

CANADA GOOSE HOLDINGS INC.

**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
OF CANADA GOOSE HOLDINGS INC.
TO BE HELD ON AUGUST 4, 2023**

AND

**MANAGEMENT INFORMATION CIRCULAR
OF CANADA GOOSE HOLDINGS INC.**

CANADA GOOSE HOLDINGS INC.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that the annual meeting (the "**Meeting**") of the holders of subordinate voting shares (the "**Subordinate Voting Shares**") and multiple voting shares (the "**Multiple Voting Shares**") and, together with the Subordinate Voting Shares, the "**Shares**") of Canada Goose Holdings Inc. (the "**Company**") will be held at 10:00 a.m. (Eastern time) on August 4, 2023, to consider and take action on the following matters:

- (1) to receive the audited annual consolidated financial statements of the Company for the fiscal year ended April 2, 2023, together with the notes thereto and the independent auditor's report thereon;
- (2) to elect the directors of the Company who will serve until the next annual meeting of shareholders or until their successors are elected or appointed;
- (3) to appoint the auditor of the Company and authorize the board of directors of the Company (the "**Board of Directors**") to fix their remuneration; and
- (4) to transact such other business as may properly be brought before the Meeting or any postponement or adjournment thereof.

The Company is holding the Meeting as a fully electronic meeting, which will be conducted via live webcast, where all shareholders regardless of geographic location and equity ownership will have an equal opportunity to participate in the Meeting and engage with directors of the Company and management as well as other shareholders. Shareholders will not be able to attend the Meeting in person. Registered shareholders and duly appointed proxyholders will be able to participate and vote at the Meeting online at <https://web.lumiagm.com/473762884>. Non-registered shareholders (being shareholders who hold their Shares through a broker, investment dealer, bank, trust company, custodian, nominee or other intermediary) who have not duly appointed themselves as proxyholder and guests will not be able to participate or vote at the Meeting, but will be able to attend the Meeting. The Company views the use of technology-enhanced shareholder communications as a method to facilitate individual investor participation, making the Meeting more accessible and engaging for all involved, by permitting a broader base of shareholders to participate in the Meeting, which is consistent with the goals of the regulators, stakeholders, and others invested in the corporate governance process.

As a shareholder of the Company, it is very important that you read the Circular and other Meeting Materials (as defined herein) carefully. They contain important information with respect to voting your Shares and attending and participating at the Meeting. As permitted by Canadian securities regulators, you are receiving this notification as the Company has decided to use the "notice-and-access" mechanism for delivery to both registered and non-registered shareholders of this notice of annual meeting of shareholders, the Circular prepared in connection with the Meeting and other proxy-related materials, as well as the audited annual consolidated financial statements of the Company for the fiscal year ended April 2, 2023, together with the notes thereto and the independent auditor's report thereon, and the related management's discussion and analysis (collectively, the "**Meeting Materials**").

This means that the Meeting Materials will be posted online, via SEDAR at www.sedar.com and on the Company's investor relations website at investor.canadagoose.com, rather than being mailed out. Notice-and-access substantially reduces the Company's printing and mailing costs and reduces paper and energy consumption. **Shareholders will still receive a form of proxy or a voting instruction form in the mail so they can vote their shares but, instead of receiving a paper copy of the Circular, they will receive a notice with information about how they can access the Circular electronically and how to request a paper copy.**

The Board of Directors has fixed the close of business on June 20, 2023 as the record date for determining shareholders entitled to receive notice of, and to vote at, the Meeting, or any postponement or adjournment thereof. No person who becomes a shareholder of record after that time will be entitled to vote at the Meeting or any postponement or adjournment thereof.

A shareholder who wishes to appoint a person other than the management nominees identified on the form of proxy or voting instruction form, to represent him, her or it at the Meeting may do so by inserting such person's name in the blank space provided in the form of proxy or voting instruction form and following the instructions for submitting such form of proxy or voting instruction form. This must be completed prior to registering such proxyholder, which is an additional step to be completed once you have submitted your form of proxy or voting instruction form. **If you wish that a person other than the management nominees identified on the form of proxy or voting instruction form attend and participate at the Meeting as your proxy and vote your Shares, including if you are a non-registered shareholder and wish to appoint yourself as proxyholder to participate and vote at the Meeting, you MUST register such proxyholder after having submitted your form of proxy or voting instruction form identifying such proxyholder.** Failure to register the proxyholder will result in the proxyholder not receiving a Username to participate in the Meeting. Without a Username, proxyholders will not be able to participate or vote at the Meeting. To register a proxyholder, shareholders **MUST** visit <https://www.computershare.com/CanadaGoose> and provide Computershare Investor Services Inc. ("**Computershare**") with their proxyholder's contact information, so that Computershare may provide the proxyholder with a Username via email. Guests can also attend the Meeting but will not be able to participate or vote thereat. They must follow the steps set forth <https://web.lumiagm.com/473762884> on the day of the Meeting to access the live webcast.

Proxies must be deposited with Computershare no later than 10:00 a.m. (Eastern time) on August 2, 2023, or if the Meeting is postponed or adjourned, by no later than 48 hours prior to the time of such postponed or adjourned meeting (excluding Saturdays, Sundays and holidays). The Company reserves the right to accept late proxies and to waive the proxy cut-off, with or without notice. Non-registered shareholders should carefully follow the instructions of their intermediaries to ensure that their Shares are voted at the Meeting in accordance with such shareholder's instructions.

Dated at Toronto, Ontario, this 22nd day of June, 2023.

By order of the Board of Directors,

Dani Reiss, Chairman and Chief Executive Officer

GENERAL INFORMATION

This management information circular (the "Circular") is furnished in connection with the solicitation by management of Canada Goose Holdings Inc. (the "Company") of proxies for use at the annual meeting of the holders of subordinate voting shares (the "Subordinate Voting Shares") and multiple voting shares (the "Multiple Voting Shares" and, together with the Subordinate Voting Shares, the "Shares") of the Company (the "Meeting") to be held on August 4, 2023 at 10:00 a.m. (Eastern time), or any postponements or adjournments thereof, for the purposes set forth in the accompanying notice of annual meeting of shareholders (the "Notice of Meeting").

The Meeting will be held as a fully electronic meeting, which will be conducted via live webcast. Shareholders will not be able to attend the Meeting in person. If you cannot participate in the live webcast, we encourage you to please deposit your completed proxy form or voting instruction form with Computershare Investor Services Inc. ("Computershare") before 10:00 a.m. (Eastern Time) on August 2, 2023. If you are able to attend the Meeting and prefer to vote online in real time, a summary of the information shareholders will need to attend and participate in the Meeting online is provided below. The Company views the use of technology-enhanced shareholder communications as a method to facilitate individual investor participation, making the Meeting more accessible and engaging for all involved, by permitting a broader base of shareholders to participate in the Meeting, which is consistent with the goals of the regulators, stakeholders, and others invested in the corporate governance process.

Unless otherwise noted or the context otherwise requires, all information provided in this Circular is given as at June 22, 2023 and references to the "Company" and "Canada Goose" refer to Canada Goose Holdings Inc., its direct and indirect subsidiaries, predecessors and other entities controlled by them. Unless otherwise indicated, all references to "\$" or "dollars" in this Circular refer to Canadian dollars. Certain totals, subtotals and percentages throughout this Circular may not reconcile due to rounding.

The Company's audited annual consolidated financial statements for the 52-week period ended April 2, 2023 ("Fiscal 2023") have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board, and are presented in millions of Canadian dollars, except where otherwise indicated. However, certain financial measures contained in this Circular are non-IFRS measures. Additional information relating to non-IFRS measures can be found in the section entitled "Non-IFRS Financial Measures and Other Specified Financial Measures" of the Company's Annual Report on Form 20-F in respect of Fiscal 2023 (the "Annual Report"), available on SEDAR at www.sedar.com and on EDGAR at www.sec.gov.

No person has been authorized to give any information or to make any representation in connection with any other matters to be considered at the Meeting other than those contained in this Circular and, if given or made, any such information or representation must not be relied upon as having been authorized.

Forward-Looking Statements

Certain statements in this Circular constitute forward-looking statements. These forward-looking statements include, amongst others, information with respect to our objectives and the strategies to achieve these objectives, as well as information with respect to our beliefs, plans, expectations, anticipations, estimates and intentions. The words "scheduled", "may", "will", "would", "should", "could", "expects", "plans", "intends", "trends", "anticipates", "believes", "estimates", "likely" or "potential" or the negative or other variations of these words or other comparable words or phrases, are intended to identify forward-looking statements.

Forward-looking statements are based on estimates and assumptions made by the Company in light of its experience and perception of historical trends, current conditions and expected future developments, as well as other factors that the Company believes are appropriate and reasonable in the circumstances, but there can be no assurance that such estimates and assumptions will prove to be correct or that the Company's business guidance, objectives, plans and strategic priorities will be achieved.

Many factors could cause the Company's actual results or affairs to differ materially from those expressed or implied by the forward-looking statements, including, without limitation, the factors discussed in the "Risk Factors" section of our Annual Report (which, for purposes of applicable Canadian securities laws, constitutes the Company's annual information form). Although these factors are not intended to represent a complete list of the factors that could affect the Company, they should be considered carefully. The forward-looking statements contained in this Circular are made as of the date of this Circular, and the Company has no intention and undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable securities regulations. The forward-looking statements contained in this Circular are expressly qualified by this cautionary statement. We caution investors not to rely on the forward-looking statements contained in this Circular when making an investment decision in our securities.

You are encouraged to read our filings with the Securities and Exchange Commission (the "SEC") available at www.sec.gov and our filings with Canadian securities regulatory authorities available at www.sedar.com for a discussion of these and other risks and uncertainties. Please also refer to the section entitled "Cautionary Note Regarding Forward-Looking Statements" in the Annual Report for additional details with respect to forward-looking statements.

Notice to United States Shareholders

Canada Goose is a corporation organized under the laws of the Province of British Columbia, Canada, and is a foreign private issuer within the meaning of Rule 3b-4 under the *United States Securities and Exchange Act of 1934*, as amended (the "**Exchange Act**").

The solicitation of proxies for the Meeting is not subject to the proxy requirements of Section 14(a) of the Exchange Act, and Regulation 14A thereunder, by virtue of an exemption available to proxy solicitations by foreign private issuers. Accordingly, the solicitation contemplated herein is being made to United States shareholders only in accordance with Canadian corporate and securities laws and this Circular has been prepared solely in accordance with disclosure requirements applicable in Canada.

United States shareholders should be aware that such requirements are different from those of the United States applicable to proxy statements under the Exchange Act. Specifically, information contained or incorporated by reference herein has been prepared in accordance with Canadian disclosure standards, which are not comparable in all respects to United States disclosure standards. The enforcement by shareholders of civil liabilities under the United States federal and state securities laws may be affected adversely by the fact that the Company is incorporated or organized outside the United States, that some or all of its officers and directors and the experts named herein are residents of a country other than the United States, and that all or a substantial portion of the assets of the Company and such persons are located outside the United States.

As a result, it may be difficult or impossible for the United States shareholders to effect service of process within the United States upon the Company, its officers and directors or the experts named herein, or to realize against them upon judgments of courts of the United States predicated upon civil liabilities under the federal securities laws of the United States or any state securities laws.

In addition, the United States shareholders should not assume that the courts of Canada: (a) would enforce judgments of United States courts obtained in actions against such persons predicated upon civil liabilities under the federal securities laws of the United States or any state securities laws, or

(b) would enforce, in original actions, liabilities against such persons predicated upon civil liabilities under the federal securities laws of the United States or any state securities laws.

Voting Information

The following questions and answers provide guidance on how to vote your Subordinate Voting Shares and/or Multiple Voting Shares.

Who is soliciting my proxy?

Management of the Company is soliciting your proxy. It is expected that the solicitation will be made primarily by mail but proxies may also be solicited by telephone, over the Internet, in writing or in person, by directors, officers or employees of the Company and its subsidiaries who will receive no other compensation therefor other than their regular remuneration. The Company may also reimburse brokers and other persons holding Shares in their name or in the name of nominees for the costs incurred in sending proxy materials to their principals in order to obtain their proxies. Such costs are expected to be nominal.

Who can vote?

Only holders of record of Subordinate Voting Shares and/or Multiple Voting Shares as of the close of business on June 20, 2023 (the "**Record Date**") are entitled to receive notice of, and to vote at, the Meeting or any postponement or adjournment thereof, and no person becoming a shareholder after the Record Date shall be entitled to receive notice of, or to vote at, the Meeting or any postponement or adjournment thereof. The failure of any shareholder to receive notice of the Meeting does not deprive the shareholder of the right to vote at the Meeting to which the shareholder would have otherwise been entitled.

What will I be voting on?

Shareholders will be asked to consider and to vote on:

- the election of the directors of the Company who will serve until the next annual meeting of shareholders or until their successors are elected or appointed;
- the appointment of the auditor of the Company and authorize the board of directors of the Company (the "**Board of Directors**") to fix their remuneration; and
- such other business as may properly be brought before the Meeting or any postponement or adjournment thereof.

How will these matters be decided at the Meeting?

A simple majority of the votes cast at the Meeting will constitute approval of each of the matters specified in this Circular. Computershare Investor Services Inc., the Company's transfer agent, will count and tabulate the votes at the Meeting.

For details regarding the Company's majority voting policy with respect to the election of directors, see "Disclosure of Corporate Governance Practices – Majority Voting Policy".

What is the necessary quorum for the Meeting?

A quorum for meetings of shareholders is present if shareholders who, in the aggregate, hold at least twenty-five percent (25%) of the issued shares plus at least a majority of Multiple Voting Shares entitled to vote at the meeting are present or represented by proxy.

How many votes do I have?

The Subordinate Voting Shares are "restricted securities" within the meaning of such term under applicable Canadian securities laws in that they do not carry equal voting rights with the Multiple Voting Shares.

Each Multiple Voting Share carries the right to ten votes and each Subordinate Voting Share carries the right to one vote. As of June 20, 2023, the Record Date, there were 52,206,001 Subordinate Voting Shares and 51,004,076 Multiple Voting Shares issued and outstanding. In the aggregate, all of the voting rights associated with the Subordinate Voting Shares represented, as of June 20, 2023, approximately 9.3% of the voting rights attached to all of the issued and outstanding Shares.

The Subordinate Voting Shares are not convertible into any other class of shares. Each outstanding Multiple Voting Share may at any time, at the option of the holder, be converted into one Subordinate Voting Share. Upon the first date that any Multiple Voting Share shall be held other than by a Permitted Holder (as such term is defined in the Company's articles), such holder, without any further action, shall automatically be deemed to have exercised his, her or its rights to convert all of the Multiple Voting Shares held by such holder into fully paid and non-assessable Subordinate Voting Shares, on a share for share basis.

In addition, all Multiple Voting Shares held by the Bain Group Permitted Holders (as such term is defined in the Company's articles) will convert automatically, without any further action, into Subordinate Voting Shares at such time as the Bain Group Permitted Holders that hold Multiple Voting Shares no longer as a group beneficially own, directly or indirectly and in the aggregate, at least 15% of the aggregate number of outstanding Multiple Voting Shares and Subordinate Voting Shares (it being understood that the number of Multiple Voting Shares shall be added to the number of Subordinate Voting Shares for the purposes of such calculation) and all Multiple Voting Shares held by the Reiss Group Permitted Holders (as such term is defined in the Company's articles) will convert automatically, without any further action, into Subordinate Voting Shares at such time that is the earlier to occur of the following: (i) the Reiss Group Permitted Holders that hold Multiple Voting Shares no longer as a group beneficially own, directly or indirectly and in the aggregate, at least 15% of the aggregate number of outstanding Multiple Voting Shares and Subordinate Voting Shares (it being understood that the number of Multiple Voting Shares shall be added to the number of Subordinate Voting Shares for the purposes of such calculation) and (ii) Dani Reiss is no longer serving as a director of the Company or in a senior management position with the Company.

