### **NOTICE OF NO AUDITOR'S REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS**

The accompanying unaudited interim financial statements of Redstar Gold Corp. (the "Company") for the three months ended June 30, 2017 have been prepared by the management of the Company and approved by the Company's Audit Committee and the Company's Board of Directors.

Under National Instruments 51-102, Part 4, subsection 4.3 (3) (a), if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that an auditor has not reviewed the financial statements.

The accompanying unaudited interim financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these financial statements in accordance with standards established by the Canadian Institute of Chartered Accountants for a review of interim financial statements by an entity's auditor.

**1. NATURE OF OPERATIONS AND CONTINUANCE OF OPERATIONS**

Redstar Gold Corp. (the “Company” or “Redstar”) is engaged in the acquisition, exploration, and development of mineral properties in North America. The Company is incorporated and domiciled in Canada under the Business Corporations Act (British Columbia), and its registered office is Suite 1710, 1177 West Hastings Street, Vancouver, BC, V6E 2L3.

These condensed interim consolidated financial statements (the “Financial Statements”) have been prepared on the basis of the accounting principles applicable to a going concern, which assumes the Company will be able to continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations.

There are several adverse conditions that may cast significant doubt upon the soundness of this assumption. The business of mining and exploration involves a high degree of risk and there can be no assurance that current exploration programs will result in profitable mining operations. The recoverability of exploration and evaluation expenditures is dependent upon several factors. These include the discovery of economically recoverable reserves, the ability of the Company to obtain the necessary financing to complete the development of these properties, and future profitable production or proceeds from disposition of mineral properties.

Consistent with other companies in the sector of mineral exploration, the Company has incurred operating losses since inception, has limited sources of revenue, is unable to self-finance operations and has significant cash requirements to meet its overhead and maintain its mineral interests.

For the Company to continue to operate as a going concern it must continue to obtain additional financing to maintain operations; although the Company has been successful in the past at raising funds, there can be no assurance that this will continue in the future.

If the going concern assumption were not appropriate for these Financial Statements then adjustments would be necessary to the carrying value of assets and liabilities, the reported expenses and the statement of financial position classifications used and such adjustments could be material.

Rounded to 000's	<b>June 30, 2017</b>	<b>March 31, 2017</b>
Working capital surplus	\$ 4,489,000	\$ 6,247,000
Accumulated (deficit)	\$ (26,207,000)	\$ (24,058,000)

## **2. BASIS OF PREPARATION – STATEMENT OF COMPLIANCE**

These Financial Statements, including comparatives, have been prepared in accordance with International Financial Reporting Standards (“IFRS”) and related IFRS Interpretations Committee (“IFRICs”) as issued by the International Accounting Standards Board (“IASB”). The Financial Statements have been prepared on a historical cost basis, except for financial instruments classified as financial instruments at fair value through profit and loss, which are stated at their fair value. In addition, these Financial Statements have been prepared using the accrual basis of accounting except for cash flow information.

Since the unaudited Financial Statements do not include all disclosures required by IFRS for annual consolidated financial statements, they should be read in conjunction with the Company’s audited annual consolidated financial statements for the year ended March 31, 2017.

The policies set out were consistently applied to all the periods presented unless otherwise noted below. The preparation of condensed interim financial statements in accordance with IAS1 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company’s accounting policies.

The preparation of the Financial Statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, profit and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if the review affects both current and future periods.

## **3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies and methods of computation followed in preparing these Financial Statements are the same as those followed in preparing the most recent audited annual financial statements. For a complete summary of significant accounting policies, please refer to the Company’s audited annual consolidated financial statements for the year ended March 31, 2017.

## **4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

In the application of the Company’s accounting policies, which are described in note 3, management is required to make judgments, estimates and assumptions about the carrying amount and classification of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revisions affect only that period, or in the period of the revision and future periods, if the revision affects both current and future periods.

The following are the critical judgments and areas involving estimates, that management have made in the process of applying the Company’s accounting policies and that have the most significant effect on the amount recognized in the Financial Statements.

