

TECTONIC METALS INC.

Management Information Circular dated August 7, 2025 for the Annual General Meeting of Shareholders to be held on September 18, 2025

GENERAL INFORMATION

This Management Information Circular (the “**Circular**”) is furnished to the holders (the “**Shareholders**”) of the common shares (“**Common Shares**”) in the capital of Tectonic Metals Inc. (the “**Company**” or “**Tectonic**”) by the management of the Company in connection with the solicitation, by or on behalf of the management of the Company, of proxies to be voted at the annual general meeting (the “**Meeting**”) of the Shareholders to be held on September 18, 2025, or any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting.

All dollar amounts in this Circular are expressed in Canadian dollars unless otherwise indicated.

PROXIES

Solicitation of Proxies

The persons named in the accompanying form of proxy (the “**Proxy**”) are management-designated proxy holders. A registered Shareholder has the right to appoint some other person or company (who need not be a Shareholder) to represent the Shareholder at the Meeting, or any adjournment thereof, and may do so either by inserting such other person’s name in the blank space provided in the Proxy Form or by completing another form of proxy. To be used at the Meeting, proxies must be received by Computershare Investor Services Inc., 510 Burrard Street, 3rd Floor, Vancouver, BC V6C 3B9, by no later than 10:00 a.m. (Vancouver time) on September 16, 2025 or, if the Meeting is adjourned, by no later than 48 hours prior to the date and time on which the Meeting is reconvened, or may be deposited with the chair of the Meeting prior to the commencement of the Meeting. Solicitation will be primarily by mail, but some proxies may be solicited personally or by telephone by regular employees or directors of the Company at a nominal cost. The Company will bear all the costs of the solicitation.

Non-Registered Shareholders

The following information is of significant importance to Shareholders who do not hold Common Shares in their own name (a “**Non-Registered Holder**”).

Only registered holders of Common Shares or the persons they appoint as their proxy holders are permitted to vote at the Meeting. In many cases, however, Common Shares beneficially owned by a Non-Registered Holder are registered either:

- (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the Common Shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “NOBOs” (for non-objecting beneficial owners). Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs” (for objecting beneficial owners).

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), the Company has elected to send the Notice of Meeting, this Circular and Proxy (collectively, the “Meeting Materials”) indirectly to NOBOs, and indirectly through Intermediaries to OBOs. The Company is not relying on the notice and access delivery procedures outlined in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them. Intermediaries will frequently use service companies to forward the Meeting Materials to OBOs. Generally, an OBO who has not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Computershare Investor Services Inc.; or
- (b) more typically, be given a voting instruction form (“VIF”), instead of a Proxy, which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The Company will not be paying for Intermediaries to deliver to OBOs (who have not otherwise waived their right to receive proxy-related materials) copies of the Meeting Materials and related documents. Accordingly, an OBO will not receive copies of the Meeting Materials and related documents unless the OBO's Intermediary assumes the costs of delivery.

The Meeting Materials are being sent to both registered Shareholders of the Company and Non-Registered Holders. If you are a Non-Registered Holder and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If the Meeting Materials sent to NOBOs who have not waived the right to receive meeting materials are accompanied by a VIF, instead of a Proxy Form, then by returning the VIF in accordance with the instructions noted on it, a NOBO is able to instruct the voting of the Common Shares owned by the NOBO.

VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Common Shares which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on the Non-Registered Holder's behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder, or the Non-Registered Holder's nominee, the right to attend and vote at the Meeting.

Non-Registered Holders should return their voting instructions as specified in the VIF sent to them. Non-Registered Holders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

Although Non-Registered Holders may not be recognized directly at the Meeting for the purpose of voting Common Shares registered in the name of their broker, agent or nominee, a Non-Registered Holder may attend the Meeting as a proxy holder for a registered Shareholder and vote Common Shares in that capacity. Non-Registered Holders who wish to attend the Meeting and indirectly vote their Common Shares as the proxy holder for the registered Shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their Common Shares as a proxy holder.

Revocability of Proxies

A registered Shareholder who has given a Proxy may revoke it by an instrument in writing that is executed by the Shareholder or by that Shareholder's attorney-in-fact authorized in writing or, where the Shareholder is a corporation, by a duly authorized officer of, or attorney-in-fact for, the Company, and:

- (a) received at the registered office of the Company at any time up to and including the last business day before the Meeting at which the Proxy is to be used; or
- (b) provided to the chair of the Meeting, at the Meeting, before any vote in respect of which the Proxy is to be used shall have been taken; or
- (c) in any other manner provided by law.

NOBOs who wish to revoke their voting instructions should, at least seven days prior to the Meeting, follow the instructions contained in their VIF. OBOs who wish to revoke their VIF or a waiver of the right to receive proxy-related materials should contact their Intermediaries for instruction.

Voting of Proxies

Common Shares represented by a properly executed and valid Proxy will be voted "For" or "Against", or withheld from voting on a particular issue in accordance with the Shareholder's instructions on any ballot that may be called for at the Meeting and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of any instructions, the Proxy agent named on the Proxy will cast the Shareholder's votes "FOR" each resolution set forth herein and in the Notice of Meeting and IN FAVOUR of all matters proposed by management at the Meeting.**

The enclosed Proxy confers discretionary authority upon the persons named therein with respect to (a) amendments or variations to matters identified in the Notice of Meeting, and (b) other matters which may properly come before the Meeting or any adjournment thereof. At the time of printing of this Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

APPROVAL OF EQUITY INCENTIVE PLAN

The Company has a share option plan, as amended and restated on September 21, 2023 (the "**Equity Incentive Plan**"), which was last approved for continuation at the Company's AGM held September 19, 2024 and will be submitted for approval again at the 2025 AGM. Capitalized terms referenced below that are not otherwise defined have the meaning ascribed to them in the Equity Incentive Plan.

The Equity Incentive Plan provides the Company with a share-related mechanism to attract, retain and motivate qualified Eligible Persons (as defined below). Grants under the Equity Incentive Plan include a grant or right consisting of one or more Options, restricted share units ("**RSUs**"), performance share units ("**PSUs**", together with RSUs, "**Share Units**"), or such other award as may be permitted under the Equity Incentive Plan (collectively, "**Grants**"). The Equity Incentive Plan is a rolling incentive plan that sets the number of Common Shares issuable under the Equity Incentive Plan at a maximum of 10% of the aggregate Common Shares issued and outstanding on a non-diluted basis at the time of any Grant.

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to pass, with or without variation, the Equity Incentive Plan. The summary of the Equity Incentive Plan set out below is qualified in its entirety by the full text of the Equity Incentive Plan, which will be available at the Meeting for review by Shareholders and is attached hereto as Schedule "A".

