NI 52-110 provides that a member of the audit committee is considered to be "financially literate" if they have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company's audit committee are considered to be "financially literate", as that term is defined in NI 52-110.

3. GRANT OF OPTIONS

3.1 Option Terms

Pursuant to paragraph 7.3 of the Plan, the Board shall have the authority to issue Options and set the terms of Options in accordance with the terms of the Plan and applicable policies of the Exchanges.

The Board may from time to time authorize the issue of Options to Eligible Persons.

Subject to the limitations in Section 6.2(a) applicable to U.S. Participants and Section 6.3(c) applicable to Incentive Stock Options, the Option Price for each Option shall be not less than the Discounted Market Price on the Grant Date provided that if an Option is granted within 90 days of the distribution of Shares by the Company pursuant to a prospectus, the Option Price must be the greater of the Discounted Market Price and the per share price paid for Shares acquired under such distribution. The 90 day period begins: (a) on the date a final receipt is issued for the prospectus, or, in the case of an initial public offering of Shares, on the date of listing of the Shares; or (ii) in the case of a prospectus that qualifies the distribution of Shares upon the exercise of special warrants, on the date of issuance of such special warrants.

The Expiry Date for each Option shall be set by the Board at the time of issue of the Option and shall not be more than ten (10) years after the Grant Date, subject to the operation of paragraph 4.5. Options shall not be assignable (or transferable) by the Optionee.

3.2 Previously Granted Options

In the event that on the date this Plan is implemented and effective (the "**Effective Date**") there are outstanding stock options (the "**Pre-Existing Options**") that were previously granted by the Company pursuant to any stock option plan in place prior to the Effective Date (a "**Pre-Existing Plan**"), all such Pre-Existing Options shall, effective as of the Effective Date, be governed by and subject to the terms of the Plan.

3.3 Limits on Shares Issuable on Exercise of Options

At the time of grant of any Option, the aggregate number of Shares reserved for issuance under the Plan which may be made subject to Options at any time and from time to time (including those issuable upon the exercise of Pre-Existing Options) together with those Shares reserved for issuance at such time under any other established or proposed share compensation arrangement of the Company shall not exceed 10% of the total number of issued and outstanding Shares, on a non-diluted basis, as constituted on the Grant Date of such Option.

Any Shares subject to an Option which has been granted under the Plan and which has been subsequently cancelled or terminated in accordance with the terms of the Plan, without having been exercised, will again be available for issuance pursuant to the exercise of Options granted under the Plan.

The number of Shares which may be issuable under the Plan and all of the Company's other previously established or proposed share compensation arrangements, in any 12 month period:

- (a) to any one person, shall not exceed 5% of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis, unless the Company has obtained Disinterested Shareholder Approval to exceed such limit;
- (b) to Insiders as a group shall not exceed 10% of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis, unless the Company has obtained Disinterested Shareholder Approval to exceed such limit;
- (c) to any one Consultant shall not exceed 2% of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis; and
- (d) to all Eligible Persons who undertake Investor Relations Activities shall not exceed 2% in the aggregate of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis.

In addition, the maximum aggregate number of Shares which may be issuable under the Plan and all of the Company's other previously established or proposed share compensation arrangements to Insiders (as a group) must not exceed 10% of the total number of issued and outstanding Shares at any point in time, unless the Company has obtained Disinterested Shareholder Approval to exceed such limit.

3.4 Option Agreements

Each Option shall be confirmed by the execution of an Option Agreement. Each Optionee shall have the option to purchase from the Company the Option Shares at the time and in the manner set out in the Plan and in the Option Agreement applicable to that Optionee.

In respect of Options granted to Employees, Consultants, Consultant Companies or Management Company Employees, the Company is representing herein, and in the applicable Option Agreement, [the Company and](#)

the Optionee represent that the Optionee is a bona fide Employee, Consultant, Consultant Company or Management Company Employee, as the case may be, of the Company or its subsidiary.

The execution of an Option Agreement by the Company shall constitute conclusive evidence that the Option issued thereunder has been awarded in compliance with this Plan.

