MANAGEMENT INFORMATION CIRCULAR
GENERAL PROXY INFORMATION

May 22, 2018

Solicitation of Proxies

This management information circular (“Management Information Circular”) is furnished in connection with the solicitation of proxies by the management and the directors of PJX RESOURCES INC. (the “Corporation” or the “Company”) for use at the annual and special meeting of the shareholders of the Corporation (the “Meeting”) to be held at the offices of **Bennett Jones LLP, 34th Floor, One First Canadian Place, Toronto, Ontario at 11:00 a.m. (Toronto time) on June 26, 2018 and at all adjournments thereof for the purposes set forth in the accompanying notice of the Meeting (the “Notice of Meeting”). The solicitation of proxies will be made primarily by mail and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Corporation. Directors, officers and employees of the Corporation will not receive any extra compensation for such activities. The Corporation may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Corporation in favour of the matters set forth in the Notice of Meeting. The Corporation may pay brokers or other persons holding common shares of the Corporation (“Common Shares”) in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and this Management Information Circular to beneficial owners of Common Shares and obtaining proxies therefrom. The cost of the solicitation will be borne by the Corporation.**

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice of Meeting, this Management Information Circular and a form of proxy to intermediaries such as clearing agencies, securities dealers, banks and trust companies or their nominees for onward distribution to non-registered shareholders of the Corporation whose Common Shares are held by or in custody of such intermediaries. Intermediaries are required to forward these documents to non-registered shareholders of the Corporation. The solicitation of proxies from non-registered shareholders of the Corporation will be carried out by intermediaries or by the Corporation if the names and addresses of non-registered shareholders of the Corporation are provided by the intermediaries. The cost of the solicitation will be borne by the Corporation. Non-registered shareholders of the Corporation who wish to file proxies should follow the instructions of their intermediary with respect to the procedure to be followed. Generally, non-registered shareholders of the Corporation will either (a) be provided with a proxy executed by the intermediary, as the registered shareholder of the Corporation, but otherwise uncompleted and the non-registered shareholder of the Corporation may complete the proxy and return it to Computershare Investor Services Inc., or (b) be provided with a request for voting instructions by the intermediary, as the registered shareholder of the Corporation, in which case the intermediary must send to Computershare Investor Services Inc. an executed proxy completed in accordance with any voting instructions received from the non-registered shareholder of the Corporation and may not vote the common shares represented by the proxy in the event that no instructions are received.

In either case, the purpose of these procedures is to permit non-registered shareholders to direct the voting of the Common Shares they beneficially own. Should a non-registered shareholder who receives either a voting instruction form or a form of proxy wish to attend the meeting and vote in person (or have another person attend and vote on behalf of the non-registered shareholder), the non-registered shareholder should strike out the names of the persons named in the form of proxy and insert the non-registered shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instructions form, follow the directions indicated on the form. In either case, non-registered shareholders should carefully follow the instructions of their Intermediaries and their service companies, including those regarding when and where the voting instruction form or the proxy is to be delivered.

No person is authorized to give any information or to make any representation other than those contained in this Management Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Corporation. The delivery of this Management Information Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date of this Management Information Circular.

Appointment and Revocation of Proxies

The persons named in the form of proxy accompanying this Management Information Circular are directors and/or officers of the Corporation. A shareholder of the Corporation has the right to appoint a person (who need not be a shareholder), other than the persons whose names appear in such form of proxy, to attend and act for and on behalf of such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to Computershare Trust Company of Canada in time for use at the Meeting in the manner specified in the Notice of Meeting.

A shareholder of the Corporation who has given a proxy may revoke the proxy at any time prior to use by (a) depositing an instrument in writing, including another completed form of proxy, executed by such shareholder or by his or her attorney authorized in writing or by electronic signature or, if the shareholder is a corporation, by an officer or attorney thereof properly authorized, either (i) at the registered office of the Corporation, Suite 3400 One First Canadian Place, Toronto, Ontario M5X 1A4, (ii) with Computershare Investor Services Inc., 9th Floor, North Tower, 100 University Avenue, Toronto, Ontario M5J 2Y1, at any time prior to 11:00 a.m. (Toronto time) two business days preceding the day of the Meeting or any adjournment thereof, or (iii) with the chairman of the Meeting on the day of the Meeting or any adjournment thereof, (b) transmitting, by telephonic or electronic means, a revocation that complies with sub-paragraphs (i), (ii) or (iii) above and that is signed by electronic signature, provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be, or (c) in any other manner permitted by law including attending the Meeting in person.