**4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS** *(Continued)*

a) Key sources of estimation uncertainty

Share-based payments

Management assesses the fair value of stock options granted in accordance with the accounting policy stated in note 3. The fair value of stock options granted is measured using the Black-Scholes option pricing model, which was created for use in estimating the fair value of freely tradable, fully transferable options. The Company's stock options have characteristics significantly different from those of traded options, and changes in the highly subjective input assumptions can materially affect the calculated values. The fair value of stock options granted using the Black-Scholes option pricing model do not necessarily provide a reliable measure of the fair value of the Company's stock option awards.

Impairment

Judgment is involved in assessing whether there is any indication that an asset may be impaired. This assessment is made based on the analysis of, amongst other factors, changes in the market or business environment, events that have transpired that have impacted the asset, and information from internal reporting.

Income taxes

Provisions for income taxes are made using the best estimate of the amount expected to be paid based on a qualitative assessment of all relevant factors. The Company reviews the adequacy of these provisions at the end of the reporting period. However, it is possible that at some future date an additional liability could result from audits by tax authorities. Where the final outcome of these tax-related matters is different from the amounts that were originally recorded, such differences will affect the tax provisions in the period in which such determination is made.

Decommissioning provision

The value of decommissioning liabilities depends on estimates of current risk-free interest rates, future restoration and reclamation expenditures and the timing of those expenditures.

b) Key sources of judgment uncertainty

Determination of functional currency

In accordance with IAS 21, The Effects of Changes in Foreign Exchange Rates, management determined that the functional currency of the Company and its wholly owned subsidiaries is the Canadian dollar.

Going concern evaluation

As discussed on note 1, these Financial Statements have been prepared under the assumptions applicable to a going concern. If the going concern assumption were not appropriate for these Financial Statements then adjustments would be necessary to the carrying value of assets and liabilities, the reported expenses and the statement of financial position classifications used and such adjustments could be material.

The Company reviews the going concern assessment at the end of each reporting period. There were no material changes to the assessment as at June 30, 2017.

Exploration and evaluation assets

The carrying value of the Company's exploration and evaluation assets is reviewed by management quarterly, or whenever events or circumstances indicate that its carrying amount may not be recovered. Management considers certain impairment indicators such as market capitalization of the Company, metal price changes, plans for the properties and the results of exploration to date.

#### **4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS** *(Continued)*

##### Significant influence

Management determines its ability to exercise significant influence over an investment in shares of other companies by looking at its percentage interest and other qualitative factors including but not limited to its voting rights, representation on the board of directors, participation in policy-making processes, material transactions between the Company and the associate, interchange of managerial personnel, provision of essential technical information and operating involvement.

#### **5. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT**

##### a) Financial instrument classification and measurement

Financial instruments of the Company carried on the Consolidated Statement of Financial Position are carried at amortized cost with the exception of marketable securities, which are carried at fair value.

The fair value of the Company's marketable securities are quoted in active markets. The Company classifies the fair value of these transactions according to the following hierarchy.

- Level 1 – quoted prices in active markets for identical financial instruments.
- Level 2 – quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 – valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

The Company's marketable securities have been assessed on the fair value hierarchy described above and classified as Level 1.

##### b) Fair values of financial assets and liabilities

The Company's financial instruments include cash and cash equivalents, short-term investments, marketable securities, amounts receivable, reclamation bond, accounts payable and accrued liabilities, and due to related parties. As at June 30, 2017 and March 31, 2017, the carrying value of cash and cash equivalents is fair value. Marketable securities are marked to fair value at each financial statement reporting date. Amounts receivable, reclamation bond, accounts payable and accrued liabilities, and due to related parties approximate their fair value due to their short-term nature.

##### c) Market risk

Market risk is the risk that changes in market prices will affect the Company's earnings or the value of its financial instruments. Market risk is comprised of commodity price risk and interest rate risk. The objective of market risk management is to manage and control exposures within acceptable limits, while maximizing returns. The Company is not exposed to significant market risk.

