INFORMATION CIRCULAR

(As at October 28, 2020, except as indicated)

SOLICITATION OF PROXIES

Diamond Fields Resources Inc. (the “Company”) is providing this information circular (“Information Circular”) and a form of proxy in connection with management’s solicitation of proxies for use at the annual general meeting (the “Meeting”) of the Company to be held on **Monday, December 7, 2020** and at any adjournments. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder’s behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the “Management Proxyholders”).

A shareholder has the right to appoint a person or company other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person’s name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, **Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1**, or by mail or by facsimile or hand delivered to **3rd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9** in accordance with the instructions set out in the form of proxy accompanying this Information Circular at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NOTICE-AND-ACCESS

The Company is not sending this Information Circular to registered or beneficial shareholders using "notice-and-access" as defined under National Instrument 54-101 ("NI 54-101").

NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the common shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as "Beneficial Shareholders") should note that only registered shareholders (or duly appointed proxyholders) may complete a Proxy or vote at the Meeting in person.

This Information Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("Objecting Beneficial Owners", or "OBOs") and those who do not object to their identity being made known to the issuers of the securities they own ("Non-Objecting Beneficial Owners", or "NOBOs"). Subject to the provision of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of Reporting Issuers* ("NI 54-101"), issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents and use this NOBO list for distribution of proxy-related materials directly to NOBOs.

NON-OBJECTING BENEFICIAL OWNERS

This year, the Company has decided to take advantage of those provisions of NI 54-101 that permit the Company to deliver proxy-related materials directly to its NOBOs who have not waived the right to receive them (and is not sending proxy-related materials using notice-and-access). These securityholder materials are being sent to both registered owners and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result, Canadian NOBOs can expect to receive a scannable Voting Instruction Form ("VIF") together with the Notice of Meeting, this Information Circular and related documents from our Transfer Agent, Computershare. These VIFs are to be completed and returned to Computershare in accordance with the instructions provided. NOBOs should carefully follow the instructions provided, including those regarding when and where to return the completed VIFs. NOBOs that wish to change their vote must in sufficient time in advance of the Meeting contact Computershare to arrange to change their vote.

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert the NOBO's name (or such other person as the NOBO wishes to attend and vote on the NOBO's behalf) in the blank space provided for that purpose on the VIF and return the completed VIF in line with the instructions provided or the NOBO must submit to the Company any other document in writing that requests that the

NOBO or a nominee of the NOBO be appointed as proxyholder. In such circumstances with respect to proxies held by management in respect of securities owned by the NOBO so requesting, the Company must arrange, without expense to the NOBO, to appoint the NOBO or a nominee of the NOBO as a proxyholder in respect of those securities. Under NI 54-101, if the Company appoints a NOBO or a nominee of the NOBO as a proxyholder as aforesaid, the NOBO or nominee of the NOBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101, if the Company appoints a NOBO or its nominee as proxyholder as aforesaid the Company must deposit the proxy within the timeframe specified above for the deposit of proxies if the Company obtains the instructions at least one (1) business day before the termination of that time.

OBJECTING BENEFICIAL OWNERS

In accordance with the requirements of NI 54-101, we have distributed copies of the Notice of Meeting, this Circular, and related documents (collectively, the "Meeting Materials") to the clearing agencies and intermediaries for onward distribution to OBOs. Intermediaries are required to forward the Meeting Materials to OBOs unless in the case of certain proxy-related materials the OBO has waived the right to receive them. Very often, intermediaries will use service companies such as Broadridge to forward the Meeting Materials to OBOs. Together with the Meeting Materials, intermediaries or their service companies should provide OBOs with a "request for voting instruction form" which, when properly completed and signed by such OBO and returned to the intermediary or its service company, will constitute voting instructions which the intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the common shares that they beneficially own. The Company does not intend to pay for an intermediary to deliver the Meeting Materials to OBOs and OBOs will not receive the Meeting Materials and voting instruction form unless their intermediary assumes the costs of delivery. Every intermediary has its own mailing procedures and provides its own return instructions to clients. OBOs should carefully follow the instructions of their intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.

OBOs who wish to change their vote must in sufficient time in advance of the Meeting arrange for their respective intermediaries to change their vote.

Should an OBO wish to vote at the Meeting in person, the OBO must insert the OBO's name (or such other person as the OBO wishes to attend and vote on the OBO's behalf) in the blank space provided for that purpose on the request for voting instruction form and return the completed request for voting instruction form to the intermediary or its service provider or the OBO must submit, to their intermediary, any other document in writing that requests that the OBO or a nominee of the OBO be appointed as proxyholder. In such circumstances an intermediary who is the registered holder of, or holds a proxy in respect of, securities owned by an OBO is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or a nominee of the OBO as a proxyholder in respect of those securities. Under NI 54-101, if an intermediary appoints an OBO or the nominee of the OBO as a proxyholder as aforesaid, the OBO or nominee of the OBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of the intermediary, in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101 an intermediary who appoints an OBO or its nominee as proxyholder as aforesaid is required under NI 54-101 to deposit the proxy within the timeframe specified above for the deposit of proxies if the intermediary obtains the instructions at least one (1) business day before the termination of that time.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in

writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, c/o Fasken Martineau DuMoulin LLP, Attention: Sam Li, Suite 2900, 550 Burrard Street, Vancouver, British Columbia, V6C 0A3 at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered shareholders that wish to change their voting instructions must, in sufficient time in advance of the Meeting, contact Computershare or their Nominees to arrange to revoke the proxy on their behalf.**

The Company and its subsidiaries have no employment contracts with any directors or NEOs.

