## **Unaudited Interim Consolidated Financial Statements**

(Expressed in Canadian dollars)

**As at and for the three and nine months ended  
September 30, 2021 and 2020**

### **NOTICE TO READER**

The accompanying unaudited interim consolidated financial statements of DelphX Capital Markets Inc. (the “Company”) have been prepared by and are the responsibility of management. These unaudited interim consolidated financial statements as at and for the three and nine months ended September 30, 2021 and 2020 have not been reviewed by the Company’s auditors.

## MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying unaudited interim consolidated financial statements of DelphX Capital Markets Inc., are the responsibility of the management and the Board of Directors (the “**Board**”) of the Company and have been prepared in accordance with the accounting policies disclosed in the notes to the unaudited interim consolidated financial statements. Where necessary, management has made informed judgments and estimates in accounting for transactions which were not complete at the statement of financial position date. In the opinion of management, the interim unaudited consolidated financial statements have been prepared within acceptable limits of materiality and are in accordance with International Accounting Standard 34 Interim Financial Reporting of International Financial Reporting Standards using accounting policies consistent with International Financial Reporting Standards appropriate in the circumstances.

The Board is responsible for reviewing and approving the unaudited interim consolidated financial statements together with other financial information of the Company and for ensuring that management fulfills its financial reporting responsibilities. An Audit Committee assists the Board in fulfilling this responsibility. The Audit Committee meets with management to review the financial reporting process and the unaudited interim consolidated financial statements together with other financial information of the Company. The Audit Committee reports its findings to the Board for its consideration in approving the unaudited interim consolidated financial statements together with other financial information of the Company for issuance to the shareholders.

## MANAGEMENT'S ASSESSMENT OF INTERNAL CONTROL OVER FINANCIAL REPORTING (“ICFR”)

Management is responsible for establishing and maintaining adequate internal control over the Company's financial reporting.

As the Company is a Venture Issuer (as defined under *National Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings*) (“**NI 52-109**”), the Company and Management are not required to include representations relating to the evaluation, design, establishment and/or maintenance of disclosure controls and procedures (“**DC&P**”) and/or ICFR, as defined in NI 52-109, **nor has it completed such an evaluation**. Inherent limitations on the ability of the certifying officers to design and implement on a cost-effective bases DC&P and ICFR for the issuer may result in additional risks of quality, reliability, transparency and timeliness of interim and annual filings and other reports provided under securities legislation.

### 1. General information and going concern

DelphX Capital Markets Inc. (“**DelphX**” or the “**Company**”) was incorporated as Seaside Exploration Partners Corp. (“**Seaside**”) on October 21, 2016, pursuant to the *Business Corporations Act* (British Columbia), and was a Capital Pool Company, pursuant to the policies of the TSX Venture Exchange (“**TSXV**”). On April 25, 2018, DelphX Corporation and Seaside completed a Qualifying Transaction (“**QT**”), as is defined pursuant to TSXV Policy 2.4, pursuant to a definitive share-exchange agreement dated December 12, 2017. The QT constituted a reverse take-over (“**RTO**”) of Seaside. Prior to the QT, Seaside had a fiscal year end of January 31<sup>st</sup>, which has been changed to December 31<sup>st</sup> to coincide with the reporting year end of the DelphX Corporation (the RTO accounting acquirer).

The principal address of the Company is 15 Prince Arthur Street, Toronto, Ontario, M5R 1B2. DelphX’s principal business activity is to develop and operate a global facility for transparent offering, purchase, sale, collection and storage of certain fixed income securities and derivatives, and to manage data, research, analytics and valuations of such instruments.

These unaudited interim consolidated financial statements (the “**Interim Consolidated Financial Statements**”) have been prepared using International Financial Reporting Standards (“**IFRS**”) applicable to going concern, which contemplates the realization of assets and settlement of liabilities as they fall due in the normal course of business for the foreseeable future. The Company is in the development stage and has not yet realized profitable operations and has relied on non-operational sources of financing to fund operations. DelphX’s ability to continue as a going concern is dependent on successfully executing its business plan, which includes the raising of additional funds. The Company will continue to seek additional forms of debt or equity financing, but it cannot provide assurance that it will be successful in doing so. These material uncertainties cast significant doubt as to the ability of the Company to continue as a going concern. The Consolidated Financial Statements do not reflect the adjustments to the carrying amounts of assets and liabilities and the reported expenses and consolidated statement of financial position classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

The Company’s operations could be significantly adversely affected by the effects of a widespread global outbreak of a contagious disease, including the recent outbreak of respiratory illness caused by Novel Coronavirus (“**COVID-19**”). The Company cannot accurately predict the impact COVID-19 will have on its operations and the ability of others to meet their obligations with the Company, including uncertainties relating to the ultimate geographic spread of the virus, the severity of the disease, the duration of the outbreak, and the length of travel and quarantine restrictions imposed by governments of affected countries. In addition, a significant outbreak of contagious diseases in the human population could result in a widespread health crisis that could adversely affect the economies and financial markets of many countries, resulting in an economic downturn that could further affect the Company’s operations and ability to finance its operations.