**5. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT** *(Continued)*

d) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is on its bank accounts. The Company's bank accounts are held with major banks in Canada and the United States; accordingly, the Company believes it not exposed to significant credit risk.

e) Interest rate risk

Interest rate risk is the risk of losses that arise as a result of changes in contracted interest rates. The Company is not exposed to significant interest rate risk.

f) Currency risk

The Company's main property interest in Alaska, USA make it subject to foreign currency fluctuations which may adversely affect the Company's financial position, results of operations and cash flows. The Company is affected by changes in exchange rates between the Canadian Dollar and the US Dollar. The Company does not invest in foreign currency contracts to mitigate the risks. The Company has net monetary assets of approximately \$1.6 million dominated in US dollars. A 1% change in the absolute rate of exchange in US dollars would affect its net loss by approximately \$16,000.

g) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they come due. The Company controls liquidity risk by ensuring that it has sufficient cash resources to pay for its financial obligations. As at June 30, 2017, the Company had a cash balance of \$345,439 to settle current liabilities of \$204,580.

**6. SHORT-TERM INVESTMENTS**

As at June 30, 2017, the Company has short-term investments of \$4,117,048 including accrued interest of \$31,298. The short-term investments are held in a Guaranteed Investment Certificates ("GICs") and maturing on September 29, 2017 and October 27, 2017. The Company pledged \$5,750 as collateral for a credit card.

		\$ 162,376	\$ (120,168)	\$ 42,208

(i) Formerly, Palisades Ventures Inc.

The Company realized \$129,544 impairment loss in fiscal 2016. As at June 30, 2017, the Company had an accumulated unrealized gain of \$8,209 (March 31, 2017 – \$8,629) on marketable securities recorded in accumulated other comprehensive income.

**8. INVESTMENT IN NV GOLD CORPORATION**

On September 1, 2016, the Company entered into a purchase and sale agreement with NV Gold Corporation and its subsidiary, NV Gold Corporation (USA) (“NV Gold”), Canadian junior exploration company trading on the TSX Venture Exchange. As part of this agreement, NV Gold acquired the right to a 100% ownership of Great Basin Database and 100% interest in eleven Nevada Properties (see Note 9). On September 29, 2016, the Company completed the sale of Nevada Properties for consideration of 29.9% of the outstanding common shares of NV Gold. As of June 30, 2017, and March 31, 2017, the Company’s ownership of NV Gold was 22.27%.

The Company accounts for its investment in NV Gold using the equity method of accounting. Under the equity method of accounting, the investment in NV Gold, is initially recognized at cost and adjusted thereafter for the post-acquisition change in the net assets.

REDSTAR GOLD CORP.  
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE THREE MONTHS ENDED JUNE 30, 2017 AND 2016  
(Presented in Canadian Dollars)

**8. INVESTMENT IN NV GOLD CORPORATION** *(Continued)*

This transaction has resulted in a non-cash income on sale of exploration and evaluation of assets and calculated as follows:

Acquisition of 6,172,730 shares at cost	\$	2,160,456
Less carrying value of exploration and evaluation assets		(82,532)
Foreign exchange related to exploration and evaluation assets		(46,710)
Sale of exploration and evaluation assets	\$	2,031,214
Investment in NV Gold	\$	2,160,456
Proportionate share of net loss		(169,361)
March 31, 2017	\$	1,991,095
Proportionate share of net loss		(19,667)
June 30, 2017	\$	1,971,428

The Company is not exposed to any additional losses beyond its initial investment amount. No dividends or cash distributions were received by the Company from NV Gold during the period.

The Company recorded an equity loss of \$19,667 for the three months ended June 30, 2017 which represents the proportionate share of NV Gold's net loss through three months ended May 31, 2017. NV Gold has an August fiscal year end and it is impractical to prepare financial statements to June 30, 2017 as NV Gold is a listed entity. It is expected that the difference in reporting dates is immaterial.

The following is a summary of the consolidated financial information of NV Gold on a 100% basis as at and for the nine months ended May 31, 2017 and year ended August 31, 2016, which is the most recent publicly available information for NV Gold. These amounts are presented in Canadian dollars.

	May 31, 2017	August 31, 2016
NV Gold Corporation		
Total current assets	\$ 1,043,785	\$ 334,333
Total non-current assets	3,010,374	154,042
Total current liabilities	(36,548)	(85,138)
Total non-current liabilities	-	-
Loss before other items	848,797	308,016
Other items	2,516	(261,656)
Total loss and comprehensive loss	851,313	46,360

The investment is reviewed regularly for indicators of impairment and no impairment was identified as of June 30, 2017.

