The Company is presently not a party to any legal proceedings whatsoever.

Electronic Table Games

The Company is focused on developing and expanding its ETG business.

The Company’s warehouse is used for the purpose of storing, cleaning, assembling, refurbishing, manufacturing, testing, configuring, packing, and shipping the Company’s ETGs. The Company has paid a security deposit of \$8,930 in respect to this Lease Agreement. Effective September 1, 2018, the Company expanded its existing warehouse facility by approximately 1,521 sq. feet until May 31, 2019 (the “Expanded Premises”). The Company entered into an Extension of Lease Agreements on January 24, 2019. Furthermore, the Company entered into a Modification of Lease Agreement on May 21, 2020, whereby the Company pays gross rent of \$5,000 plus applicable taxes per month for April, May and June 2020. On June 24, 2020, the Company entered into a Lease Amendment and Extension Agreement extending the Company’s lease until July 31, 2020, whereby the Company paid \$8,000 all-inclusive rent plus applicable taxes. The Company was on a month-to-month lease under the terms of the Lease Amendment and Extension Agreement until April 30, 2021. On April 30, 2021, the Company entered into an Extension and Amendment of Lease Agreement in respect to the leased warehouse in Burnaby, BC. The term of the lease has been extended from May 1, 2021 up to October 31, 2023.

The Company categorizes its ETG customers in three markets: cruise ships, North American casinos and other markets.

Cruise Ships

- The cruise ship industry operates their casinos while they are in international waters, and therefore, they do not require their gaming equipment vendors to attain any form of gaming license or product approval.
- The Company typically leases ETGs on a monthly recurring basis to cruise ship companies.
- Carnival Corporation (“Carnival”) is the largest operator of the Company’s ETGs.
- Carnival has resumed their North American operations as of July 1st, 2021 and expect to bring back 75% of their fleet into operation by the end of 2021.
- During Q2, 2019 the Company signed a Software License and Equipment Lease Agreement with Virgin Voyages to be the second cruise line to offer the Jackpot Blitz™ ETG in their casino. The first Jackpot Blitz™ ETG was installed on the Virgin Voyages’ vessel Scarlet Lady in February 2020, and during April 2021, the Company installed an additional Jackpot Blitz™ Electronic Table Game (“ETG”) platform on Valiant Lady, the second ship in the Virgin Voyages fleet.
- During October 2019, the Company signed a Software License and Equipment Lease Agreement (the “Agreement”) with Royal Caribbean Cruises Ltd. (“RCL”) to be the third cruise line to offer the Jackpot Blitz™ ETG in their casinos. The Company submitted software for RCL’s User Acceptance Testing (“UAT”) for launch of the Jackpot Blitz™ ETG on an RCL ship and the installation date of the ETGs is dependent on RCL’s resumption of operations after the COVID-19 Pandemic.

North American Casinos

- The North American casino industry is predominantly regulated at the state/provincial level as individual jurisdictions. Additionally, some states have native American tribal jurisdictions. Every jurisdiction approves the gaming equipment used in their casinos, usually in the form of a gaming license. Therefore, the Company must attain gaming licenses directly or through a distributor to expand its ETG business in North America.
- The Company currently holds approved gaming licenses and registrations in North America with the California Gambling Control Commission, the Seminole Tribe of Florida, Rincon Tribal Gaming Commission of California, the Department of Justice and Public Safety, Gaming, Liquor and Security Licensing in the Province of New Brunswick, the Rosebud

- Sioux Tribe of Nebraska, and the Soboba Tribal Gaming Commission of California. The Company currently has license applications underway with several States, Provincial, and Tribal gaming regulators across North America.
- The Company has signed Agreements and/or Letters of Intent with numerous entities in Canada and the United States which are contingent on the Company receiving license approvals by the relevant regulatory bodies.
 - The Company typically leases ETGs on a monthly recurring basis to North American casino customers.

Other Markets

- Markets outside cruise ships and North American casinos are considered on a case-by-case basis, depending on the revenue potential, practicality of deploying and supporting the Company’s ETGs in other continents, and other considerations.
- The Company may opt to lease or sell ETGs in other markets.
- The Company has signed Sales/Service and/or Distribution agreements with several entities, covering sales territories including France (exclusive) and Europe (non-exclusive).
- The Company has received purchase orders for three (3) Jackpot Blitz™ ETGs from casino operators in France. The Company has delivered and received payment for all three (3) of these purchase orders.

Research and Development

The Company is continuously developing new hardware and software components for the Jackpot Blitz™ ETG and other products in the development pipeline. During the six months period ended June 30, 2021, the Company incurred \$60,000 on salaries and benefits in respect to Research and Development. This cost was incurred primarily for the software development to develop new software features and improve the hardware (reduce cost and improve efficiency) on the Jackpot Blitz™ ETG.

During 2020, the Company’s R&D primarily focused on the software features requested by new and potential clients for the Jackpot Blitz™ ETG. The Company also focussed on the development of its new electronic gaming product for a casino operator client, including development of the gaming platform software and hardware.