Summary of the Equity Incentive Plan

The principal features of the Equity Incentive Plan are as follows:

Participants

Eligible participants include directors, officers, employees and consultants of the Company, who, by the nature of their position or job are, in the opinion of the Board, in a position to contribute to the success of the Company ("**Eligible Persons**").

Administration

The Plan is to be administered by such director, senior officer or employee of the Company as may be designated as administrator by the Board. The Board may delegate to the administrator or any director, officer or employee of the Company such administrative duties and powers as it sees fit.

Reservation of Shares

Subject to certain limits and adjustments, the aggregate number of Common Shares available for Eligible Persons to acquire pursuant to Grants will not at any time exceed 10% of the Company's then outstanding Common Shares.

For so long as the Common Shares are listed on the TSXV, the number of Common Shares together with shares of any other class in the share capital of the Company from time to time ("**Shares**") reserved for issuance under the Equity Incentive Plan and all of the Company's other previously established or proposed share compensation arrangements: (i) in aggregate shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis at any point in time; and (ii) to Insiders, in aggregate, within a 12 month period shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis as at the date any security based compensation is granted or issued to such Participants; and (iii) to any one Eligible Person to whom a Grant is made and which Grant or a portion thereof remains outstanding (a "**Participant**") within a 12-month period shall not exceed 5% of the total number of issued and outstanding shares on a non-diluted basis.

For so long as the Common Shares are listed on the TSXV, the number of Shares which may be issuable under the Equity Incentive Plan and all of the Company's other previously established or proposed share compensation arrangements, within a one-year period: (i) to any one person, shall be no more than 5% of the issued and outstanding share capital of the Company, with the exception of a consultant who may not receive Grants of more than 2% of the issued and outstanding share capital of the Company; and (ii) to persons employed to conduct Investor Relations Activities (as defined in the Equity Incentive Plan), shall be no more than an aggregate of 2% of the number of issued and outstanding Common Shares in the capital of the Company at any one time.

Options

The Board may grant Options to Eligible Persons on terms and conditions consistent with the Equity Incentive Plan.

Each Option entitles the holder thereof to purchase one Common Share at the exercise price determined by the Board at the time of grant. The exercise price of an Option shall be no lower than the market value of the Common Shares as of the award date. For so long as the Common Shares are listed on the TSXV or one or more alternative organized trading facilities, the market value shall be the closing price of the Common Shares on the last trading day immediately preceding the award date. Notwithstanding anything else contained herein, in no case will the Market Value be less than the minimum prescribed by each of the organized trading facilities as would apply to the Award Date in question. If the Common Shares are not listed on any organized trading facility, the market value will be determined by the Board, subject to the necessary approvals of the applicable regulatory authorities.

The vesting schedule of an Option is determined by the Board at the time of grant, provided that if the Common Shares are listed on the TSXV, Options granted to persons employed to conduct Investor Relations Activities (as defined in the Equity Incentive Plan), must vest in stages over 12 months with no more than 25% of the Options vesting in any three month period. Further, persons employed to conduct Investor Relations Activities may only be granted Options under the Equity Incentive Plan, and are not entitled to Grants of Share Units or other form of share-based award. The acceleration of the vesting requirements of Options held by persons employed to conduct Investor Relations Activities is not permissible without the prior written approval of the TSXV.

The exercise period of an Option is determined by the Board at the time of grant, provided that the exercise period of an Option shall not be greater than 10 years following the award date, unless exercised or terminated earlier in accordance with the terms of the Equity Incentive Plan or the applicable grant agreement. Subject to certain exceptions for US Taxpayers (as defined in the Equity Incentive Plan), if the exercise period is terminated during a blackout period, the exercise period shall be extended to the date that is 10 business days following the end of such blackout period.

Subject to certain limitations, in the event a Participant's position as a director, officer, employee, or consultant of the Company or any affiliate is terminated for a reason other than the Participant's disability, death or termination for cause, Options that have not vested as at the termination date terminate and expire on the termination date, and Options that have vested as at such termination date, shall be exercisable for 90 days after the termination date and then expire.

Subject to certain limitations, if a Participant's employment or consulting agreement is terminated for cause, all outstanding Options expire on the date of such termination for cause.

In the event a Participant's position as director, officer, employee or consultant of the Company or an affiliate is terminated by reason of such Participant's disability, any vested Option held by such Participant that could have been exercised immediately prior to the Participant's termination date shall be exercisable by such Participant, or by his or her guardian, for a period of one (1) year following the termination date of such Participant. All unexercised vested options shall expire on the first anniversary of the termination of service and all unvested Options shall expire on the termination date.

If a Participant's position as director, officer, employee or consultant of the Company or an affiliate is terminated as a result of his or her death, any Options held by such Participant shall pass to the Qualified Successor (as defined in the Equity Incentive Plan) of the Participant, and shall continue to vest and be exercisable by the Qualified Successor for a period of one year following such death. All unexercised Options shall expire on the first anniversary of the Participant's death.

Share Units

The Board may grant Share Units to Eligible Persons on such terms and conditions consistent with the Equity Incentive Plan, provided, however, that Share Units shall not be granted to persons employed to conduct Investor Relations Activities.

The Board will determine the grant value and the valuation date for each Grant of Share Units. The number of Share Units to be covered by each Grant will be determined by dividing the grant value for such Grant by the market value of a Share as at the grant date, rounded up to the next whole number. For so long as the Common Shares are listed on the TSXV or one or more alternative organized trading facilities, the market value shall be the closing price of the Common Shares on the last trading day immediately preceding the award date. Notwithstanding anything else contained herein, in no case will the Market Value be less than the minimum prescribed by each of the organized trading facilities as would apply to the Award Date in question. If the Common Shares are not listed on any organized trading facility, the market value will be determined by the Board, subject to the necessary approvals of the applicable regulatory authorities.

Share Units subject to a Grant and dividend-equivalent Share Units will vest as specified in the grant agreement governing such Grant, provided that the Participant has not been terminated on or before the relevant vesting date.

Share Units will be settled upon, or as soon as reasonably practicable following the vesting thereof, and in any event on or before December 31 of the third year following the year in which the Participant performed the services to which the Grant relates. Settlement will be made by way of issuance of one Share for each RSU or PSU, a cash payment equal to the market price on the date the Share Unit becomes vested for Share Units being settled in cash, or a combination of Shares and cash, all as determined by the Board, or as specified in the applicable grant agreement.

If the Share Units would be settled within a blackout period, such settlement will be postponed until the trading day following the date on which such blackout period ends (or as soon as practicable thereafter, and in any event, within 10 business days following the end of the blackout period), provided, however, that an expiry date falling within a blackout period will not be extended if the Participant is a US Taxpayer. The market price of any Share Units being settled in cash will be determined as of the trading day immediately prior to the settlement date.

