QUESTERRE ENERGY CORPORATION  
ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS  
TO BE HELD ON JUNE 20, 2023

MANAGEMENT INFORMATION CIRCULAR

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of Questerre Energy Corporation (“**Questerre**” or the “**Corporation**”) for use at the Annual and Special Meeting of the holders of Class A common voting shares (the “**Common Shares**”) of the Corporation to be held in the Mount Assiniboine Room of Hotel Le Germain, 899 Centre Street SW, Calgary, Alberta, on the 20<sup>th</sup> day of June, 2023 at 3:00 p.m. (Calgary time), or at any adjournment thereof (the “**Meeting**”), for the purposes set forth in the accompanying Notice of Meeting. The information contained herein is given as of the 15<sup>th</sup> day of May 2023, except where otherwise indicated. There is enclosed herewith a form of proxy for use at the Meeting. Each shareholder who is entitled to attend at meetings of shareholders is encouraged to participate in the Meeting and shareholders are urged to vote in person or by proxy on matters to be considered.

APPOINTMENT AND REVOCATION OF PROXIES

Those shareholders desiring to be represented by proxy must deposit their respective forms of proxy with Computershare Trust Company of Canada (“**Computershare**”) at 100 University Avenue, 8<sup>th</sup> Floor, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department, by no later than 3:00 p.m. (Calgary time) on June 16, 2023 or on the second last business day preceding any adjournment of the Meeting. A proxy must be executed by the shareholder or by his or her attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized. A proxy is valid only at the Meeting in respect of which it is given or any adjournment of the Meeting.

**Each shareholder submitting a proxy has the right to appoint a person to represent him, her or it at the Meeting other than the persons designated in the form of proxy furnished by the Corporation.** The shareholder may exercise this right by striking out the names of the persons so designated and inserting the name of the desired representative in the blank space provided, or by completing another form of proxy and in either case depositing the proxy with Computershare at the place and within the time specified above for the deposit of proxies.

**A proxy may be revoked by the person giving it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person.** In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the shareholder or his or her attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized and deposited with Computershare at the place and within the time specified above for the deposit of proxies.

The close of business on May 12, 2023 is the record date for the determination of shareholders who are entitled to notice of, and to attend and vote at, the Meeting (the “**Record Date**”).

## ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

**The information set forth in this section is of significant importance to many shareholders.** A substantial number of shareholders do not hold Common Shares in their own name (“**Beneficial Shareholders**”). There are two kinds of Beneficial Shareholders - those who do not object to the issuer of the securities they own knowing who they are and how many securities they hold (“**NOBOs**” for Non-Objecting Beneficial Owners), and those who object to their name and holdings being made known to the issuer of the securities (“**OBOs**” for Objecting Beneficial Owners). Issuers can request and obtain a list of their NOBOs from intermediaries via their transfer agent, use this list for specific purposes connected with the affairs of the Corporation (including the ability to formally recognize NOBOs at the Meeting for the purposes of voting their shares in person or by proxy), and obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge Financial Solutions, Inc. (“**Broadridge**”)).

The Corporation is not sending proxy-related materials directly to NOBOs and accordingly, NOBOs can expect to receive a scannable Voting Instruction Form (“**VIF**”) from Broadridge. These VIFs are to be completed and returned to Broadridge in the envelope provided or by facsimile. In addition, Broadridge provides both telephone voting and internet voting as described on the VIF itself which contains complete instructions. Broadridge will tabulate the results of the VIFs received from the NOBOs and will provide appropriate instructions to the Corporation’s Registrar and Transfer Agent with respect to the shares represented by the VIFs they receive. **Please return your voting instructions as specified in the VIF.**

OBOs should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, such Common Shares will not be registered in the Shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered in the name of the broker or an agent of the broker.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from OBOs in advance of the Meeting. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by OBOs in order to ensure that their Common Shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge. Broadridge mails the proxy materials to the OBOs and asks them to return the proxy forms to Broadridge. **An OBO receiving a proxy from Broadridge will not be able to use that proxy to vote shares directly at the Meeting. The proxy must be returned to Broadridge well in advance of the Meeting in order to have the shares voted. The Corporation does not know the names of the OBOs. As a result, OBOs will not be recognized at the Meeting for the purposes of voting their Common Shares in person or by proxy, without following the procedures set out by their broker or its agent.** OBOs may only revoke their proxies in accordance with the procedure established by their broker or its agent.