### 2. Basis of preparation

#### 2.1 Statement of compliance

These unaudited interim consolidated financial statements, including comparatives, have been prepared in accordance with *International Accounting Standards ("IAS") 34 'Interim Financial Reporting'* using accounting policies consistent with the IFRS issued by the International Accounting Standards Board ("IASB") and Interpretations of the International Financial Reporting Interpretations Committee ("IFRIC").

The Interim Consolidated Financial Statements were approved and authorized for issuance by the Board on November 29, 2021.

#### 2.2 Basis of presentation and measurement

The Interim Consolidated Financial Statements have been prepared on a historical cost basis, except for financial instruments that are measured on amortized cost or fair value. In addition, these unaudited interim consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

The preparation of the Interim Consolidated Financial Statements in accordance with IFRS requires the use of certain accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies.

#### 2.3 Basis of consolidation

The Interim Consolidated Financial Statements consolidate the accounts of the Company and all its subsidiaries. The Company has the following directly and indirectly wholly-owned subsidiaries: DelphX Services Corporation ("DSC") (incorporated on August 4, 2011, pursuant to the laws of Delaware, USA), an SEC-registered securities broker-dealer that has an objective to manage the DelphX Alternative Trading System ("ATS"); DelphX Data Corporation (incorporated on February 21, 2018, pursuant to the laws of Canada), the Company's Canadian operations entity; Quantem Capital Corporation (incorporated on April 11, 2018, pursuant to the laws of Bermuda) (inactive), Quantem Capital LLC (a limited liability company formed on September 3, 2021, pursuant to the laws of Delaware) and DelphX Corporation (incorporated on February 18, 2016, pursuant to the laws Delaware, USA), the Company's US operations entity. The Interim Consolidated Financial Statements include the financial position, results of operations and cash flows of its subsidiaries subsequent to acquisition or formation.

A subsidiary is an entity over which the Company has control, whereby control is defined as the power to direct activities of an entity that significantly affect the entity's returns so as to obtain benefit from its activities. Control is presumed to exist where the Company has ownership of more than one-half of the voting rights in its subsidiaries. The effect of potential voting rights that are currently exercisable are considered when assessing whether control exists. Subsidiaries are fully consolidated from the date control is acquired or transferred to the Company and de-consolidated from the date at which the control ceases.

### 3. Adoption of new standards and pending accounting pronouncements

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods commencing on or after January 1, 2021. The following IFRS amended standards have been issued but not yet adopted, as they are being evaluated to determine their impact on the Company.

IFRS 10 – Consolidated Financial Statements and IAS 28 – Investments in Associates and Joint Ventures were amended in September 2014 to address a conflict between the requirements of IAS 28 and IFRS 10 and clarify that in a transaction involving an associate or joint venture, the extent of gain or loss recognition depends on whether the assets sold or contributed constitute a business. The effective date of the amendments to IFRS 10, is yet to be determined, however early adoption is permitted. The Company has not yet adopted this standard and is assessing its impact on its consolidated financial statements.

IAS 1 – Presentation of Financial Statements. In January 2020, the classification of liabilities as current or non-current was amended. An entity shall apply the amendments for annual reporting periods on or after January 1, 2023, retrospectively in accordance with IAS 8 – Accounting Policies, changes in accounting estimates and errors. The Company has not yet adopted this amendment and is currently assessing the effects on its consolidated financial statements.

IAS 16 – Property, Plant and Equipment – Proceeds before Intended Use. The Standard was amended in 2020 to provide for the costs of testing whether a product is functioning properly in accordance with management's expectations and the disclosure of those costs. An entity shall apply the amendments for annual reporting periods on or after January 1, 2022, with early adoption permitted. The Company has not yet adopted this amendment and is currently assessing the effects on its consolidated financial statements.

IAS 37 – Provisions contingent liabilities and contingent assets. The Standard was amended in May 2020 to expand on the definition of onerous contracts and the costs to be included in fulfilling a contract. An entity shall apply the amendments for annual reporting periods on or after January 1, 2022, with early adoption permitted. The Company has not yet adopted this amendment and is currently assessing the effects on its consolidated financial statements.