If and when cash dividends are paid with respect to Common Shares to Shareholders of record during the period from the award date under the grant agreement to the date of the settlement of the Share Units, a number of dividend equivalent RSUs or PSUs, as applicable, will be credited to the share unit account of such Participant. The additional RSUs or PSUs granted to a Participant will be subject to the same terms and conditions, including vesting and settlement terms, as the corresponding Share Units.

Subject to certain limitations, where the Participant's position as a director, officer, employee, or consultant of the Company or any affiliate terminates for a reason other than the Participant's disability, death or termination for cause, all Share Units that are not vested on the termination date shall be cancelled for no consideration. If the Participant's position as an employee, consultant, director or officer of the Company or any affiliate is terminated for cause, all Share Units that have not yet been settled on the termination date shall be forfeited on the termination date for no consideration.

If a Participant dies or experiences a disability prior to Share Units vesting, such number of Share Units that would have vested in the 12 months following the Participant's termination date due to death or disability shall vest and such vested Share Units shall be settled in favour of the Participant's Qualified Successor or Guardian (as such terms are defined in the Equity Incentive Plan), subject to certain limitations.

Amendment and Termination Provisions

The Board may amend the Equity Incentive Plan provided that, subject to certain exceptions, any amendment would not alter the terms or conditions of any Grant or impair any right of any Participant pursuant to any Grant awarded prior to such amendment. The Board may also terminate the Equity Incentive Plan provided that such termination will not alter the terms or conditions of any Grant or impair any right of any Participant pursuant to any Grant awarded prior to the date of such termination which will continue to be governed by the provisions of the Equity Incentive Plan.

However, if and for so long as the Common Shares are listed on the TSXV, disinterested shareholder approval will be required for changes to the Equity Incentive Plan that: (a) increase the maximum number of Common Shares that may be reserved for issuance under the Equity Incentive Plan; (b) place limitations under the Equity Incentive Plan on the number of Options and Share Units that may be granted to any one person or any category of persons; (c) reduce the exercise price of Options, other than by a permitted adjustment; (d) grant to Insiders, within a 12 month period, an aggregate number of Options and Share Units exceeding 10% of the Company's issued Common Shares, calculated at the date the Grant is made to the Insider; (e) issue to any one Participant, within a 12 month period, a number of Common Shares exceeding 5% of the Common Shares; (f) reserve for issuance Common Shares under the Equity Incentive Plan and all of the Company's other security based compensation arrangements in existence from time to

time on and after the effective date of the Equity Incentive Plan, where such reservation could result in the aggregate number of Common Shares granted to Insiders exceeding 10% of the Company's issued Common Shares; (g) materially modify the requirements as to eligibility for participation in the Equity Incentive Plan; (h) materially increase the benefits accruing to participants under the Equity Incentive Plan; (i) modify the method for determining the exercise price of the Options; (j) modify the maximum term of any Grant made under the Equity Incentive Plan, subject to certain exceptions; (k) modify the expiry and termination provisions applicable to Options and Share Units; (l) expand the types of awards which may be granted under the Plan; or (m) extend the duration of the Equity Incentive Plan.

A copy of the Equity Incentive Plan is available for inspection by Shareholders at Tectonic's registered and records office located at Suite 1400, 1199 West Hastings Street, Vancouver, British Columbia, V6E 3T5 during normal business hours.

Vesting and Acceleration

Notwithstanding anything else in the Plan, no security-based compensation (other than Options or securities issued pursuant to a share purchase plan) may vest before one year from date of issuance or grant. Acceleration of vesting is permitted in connection with the Participant's death or where the Participant ceases to be an eligible Participant in connection with a change of control, take-over bid, reverse takeover or other similar transaction.

Approval of the Equity Incentive Plan

The Shareholders will be asked at the Meeting to consider, and if thought appropriate, pass, with or without amendment, an ordinary resolution approving the Equity Incentive Plan (the "**Equity Incentive Plan Resolution**"), the full text of which is as follows:

"RESOLVED THAT:

1. The Equity Incentive Plan of Tectonic Metals Inc. (the "**Company**"), as approved by the Board of Directors of the Company on August 7, 2025, the full text of which is set out in Schedule "A" to the Company's management information circular dated August 7, 2025, is hereby approved, ratified, and confirmed, and shall hereafter continue and remain in effect until ratification is required pursuant to the rules of the TSX Venture Exchange or other applicable regulatory requirements.
2. The Company hereby authorizes and reserves for issuance an applicable number of common shares in the capital of the Company ("**Common Shares**") equal to the number of Common Shares available for issuance under the Equity Incentive Plan and all of the Company's other equity incentive plans, in existence from time to time from time to time, and any Common Shares duly and validly issued pursuant to the Equity Incentive Plan and the terms of the grant will be validly issued and fully paid and non-assessable Common Shares in the capital of the Company.
3. All unallocated options, rights or other entitlements to acquire Common Shares available under the Equity Incentive Plan are hereby authorized and approved.
4. Any one director or officer of the Company is authorized and directed to make any changes to the Equity Incentive Plan, if required by the TSX Venture Exchange.
5. Any one director or officer of the Company is authorized and directed, on behalf of the Company to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things that may be necessary or desirable to give effect to the foregoing resolutions.

In order for the foregoing Equity Incentive Plan Resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders in person or by proxy at the Meeting. The Equity Incentive Plan has not been conditionally approved by the TSXV and remains subject to TSXV acceptance. If the TSXV

finds the disclosure to Shareholders in this Circular to be inadequate, such Shareholder approval may not be accepted by the TSXV.

The Board unanimously recommends that the Shareholders vote “IN FAVOUR” of the Equity Incentive Plan Resolution. In the absence of a contrary instruction, the person(s) designated by the management of the Company in the enclosed Proxy intend to vote “FOR” the Equity Incentive Plan Resolution. The Board can revoke the Equity Incentive Plan Resolution before it is acted on, even if it is passed by Shareholders, in its sole discretion and without further notice to or approval of Shareholders.

Should the Equity Incentive Plan Resolution not receive the required Shareholder approval at the Meeting, and subsequently should the Company fail to obtain such approval by December 19, 2025 (15 months from the date of the last approval), the Company may not grant any further Options or Share Units under the Equity Incentive Plan until it has obtained the requisite Shareholder approval.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Named Executive Officers

Securities legislation requires the disclosure of the compensation received by each named executive officer of the Company (collectively, the “**NEOs**” or “**Named Executive Officers**”). “Named Executive Officer” is defined by securities legislation to mean:

- (a) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as CEO, including an individual performing functions similar to a CEO;
- (b) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as CFO, including an individual performing functions similar to a CFO;
- (c) in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and
- (d) each individual who would be a Named Executive Officer under paragraph (c) but for the fact that the individual was not an executive officer of the company, and was not acting in a similar capacity, at the end of that financial year.

