

Plurilock Launches New Cybersecurity Podcast: "Code and Country"

- *Explore critical cybersecurity topics with industry leaders, policymakers, and top experts*
- *Gain actionable insights on protecting infrastructure and defending democratic institutions*
- *Stay ahead of emerging threats and cutting-edge technology shaping global security*

Vancouver, British Columbia--(Newsfile Corp. - December 12, 2024) - Plurilock Security Inc. (TSXV: PLUR) (OTCQB: PLCKF) ("Plurilock"), a global cybersecurity services and solutions provider, launched its new podcast today, *Code and Country*. The series examines the intersection of technology, security, and the defense of democratic institutions, featuring insights from top global experts. Listeners can access the podcast now at codeandcountry.fm.

The podcast brings together industry leaders, policymakers, and cybersecurity professionals to discuss trends, threats, and actionable solutions. Topics include real-world applications of cybersecurity in the protection of critical infrastructure, the evolving role of technology in national defense, and how public-private collaboration strengthens security.

"This podcast examines how cybersecurity underpins national security," says Ian L. Paterson, CEO of Plurilock. "By tackling critical challenges and exploring actionable solutions, it offers valuable insights to anyone navigating today's complex cybersecurity landscape."

The first episode is available today, with new episodes to follow and special editions planned during major cybersecurity events. Future episodes will explore international cybersecurity policy, safeguarding democratic institutions, and cutting-edge technology shaping global security.

Forward-Looking Statements

This press release may contain certain forward-looking statements and forward-looking information (collectively, "forward-looking statements") related to future events or Plurilock's future business, operations, and financial performance and condition. Forward-looking statements normally contain words like "will", "intend", "anticipate", "could", "should", "may", "might", "expect", "estimate", "forecast", "plan", "potential", "project", "assume", "contemplate", "believe", "shall", "scheduled", and similar terms. Forward-looking statements are not guarantees of future performance, actions, or developments and are based on expectations, assumptions, and other factors that management currently believes are relevant, reasonable, and appropriate in the circumstances. Although management believes that the forward-looking statements herein are reasonable, actual results could be substantially different due to the risks and uncertainties associated with and inherent to Plurilock's business. Additional material risks and uncertainties applicable to the forward-looking statements herein include, without limitation, the impact of general economic conditions, and unforeseen events and developments. This list is not exhaustive of the factors that may affect the Company's forward-looking statements. Many of these factors are beyond the control of Plurilock. All forward-looking statements included in this press release are expressly qualified in their entirety by these cautionary statements. The forward-looking statements contained in this press release are made as at the date hereof, and Plurilock undertakes no obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events, or otherwise, except as may be required by applicable securities laws. Risks and uncertainties about the Company's business are more fully discussed under the heading "Risk Factors" in its most recent Annual Information Form. They are otherwise disclosed in its filings with securities regulatory authorities available on SEDAR+ at www.sedarplus.ca.