4. EXERCISE OF OPTION

4.1 When Options May be Exercised

Subject to paragraphs 4.3, 4.4, 4.5 and 6.2, including, without limitation: (i) any restriction (including vesting requirements) on the number or percentage of Option Shares which may be purchased by the Optionee during any particular time period; (ii) any restriction on the exercise of Options pursuant to the requirements of a Black-Out Period or any regulatory authority having jurisdiction; and (iii) termination of the Option in accordance with the terms of the Plan, the unexercised portion of an Option may be exercised by the Optionee in whole or in part at any time after the Grant Date up to the Expiry Time and shall not be exercisable thereafter.

4.2 Manner of Exercise

The Option shall be exercisable by delivering to the Company written notice specifying the number of Option Shares in respect of which the Option is being exercised together with payment in full of the Option Price for each such Option Share by way of certified cheque, bank draft, money order or cash. Upon receipt of such notice and payment by the Company, there will be a binding contract for the issue of the Option Shares in respect of which the Option is exercised, upon and subject to the provisions of the Plan. Upon an Optionee exercising an Option and paying the Company the aggregate purchase price for the Option Shares in respect of which the Option has been exercised, the Company shall as soon as practicable issue and deliver a certificate representing the Shares so purchased.

4.3 Vesting of Option Shares

The Board, subject to the policies of the Exchanges, may determine and impose terms upon which each Option shall become Vested in respect of Option Shares. Unless otherwise specified by the Board at the time of granting an Option, and subject to the other limits on Option grants set out in paragraph 3.3 hereof, all Options granted under the Plan shall vest and become exercisable in full upon grant, except Options granted to Consultants performing Investor Relations Activities, which Options must vest in stages over twelve months with no more than one-quarter of the Options vesting in any three month period. Notwithstanding the foregoing, in the event that a Pre-Existing Plan imposed vesting requirements on a Pre-Existing Option, such vesting requirements must be satisfied before any such Pre-Existing Options shall become Vested.

4.4 Ceasing to be an Eligible Person and Death

(a) Death or Disability

If an Optionee (or: (a) in the case of an Optionee that is not an individual, the person that controls such Optionee; or (b) in the case of an Optionee that is a Consultant Company, all of the individuals who provide services to the Company or its subsidiaries on behalf of such Consultant Company) shall die, any Option held by such Optionee at the date of death shall be exercisable in whole or in part only by the person or persons to whom the rights of the Optionee under the Option shall pass by the will of the Optionee or the laws of descent and distribution for a period ending on the earlier of: (a) one year after the date of death of the Optionee; and (b) the Expiry Time in respect of the Option, and then only to the extent that such Optionee was entitled to exercise the Option at the date of death of such Optionee.

If the Optionee ceases to be an Eligible Person, due to his or her Disability or, in the case of an Optionee that is a company, the Disability of the person who provides management or consulting services to the Company

or to any entity controlled by the Company, any Option held by such Optionee at the date of Disability shall be exercisable in whole or in part for a period ending on the earlier of: (a) one year after the date of Disability of the Optionee; and (b) the Expiry Time in respect of the Option, and then only to the extent that such Optionee was entitled to exercise the Option at the date of Disability of such Optionee.

(b) Termination For Cause

If the Optionee ceases to be an Eligible Person as a result of "termination for cause" of such Optionee by the Company or its subsidiary (or in the case of an Optionee who is a Management Company Employee or Consultant, by the Optionee's employer), as that term is interpreted by the courts of the jurisdiction in which the Optionee is employed or engaged, any outstanding Option held by such Optionee on the date of such termination, whether in respect of Option Shares that are Vested or not, shall be cancelled as of that date.

(c) Early Retirement, Voluntary Resignation or Termination Other than For Cause

If the Optionee ceases to be an Eligible Person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or her voluntary resignation, or to his or her termination by the Company or its subsidiary other than for cause (or, in the case of an Optionee who is a Management Company Employee or a Consultant, the termination of the company providing management or consultant services to the Company or its subsidiary), any outstanding Option then held by such Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of: (i) the Expiry Time; and (ii) the date that is 90 days (or 30 days if the Optionee was engaged in Investor Relations Activities) after the Optionee ceases to be an Eligible Person.