Under applicable Canadian laws, an offer to purchase Multiple Voting Shares would not necessarily require that an offer be made to purchase Subordinate Voting Shares. In accordance with the rules of the Toronto Stock Exchange (the "TSX") designed to ensure that, in the event of a take-over bid, the holders of Subordinate Voting Shares will be entitled to participate on an equal footing with holders of Multiple Voting Shares, DTR LLC ("DTR") (and its then-relevant affiliates) and entities advised by affiliates of Bain Capital, LP (the "**Bain Capital Entities**" and together with DTR, the "**Principal Shareholders**"), as the holders of all the outstanding Multiple Voting Shares as at March 21, 2017, entered into a coattail agreement dated March 21, 2017 with the Company and Computershare Trust Company of Canada (as supplemented from time to time, the "**Coattail Agreement**"). The Coattail Agreement contains provisions customary for dual-class, TSX-listed corporations designed to prevent transactions that otherwise would deprive the holders of Subordinate Voting Shares of rights under applicable securities laws in Canada to which they would have been entitled if the Multiple Voting Shares had been Subordinate Voting Shares. A copy of the Coattail Agreement is available on SEDAR at www.sedar.com.

Who can I call with questions?

If you have questions about the information contained in this Circular or require assistance in completing your form of proxy, please contact Computershare Investor Services Inc., the Company's transfer agent, toll-free at 1-800-564-6253, or by mail at:

Computershare Investor Services Inc.
100 University Avenue, 8th Floor
Toronto, Ontario M5J 2Y1

Am I a Registered Shareholder or Non-Registered Shareholder?

Registered holders of Shares (referred to in this Circular as "**registered shareholders**") hold Shares of the Company registered in their names and such shares are generally evidenced by a share certificate or direct registration statement.

However, most holders of Shares (referred to in this Circular as "**non-registered shareholders**"), beneficially own their Shares through a depository or nominee such as a trustee, financial institution or securities broker (referred to in this Circular as "**intermediaries**"). If your Shares appear on an account statement provided by your bank, broker or financial advisor, you are, in all likelihood, a non-registered shareholder. Non-registered shareholders should carefully follow the instructions of their intermediaries to ensure that their Shares are voted at the Meeting in accordance with such shareholder's instructions.

How do I vote?

1. Voting by Proxy before the Meeting

You may vote before the Meeting by completing your form of proxy or voting instruction form in accordance with the instructions provided therein. Non-registered shareholders should also carefully follow all instructions provided by their intermediaries to ensure that their Shares are voted at the Meeting.

The persons named in the form of proxy and voting instruction form, namely Dani Reiss and Jonathan Sinclair, are the Chairman and Chief Executive Officer of the Company and the Executive Vice President & Chief Financial Officer of the Company, respectively. **However, as further described herein, you may choose another person to act as your proxyholder (who need not be a shareholder of the Company), including yourself if you are a non-registered shareholder and wish to participate and vote at the Meeting, by inserting such person's name in the blank space provided in the form of proxy or voting instruction form. See "Appointment of a Third Party as Proxy".**

On the form of proxy, you may indicate either how you want your proxyholder to vote your Shares, or you can let your proxyholder decide for you. If you have specified on the form of proxy how you want your Shares to be voted on a particular matter (by marking **FOR** or **WITHHOLD**), then your proxyholder must vote your Shares accordingly. If you have not specified on the form of proxy how you want your Shares to be voted on a particular matter, then your proxyholder can vote your Shares as he or she sees fit. **Unless contrary instructions are provided, the voting rights attached to the Shares represented by proxies received by the management of the Company will be voted:**

- **FOR the election of all the nominees proposed as directors; and**
- **FOR the appointment of Deloitte LLP as auditor of the Company and authorizing the Board of Directors to fix their remuneration.**

The form of proxy gives the persons named in it authority to use their discretion in voting on amendments or variations to matters identified in the Notice of Meeting. As of the date of this Circular, the management of the Company is not aware of any other matter to be presented at the Meeting. If, however, other matters properly come before the Meeting, the persons named in the form of proxy and voting instruction form will vote on them in accordance with their judgment, pursuant to the discretionary authority conferred upon them by the form of proxy with respect to such matters.

2. Voting at the Meeting

Registered shareholders may vote at the Meeting by completing a ballot online during the Meeting, as further described below. See "How do I participate and vote at the Meeting?".

Non-registered shareholders who have not duly appointed themselves as proxyholder will not be able to participate or vote at the Meeting. This is because the Company and its transfer agent do not have a record of the non-registered shareholders of the Company, and, as a result, will have no knowledge of your shareholdings or entitlement to vote, unless you appoint yourself as proxyholder. **If you are a non-registered shareholder and wish to vote and participate at the Meeting, you have to appoint yourself as proxyholder, by inserting your own name in the space provided on the voting instruction form sent to you and must follow all of the applicable instructions provided by your intermediary.** See "Appointment of a Third Party as Proxy" and "How do I participate and vote at the Meeting?".

Guests will be able to access the Meeting by accessing <https://web.lumiagm.com/473762884> on the day of the Meeting and following the instructions set forth therein. Guests who access the Meeting will not be able to participate, ask questions or vote at the Meeting. See "Can I attend the Meeting even if I am not a registered shareholder or a duly appointed proxyholder?".

Appointment of a Third Party as Proxy

The following applies to shareholders who wish to appoint a person (a "**third party proxyholder**") other than the management nominees set forth in the form of proxy or voting instruction form as proxyholder, including non-registered shareholders who wish to appoint themselves as proxyholder to participate or vote at the Meeting.

Shareholders who wish to appoint a third party proxyholder to participate or vote at the Meeting as their proxy and vote their Shares MUST submit their proxy or voting instruction form (as applicable) appointing such third party proxyholder AND register the third party proxyholder, as described below. Registering your proxyholder is an additional step to be completed AFTER you have submitted your proxy or voting instruction form. Failure to register the proxyholder will result in the proxyholder not receiving a Username to participate and vote at the Meeting.

- **Step 1: Submit your proxy or voting instruction form:** To appoint a third party proxyholder, insert such person's name in the blank space provided in the form of proxy or voting instruction form (if permitted) and follow the instructions for submitting such form of proxy or voting instruction form. This must be completed prior to registering such proxyholder, which is an additional step to be completed once you have submitted your form of proxy or voting instruction form. If you are a non-registered shareholder located in the United States, you must also provide Computershare with a duly completed legal proxy if you wish to participate and vote at the Meeting or, if permitted, appoint a third party as your proxyholder. See below under this section for additional details.
- **Step 2: Register your proxyholder:** To register a proxyholder, shareholders **MUST** visit <https://www.computershare.com/CanadaGoose> by 10:00 a.m. (Eastern time) on August 2, 2023 and provide Computershare with the required proxyholder contact information, so that Computershare may provide the proxyholder with a Username via email. **Without a Username, proxyholders will not be able to participate or vote at the Meeting.**

If you are a non-registered shareholder and wish to participate or vote at the Meeting, you have to insert your own name in the space provided on the voting instruction form sent to you by your intermediary, follow all of the applicable instructions provided by your intermediary **AND register yourself as your proxyholder, as described above.** By doing so, you are instructing your intermediary to appoint you as proxyholder. It is important that you comply with the signature and return instructions provided by your intermediary. Please also see further instructions below under the heading "How do I participate and vote at the Meeting?".

If you are a non-registered shareholder located in the United States and wish to participate and vote at the Meeting or, if permitted, appoint a third party as your proxyholder, in addition to the steps described above and below under "How do I participate and vote at the Meeting?", you must obtain a valid legal proxy from your intermediary. Follow the instructions from your intermediary included with the legal proxy form and the voting instruction form sent to you, or contact your intermediary to request a legal proxy form or a legal proxy if you have not received one. After obtaining a valid legal proxy from your intermediary, you must then submit such legal proxy to Computershare. Requests for registration from non-registered shareholders located in the United States that wish to participate and vote at the Meeting or, if permitted, appoint a third party as their proxyholder must be sent by e-mail or by courier to: uslegalproxy@computershare.com (if by e-mail), or Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 (if by courier), and in both cases, must be labeled as "legal proxy" and received by no later than 10:00 a.m. (Eastern time) on August 2, 2023.

How do I participate and vote at the Meeting?

The Company is holding the Meeting as a fully electronic meeting, which will be conducted via live webcast. Shareholders will not be able to attend the Meeting in person. In order to participate and vote at the Meeting (including for voting and asking questions at the Meeting), shareholders must have a valid Username.

Registered shareholders and duly appointed proxyholders will be able to participate and vote at the Meeting online at <https://web.lumiagm.com/473762884>. Such persons may then enter the Meeting by clicking "**I have a login**" and entering a Username and Password before the start of the Meeting:

- **Registered shareholders:** The control number located on the form of proxy or in the email notification you received is the Username. The Password to the Meeting is "**goose2023**" (case sensitive).

If as a registered shareholder you are using your control number to login to the Meeting and you accept the terms and conditions, you will be revoking any and all previously submitted proxies for the Meeting and will be provided the opportunity to vote by online ballot on the matters put forth at the Meeting. If you do not wish to revoke a previously submitted proxy, as the case may be, you will not be able to participate and vote at the Meeting online, but you will be able to attend the Meeting as a guest.

- **Duly appointed proxyholders:** Computershare will provide the proxyholder with a Username by e-mail after the voting deadline has passed. The Password to the Meeting is "**goose2023**" (case sensitive).

Only registered shareholders and duly appointed proxyholders will be entitled to participate and vote at the Meeting. Non-registered shareholders who have not duly appointed themselves as proxyholder will not be able to participate and vote at the Meeting, but will be able to attend the Meeting as guests. See "Can I attend the Meeting even if I am not a registered shareholder or a duly appointed proxyholder?" below.

Shareholders who wish to appoint a third party proxyholder to represent them at the Meeting (including non-registered shareholders who wish to appoint themselves as proxyholder to participate or

vote at the Meeting) **MUST** submit their duly completed proxy or voting instruction form AND register the proxyholder. See "Appointment of a Third Party as Proxy".

If you are a non-registered shareholder located in the United States and wish to participate or vote at the Meeting or, if permitted, appoint a third party as your proxyholder, you **MUST** also submit your legal proxy to Computershare. See "Appointment of a Third Party as Proxy".

If you attend the Meeting online, it is important that you are connected to the internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure connectivity for the duration of the Meeting. You should allow ample time to check into the Meeting online and complete the related procedure.

Can I attend the Meeting even if I am not a registered shareholder or a duly appointed proxyholder?

You can attend the meeting as a "guest" if you are not a registered shareholder or a duly appointed proxyholder. To do so, you need to log into <https://web.lumiagm.com/473762884> fifteen (15) minutes before the Meeting starts. You should allow ample time to check into the virtual Meeting and to complete the related procedures. You must complete the "Guest Login" section and click "Enter Here" to access the Meeting. Guests will be able to attend the Meeting, but will not be able to submit questions, vote their Shares (if any) or otherwise participate in the Meeting.

How may I submit questions at the Meeting?

Registered shareholders and duly appointed proxyholders may submit questions during the Meeting online when a question period is opened. COMPENSATION OF DIRECTORS

The director compensation program of the Company is designed to (i) attract and retain qualified individuals who possess the relevant experience of board membership, and (ii) align the compensation of the directors with the interest of the Company's shareholders through equity incentives.

The directors of the Company who are not related to our significant shareholders, being the directors other than Messrs. Bekenstein, Cotton and Reiss, and which are referred to herein as the "**external directors**", are entitled to compensation for their services as directors of the Company, whereas the directors who are not external directors do not receive compensation for their services as directors of the Company. The external directors of the Company are entitled to an annual cash retainer of US\$75,000 and an annual grant under the Company's Omnibus Incentive Plan in accordance with their respective director agreements. In addition, external directors who serve as members of committees of our Board of Directors are paid an additional US\$12,500 per year for their committee service. The Lead Director of the Company is entitled to an additional annual fee of US\$20,000 per year for his or her services in such role. The Chair of the Audit Committee is entitled to an additional annual fee of US\$25,000 per year for his or her service as such, while the Chair of the Nominating & Governance Committee, the Chair of the Compensation Committee and the Chair of the Environmental and Social Committee are entitled to an additional annual fee of US\$15,000, respectively, provided they are each considered external directors. The Company does not offer a meeting fee for Board of Directors meetings or committee meetings.

The written charter of the Company's compensation committee (the "**Compensation Committee**") provides that the Compensation Committee will review compensation for members of the Board of Directors on at least an annual basis, taking into account, among other things, their responsibilities and time commitment. The Compensation Committee will make recommendations to the Board of Directors with respect to changes to the approach to director compensation as it considers appropriate.

Director Share Ownership Requirements

Neither our articles nor the *Business Corporations Act* (British Columbia) ("**BCBCA**") provide that a director is required to hold any of our Subordinate Voting Shares as a qualification for holding his or her office. Our Board of Directors has discretion to prescribe minimum share ownership requirements for directors. To align the economic interests of our directors with those of our shareholders, external directors are granted share-based compensation on an annual basis for their services and are further encouraged to purchase securities of the Company. Moreover, the Company has adopted share ownership guidelines for external directors, which are set at two times (2x) each external director's annual retainer, such ownership requirement to be progressively achieved over a period of five years from the later of (i) each external director's appointment to the Board of Directors, or (ii) the date the share ownership guidelines became effective. As such, as at the date hereof, none of the external directors are currently required to achieve the share ownership requirements, although each of Messrs. Gunn and Huët are currently in compliance.

The director share ownership requirements can be satisfied through the ownership of directly owned shares, vested in-the-money stock options and restricted share units. The Compensation Committee monitors external directors' share ownership to assess whether the guidelines are met. For clarity, the director share ownership requirements do not apply to Mr. Reiss, the Chief Executive Officer of the Company, nor to Messrs. Cotton and Bekenstein, due to their relations with BCI. Please see the section "Executive Compensation – Discussion and Analysis – NEO Share Ownership Requirements" for the share ownership requirements applicable to Mr. Reiss and the other executive officers of the Company.

Outstanding Option-Based and Share-Based Awards

The table below sets out, for each director that holds option-based awards of the Company, information concerning all option-based and share-based awards outstanding as at April 2, 2023. As described above, the directors of the Company who are not external directors are not receiving any compensation, including option-based or share-based awards, for their services as directors of the Company. Mr. Reiss's compensation as an executive officer of the Company is disclosed under "Executive Compensation — Discussion and Analysis". The number of options and/or RSUs granted to each external director is determined in such director's agreement, as the Compensation Committee deems appropriate. The Company expects external directors to receive an annual grant of options and/or RSUs under the Omnibus Incentive Plan valued at an aggregate of approximately USD\$100,000 per year, which grant is market competitive based on the assessment of the Compensation Committee and the market intelligence provided by the Company's compensation consultant. External directors have also received in certain instances one-time grants of options upon joining the Board of Directors.