All references to shareholders in this Management Information Circular and the accompanying form of proxy and Notice of Meeting are to shareholders of record, unless specifically stated otherwise.

## EXERCISE OF DISCRETION WITH RESPECT TO PROXIES

The Common Shares represented by the enclosed proxy will be voted or withheld from voting on any motion, by ballot or otherwise, in accordance with any indicated instructions. In the absence of such direction, such shares will be voted FOR the resolutions referred to in items 1, 2, 3 and 4 of the proxy.

If any amendment or variation to matters identified in the Notice of Meeting is proposed at the Meeting or any adjournment or postponement thereof, or if any other matters properly come before the Meeting or any adjournment or postponement thereof, the enclosed proxy confers discretionary authority to vote on such amendments or variations or such other matters according to the best judgment of the appointed proxyholder. As at the date of this Management Information Circular, the management of the Corporation is not aware of any amendments or variations or other matters to come before the Meeting.

### Signature on Proxies

The form of proxy must be executed by the shareholder or his or her duly appointed attorney authorized in writing or, if the shareholder is a corporation, by a duly authorized officer whose title must be indicated. A form of proxy signed by a person acting as attorney or in some other representative capacity should indicate that person's capacity (following that person's signature) and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has been previously filed with the Corporation).

### Solicitation of Proxies

This solicitation is made on behalf of the management of the Corporation. This Management Information Circular and forms of proxy are not being sent to registered or beneficial owners using the Notice and Access procedures contained in National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer*. The costs incurred in the preparation and mailing of both the form of proxy and this Management Information Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefor.

The Corporation is not sending this Management Information Circular and forms of proxy directly to NOBOs. The Corporation will be sending these materials directly to its registered shareholders and indirectly to all non-registered shareholders through their intermediaries. The Corporation will pay for an intermediary to deliver these materials and a VIF to OBOs.

## VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As of the date of this Management Information Circular, Questerre had 428,515,836 issued and outstanding Common Shares. Each Common Share confers upon the holder thereof the right to one vote. Only those shareholders of record on the Record Date are entitled to receive notice of and vote at the Meeting. Any transferee or person acquiring Common Shares after the Record Date may, on proof of ownership of Common Shares, demand of Computershare not later than 10 days before the Meeting that his, her or its name be included in the list of persons entitled to attend and vote at the Meeting.

Two or more holders of five (5%) percent of the Common Shares present in person or represented by proxy constitutes a quorum for the Meeting, irrespective of the number of persons actually present at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof, no person or company beneficially owns, controls or directs, directly or indirectly, more than 10% of the voting rights attached to all of the issued and outstanding Common Shares of the Corporation.

## STATEMENT OF EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### *Compensation Objectives and Process*

The ESG, Compensation, Corporate Governance and Nominating Committee of the board of directors of the Corporation (the “**Board**”) makes recommendations to the Board regarding compensation to be provided to the executive officers and directors of the Corporation and, in doing so, receives input from the President and the Chief Executive Officer of the Corporation (the “**CEO**”) in respect of all executive officers other than the CEO. Compensation of all executive officers, including the CEO, is based on the underlying philosophy that such compensation should be competitive with other corporations of similar size and should be reflective of the experience, performance and contribution of the individuals involved and the overall performance of the Corporation.

The Corporation’s executive compensation program is available to the Named Executive Officers of the Corporation which is defined by the securities legislation to mean each of the following individuals, namely: (i) the Chief Executive Officer of the Corporation; (ii) the Chief Financial Officer of the Corporation; (iii) each of the Corporation’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and (iv) each individual who would be a “Named Executive Officer” under (iii) above but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the most recently completed financial year-end (the “**Named Executive Officer**”).

The objectives of the Corporation’s executive compensation program are twofold, namely: (i) to enable the Corporation to attract and retain highly qualified and experienced individuals to serve as Named Executive Officers; and (ii) to align the compensation levels available to the Named Executive Officers to the successful implementation of the Corporation’s strategic plans. The Corporation’s executive compensation program is designed to reward the Named Executive Officers where they have contributed to the prosperity and growth of the Corporation.