**9. EXPLORATION AND EVALUATION ASSETS**

The Company has interests in mineral properties; the details of which follow for the three months ended June 30, 2017:

Property acquisition costs	March 31, 2017	Acquisition costs	June 30, 2017
<b>Alaska</b>			
Unga project	\$3,920,544	\$ 8,129	\$ 3,928,673

**(a) Unga Project, Alaska, USA**

The Unga Project is approximately 250 sq. kms and is comprised of patented and Alaska State claims and Alaskan Native Corporation lands.

On 19 May 2011, the Company entered into an option agreement with NGAS Production Co. ("NGAS"), a subsidiary of Magnum Hunter Resources Corp. ("Magnum"), to acquire, subject to underlying advance royalty payments of US\$2,000 per month to a maximum of US\$450,000, a 100% interest in patented land/claims in consideration for making the following payments:

	Cash (US\$)	Shares (US\$) <sup>(i)</sup>
May 19, 2011	\$ 100,000 <sup>(ii)</sup>	\$ -
June 30, 2011	-	250,000
July 15, 2011	500,000 <sup>(ii)</sup>	-
January 1, 2012	200,000 <sup>(ii)</sup>	250,000
		\$ 500,000
	\$ 800,000	0

<sup>(i)</sup> The Company issued common shares the equivalent dollar-value as stated above.

<sup>(ii)</sup> Paid and/or issued

**9. EXPLORATION AND EVALUATION ASSETS** *(Continued)*

**(a) Unga Project, Alaska , USA** *(Continued)*

In addition, at the option of NGAS, a final option payment of US\$1,500,000 in cash (US\$1,000,000 on or before September 1, 2012 and US\$500,000 on or before September 1, 2013) or the number of common shares of the Company equivalent to US\$1,500,000 on or before October 1, 2012.

On August 31, 2012, NGAS elected to be paid US\$1,000,000 in cash on September 1, 2012 (paid) and US\$500,000 in cash on or before September 1, 2013 (collectively, the "Payments"). With respect to the US\$1,000,000 due September 1, 2012, NGAS granted the Company an extension of 180 days from and after September 1, 2012 to make the US\$1,000,000 payment due to NGAS, in consideration for making cash payment to NGAS of US\$100,000 on signing of the extension agreement (paid), and issuing in the aggregate 875,000 shares in stages, as to 125,000 shares on the TSX approval of the extension agreement (issued), and 125,000 shares each on the 30th, 60th, 90th, 120th, 150th and 180th days after September 1, 2012 (all issued).

In respect of the US\$1,000,000 originally due on September 1, 2012 and subsequently extended to February 28, 2013, NGAS granted the Company a second extension of 180 days to September 1, 2013, to make the US\$1,000,000 payment due to NGAS, in consideration for making cash payment to NGAS of US\$100,000 on signing of the extension agreement (paid) and share issuances to NGAS of 125,000 shares on the TSX approval of the extension agreement (issued), and additional staged share issuances to NGAS until such time as the Payments are made (625,000 shares issued). All commitments having been met, the Company now owns 100% of the Unga Property.

On February 18, 2014, the Company signed a Letter of Intent ("LOI") with Full Metal Minerals Ltd ("FMM"), to take an assignment of FMM's interest in its agreement with The Aleut Corporation ("TAC") and to acquire a 100% interest in six Alaskan State Mineral claims. Under the terms of the LOI, the Company may acquire a 100% undivided interest in the property, upon issuance of 4,000,000 shares and payment of a total of US\$50,000 (US\$10,000 paid) to FMM, subject to regulatory approval, completion of a definitive agreement including the consent of TAC to the assignment, and satisfying the Underlying Agreements. The LOI supersedes all other agreements with FMM in respect of the TAC lands and the state claims.