During the Company’s financial year ended December 31, 2024, the Named Executive Officers of the Company were Antonio Reda (President, CEO and Director of the Company), Oliver Foeste (CFO and Corporate Secretary), and Peter Kleespies (Vice President, Exploration).

Compensation Philosophy

The Board has established a compensation committee (the “**Compensation Committee**”) which, for financial year ended December 31, 2024, consisted of Allison Rippin Armstrong, Antonio Reda, Joseph Perkins, and Michael Roper, to consider and advise on the compensation of its directors and officers, in light of Tectonics’ corporate and strategic goals.

In determining the compensation to be paid or awarded to its executives, the Compensation Committee seeks to encourage the advancement of the Company’s exploration projects, with a view to enhancing Shareholder value. To achieve these objectives, the Company believes it is critical to create and maintain a compensation program that attracts and retains committed, highly qualified personnel by providing

appropriate rewards and incentives that align the interest of its executives with those of its Shareholders. In addition, as Tectonic, currently, has no revenues from operations and operates with limited financial resources, the Compensation Committee needs to consider not only the Company's financial situation at the time of determining executive compensation but also the Company's estimated financial situation in the mid and long term.

The Company's executive compensation program consists of a combination of base salary and long-term incentives in the form of participation in the Equity Incentive Plan. In making its determinations regarding the various elements of executive grants of Options, the Company will seek to meet the following objectives:

- (a) to attract, retain and motivate talented executives who create and sustain Tectonic's continued success within the context of compensation paid by other companies of comparable size engaged in similar business in appropriate regions;
- (b) to align the interests of the NEOs with the interests of the Shareholders; and
- (c) to incentivize extraordinary performance from the Company's key employees.

The Company is an early-stage exploration company and may not generate revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of its executive officers. The Company does not conduct peer group evaluations in assessing director and NEO compensation.

Director Compensation

During the financial year ended December 31, 2024, directors of the Company who were not officers or employees of the Company were not paid any annual fees. Directors are eligible to participate in the Equity Incentive Plan. Directors are entitled to be reimbursed for expenses incurred by them in their capacity as directors. Directors who are also officers or employees of the Company were not paid any amount as a result of their serving as directors of the Company.

Elements of Compensation

Base Salary

The base salary for each executive is established by the Board, on the recommendation of the Compensation Committee, based upon the position held by such executive, competitive market conditions, such executive's related responsibilities, experience and the NEOs skill base, the functions performed by such executive and the salary ranges for similar positions in comparable exploration-stage junior mining companies. Individual and corporate performance is also be taken into account in determining base salary levels for executives.

Cash Bonuses

Cash bonuses do not form a normal part of Tectonic's executive compensation. However, the Company may elect to utilize such incentives where the role-related context and competitive environment suggest that such a compensation modality is appropriate. When and if utilized, the amount of cash bonus compensation will normally be paid on the basis of timely and successful achievement of the Company's annual goals and milestones. Each goal/milestone will be selected based upon consideration of its impact on Shareholder value creation and the ability of the Company to achieve the milestone during a specific interval. The amount of bonus compensation will be determined based upon achievement of the milestone, its importance to the Company's near and long-term goals at the time such bonus is being considered, the bonus compensation awarded to similarly situated executives in similarly situated exploration-stage junior mining companies or any other factors the Compensation Committee may consider appropriate at the time such performance-based bonuses are decided upon.

The quantity of bonus will normally be a percentage of base salary not to exceed 100%. However, in exceptional circumstances, the quantity of bonus paid may be connected to Shareholder value creation embodied in the pre-agreed milestones. The Company's determination to pay cash bonuses going forward will be evaluated on an ongoing basis by the Compensation Committee.

Options

The Company adopted the Equity Incentive Plan on September 21, 2023 which was re-approved by the Shareholders at the annual general meeting of the Company on September 19, 2024. The purpose of the Equity Incentive Plan is to provide the Company with a share-related mechanism to attract, retain and motivate qualified directors, officers, employees and consultants, to reward those individuals from time to time for their contributions toward the long-term goals of the Company and to enable and encourage those individuals to acquire Common Shares as long term investments. Because many of the most capable individuals in the mining industry work for companies who can offer attractive cash and bonus compensation and a high level of employment security, Options represent a compensation element that balances the loss of employment security that such individuals must accept when moving to a junior exploration company such as Tectonic. Options are also an important component of aligning the objectives of Tectonic's executive officers and consultants with those of its Shareholders, while encouraging them to remain associated with the Company.

Tectonic provides significant Option positions to its executive officers and consultants. The precise amount of Options to be offered is governed by the importance of the role within the Company, by the competitive environment within which Tectonic operates, and by the regulatory limits on Option grants that cover organizations such as Tectonic. When considering an award of Options to an executive officer, consideration of the number of Options previously granted to the executive may be taken into account, however, the extent to which such prior grants remain subject to resale restrictions will generally not be a factor.

Hedging by Named Executive Officers or Directors

The Company has no policy with respect to NEOs or directors purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Compensation Risks

In making its compensation-related decisions, the Compensation Committee and Board carefully consider the risks implicitly or explicitly connected to such decisions. These risks include the risks associated with employing executives who are not world-class in their capabilities and experience, the risk of losing capable but under-compensated executives, and the financial risks connected to the Company's operations, of which executive compensation is an important part.

In adopting the compensation philosophy described above, the principal risks identified by the Company are:

- (a) that the Company will be forced to raise additional funding (causing dilution to Shareholders) in order to attract and retain the calibre of executive employees that it seeks; and
- (b) that the Company will have insufficient funding to achieve its objectives.

STATEMENT ON CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the Shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with day-to-day management of the Company. The Company's approach to issues of corporate governance is designed with a view to ensuring that the business and affairs of the Company are effectively managed so as to enhance shareholder value. The Board fulfills its mandate directly and through its committees at meetings held as required.

National Policy 58-201 – *Corporate Governance Guidelines* establishes corporate governance guidelines to be used by issuers in developing their own corporate governance practices. The Board is committed to ensuring that the Company has an effective corporate governance system, which adds value and assists the Company in achieving its objectives.

The Company's approach to corporate governance is set forth below.

Board of Directors

The Board is composed of five directors, four of whom qualify as independent directors. For this purpose, a director is independent if he or she has no direct or indirect "material relationship" with Tectonic, as defined in National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("**NI 58-101**"). A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgment. An individual who has been an employee or executive officer of the Company within the last three years is considered to have a material relationship with the Company.