A non-registered shareholder who has submitted a proxy may revoke it by contacting the intermediary through which the non-registered shareholder's Common Shares are held and following the instructions of the intermediary respecting the revocation of proxies.

Exercise of Discretion by Proxies

The Common Shares represented by an appropriate form of proxy will be voted or withheld from voting on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions thereon. If the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of instructions, such Common Shares will be voted for each of the matters referred to in the Notice of Meeting.**

The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters identified in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. As at the date hereof, management of the Corporation knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matters which are not now known to management of the Corporation should properly be brought before the Meeting, or any adjournment thereof, the Common Shares represented by such proxy will be voted on such matters in accordance with the judgment of the person named as proxy therein.

Signing of Proxy

The form of proxy must be signed by the shareholder of the Corporation or the duly appointed attorney of the shareholder of the Corporation authorized in writing or, if the shareholder of the Corporation is a corporation, by a duly authorized officer of such corporation. A form of proxy signed by the person acting as attorney of the shareholder of the Corporation or in some other representative capacity, including an officer of a corporation which is a shareholder of the Corporation, should indicate the capacity in which such person is signing and should be accompanied by the appropriate instrument evidencing the qualification and authority to act of such person, unless such instrument has previously been filed with the Corporation. A shareholder of the Corporation or his or her attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be.

The Corporation is not using “notice-and-access” to send its proxy-related materials to its shareholders, and paper copies of such materials will be sent to all shareholders. The Corporation will send proxy-related materials directly to non-objecting non-registered shareholders, through the services of Broadridge.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Remuneration plays an important role in attracting, motivating, rewarding and retaining knowledgeable and skilled individuals to the Corporation's management team.

The main objectives the Corporation hopes to achieve through its compensation are to:

- attract, retain and motivate executives critical to the success of the Corporation;
- provide fair, competitive and cost-effective compensation programs to its executives;
- link the interests of management with those of the holders of Common Shares; and
- provide rewards for outstanding corporate and individual performance.

It is one of the aims of the compensation strategy to ensure that Named Executive Officers of the Corporation are paid reasonably and consistent with the level of responsibility and authority which they assume and taking into account the role they play in advancing the strategic objectives of the Corporation.

The significant elements of compensation paid to the Corporation's officers are:

- base salary;
- annual incentive compensation (bonuses); and
- long-term incentive compensation in the form of stock options.

Base Salary

Base salary is the principal component of an executive officer's compensation package and it is an important component of the compensation strategy for the executives of the Corporation. The success of the Corporation in continuously delivering value for shareholders is largely determined by the quality and consistency of the Corporation's strategy and how well the Corporation can execute on its development plans. In this regard, it is very important to ensure that its base salary compensation programs are designed to attract, motivate and retain the executives required for this crucial phase of development for the Corporation. Base salary levels take into account the officers' individual responsibilities, experience, performance and contribution toward enhancing shareholder value.

Annual base salaries are established based on the experience of the members of the compensation committee. External consultants are not used.

Annual Incentive Compensation

The determination of annual incentives for each of the Named Executive Officers is subjective and relies on compensation committee discussion without formalized objectives. However, the compensation committee will consider:

- the Corporation's overall performance; and
- the senior officers; contribution to that performance, including their contribution in respect of activities such as advancement of material mineral projects; marketing of the Corporation and completion of capital raising transactions, improvement in corporate governance through creation and implementation of policies and procedures and improvement in internal reporting, cost control and budgeting.

Upon consultation with management, the compensation committee concluded that no salary increases be awarded in view of the market situation in 2017 which has made it necessary to prudently allocate resources.

Stock Options

For a discussion of the Corporation's share option plan, please see discussion under "Annual Approval of Share Incentive Plan" below.