On September 8, 2014, the Company announced that, together with FMM and TAC it has signed an Assignment and Novation Agreement in respect to the TAC lands, which replaces the LOI signed on February 18, 2014, whereby all rights and interests held previously by FMM are assigned to Redstar. Pursuant to the Agreement, Redstar is required to perform the following:

	Cash (CAD\$)	Cash (US\$)	Shares issued to Full Metal	Exploration Expenditure on the Property (US\$)
On signing of the agreement	\$ 125,000 <sup>(i)</sup>	50,000 <sup>(i)</sup>	750,000 <sup>(i)</sup>	\$ -
January 1, 2015	-	55,000 <sup>(i)</sup>	-	400,000 <sup>(ii)</sup>

**(b) Nevada Properties, USA**

AngloGold-Ashanti Agreements

On March 9, 2005, the Company entered into a Data Base Purchase and Buy Back Agreement with AngloGold-Ashanti North America Inc. ("AngloGold") whereby the Company acquired the right to a 100% ownership of an exploration and geological database covering Nevada, Utah, Idaho and California ("Great Basin Database"), in consideration for the issuance of shares and making certain expenditures within the Great Basin. The agreement was subject to AngloGold retaining the right to back into projects for a 60% interest by making certain additional expenditures on specified properties. On May 8, 2008, the Company completed the purchase of the database, eliminating AngloGold's back-in option on various properties, and the agreement was terminated. Pursuant to a subsequent agreement, the back-in rights on properties acquired prior to May 2008 (Eagle Basin, Richmond Summit, Cooks Creek, Root Spring and Oasis) were converted to royalties of 1% to 2%, depending on the price of gold.

On September 1, 2016, the Company entered into a purchase and sale agreement with NV Gold (see Note 8). Pursuant to this agreement, the Company sold its right to a 100% ownership of Great Basin Database, the Nevada properties and AngloGold royalties.

Nevada Properties and AngloGold royalty

Properties	Staked Claims (#)	AngloGold Royalty (%)
Baker	22	-
Cooks Creek	66	1-2
Gold Cloud	20	-
Larus	7	-
Long Island	27	-
Oasis	10	1-2
Painted Hills	14	-
Queens	4	-
Richmond Summit	10	1-2
Root Springs	61	1-2
Seven Devils	54	-

2014 Agreement

An earlier agreement in 2014 with True Grit Resources Ltd. ("True Grit") was terminated on December 21, 2015. In connection with the termination, True Grit transferred to Redstar ownership of the reclamation bond on the Cooks Creek property. As at June 30, 2017, the Company had a reclamation bond of US\$5,927 (\$7,692) (March 31, 2017 – US\$5,927 (\$7,889)).

**9. EXPLORATION AND EVALUATION ASSETS** *(Continued)*

**(c) Newman Todd Property, Red Lake District, Ontario, Canada**

In 2007, the Company acquired a 100% interest in the Newman Todd area properties ("Todd Properties") (comprised of several properties) by issuing 700,000 common shares to the vendor. The mineral claims are subject to a 1% net smelter return ("NSR") royalty provided that the total NSR royalties payable on any claims within the property does not exceed 2.75%. Should a mine be placed into production, the Company is required to issue common shares with a value in the aggregate of \$1,000,000. Should production exceed 250,000 ounces of gold, the Company is required to issue additional common shares with a value of \$1,000,000.

On November 19, 2010, the Company entered into an option agreement with Confederation Minerals Ltd. ("Confederation") whereby Confederation could earn up to a 70% undivided interest in the Company's 100% owned Todd Properties in Red Lake, Ontario.

On April 14, 2011, the Company acquired, under joint acquisition with Confederation, a 50% interest in 18 mineral claims adjacent to the Todd Properties ("Adjacent Property"). Of the 50% interest acquired by the parties from the vendor, Confederation acquired an undivided 35% interest in the Adjacent Property (being 70% of vendor's interest) and the Company acquired an undivided 15% interest in the Adjacent Property (being 30% of the vendor's interest) for the sum of \$70,000. The remaining 50% interest in the claims is held by Rubicon Minerals Corporation.