Of the directors, Michael Roper, Allison Rippin Armstrong, John Armstrong, and Joseph J. Perkins are considered independent for the purposes of NI 58-101. Antonio Reda, as President and CEO of the Company, is not considered independent for the purposes of NI 58-101.

Directorships

The following table sets out the directors of the Company that currently serve on the boards of directors of other reporting issuers in Canada.

<u>Director</u>	<u>Reporting Issuer</u>
Antonio Reda	Kootenay Silver Inc.

The Board has determined that these concurrent directorships do not adversely impact the effectiveness of Mr. Reda on the Board or create any potential for conflicts of interest.

Mandate of the Board

The Board assumes responsibility for the stewardship of the Company and the enhancement of shareholder value. Pursuant to the mandate of the Board (the “**Board Mandate**”) the Board is responsible for:

- (a) adopting a strategic plan for the Company and reviewing the plan in light of management’s assessment of emerging trends, the competitive environment, the opportunities for the business of the Company, risk issues, and significant business practices and products;
- (b) ensuring that the risk management of the Company is prudently addressed;
- (c) reviewing the Company’s approach to human resource management and overseeing succession planning for management;
- (d) reviewing the Company’s approach to corporate governance, including an evaluation of the adequacy of the mandate of the Board, director independence standards and compliance with the Company’s Code of Business Conduct and Ethics; and

- (xiv) modify the provisions of this Section 7.3;

however, the Board may, without shareholder approval:

- (xv) make any amendment of a typographical, grammatical, clerical or administrative nature or clarification correcting or rectifying any ambiguity, immaterial inconsistency, defective provision, mistake, or error or omission in this Plan or any Grant;
- (xvi) make any addition to, deletion from or alteration of the provisions of this Plan or any Grant that are necessary to comply with applicable law or the requirements of any regulatory or governmental agency or applicable stock exchange and to avoid unanticipated consequences deemed by the Board to be inconsistent with the purpose of this Plan; or
- (xvii) make any amendments to clarify existing provisions of this Plan or any Grant provided that such changes do not have the effect of altering the scope, nature and intent of this Plan or any Grant.

(b) No Grant During Suspension of Plan

No Grant may be made during any suspension, or after termination, of the Plan. Amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Grant previously made.

7.4 Approvals

The Plan and any amendments hereto are subject to all necessary approvals of the applicable Regulatory Authorities. If, and for so long as, the Common Shares are listed on the TSXV, the provisions of the Plan are and will be subject to the relevant policies of the TSXV.

7.5 Termination

Subject to 7.3, the Board may terminate the Plan at any time provided that such termination will not alter the terms or conditions of any Grant or impair any right of any Participant pursuant to any Grant awarded prior to the date of such termination which will continue to be governed by the provisions of the Plan.

7.6 Agreement

The Company makes no representation or warranty as to the future market value of any Common Shares issued in accordance with the provisions of the Plan.

7.7 Agreement

The Company and every Grant awarded hereunder will be bound by and subject to the terms and conditions of the Plan. By accepting a Grant awarded hereunder, the Participant has expressly agreed with the Company to be bound by the terms and conditions of the Plan.

7.8 Notice

Any notice or other communication contemplated under the Plan to be given by the Company to a Participant will be given by the Company delivering or faxing the notice to the Participant at the last address for the Participant in the Company's records. Any such notice will be deemed to have been given on the date on which it was delivered, or in the case of fax, the next business day after transmission. A Participant may, at any time, advise the Company of a change in the Participant's address or fax number.

7.9 Change of Control

If the Company proposes to amalgamate, merge or consolidate with any other corporation (otherwise than pursuant to an internal corporate reorganization that would not affect control of the Company) or to liquidate, dissolve or wind-up, or in connection with any proposed sale or conveyance of all or substantially all of the property or assets of the Company or any proposed offer to acquire all of the outstanding Common Shares or any other proposed transaction involving the Company (in each case, a "**Change of Control**"), the Board may, in its discretion, permit and authorize the accelerated vesting and early exercise of all or any portion of the then outstanding Grants in connection with the completion of such Change of Control subject to prior TSXV approval, where applicable, and subject to vesting and acceleration requirements under sections 8.8 and 12.1.

7.10 Adjustments

Notwithstanding any other provision of the Plan, except Section 7.11, and subject to applicable law and prior acceptance by the TSXV, in the event of any change in the Shares by reason of any dividend (other than dividends in the ordinary course), split, recapitalization, reclassification, amalgamation, arrangement, merger, consolidation, combination or exchange of Shares or distribution of rights to holders of Shares or

any other relevant changes to the authorized or issued capital of the Company, if the Board shall determine that an equitable adjustment should be made, such adjustment shall, subject to applicable law and prior acceptance by the TSXV, be made by the Board to (i) the number of Shares subject to the Plan; (ii) the securities into which the Shares are changed or are convertible or exchangeable; (iii) any Options then outstanding; (iv) the Exercise Price, as appropriate in respect of such Options; and/or (v) with respect to the number of Share Units outstanding under the Plan, and any such adjustment shall be conclusive and binding for all purposes of the Plan.

7.11 Fractional Shares

The Company shall not be required to issue fractional Common Shares in satisfaction of its obligations under the Plan. Any fractional interest in a Common Share that would, except for the provisions of this Section 7.11, be deliverable upon the exercise of any Option shall be cancelled and not be deliverable by the Company.

7.12 Non-Transferability

No Grant, and no rights or interests therein, shall or may be assigned, transferred, sold, exchanged, encumbered, pledged or otherwise hypothecated or disposed of by a Participant other than by testamentary disposition by the Participant or the laws of intestate succession, subject to the policies of the TSXV. No such interest shall be subject to execution, attachment or similar legal process including without limitation seizure for the payment of the Participant's debts, judgments, alimony or separate maintenance.

PART II – OPTIONS

ARTICLE 8 TERMS AND CONDITIONS OF OPTIONS

8.1 Option Details

The Board may, from time to time, make one or more Grants of Options to Eligible Persons on such terms and conditions, consistent with the Plan, as the Board shall determine. Subject to the provisions of this Plan, the Board shall specify the following terms of the Option in the Option Certificate, which terms shall include the following:

- (a) the Award Date;
- (b) the number of Options granted;
- (c) the Exercise Price, provided that the Exercise Price shall not be less than the Market Value. In no event will the Exercise Price be less than \$0.05;
- (d) any vesting schedule contained in the Option Certificate upon which the exercise of an Option is contingent;
- (e) subject to Section 8.5, the term of the Option, provided that the Exercise Period shall in no event be greater than ten (10) years following the Award Date; however, if the Exercise Period is terminated during a Blackout Period, the Exercise Period shall be extended to the date that is ten (10) business days following the end of such Blackout Period (the “**Extension Period**”), provided that, notwithstanding the foregoing, the Exercise Period shall not be extended if the Participant holding such Option is a US Taxpayer or if the Company is subject to a cease trade order;
- (f) if the Participant, in respect of an Option grant is an Employee or Consultant, a representation by the Company and such Participant that the Participant is a bona fide Employee or Consultant; and
- (g) such other terms and conditions as the Board deems advisable and are consistent with the purposes of this Plan.