One quarter of each such award vested on May 31, 2023, and one-quarter of each such award is eligible to vest on each of May 31, 2024, May 31, 2025 and May 31, 2026.
- (2) Based on the closing price of the Subordinate Voting Shares on the TSX (\$25.99) on March 31, 2023, being the last trading day before the end of Fiscal 2023. Includes both vested and unvested options.
- (3) On May 31, 2022, (i) each of Mmes. Butts and Chiquet and of Messrs. Armstrong, Davison, Gunn and Huët was granted an award of 1,279 RSUs under the Omnibus Incentive Plan and (ii) Ms. Wong was granted an award of 1,388 RSUs under the Omnibus Incentive Plan to account for her services during Fiscal 2023 and her services for the portion of Fiscal 2022 during which she was a member of the Board of Directors and for which she had not been compensated. The RSUs are subject to time-based vesting of one-third of the award on each of May 31, 2023, May 31, 2024, and May 31, 2025. As of the end of Fiscal 2023, none of such RSU awards had vested. As at the date hereof, one-third of each of such RSU awards has vested and was subsequently settled by the issuance of Subordinate Voting Shares.

RSU-based awards generally vest in three equal tranches on the first, second and third anniversaries of the grant date, with each tranche settled in cash or Subordinate Voting Shares at the option of the Company promptly following vesting.

Notes:

- (1) Calculated as the difference between the market price of the Subordinate Voting Shares on the TSX on the date of vesting and the exercise price payable in order to exercise the vested option-based awards, provided such value may not be less than zero.
- (2) Although certain of the options to acquire Subordinate Voting Shares held by the applicable external directors vested during the year, the exercise price of such options was higher than the market price of the Subordinate Voting Shares on the TSX on the date of vesting, and as such no incremental value to the applicable external directors has been achieved.
- (3) Calculated by multiplying the number of vested RSUs by the market price of the Subordinate Voting Shares on the TSX on the date of vesting, being \$25.40 on May 31, 2022.

EXECUTIVE COMPENSATION — DISCUSSION AND ANALYSIS

The following discussion describes the significant elements of the Company's executive compensation program, with particular emphasis on the process for determining the compensation payable to the named executive officers ("**Named Executive Officers**" or "**NEOs**", each a "**Named Executive Officer**" or an "**NEO**"), being (i) any individual who acted as Chief Executive Officer ("**CEO**") during the applicable fiscal year, (ii) any individual who acted as Chief Financial Officer ("**CFO**") during the applicable fiscal year, and (iii) each of the three other most highly compensated executive officers (or individuals acting in a similar capacity) of the Company as at the end of the applicable fiscal year. For Fiscal 2023, the Company's NEOs were:

- Dani Reiss, Chairman and Chief Executive Officer;
- Jonathan Sinclair, Executive Vice President & Chief Financial Officer;
- Michael "Woody" Blackford, Chief Product Officer;
- Paul Cadman, President, Asia-Pacific; and
- Carrie Baker, President.

Executive Compensation Philosophy and Objectives

The Company's compensation program is designed to attract, retain, motivate and reward the executive officers for their performance and contribution to the Company's long-term success in a manner consistent with our culture and our relevant talent markets. Our compensation program is designed to support the achievement of the Company's short and long-term objectives while increasing shareholder value over the long-term through the following fundamental underpinnings:

- align the interests of executives with those of the Company and its shareholders;
- reward executives for results based on corporate performance in the short and the long-term, through a combination of short-term cash and long-term equity incentives, which may be time and/or performance-based;
- reward the achievement of individual performance objectives;
- design and maintain an executive compensation program that achieves the right mix of pay components, including performance-based at-risk pay; and
- provide compensation that is market-competitive and fosters attractiveness, towards the median of our Comparator Group (as defined herein), but with an increased weighting on incentive driven compensation.

Annual Compensation Review Process

Based on recommendations made by the Compensation Committee, the Board of Directors makes decisions regarding base salaries, annual bonuses and equity incentive compensation for NEOs, and approves corporate goals and objectives relevant to the compensation of NEOs. The Compensation Committee also reviews the Company's compensation strategies and plans for each fiscal year as well as the results in order to recommend to the Board of Directors the compensation to be awarded to each NEO.

A market review of executive compensation is conducted on a periodic basis and the Compensation Committee assesses findings submitted to it by management of the Company. Each component of executive compensation, namely base salary, annual bonus and long-term equity incentives, further described under "Elements of Compensation" hereunder, is reviewed to ensure that it accurately reflects the market in which the Company competes for talent, as well as the experience and the particular skills of the NEO. The Compensation Committee relies partly on the general experience of its members and partly on past advice received from independent third party compensation consultants. Adjustments are approved by the Board of Directors if deemed necessary and appropriate and they become effective for the then current fiscal year.

Compensation Consulting Services

The Compensation Committee has discretion to retain, at the Company's expense, independent consultants to advise its members on questions concerning executive and/or director compensation. During Fiscal 2023, Mercer (Canada) Limited ("**Mercer**") was retained by the Company and the Compensation Committee as an independent compensation consultant to provide market intelligence on executive compensation trends. More particularly, during Fiscal 2023, Mercer provided expertise and advice in connection with a comprehensive review of the Company's annual long-term incentive plans.

Following consideration of the advice received from Mercer, in order to further align the interests of the executive officers with those of the Company and its shareholders, effective as for the 52-week period ending April 1, 2024 ("**Fiscal 2024**"), the Company revised the mix of the annual long-term incentive grants of its executive officers. Previously, such annual grants were approximately comprised of 75% options to purchase Subordinate Voting Shares, and 25% RSUs. Starting Fiscal 2024, the Company expects the long-term equity incentive package mix to be comprised of 25% options to purchase Subordinate Voting Shares, 25% time-based RSUs and 50% performance-based RSUs (referred to herein as "**Performance Share Units**" or "**PSUs**") going forward. Subject to the discretion of the Compensation Committee and the Board of Directors to approve grants in a different proportion and with different vesting schedules and/or performance criteria, it is expected that the option-based awards will continue vest in four equal tranches over the first four anniversary dates of the grants, that time-based RSU awards will continue to generally vest in three equal tranches on the first, second and third anniversaries of the grant date, and that PSUs will generally cliff vest on the third anniversary of the grant date, subject to the achievement of pre-established financial-based performance criteria.

The following table details the aggregate fees incurred on behalf of the Compensation Committee in consideration of the services provided by Mercer during Fiscal 2023 and Fiscal 2022:

	Fees Billed During Fiscal 2023 (\$)	Fees Billed During Fiscal 2022 (\$)
Executive Compensation Related Fees	67,000	87,500
All Other Fees	-	311,100
Total Fees Paid	67,000	398,600

Subject to the Board of Directors' oversight role, the Compensation Committee's decisions about compensation or the compensation programs for the Chair and Chief Executive Officer of the Company and other NEOs are its responsibility and may reflect factors and information other than information and recommendations provided by Mercer or other advisors. During Fiscal 2023, the Compensation Committee relied on the knowledge and experience of its members, the Company's internal human resources expertise, advice the Company received from Mercer (including external market data gathered by Mercer), and recommendations of the CEO (except in respect of his own compensation) to set levels of compensation for NEOs it deemed appropriate. Mercer did not provide services to the Company's directors or executive officers directly.

Comparator Group

In designing and reviewing the Company's compensation policies, the Compensation Committee considers general industry survey data and compares the compensation practices and elements of compensation of the Company against those of comparator groups composed of companies sharing similar activity and scope with the Company. For the NEOs, this group is made up of global publicly traded companies whose revenue, market capitalization and/or EBITDA (or a relatively similar profitability measure) is 25% to four times the size of the Company based on the corresponding metric, with concentration in the apparel and leisure products industries (the "**Comparator Group**"). Given the Company's growth initiatives, the Comparator Group is more weighted towards peer companies with larger size and complexity so that the Company can more effectively compete for the talent necessary to execute its global expansion strategy.

The Comparator Group used for the purpose of benchmarking NEO compensation is comprised of the following companies:

Elements of Compensation

The elements composing the Company's executive compensation program are determined in accordance with existing market standards and the compensation philosophy and objectives outlined herein, and are reviewed against those of the companies comprising the comparator groups as well as general industry survey data. The elements of the Company's executive compensation program primarily consist of the following: base salary, annual bonus and long-term equity incentives. Each element of compensation is described in more detail below.

Base Salary

Base salaries for NEOs are established based on a range of factors, both quantitative and qualitative. The Compensation Committee generally takes into account the median of compensation levels paid by the companies comprising the Comparator Group for similar positions. Qualitative factors such as the scope and breadth of an NEO's role and responsibilities, his or her prior relevant experience, and the overall market demand for such NEO are also taken into account by the Compensation Committee in the determination of base salaries. An NEO's base salary is also assessed in light of the level of the other compensation components to ensure that such executive officer's total compensation is in line with the Company's overall compensation philosophy.

Base salaries are reviewed annually to ensure that they continue to reflect individual performance and market conditions, and merit increases or adjustments are made, as deemed appropriate. Under specific circumstances, the Compensation Committee may recommend adjustments as warranted

throughout the year for promotions or other changes in the scope or breadth of an executive officer's role or responsibilities.

Annual Bonus

NEOs and other members of the management team of the Company are eligible to receive an annual incentive cash bonus. The Company's annual bonus plan is designed to enhance the link between pay and performance, align the financial interests and motivations of our executives with the Company's annual financial performance and returns, and motivate our people to work towards common annual performance objectives. As such, it is designed to provide an annual cash bonus that is greater than the median of the compensation Comparator Group if we achieve superior performance and returns that exceed our target objectives, and conversely, to provide an annual cash bonus below the median if we do not meet our target objectives.

The Company's annual bonus plan provides for an annual individual bonus target, established as a percentage of the eligible employee's base salary (the "**Target Bonus**"). With respect to NEOs, the bonus to be awarded is determined at the end of each fiscal year by the Compensation Committee, subject to final approval by the Board of Directors.

For Fiscal 2023, the Board of Directors determined the bonus to be awarded to each NEO based on the following factors: (i) the Target Bonus, and (ii) the Company's performance, which is measured against the adjusted earnings before interest and taxes ("**Adjusted EBIT**")¹ target globally (the "**Global Adjusted EBIT Target**") and, as applicable, regionally (the "**Regional Adjusted EBIT Target**") established by the Board of Directors in collaboration with management for the then current fiscal year. Following the end of the financial year, each NEO's actual bonus payout is ultimately adjusted based on a discretionary assessment of individual performance by the Board of Directors. For Fiscal 2023, the Compensation Committee did not use its discretion to adjust the actual bonus payout of the NEOs.

Adjusted EBIT is a non-IFRS measure. Nonetheless, it was selected as the reference metric for establishing annual incentive compensation because the Company believes that it is an appropriate measure of its operating performance that highlights trends in the core business that may not otherwise be apparent when relying solely on IFRS measures. Furthermore, the Compensation Committee and the Board of Directors believe that Adjusted EBIT is an appropriate metric to encourage the development of a corporate culture focused on sustained profitability and growth. In Fiscal 2023, Adjusted EBIT used for the purposes of determining the NEOs' bonus eligibility was providing for the same adjustments as included in the Adjusted EBIT calculation depicted in our 2023 MD&A. However, during any given fiscal year, the Compensation Committee has the discretion to exclude certain unusual, extraordinary and non-recurring items, or other items deemed relevant by the Compensation Committee, from the calculation of the Adjusted EBIT for the specific purpose of determining bonuses to be awarded to eligible employees if it determines the circumstances so warrant.

For Fiscal 2023, the Global Adjusted EBIT Target which was determined by management and approved by the Board of Directors at the beginning of Fiscal 2023 in connection with the annual budgeting process and used for the purpose of determining bonuses. The Global Adjusted EBIT Target is designed to be a stretch objective in order to drive sustainable long-term growth of corporate performance. Each year, there is a possibility that payments will not be made at all or will be made at less than 100% of the targeted level.

¹ Adjusted EBIT is a non-IFRS financial measure. This measure is not a recognized measure under IFRS and does not have a standardized meaning prescribed by IFRS and therefore may not be comparable to similar measures presented by other companies. The Company refers the reader to the "Non-IFRS Financial Measures and Other Specified Financial Measures" section of the Annual Report, which section is incorporated by reference herein, for definitions and reconciliations of Adjusted EBITDA presented by the Company to the most directly comparable IFRS measure. The Annual Report is available on the Company's investor relations website at investor.canadagoose.com and under the Company's profiles on SEDAR at www.sedar.com and on EDGAR at www.sec.gov.

For Fiscal 2023, Mr. Reiss was eligible to earn an annual Target Bonus at 150% of his base salary, based on achievement of the Global Adjusted EBIT Target. The payout of Mr. Reiss's bonus was eligible to be earned at 100% of the Target Bonus upon achievement of 100% of the Global Adjusted EBIT Target. Achievement of Adjusted EBIT above 100% of the Global Adjusted EBIT Target would have resulted in Mr. Reiss' bonus being earned at 100% of his Target Bonus plus 8% of his Target Bonus for each 1% over Global Adjusted EBIT Target. Mr. Reiss was eligible to no payout in the event the Global Adjusted EBIT Target was not achieved.

Messrs. Sinclair, Blackford and Ms. Baker were eligible to earn annual bonuses for Fiscal 2023 targeted at 45% (Mr. Sinclair and Ms. Baker) or 40% (Messrs. Blackford and Cadman), of base salary. For Messrs. Sinclair and Blackford and Ms. Baker, similar to Mr. Reiss, bonus eligibility was based on the achievement of the Global Adjusted EBIT Target. For Mr. Cadman, bonus eligibility was determined half on achievement of the Global Adjusted EBIT Target and half on achievement of a Regional Adjusted EBIT Target. Achievement above the applicable Adjusted EBIT target and outstanding performance can result in bonus being earned above 100% of Target Bonus. Achievement of Adjusted EBIT above 100% of target would have resulted in each named executive officer's (other than Mr. Reiss) bonus being earned at 100% of target, plus 4% of target for each 1% over Adjusted EBIT target. The NEOs were not entitled to any payout under the Company's annual bonus plan in the event the applicable Adjusted EBIT target was not achieved.

For Fiscal 2023, similar to the Global Adjusted EBIT Bonus Target, the Regional Adjusted EBIT Target was determined by management and approved by the Board of Directors at the beginning of Fiscal 2023 in connection with the annual budgeting process and used for the purpose of determining bonuses. The actual composition and figure of the Regional Adjusted EBIT Target used to determine Mr. Cadman's bonus eligibility is not disclosed because it contains sensitive commercial data and key strategic information. Public disclosure would give competitors information about levels of earnings and cash flow of the applicable Company's business segments in the applicable region and would seriously prejudice the Company's interests and weaken its ability to compete in its industry.

For Fiscal 2023, both the Global Adjusted EBIT Target and the Regional Adjusted EBIT Target established for purposes of our annual bonus plan were not achieved for the NEOs. As such, no bonuses were earned by Messrs. Reiss, Sinclair, Blackford and Cadman and Ms. Baker in respect of Fiscal 2023.

Long-Term Equity Incentives

The Compensation Committee believes that equity-based awards allow the Company to reward executive officers for their continued contributions. Equity-based awards also reward continued employment by an executive officer, with an associated benefit to the Company of employee continuity and retention. The Compensation Committee further believes that equity-based awards provide management with a strong alignment with long-term corporate performance.

In December 2013, the Company established a stock option plan (the "**Legacy Option Plan**"). In connection with its initial public offering ("**IPO**") in March 2017, the Company amended the Legacy Option Plan such that outstanding options granted under the Legacy Option Plan became exercisable for Subordinate Voting Shares, and no further awards would be made under the Legacy Option Plan. In addition, in connection with the IPO, the Company adopted the Omnibus Incentive Plan (together with the Legacy Option Plan, the "**equity incentive plans**") which allows the Board of Directors to grant equity-based awards to eligible participants, including executive officers. See "Equity Incentive Plans" for a detailed description of the terms and conditions attaching to awards granted under the equity incentive plans.