### *Elements of Compensation*

The Corporation's executive compensation program consists of a combination of the following significant elements, namely: base salary, the payment of bonuses where appropriate under the bonus plan and participation in the Stock Option Plan (as hereinafter defined). These elements contain both short-term incentives, comprised of cash payments, being those provided by way of base salaries and under the bonus plan, as well as long-term incentives, comprised of equity-based incentives, being those provided under the Stock Option Plan. Extended health care, dental and insurance benefits are provided to all employees, including the Named Executive Officers. The process for determining perquisites and approval of benefits for the Named Executive Officers is, firstly, to implement perquisites and benefits which are comparable to those usually offered by other corporations of a similar size to the Corporation and secondly, to make those perquisites and benefits available to each Named Executive Officer, equally. The Corporation chooses to pay each element of its executive compensation program in order to maintain its competitive position in the marketplace. The amount for each element of the Corporation's executive compensation program is determined based upon compensation levels provided by the Corporation's competitors as well as upon the discretion of the Board, where applicable, as described below. Each element of the Corporation's executive compensation program is intended to contribute to an overall total compensation package which is designed to provide both short-term and long-term financial incentives to the Named Executive Officers and to thereby assist the Corporation to successfully implement its strategic plans. The ESG, Compensation, Corporate Governance and Nominating Committee annually assesses how each element fits into the overall total compensation package and makes recommendations to the Board relating thereto from time to time.

#### **Base Salaries**

Base salaries for the Named Executive Officers are reviewed annually and are set to be competitive with industry levels. In addition, in its annual review of base salaries, the ESG, Compensation, Corporate Governance and Nominating Committee has regard to the contributions made by the Named Executive Officers, how their compensation levels relate to compensation packages that would be available to such officers from other employment opportunities, commercially available salary survey data and information publicly disclosed by some of the Corporation's competitors and peers. This enables the Corporation to establish base salaries which attract and retain highly qualified and experienced individuals. Other than as set out immediately above, the base salaries of the Named Executive Officers are not determined based on benchmarks, performance goals or a specific formula.

Effective February 2019, following an independent review of its compensation by a third-party advisory firm, the Company revised the Base Salaries for the Named Executive Officers as detailed in the table below. Effective April 2020, the Corporation reinstated a four-day work week and a 20% reduction in salaries to reduce overhead

expenses in the low commodity price environment that remained in effect until January 2023. Effective February 2023, the Corporation revised the Base Salaries for the Named Executive Officers as follows.

Name	Base Salary effective January 2020 to March 2020 (\$)	Base Salary effective April 2020 to January 2023 (\$)	Base Salary effective February 2023 (\$)
Michael Binnion, President and Chief Executive Officer	322,000	257,600	322,000
Jason D'Silva, Chief Financial Officer	220,000	176,000	220,000
Peter Coldham, Vice President, Engineering	200,000	160,000	168,000
Rick Tityk, Vice President, Land	190,000	152,000	210,000
John Brodylo Vice President, Exploration	190,000	152,000	168,000

**Note:**

- (1) Effective February 2023, Base Salaries for all Named Executive Officers except the Vice President, Land reflects a four-day work week.

**Bonus Plan**

In addition to base salaries, the Board may award cash bonuses to employees, including executive officers. The award of a bonus is recommended, in the case of employees, by senior management, for approval by the ESG, Compensation, Corporate Governance and Nominating Committee. Bonus levels for Vice Presidents are established by the ESG, Compensation, Corporate Governance and Nominating Committee in consultation with the CEO, and the CEO's bonus is established by the ESG, Compensation, Corporate Governance and Nominating Committee in consultation with the independent members of the Board. In the case of non-executive employees, bonuses are based on the employee's contribution in adding share value, reducing costs and the employee's contribution to overall corporate goals. In the case of executive officers, including the CEO, bonus awards are based on actual corporate and individual performance as assessed by the ESG, Compensation, Corporate Governance and Nominating Committee and/or the independent members of the Board, as applicable. The Corporation has not adopted a formal bonus plan.

For the year ended December 31, 2022, payments totalling \$0.46 million were made in 2023 under the bonus plan to recognize Management efforts to strategically position the Corporation to capitalize on the improved commodity prices. For the year ended December 31, 2021, payments totalling \$0.17 million were made in 2022 under the bonus plan to recognize the improved commodity price environment. For the prior year, no payments were made under the bonus plan due to the financial results that were negatively impacted by the decline in commodity prices.

*Risks of Compensation Policies and Practices*

The Corporation's compensation program is designed to provide executive officers incentives for the achievement of near-term and long-term objectives, without motivating them to take unnecessary risk. As part of its review and discussion of executive compensation, the ESG, Compensation, Corporate Governance and Nominating

Committee noted the following facts that discourage the Corporation's executives from taking unnecessary or excessive risk:

- the Corporation's current financial strength, operating strategy and related compensation philosophy;
- the effective balance, in each case, between cash and equity mix, near-term and long-term focus, corporate and individual performance, and financial and non-financial performance; and
- the Corporation's approach to performance evaluation and compensation provides greater rewards to an executive officer achieving both short-term and long-term agreed upon objectives.