Options to purchase the Corporation's common shares and share purchase plans encourage executive officers to own and hold the Corporation's common shares and are another method of linking the performance of the Corporation and the appreciation of share value to the compensation of the executive officers. When determining the number of options granted to an executive officer, items such as the relative position of the individual officer, the contribution made by that officer during the review period, and the number of options granted previously would be taken into consideration.

Managing Compensation Risk

The Corporation believes that shareholder value is driven by exploration success and by the execution of strategic initiatives such as corporate development, market success and organization performance. Given the historical stage of development of the Corporation, compensation has emphasized meaningful stock option awards. The Corporation has also emphasized annual cash bonuses. There is an element of risk of placing an overemphasis on share value, which potentially could be detrimental to the Corporation however the compensation committee believes that the compensation levels and programs do not encourage the executives to take on an inappropriate level of risk. The following risk mitigation features exist within the compensation program:

- no single metric or objective can significantly impact executive compensation in a given year;
- a significant portion of executive compensation is variable or at risk but has a maximum limit on payouts; and
- compensation is balanced between short and long-term elements and between cash and equity components.

To the best knowledge of the Corporation, no executive of the Corporation engages in speculative activities in respect of any securities of the Corporation. Currently, the Corporation does not have a policy that prohibits a Named Executive Officer or director from purchasing financial instruments designed to hedge or offset a decrease in the market value of equity securities of the Corporation granted as compensation or held directly or indirectly by the Named Executive Officer or director.

Summary Compensation Table for Named Executive Officers

The following table contains information about the compensation paid to, or earned during the Corporation's last three financial years, by the Corporation's President & Chief Executive Officer and Chief Financial Officer & Secretary. The persons depicted in the table are the only executive officers of the Corporation whose total compensation for the financial year ended December 31, 2017 exceeded \$150,000 (collectively the "Named Executive Officers").

Unless otherwise noted, none of the persons depicted in the table received any share-based awards, non-equity long-term incentive plan compensation or deferred compensation earnings during the years shown.

During the financial year ended December 31, 2017, none of the Named Executive Officers in the table elected to exchange any compensation awarded to, earned by, paid to, or payable to the Named Executive Officer under a program that would allow the Named Executive Officer to receive awards, earnings, payments, or payables in another form.

Notes:

- (1) The Corporation follows the fair value method of accounting for all stock-based compensation arrangements. The values reported represent an estimate of the grant date fair value of the options calculated in accordance with the Black-Scholes option pricing model. The Black-Scholes model is a pricing model that may or may not reflect the actual value of the options. The model requires certain assumptions at the time the options are granted.
For options granted on July 21, 2015 the assumptions were: risk-free interest rate (0.7%), exercise price of the Option (\$0.19), expected dividend yield (0%), expected life (5 years) and share price volatility (113%).
All input variables are estimates of management. The options have not and may never be exercised and the actual gain, if any, on exercise will depend on the value of the Common Shares on the date of exercise.
For options granted on November 18, 2016 the assumptions were: risk-free interest rate (0.9%), exercise price of the Option (\$0.20), expected dividend yield (0%), expected life (5 years) and share price volatility (111%).
All input variables are estimates of management. The options have not and may never be exercised and the actual gain, if any, on exercise will depend on the value of the Common Shares on the date of exercise.
- (2) Mr. John Keating was a NEO and also a director of the Corporation for the financial year ended December 31, 2017. Mr. Keating was not compensated for his role as a director of the Corporation.
- (3) Ms. Linda Brennan was a NEO and also a director of the Corporation for the financial year ended December 31, 2017. Ms. Brennan was not compensated for her role as a director of the Corporation.

Named Executive Officer Employment Agreements

John Keating and Linda Brennan (each an “**Executive**”) each entered into respective employment agreements with the Corporation (each an “**Employment Agreement**”), effective September 15, 2011.

Pursuant to each of their respective Employment Agreements, John Keating is paid an annual base salary of \$144,000 and Linda Brennan is paid an annual base salary of \$120,000. Each Executive is also eligible to receive an annual incentive bonus of up to 25% of his/her annual base salary.