When considering new grants of equity-based awards, the Compensation Committee takes into account a broad range of factors, including the individual's position, the scope and breadth of his or her role and responsibility, his or her ability to affect Company performance, the value of his or her previous awards and other components of his or her total compensation and the Company's general compensation objectives, and aims at maintaining the general alignment with the total direct compensation of the

Comparator Group. As of the end of Fiscal 2023, the Company had not granted equity-based awards other than options under the Legacy Option Plan and Omnibus Incentive Plan and restricted share units under the Omnibus Incentive Plan.

It is expected that long-term equity incentives for executive officers will continue to be comprised of Options and RSUs under the Omnibus Incentive Plan. Option-based awards granted since the IPO generally have a 10-year term and vest in four equal tranches over the first four anniversary dates of the grants. Time-vesting RSU awards generally vest in three equal tranches on the first, second and third anniversaries of the grant date, with each tranche settled in cash or Subordinate Voting Shares at the option of the Company promptly following vesting. Effective as of Fiscal 2024, the Company also started granting its executive officers, as part of their annual grants of long-term equity incentive awards, PSU-based awards who will generally cliff vest on the third anniversary of the grant date, subject to the achievement of pre-established financial performance criteria. From time to time, the Company may grant share-based awards to selected eligible participants with different features, performance-based conditions and/or vesting schedules than as described above, as deemed appropriate to further the interests of the Company.

Employee Benefits

Full-time employees, including the NEOs, are eligible to participate in the Company's health and welfare benefit plans, which include medical, dental, vision, basic and dependent life, supplemental life, accidental death, dismemberment and specific loss, long-term disability, and optional critical illness insurance. Employees are also eligible to receive continuing education support and to participate in the employee purchase program, which allows employees to purchase a specified number of jackets and accessories at 50% of the manufacturer's suggested retail price. The NEOs participate in these plans on a slightly better basis than other salaried employees, including in some instances with slightly lower deductibles and better cost-sharing rates. The NEOs are also entitled to complimentary jackets each calendar year. Certain of our NEOs are also entitled to housing allowances and tax gross-ups related thereto, and/or tax equalization payments. Perquisites are awarded as tools for attraction, retention and motivation of persons in key management positions. For additional details on perquisites granted to NEOs, please refer to "Summary Compensation Table".

Pension Plan Benefits

The Company's executive compensation program does not include defined benefit or defined contribution pension plans, but the Company has a voluntary group registered retirement savings plan (the "**Group RRSP**") in which all employees including the NEOs have the right to participate. Employee contributions, other than contributions of Mr. Reiss, to the Group RRSP are matched by the Company up to a maximum of 3% of the employee's salary. The Company sponsors a defined benefit pension plan membership limited to certain employees of Canada Goose International AG and other subsidiaries who reside in Switzerland (the "**Swiss Plan**"). The Company also sponsors a Deferred Profit-Sharing Plan, which is a broad-based defined contribution plan that is offered to all full-time salaried employees of Canada Goose Inc., a wholly-owned subsidiary of the Company, and under which the Company will make contributions and match 100% of a participant's contributions to their Group Retirement Savings Plan up to 3% of the participant's annual base salary.

In Fiscal 2023, none of our NEOs participated in the Group RRSP, and we did not make any contributions to the Swiss Plan or the Deferred Profit-Sharing Plan for the employees of Canada Goose Inc. on behalf of our NEOs, nor did we otherwise set aside or accrue any amounts for pension, retirement or similar benefits for our NEOs pursuant to retirement plans sponsored by the Company. We do not sponsor or maintain any qualified or non-qualified defined benefit plans or supplemental executive retirement plans (other than the Swiss Plan, which does not apply to any of the NEOs).

Compensation Risk Management

The Compensation Committee uses quantitative analysis and best practices in analyzing executive pay together with discretion and judgment to identify risks arising from the Company's compensation policies and practices. In reviewing the compensation philosophy, objectives and practices of the Company, the Compensation Committee has not identified any such risks that are reasonably likely to have a material adverse effect on the Company.

Compensation policies and practices are designed to promote financial performance year-over-years and sustained growth in shareholder return by mitigating the potential for excessive risk-taking only aimed at a short-term increase of the share price. Risk mitigation practices that discourage executives from taking excessive or inappropriate risks include having a mix of base salary, bonus and long-term incentive compensation, a bonus plan with a minimum achievement of a target Adjusted EBIT that prevents the payment of bonuses unless such minimum threshold is met, the use of performance measures aligned with the Company's business strategy, actual payout of PSU-based awards based on the achievement of minimum thresholds and capped at a maximum of 200%, and compensation policies and practices being generally applied on a consistent basis to all executive officers, other than for the CEO.

None of the NEOs or directors are permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly by an NEO or director.

Compensation Governance

As of the end of Fiscal 2023, the Compensation Committee was composed of Mr. Armstrong, Ms. Chiquet and Mr. Cotton. Mr. Cotton is the chairperson of the Compensation Committee. Mr. Cotton is not independent (within the meaning of National Instrument 58-101 – *Disclosure of Governance Practices* ("NI 58-101")) as a result of his position at BCI. Throughout Fiscal 2023, Ms. Chiquet was independent; since April 24, 2023, Ms. Chiquet is no longer an independent director by reason of her consulting agreement with the Company. Mr. Armstrong is independent. Each of these directors has direct experience designing effective management incentive and compensation plans to attract and retain highly qualified executives and to assess NEOs' performance objectives. The members of the Compensation Committee have experience negotiating executive compensation agreements and managing or advising large private and public corporations on compensation matters. For more information regarding the professional background and experience of each member of the Compensation Committee, please see "Business of the Meeting - Election of Directors". For information on the responsibilities, powers and operations of the Compensation Committee, see "Board of Directors Committees - Compensation Committee".

The members of the Compensation Committee are able to conduct their duties in an objective manner and through an objective process given that Mr. Armstrong is an independent director, and that Mr. Cotton does not receive any compensation for his services as a director of the Company. It is expected that the Company will replace Ms. Chiquet as a member of the Compensation Committee with an independent director, to ensure that the Compensation Committee remains majority composed of independent directors.

Performance Graph

The following performance graph illustrates the cumulative return on a \$100 investment in the Subordinate Voting Shares made on April 2, 2018, being the first trading day of the financial year ending March 31, 2019 ("Fiscal 2019") through March 31, 2023, being the last trading day of Fiscal 2023, using the closing price of the Subordinate Voting Shares on the TSX on the applicable reference date, compared with the cumulative return on the S&P/TSX Composite Index for the same period (i.e. from April 2, 2018 to March 31, 2023).

	April 2, 2018	March 29, 2019	March 27, 2020	March 26,2021	April 1, 2022	March 31, 2023
GOOS	\$ 100.00	\$ 151.91	\$ 67.22	\$ 121.75	\$ 77.49	\$ 61.51
S&P/TSX	\$ 100.00	\$ 105.84	\$ 83.40	\$ 123.26	\$ 144.30	\$ 132.12

During the period commencing on the first trading day of Fiscal 2019 (being April 1, 2018) through the end of calendar year 2019, the cumulative shareholder return on an investment in the Subordinate Voting Shares was above that of an investment on the S&P/TSX Composite Index, and was below that of an investment on the S&P/TSX Composite Index from the beginning of Fiscal 2021 through the end of Fiscal 2023. The trend shown by the performance graph represents a marked growth in the Company's stock price through Fiscal 2019, followed by a decline in the Company's stock price during Fiscal 2020, a new growth towards pre-COVID-19 pandemic levels in the Company's stock price during Fiscal 2021, which was offset by a new decline in the Company's stock price during Fiscal 2022 and Fiscal 2023. The decline in the trading price of the Subordinate Voting Shares experienced during Fiscal 2023 was comparable to the decline in value of the S&P/TSX Composite Index for the same period. Total annual compensation of the NEOs over the same period followed a similar trend, with the total compensation figures of our NEOs also diminishing in Fiscal 2022 and Fiscal 2023 as compared to the level seen in Fiscal 2021.

The following table present the evolution of the total compensation of our NEOs, as presented in the Summary Compensation Table below, for the last three fiscal years:

<u>Named Executive Officer</u>	<u>Position Title (2023)</u>	<u>Fiscal 2023 Total Compensation (\$)</u>	<u>Fiscal 2022 Total Compensation (\$)</u>	<u>Fiscal 2021 Total Compensation (\$)</u>
Dani Reiss	Chairman and CEO	6,824,514	10,406,197	13,053,127
Jonathan Sinclair	Executive Vice-President and CFO	1,506,403	2,206,960	2,735,949
Michael "Woody" Blackford	Chief Product Officer	1,214,831	1,616,376	1,648,471
Paul Cadman	President, Asia-Pacific	1,392,611	730,902 ⁽¹⁾	-
Carrie Baker ⁽²⁾	President	1,057,920	1,091,194	1,025,935

Notes:

(1) Mr. Cadman joined Canada Goose on November 23, 2021, and as such was President, Asia-Pacific, for approximately five months during Fiscal 2022.

(2) The increase in the total compensation with respect to Ms. Baker over the years is due to a change in her responsibilities over time which resulted in an increase of compensation commensurate to her new responsibilities, offsetting the general decrease in compensation for the relevant position.

Our compensation program is aimed at ensuring that the compensation we pay to our executive officers, including our NEOs, is related to factors that influence shareholder value. In order to align the interests of our executive officers with those of Canada Goose, a substantial portion of compensation paid to our executive officers is in the form of long-term equity-based incentives such that the overall value of compensation paid to our NEOs is directly affected by our share price.

NEO Share Ownership Requirements

On January 1, 2020, in order to further align the economic interests of our executive officers with those of our shareholders, the Company has adopted share ownership guidelines for executive officers, which are set at (i) five times (5x) the value of the annual base salary for the Chief Executive Officer, (ii) two times (2x) the value of the annual base salary for executive officers who also hold pre-IPO options to acquire Subordinate Voting Shares, and (iii) one time (1x) the value of the annual base salary for executive officers who only hold post-IPO options to acquire Subordinate Voting Shares, such ownership requirement to be progressively achieved over a period of five years from the later of (i) the date of appointment to a position subject to the share ownership requirement, or (ii) the date the share ownership guidelines became effective, and must maintain such minimum share ownership for as long as they remain an executive officer. As at the date hereof, none of the executive officers are currently required to achieve the share ownership requirements applicable to them, although each of Messrs. Reiss, Sinclair and Cadman and Ms. Baker are currently in compliance.

The share ownership requirements can be satisfied through the ownership of directly owned shares, vested in-the-money options and RSUs (including PSUs). Once an executive officer satisfies the requirements, such executive officer is required to increase their holdings of equity interests to return to the required minimum ownership level within a period of one year in the event of subsequent fluctuations in the market price of the Subordinate Voting Shares causing a decrease in the value of such holdings. The Compensation Committee monitors executive officers' share ownership to assess whether the share ownership guidelines are met.

Notes:

- Amounts shown for Fiscal 2022 are inclusive of salary for the 53rd additional week of Fiscal 2022, which was the first 53-week fiscal year of the Company. During Fiscal 2021, in connection with the COVID-19 pandemic, each of our named executive officers (other than Mr. Reiss) voluntarily reduced his or her base salary by up to 20% in Fiscal 2021, and Mr. Reiss elected to forego his salary from March 16, 2020 to December 28, 2020. Following December 31, 2020, all base salaries for our NEOs returned to normal levels.
- Amounts shown reflects the grant date fair value of RSU awards granted to NEOs for each applicable fiscal year. The value per unit for each applicable fiscal year was determined in accordance with IFRS 2 "Share-based Payment" and was based on the volume weighted average price of the Subordinate Voting Shares on the TSX during the five trading days prior to the date of grant.
- The value indicated under the "Option-Based Awards" column reflects the estimated fair value of the options on their respective date of grant. It does not represent cash received by the optionees, and the actual value realized upon the future vesting and exercise of such options may be greater or less than the grant date fair value indicated under the "Option-Based Awards" column above. The assumptions used to measure the fair value of the options granted during Fiscal 2023, Fiscal 2022 and Fiscal 2021 under the Black-Scholes option pricing model at the grant date were as follows:

	Fiscal 2023	Fiscal 2022	Fiscal 2021
Weighted average stock price valuation	\$24.63	\$48.92	\$37.19
Stock price valuation	-	-	-
Weighted average exercise price	\$24.63	\$48.92	\$37.19
Exercise price	-	-	-
Risk-free interest rate	2.52%	0.44%	0.32%
Expected life in years	5	5	5
Expected dividend yield	-	-	-
Volatility	40%	40%	40%
Weighted average fair value of options issued	\$7.86	\$14.36	\$9.90
Fair value of options issued in the period	-	-	-

The Black-Scholes model is widely used by the financial industry and by other public companies for securities valuations. The valuation methodology used is consistent with IFRS 2 "Share-Based Payment".

- Amounts shown under "Annual Incentive Plans" represent the annual bonuses awarded to each NEO for services rendered in each fiscal year, if any, which bonuses were paid after the end of the respective fiscal year. No bonuses were earned by our named executive officers in respect of Fiscal 2023 as a result of the Company not meeting its Fiscal 2023 Global Adjusted

EBIT Target and Regional Adjusted EBIT Target. See "Executive Compensation — Discussion and Analysis – Elements of Compensation - Annual Bonus".

- (5) For Fiscal 2023, all of the NEOs except Mr. Blackford and Ms. Baker were entitled to perquisites or other personal benefits that were worth \$50,000 or more in the aggregate or 10% or more of each such NEO's total salary for Fiscal 2023.
- (6) In Fiscal 2023, (i) each of our NEOs received company-paid personal insurance premiums, and Messrs. Reiss, Sinclair and Blackford and Ms. Baker also received supplemental health coverage; (ii) each of our NEOs received complimentary jackets and/or products; (iii) Mr. Cadman received a housing allowance and tax gross-ups related to such allowance; (iv) Messrs. Reiss and Cadman received board retainer fees for their service as directors of Canada Goose International AG.
- (7) In Fiscal 2023, Mr. Sinclair's salary was paid in pounds sterling, converted at an exchange rate of GBP1.00 to \$1.59, which is an average rate determined in accordance with the Company's policies based on exchange rates available as at the applicable payment dates for the fiscal year.
- (8) In Fiscal 2023, Mr. Cadman's salary was paid in Hong Kong dollars, converted at an exchange rate of HKD1.00 to \$0.17, which is an average rate determined in accordance with the Company's policies based on exchange rates available as at the applicable payment dates for the fiscal year. Certain amounts under "All other compensation" were paid in Hong Kong dollars converted at the same exchange rate of HKD1.00 to \$0.17.
- (9) Mr. Cadman was hired by the Company in July 2021. Mr. Cadman did not commence employment with the Company nor receive any compensation before Fiscal 2022.

- (1) Calculated as the difference between the market price of the Subordinate Voting Shares on the TSX on the date of vesting and the exercise price payable in order to exercise the vested stock options.
- (2) Although certain of the options to acquire Subordinate Voting Shares held by the applicable NEO vested during the year, the exercise price of such options was higher than the market price of the Subordinate Voting Shares on the TSX on the date of vesting, and as such no incremental value to the applicable NEO has been achieved.
- (3) Calculated by multiplying the number of vested RSUs by the market price of the Subordinate Voting Shares on the date of vesting.
- (4) Equal to those amounts shown in the "Non-Equity Incentive Plan Compensation – Annual Incentive Plans" column in the Summary Compensation Table.