During 2021, the Company’s R&D efforts will continue to develop new hardware and software components for the Jackpot Blitz™ ETG. First, prototyping and redesigning critical hardware components of the Jackpot Blitz™ ETG to reduce cost and improve manufacturability. Second, update the current software technology to improve the ability to update and add new software features efficiently for the Jackpot Blitz™ ETG as well as other future gaming products. Third, the Company started a project with an engineering consulting firm, Enginuity Consulting Ltd. (“Enginuity”) to redesign and prototype our next generation Jackpot Blitz™ ETG to further reduce overall cost and scalability of manufacturing.

Acquisition of certain assets of 52 Gaming, LLC.

During February 2021, the Company received TSX Venture Exchange approval and closed its transaction of acquiring certain assets of 52 Gaming, LLC (“52 Gaming”). 52 Gaming, based in North Carolina, manufactured and licensed its electronic poker tables (“ETGs”) to the cruise ship industry.

Terms of the transaction are as follows:

- Cash payment of US\$107,500 on the closing date to 52 Gaming (paid);
- Issuance of a promissory note by the Company for the amount of US\$470,000 with a term of twenty-four months, bearing 10% simple interest per annum, and which may be prepaid by the Company (issued);
- On the closing date, the issuance of 1,500,000 common shares to 52 Gaming (issued);
- On the closing date, the issuance of 2,000,000 share purchase warrants to 52 Gaming exercisable at \$0.105 per share for a period of five years (issued); and
- Commencing January 2022 and for a period of ten years, the Company is to make variable royalty payments to 52 Gaming.

Under IFRS 3, the substance of the acquisition does not constitute a business combination as no processes were acquired and will be accounted for as an asset acquisition.

Consulting and Advisory Agreements

During September 2020, the Company entered into a Non-Exclusive Advisory and Consultancy Agreement with Paulson Investment Company, LLC of New York, USA (“Paulson”), to provide business advisory and consulting services to the Company. As compensation, the Company issued to Paulson 450,000 share purchase warrants exercisable at \$0.10 per share for a period of five years. During December 2020, the Company has engaged, on a non-exclusive basis, Paulson, to provide services to Jackpot as a non-exclusive merger and acquisition (M&A) advisor in relation to any potential M&A or similar transaction with potential transaction partners. The Company had originally agreed to pay Paulson an initial cash retainer to be paid by issuing a share purchase warrant to Paulson (or its affiliates) to purchase up to 1,200,000 common shares at an exercise price of \$0.10 per share exercisable for a period of five years. During February 2021, Jackpot and Paulson have amended the terms of the agreement such that instead of the cash retainer payable by issuing the warrant, Jackpot has agreed to a monthly fee of \$20,000 payable to Paulson or its affiliates, which fee will be settled and paid by the issuance of share purchase warrants to purchase common shares of the Company to be issued monthly at the end of the month with the applicable number of warrants issuable to Paulson and the exercise price of such warrants being determined at the end of the month in which services have been provided by Paulson. The number of warrants per month will be calculated on the basis of the closing price of Jackpot's shares on the last trading day of the applicable month and the exercise price will be the greater of such closing price and \$0.10 per share. Each warrant will entitle Paulson to purchase one common share of Jackpot for a period of five years from the date of issuance. The maximum number of warrants that may be issued to Paulson is 1,200,000 warrants after which the monthly fee of \$20,000 will terminate and will no longer be payable and no warrants will be issuable to Paulson for any services provided thereafter. To date, Jackpot has issued to Paulson 626,132 warrants with exercise prices ranging from \$0.19 to \$0.35 per share. Additionally, a success fee will be paid in cash in U.S. dollars in respect of a transaction that is consummated with a party introduced to Jackpot by Paulson.

As of April 12, 2021, the Company has hired the services of, and has entered into an Employment Agreement (the “Agreement”) with Mr. Mathieu McDonald of Vancouver, BC to manage the Company’s Investor Relations activities and programs. The remuneration payable to Mr. McDonald is \$9,000 per month. Mr. McDonald has also been granted 400,000 stock options exercisable at the price of \$0.245 for a period of two years. 25% of the Options vest immediately and thereafter 25% shall vest every three months.

As of June 24, 2021, the Company has engaged the services of Winning Media LLC (“Winning Media”), of Houston, Texas, to provide investor relations and digital advertising services to the company. Jackpot has compensated Winning Media USD\$100,000 for a contract period of 30 days.

As of June 25, 2021, the Company has engaged the services of Investing News Network of (“INN”) of Vancouver, British Columbia and HE Capital Markets of London, UK as part of the Company’s endeavour to increase investor awareness of Jackpot. Jackpot compensated INN a total of CAD\$20,000 over a contract period of six months, and Jackpot will compensate HE Capital USD\$5,000 monthly over a contract period of three months.

As of July 11, 2021, the Company has engaged the services of Stanford & Turner Marketing Group (“Stanford & Turner”), of Vancouver, British Columbia to provide investor relations and digital advertising services to the company. The Company specializes in digital and corporate brand marketing services to enhance corporate visibility and retail investor awareness. Jackpot will compensate Stanford & Turner \$7,500 per month for a contract period of 3 months.