---

### 4. Capital management

The Company's main objective in managing capital is to ensure sufficient liquidity to pursue and fund product development, production and promotion. Secondly, the Company strives to continue to fund research and development and pursue its growth strategy, while at the same time taking a conservative approach toward financial leverage and management of financial risk. The Company's capital is considered to be its shareholders' equity (deficiency). The Company's primary uses of capital are financing operations, including the completion and roll-out of its ATS, increasing non-cash working capital and capital expenditures. The Company currently funds these requirements from existing cash resources and/or cash raised through the issuance of common shares or debt. The Company's objectives when managing capital is to ensure the Company will continue to have enough liquidity so that it can provide its products and services to its customers and returns to its shareholders. The Company monitors its capital on the basis of the adequacy of its cash resources to fund its business plan. In order to maximize the capacity to finance the Company's ongoing growth, the Company does not currently pay a dividend to holders of its common shares.

## Notes to Unaudited Interim Consolidated Financial Statements

(expressed in Canadian dollars)

As at and for the three and nine months ended September 30, 2021 and 2020

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable.

There were no changes in the Company's approach to capital management during the nine months ended September 30, 2021. The Company is not subject to any capital requirements by lending institution or regulatory body, other than by the continued listing requirements of the TSXV.

### 5. Financial instruments and risk management

The Company has the following financial instruments:

	September 30, 2021	December 31, 2020
	\$	\$
Financial assets		
Cash	2,035,761	181,709
Deposits	11,507	11,507
Due from related parties	59,910	57,660
	<b>2,107,178</b>	<b>250,876</b>
Financial liabilities		
Accounts payable and accrued liabilities	2,457,397	1,423,060
Due to related parties	100,000	2,193,482
Convertible debentures	-	598,727
Debentures	136,800	136,800
	<b>2,694,197</b>	<b>4,352,007</b>

The carrying value of the Company's cash, deposits, due from related parties, accounts payable and accrued liabilities, due to related parties and debentures approximate their fair value due to the short-term nature of these instruments.

#### 5.1 Basis of fair values

Assets and liabilities recorded at fair value on the statement of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 – quoted prices (unadjusted) observed in active markets for identical assets or liabilities.

Level 2 – inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

## Notes to Unaudited Interim Consolidated Financial Statements

(expressed in Canadian dollars)

As at and for the three and nine months ended September 30, 2021 and 2020

The Company treats its cash as Level 1 financial asset and does not have any Level 2 or Level 3 financial assets or liabilities.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. There have been no significant transfers between levels during the year.

### 5.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. As at September 30, 2021, the Company had \$2,813,292 (December 31, 2020 - \$4,457,824) of liabilities with a maturity of one year or less and a working capital deficiency of \$644,445 (December 31, 2020 – \$4,160,130). The Company manages its liquidity risk by reviewing its growth plans on an ongoing basis.

### 5.3 Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, commodity prices and/or stock market movements (price risk).

### 5.4 Currency risk

The Company's functional currency is the US dollar. The Company also conducts business in Canadian dollars. Financial assets and liabilities denominated in foreign currencies will be affected by changes in the exchange rate between the functional currency and any foreign currencies. The assets and liabilities primarily affected are cash, accounts payable and accrued liabilities and due to related parties that are denominated in foreign currencies. The Company has recognized currency exchange gains and losses during the three and nine months ended September 30, 2021, of gain of \$90,139 (2020 – loss of \$148,005) and loss of \$5,445 (2020 – gain of \$92,031), respectively.

Management believes that at this stage of its development, foreign currency risk derived from currency conversions is negligible and therefore does not hedge its foreign exchange risk.

The Company's funds are kept in Canadian and US dollars at a major Canadian institution.

The Company's exposure to foreign currency balances is as follows:

Account	Foreign currency	Exposure (\$Cdn)	
		September 30, 2021	December 31, 2020
Cash	US dollar	42,146	13,305
Accounts payable and accrued liabilities	US dollar	(1,026,950)	(1,053,099)
Due to related parties	US dollar	(943,316)	(1,285,808)

# DelphX Capital Markets Inc.

## Notes to Unaudited Interim Consolidated Financial Statements

(expressed in Canadian dollars)

As at and for the three and nine months ended September 30, 2021 and 2020

The Company believes that a change of 10% in foreign exchange rates would increase/decrease comprehensive loss for the period by approximately \$193,000 (2020 – for the year \$233,000).

The Company is not currently exposed to any significant credit risk and other price risk.