Under the terms of the agreement, Confederation could earn an initial 50% interest in the project by funding \$5,000,000 in exploration and development work, issuing shares of Confederation and making payments to the Company as follows:

	Cash	Shares	Exploration Expenditures on Projects
November 19, 2010	50,000 <sup>(i)</sup>	100,000 <sup>(i)</sup>	-
November 19, 2011	50,000 <sup>(i)</sup>	100,000 <sup>(i)</sup>	2,000,000 <sup>(ii)</sup>
November 19, 2012	75,000 <sup>(i)</sup>	150,000 <sup>(i)</sup>	1,500,000 <sup>(ii)</sup>
November 19, 2013	75,000 <sup>(i)</sup>	150,000 <sup>(i)</sup>	1,500,000 <sup>(ii)</sup>
	250,000	500,000	5,000,000

<sup>(i)</sup> Received

<sup>(ii)</sup> Incurred

Having earned an initial 50% interest in the project, Confederation could earn an additional 20% interest by providing a Preliminary Assessment of the property, at Confederation's cost, and issuing 500,000 shares of Confederation to the Company. In addition, to maintain the second option in good standing, Confederation would make minimum annual expenditures of \$250,000 commencing on the third anniversary and until the earlier of (a) the full exercise of the second option, and (b) the expiry of the second option.

On March 24, 2015, Confederation earned their additional 20% interest in the project by providing a Preliminary Assessment and issuing 500,000 shares to the Company.

During the year ended March 31, 2017, the Company wrote-off \$29,306 of its capitalized cost related to the Newman Todd project. As a result of the impairment, the carrying value of the Newman Todd project as at June 30, 2017 is \$nil (March 31, 2017 - \$nil).

## 12. CAPITAL MANAGEMENT

The Company's capital consists of shareholders' equity. The Company's objective when managing capital is to maintain adequate levels of funding to support the development of its businesses and maintain the necessary corporate and administrative functions to facilitate these activities. This is done primarily through equity financing, selling assets, and incurring debt. Future financings are dependent on market conditions and there can be no assurance the Company will be able to raise funds in the future. The Company invests all capital that is surplus to its immediate operational needs in short-term, highly liquid, high-grade financial instruments. There were no changes to the Company's approach to capital management during the period. The Company is not subject to externally imposed capital requirements.

## 13. SHARE CAPITAL

(a) Authorized:

At June 30, 2017, the authorized share capital was comprised of an unlimited number of common shares. The common shares do not have a par value. All issued shares are fully paid.

(b) Share issuances:

- i. On April 29, 2016, the Company closed a non-brokered private placement of 19,085,200 units (the "Units") at a price of \$0.06 per Unit for gross proceeds of \$1,145,082. The Company recorded \$25,097 of share issuance cost. Each Unit consisted of one common share and one common share purchase warrant. Each whole Warrant can be exercised into one common share of the Company at a price of \$0.14 per share for a period of three years from the date of closing. The warrants were ascribed a value of \$452,000 under the Black-Scholes valuation model (Note 13(d)) with the residual being allocated to share capital.
- ii. On September 13, 2016, the Company closed a non-brokered private placement and issued 41,000,000 common shares at a price of \$0.10 per share for gross proceeds of \$4,100,000. The Company recorded \$198,001 of share issuance cost including an aggregate of issued 480,000 broker warrants. Each broker Warrant can be exercised into one common share of the Company at a price of \$0.20 per share for a period of two years from the date of closing.
- iii. During the year ended March 31, 2017, 37,287,000 warrants were exercised for total proceeds of \$3,756,500.
- iv. During the three months ended June 30, 2017, 700,000 options were exercised for total proceeds of \$55,000.

(c) Share Purchase Option Compensation Plan:

The Company has established a stock option plan whereby the Company may grant options to directors, officers, employees and consultants of up to 10% of the common shares outstanding at the time of grant. The exercise price, term and vesting period of each option are determined by the board of directors within regulatory guidelines.

On April 11, 2017, the Company granted 3,100,000 options to its directors, officers and consultants at an exercise price of \$0.14 per share expiring on April 11, 2022.

REDSTAR GOLD CORP.