Under each respective Employment Agreement, if an Executive provides the Corporation with a written notice of resignation at least six weeks in advance of the effective date of his/her resignation (the “**Notice of Resignation Period**”), and the Corporation waives such notice in whole or in part, the Executive will receive: (i) his/her base salary until the last day of the Notice of Resignation Period, (ii) continued eligibility to participate in any existing Corporation group benefits plan until the last day of the Notice of Resignation Period, (iii) a payment equal to the value of any unused vacation leave for the *pro rata* portion of the calendar year up to the last day of the Notice of Resignation Period and (iv) any accrued but unpaid business expenses. Any options that vest or have vested on or prior to the last day of the Notice of Resignation Period may continue to be exercised by an Executive for a period of 90 days following the last day of the Notice of Resignation Period or until the applicable expiry date of the options, whichever is earlier.

If an Executive resigns by giving written notice and the Corporation does not waive the notice in whole or in part, the Executive will receive continued payment of his/her base salary, continued eligibility to participate in any existing Corporation group benefits plan, accrued vacation, and any accrued but unpaid business expenses for the period up to the last day of the Notice of Resignation Period. Any options that vest or have vested on or prior to the effective date of an Executive's resignation may continue to be exercised by him/her for a period of 90 days following the last day of the Notice of Resignation Period or until the applicable expiry date of the options, whichever is earlier.

If an Employment Agreement is terminated by the Corporation for Just Cause (as such term is defined in the Employment Agreement), the Executive will receive continued payment of his/her base salary, continued eligibility to participate in any existing Corporation group benefits plan, accrued vacation, and any accrued but unpaid business expenses for the period up to, and including, the effective date of the Executive's termination for Just Cause. Any options that vested on or prior to the effective date of an Executive's termination for Just Cause may continue to be exercised by him/her for a period of 90 days following the effective date of his/her termination or until the applicable expiry date of the options, whichever is earlier. Any options that have not vested on or prior to the effective date of an Executive's termination for Just Cause shall be immediately cancelled and may not be exercised by the Executive.

An Executive's employment shall cease and his/her Employment Agreement shall terminate automatically in the event of the Executive's death or, at the Corporation's discretion, upon the Executive's Disability (as such term is defined in the Employment Agreement). If an Executive's employment ceases by reason of his/her death or Disability, the Executive (or his/her estate) will receive payment of the Executive's base salary, accrued vacation, and any accrued but unpaid business expenses for the period up to, and including, the date that the Executive's employment ceases. If an Executive's employment ceases by reason of Disability, the Executive shall also be eligible to receive his/her entitlements to notice of termination pay, termination pay and severance pay (if applicable) pursuant to the *Ontario Employment Standards Act, 2000*, in addition to any disability benefits for which the Executive is otherwise eligible. Any options that have vested on or prior to the date that an Executive's employment ceases may continue to be exercised by the Executive (or by the Executive's estate) for a period of one year from the date that the Executive's employment ceases or until the applicable expiry date of the options, whichever is earlier.

If an Employment Agreement is terminated by the Corporation without Just Cause, an Executive will receive continued payment of his/her base salary and any accrued but unpaid business expenses for the period up to, and including, the effective date of the Executive's termination without Just Cause. An Executive will also receive any accrued vacation for the period up to, and including, the end of the statutory notice period required under the *Ontario Employment Standards Act, 2000*. Additionally, an Executive will receive: (i) a lump sum payment equal to eighteen (18) months of the Executive's annual base salary, (ii) continued eligibility to participate in the Corporation's group benefits plan for a period of eighteen (18) months or, if such continued eligibility is not permitted by the Corporation's benefits carriers, a lump sum payment equal to the cost of the benefits premiums that the Corporation would have paid to provide the benefits to the Executive over the 18-month period, and (iii) a *pro rata* portion of any incentive bonus which may be subsequently awarded by the Corporation for the year in which the Executive's employment is terminated, calculated for the period from the commencement of the applicable year to the effective date of the Executive's termination. Additionally, all unvested stock options shall immediately vest at the date of termination and become exercisable by the Executive. The Executive is eligible to exercise all such stock options that vested either prior to or upon the termination of his/her employment until the applicable expiry date of the options.