(d) Spin-Out Transactions

If pursuant to the operation of sub-paragraph 5.3(c) an Optionee receives options (the "**New Options**") to purchase securities of another company (the "**New Company**") in respect of the Optionee's Options (the "**Subject Options**"), the New Options shall expire on the earlier of: (i) the Expiry Time of the Subject Options; (ii) if the Optionee does not become an Eligible Person in respect of the New Company, the date that the Subject Options expire pursuant to sub-paragraph 4.4(a), (b) or (c), as applicable; (iii) if the Optionee becomes an Eligible Person in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to sub-paragraphs 4.4(a), (b) or (c) hereof; and (iv) the date that is ~~two~~one (~~2~~1) ~~years~~year after the Optionee ceases to be an Eligible Person in respect of the New Company or such shorter period as determined by the Board.

(e) Interpretation

For purposes of this paragraph 4.4, the dates of death, Disability, termination, retirement, voluntary resignation, ceasing to be an Eligible Person and incapacity shall be interpreted to be without regard to any period of notice (statutory or otherwise) or whether the Optionee or his or her estate continues thereafter to receive any compensatory payments from the Company or is paid salary by the Company in lieu of notice of termination.

For greater certainty, an Option that had not become Vested in respect of certain Unissued Option Shares at the time that the relevant event referred to in this paragraph 4.4 occurred, shall not be or become vested or exercisable in respect of such Unissued Option Shares and shall be cancelled.

4.5 Extension of Expiry Date During Black-Out Period

If the Expiry Date in respect of any Option occurs during ~~or within five (5) trading days following~~ a Black-Out Period imposed by the Company, the Expiry Date of the Option shall be automatically extended to the date that is ten (10) trading days following the end of such Black-Out Period (the "**Extension Period**"); provided that if an additional Black-Out Period is subsequently imposed by the Company during the

Extension Period, then such Extension Period shall be deemed to commence following the end of such additional Black-Out Period to enable the exercise of such Options within ten (10) trading days following the end of the last imposed Black-Out Period.

4.6 Effect of a Take-Over Bid

If a *bona fide* offer (an "**Offer**") for Shares is made to the Optionee or to shareholders of the Company generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Company, within the meaning of subsection 1(1) of the Securities Act, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon (subject to the approval of the Exchanges) all Option Shares subject to such Option will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Option Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Option Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then, subject to the limitations in Section 6.2(d) applicable to U.S. Participants, the Option Shares received upon such exercise, or in the case of sub-paragraph (b) above, the Option Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Shares and with respect to such returned Option Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Option Shares were to become Vested pursuant to paragraph 4.3 shall be reinstated. If any Option Shares are returned to the Company under this paragraph 4.6, the Company shall immediately refund the exercise price to the Optionee for such Option Shares.

4.7 Acceleration of Expiry Date

If at any time when an Option granted under the Plan remains unexercised with respect to any Unissued Option Shares, an Offer is made by an offeror, the Board may, upon notifying each Optionee of full particulars of the Offer, declare all Option Shares issuable upon the exercise of Options granted under the Plan, Vested, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Shares must be tendered pursuant to the Offer, provided that any accelerated vesting of Options granted to Consultants performing Investor Relations Activities shall be subject to the prior written approval of the Exchanges. The Board shall give each Optionee as much notice as possible of the acceleration of the Options under this paragraph, except that not less than 5 business days' and not more than 35 days' notice is required.

4.8 Compulsory Acquisition or Going Private Transaction

If and whenever, following a take-over bid or issuer bid, there shall be a compulsory acquisition of the Shares of the Company pursuant to Division 6 of the *Business Corporations Act* (British Columbia) or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal take-over bid may be voted under the conditions described in Section 8.2 of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions*, then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Shares to which such Optionee was theretofore entitled to purchase upon the exercise of his or her Options, the aggregate amount of cash, shares, other securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Shares to the take-over bid.

4.9 Effect of a Change of Control

If a Change of Control occurs, all Option Shares subject to each outstanding Option will become Vested, whereupon such Option may be exercised in whole or in part by the Optionee, subject to the approval of the Exchanges, if necessary.