As of July 16 2021, the Company has engaged the services of North Equities (“North Equities”) of Toronto, Ontario to provide a 3-month marketing and consulting services to Jackpot. North Equities specializes in various social media platforms and facilitates greater awareness and widespread dissemination of the Company’s news. In connection with the Contract, the Company will pay North Equities Corp. \$30,000 and has granted 100,000 stock options exercisable at \$0.21 per share to North Equities for one year period.

Proposed Spinout of Online Gaming Software

Yo Eleven was formed in connection with Jackpot’s proposed strategic reorganization of its business by way of a spinout of its online gaming software to its wholly-owned subsidiary Yo Eleven (the “Arrangement”). The Arrangement will be carried out by statutory arrangement under Division 5 of Part 9 of the BCBCA.

Jackpot and Yo Eleven have entered into an arrangement agreement dated as of June 28, 2021 (the “Arrangement Agreement”) setting out the terms and conditions of the Arrangement. The Arrangement Agreement is available for review under Jackpot’s profile on SEDAR (www.sedar.com) and on the Company’s website (www.jackpotdigital.com).

Pursuant to the Arrangement, Jackpot will spin out its online gaming software to Yo Eleven in consideration for a certain number of Yo Eleven common shares to the non-dissenting Jackpot shareholders (as of a record date to be determined (the “Record Date”)) on the basis of one (1) Yo Eleven common share for every five (5) common shares held by the non-dissenting Jackpot shareholders.

Benefits of the Arrangement

Jackpot’s board of directors believes that holding and developing the iGaming business in a separate public company offers benefits to Jackpot and its shareholders, including the following:

1. The Arrangement will allow Jackpot’s management to focus on the business of producing, leasing and selling electronic gaming tables.
2. The Arrangement will allow Yo Eleven’s management to focus their efforts on developing the iGaming Business.
3. Jackpot can avoid dilution of the Jackpot shares held by its shareholders that would result from financing the iGaming business in Jackpot.
4. The Arrangement will allow Jackpot’s shareholders to participate in the future development of the iGaming business through a separate public company.
5. The Arrangement is expected to maximize shareholder value by allowing the market to value the respective businesses and assets of Jackpot and Yo Eleven separately.

6. Because Jackpot and Yo Eleven will be focused on separate businesses, they will be more readily understood by public investors, allowing each company to be better positioned to raise capital and align management and employee incentives with the interests of shareholders.
7. The Arrangement is intended to maximize value, allowing the iGaming business to be advanced on a standalone basis, while giving Jackpot's shareholders the opportunity of participating in both companies.

The Arrangement is subject to certain conditions, including, but not limited to; i) the approval of not less than 66 2/3 per cent of Jackpot Shareholders ii) the final approval of the Supreme Court of British Columbia, and iii) the final approval of the TSX-V.

Under the BCBCA, Jackpot's registered shareholders as of the Record Date have the right to dissent in respect of the Arrangement and receive fair value for all Jackpot shares held. (the "Dissent Right"). A shareholder wishing to exercise the Dissent Right must comply strictly with the procedures to be taken in the manner set forth in the Interim Order and the BCBCA. The dissent procedures are more particularly described in the Circular. Completion of the Arrangement is subject to dissent rights not having been exercised by Jackpot's shareholders holding more than 2% of the issued and outstanding Jackpot shares.

The Company has announced that it will hold its Annual General and Special Meeting of Shareholders on Thursday September 16, 2021 at 11:00AM PST in Vancouver (the "Meeting") at which time the Company's shareholders will be asked to vote on, amongst other general matters, as a special resolution, the Company's proposed Arrangement for the transfer of Jackpot's online gaming software to Yo Eleven in consideration of 1 (one) Yo Eleven common share for every 5 (five) Jackpot common shares held by the non-dissenting Shareholders. Full particulars of the Arrangement are disclosed in the Company's management Information Circular dated August 13, 2021 (the "Circular"), which is available for review on SEDAR (www.sedar.com) and on the Company's website (www.jackpotdigital.com). Jackpot elected to use the "Notice and Access" notification mode for delivery of the Meeting materials to its shareholders for the Meeting.

On August 6, 2021, the Company was granted an Interim Order from the Supreme court of British Columbia in regards to the Company's Meeting and the Company's Meeting Materials.

On August 9, 2021, the Company received conditional approval of the Spin-Out from the TSX-V.

Assuming that Jackpot shareholders approve the Arrangement at the Meeting, completion of the Arrangement is subject to receipt of a final order of the Supreme Court of British Columbia approving the Arrangement and also, the final approval of the TSX-V.

As a result of the Arrangement, on the effective date, two companies will exist, Jackpot and Yo Eleven, and Yo Eleven will become a reporting issuer in British Columbia and Alberta. Yo Eleven will own all of Jackpot's interest in the online gaming software. The Yo Eleven shares issued to Jackpot's non-dissenting shareholders pursuant to the Arrangement will not be listed on the Exchange or any other stock exchange at completion. Management of Yo Eleven expects to seek a listing of the Yo Eleven shares on a stock exchange in the future, subject to raising the required capital and meeting the applicable listing requirements.