Further, an Executive shall also be eligible for an enhanced benefit if an Involuntary Termination occurs following a change of control. An Involuntary Termination occurs where: (i) the Executive's employment is terminated for any reason (other than by reason of the Executive's death, Disability or termination for Just Cause) at any time during the twelve (12) month period immediately following a change of control, (ii) the Executive resigns his/her employment within period of ninety (90) days immediately following any Change Affecting the Executive's Employment (as such term is defined in an

Employment Agreement) that occurs within the twelve (12) month period immediately following a change of control, or (iii) the Executive refuses continued employment with any successor of the Corporation within ninety (90) days following a change of control. In the event that an Involuntary Termination occurs following a change of control, then an Executive shall be eligible to receive the payments and benefits provided by the Corporation following a termination without Just Cause. Additionally, an Executive shall also be eligible for a further lump sum payment equal to: (i) the average of the incentive bonuses received by the Executive in the two (2) most recent fiscal years completed prior to the date of such Involuntary Termination or, (ii) if the Executive has not been employed for two complete fiscal years, to an average annualized bonus amount calculated in accordance with the terms of the Employment Agreement.

Corporate Governance Disclosure

Directors

Mr. John Keating and Ms. Linda Brennan are the only directors of the Corporation who are also members of management. Messrs. Clare, Pearson, Parker and Del Campo are independent directors of the Corporation for the purpose of National Instrument 58-101 – *Corporate Governance Practices*.

The following directors of the Corporation are also directors of the following other reporting issuers:

<u>Name of Director of the Corporation</u>	<u>Other Reporting Issuers</u>
James Clare	Spanish Mountain Gold Ltd. Riverside Resources Inc.
Joseph Del Campo	Centurion Minerals Ltd. Unigold Inc. Terreno Resources Corp.
Kent Pearson	Murchison Minerals Ltd.

Orientation and Continuing Education

The Corporation does not provide a formal orientation or education program for members of the Corporation’s Board as it believes that such programs are not appropriate for a junior mineral exploration

and development company with tight geographical focus and a highly experienced Board, the members of which have been selected for their specific expertise. The Chief Executive Officer of the Corporation is responsible for providing an orientation and education program for new directors of the Corporation. When a new director is added, he or she will be given the opportunity to become familiar with the Corporation by meeting with the other directors and with the officers and representatives of the Corporation. As each director has a different skill set and professional background, orientation and training activities will be tailored to the particular needs and experience of each director.

Ethical Business Conduct

The Board of the Corporation has adopted a written Code of Business Conduct and Ethics for the Corporation's directors, officers and employees.

The Code of Business Conduct and Ethics establishes a number of guidelines covering (but not limited to) the following areas: personal conflicts of interest, public disclosure, proprietary and confidential information, protection and proper use of corporation assets, accepting or giving gifts, fair dealing with suppliers, employees and competitors, and compliance with the laws, rule and regulations.

In addition, the Board's charter requires that its directors observe two standards of conduct: a fiduciary standard which requires directors to act honestly, in good faith and with a view to the best interests of the Corporation, and a performance related standard which requires directors to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

In order to ensure that the directors exercise independent judgment in considering transactions and agreements, the Board requires that all directors declare any conflicts of interest with issues or situations as they arise. This would include transactions/agreements in which a director/officer has a material interest. The Chief Executive Officer of the Corporation or the directors of the Corporation as a whole, as appropriate, from time to time, provide officers, directors and other representatives of the Corporation guidance in properly recognizing and resolving any legal or ethical issues that they may encounter while conducting the business of the Corporation. The Board and the Audit Committee meet at least annually without management present. The Special Committee of the Board (if constituted) and the Audit Committee may retain external advisors if deemed necessary.

Nomination of Directors

The Board of Directors of the Corporation has not formed a Nominating Committee. The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board are consulted for possible candidates. In connection with its review of its corporate governance practices, the Board will consider whether it is appropriate for the Board to establish a formal nominating committee. The education and experience of each of the Boards' members is discussed under the heading "*Business of the Meeting – Election of Directors – Committees of Directors*".