Based on this review, the ESG, Compensation, Corporate Governance and Nominating Committee believes that the Corporation's total executive compensation program does not encourage executive officers to take unnecessary or excessive risk.

#### *Financial Instruments*

The Corporation's insider trading policy prohibits directors, officers, consultants, employees and those persons deemed to have a "special relationship" with the Corporation from buying or selling any derivative securities that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the executive officer or director.

#### **Stock Option Plan**

The stock option plan of the Corporation (the "**Stock Option Plan**") permits the granting of stock options to the Corporation's employees, officers, directors and consultants and certain other eligible persons for the purpose of developing the interest of the participants in the growth and development of the Corporation and to better enable the Corporation to attract and retain persons of desired experience and ability. The Stock Option Plan facilitates the alignment of the compensation levels of the Named Executive Officers to the successful implementation of the Corporation's strategic plans by resultant increases in the price of the Common Shares. For a description of the process used by the Corporation to grant stock options, see the section herein entitled "**Option-Based Awards**". Other than as set out therein, the number of options granted are not based on benchmarks, performance goals or a specific formula.

The aggregate number of Common Shares issuable pursuant to stock options granted under the Stock Option Plan and under any other security-based compensation arrangement, if any, issued to insiders within any one year period and, issuable to insiders, shall in either case, not exceed 10% of the issued and outstanding Common Shares. The aggregate number of Common Shares granted to any one person may not exceed 5% of the issued and outstanding Common Shares. In addition, the Stock Option Plan provides that the maximum number of Common Shares issuable pursuant to stock options granted shall not exceed 10% of the aggregate number of issued and outstanding Common Shares. The Stock Option Plan provides for the exercise price to be determined by the Board provided that the exercise price of the options may not be less than that permitted by the Toronto Stock Exchange (the "**TSX**") being the closing price on the last business day preceding the date of grant. Vesting of the stock options is determined by the Board in its sole discretion. Substantially all of the Corporation's stock options have been granted so as to vest in equal quarterly amounts over a three-year period starting at the grant date or one year from the grant date.

Participation in the Stock Option Plan is voluntary. In order to constitute a valid stock option under the Stock Option Plan, the participant and the Corporation must enter into a valid option agreement in a form acceptable to the Board. Stock options granted under the Stock Option Plan will be for a term of no longer than six years commencing on the date of the granting of the option, subject to extension in certain circumstances and with appropriate approvals. The interest of any optionee under the Stock Option Plan is not transferable or assignable by the

optionee. If any optionee ceases to be a participant as a result of death, then such options may be exercised until the earlier of one year after the date of death and the expiry of the options. If an optionee is terminated for cause by the Corporation, no unvested option held by such optionee may be exercised following the date of termination. If the optionee ceases to be a participant for any reasons other than as described above, the optionee may exercise any vested options for a period of 90 days following the date of such cessation, however, at the discretion of the Corporation, the exercise period of the options may be extended in certain circumstances for a maximum of the expiry date of the options or five years from the date of such cessation. In the event of a change of control, at the Board's discretion, all unexercised and unvested outstanding stock options shall immediately vest and be exercisable. In the event a bona fide offer ("**Offer**") is made for the Common Shares, the Corporation will notify each optionee of the Offer and the full particulars thereof and such option may be exercised in whole or in part by the optionee so as to permit the optionee to tender the Common Shares received upon exercise of its options (the "**Optioned Shares**") to the Offer. If the Offer is not completed, the Optioned Shares shall be returned by the optionee to the Corporation in exchange for the exercise price therefor and the options shall be reinstated on the same terms. If the Corporation amalgamates, consolidates or merges with or into another corporation, any Common Shares receivable on the exercise of an option shall be converted into securities, property or cash the participant would have received had the option been exercised prior to such event and the option price shall be adjusted appropriately by the Board. In the event of any change in the Common Shares through a consolidation, subdivision or reclassification of Common Shares, or otherwise, the number of Common Shares available under the Stock Option Plan, the Common Shares subject to an option and the purchase price thereof shall be adjusted appropriately by the Board. Subject to the *Business Corporations Act* (Alberta) or any other laws applicable to the Corporation, the Board may at any time authorize the Corporation to loan money to any optionee on such terms and conditions (including without limiting the generality of the foregoing, terms and conditions respecting whether such loan shall be made with or without recourse and whether and at what rate interest shall be payable thereon) as the Board in its sole discretion may determine, to assist such optionee to exercise a stock option held by the optionee.