If an Optionee elects to exercise his or her Options following a Change of Control, the Optionee shall be entitled to receive, and shall accept, in lieu of the number of Option Shares which he or she was entitled upon such exercise, the kind and amount of shares and other securities, property or cash which such Optionee would have been entitled to receive as a result of such Change of Control, on the effective date thereof, had he or she been the registered holder of the number of Option Shares to which he or she was entitled to purchase upon exercise of such Options.

4.10 Exclusion From Severance Allowance, Retirement Allowance or Termination Settlement

If the Optionee retires, resigns or is terminated from employment or engagement with the Company or any subsidiary of the Company (including, in the case of a Management Company Employee or Consultant, termination of the company providing such management or consulting services to the Company or its subsidiary), the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Option Shares which were not Vested at that time or which, if Vested, were cancelled, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

4.11 Shares Not Acquired

Any Unissued Option Shares not acquired by an Optionee under an Option which has expired may be made the subject of a further Option pursuant to the provisions of the Plan.

5. ADJUSTMENT OF OPTION PRICE AND NUMBER OF OPTION SHARES

5.1 Share Reorganization

Whenever the Company issues Shares to all or substantially all holders of Shares by way of a stock dividend or other distribution, or subdivides all outstanding Shares into a greater number of Shares, or combines or consolidates all outstanding Shares into a lesser number of Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation, for each Option:

- (a) the Option Price will be adjusted to a price per Share which is the product of:
 - (i) the Option Price in effect immediately before that effective date or record date; and
 - (ii) a fraction, the numerator of which is the total number of Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and
- (b) the number of Unissued Option Shares will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in clause (a)(ii).

5.2 Special Distribution

Subject to the prior approval of the Exchanges, whenever the Company issues by way of a dividend or otherwise distributes to all or substantially all holders of Shares;

- (a) shares of the Company, other than the Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Board has determined to be outside the normal course); or
- (d) rights, options or warrants;

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a "**Special Distribution**"), and effective immediately after the record date at which holders of Shares are determined for purposes of the Special Distribution, for each Option the Option Price will be reduced, and the number of Unissued Option Shares will be correspondingly increased, by such amount, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

Notwithstanding the foregoing, (i) should the Company not have sufficient Shares available to satisfy such an increase in the number of Unissued Option Shares; or (ii) should the increase of the number of Unissued Option Shares result in the Company breaching a limit on grants or issuances set out in paragraph 3.3, then in lieu of increasing the number of Unissued Option Shares, the Company may pay the holders of each Option such amount in cash, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

5.3 Corporate Organization

Whenever there is:

- (a) a reclassification of outstanding Shares, a change of Shares into other shares or securities, or any other capital reorganization of the Company, other than as described in paragraphs 5.1 or 5.2;
- (b) a consolidation, merger or amalgamation of the Company with or into another corporation resulting in a reclassification of outstanding Shares into other shares or securities or a change of Shares into other shares or securities;
- (c) an arrangement or other transaction under which, among other things, the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company, or securities of another company, or both; or
- (d) a transaction whereby all or substantially all of the Company's undertaking and assets become the property of another corporation;

(any such event being herein called a "**Corporate Reorganization**") the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he would

have been entitled to receive as a result of the Corporate Reorganization if, on the effective date thereof, he had been the holder of all Unissued Option Shares or if appropriate, as otherwise determined by the Board.

5.4 Determination of Option Price and Number of Unissued Option Shares

If any questions arise at any time with respect to the Option Price or number of Unissued Option Shares deliverable upon exercise of an Option following a Share Reorganization, Special Distribution or Corporate Reorganization, such questions shall be conclusively determined by the Company's auditor, or, if they decline to so act, any other firm of Chartered Accountants in Vancouver, British Columbia, that the Board may designate and who will have access to all appropriate records and such determination will be binding upon the Company and all Optionees.

5.5 Regulatory Approval

Any adjustment to the Option Price or the number of Unissued Option Shares purchasable under the Plan pursuant to the operation of any one of paragraphs 5.1, 5.2 or 5.3 is subject to the approval of the Exchanges and any other governmental authority having jurisdiction.