Compensation Governance

Corporate Governance and Compensation Committee

In March 2011 the Corporation formed a corporate governance and compensation committee (the "Compensation Committee"), which is comprised of Somerset Parker (Chair), Linda Brennan and Kent Pearson. In 2015 Mr. Joseph Del Campo was added to the Compensation Committee. Messrs. Del Campo, Parker and Pearson are independent. The Compensation Committee determines the compensation for the Corporation's management and executive officers. All members of the Compensation Committee have previously worked with public and/or private companies and have experience with the assessment of compensation packages. The members of the Compensation

Committee have, collectively, over 50 years of experience in the minerals and metals industry and are knowledgeable about executive and other compensation standards within such industry. Messrs. Parker, Pearson, Del Campo, and Ms. Brennan's education and experience is discussed under the heading "*Business of the Meeting – Election of Directors – Committees of Directors*".

Compensation

The Compensation Committee is also responsible for, among other things, determining the compensation to be paid to the Chief Executive Officer and directors of the Corporation, and for reviewing the Chief Executive Officer's recommendations respecting the compensation of consultants to the Corporation to ensure such compensation reflects the responsibilities and risks associated with each position. The Compensation Committee, when determining the compensation of members of management, will consider, among other things: (i) providing fair and competitive compensation compared to the remuneration paid by other reporting issuers similarly placed within the same business as the Corporation; (ii) balancing the interests of management and the shareholders of the Corporation; and (iii) rewarding performance with respect to operations in general. The Compensation Committee has not retained outside advice to determine compensation for officers and directors for the most recently completed financial year.

In addition, the Compensation Committee is responsible for, among other things: (i) reviewing corporate goals and objectives relevant to the compensation of management and evaluating the performance of management in light of those corporate goals and objectives; (ii) reviewing the compensation of other consultants to, and the non-executive directors, of the Corporation; (iii) reviewing the Corporation's compensation policy, share option plan and benefits policy; and (iv) any executive compensation disclosure prior to the Corporation publicly disclosing such information. When reviewing the compensation of consultants to the Corporation, the Compensation Committee will consider the following objectives: (i) to engage individuals critical to the growth and success of the Corporation; (ii) to reward performance of individuals by recognizing their contributions to the Corporation's growth and achievements; and (iii) to compensate individuals based on their performance and, to the extent applicable, on similar compensation for companies at a comparable state of development.

Directors' Compensation

The Corporation's director compensation program includes two components:

- stock options; and
- travel and expense reimbursement

The Compensation Committee periodically reviews the adequacy and form of compensation of the directors to ensure the compensation appropriately reflects the responsibilities and risks involved in being an effective director and, based on such review, reports and makes recommendations to the Board. The Board has concluded that, in view of that in consideration for the stage of development of the Company directors' fees would not be paid in 2017.

Assessments

The Compensation Committee conducts an evaluation on an annual basis to assess the level of effectiveness of each director. In addition, the Compensation Committee will consider the mix of skills and experience that directors bring to the Corporation to assess, on an ongoing basis, whether the directors of the Corporation have the necessary skills to perform their oversight function effectively.

2. ANNUAL APPROVAL OF SHARE INCENTIVE PLAN

The Corporation currently has a share incentive plan (the “Plan”) which was established by the Corporation for the benefit of the employees, directors and officers of the Corporation or any of its subsidiaries and any other person or company engaged to provide ongoing management or consulting services for the Corporation or any entity controlled by the Corporation. The Plan allows for future grants of options to purchase Common Shares and provides for flexibility in the share compensation

arrangements which may be extended by the Corporation in the future. A description of the Plan is set forth below.

The following is a summary of the share option plan which comprises part of the Plan. The full text of the Plan is set forth in appendix “A” to schedule “B” of the Management Information Circular dated May 24, 2012 of the Corporation, a copy of which is available under the Corporation’s profile at www.sedar.com. A copy of the Plan is also available to any shareholder of the Corporation at or prior to the Meeting upon request to the President and Chief Executive Officer or the Chief Financial Officer of the Corporation.