### 6. Deposits and prepaid expenses

Deposits and prepaid expenses represent costs expended by the Company for which it has not yet received value. The deposits and prepaid expenses of the Company are detailed as follows:

	September 30, 2021	December 31, 2020
	\$	\$
Consulting fees	12,500	14,125

### 7. Related party transaction

#### Due from related party

As at September 30, 2021, amounts due to the Company comprise a secured loan in the amount of \$50,000 plus accrued interest of \$9,910 provided to its former Chief Financial Officer (December 31, 2020 - \$57,660). The maturity of the loan has been extended to January 31, 2022, and interest accrues at the rate of 6% per annum. Both principal and accrued interest are payable on or before the maturity date and the loan is secured by a promissory note from the borrower. As further security to the Company, the borrower agreed not to sell, pledge or otherwise encumber, 62,000 of the Company's common shares owned by him, until the full amount of the loan was repaid (including applicable interest). The borrower has also agreed to surrender the shares to the Company upon its request to do so.

#### Due to related parties

As at September 30, 2021, amounts due to related parties include \$100,000, comprising a settlement amount due to a senior officer of the company. Amounts due at December 31, 2020, of \$2,193,482 comprise salary and consulting charges due to senior officers of the Company.

#### Key management compensation

Key management includes those individuals having authority and responsibility for planning, directing and controlling the activities of the Company directly or indirectly. Key management includes the directors, named executive officers, being the chief executive officer and the chief financial officer and the Company's

### Equity participation

During the nine months ended September 30, 2021 and 2020, related parties participated in equity financings of the Company as follows:

	September 30, 2021	September 30, 2020
	\$	\$
Equity financings	120,000	64,600

### Related party settlements

In September 2021, the Company settled outstanding amounts due to various shareholders at a discount of \$1,326,148. Pursuant to IFRIC 19.6, the discount is not reflected in the statements of loss and comprehensive loss but to common shares.

### 8. Right-of-use asset

In accordance with IFRS 16, the Company has recognized a ROU asset for its office premises with a corresponding lease liability (note 10) which is initially measured at the present value of the future lease payments. The Company then recognizes depreciation of ROU asset.

(expressed in Canadian dollars)

As at and for the three and nine months ended September 30, 2021 and 2020

During the three and nine months ended September 30, 2021, the Company incurred \$nil (2020 - \$2,103) and \$4,136 (2020 - \$9,462), respectively in short-term leases and \$nil (2020 - \$nil) and \$nil (2020 - \$nil), respectively in low-value leases.

### 9. Accounts payable and accrued liabilities

Accounts payable of the Company are principally comprised of amounts outstanding for trade purchases and financing activities. The usual credit period taken for trade purchases is between 30 and 60 days.

The following is an analysis of the Company's accounts payable and its accrued liabilities:

	September 30, 2021	December 31, 2020

The September 30, 2021 balance includes \$943,316 that has been reallocated from due to related party as those recipients are no longer related.

### 10. Lease liability

In accordance with IFRS 16, the Company has recognized a ROU asset (note 8) for its office premises with a corresponding lease liability which is initially measured at the present value of the future lease payments. The Company then recognizes interest expense on lease liability.

In order to calculate the present value of the future lease payments, the Company has used a discount rate of 12% which represents its incremental borrowing rate. Prior to the adoption of IFRS 16, this lease was accounted for as an operating lease.

Changes to the Company's lease liability is as follows:

### 11. Secured, convertible debentures

During the year ended December 31, 2019, the Company completed a non-brokered financing of \$620,000 (the “**Financing**”), by way of issuance of secured, convertible debentures (the “**Convertible Debentures**”). The Convertible Debentures carry an interest rate of 12.0%, payable semi-annually, with a maturity date of May 31, 2021. The principal amount of the Convertible Debentures is convertible at any time at the election of the holder. The Convertible Debentures are convertible into units (“**Convertible Units**”), whereby each Convertible Unit consists of one common share of the Company and one share purchase warrant of the Company. The conversion price of the Convertible Debentures is \$0.15 per Convertible Unit. Each share purchase warrant entitles the holder to purchase one common share of the Company at a price of \$0.20 per common share, expiring May 31, 2021. The Convertible Debentures are secured with a fixed and floating charge against the current and future assets of the Company through a general security agreement.

In connection with the Financing, the Company incurred \$17,500 of cash costs and issued 217,233 finder’s warrants (together, the “**Debenture Fees**”), exercisable for \$0.20 each for a period of 2 years. The fair value of \$21,493 was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: Risk-free rate of 1.43%, expected life of 2 years, exercise price of \$0.20, volatility of 94.85%, dividend yield of 0% and share price of \$0.13. Both the cash costs and the fair value of the

finder's warrants were allocated to the liability and equity components on the same basis as the bifurcation (below). The liability component of the Debenture Fees will be accreted over the life of the Convertible Debentures.