The Stock Option Plan includes a put right (the "**Put Right**") which allows an optionee, from time to time, to require the Corporation to purchase all or any part of the then vested options of the Optionee for an amount equal to the market price of the Common Shares less the option price of the Option Shares. Notwithstanding the foregoing, the Corporation may, at its sole discretion, decline to accept and, accordingly, has no obligations with respect to the exercise of a Put Right at any time.

In order to comply with the withholding requirements pursuant to the *Income Tax Act* (Canada) upon the exercise of stock options, the Stock Option Plan permits the Corporation to take all reasonable and necessary steps, including the sale of any Optioned Shares issued upon the exercise of stock options, to satisfy any tax remittance obligations of the Corporation.

The Stock Option Plan provides an automatic extension of the expiry date of options issued pursuant to the Stock Option Plan during a Blackout Period (as defined below). As a result of the amendment, in the event that an optionee is subject to a restriction on trading in the securities of the Corporation as a result of the policies of the Corporation (the period during which such restriction is in effect being referred to as a "**Blackout Period**") and if any stock options granted under the Stock Option Plan expire during such Blackout Period, then without any further action, the expiry date of such Option(s) shall be extended to the date that is ten (10) business days after the conclusion of the Blackout Period. The foregoing extension applies to all Options whatever the date of grant and shall not be considered an extension of the term of the Options.

The Stock Option Plan also provides that the Board may, in its sole discretion and without further approval of the shareholders of the Corporation, amend, suspend, terminate or discontinue the Stock Option Plan and may amend the terms and conditions of stock options granted under the Stock Option Plan, subject to any required approval of any applicable regulatory authority or the TSX. Disinterested shareholder approval will be required for any

reduction in the exercise price, or the expiry date of stock options granted to insiders. The approval of the shareholders of the Corporation will be required for future amendments to the Stock Option Plan which amend the number of Common Shares issuable pursuant to stock options issued thereunder or which change the class of participants which may broaden or increase participation by insiders of the Corporation.

As of the date hereof: (i) the Corporation has issued under the Stock Option Plan stock options pursuant to which 41,297,500 Common Shares are issuable which represents 9.64% of the currently outstanding Common Shares; and (ii) there remains for issuance under the Stock Option Plan stock options pursuant to which 1,554,084 Common Shares may be issued which represent 0.36% of the currently outstanding Common Shares.

The Stock Option Plan burn rate is expressed as a percentage and is calculated in accordance with Section 316(p) of the TSX Company Manual, by dividing: (i) the number of securities granted under the Stock Option Plan during the applicable fiscal year; by (ii) the weighted average number of securities outstanding for the applicable fiscal year. The burn rate is subject to change based on the number of stock options granted and the weighted average number of Common Shares issued and outstanding for the applicable financial year. The Stock Option Plan is not subject to a multiplier that may increase the number of shares to be issued on settlement based on performance or any other measure.

### *Executive Compensation Alignment with Shareholder Value*

The Corporation's compensation strategy is designed to pay for performance and includes the following components:

- Base salaries are not dependent on share performance; they are determined by competitiveness with industry levels, internal relativity and performance;
- Payments under the bonus plan are based on the employee's contribution in adding shareholder value, reducing costs and their contribution to overall corporate goals. In the case of executive officers, payments are based on actual corporate and individual performance;
- Awards under the Stock Option Plan are designed to facilitate the alignment of compensation to the successful implementation of the Corporation's strategic plans by resulting increases in the price of Common Shares. The value realized from stock options is entirely dependent on the Corporation's share price performance, creating alignment between NEO compensation and shareholder returns. If the Corporation's share price appreciates from the date the stock options were granted, they will accrue additional value for the NEOs; if the share price does not appreciate, these incentives will accrue no value to the NEOs.

The material discrepancy between the Reported Option Based awards and the Realizable Option Based awards in the last six years reflects the out of the money status of the vast majority of options in the current year. With the exception of 2021, there have been no stock options exercised by NEOs in the last five years resulting in a material difference between the Reported amount and the Exercised and the Realizable amount. The net impact to shareholders over this time has been near-zero dilution from stock options as the options have either been out of the money and/or have yet to vest.