Shares for Debt

The Company has entered into debt settlement agreements with certain creditors regarding accrued interest on the converted Debentures (the "Company's Creditors") whereby the Company's Creditors have agreed to accept common shares in the capital of the Company as full and final settlement of the accrued interest in the amount of \$34,990.96 owing to the Company's Creditors. Pursuant to the debt settlement agreements, the Company has issued to the Company's Creditors 124,967 common

LOANS PAYABLE AND DEBENTURES

Loans payable

During the year ended December 31, 2019 the Company:

- (a) Entered into two promissory notes with an arm’s length party for the total amount of \$300,000, bearing interest at the rate of 10% per annum which was due on demand. As at June 30, 2021, the Company has fully repaid the total amount of \$300,000 and has recorded an accrued interest of \$48,205.

During the year ended December 31, 2018:

- (a) An arm’s length party has advanced to the Company the amount of \$150,000, which bears interest at the rate of 10% per annum and which is due on demand. During the year ended December 31, 2020, the Company repaid \$100,000. As at June 30, 2021, the Company fully repaid the principal balance of \$50,000 and accrued interest of \$46,260.
- (b) During the year ended December 31, 2017, the Company entered into a loan agreement with an arm’s length party totaling \$150,000, with a term of 12 months, bears interest at the rate of 10% per annum payable on a quarterly basis. Pursuant to the agreement, the Company issued 60,000 bonus shares and the amount of \$12,500 has been recorded for the shares issued. The amount of \$137,500 was recorded as the liability portion of the compound instrument. As at June 30, 2021, the Company fully repaid the principal loan amount of \$150,000 and recorded an accrued interest of \$39,164.

Non-convertible secured debentures

During the year ended December 31, 2015, the Company entered into two non-convertible secured debenture agreements for an aggregate US\$2,500,000 with one arm’s length party and one related party. The non-convertible secured debentures are secured against the Company’s assets. The non-convertible secured debenture agreements provide for a term of three years, maturing on August 4, 2018, and bear interest at 10% per annum, with interest payable quarterly. As additional consideration of the risk associated with the debenture, the Company issued 75,000 warrants to the lenders. Each warrant has a five-year expiry term and is exercisable into one common share at \$20.00. On August 9, 2019, the maturity date of the convertible debenture with the arm’s length party has been extended to July 1, 2021. The modification of maturity date was considered an extinguishment of the existing non-convertible debenture and a new non-convertible debenture was recognized as the modified terms were substantially different from the original terms. The difference between the fair value and carrying value on the extinguishment date was determined to be \$656,727.

On September 23, 2020, an amendment agreement was entered into whereby the maturity date has been further extended to July 1, 2023, and the interest rate has been reduced from 10% to 7.5% per annum. As consideration, the Company issued 1,163,827 bonus warrants. Each warrant is exercisable into one common share at the price of \$0.10 until July 1, 2023. The modification was considered an extinguishment of the existing non-convertible debenture and a new non-convertible debenture was recognized as the modified terms were substantially different from the original terms. The difference between the fair value and carrying value on the extinguishment date was determined to be \$237,168.

In addition, the Company is required to pay the lenders a combined royalty of 2% of gross revenues from electronic gaming tables.

The liability component of the non-convertible debentures was recognized initially at the fair value of a similar liability that does not have attached warrants, which was calculated based on the application of a market interest rate of 25%. The difference between the face value of US\$2,500,000 and the fair value of the non-convertible debentures of \$2,386,286 represent the value of the warrants, which has been recognized as a component of equity.

As at June 30, 2021, the amount of \$2,467,899 (December 31, 2020 - \$2,346,880) has been recorded as the non-convertible secured debentures.

Convertible secured debentures

During the year ended December 31, 2016, the Company issued convertible secured debentures financing that was announced on April 22, 2016, for gross proceeds of \$2,000,000 (net proceeds of \$1,753,111). The convertible secured debentures had a term of 12 months, bear simple interest at the rate of 12% per annum and payable on a quarterly basis. The principal amount of the convertible secured debentures were convertible into common shares of the Company at a price of \$5.00 per share. In connection with the convertible secured debentures, the Company paid a cash commission of \$200,000 and a corporate finance fee of \$30,000 plus HST and other expenses of \$11,495 plus HST and issued 60,000 broker warrants to Kingsdale Capital Markets Inc. (fair valued at \$31,128). The broker warrants were exercisable into common shares of the Company at the price of \$5.00 per share during the first year and at the price of \$10.00 per share during the second year and have expired unexercised. The convertible secured debentures are secured against the Company's assets. On initial recognition, the amount of \$101,601 was recorded as the equity portion of convertible secured debentures reserve and remained outstanding at June 30, 2021. The effective interest rate was 20%. Pursuant to the policies of the TSXV, the conversion provision has expired.

On August 9, 2019, the maturity date of the convertible secured debentures was extended to July 1, 2021. The modification of maturity date was considered an extinguishment of the existing convertible debentures and a new debenture balance was recognized as the modified terms were substantially different from the original terms. The difference between the fair value and carrying value on the extinguishment date was determined to be \$260,229. On September 23, 2020, an amendment agreement was entered into whereby the maturity date has been further extended to July 1, 2023, and the interest rate has been reduced from 10% to 7.5% per annum. As consideration the Company issued 836,173 bonus warrants. Each warrant is exercisable into one common share at the price of \$0.10 until July 1, 2023. The modification was considered an extinguishment of the existing convertible debentures and a new debenture balance was recognized as the modified terms were substantially different from the original terms. The difference between the fair value and carrying value on the extinguishment date was determined to be \$248,084.