Equity Incentive Plans

Omnibus Incentive Plan

The Omnibus Incentive Plan allows for a variety of equity-based awards that provide different types of incentives to be granted to the directors, executive officers, employees and consultants, including options, share appreciation rights, unvested shares and restricted share units, collectively referred to as awards. The Board of Directors is responsible for administering the Omnibus Incentive Plan, and may delegate its responsibilities thereunder. The following discussion is qualified in its entirety by the full text of the Omnibus Incentive Plan.

The Board of Directors, in its sole discretion, shall from time to time designate the directors, executive officers, employees or consultants of the Company and/or its Subsidiaries to whom awards shall be granted and determine, if applicable, the number of Subordinate Voting Shares to be covered by such awards and the terms and conditions of such awards. Subordinate Voting Shares underlying options terminated, surrendered or cancelled under the Legacy Option Plan are available for issuance under the Omnibus Incentive Plan. If an outstanding award expires or is terminated, surrendered or cancelled for any reason without having been exercised or settled in full, or if Subordinate Voting Shares acquired pursuant to an award subject to forfeiture are forfeited, the Subordinate Voting Shares covered by such award, if any, will again be available for issuance under the Omnibus Incentive Plan. Subordinate Voting Shares will not be deemed to have been issued pursuant to the Omnibus Incentive Plan with respect to any portion of an award that is settled in cash.

Except as specifically provided in an award agreement approved by the Board of Directors, awards granted under the Omnibus Incentive Plan are generally not transferable other than by will or the laws of descent and distribution.

The Company currently does not provide any financial assistance to participants under the Omnibus Incentive Plan.

Non-Employee Director Limits. The maximum aggregate grant date fair value, as determined in accordance with IFRS 2, of awards granted to any non-employee director for service as a director pursuant to the Omnibus Incentive Plan during any fiscal year, together with any other fees or compensation paid to such director outside of the Omnibus Incentive Plan for services as a director may not exceed \$500,000 (or, in the fiscal year of any director's initial service, \$750,000).

Insider Participation Limit. The aggregate number of Subordinate Voting Shares issuable to insiders and their associates at any time under the Omnibus Incentive Plan, the Legacy Option Plan or any other proposed or established share compensation arrangement, shall not exceed 10% of the issued and outstanding Subordinate Voting Shares and Multiple Voting Shares, and the aggregate number of Subordinate Voting Shares issued to insiders and their associates under the Omnibus Incentive Plan, the Legacy Option Plan or any other proposed or established share compensation arrangement within any one-year period shall not exceed 10% of the issued and outstanding Subordinate Voting Shares and Multiple Voting Shares.

Options. All options granted under the Omnibus Incentive Plan have an exercise price determined and approved by the Board of Directors at the time of grant, which shall not be less than the market price of the Subordinate Voting Shares on the date of the grant. For purposes of the Omnibus Incentive Plan, the market price of the Subordinate Voting Shares as at a given date shall be the volume weighted average trading price on the TSX for the five trading days before such date.

Subject to any vesting conditions, an option shall be exercisable during a period established by the Board of Directors which shall not be more than ten years from the grant date of the option. The Omnibus Incentive Plan provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a blackout period. In such cases, the extended exercise period shall terminate ten business days after the last day of the blackout period.

Share Appreciation Rights. For share appreciation rights granted under the Omnibus Incentive Plan, the participant, upon exercise of the share appreciation right, will have the right to receive a number of Subordinate Voting Shares equal in value to the excess of: (a) the market price of a Subordinate Voting Share on the date of exercise over (b) the grant price of the share appreciation right as determined by the Board of Directors, which grant price cannot be less than the market price of a Subordinate Voting Share on the date of grant. Subject to any vesting conditions imposed by the Board of Directors, a share appreciation right shall be exercisable during a period established by the Board of Directors which shall not be more than ten years from the date of the granting of the share appreciation right. The Omnibus Incentive Plan provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a blackout period. In such cases, the extended exercise period

shall terminate ten business days after the last day of the blackout period. As of the date of this Circular, no Share Appreciation Rights have been granted to any NEO or employee of the Company.

Unvested Shares. The Board of Directors is authorized to grant awards of Subordinate Voting Shares subject to vesting conditions to eligible persons under the Omnibus Incentive Plan. The Subordinate Voting Shares awarded with vesting conditions will be subject to such restrictions and other conditions as the Board of Directors may impose (including, without limitation, a restriction on or prohibition against the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Board of Directors determines (and, thereupon, the Subordinate Voting Shares awarded would not be subject to any different restrictions or conditions from the other Subordinate Voting Shares of the Company). As of the date of this Circular, no Unvested Shares have been granted to any NEO or employee of the Company.

Restricted Share Units. All restricted share units granted under the Omnibus Incentive Plan evidence the right to receive Subordinate Voting Shares (issued from treasury or purchased on the open market), cash based on the value of a Subordinate Voting Share or a combination thereof at some future time to eligible persons under the Omnibus Incentive Plan. The delivery of the Subordinate Voting Shares or cash may be subject to the satisfaction of performance conditions or other vesting conditions.

Performance Criteria. The Omnibus Incentive Plan provides that grants of awards under the Omnibus Incentive Plan may be made based upon, and subject to achieving, "performance criteria" over a specified performance period. Performance criteria may include, without limitation, an objectively determinable measure or objectively determinable measures of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; net sales; sales by location or store type; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, and/or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital, capital employed or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; operating efficiencies; operating income; net income; share price; shareholder return; sales of particular products or services; customer acquisition or retention; buyer contribution; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings.

Dividend Equivalents. If, as the case may be, dividends are paid on the Subordinate Voting Shares, the Board of Directors may, in its sole discretion, grant additional share unit equivalents (a "**Dividend Equivalent**") to the accounts of each participant who holds RSUs on the record date for such dividends, and be subject to the same vesting or other conditions applicable to the related RSUs. In the event that the holder's applicable RSUs do not vest, all Dividend Equivalents, if any, associated with such RSUs will be forfeited by the holder and returned to the Company's account.

Adjustments. In the event of any subdivision, consolidation, reclassification, reorganization or any other change affecting the Subordinate Voting Shares, or any merger or amalgamation with or into another corporation, or any distribution to all security holders of cash, evidences of indebtedness or other assets not in the ordinary course, or any transaction or change having a similar effect, the Board of Directors shall in its sole discretion, subject to the required approval of any stock exchange, determine the appropriate adjustments or substitutions to be made in such circumstances in order to maintain the economic rights of the participants in respect of awards under the Omnibus Incentive Plan, including, without limitation, adjustments to the exercise price, the number and kind of securities subject to unexercised awards granted prior to such change and/or permitting the immediate exercise of any outstanding awards that are not otherwise exercisable.

Trigger Events; Change of Control. The Omnibus Incentive Plan provides that upon termination for cause of a participant, any option or share appreciation right, whether vested or unvested, as well as unvested RSUs granted to such participant shall become void immediately. The Omnibus Incentive Plan further provides that upon termination of employment not for cause or the voluntary resignation of a participant, (i) the unvested options, share appreciation rights and RSUs granted to such participant shall automatically become void and terminate on the date of termination or resignation, as applicable, and (ii) the participant shall be entitled to exercise his or her vested options and share appreciation rights until the earlier of the expiry date of such award or thirty (30) days following the date of termination of employment of such participant. In the event that a participant's ceased to be eligible under the Omnibus Incentive Plan by reason of retirement or permanent disability, (i) the unvested options and share appreciation rights granted to such participant shall terminate and become void immediately, and (ii) any vested option or share appreciation right shall remain exercisable for a period of ninety (90) days from the date of retirement or the date on which the participant ceases his or her employment or service relationship with the Company or any of its subsidiaries by reason of permanent disability, but not later than the expiry date of such award, and thereafter any such option or share appreciation right shall expire. In the event of the death of a participant, any vested option or share appreciation right may be exercised by the executor or administrator, as the case may be, of the estate of the participant for that number of Subordinate Voting Shares only which such participant was entitled to acquire under the respective options and share appreciation rights, for a period of one (1) year following the participant's death or prior to the expiration of the original term of the options or share appreciation rights whichever occurs earlier. The Board of Directors has discretion to terminate a participant's participation in the Omnibus Incentive Plan upon a participant electing a voluntary leave of absence from the Company of more than twelve (12) months, provided that all vested options and share appreciation rights in the participant's account shall remain outstanding and in effect until the applicable exercise date, or an earlier date determined by the Board of Directors at its discretion.

With respect to RSUs, except as otherwise determined by the Board of Directors from time to time, at its sole discretion, upon a participant electing a voluntary leave of absence of more than twelve (12) months, or upon a participant ceasing to be an eligible participant as a result of (i) death, (ii) retirement, (iii) his or her employment or service relationship with the Company or a subsidiary being terminated by the Company or a subsidiary for reasons other than for cause, (iv) his or her employment or service relationship with the Company or a subsidiary being terminated by reason of injury or disability or (v) becoming eligible to receive long-term disability benefits, the participant's participation in the Plan shall be terminated immediately, provided that all unvested RSUs in the participant's account as of such date relating to a Restricted Period (as defined in the Omnibus Incentive Plan) shall remain outstanding and in effect until the applicable vesting determination date. On such date, if the Board of Directors determines the vesting conditions were not met for such RSUs, then all unvested RSUs credited to such participant's account shall be forfeited and cancelled, or (b) if the Board of Directors determined the vesting conditions were met for such RSUs, the participant shall be entitled to receive that number of Subordinate Voting Shares or Cash Equivalent (as defined in the Omnibus Incentive Plan) or a combination thereof equal to the number of RSUs outstanding in the participant's account in respect of such Restriction Period multiplied by a fraction, the numerator of which shall be the number of completed months of service of the participant with the Company or a subsidiary during the applicable Restriction Period as of the date of the participant's death, retirement, termination or becomes eligible to receive long-term disability benefits and the denominator of which shall be equal to the total number of months included in the applicable Restriction Period (which calculation shall be made on the applicable vesting determination date) and the Company shall distribute such number of Subordinate Voting Shares or Cash Equivalent or a combination thereof to the participant or the liquidator, executor or administrator, as the case may be, of the estate of the participant, as soon as practicable thereafter, but no later than the end of the Restriction Period.

In addition, a participant's grant agreement or any other written agreement between a participant and the Company may provide, where applicable, that unvested awards be subject to acceleration of vesting and exercisability in certain circumstances, including in the event of certain change of control transactions. Furthermore, the Board of Directors may at its discretion accelerate the vesting, where applicable, of any outstanding awards notwithstanding the previously established vesting schedule, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration or,

subject to applicable regulatory provisions and shareholder approval, if required, extend the expiration date of any award, provided that the period during which an option or a share appreciation right is exercisable does not exceed ten years from the date such option or share appreciation right is granted or that the restriction period relating to a restricted share unit does not exceed three years. Similarly, in the event of a change of control, the Board of Directors will have the power, in its sole discretion, to modify the terms of the Omnibus Incentive Plan and/or the awards granted thereunder (including to cause the vesting of all unvested awards) to assist the participants to tender into a take-over bid or any other transaction leading to a change of control. In such circumstances, the Board of Directors shall be entitled to, in its sole discretion, provide that any or all awards shall terminate, provided that any such outstanding awards that have vested shall remain exercisable until consummation of such change of control, and/or permit participants to conditionally exercise awards.

Amendments and Termination. The Board of Directors may suspend or terminate the Omnibus Incentive Plan at any time, or from time to time amend or revise the terms of the Omnibus Incentive Plan or of any granted award, provided that no such suspension, termination, amendment or revision will be made, (i) except in compliance with applicable law and with the prior approval, if required, of the shareholders, the New York Stock Exchange ("**NYSE**"), the TSX or any other regulatory body having authority over the Company, and (ii) if it would adversely alter or impair the rights of any participant, without the consent of the participant except as permitted by the terms of the Omnibus Incentive Plan, provided however, subject to any applicable rules of the NYSE and the TSX, the Board of Directors may from time to time, in its absolute discretion and without the approval of shareholders, make, amongst others, the following amendments to the Omnibus Incentive Plan or any outstanding award:

- (1) any amendment to the vesting provisions, if applicable, or assignability provisions of awards;
- (2) any amendment to the expiration date of an award that does not extend the terms of the award past the original date of expiration for such award;
- (3) any amendment regarding the effect of termination of a participant's employment or engagement;
- (4) any amendment which accelerates the date on which any option or share appreciation right may be exercised under the Omnibus Incentive Plan;
- (5) any amendment to the definition of an eligible person under the Omnibus Incentive Plan;
- (6) any amendment necessary to comply with applicable law or the requirements of the NYSE, the TSX or any other regulatory body;
- (7) any amendment of a "housekeeping" nature, including, without limitation, to clarify the meaning of an existing provision of Omnibus Incentive Plan, correct or supplement any provision of the Omnibus Incentive Plan that is inconsistent with any other provision of the Omnibus Incentive Plan, correct any grammatical or typographical errors or amend the definitions in the Omnibus Incentive Plan;
- (8) any amendment regarding the administration of the Omnibus Incentive Plan;
- (9) any amendment to add or amend provisions permitting for the granting of cash-settled awards, a form of financial assistance or clawback; and
- (10) any other amendment that does not require the approval of the holders of Subordinate Voting Shares pursuant to the amendment provisions of the Omnibus Incentive Plan.

For greater certainty, the Board of Directors shall be required to obtain shareholder approval to make the following amendments:

- (1) any increase in the maximum number of Subordinate Voting Shares that may be issuable pursuant to the Omnibus Incentive Plan;
- (2) except for adjustments permitted by the Omnibus Incentive Plan, any reduction in the exercise price of an option or share appreciation right or any cancellation of an option or share appreciation right and replacement of such option or share appreciation right with an option or share appreciation right with a lower exercise price, to the extent such reduction or replacement benefits an insider;
- (3) any extension of the term of an award beyond its original expiry time to the extent such amendment benefits an insider;
- (4) any increase in the maximum number of Subordinate Voting Shares that may be issuable to insiders pursuant to the insider participation limit; and
- (5) any amendment to the amendment provisions of the Omnibus Incentive Plan.

Fiscal 2023 Omnibus Incentive Plan Amendment. Effective as of August 12, 2022, the Company amended the Omnibus Incentive Plan to (i) replenish and increase the number of shares reserved for issuance under the Omnibus Incentive Plan by the addition of 5,266,699 Subordinate Voting Shares, representing 493,910 Subordinate Voting Shares on the account of the replenishment of the Omnibus Incentive Plan and 4,772,789 Subordinate Voting Shares on the account of the increase of the share reserve thereunder, such that the fixed maximum number of Subordinate Voting Shares reserved for issuance as of such amendment under the Omnibus Incentive Plan is equal to 9,373,129 Subordinate Voting Shares, plus any Subordinate Voting Shares underlying options governed by the Legacy Option Plan (the "**Share Reserve**"), and (ii) to limit the number of Subordinate Voting Shares reserved for issuance pursuant to the settlement of restricted share units granted under the Omnibus Incentive Plan to a number equal to 50% of the Share Reserve from time to time. In accordance with applicable laws and regulations, such amendments have been approved by the TSX and the Shareholders in accordance with the amending provisions of the Omnibus Incentive Plan described above.

Legacy Option Plan

The Company has previously granted options to acquire Class B Common Shares and Class A Junior Preferred Shares to certain directors, officers and employees under the Legacy Option Plan. In connection with a series of transactions and amendments to the Company's share capital in advance of the IPO (the "**Recapitalization**"), such options became options to acquire Class A Common Shares under the Legacy Option Plan. In connection with the IPO, the Legacy Option Plan was amended such that options to acquire Class A Common Shares constitute options to purchase an equal number of Subordinate Voting Shares at the same exercise price, once the applicable options are otherwise vested and exercisable. The following discussion is qualified in its entirety by the full text of the Legacy Option Plan. No additional options will be granted under the Legacy Option Plan.