The relatively high percentage of at-risk compensation for the NEOs, of which Option Based awards represent the majority, allow the Corporation to compensate its NEOs such that value actually received is ultimately aligned with returns to shareholders.

Option Based Awards (\$)	2018	2019	2020	2021	2022
Reported	705,280	935,286	661,662	827,223	2,005,342
Exercised	—	—	—	20,000	—
Realizable	—	—	—	121,000	—

**Notes:**

- (1) Reported Option Based Awards are the value of option-based awards for the NEOs based on the Black-Scholes option pricing model for stock options granted in the year as reported in the Summary Compensation Table.
- (2) Exercised Option Based Awards is the difference between the exercise price of the options and the closing price on the date of exercise for options exercised by the NEOs in the year.
- (3) Realizable Option Based Awards is the value of unexercised in the money options based on the difference between the exercise price of the options and the closing price of the Common Shares on the TSX as of December 31, 2022, of \$0.20. The amount at December 31, 2022, is reported in the year the options were granted to illustrate the realizable value relative to the reported value.

**Option-Based Awards**

The process that the Corporation uses to grant option-based awards to executive officers, including the Named Executive Officers, and the factors that are taken into account when considering new grants under the Stock Option Plan, is based upon a number of criteria, including the performance of the executive officers, the number of stock options available for grant under the Stock Option Plan, the number of stock options anticipated to be required to meet the future needs of the Corporation, as well as the number of stock options previously granted to each of the Named Executive Officers. It is the entire Board, as opposed to the ESG, Compensation, Corporate Governance

and Nominating Committee, which determines the need for any amendments to the Stock Option Plan and it is the entire Board, based on the recommendation of the Compensation, Corporate Governance and Nominating Committee, which determines the number of stock option grants to be made under the Stock Option Plan. The CEO provides input and recommendations to the Board regarding the granting of stock options, from time to time. The CEO, in turn, and where appropriate, also obtains input from other executive officers of the Corporation when providing his input and recommendations. Other than as set out immediately above, the grant of option-based awards is not determined based on benchmarks, performance goals or a specific formula.

During the last three years, stock options were awarded to the Named Executive Officers as part of the usual practice of making annual awards.

### 1. Board of Directors

Questerre's Board, which has the statutory responsibility to oversee the conduct of the business of the Corporation and to supervise management, who are responsible for the daily conduct of the business of the Corporation, is comprised of five directors, of which four are independent and accordingly a majority of the directors are independent. The independent directors are Mireille Fontaine, Hans Jacob Holden, Dennis Sykora, and Bjorn Inge Tonnessen. The CEO of the Corporation, Michael Binnion, is not independent by virtue of being an executive officer of the Corporation.

Mr. Binnion is presently a director of the following reporting issuers: Rupert's Crossing Capital Inc. and High Arctic Energy Services Inc. Mr. Sykora is also a director of Dominion Lending Centres Inc.

During the year ended December 31, 2022, the independent directors of the Corporation regularly met without members of Management present for a portion of regularly scheduled Board meetings. In order to provide leadership for the independent directors, the Board encourages communication among the independent directors. Mr. Tonnessen has been appointed as Chairman to provide leadership to the directors, manage the affairs of the Board and ensure that the Board is organized properly, functions effectively and meets its obligations and responsibilities. The Chairman presides at each meeting of the Board and is responsible for coordinating with management and the corporate secretary to ensure that documents are delivered to directors in sufficient time in advance of Board meetings for a thorough review, that matters are properly presented for the Board's consideration at meetings, and that the Board has an appropriate opportunity to discuss issues at each meeting. The Chairman is responsible for communicating with each Board member, ensuring that each director has the opportunity to be heard, that each director is accountable to the Board, and that the Board and each Committee is discharging its duties. The Chairman is also responsible for organizing the Board to function independently of management and arranges for the independent directors, from time to time, to meet without non-independent directors and management present. Most importantly, the Chairman is the Board's role model for responsible, ethical and effective decision-making.

The Director's Manual contains information regarding the nature and operation of the Corporation's business, its organizational structure, governance policies including the Board Mandate and each Board committee mandate, and the Corporation's code of business conduct and ethics. The Director's Manual is to be updated as the Corporation's business, governance documents and policies change. The Corporation arranges for presentations to be made to the Board to inform directors regarding corporate developments and changes in legal, regulatory and industry requirements affecting the Corporation. As well, directors are encouraged to visit the Corporation's facilities, to interact with management and employees and to stay abreast of industry developments and the evolving business of the Corporation.