During the six months ended June 30, 2021, the Company paid \$nil (June 30, 2020 - \$nil) of accrued interest and repaid principal amounts totaling \$nil (June 30, 2020 - \$nil).

Convertible debentures

During August 2018, the Company entered into a convertible debenture with an arm's length party for the principal amount of Cdn \$328,000 which bears interest at the rate of 8% per annum and which was due and payable on October 30, 2018 (the "Term") at which time the conversion feature lapsed. Subsequent to December 31, 2018, the Term was extended to July 15, 2019. As at June 30, 2021, the debenture is owing and is due on demand. As at June 30, 2021, the amount of \$328,000 has been recorded as the liability portion of debentures and the amount of \$5,658 has been recorded as the equity portion of the debentures reserve. The effective interest rate was 20%.

During June 2019, the Company entered into a convertible debenture with an arm’s length party for the principal amount of \$100,000 which bears interest at the rate of 10% per annum and which was due and payable on June 21, 2021 (the “Term”). At any time prior to the expiry of the Term, all or part of the principal amount was convertible into units of the Company at the price of \$1.00 per unit. Each Unit consists of one common share and one share purchase warrant. Each share purchase warrant shall be exercisable at the price of \$2.50 per share for a period of two years.

On initial recognition, the amount of \$13,344 was recorded as the equity portion of convertible debenture reserve and remains outstanding at June 30, 2021. The effective interest rate was 20%. As at June 30, 2021, the amount of \$100,000 has been recorded as the liability portion of convertible debentures including accrued interest.

During June 2020, the Company closed unsecured convertible debenture financing agreements in the aggregate amount of \$446,000 (the “Debentures”). The Debentures bear interest at the rate of 10% per annum, and have a maturity date of thirty-six months from closing. The Debentures are convertible at a conversion price of \$0.06 per unit in Year 1 and at a conversion price of \$0.10 per unit in Year 2 & Year 3. Each unit consists of one common share and one share purchase warrant exercisable at the price of \$0.10 per share for a period of three years from closing. In connection with the first closing, the Company issued an aggregate of 500,000 compensation warrants exercisable into units at \$0.06 per unit for a period of three years. Each share purchase warrant is exercisable at a price of \$0.10 for a period of three years. As of the date of this MD&A, a total of \$371,000 convertible debentures were converted at \$0.06 per unit and the Company issued a total of 6,183,333 units in the capital of the Company.

During August 2020, the Company entered into unsecured convertible debenture agreements for gross proceeds of \$135,000. The debentures bear interest at the rate of 10% per annum and have a maturity date of 36 months from closing. The debentures are convertible at a conversion price of \$0.10 per unit for three years. Each unit will consist of one common share and one share purchase warrant exercisable at the price of \$0.10 per share for a period of three years from closing. On initial recognition, the amount of \$24,816 was recorded as the equity portion of convertible secured debentures reserve. As of the date of this MD&A, \$15,000 of the debentures have been converted into 150,000 units at \$0.10 per unit, and the \$120,000 debentures have been redeemed and paid out in August 2021.

Non-convertible debentures

During February 2020, the Company entered into a debenture agreement with an arm’s length party for the amount of \$100,000. The debenture bears interest at 10% per annum for a term of five years. A total of 100,000 share purchase warrants exercisable at \$0.50 per share for five years were issued as bonus warrants in respect to this debenture. The Company paid \$10,000 in cash commission. On initial recognition, \$31,617 was recognized as the equity portion of the compound financial instrument, which was then offset by a deferred income tax recovery of \$8,537. During the six months ended June 30, 2021, \$1,384 (June 30, 2020 - \$nil) was recorded as accretion on this debenture.

Risks related to our Business

The Company, and the Securities of the Company, should be considered a highly speculative investment. The following risk factors should be given special consideration when evaluating an investment in any of the Company’s Securities:

- **General legislative risk**

The Company’s business is heavily regulated.

Although management believes that the revenues generated from the Company’s gaming products represent lawful business, there is the risk that the legality may be challenged by Canadian or other legal authorities.

Changes in gaming legislations in any jurisdiction, or the Company’s inability to obtain, maintain and comply with all applicable and required licenses, permits, and certifications can adversely affect the financial affairs of the Company.

- **Competition**

The marketplace for the Company’s gaming products is constantly undergoing changes, is intensely competitive and is subject to changes in customer preferences.

- **Internet and system infrastructure viability**

Any changes in the internet’s role as the premier computer network information service or any shutdown of internet services by significant internet service providers may have an adverse material impact on the Company’s ability to generate revenues. Furthermore, the Company can be severely and adversely affected from power failures, internet slowdowns or failures, software slowdowns or failures or hackings.

- **Reliance on key personnel**

The Company relies heavily on its employees, the loss of any of whom could have an adverse effect on the Company.