The Legacy Option Plan allows for the grant of options to the directors, officers and full-time and part-time employees and those of the Company's affiliates. The Board of Directors is responsible for administering the Legacy Option Plan and has the sole and complete authority, in its sole discretion, to determine the individuals to whom options may be granted and to grant options in such amounts and, subject to the provisions of the plan, on such terms and conditions as it determines including: (i) the time or times at which options may be granted, (ii) the exercise price, (iii) the time or times when each option vests and becomes exercisable and the duration of the exercise period (provided however that the exercise period may not exceed 10 years), (iv) whether restrictions or limitations are to be imposed on the Subordinate Voting Shares underlying options and the nature of such restrictions or limitations and (v) any acceleration of exercisability or waiver of termination regarding any option.

Pursuant to the Legacy Option Plan, the aggregate number of shares that may be issued pursuant to the exercise of options cannot represent more than 5,899,660 Subordinate Voting Shares, which is equal to the number of Subordinate Voting Shares underlying outstanding options under the Legacy Option Plan as of the date of amendment. Following completion of the IPO, the Subordinate Voting Shares issuable upon exercise of such options represented, in the aggregate, approximately 6% of the aggregate number of Subordinate Voting Shares and Multiple Voting Shares issued and outstanding. As of April 2, 2023, options to acquire a total of 246,020 Subordinate Voting Shares were outstanding under the Legacy Option Plan.

An option granted under the Legacy Option Plan is exercisable no later than ten years after the date of grant. In order to facilitate the payment of the exercise price of the options, the Legacy Option Plan allows for the participant to surrender options in order to "net exercise", subject to the procedures set out in the Legacy Option Plan, including the consent of the Board of Directors.

Trigger Events; Change of Control. The Legacy Option Plan provides that certain events, including termination for cause, termination without cause, retirement, disability or death, may trigger forfeiture or reduce the vesting period, where applicable, of the option, subject to the terms of the participant's agreement. The Board of Directors may, in its discretion, at any time prior to or following such events, permit the exercise of any or all options held by the optionee in the manner and on the terms authorized by the Board of Directors, provided that the Board of Directors cannot, in any case, authorize the exercise of an option beyond the expiration of the exercise period of the particular option. Otherwise, options granted may generally only be exercised during the lifetime of the optionee by such optionee personally. The Legacy Option Plan also provides that, in connection with a subdivision or consolidation of the Shares or any other capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), the Board of Directors may make certain adjustments to outstanding options and authorize such steps to be taken as may be equitable and appropriate to that end. In the event of an amalgamation, combination, plan of arrangement, merger or other reorganization, including by sale or lease of assets or otherwise, or of the payment of an extraordinary dividend, the Board of Directors may also make certain adjustments to outstanding options and authorize such steps to be taken as may be equitable and appropriate to that end. In the event of certain change of control transactions, the Board of Directors may (i) provide for substitute or replacement options of similar value from, or the assumption of outstanding options by, the acquiring or surviving entity or one or more of its affiliates; (ii) provide that all options shall terminate, provided that any outstanding vested options shall remain exercisable until consummation of such change of control transaction or (iii) accelerate the vesting of any or all outstanding options.

Amendments and Termination. The Board of Directors may, without notice, at any time from time to time, amend, suspend or terminate the Legacy Option Plan or any provisions hereof in such respects as it, in its sole discretion, determines appropriate, except that it may not without the consent of the optionee (or the representatives of his or her estate) materially alter or impair any rights or obligations arising from any option previously granted to such optionee under the Legacy Option Plan that remains outstanding.

The Legacy Option Plan also includes general amendment provisions similar to the provisions described under "Omnibus Incentive Plan – Amendments and Termination".

Amendments to Legacy Option Plan Awards. In connection with the IPO, the Legacy Option Plan was amended and restated to, among other things, include terms and conditions required by the TSX for a stock option plan and to mirror the terms of the Omnibus Incentive Plan summarized above under "Equity Incentive Plans - Omnibus Incentive Plan" to the extent applicable to a "legacy" stock option plan under similar circumstances.

Employee Share Purchase Plan

In connection with the IPO, the Company adopted an employee share purchase plan (the "ESPP"), pursuant to which eligible employees will be able to acquire Subordinate Voting Shares in a

convenient and systematic manner through payroll deductions. The following discussion is qualified in its entirety by the full text of the ESPP.

Unless otherwise determined by the Board of Directors, participation in the ESPP is open to employees of Canada Goose in Canada and the United States who are customarily employed for at least 25 hours per week and are not participating in another equity-based incentive program of the Company. The Company currently allows participation in the ESPP only by employees who are not employed in a director-level capacity or more senior capacity. Participation in the ESPP is voluntary. Eligible employees are able to contribute up to 10% of their gross base earnings for purchases under the ESPP and the Company matches one-third of the contributions made by such employees.

At the Company's option, Subordinate Voting Shares purchased under the ESPP will be issued from treasury at the market price of the Subordinate Voting Shares on such date or acquired through open market purchases, in each case in accordance with all applicable laws and the terms and conditions of the ESPP. For the purposes of the ESPP, the market price of the Subordinate Voting Shares as at a given date shall be the closing price on TSX or the NYSE, depending on the currency in which the employee's compensation is paid, on the trading day preceding such date. The number of Subordinate Voting Shares reserved for issuance under the ESPP is equal to 500,000 Subordinate Voting Shares (representing less than 1% of the issued and outstanding Subordinate Voting Shares and Multiple Voting Shares as of the closing of the IPO). Under the ESPP, Subordinate Voting Shares acquired by eligible employees are required to be held for a period of one year while such eligible employees are employed by the Company.

The ESPP is administered by the Board of Directors, which may delegate its authority thereunder as contemplated by the ESPP. The Board of Directors has the authority, in the case of special dividends or distributions, specified reorganizations and other transactions, to determine appropriate equitable adjustments, if any, to be made under the ESPP, including adjustments to the number of Subordinate Voting Shares which have been authorized for issuance under the ESPP. As of the IPO, no further awards will be made under the Legacy Option Plan. Effective as of August 12, 2022, the Omnibus Incentive Plan was amended and restated to, among other things, replenish and increase the Share Reserve thereunder. See "Executive Compensation – Discussion and Analysis – Compensation Consulting Services" above for more information.

Burn rates

The following table provides the number of securities granted under each of the Company's security-based compensation arrangements, being the Legacy Option Plan, the Omnibus Incentive Plan and the ESPP, for Fiscal 2023, Fiscal 2022 and Fiscal 2021 expressed as a percentage of the weighted average number of outstanding Shares for the applicable fiscal year.

Fiscal Year	Number of Stock Options Granted under Legacy Option Plan	Number of Stock Options Granted under Omnibus Incentive Plan	Number of RSUs Granted under Omnibus Incentive Plan	Number of Shares Issued under ESPP	Weighted Average Number of Shares	Legacy Option Plan Burn Rate ⁽¹⁾	Omnibus Incentive Plan Burn Rate ⁽¹⁾	ESPP Burn Rate ⁽¹⁾
2023	-	1,580,506	209,187	-	105,058,643	-	1.7%	-
2022	-	739,420	152,320	-	108,296,802	-	0.8%	-
2021	-	1,244,975	119,758	-	110,261,600	-	1.2%	-

Notes:

(1) The burn rate is calculated by dividing the number of securities underlying awards granted during the applicable fiscal year by the weighted average number of Shares outstanding for the applicable fiscal year. The weighted average number of Shares outstanding during the period is the number of securities outstanding at the beginning of the period, adjusted by the number of Shares bought back or issued during the period multiplied by a time-weighting factor. The time-weighting factor is the number of days that the Shares are outstanding as a proportion of the total number of days in the period. The Company currently expects that outstanding restricted share units will be paid at settlement through the issuance of one Subordinate Voting Share per restricted share unit.

- (5) Assumes an annual base salary of \$669,500, and assumes that Mr. Blackford would be provided with prior notice or pay in lieu of notice equal to eight months. Excludes the value of the continuation of benefits.
- (6) Assumes an annual base salary of \$425,000 (for purposes of this table, converted from Hong Kong dollars at an exchange rate of HKD1.00 to \$0.17), and assumes that Mr. Cadman would be provided with prior notice or pay in lieu of notice equal to six months. Excludes the value of the continuation of benefits.
- (7) Assumes an annual base salary of \$525,000, and assumes that Ms. Baker would be provided with prior notice or pay in lieu of notice equal to ten months. Excludes the value of the continuation of benefits.

The actual amounts to be paid out under any of the above scenarios can only be determined at the time of the NEO's actual separation from the Company.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

Overall Approach

As a corporation incorporated under the BCBCA and listed on both the TSX and the NYSE, the Company is subject to various Canadian and U.S. legislation, rules, regulations, standards and recommendations related to governance practices. The Company, through the nominating and governance committee of the Board of Directors (the "**Nominating and Governance Committee**"), reviews on a regular basis legislative and regulatory requirements as well as the best practice recommendations of various organizations and shareholders.

The Board of Directors and senior management believe that the Company's current governance practices are appropriate and comply in all material respects with all requisite regulatory and statutory requirements, including National Policy 58-201 – *Corporate Governance Guidelines* (the "**Corporate Governance Guidelines**"), the corporate governance rules of the NYSE and TSX, and the applicable Canadian and U.S. corporate and securities laws, including the provisions of the BCBCA and the applicable provisions of the U.S. Sarbanes-Oxley Act.

Foreign Private Issuer

Section 310.00 of the NYSE Listed Company Manual generally requires that a listed company's by-laws provide for a quorum for any meeting of the holders of the Company's common shares that is sufficiently high to ensure a representative vote. Pursuant to the NYSE corporate governance rules the Company, as a foreign private issuer, has elected to comply with practices that are permitted under Canadian law. The Company's articles provide that a quorum of shareholders shall be the holders who, in the aggregate hold at least 25% of the issued shares plus at least a majority of Multiple Voting Shares entitled to be voted at the Meeting, irrespective of the number of persons actually present at the Meeting. The Company may in the future decide to use other foreign private issuer exemptions with respect to some of the other NYSE listing requirements. Following the Company's home country governance practices, as opposed to the requirements that would otherwise apply to a U.S. domestic company listed on the NYSE, may provide less protection than is accorded to investors under the NYSE listing requirements applicable to U.S. domestic issuers.

The Canadian Securities Administrators have issued the Corporate Governance Guidelines, together with certain related disclosure requirements pursuant to NI 58-101. The Company recognizes that good corporate governance plays an important role in the Company's overall success and in enhancing shareholder value and, accordingly, the Company has adopted certain corporate governance policies and practices which reflect the Company's consideration of the recommended Corporate Governance Guidelines.

Set out below are certain key governance practices that are, in the Company's view, essential in creating a board and committees that can function independently and effectively and add significant value to the Company.

Board Composition and Director Independence

Under our articles, the Board of Directors consists of a number of directors as determined from time to time by the directors. The Board of Directors is currently comprised of ten directors, six of whom are independent. As such, the Board of Directors is currently comprised of a majority of independent directors. If all proposed nominees for election to the Board of Directors at this Meeting are elected, the Board of Directors will be comprised of nine directors, five of whom are independent. Under the listing rules of the NYSE (the "**NYSE Listing Rules**"), an independent director means a person who, in the

opinion of the Board of Directors, has no material relationship with the Company. Under NI 58-101, an independent director is a director who is free from any direct or indirect material relationship with the Company which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of a director's independent judgment. Based on information provided by each director concerning his or her background, employment and affiliations, the Board of Directors has determined that Ms. Butts, Mr. Davison, Mr. Gunn, Mr. Huët, Mr. Armstrong and Ms. Wong, are "independent" as that term is defined under the NYSE Listing Rules, NI 58-101 and Rule 10A-3 under the Exchange Act. In making this determination, the Board of Directors considered the current and prior relationships that each such non-employee director has with the Company and all other facts and circumstances the Board of Directors deemed relevant in determining their independence. Mr. Reiss is considered not independent by reason of the fact that he is the Chairman and Chief Executive Officer of the Company. Mr. Bekenstein and Mr. Cotton are considered not independent by reason of their relationships with BCI. Ms. Chiquet is considered not independent by reason of her consulting relationship with the Company. Eight of the nine proposed nominees for election to the Board of Directors are not members of the Company's management.

Moreover, the Company has taken steps to ensure that adequate structures and processes are in place to permit the Board of Directors to function independently of management of the Company. For instance, the independent directors of the Company consider, at each meeting, whether an *in camera* meeting without the non-independent directors and members of management would be appropriate, and hold an *in camera* meeting where appropriate. In addition, any independent director may, at any time, if considered necessary to facilitate open and candid discussion among the independent directors, call a meeting or request an *in camera* session without management and non-independent directors. Four such meetings were held during Fiscal 2023.

Although the Chairman and Chief Executive Officer of the Company, Mr. Reiss, is not independent as discussed above, the Board of Directors believes that the structures and processes in place create an effective Board leadership structure, whereby the independent directors may freely exchange, which promotes candid discourse and responsible corporate governance. The Board of Directors also believes that Mr. Reiss is best positioned to chair regular meetings of the Board of Directors because of his unique background and history within the Company and his extensive knowledge and understanding of the Company. During Fiscal 2023, Ms. Chiquet was an independent director and held the position of Lead Director, which further promoted openness and independent discourse at the Board of Directors level. The Board of Directors has commenced the process of identifying a new Lead Director, and it is expected that the Board of Directors will appoint an independent director to replace Ms. Chiquet in such role going forward.

Pursuant to its charter, the Nominating and Governance Committee is responsible for selecting candidates for election as independent directors, including replacements for designees of the Bain Capital Entities and Mr. Reiss, as applicable, as and when they lose the right to designate a member of the Board of Directors under the Investor Rights Agreement. See "Disclosure of Corporate Governance Practices – Investor Rights Agreement". The Board of Directors developed and approved written position descriptions for the Chief Executive Officer, the Chief Financial Officer, the Chair of the Board of Directors and each chair of the board committees. See "Board of Directors Committees – Nominating and Governance Committee" and "Business of the Meeting – Election of Directors".

The Board of Directors has not adopted director term limits, a retirement policy for its directors or other automatic mechanisms of board renewal. Rather than adopting formal term limits, mandatory age-related retirement policies and other mechanisms of board renewal, the Nominating and Governance Committee develops appropriate qualifications and criteria for the Board of Directors as a whole and for individual directors. It is further the responsibility of the Nominating and Governance Committee to develop a succession plan for the Board of Directors, including maintaining a list of qualified candidates for director positions. The Company is not in the practice of providing any severance benefits to directors upon termination of service.

The Nominating and Governance Committee is continuing to evaluate candidates to further diversify and strengthen the Board of Directors. Under the BCBCA, the Board of Directors may be expanded following the Meeting by up to one-third of the number of directors elected at the Meeting by way of resolutions from the Board of Directors.

Directorship of Other Reporting Issuers

Members of the Board of Directors are also members of the boards of other public companies. See "Business of the Meeting — Election of Directors — Nominees for Election to the Board of Directors". The Board of Directors did not adopt a director interlock policy but is keeping informed of other public directorships held by its members. As at June 22, 2023, the Company's directors that served together on any other company's board of directors were Messrs. Bekenstein and Gunn who both serve on the board of directors of Dollarama Inc.