## 5. Ethical Business Conduct

The Corporation has adopted a Code of Conduct Policy (the “**Code**”) in written form containing the conduct expectations and ethical obligations of the Corporation’s directors, officers, management, employees, consultants and agents. The Board takes reasonable steps to monitor compliance with the Code and all of the Corporation’s employees were required to sign an acknowledgement that they have read, understood and will comply with the Code and the Respectful Workplace Policy. The Code encourages all parties who engage in business with the Corporation to contact the Corporation regarding any perceived and all actual breaches by the Corporation’s directors, officers and employees of the Code. The Board is responsible for investigating complaints and developing a plan for promptly and fairly resolving complaints. The Code prohibits retaliation by the Corporation, its directors, executive officers and management, against complainants who raise concerns in good faith and requires the Corporation to maintain the confidentiality of complainants to the greatest extent practicable. Complainants may also submit their concerns anonymously in writing.

In addition to the Code, the Corporation has an Audit Committee Charter regarding the collection and dissemination of accounting information, a Whistleblower Protection Policy with respect to reporting accounting and auditing irregularities, and a Respectful Workplace Policy, copies of which are available on the Corporation’s website at [www.questerre.com](http://www.questerre.com).

Since the beginning of the Corporation’s most recently completed financial year, no material change reports have been filed that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

### *Exercise of Independent Judgment*

The Board encourages and promotes a culture of ethical business conduct by appointing directors who demonstrate integrity and high ethical standards in their business dealings and personal affairs. Directors are required to abide by the Code and are expected to make responsible and ethical decisions in discharging their duties, thereby setting an example of the standard to which management and employees should adhere. The Board is required to satisfy itself that the CEO and other executive officers are acting with integrity and fostering a culture of integrity throughout the Corporation.

### *Conflicts of Interest*

The Corporation’s directors and officers abide by the disclosure of conflict of interest provisions contained in the *Business Corporations Act (Alberta)* and in the Code. By taking these steps the Board strives to ensure that directors at Board meetings exercise independent judgment, unclouded by the relationships of the directors and officers to each other and the Corporation, in considering transactions and agreements in respect of which directors and executive officers have an interest.

The ESG, Compensation, Corporate Governance & Nominating Committee annually recommends the compensation to be received by the Corporation's executive officers and directors. This Committee is comprised entirely of independent directors. Compensation is determined in the context of the Corporation's goals, shareholder returns and other achievements, and considered in the context of position descriptions, goals and the performance of each individual director and officer. The Committee also makes recommendations with respect to directors' compensation, reviewing the level and form of compensation received by directors, members of each Committee, and the Chairman of the Board and each Committee, considering the duties and responsibilities of each member, his or her past service and continuing duties in service to the Corporation. The compensation of directors, the CEO, executive officers and management of competitors are considered, to the extent publicly available, in determining compensation and the Committee has the power to engage a compensation consultant or advisor to assist in determining appropriate compensation. The results of the annual review are submitted to the Chairman and the results are discussed with the Board in order to make improvements in Board effectiveness.

#### **10. Director Term Limits and other Mechanisms of Board Renewal**

tenure of the Board in advance of Annual Meetings and whenever individual directors indicate that their status may change. This committee also considers new members for nomination to the Board while taking into account potential nominees' independence, financial acumen, skills and available time to devote to the duties of the Board. Through this annual assessment process, such committee determines whether an individual director is able to continue to make an effective contribution. The Board is of the view that such annual review process is more effective than terms limits or other mechanisms of Board renewal such as a mandatory retirement age.

#### **11. Policies Regarding the Representation of Women on the Board**

The Board has not adopted a written policy relating to the identification and nomination of women directors. The Board annually assesses the composition, skill, size and tenure of the Board members and considers the individual qualifications of nominees to the Board by assessing the anticipated skills required to round out the capabilities of the Board, including their independence, knowledge, financial acumen, skills, diversity, and available time to devote to the duties of the Board.

### ***Majority Voting for Directors***

The Board has adopted a majority voting policy for the election of directors. Under such policy, in the event that any nominee for election receives more “withheld” votes than “for” votes at any meeting at which shareholders vote on the uncontested election of directors, the nominee shall forthwith submit his or her resignation to take effect immediately upon acceptance by the Board.