6. OPTIONS GRANTED TO U.S. PARTICIPANTS

6.1 Maximum Number of Shares for Incentive Stock Options

Notwithstanding any other provision of this Plan to the contrary (including, but not limited to, Section 3.3), the number of Shares available for granting Incentive Stock Options under the Plan may not exceed 10% of the total number of Shares outstanding on a non-diluted basis as of the later of: (i) date this Plan is initially adopted by the Board of Directors or (ii) the date the Plan is approved (or re-approved) by the shareholders of the Company, subject to adjustment in accordance with Article 5.

6.2 Special Requirements for Incentive Stock Options and Nonqualified Stock Options

The stock option agreement relating to any Option granted to a U.S. Participant shall specify whether such Option is an Incentive Stock Option or a Nonqualified Stock Option. If no such specification is made, the Option will be (a) an Incentive Stock Option if all of the requirements under the Code are satisfied or (b) in all other cases, a Nonqualified Stock Option. In addition to the other provisions of this Plan (and notwithstanding any other provision of this Plan to the contrary), the following limitations and requirements will apply to any Option granted to a U.S. Participant:

- (a) The exercise price payable per Share upon exercise of an Option will not be less than 100% of the Fair Market Value of a Share on the date of grant of such Option;
- (b) The Company may use its reasonable efforts to ensure that any adjustment with respect to the exercise price for and number of Shares subject to an Option (including, but not limited to, the adjustments contemplated under Section 5) granted to a U.S. Participant pursuant to this Plan will be made so as to comply with, and not create any adverse consequences under, sections 424 and 409A of the Code;
- (c) With respect to any extension of an Expiry Date in accordance with paragraph 4.5 of the Plan, the term "Black-Out Period" shall mean a period of time during which, pursuant to the policies of the Company that are reasonably designed to ensure compliance with applicable securities laws or rules of the Exchanges, trading in Shares or Options is prohibited or restricted; and
- (d) With respect to the right of rescission provided in Section 4.6, such right shall be limited so as to comply with, and not to create any adverse consequences under, section 409A or any other provision of the Code.

6.3 Special Requirements for Incentive Stock Options

In addition to the other provisions of this Plan (and notwithstanding any other provision of this Plan to the contrary), the following limitations and requirements will apply to an Incentive Stock Option:

- (a) An Incentive Stock Option may be granted only to employees (including a director or officer who is also an employee) of the Company (or of any parent or subsidiary of the Company). For purposes of this Article 6, the term "employee" shall mean a person who is an employee for purposes of the Code and the terms "parent" and "subsidiary" shall have the meanings set forth in sections 424(e) and 424(f) of the Code;
- (b) The Company will not grant Incentive Stock Options in which the aggregate Fair Market Value (determined as of the date of grant) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any U.S. Participant during any calendar year (under this Plan and all other plans of the Company and of any parent or subsidiary of the Company) exceeds US\$100,000 or any limitation subsequently set forth in section 422(d) of the Code;
- (c) The exercise price payable per Share upon exercise of an Incentive Stock Option will not be less than 100% of the Fair Market Value of a Share on the date of grant of such Incentive Stock Option; provided, however, that, in the case of the grant of an Incentive Stock Option to a U.S. Participant who, at the time such Incentive Stock Option is granted, is a 10% Shareholder, the exercise price payable per Share upon exercise of such Incentive Stock Option will be not less than 110% of the Fair Market Value of a Share on the date of grant of such Incentive Stock Option;
- (d) An Incentive Stock Option will terminate and no longer be exercisable no later than ten years after the date of grant of such Incentive Stock Option; provided, however, that in the case of a grant of an Incentive Stock Option to a U.S. Participant who, at the time such Incentive Stock Option is granted, is a 10% Shareholder, such Incentive Stock Option will terminate and no longer be exercisable no later than five years after the date of grant of such Incentive Stock Option;
- (e) If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Company (or by any parent or subsidiary of the Corporation) for any reason, whether voluntary or involuntary, other than death, permanent disability or cause, such Incentive Stock Option shall be exercisable by the U.S. Participant (to the extent such Incentive Stock Option was Vested on the date of cessation of employment) at any time prior to the earlier of (i) the date that is three months after the date of cessation of employment or (ii) the expiration of the term of such Incentive Stock Option. If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Corporation (or by any parent or subsidiary of the Corporation) because of the death or permanent disability of such U.S. Participant, such U.S. Participant, such U.S. Participant's personal representatives or administrators, or any person or persons to whom such Incentive Stock Option is transferred by will or the applicable laws of descent and distribution, may exercise such Incentive Stock Option (to the extent such Incentive Stock Option was Vested on the date of death or permanent disability, as the case may be) at any time prior to the earlier of (i) the date that is one year after the date of death or permanent disability, as the case may be, or (ii) the expiration of the term of such Incentive Stock Option. If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Company (or by any parent or subsidiary of the Company) for cause, the right to exercise such Incentive Stock Option will terminate on the date of cessation of employment, unless otherwise determined by the directors. For purposes of this Article 6, the term "permanent disability" has the meaning assigned to that term in section 422(e)(3) of the Code;