A Participant may exercise an Option in whole or in part at any time or from time to time during the Exercise Period. Any Option or part thereof not exercised within the Exercise Period will terminate and become null, void and of no effect as of 5:00 p.m. local time in Vancouver, British Columbia on the Expiry Date.

8.2 Termination

To the extent not earlier exercised or terminated in accordance with Section 8.5 hereof, the Expiry Date of an Option will be the earlier of the following dates:

- (a) Fixed Expiry Date

The fixed expiry date specified for such Option in the Option Certificate; provided that, if the expiry date occurs during a Blackout Period, such expiry date shall be extended to the date that is ten (10) business days following the end of such Blackout Period; provided further that, notwithstanding the foregoing, an expiry date falling within a Blackout Period shall not be extended if the Participant holding such Option is a US Taxpayer or if the Company is subject to a cease trade order.

(b) Without Cause Termination

Unless determined otherwise by the Board, where the Participant's position as a Director, Officer, Employee, or Consultant of the Company or any Affiliate terminates for a reason other than the Participant's Disability, death, or termination for Cause, (i) Options that have not vested as at the Termination Date terminate and expire on the Termination Date, and (ii) Options that have vested as at such Termination Date, shall be exercisable for 90 days after the Termination Date and then expire; provided that if a Participant's position with the Company changes from one of the said categories to another category, such change shall not constitute termination for the purpose of this Section 8.2.

(c) For Cause Termination

If the Participant's employment is terminated for Cause or the Participant's consulting agreement is terminated for cause, all outstanding Options expire on the Termination Date

Notwithstanding anything else contained in the Plan and subject to any necessary approval from the Company's shareholders and the Regulatory Authorities, the Board may in its discretion subject to the vesting and acceleration requirements under sections 8.8 and 12.1 and section 12.8 (a) extend the Expiry Date of any Option subject to Section 8.5, provided that in no case will an Option be exercisable later than the tenth anniversary of the Award Date of the Option; or (b) accelerate the expiry or vesting terms applicable to an Option. A Participant shall have no right to receive Shares or a cash payment, as compensation, damages or otherwise, with respect to any Options that do not become Vested, that have been forfeited, or that are not exercised before the date on which the Options expire, whether related or attributable to any contractual or common law termination entitlements or otherwise. There can be no acceleration of Options granted to Investor Relations Service Provider without prior written approval of the TSXV.

8.3 Exercise Price

The price at which a Participant may purchase a Common Share upon the exercise of an Option will be as set forth in the Option Certificate issued in respect of such Option and in any event will not be less than the Market Value of the Common Shares as of the Award Date.

8.4 Additional Terms

Subject to all applicable securities laws and regulations and the rules and policies of all applicable Regulatory Authorities, the Board may attach other terms and conditions to the grant of a particular Option, such terms and conditions to be referred to in a schedule attached to the Option Certificate. These terms and conditions may include, but are not necessarily limited to, the following:

- (a) subject to Section **Error! Reference source not found.**, providing that an Option expires on a date other than as provided for herein;
- (b) providing that a portion or portions of an Option vest after certain periods of time or upon the occurrence of certain events, or expire after certain periods of time or upon the occurrence of certain events other than as provided for herein; and
- (c) providing that an Option be exercisable immediately, in full, notwithstanding that it has vesting provisions, upon the occurrence of certain events, such as a friendly or hostile takeover bid for the Company, subject to TSXV Exchange approval, if required.

8.5 Assignment of Options

Subject to this Section 8.4(b), Options may not be assigned or transferred.

(a) Death of Participant

If the employment of a Participant as an Employee or Consultant of the Company or any Affiliate, or the position of a Participant as a Director or Officer of the Company or any Affiliate, terminates as a result of his or her death, any Options held by such Participant shall pass to the Qualified Successor of the Participant, and shall continue to vest and be exercisable by the Qualified Successor for a period of 1 year following such death. All unexercised Options shall expire on the first anniversary of the Participant's death.

(b) Disability of Participant

If the employment of a Participant as an Employee or Consultant of the Company or any Affiliate, or the position of a Participant as a Director or Officer of the Company or any Affiliate, is terminated by the Company or any Affiliate by reason of such Participant's Disability, any Vested Option held by such Participant that could have been exercised immediately prior to the Participant's Termination Date shall be exercisable by such Participant, or by his or her Guardian, for a period of 1 year following the Termination Date of such Participant. All unexercised Vested Options shall expire on the first anniversary of the termination of service. All unvested Options shall expire on the Termination Date.

(c) Disability and Death of Participant

If a Participant who has ceased to be employed by the Company or any Affiliate by reason of such Participant's Disability dies within 30 days after the termination of such employment, any Option held by such Participant that could have been exercised immediately prior to his or her death shall pass to the Qualified Successor of such Participant, and shall be exercisable by the Qualified Successor for a period of 1 year following the death of such Participant.

(d) Deemed Non-Interruption of Employment

Employment shall be deemed to continue intact during any military or sick leave or other *bona fide* leave of absence if the period of such leave does not exceed 90 days or, if longer, for so long as the Participant's right to reemployment with the Company or any Affiliate is guaranteed either by statute or by contract. If the period of such leave exceeds 90 days and the Participant's reemployment is not so guaranteed, then his or her employment shall be deemed to have terminated on the ninety-first day of such leave.

8.6 Effect of a Take-Over Bid

If a bona fide offer (the "**Offer**") for Common Shares is made to Participant or to shareholders generally or to a class of shareholders which includes the Participant, which Offer constitutes a take-over bid within the meaning of Section 92 of the Securities Act (British Columbia), as amended from time to time, the Company shall, immediately upon receipt of notice of the Offer, notify each Participant of full particulars of the Offer, whereupon any Vested Option held by a Participant may, conditional on completion of the Offer, be exercised in whole or in part by the Participant so as to permit the Participant to tender the Common Shares received upon such exercise to the Offer. If:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Shares to be tendered by the Participant pursuant to the Offer are not taken up and paid for by the offeror pursuant thereto;

the Options or, in the case of clause (b) above, the portion of the Options for which the underlying Shares would not be taken up, shall not have been exercised and the Company shall refund the Exercise Price to the Participant for such Options, subject to TSXV approval, if required..