FOR THE THREE MONTHS ENDED JUNE 30, 2017 AND 2016  
(Presented in Canadian Dollars)

**13. SHARE CAPITAL** *(Continued)*

(c) Share Purchase Option Compensation Plan: *(Continued)*

Stock option transactions and the number of stock options for the three months ended June 30, 2017 are summarized as follows:

<b>Expiry date</b>	<b>Exercise price</b>	<b>March 31, 2017</b>	<b>Granted</b>	<b>Exercised</b>	<b>Expired / Cancelled</b>	<b>June 30, 2017</b>
May 4, 2017	\$ 0.09	500,000		(500,000)	-	-
May 18, 2017	\$ 0.29	200,000		-	(200,000)	-
July 26, 2017	(a) \$ 0.20	400,000		-	-	400,000
March 2, 2018	\$ 0.05	200,000		(200,000)	-	-
September 30, 2018	\$ 0.10	540,000		-	-	540,000
April 30, 2019	\$ 0.06	450,000		-	-	450,000
September 10, 2019	\$ 0.06	1,000,000		-	-	1,000,000
October 29, 2019	\$ 0.06	400,000		-	-	400,000
May 4, 2020	(b) \$ 0.06	2,200,000		-	-	2,200,000
January 25, 2021	\$ 0.05	2,500,000		-	-	2,500,000
March 21, 2021	(c) \$ 0.05	5,200,000		-	-	5,200,000
December 20, 2021	\$ 0.16	3,000,000		-	-	3,000,000
April 11, 2022	\$ 0.14	-	3,100,000	-	-	3,100,000
Options outstanding		16,590,000	3,100,000	(700,000)	(200,000)	18,790,000
Options exercisable		16,590,000	-	-	-	18,790,000
Weighted average exercise price	\$	0.08	\$ 0.14	\$ 0.08	\$ 0.23	\$ 0.08

- (a) Subsequent to June 30, 2017, all options expired without being exercised.  
(b) Subsequent to June 30, 2017, 300,000 options were exercised.  
(c) Subsequent to June 30, 2017, 200,000 options were exercised.

As of June 30, 2017, the weighted average contractual remaining life is 3.59 years (March 31, 2017 – 3.43 years).

The fair value of options vested during the three months ended June 30, 2017 were \$321,284 (2016 - \$970).

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions:

	<b>June 30, 2017</b>	<b>March 31, 2017</b>
Expected dividend yield	0.00%	0.00%
Expected stock price volatility	135.53%	75.00%
Risk-free interest rate	1.08%	1.06%
Forfeiture rate	0.00%	0.00%
Expected life of options	5.0 years	5.0 years

The Black-Scholes Option Pricing Model was created for use in estimating the fair value of freely tradable, fully transferable options. The Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the highly subjective input assumptions can materially affect the calculated values, management believes that the accepted Black-Scholes model does not necessarily provide a reliable measure of the fair value of the Company's stock option awards.

REDSTAR GOLD CORP.  
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE THREE MONTHS ENDED JUNE 30, 2017 AND 2016  
(Presented in Canadian Dollars)

**13. SHARE CAPITAL** (Continued)

(d) Warrants:

The continuity of warrants for the three months ended June 30, 2017 is as follows:

<b>Expiry date</b>	<b>Exercise price</b>	<b>March 31, 2017</b>	<b>Issued</b>	<b>Exercised</b>	<b>Expired</b>	<b>June 30, 2017</b>		
September 13, 2018	\$ 0.20	480,000	-	-	-	480,000		
April 29, 2019	\$ 0.14	19,085,200	-	-	-	19,085,200		
Outstanding		19,565,200	-	-	-	19,565,200		
Weighted average exercise price	\$	0.14	\$	-	\$	-	\$	0.14

As of June 30, 2017, the weighted average contractual life is 1.81 years (March 31, 2017 – 2.06 years).

The fair value of each warrant issued is estimated on the date of issuance using the Black-Scholes option-pricing model with the following weighted average assumptions:

	<b>June 30, 2017</b>	<b>March 31, 2017</b>
Expected dividend yield	Nil	0.00%
Expected stock price volatility	Nil	68-92%
Risk-free interest rate	Nil	0.51-0.73%
Forfeiture rate	Nil	0.00%
Expected life of warrants	Nil	2-3 years