- **Customer loyalty**

The Company also relies on its licensees for the operation of the Company’s gaming products, the loss of any of which could have an adverse effect on the affairs of the Company.

- **Payment processing**

Changes in policies of companies, financial institutions or banks, that handle credit card transactions and/or other types of financial transactions such as cryptocurrency, can have an adverse impact on the business and financial affairs of the Company.

- **Foreign exchange rates**

The profitability of the Company can be affected by fluctuations in the exchange rate of the US Dollar in relation to the Canadian Dollar.

- **Reliance on Major Customer**

The Company relies heavily on its major customer. In the event that the Company loses its major customer, then it will have an adverse effect on the Company.

- ***Price volatility and liquidity of the Company’s securities***

The market price of the Company’s common shares and warrants have experienced considerable volatility and may continue to fluctuate in the future. Factors such as the Company’s quarterly and annual results, changes in existing legislation, new legislation, technological changes and general market conditions may adversely affect the market price of the Company’s common shares and warrants. There is a limited trading market for the Company’s common shares and warrants, and the ability of investors to sell their shares and/or warrants or the price at which those shares and/or warrants may be sold cannot be assured.

- ***Growth management***

If the Company’s gaming products gain traction in the market, rapid growth may occur which can result in certain strains on the Company.

- ***Dilution***

There are a number of outstanding securities and agreements pursuant to which common shares of the Company may be issued in the future. This would result in further dilution to the Company’s shareholders.

- ***Revenues and Dividends***

While the Company generates some nominal revenues, the Company has not yet established a long-term pattern of consistently generating meaningful revenues. The Company intends to retain its earnings in order to finance growth. Furthermore, the Company has not paid any dividends in the past.

- ***Under Capitalized***

The Company has outstanding debts, has working capital deficiency, has limited revenues, and has no assurances that sufficient funding will be available for the Company to continue its operations for an extended period of time.

- ***Disruption in Trading***

Trading in the common shares and warrants of the Company may be halted or suspended or may be subject to cease trade orders at any time and for any reason, including, but not limited to, the failure by the Company to submit documents to the Regulatory Authorities within the required time periods.

- ***Management Resources***

If all the required approvals are obtained, then during the period when Jackpot’s management concentrates its efforts to integrate the online casino and sports book business and operations, Jackpot’s management’s focus and resources may be distracted from Jackpot’s operations.

- ***Coronavirus (COVID-19) Pandemic***

On January 30, 2020, the World Health Organization declared the coronavirus outbreak (COVID19) a “Public Health Emergency of International Concern” and on March 11, 2020, declared COVID-19 a Pandemic. The current COVID-19 Pandemic is significantly impacting

the global economy and commodity and financial markets. The full extent and impact of the COVID-19 Pandemic is unknown and to date has included extreme volatility in financial markets, a slowdown in economic activity, extreme volatility in commodity prices and has raised the prospect of an extended global recession. As well, as efforts are undertaken to slow the spread of the COVID-19 Pandemic, the operation and development of projects may be impacted as governments have declared a state of emergency or taken other actions. If the operation or development of one or more of the operations or projects of the Company is suspended, it may have a material adverse impact on the Company’s results of operations, and financial condition. The broader impact of the COVID-19 Pandemic on investors, businesses, the global economy or financial and commodity markets may also have a material adverse impact on the Company’s results of operations and financial condition.

Previously, the majority of the Company’s revenues were generated from licensing the Jackpot Blitz™ ETG platform to the cruise ship industry. As a result of the cruise ship industry’s suspension of operations due to the COVID-19 Pandemic, the Company’s revenues have been, and will continue to be, negatively impacted for the duration of the cruise ship industry’s suspension of operations. Furthermore, while the operations of the cruise ship industry have resumed, uncertainty still remains. The Company expects future revenues that may be generated from the cruise ship segment of its business shall be unpredictable and shall continue to be negatively affected by the ongoing COVID-19 Pandemic.

In regards to the land-based casino industry, the Company has been revisiting its expansion plans which were negatively impacted by the Pandemic. Due to the unpredictability of the Covid-19 Pandemic, there are no assurances that the Company’s revised expansion plans shall materialize as anticipated.

- **Research and development risk**

Research and development carries an element of risk because it involves trying new and untested ideas. New or modified products or services may prove to be more difficult or costly to develop than anticipated due to engineering challenges encountered internally or with external vendors. Additionally, delays in commercializing new products and services may lead to a decrease in projected revenue.

The primary research and development risks for the Company include the following:

- a. **Custom large high-performance touchscreen.** The custom touchscreen used in the Company’s new product uses a combination of cutting-edge hardware and proprietary software techniques that are geared specifically for gesture-based game play. Due to the unique and new nature of this technology, the Company cannot realistically estimate the longevity and reliability of the touchscreen in a 24/7 casino environment. With the current shortage of display devices around the world, the custom large high-performance touchscreen has a long lead time, 4+ months, and if the demand of the product changes, the Company may have difficulty meeting customer demand or hold a costly raw material in inventory until the demand is met which impacts company’s cash flow. The Company expects to mitigate this risk as it gains more operational experience with the touchscreen and newer technologies become available in the global touchscreen industry.
- b. **Product safety testing and certification.** New products must meet Canadian Standards Association (CSA) and/or Underwriters Laboratories (UL) standards to be used in the USA and Canada. Any scheduling issues or abnormal delays experienced by the 3rd party testing company will result in delays for launching the regulated version of the product.