8.7 Acceleration of Expiry Date

If at any time when an Option granted under the Plan remains unexercised with respect to any unissued Shares, an Offer is made by an offeror, the Board may, upon notifying each Participant of full particulars of the Offer, declare all Options granted under the Plan, vested, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Common Shares must be tendered pursuant to the Offer. The Directors shall give each Participant reasonable notice of the acceleration of the Options under this section, except that not less than 5 business days' notice is required and more than 30 days' notice is not required and subject to TSXV Exchange approval, if required.

8.8 Option Grant and Vesting Terms

Unless otherwise determined by the Board in accordance with the terms and conditions of this Plan, Options will be granted by the Board. The Board may determine and impose terms upon which each Option shall become vested, provided that, if the Common Shares are listed on the TSXV, Options granted to Persons employed to conduct Investor Relations Activities, must vest in stages over 12 months with no more than 25% of the Options vesting in any three month period.

Notwithstanding anything contained in this Plan, there can be no acceleration of the vesting requirements applicable to Option grants to an Investor Relations Service Provider without the prior written approval of the TSXV

ARTICLE 9 EXERCISE OF OPTION

9.1 Exercise of Option

An Option may be exercised only by the Participant or the Guardian of the Participant. A Participant or the Guardian of the Participant may exercise the vested portion or portions of an Option in whole or in part at any time or from time to time during the Exercise Period up to 5:00 p.m. local time in Vancouver, British Columbia on the Expiry Date by delivering to the Administrator an Exercise Notice, the applicable Option Certificate and a certified cheque or bank draft payable to "Tectonic Metals Inc." in an amount equal to the aggregate Exercise Price of the Common Shares to be purchased pursuant to the exercise of the Option. An Option may only be exercised if the Participant has made arrangements with the Company to satisfy any withholding tax obligations, pursuant to Article 4.

In the event that the Expiry Date of an Option falls within a trading blackout period imposed by the Company (the "Blackout Period"), the Expiry Date of such Option shall automatically be extended for the Extension Period unless the Company or the Participant is subject to a cease trade order; provided that if an additional Blackout Period is subsequently imposed by the Company during the Extension Period, then such Extension Period shall be deemed to commence following the end of such additional Blackout Period to enable the exercise of such Option within ten (10) trading days following the end of the last imposed Blackout Period.

For greater clarity, all Options granted to Insiders, Consultants or granted at any discount to the market price are subject to a 4 month hold period commencing on the date which the Options are granted.

9.2 Issue of Share Certificates

As soon as practicable following the receipt of the Exercise Notice, if required, the Administrator will, in his sole discretion, either cause to be delivered to the Participant a certificate for the Common Shares purchased by the Participant or cause to be delivered to the Participant a copy of such certificate and the original of such certificate will be placed in the minute book of the Company. If the number of Common Shares in respect of which the Option was exercised is less than the number of Common Shares subject to the Option Certificate surrendered, the Administrator will forward a new Option Certificate to the Participant concurrently with delivery of the share certificate for the balance of the Common Shares available under the Option.

9.3 Condition of Issue

The Options and the issue of Common Shares by the Company pursuant to the exercise of Options are subject to the terms and conditions of the Plan and compliance with the rules and policies of all applicable Regulatory Authorities with respect to the granting of such Options and the issuance and distribution of such Common Shares, and to all applicable securities laws and regulations. The Participant agrees to comply with all such laws, regulations, rules and policies and agrees to furnish to the Company any information, reports or undertakings required to comply with, and to fully cooperate with, the Company in complying with such laws, regulations, rules and policies.

PART III – SHARE UNITS

ARTICLE 10 GRANT OF SHARE UNITS

10.1 Eligibility and Grant Determination

- (a) The Board may from time to time make one or more Grants of Share Units to Eligible Persons on such terms and conditions, consistent with the Plan, as the Board shall determine, provided that, in determining the Eligible Persons to whom Grants are to be made and the Grant Value for each Grant, the Board shall take into account the terms of any written employment agreement or contract for services between an Eligible Person and the Company and may take into account such other factors as it shall determine in its sole and absolute discretion.
- (b) The Board shall determine the Grant Value and the Valuation Date (if different from the Award Date) for each Grant under this Part III. The number of Share Units to be covered by each such Grant shall be determined by dividing the Grant Value for such Grant by the Market Price of a Share as at the Award Date for such Grant, rounded up to the next whole number.
- (c) Each Grant Agreement issued in respect of Share Units shall set forth, at a minimum, the type of Share Units and Award Date of the Grant evidenced thereby, the number of RSUs or PSUs subject to such Grant, the applicable Vesting conditions, the applicable Vesting Date(s) and the treatment of the Grant upon the Participant's termination and may specify such other terms and conditions consistent with the terms of the Plan as the Board shall determine or as shall be required under any other provision of the Plan. The Board may include in a Grant Agreement under this Part III terms or conditions pertaining to confidentiality of information relating to the Company's operations or businesses which must be complied with by a Participant including as a condition of the grant or Vesting of Share Units.

ARTICLE 11 ACCOUNTS AND DIVIDEND EQUIVALENTS

11.1 Share Unit Account

An account, called a “**Share Unit Account**”, shall be maintained by the Company for each Participant who has received a Grant of Share Units and will be credited with such Grants of Share Units as are received by a Participant from time to time pursuant to Article 10 and any dividend equivalent Share Units pursuant to Section 11.2. Share Units that fail to Vest to a Participant and are forfeited pursuant to Section 12.5 and Section 12.6, or that are paid out to the Participant or his or her beneficiary, shall be cancelled and shall cease to be recorded in the Participant's Share Unit Account as of the date on which such Share Units are forfeited or cancelled under the Plan or are paid out, as the case may be. For greater certainty, where a Participant is granted both RSUs and PSUs, such RSUs and PSUs shall be recorded separately in the Participant's Share Unit Account.

11.2 Dividend Equivalent Share Units

Except as otherwise provided in the Grant Agreement relating to a Grant of RSUs or PSUs, if and when cash dividends (other than extraordinary or special dividends) are paid with respect to Shares to shareholders of record as of a record date occurring during the period from the Award Date under the Grant Agreement to the date of settlement of the RSUs or PSUs granted thereunder, a number of dividend equivalent RSUs or PSUs, as the case may be, shall be credited to the Share Unit Account of the Participant who is a party to such Grant Agreement. The number of such

additional RSUs or PSUs will be calculated by dividing the aggregate dividends or distributions that would have been paid to such Participant if the RSUs or PSUs in the Participant's Share Unit Account had been Shares by the Market Price on the date on which the dividends or distributions were paid on the Shares. The additional RSUs or PSUs granted to a Participant will be subject to the same terms and conditions, including Vesting and settlement terms, as the corresponding RSUs or PSUs, as the case may be.