Upon receipt of such a conditional resignation, the ESG, Compensation, Corporate Governance & Nominating Committee shall consider the matter and, as soon as possible, make a recommendation to the full Board regarding whether or not such resignation should be accepted. In the absence of exceptional circumstances, the Board

expects the ESG, Compensation, Corporate Governance & Nominating Committee will recommend accepting such resignation. After considering the recommendation of the ESG, Compensation, Corporate Governance & Nominating Committee, the Board shall decide whether or not to accept the tendered resignation and shall, not later than 90 days after the relevant shareholders' meeting, promptly issue a press release regarding such decision which either confirms that they have accepted the resignation or provides an explanation for why they have refused to accept such resignation. #### ***Advance Notice Policy***

The Corporation's Advance Notice Policy provides shareholders, directors and management of the Corporation with a clear framework for nominating Directors. The Advance Notice Policy fixes a deadline by which holders of record of Common Shares must submit director nominations to the Corporation prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in the notice to the Corporation for the notice to be in proper written form in order for any director nominee to be eligible for election at any annual or special meeting of shareholders. In the case of an annual general meeting of shareholders, notice to the Corporation must be made not less than 40 nor more than 75 days prior to the date of the annual general meeting; provided, however, that in the event that the annual general meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual general meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement. #### **5. Approval of Unallocated Options under the Stock Option Plan**

Options to purchase Common Shares may be granted to directors, officers, employees and consultants of the Corporation pursuant to the Stock Option Plan. The Stock Option Plan is a "rolling" stock option plan whereby the Corporation is entitled to issue stock options in respect of a maximum number of Common Shares equal to 10% of the issued and outstanding Common Shares of the Corporation. As a result, should the Corporation issue additional

Common Shares in the future, the number of Common Shares issuable under the Stock Option Plan will increase accordingly. A “rolling” stock option plan allows that the number of Common Shares covered by the stock options which have been exercised will be available for subsequent grants under the Stock Option Plan. As the Stock Option Plan is a “rolling” stock option plan, the TSX requires that every three years all unallocated options, rights, or other entitlements under the Stock Option Plan must be approved by the Corporation’s Directors and the Corporation’s shareholders. The unallocated stock options under the Stock Option Plan were last approved by shareholders of the Corporation on June 9, 2020.

At the Meeting, shareholders will be asked to consider and, if thought fit, approve an ordinary resolution approving the unallocated options, rights or other entitlements under the Stock Option Plan.

As at May 15, 2023, the aggregate number of Common Shares outstanding was 428,515,836 and accordingly, the aggregate number of Common Shares issuable under the Stock Option Plan is 41,297,500, of which options to purchase Common Shares are outstanding, which represents 9.64% of the outstanding Common Shares of the Corporation. There remain for issuance under the Stock Option Plan unallocated stock options pursuant to which 1,554,084 Common Shares may be issued which represents 0.36% of the currently outstanding Common Shares. The Stock Option Plan expired on June 9, 2023. No further stock options will be issued until shareholder approval is received with respect to the unallocated options.

If the resolution approving the unallocated options, rights and other entitlements under the Stock Option Plan is not approved, previously granted stock options will continue and not be affected; however, in such circumstances, previously granted stock options will not be available for re-allocation if they are cancelled prior to the exercise thereof.

In compliance with Section 613(d) of the policies of the TSX, certain terms of, and information relating to the Stock Option Plan are provided in this Management Information Circular under the heading “Statement of Executive Compensation – Stock Option Plan”.

#### ***Resolution to Approve the Unallocated Options under the Plan***

The complete text of the proposed ordinary resolution of shareholders (the “**Unallocated Option Approval Resolution**”) which management intends to place before the Meeting for the approval, adoption and ratification is set out below.

**“BE IT HEREBY RESOLVED as an ordinary resolution of the shareholders of the Corporation that:**

1. all unallocated options, rights or other entitlements under the Corporation’s stock option plan (the “**Stock Option Plan**”) be and are hereby approved;
2. the Corporation be and is hereby authorized to continue granting options under the Stock Option Plan until June 20, 2026, being the date that is three years from the date of this shareholder approval of unallocated option entitlements under the Stock Option Plan; and
3. any one (or more) director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments, and any amendments thereto, and do all such other acts and things (whether under corporate seal of the Corporation or otherwise) that may be necessary or desirable to give effect to this ordinary resolution.”

In order for the resolutions approving the unallocated options under the Stock Option Plan to be effective, it must be approved by the affirmative vote of a majority of the votes cast in respect thereof by shareholders present in person or by proxy at the Meeting. Unless otherwise directed, the persons designated in the accompanying form of proxy intend to vote in favour of this ordinary resolution.