The Company has received its safety testing and certification reports for the Jackpot Blitz™ ETG Platform under the applicable CSA, UL, and CE standards.

- c. **Electromagnetic compatibility (EMC) testing and certification.** New products must have a Federal Communications Commission (FCC) "Declaration of Conformity" label for it to be used in the USA and Canada. Any scheduling issues or abnormal delays experienced by the 3rd party testing company will result in delays for launching the regulated version of the product.

The Company has received its certification reports and Declaration of Conformity label for the Jackpot Blitz™ ETG platform under the applicable FCC and CE EMC standards.

- d. **Gaming device testing and certification.** New products must undergo both hardware and software testing to be permitted for use in a regulated casino environment. Gaming products must comply with Gaming Labs International (GLI) standards in most gaming jurisdictions in the USA and Canada. Some jurisdictions, such as Ontario, have their own testing standards. Any scheduling issues or abnormal delays experienced by the 3rd party testing company will result in delays for launching the regulated version of the product.

The Company has received its Certification Document from Gaming Laboratories International (“GLI®”) that the Jackpot Blitz™ ETG platform is compliant with the requirements of GLI-24 and the National Indian Gaming Commission’s Class 2 Gaming Systems standard. Jackpot Blitz is also compliant with the applicable requirements from GLI-12, GLI-13, GLI-16 and GLI-21.

Related Party Transactions

The Company shares office space and certain expenses with 37 Capital, a company related by certain common officers and directors.

37 Capital is related to the Company by virtue of the fact that 37 Capital’s CEO, namely Jake H. Kalpakian, is the Chairman, President and CEO of the Company, and a director of 37 Capital namely, Bedo H. Kalpakian, was the former Chairman and CFO of the Company. Furthermore, Gregory T. McFarlane and Neil Spellman are directors of both the Company and 37 Capital, and Neil Spellman is the CFO of both the Company and 37 Capital.

During June 2020 and September 2020, the Company entered into a Lease Amendment and Extension Agreement and Rent Reduction Agreement with the arm’s length party (collectively the “New Lease Agreements”). Under the Canada Emergency Commercial Rent Assistance program (“CECRA”) and pursuant to the New Lease Agreements, effective April 2020 through September 2020, the Company pays approximately \$4,600 of rent per month. In respect to the Office Lease, the Company has paid a deposit in the amount of \$15,000. Effective as of May 1, 2018, the Company and 37 Capital have agreed that 37 Capital shall have no further responsibilities, obligations, or commitments to any party in respect to the Office Lease Agreement and that 37 Capital shall pay a monthly rent of \$1,000 plus applicable taxes to Jackpot. Either Jackpot or the Company may terminate this agreement by giving each other a three months’ notice in writing.

During June 2021, the Company entered into an office lease agreement with an arm’s length party in respect to 1,293 square feet of office space in Vancouver, BC commencing August 1, 2021 until July 31, 2023. The Company pays a monthly rent of \$2,909 plus operating cost and applicable taxes.

FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

(a) Risk management overview

The Company’s activities expose it to a variety of financial risks, including credit risk, liquidity risk and market risk. This note presents information about the Company’s exposure to each of the above risks, the Company’s objectives, policies, and processes for measuring and managing risk, and the Company’s management of capital. The Company employs risk management strategies and policies to ensure that any exposure to risk is in compliance with the Company’s business objectives and risk tolerance levels. While the Board of Directors has the overall responsibility for the Company’s risk management framework, the Company’s management has the responsibility to administer and monitor these risks.

(b) Fair value of financial instruments

The fair values of cash and cash equivalents, accounts receivable, due from related parties, accounts payable and accrued liabilities, lease liability, loans payable, due to related parties, interest payable, and refundable subscription approximate their carrying values due to the short-term maturity of these instruments. The non-convertible secured debentures and convertible debentures are classified as Level 3 financial instruments.

The significance of inputs used in making fair value measurements are examined and classified according to a fair value hierarchy. The levels of the fair value hierarchy are as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly;
- Level 3: Inputs for assets or liabilities that are not based on observable market data.

(c) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The financial instruments that potentially subject the Company to a significant concentration of credit risk consist of cash and cash equivalents, and accounts receivable. The Company mitigates its exposure to credit loss associated with cash by placing its cash and cash equivalents in a major financial institution. The Company’s cash and cash equivalents as at June 30, 2021, and 2020 are as follows:

	2021	2020
Cash and Cash Equivalents consists of:		
Cash	\$ 173,359	\$ (8,406)
Term deposit	17,250	17,250
Variable Rate GIC	750,000	-
	\$ 940,609	\$ 8,844

As at June 30, 2021, the Company had cashable term deposits of \$17,250 (2020 - \$17,250) readily convertible into cash, maturing July 31, 2022 with an annual interest rate of 0.60%. As of June 30, 2021, the Company had variable rate GIC of \$750,000 readily convertible into cash, maturing on March 9, 2022 with an annual interest rate of 0.25%.