Notwithstanding the foregoing, (i) should the Company not have sufficient Shares available to satisfy an increase in the number of Shares of the Company, at a particular time, which have been reserved for issuance upon the exercise of a Share Units but which have not been issued; or (ii) should the increase of the number of unissued Share Units result in the Company breaching a limit on grants or issuances set out in Section 6.2, then in lieu of increasing the number of unissued Shares, the Company may pay the holders of each Share Unit such amount in cash, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly satisfy the Company's obligations.

ARTICLE 12 VESTING AND SETTLEMENT OF SHARE UNITS

12.1 Vesting & Acceleration

Subject to this Section 12.1 and the applicable Grant Agreement, Share Units subject to a Grant and dividend equivalent Share Units credited to the Participant's Share Unit Account in respect of such Share Units shall Vest in such proportion(s) and on such date(s) as may be specified in the Grant Agreement governing such Grant provided that the Participant has not experienced a Termination Date on or before the relevant Vesting Date. No Share Units may vest before the date that is one year following the Grant Date of such Share Units.

Notwithstanding anything else in this Plan, no security based compensation (other than Options or securities issued pursuant to a share purchase plan) may vest before one year from date of issuance or grant. Acceleration of vesting is permitted in connection with the Participant's death or where the Participant ceases to be an eligible Participant in connection with a change of control, take-over bid, reverse takeover or other similar transaction.

12.2 Settlement

A Participant's RSUs and PSUs, adjusted in accordance with the applicable multiplier, if any, as set out in the Grant Agreement, and rounded down to the nearest whole number of RSUs or PSUs, as the case may be, shall be settled, by a distribution as provided below to the Participant or his or her beneficiary following the Vesting thereof in accordance with Section 12.1, as the case may be, subject to the terms of the applicable Grant Agreement. In all events, unless the Grant Agreement specifies that RSUs and PSUs must be settled through the issuance of Common Shares, settlement will occur upon or as soon as reasonably practicable following Vesting and, in any event, no later than December 31 of the third year following the year in respect of which the Share Unit is granted. Settlement shall be made by the issuance of one Share for each RSU or PSU then being settled, a cash payment equal to the Market Price on the date the Share Unit becomes Vested for RSUs or PSUs being settled in cash (subject to Section 12.3), or a combination of Shares and cash, all as determined by the Board in its discretion, or as specified in the applicable Grant

Agreement, and subject to payment or other satisfaction of all related withholding obligations in accordance with Article 4.

For greater certainty, settlement for Participants who are US Taxpayers shall be made on such dates or during such period as provided in the related Grant Agreement.

12.3 Postponed Settlement

Except if the Participant is a US Taxpayer, if a Participant's Share Units would, in the absence of this Section 12.3, be settled within a Blackout Period applicable to such Participant, such settlement shall be postponed until the Trading Day following the date on which such Blackout Period ends (or as soon as practicable thereafter, and in any event, within 10 business days following the end of the Blackout Period) unless the Company is subject to a cease trade order, and the Market Price of any Share Units being settled in cash will be determined as of the Trading Day immediately prior to the settlement date.

12.4 Failure to Vest

Subject to the terms of the Grant Agreement and this Article 12, all Share Units that are not Vested and do not become Vested on the Participant's Termination Date shall be immediately forfeited. The Participant shall have no further entitlement to RSUs or PSUs and no right to receive Shares or a cash payment, as compensation, damages or otherwise, following the Termination Date and waives any claim to damages in respect thereof whether related or attributable to any contractual or common law notice period or otherwise, with respect to any RSUs or PSUs that do not become Vested or are forfeited hereunder.

12.5 Without Cause Termination

Unless determined otherwise by the Board and subject to the terms of a Participant's Grant Agreement, where the Participant's position as a Director, Officer, Employee, or Consultant of the Company or any Affiliate terminates for a reason other than the Participant's Disability, death or termination for Cause, all Share Units that are not Vested on the Termination Date shall be cancelled for no consideration. In any case, all Grants must expire within a reasonable period, not exceeding 12 months, following the date in which the Participant ceases to be eligible under the Plan.

12.6 For Cause Termination

Unless determined otherwise by the Board, if the Participant's position as an Employee, Consultant, Director or Officer of the Company or any Affiliate is terminated for Cause, all Share Units that have not yet been settled on the Termination Date shall be forfeited on the Termination Date for no consideration.

12.7 Death or Disability

Unless determined otherwise by the Board and subject to the terms of a Participant's Grant Agreement, if a Participant dies or experiences a Disability prior to Share Units Vesting, such number of Share Units that would have vested in the 12 months following the Participant's

Termination Date due to death or Disability shall vest and such Vested Share Units shall be settled in favour of the Participant's Qualified Successor or Guardian pursuant to Section 12.2.

12.8 Expiry Upon Ceasing to be an Eligible Participant

In any case, all Grants must expire within a reasonable period, not exceeding 12 months, following the date in which the Participant ceases to be eligible under the Plan.

**ARTICLE 13
SHAREHOLDER RIGHTS**

13.1 No Rights to Shares

Share Units are not Shares and a Grant of Share Units will not entitle a Participant to any shareholder rights, including, without limitation, voting rights, dividend entitlement or rights on liquidation.

13.2 Issue of Share Certificates

As soon as practicable following the settlement of the Vested Share Units, the Administrator will, in his or her sole discretion, either cause to be delivered to the Participant a certificate for the Common Shares acquired by the Participant or cause to be delivered to the Participant a copy of such certificate and the original of such certificate will be placed in the minute book of the Company.

13.3 Condition of Issue

The issuance of Common Shares by the Company pursuant to a Grant of Share Units is subject to the terms and conditions of the Plan and compliance with the rules and policies of all applicable Regulatory Authorities with respect to the granting of such Share Units and the issuance and distribution of such Common Shares, and to all applicable securities laws and regulations. The Participant agrees to comply with all such laws, regulations, rules and policies and agrees to furnish to the Company any information, reports or undertakings required to comply with, and to fully cooperate with, the Company in complying with such laws, regulations, rules and policies.

Change in Control Treatment

Notwithstanding anything to the contrary, if the Change in Control event does not constitute a change in ownership or effective control of the Company or a change in ownership of a substantial portion of the assets of the Company under Section 409A of the Code, and if the Company determines any award under the Plan constitutes deferred compensation subject to Section 409A of the Code, then as determined in the sole discretion of the Board, the vesting of such award may be accelerated as of the effective date of the Change in Control, but the Company shall pay such award on its original payment date, but in no event more than ninety (90) days following the original payment date.