The Plan shall be administered in accordance with the rules and policies of the TSX Venture Exchange in respect of employee stock option plans by the Committee for so long as the Common Shares are listed on the TSX Venture Exchange, and should the Common Shares become listed on the Toronto Stock Exchange, it shall be administered in accordance with the rules and policies of the Toronto Stock Exchange:

(a) *Share Option Plan*

The Option Plan has the following key features:

- The maximum number of Common Shares that may be issued under options granted under the Option Plan is equal to 10% of the issued and outstanding Common Shares less the aggregate number of Common Shares reserved for issuance or issuable under any other security-based compensation arrangement of the Corporation.
- Unless the Corporation has received disinterested shareholder approval, the maximum number of Common Shares that may be issued to any individual in any 12-month period under the Option Plan may be no more than 5% of the issued and outstanding Common Shares less the aggregate number of shares reserved for issuance or issuable under any other security-based compensation arrangement of the Corporation. The foregoing restriction is reduced to 2% in the case of consultants and individuals providing investor relations services.
- Options may be granted to eligible participants (“Eligible Participants”) from time to time. Eligible Participants include directors and senior officers of the Corporation or its subsidiaries, present and future, and employees and consultants of the Corporation or its subsidiaries, present and future.
- The exercise price for each option is fixed by the Board at the time of the grant in compliance with the Option Plan, applicable law, and the policies of the TSXV, which state that the exercise price will be no less than the Market Price, and if the options are granted within 90 days of a distribution by the Corporation by prospectus, the minimum exercise price per Common Share of those options will be the greater of the Discounted Market Price (as defined in the Corporate Finance Manual of the TSX Venture Exchange) and the price per Common Share paid by the public investors for Common Shares pursuant to such distribution. The exercise price is denominated in Canadian dollars.
- Options will be exercisable in whole at anytime, or in part from time to time, following the date of grant and prior to the expiry of their term, however, if an Option expires within a Blackout Period (as defined in the Option Plan), or within ten days after a Blackout Period Expiry Date (as defined in the Option Plan), the Option shall remain exercisable until ten days after the Blackout Period Expiry Date.
- Options cannot be granted for a term exceeding 10 years.
- Options granted shall vest, and become exercisable, according to the terms in the Option Plan and the discretion of the Board.

- If an Eligible Participant ceases to be a director of or ceases to be employed by, or provide services to of the Corporation or of a Designated Affiliate, as the case may be, for any reason (other than death) or as otherwise provided in an Employment Contract, may exercise the Options within the 90 days following such Termination.
- Notwithstanding the foregoing or any Employment Contract, in no event shall such right extend beyond the Option Period.

Options to purchase an aggregate of 8,257,000 Common Shares have been granted pursuant to the share option plan. Of such options, no options to purchase Common Shares have been exercised to date and 2,233,500 such options have expired, leaving options to purchase an aggregate of 6,023,500 Common Shares outstanding as at May 22, 2018.

If a take-over bid (within the meaning of the *Securities Act* (Ontario)) is made for the Common Shares, then the directors of the Corporation may permit all options outstanding which have limits on their exercise to become immediately exercisable in order to permit Common Shares issuable under such options to be tendered to such bid.

It is the policy of the TSX Venture Exchange that all companies whose shares are listed on the TSX Venture Exchange obtain shareholder approval of their stock option plan annually if, as is the case with the Corporation, such a plan is a “rolling” plan. In accordance with the requirements of the Exchange, shareholders of the Corporation will be asked to consider, and if deemed advisable, to pass, with or without variation, a resolution (the “Plan Resolution”), the text of which is set forth below, approving the share option plan. A copy of the Plan is available to any shareholder of the Corporation at or prior to the Meeting upon request to the President and Chief Executive Officer or Chief Financial Officer of the Corporation and is also available on SEDAR at www.sedar.com under the profile of the Corporation.

In order to become effective, the Plan Resolution must be approved by a simple majority of the votes cast by holders of Common Shares present in person or represented by proxy at the Meeting or any adjournment thereof. The directors of the Corporation unanimously recommend that holders of Common Shares vote in favour of the Plan Resolution. **Unless a proxy specifies that the Common Shares represented thereby shall be voted against the Plan Resolution, the persons named in the enclosed form of proxy intend to vote FOR the Plan Resolution.**