To mitigate credit risk on the Company’s trade receivables, the Company regularly reviews the collectability of the accounts receivable to ensure there is no indication that these amounts will not be fully recoverable.

(d) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they are due. The Company’s approach to managing liquidity is to ensure that it will have sufficient liquidity to meet its liabilities when due.

At June 30, 2021, the Company has cash and cash equivalents of \$940,609 (December 31, 2020 - \$438,642) available to apply against short-term business requirements and current liabilities of \$5,264,058 (December 31, 2020 - \$5,134,249). All of the liabilities presented as accounts payable and accrued liabilities and due to related parties are due within 90 days of June 30, 2021. As at June 30, 2021, all of the Company’s debentures have maturity dates between one and three years. The Company will be required to raise additional capital in order to fund operations for the next twelve months.

(e) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates, will affect the Company’s income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing return on capital.

(i) Currency risk

The Company is exposed to foreign currency risk and has significant financial assets and liabilities denominated in US dollars. The Company has not entered into any foreign currency contracts to mitigate this risk. As at June 30, 2021, the Company is exposed to currency risk for its US dollar equivalent of financial assets and liabilities denominated in currencies other than Canadian dollars as follows:

	Held in US dollars (stated in Canadian dollars)	
	June 30, 2021,	December 31, 2020
Cash	\$ 20,565	\$ 67
Accounts receivable	6,227	1,677
Accounts payable and accrued liabilities	(714,794)	(336,285)
Interest payable	(1,783,567)	(1,663,882)
Non-convertible secured debentures	(2,467,899)	(2,346,880)
Net financial liability	\$ (4,939,468)	\$ (4,345,303)

Based upon the above net exposure as at June 30, 2021, and assuming all other variables remain constant, a 2% (June 30, 2020 - 4%) depreciation or appreciation of the US dollar relative to the Canadian dollar would result in a change of approximately \$98,789 (December 31, 2020 - \$86,906) in the Company’s net loss and comprehensive loss.

(ii) Interest rate risk

Interest rate risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. Interest earned on cash and cash equivalents is at nominal interest rates, and therefore the Company does not consider interest rate risk to be significant.

As at June 30, 2021, the interest rate on the non-convertible secured debentures, loans payable, and convertible debenture balances have fixed interest rates. As such, the Company is exposed to interest rate price risk to the extent of these financial liabilities.

(iii) Other price risk

Other price risk is the risk that the fair or future cash flows of a financial instrument will fluctuate due to changes in market prices, other than those arising from interest rate risk. The Company is not exposed to significant other price risk.

Transaction with 37 Capital Inc.

As at December 31, 2018, the Company had a controlling interest of approximately 49% of 37 Capital’s issued and outstanding shares. During the year ended December 31, 2019, the Company sold 680,000 common shares in the capital of 37 Capital through the facilities of the Canadian Securities Exchange (CSE) for gross proceeds to the Company of \$170,580 thereby reducing its controlling interest to approximately 0.70% of 37 Capital’s issued and outstanding shares and recorded \$326,150 in non-controlling interest as a result of the decrease in interest in 37 Capital. As a result of the sale, the Company determined that control of 37 Capital ceased effective September 30, 2019 and, as such, the assets, liabilities and non-controlling interest of 37 Capital were derecognized. On deconsolidation, the Company recognized assets of \$127,262 (including a derecognition of \$400 in cash and cash equivalents) and derecognized liabilities of \$1,009,241 and non-controlling interest of \$1,000,834, resulting in a gain on deconsolidation of \$135,669 being recorded during the year ended December 31, 2019. During January 2021, the Company acquired

597,380 additional common shares of 37 Capital pursuant to a debt settlement agreement dated December 11, 2020. As at June 30, 2021, the Company has approximately 13.51% of 37 Capital’s issued and outstanding shares.

Off-balance sheet arrangements

The Company does not have any off-balance sheet arrangements.

Significant Accounting Policies

All of the Company’s significant accounting policies and estimates are included in Note 4 of the Company’s condensed consolidated interim financial statements for the six months ended June 30, 2021, and 2020.

Director Approval

The contents of this MD&A and the sending thereof to the Shareholders of the Company have been approved by the Company’s Board of Directors.

Outlook

The Company’s new ETG platform, Jackpot Blitz™, continues to generate interest from numerous parties and the Company is working to continuously improve the Jackpot Blitz™ ETG and open up new markets for the Company’s products. However, the COVID-19 Pandemic has negatively impacted the Company and the gaming industry as a whole.

The Company is working on getting the Jackpot Blitz™ certified with the Gaming Labs International (GLI) standard, GLI-11. Receiving the certification of GLI-11 on the Jackpot Blitz™ ETG shall open up additional land-based casino jurisdictions which the Jackpot Blitz™ could not enter previously with its current GLI-24 certification. In addition, The Company is working on a new project for a client to incorporate table games and other casino entertainment experiences into a new gaming machine. While both of these projects are still in the development stage, Management is optimistic that once these new projects are completed and the cruise ship industry and land-based casinos resume and are fully operational, then the Company’s revenues should increase.