Mandate of the Board of Directors

The Board of Directors is responsible for supervising the management of the business and affairs of the Company, including providing guidance and strategic oversight to management. The Board of Directors holds regularly scheduled meetings as well as ad hoc meetings from time to time. The Board of Directors has adopted a formal mandate for the Board of Directors. The responsibilities of the Board of Directors include:

- adopting a strategic planning process, approving the principal business objectives for the Company and approving major business decisions and strategic initiatives;
- appointing the Chief Executive Officer of the Company and developing the corporate goals and objectives that the Chief Executive Officer should meet, and reviewing the performance of the Chief Executive Officer against such goals and objectives; and
- monitoring the implementation of procedures, policies and initiatives relating to corporate governance, risk management, corporate social responsibility, health and safety, ethics and integrity.

Under its mandate, the Board of Directors is entitled, among other things, to delegate certain matters it is responsible for to Board of Directors' committees and to engage outside advisers, at the Company's expense, where, in its view, additional expertise or advice is required. The text of the Board of Directors' mandate is attached to this Circular as "Schedule A".

Position Descriptions

The Chair of the Board of Directors and Committee Chairs

The responsibilities of the Chair of the Board of Directors are set out in a written position description, which provides that the Chair is expected to provide leadership to the Board of Directors, and to set the tone for the Board of Directors to foster effective, ethical and responsible decision-making by them. Among other things, the Chair presides at meetings of the Board of Directors and generally oversees direction and administration of the Board of Directors, ensuring that the Board of Directors works as a cohesive team, builds a strong corporate governance culture and carries out its duties. The Chair acts as liaison between the Board of Directors and management, and provides advice and counsel to committee chairs and fellow directors. The Chair works with the senior management team to monitor progress on strategic planning and implementation. The Chair also works with committees of the Board of Directors to ensure appropriate and effective committee structure and composition.

The Lead Director

The responsibilities of the Lead Director are set out in a written position description, which provides that the role and responsibilities of the Lead Director are to ensure that the Board of Directors acts and functions independently from management in fulfilling its fiduciary duties, and to assist the Chair of the Board of Directors in fostering effective, ethical and responsible decision-making by the Board of Directors. Among other things, the Lead Director presides meetings of the non-executive directors of the Company and generally assists the Chair of the Board of Directors in overseeing the direction and administration of the Board of Directors. The Lead Director is also responsible for reporting the concerns of the independent directors to the Chair and, if deemed necessary by the Lead Director, to the Board of Directors as a whole. In collaboration with the Chair, the Lead Director also works with the senior management team to monitor progress on strategic planning and implementation and will carry out any special assignments or functions as requested by the Board of Directors. As discussed above, such role was filled by Ms. Chiquet during Fiscal 2023, and it is expected that an independent director will take on the role.

The Chief Executive Officer and Chief Financial Officer

The responsibilities of the Chief Executive Officer are set out in a written position description, which provides that the role and responsibilities of the Chief Executive Officer are to develop the Company's vision and strategy and to establish the strategic and operational priorities of the Company and provide leadership support to the Company's officers for the effective overall management of the business.

The responsibilities of the Chief Financial Officer are set out in a written position description, which provides that the Chief Financial Officer has full oversight of the Company's finance function, including accounting and controls, planning and analysis and tax and treasury. In addition, the Chief Financial Officer is a critical leader in the creation, execution and support of the Company's global growth strategy. To this end, the Chief Financial Officer acts as a business partner to the Chief Executive Officer and the Company's officers, providing broad oversight and trusted advice at a strategic level, and therefore leads other critical initiatives and functions alongside financial priorities.

The Board of Directors has also developed and approved written position descriptions for the committee chairs. See "Board of Directors Committees — Audit Committee," "Board of Directors Committees — Nominating and Governance Committee" and "Board of Directors Committees — Compensation Committee".

Board of Directors Committees

The Board of Directors ensures that the composition of its committees meets applicable statutory independence requirements as well as any other applicable legal and regulatory requirements. Each of the committees of the Board of Directors operates under its own written charter adopted by the Board of Directors.

Audit Committee

The Audit Committee must be composed of a minimum of three directors, all of whom meet the independence requirements, including the heightened independence standards for members of the Audit Committee, of the NYSE, the SEC, the BCBCA, NI 58-101 and under Rule 10A-3 of the Exchange Act. The Audit Committee is currently composed of Mr. Davison, Mr. Gunn and Mr. Huët, with Mr. Davison serving as chair of the Audit Committee. The Board of Directors has determined that Mr. Gunn, Mr. Davison and Mr. Huët meet the independence requirements under the rules of the NYSE and the SEC, the BCBCA, NI 58-101 and under Rule 10A-3 of the Exchange Act.

The Board of Directors has determined that each of the members of the Audit Committee is "financially literate" within the meaning of the NYSE rules and NI 58-101, and that the Committee Chair, Mr. Davison, has been identified as an "audit committee financial expert" as required by the NYSE corporate governance rules and the rules adopted by the SEC in accordance with the *Sarbanes-Oxley Act* and the rules promulgated thereunder by the NYSE. Please see "Election of Directors - Nominees for Election to the Board of Directors" for a description of the education and experience of each of Mr. Davison and Mr. Gunn that is relevant to the performance of their responsibilities as an Audit Committee member.

As Mr. Huët will be retiring from the Board of Directors at the close of the Meeting, the Board of Directors will appoint an independent director of the Company who also satisfies the financial literacy requirement to succeed him as a member of the Audit Committee following the end of his tenure.

The Board of Directors has adopted a written charter describing the mandate of the Audit Committee. The charter of the Audit Committee reflects the purpose of the Audit Committee, which is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to ensuring that adequate procedures are in place for the review of the Company's public disclosure documents that contain financial information, ensuring that an effective internal audit process has been implemented, ensuring that an effective risk management and financial controls framework has been implemented and tested by the Company's management, providing better communication between directors, management, internal auditors and external auditors, overseeing the work and reviewing the independence of the external auditors and reporting to the Board of Directors on any outstanding issue. The text of the charter of the Audit Committee is attached to this Circular as "Schedule B".

The responsibilities of the chair of the Audit Committee are set forth in a written position description, which provides that the chair of the Audit Committee presides at meetings of the committee, ensures the efficiency of the committee and that the committee carries out its duties. The chair of the Audit Committee also acts as liaison between the committee and the Board of Directors.

Nominating and Governance Committee

The Nominating and Governance Committee is composed of Mr. Bekenstein, Mr. Gunn, Mr. Reiss and Ms. Butts, with Ms. Butts serving as chair of the committee. All members of the Nominating and Governance Committee have a working familiarity with corporate governance and nomination matters.

The Board of Directors has adopted a written charter describing the mandate of the Nominating and Governance Committee. The charter of the Nominating and Governance Committee reflects the purpose of the Nominating and Governance Committee, which includes recommending to the Board of Directors the persons to be nominated for election as directors and to each of the committees of the Board of Directors; developing a succession plan for the Board of Directors; assessing the independence of directors within the meaning of securities laws and stock exchange rules as applicable; considering resignations by directors submitted pursuant to the majority voting policy, and making recommendations to the Board of Directors as to whether or not to accept such resignations; reviewing and making recommendations to the Board of Directors in respect of the corporate governance principles and practices and associated disclosure; providing for new director orientation; performing an evaluation of the performance of the Nominating and Governance Committee; and overseeing the evaluation of the Board of Directors and its committees.

The charter of the Nominating and Governance Committee also provides that the committee is charged with selecting candidates for election as directors. To encourage an objective nomination process, in identifying new candidates for the Company's Board of Directors, the Nominating and Governance Committee considers what competencies and skills the Board of Directors, as a whole, should possess, assess what competencies and skills each existing director possesses, considering the Board of Directors as a group, with each individual making his or her own contribution, the personality

and other qualities of each director and the overall diversity of the Board of Directors, particularly with respect to the representation of women on the Board of Directors, as these may ultimately determine the boardroom dynamic. Individuals selected as nominees shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, shall be able to devote sufficient time and resources to his or her duties and shall, in the opinion of the Nominating and Governance Committee, be most effective, in conjunction with the other directors, in collectively serving the long-term interests of the Company.

The responsibilities of the chair of the Nominating and Governance Committee are set forth in a written position description, which provides that the chair of the Nominating and Governance Committee presides at meetings of the committee, ensures the efficiency of the committee and that the committee carries out its duties. The chair of the Nominating and Governance Committee also acts as liaison between the committee and the Board of Directors.

The following matrix provides a summary of the competencies, skills, experience and expertise that each director nominee possesses as well as other information that may be relevant for purposes of identifying new directors.

The Board of Directors has adopted a written charter describing the mandate of the Compensation Committee. The charter of the Compensation Committee reflects the purpose of the Nominating and Governance Committee, which is to assist the Board of Directors in fulfilling its oversight responsibilities and to make recommendations to the Board of Directors with respect to the compensation of the directors and executive officers. The principal responsibilities and duties of the Compensation Committee include: selecting and appointing the Chief Executive Officer, providing oversight to the appointment and termination of other executive officers; ensuring that succession planning programs are in place for the Chief Executive Officer and other executive officers; evaluating the Chief Executive Officer's and other executive officers' performance in light of the goals and objectives established by the Board of Directors and, based on such evaluation, with appropriate input from other independent members of the Board of Directors; determining the Chief Executive Officer's and other executive officers' compensation; and satisfying itself as to the integrity of the executive officers and the contribution of the executive officers in creating a culture of integrity throughout the organization.

The responsibilities of the Compensation Committee also include providing advice to the Board of Directors regarding the overall compensation strategy for the Company's employees, administering the Company's equity-based plans and management incentive compensation plans and making recommendations to the Board of Directors about amendments to such plans and the adoption of any new employee incentive compensation plans and engaging independent counsel and other advisers, as necessary, and determining funding of various services provided by accountants or advisers retained by the Compensation Committee.

The responsibilities of the chair of the Compensation Committee are set forth in a written position description, which provides that the chair of the Compensation Committee presides at meetings of the committee, ensures the efficiency of the committee and that the committee carries out its duties. The chair of the Compensation Committee also acts as liaison between the committee and the Board of Directors.

Environmental & Social Committee

The Environmental & Social Committee is composed of Messrs. Armstrong and Cotton and Ms. Butts, with Mr. Armstrong serving as the chairperson of the committee. The Board of Directors has adopted a written charter describing the mandate of the Environmental & Social Committee. The charter of the Nominating and Governance Committee reflects the purpose and primary responsibilities of the Environmental & Social Committee, which are to provide oversight of the Company's ongoing commitment to environmental and social policies, plans and programs to ensure a comprehensive environmental, social and governance program.

Succession Planning

The Board of Directors reviews and discusses executive succession plans annually with the Chief Executive Officer and the Chief Human Resources Officer. Through ongoing discussions with the members of the executive team, succession candidates are identified and gap areas highlighted for development. The result is an evolving list of succession candidates for all executive roles across the organization, with a particular focus on the Chief Executive Officer. This methodology has been employed historically within the organization resulting in a number of instances where successors seamlessly moved into executive roles.

In addition, with the support of the Executive Vice President, Chief Human Resources Officer and the Board of Directors, the Chief Executive Officer conducts an annual talent review using tools to identify and develop high potential talent at the senior level in the organization.

Risk Management

In its governance role, and particularly in exercising its duty of care and diligence, our Board of Directors is responsible for overseeing and assessing risk management policies and procedures designed to protect the Company's assets and business. While our Board of Directors has the ultimate oversight responsibility for the risk management process, our Board of Directors has delegated to the Audit Committee the initial responsibility of overseeing the Company's risk assessment and risk management. In fulfilling its delegated responsibility, the audit committee has directed management to ensure that an approach to risk management is implemented as a part of the day-to-day operations of Canada Goose, and to design internal control systems with a view to identifying and managing material risks.

On a periodic basis, the Audit Committee reviews and discusses with the appropriate members of our finance team and our internal auditors the Company's significant financial risk exposures and the steps that management has taken to monitor, control, and report those risks. In addition, the Audit Committee regularly evaluates the Company's policies, procedures, and practices with respect to enterprise risk assessment and risk management (including those risks related to information security, cyber security, and data protection), including discussions with management about material risk exposures and the steps being taken to monitor, control, and report those risks. The Audit Committee reports its activities to the full Board of Directors on a regular basis and in that regard makes such recommendations to our Board of Directors with respect to risk assessment and management as it may deem necessary or appropriate.

On a periodic basis, the Compensation Committee reviews the various design elements of our compensation policies and practices to determine whether any of their aspects encourage excessive or inappropriate risk-taking by our executive officers. The Compensation Committee reports its activities in this regard to the full Board of Directors and makes such recommendations to our Board of Directors with respect to our compensation policies and practices as it may deem necessary or appropriate.

A review of the main risks facing our business, overall industry trends and developments, and strategic opportunities are also discussed at the Board of Directors' annual strategic planning meeting with management. You can find more information about risk management in our 2023 MD&A (which also forms part of our Annual Report) and our Environmental, Social and Governance Report for Fiscal 2022, both of which are available on our investor relations website at investor.canadagoose.com. Information contained on, or otherwise accessed through, the Company's website shall not be deemed to be a part of this management information circular and such information is not incorporated by reference herein.

Assessments

The Nominating and Governance Committee is responsible for establishing and conducting a process for the assessment of the Board of Directors, each committee and individual director regarding his, her or its effectiveness and contribution, and also reports evaluation results to the Board of Directors on a regular basis and at least annually. The assessment process includes a self-assessment questionnaire approved by the Nominating and Governance Committee. The results are assembled and a report is provided the Nominating and Governance Committee. The chair of the Nominating and Governance Committee then presents findings and recommendations of the Nominating and Governance Committee to the Board of Directors, as needed.

During the last quarter of Fiscal 2023, the Board of Directors performed an evaluation of its effectiveness as well as that of its committees in fulfilling their mandates, further to a process implemented by the Nominating and Governance Committee, in accordance with the respective charters of the Board of Directors and the Nominating and Governance Committee.

Orientation and Continuing Education

The Company follows an orientation program for new directors under which a new director will meet separately with the Chair of the Board of Directors, individual directors and members of the senior executive team. A new director will be presented with comprehensive orientation and education as to the Company's business, operations and corporate governance (including the role and responsibilities of the Board of Directors, each committee, and directors individually).

The Chair of the Board of Directors, in conjunction with the Nominating and Governance Committee, is responsible for overseeing director continuing education designed to maintain or enhance the skills and abilities of the directors and to ensure that their knowledge and understanding of the Company's business remains current. The chair of each committee is responsible for coordinating orientation and continuing director development programs relating to the committee's mandate.

Code of Business Conduct and Ethics

The Company has a written code of business conduct and ethics (the "**Code of Business Conduct and Ethics**") that applies to all directors, officers, employees, consultants and contractors of the Company, including those employed by subsidiaries. The objective of the Code of Business Conduct and Ethics is to provide guidelines for maintaining the Company's commitment to conduct its business and affairs with honesty and integrity and in accordance with high ethical and legal standards. The Code of Business Conduct and Ethics sets out guidance with respect to conflicts of interest and corporate opportunities, protection and proper use of corporate assets, confidentiality and integrity of corporate information, fair dealing, compliance with laws, rules and regulations, commitment to traceability and transparency and reporting of any illegal or unethical behaviour.

The Company has adopted a conflict of interest policy (the "**Conflict of Interest Policy**") providing guidelines regarding the avoidance of conflicts of interest, and providing a means for any directors, officers or employees of the Company to communicate potential conflicts to the Company who will consider the facts and circumstances of the situation to decide whether corrective or mitigating action is appropriate. As part of the Conflict of Interest Policy, any person subject to the Code of Business Conduct and Ethics is required to avoid or fully disclose interests or relationships that are harmful or detrimental to the Company's best interests or that may give rise to real, potential or the appearance of conflicts of interest.