- (f) An Incentive Stock Option granted to a U.S. Participant may be exercised during such U.S. Participant's lifetime only by such U.S. Participant;
- (g) An Incentive Stock Option granted to a U.S. Participant may not be transferred, assigned or pledged by such U.S. Participant, except by will or by the laws of descent and distribution; and
- (h) No Incentive Stock Option will be granted more than ten years after the earlier of the date this Plan is adopted by the Board or the date this Plan is approved by the shareholders of the Company.

7. MISCELLANEOUS

7.1 Right to Employment

Neither this Plan nor any of the provisions hereof shall confer upon any Optionee any right with respect to employment or continued employment with the Company or any subsidiary of the Company or interfere in any way with the right of the Company or any subsidiary of the Company to terminate such employment.

7.2 Necessary Approvals

The Plan shall be effective only upon the approval of the shareholders of the Company given by way of an ordinary resolution. Any Options granted under this Plan prior to such approval shall only be exercised upon the receipt of such approval. Disinterested Shareholder Approval (as required by the Exchanges) will be obtained for any reduction in the exercise price or the extension of the term of any Option granted under this Plan if the Optionee is an Insider of the Company at the time of the proposed amendment. The obligation of the Company to sell and deliver Shares in accordance with the Plan is subject to the approval of the Exchanges and any governmental authority having jurisdiction. If any Shares cannot be issued to any Optionee for any reason, including, without limitation, the failure to obtain such approval, then the obligation of the Company to issue such Shares shall terminate and any Option Price paid by an Optionee to the Company shall be immediately refunded to the Optionee by the Company.

7.3 Administration of the Plan

The Board shall, without limitation, have full and final authority in their discretion, but subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations deemed necessary or advisable in respect of the Plan. Except as set forth in paragraph 5.4, the interpretation and construction of any provision of the Plan by the Board shall be final and conclusive. Administration of the Plan shall be the responsibility of the appropriate officers of the Company and all costs in respect thereof shall be paid by the Company.

7.4 Withholding Taxes

In such circumstances, the Company may require that an Optionee pay to the Company, in addition to and in the same manner as the exercise price for the Shares, such amount as the Company is obliged to remit to the relevant taxing authority in respect of the exercise of the Option or, alternatively, the Company shall have the right in its discretion to satisfy any such liability for withholding or other required deduction amounts by retaining or acquiring any Shares acquired upon exercise of any Option, or retaining any amount payable, which would otherwise be issued or delivered, provided or paid to an Optionee by the Company, whether or not such amounts are payable under the Plan.

7.5 Amendments to the Plan

The Board may from time to time, subject to applicable law and to the prior approval, if required, of the shareholders, the Exchanges or any other regulatory body having authority over the Company or the Plan, suspend, terminate or discontinue the Plan at any time, or amend or revise the terms of the Plan or of any Option granted under the Plan and the Option Agreement relating thereto, provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Option previously granted to an Optionee under the Plan without the consent of that Optionee.

7.6 Form of Notice

A notice given to the Company shall be in writing, signed by the Optionee and delivered to the head business office of the Company.

7.7 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.

7.8 Compliance with Applicable Law

If any provision of the Plan or any Option Agreement contravenes any law or any order, policy, by-law or regulation of any regulatory body or Exchange having authority over the Company or the Plan, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

7.9 No Assignment

No Optionee may assign any of his or her rights under the Plan or any option granted thereunder.