For accounting purposes, the Convertible Debentures are separated into their liability and equity components by first valuing the liability component. The fair value of the liability component at the time of issue of \$549,402, was calculated as the discounted cash flows for the Convertible Debentures assuming an 18% discount rate, which was the estimated rate for a similar debenture without a conversion feature. The fair value of the equity component (conversion feature) was determined at the time of issue as the difference between the face value of the Convertible Debentures and the fair value of the liability component, being \$70,598. The equity component will be accreted over the life of the Convertible Debentures. Accretion expense for the three and nine months ended September 30, 2021 was \$nil (2020 - \$19,397) and \$21,272 (2020 - \$40,296), respectively.

During the three and nine months ended September 30, 2021, the Company incurred \$nil (2020 - \$18,600) and \$31,000 (2020 - \$55,800), respectively of interest expense on the Convertible Debentures.

On May 31, 2021, all of the convertible debentures were converted (note 13.2 (iv)) and the accrued interest of \$147,300 was settled with the issuance of shares (note 13.2 (i)).

---

### 12. Secured debentures

During 2019, the Company completed a non-brokered financing of \$136,800, by way of issuance of secured debentures ("**Debentures**"). The Debentures carry an interest rate of 12.0%, payable semi-annually, with a maturity date of November 15, 2021. The Debentures are secured with a fixed and floating charge against the current and future assets of the Company through a general security agreement. For the three and nine months ended September 30, 2021, the Company incurred \$4,104 (2020 - \$4,104) and \$12,312 (2020 - \$12,312), respectively of interest expense on the Debentures.

period of 5 years after issue. The fair value of \$291,444 of the July 21 Finder Warrants was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: Risk free rate of 0.88%, expected life of 5 years, volatility of 192.56%, a dividend yield of 0% and share price of \$0.65.

- (ii) In July 2021, 342,000 options and 415,000 warrants were exercised, raising proceeds of \$41,500. The fair value of the exercised options and warrants of \$26,367 was transferred to common shares from warrants and contributed surplus.
- (iii) In June 2021, the Company issued 626,809 common shares in settlement of outstanding accrued interest on its convertible debentures in the amount of \$147,300.
- (iv) In June 2021, 815,625 options were exercised raising proceeds of \$54,000. The fair value of the exercised options of \$29,167, was transferred from contributed surplus to share capital.
- (v) In June 2021, 200,000 warrants were exercised raising proceeds of \$20,000. The fair value of the exercised warrants of \$6,813, was transferred from warrants to share capital.
- (vi) In May 2021, convertible debenture holders converted the entire principle balance of \$620,000 (the "**Conversion**"), resulting in the issuance of 4,133,334 common shares. In connection with the Conversion, the Company issued 4,133,334 warrants (the "**Conversion Warrants**"). Each Conversion Warrant is exercisable for one common share at \$0.24 for a period of two years after issue. The fair value of the Conversion Warrants of \$289,233 was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: Risk free rate of 0.32%, expected life of 2 years, volatility of 222.3%, a dividend yield of 0% and share price of \$0.24.
- (vii) In May 2021, 217,233 finder warrants were exercised raising proceeds of \$43,447. The fair value of the exercised finder warrants of \$21,493, was transferred from warrants to share capital.
- (viii) In April 2021, the Company completed at unit financing (the "**April 21 Offering**"). The April 21 Offering comprised 5,700,000 units (the "**Units**"). Each Unit comprised one common share and one common-share purchase warrant (each, an "**April 21 Warrant**"). Each April 21 Warrant is exercisable for one common share at \$0.15 for a period of five years after issue. The fair value of the April 21 Warrants of \$268,368 was estimated using the Black-Scholes option pricing model with the following weighted average assumptions: Risk free rate of 0.90%, expected life of 5 years, volatility of 192.6%, a dividend yield of 0% and share price of \$0.26.

In connection with the April 21 Offering, the Company paid cash finder fees of \$28,000 and also issued 280,000 finders warrants (each a "**Finder Warrant**") with an exercise price of \$0.10 per finders warrant, exercisable for a period of five years, with a relative fair value of \$35,353. ### 16. Sublease income

During 2019, the Company adopted IFRS 16 for its Canadian office premises lease (“**Head Lease**”). Also, the Company entered into a sub-lease (as such is defined pursuant to IFRS 16) for its office premises in Canada. DelphX as the intermediate lessor has classified the sub-lease as an operating lease and during the term of the sublease, has accounted for it by retaining both the ROU asset and lease liability already recognized for the Head Lease and records lease income from the sub-lease.