The Board of Directors has also adopted a code of ethics for the CEO and senior financial officers (the "**Code of Ethics**") that sets out the fundamental values and standards of behaviour that are expected from the Chief Executive Officer and the senior financial officers of the Company with respect to all aspects of the Company's business. The objectives of the Code of Ethics is to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in period reports required to be filed by the Company and other public communications made by the Company; compliance with all applicable rules and regulations that apply to the Company; prompt internal reporting to an appropriate person(s) of violations of the Code of Ethics; and accountability for the adherence to the Code of Ethics.

A director who has a material interest in a matter before the Board of Directors or any committee on which he or she serves is required to disclose such interest as soon as the director becomes aware of it. In situations where a director has a material interest in a matter to be considered by the Board of Directors or any committee on which he or she serves, such director may be required to excuse himself or herself from the meeting while discussions and voting with respect to the matter are taking place. Directors are also required to comply with the relevant provisions of the BCBCA regarding conflicts of interest.

Management of the Company, in conjunction with the Audit Committee, has established policies and procedures by which all complaints or concerns can be reported by directors, officers, employees, consultants and contractors of the Company and its subsidiaries and third parties regarding instances of misconduct including illegal or unethical behaviour, fraudulent activities, and violation of Company policies, particularly with respect to accounting, internal accounting controls or auditing matters, without fear of victimization, subsequent discrimination or disadvantage and are properly investigated, documented and brought to an appropriate resolution in a timely manner.

The Audit Committee is responsible for assisting the Board of Directors in reviewing and evaluating the Code of Business Conduct and Ethics and the Code of Ethics (the "**Codes**") periodically, reviewing the system that the Company's management will establish to enforce the Codes and reviewing management's monitoring of the Company's compliance with the Codes.

The full texts of the Codes are available on the Company's investor relations website at investor.canadagoose.com, and the full text of the Code of Business Conduct and Ethics is available under the Company's SEDAR profile at www.sedar.com.

Diversity

As a Canadian-based, global company, we believe in the power of diversity and inclusion in every aspect of our business, and we are committed to creating an environment where diversity in all its forms – including skills, experience, perspective, gender, ethnicity, and thought – can thrive. Our desire is that our workforce and our Board of Directors represent the diverse communities in which we live and reflect the global economy in which we work.

Recommendations concerning director nominees are based on merit and past performance as well as expected contribution to the Board of Directors' performance and, accordingly, diversity is taken into consideration. The Company similarly believes that having a diverse and inclusive organization overall is beneficial to the Company's success, and the Company is committed to diversity and inclusion at all levels of its organization to ensure that the Company attracts, retains and promotes the brightest and most talented individuals. The Company has recruited and selected senior management candidates that represent a diversity of business understanding, personal attributes, abilities and experience.

Specifically, on gender diversity, as at the date hereof, three of ten (30%) directors, or two of six (33%) independent directors, identify as women. On the management team of the Company (excluding Baffin and including the CEO), four out of eleven (36%) of our Company's Executive Vice Presidents and above identify as women. At the senior leadership level at the Company (excluding Baffin), four out of thirteen (31%) Senior Vice Presidents and seventeen out of thirty-two (53%) Vice Presidents identify as women.

The Company does not currently have a formal policy for the representation of women on the Board of Directors or senior management team. The Nominating and Governance Committee and senior management team takes gender and other diversity representation into consideration as part of their overall recruitment and selection process. At this time, the Company has not adopted targets for gender or other diversity representation in part due to the need to consider a balance of criteria for each individual appointment.

The Company anticipates that the composition of the Board of Directors will in the future be shaped by the selection criteria to be developed by the Board of Directors and Nominating and Governance Committee, ensuring that diversity considerations are taken into account in senior management, monitoring the level of women representation on the Board of Directors and in senior management positions, continuing to broaden recruiting efforts to attract and interview qualified female candidates, and committing to retention and training to ensure that the Company's most talented employees are promoted from within the Company's organization, all as part of the Company's overall

recruitment and selection process to fill board or senior management positions as the need arises and subject to the rights of the Company's principal shareholders under agreements with the Company.

Investor Rights Agreement

The Bain Capital Entities and DTR have certain rights to designate members of the Board of Directors pursuant to the Investor Rights Agreement, which provides that the Principal Shareholders party thereto at the relevant time to elect members of the Board of Directors in accordance with the provisions thereof.

The Bain Capital Entities are now entitled to designate 30% of directors (rounding up to the next whole number) for so long as they hold at least 20% of the number of Subordinate Voting Shares and Multiple Voting Shares outstanding, provided that this percentage will be reduced (i) to the greater of one director or 10% of directors (rounding up to the next whole number) once the Bain Capital Entities hold less than 20% of the Subordinate Voting Shares and Multiple Voting Shares outstanding, and (ii) to none once the Bain Capital Entities hold less than 5% of the Subordinate Voting Shares and Multiple Voting Shares outstanding. For so long as the Bain Capital Entities have a right to designate one or more directors under the Investor Rights Agreement, the Bain Capital Entities are entitled to designate one director for appointment to each committee of the Board of Directors, subject to applicable law and the rules of the NYSE and TSX.

DTR is now entitled to designate one director for as long as it holds 5% or more of the Subordinate Voting Shares and Multiple Voting Shares outstanding.

In accordance with the terms of the Investor Rights Agreement, the Nomination and Governance Committee is charged under its charter with selecting candidates for election as directors other than the nominees designated by the Principal Shareholder pursuant to the Investor Rights Agreement, including replacements for designees of the Bain Capital Entities and Dani Reiss, as and when they lose the right to designate a member of the Board of Directors under the Investor Rights Agreement.

Majority Voting Policy

In accordance with the requirements of the TSX, the Board of Directors has adopted a majority voting policy to the effect that a nominee for election as a director of the Company who does not receive a greater number of votes "for" than votes "withheld" with respect to the election of directors by shareholders will be expected to offer to tender his or her resignation to the Chair of the Board of Directors promptly following the meeting of shareholders at which such director was elected. The Nominating and Governance Committee will consider such offer and make a recommendation to the Board of Directors whether to accept it or not. The Board of Directors will promptly accept the resignation unless it determines, in consultation with the Nominating and Governance Committee, that there are exceptional circumstances that should delay the acceptance of the offer to resign or justify rejecting it. The Board of Directors will make its decision and announce it in a press release within 90 days following the applicable meeting of shareholders. A director who tenders a resignation pursuant to the majority voting policy will not participate in any meeting of the Board of Directors or the Nominating and Governance Committee at which the resignation is considered. The majority voting policy applies for uncontested director elections, being elections where (a) the number of nominees for election as director is the same as the number of directors to be elected, as determined by the Board of Directors, and (b) no proxy materials are circulated in support of one or more nominees who are not part of the director nominees supported by the Board of Directors. See "General Information – Voting Shares Outstanding and Principal Shareholders".

Advance Notice Requirements for Director Nominations

The Company's articles contain certain advance notice provisions with respect to the election of directors (the "**Advance Notice Provisions**"). The Advance Notice Provisions are intended to:

(i) facilitate orderly and efficient annual general meetings or, where the need arises, special meetings; (ii) ensure that all shareholders receive adequate notice of board nominations and sufficient information with respect to all nominees; and (iii) allow shareholders to register an informed vote. Only persons who are nominated in accordance with the Advance Notice Provisions will be eligible for election as directors at any annual meeting of shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called was the election of directors.

Under the Advance Notice Provisions, a shareholder wishing to nominate a director would be required to provide the Company notice, in the prescribed form, within the prescribed time periods. These time periods include, (i) in the case of an annual meeting of shareholders (including annual and special meetings), not less than 30 days prior to the date of the annual meeting of shareholders; provided, that if the first public announcement of the date of the annual meeting of shareholders (the "**Notice Date**") is less than 50 days before the meeting date, not later than the close of business on the 10th day following the Notice Date; and (ii) in the case of a special meeting (which is not also an annual meeting) of shareholders called for any purpose which includes electing directors, not later than the close of business on the 15th day following the Notice Date, provided that, in either instance, if notice-and-access (as defined in National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*) is used for delivery of proxy related materials in respect of a meeting described above, and the Notice Date in respect of the meeting is not less than 50 days prior to the date of the applicable meeting, the notice must be received not later than the close of business on the 40th day before the applicable meeting.

These provisions could have the effect of delaying until the next shareholder meeting the nomination of certain persons for director that are favored by the holders of a majority of the outstanding Shares.

Forum Selection

The Company's articles include a forum selection provision that provides that, unless the Company consents in writing to the selection of an alternative forum, the Superior Court of Justice of the Province of Ontario, Canada and the appellate courts therefrom, will be the sole and exclusive forum for (i) any derivative action or proceeding brought on the Company's behalf; (ii) any action or proceeding asserting a claim of breach of a fiduciary duty owed by any of the Company's directors, officers, or other employees to the Company; (iii) any action or proceeding asserting a claim arising pursuant to any provision of the BCBCA or the Company's articles; or (iv) any action or proceeding asserting a claim otherwise related to the relationships among the Company, the Company's affiliates and their respective shareholders, directors and/or officers, but excluding claims related to the business of the Company or of such affiliates. The forum selection provision also provides that the Company's security holders are deemed to have consented to the personal jurisdiction of the courts in the Province of Ontario and to service of process on their counsel in any foreign action initiated in violation of the foregoing provisions.

Limitation of Liability and Indemnification

Pursuant to the BCBCA, a company may indemnify: (i) a current or former director or officer of that company; (ii) a current or former director or officer of another corporation if, at the time such individual held such office, the corporation was an affiliate of the company, or if such individual held such office at the company's request; or (iii) an individual who, at the request of the company, held, or holds, an equivalent position in another entity (an "**indemnifiable person**") against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him, her or it in respect of any civil, criminal, administrative or other legal proceeding or investigative action (whether current, threatened, pending or completed) in which he or she is involved because of that person's position as an indemnifiable person, unless: (i) the individual did not act honestly and in good faith with a view to the best interests of such company or the other entity, as the case may be; or (ii) in the case of a proceeding other than a civil proceeding, the individual did not have reasonable grounds for believing that the individual's conduct was lawful. A company cannot indemnify an indemnifiable person if

it is prohibited from doing so under its articles or by applicable law. A company may pay, as they are incurred in advance of the final disposition of an eligible proceeding, the expenses actually and reasonably incurred by an indemnifiable person in respect of that proceeding only if the indemnifiable person has provided an undertaking that, if it is ultimately determined that the payment of expenses was prohibited, the indemnifiable person will repay any amounts advanced. Subject to the aforementioned prohibitions on indemnification, a company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by an indemnifiable person in respect of such eligible proceeding if such indemnifiable person has not been reimbursed for such expenses, and was wholly successful, on the merits or otherwise, in the outcome of such eligible proceeding or was substantially successful on the merits in the outcome of such eligible proceeding. On application from an indemnifiable person, a court may make any order the court considers appropriate in respect of an eligible proceeding, including the indemnification of penalties imposed or expenses incurred in any such proceedings and the enforcement of an indemnification agreement.

As permitted by the BCBCA, the Company's articles require the Company to indemnify its directors, officers, former directors or officers (and such individual's respective heirs and legal representatives) and permit the Company to indemnify any person to the extent permitted by the BCBCA.

Directors are invited to contact the CEO at any time to discuss any aspect of the Company’s business. While respecting organizational relationships and lines of communication, members of the Board shall have complete access to other members of management. Directors shall be afforded frequent opportunities to meet with the CEO, CFO and other members of management in Board and Committee meetings and in other formal or informal settings.

At each regular Board meeting, each Committee that held a meeting subsequent to the last Board meeting and prior to the current Board meeting shall present a brief summary of its Committee meeting to the Board, including the principal subjects discussed and the conclusions and actions of the Committee. In general, the Chairman of the appropriate Committee will present such report.

Subject to any agreement between the shareholders of the Company:

- d) The powers of the Board may also be exercised by written resolutions signed by all Directors

The Board may invite from time to time such persons as it sees fit to attend its meetings and to take part in the discussion and consideration of the affairs of the Board.

The independent Directors will consider, on the occasion of each meeting, whether an in camera meeting without the non-independent directors and members of management would be appropriate and that they will hold an in camera meeting without the non-independent directors and members of management where appropriate. When the Chair is not an independent Director, the Lead Director or an independent Director shall chair the executive sessions and forward as appropriate to the Chair and to the CEO questions, comments or suggestions made at in camera meetings.

B. Agenda and Notice

In advance of every meeting of the Board, the Chair, in consultation with the Lead Director and with the assistance of the Secretary, will prepare and distribute to the Directors and others as deemed appropriate by the Chair, an agenda of matters to be addressed at the meeting together with appropriate briefing materials. 6. LIMITATIONS ON BOARD'S DUTIES

Each of the Board and its Committees shall discharge its responsibilities, and Directors shall assess the information provided by management and any external advisors, including the external auditor, in accordance with their business judgment. Directors are entitled to rely, absent knowledge to the contrary, on the integrity of the persons and organizations from whom they receive information, the accuracy and completeness of the information provided, and representations made by management as to any audit or non-audit services provided by the external auditor.

In contributing to the Board's discharge of its duties under this Mandate (including, without limitation, through involvement with any standing or special Committee of the Board), each Director shall be obliged only to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Nothing in this Mandate is intended or may be construed as imposing on any Director a standard of care or diligence that is in any way more onerous or extensive than the standard to which the Directors are subject under applicable law. This Mandate is not intended to change or interpret the articles of the Company or any federal, provincial or state law, regulation or rule or stock exchange rule to which the Company is subject, and this Mandate should be interpreted in a manner consistent with all such applicable laws, regulations and rules.

The Committee is responsible for:

- a) Assisting the Board in fulfilling its oversight responsibilities as they relate to the Company’s accounting policies and internal controls, financial reporting practices and legal and regulatory compliance, including, among other things:

Such activities are the responsibility of the Company’s independent auditors and management. The Committee has direct responsibility for the appointment, compensation, oversight and replacement, if necessary, of the independent auditors, including the resolution of disagreements between management and the independent auditors regarding financial reporting, and any other registered public accounting firm with respect to which the Committee is required to have such responsibility.

The Committee also oversees the activities of the Internal Audit function, including hiring and performance management in respect of the most senior internal audit executive, who maintains a direct reporting relationship with the Chair of the Audit Committee.

The Committee and each of its members shall be entitled to rely on:

Unless otherwise permitted by applicable phase-in rules and exemptions, each member of the Committee shall meet the 'independence' requirements of Section 10A-3 of the Securities Exchange Act of 1934, as amended, the New York Stock Exchange ("**NYSE**") and all other applicable laws and regulations. The Committee may avail itself of any phase-in compliance periods available to the Company that are afforded by applicable rules of the NYSE, and all other applicable laws and regulations. The Committee may also avail itself of exemptions available to U.S. listed issuers under National Instrument 52-110 *Audit Committees* of the Canadian Securities Administrators.

If a Committee member or proposed Committee member simultaneously serves on the audit committees of two other public companies, the Board must determine whether or not such simultaneous service would impair the ability of such member to effectively serve on the Committee.

No member of the Committee shall receive from the Company or any of its affiliates any compensation other than the fees to which he or she is entitled as a Director of the Company or a member or chair of a committee of the Board. Such fees may be paid in cash and/or shares, options or other in-kind consideration ordinarily available to Directors.