Neither the Company, nor its subsidiaries, has a contract, agreement, plan or arrangement that provides for payments to a NEO following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change of control of the Company or its subsidiaries, or a change in responsibilities of a director or NEO following a change of control.

Compensation Discussion and Analysis

The main objective of the Company's executive compensation program is to attract, retain, and engage high-quality, high-performance executives who have the experience and ability to successfully execute the Company's strategy and deliver value to our shareholders.

The objectives of the Company's executive compensation program are as follows:

- (i) compensate executives competitively for the leadership, skills, knowledge, and experience necessary to perform their duties;
- (ii) align the actions and economic interests of executives with the interests of shareholders; and
- (iii) encourage retention of executives.

The Company does not currently have a Compensation Committee. Rod Baker, Philip Murphy, David Reading, Francois Colette and Bertrand Boulle are considered by management to be independent members of the Board of Directors (the "**Independent Directors**"), and they annually review and set remuneration of executive officers. The Independent Directors determined that the executive compensation program should be comprised of the following elements:

- Management Fee – to compensate executives for the leadership, skills, knowledge and experience required to perform their duties; and
- Long-term Incentive Plan – to retain talented executives, reward them for their anticipated contribution to the long-term successful performance of the Company and align them with the interests of shareholders. The plan currently consists only of incentive stock options.

Process for Determining Executive Compensation

To determine compensation payable, the Independent Directors consider an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the Independent Directors annually review the performance of the CEO (or President) in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

Compensation Policies and Risk Management

The Board of Directors has not carried out a formal evaluation of the implications of the risks associated with the Company's compensation policies and practices. The Board of Directors generally reviews at least once annually the risks, if any, associated with the Company's compensation policies and practices at such time.

The Company has not retained a compensation consultant during or subsequent to the most recently completed financial year.

The Company does not use a specific peer or "benchmark group" to determine executive compensation levels. Total compensation for executive officers includes consulting fees and long-term incentive stock options.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy forbidding directors and officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by directors or officers. The Company is not, however, aware of any directors or officers having entered into this type of transaction.

Option-based awards

The Company's stock option plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board of Directors takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding

options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange, and closely aligns the interests of the executive officers with the interests of shareholders. The directors of the Company are also eligible to receive stock option grants under the Company's stock option plan, and the Company applies the same process for determining such awards to directors as with NEOs.

A summary of the significant terms of the Company's stock option plan is reported under the heading "Fixed Stock Option Plan" above.

The Company's Independent Directors have the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

MANAGEMENT CONTRACTS

No management functions of the Company or its subsidiaries are performed to any substantial degree by a person other than the Directors or executive officers of the Company or its subsidiaries.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Company. The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making. National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices in Form 58-101F1, which disclosure is set out below.

Independence of Members of Board

The Company's Board currently consists of seven (7) directors, five (5) of whom are currently considered

independent based upon the tests for independence set forth in NI 52-110, being Norman Roderic Baker, Francois Colette, Bertrand Boule, David Reading and Philip Murphy. Sybrand Van Der Spuy is not independent as he is CEO/President of the Company. Al Gourley is not independent as he is a partner of Fasken Martineau LLP, which accepts advisory fees from the Company for providing legal advisory services to the Company.

Board Compensation

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current Board compensation arrangements, which currently only include only incentive stock options, adequately reflect the responsibilities and risks involved in being an effective director of the Company.

Mandate of the Board

The Board does not currently have a written mandate. The mandate of the Board, as prescribed by the *Business Corporations Act* (B.C.), (the “**Act**”) is to manage or supervise the management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through its committees. In fulfilling its mandate, the Board, among other matters, is responsible for reviewing and approving the Company's overall business strategies and its annual business plan; reviewing and approving the annual corporate budget and forecast; reviewing and approving significant capital investments outside the approved budget; reviewing major strategic initiatives to ensure that the Company's proposed actions accord with shareholder objectives; reviewing succession planning; assessing management's performance against approved business plans and industry standards; reviewing and approving the reports and other disclosure issued to shareholders; ensuring the effective operation of the Board; and safeguarding shareholders' equity interests through the optimum utilization of the Company's capital resources. The Board also takes responsibility for identifying the principal risks of the Company's business and for ensuring these risks are effectively monitored and mitigated to the extent reasonably practicable.

In keeping with its overall responsibility for the stewardship of the Company, the Board is responsible for the integrity of the Company's internal control and management information systems and for the Company's policies respecting corporate disclosure and communications.

Each member of the Board understands that he is entitled to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances.

Management Supervision by Board

The size of the Company is such that all the Company's operations are conducted by a small management team which is also represented on the Board. Assuming management's nominees for election at the Meeting are approved by shareholders, the Board considers that management will be effectively supervised by the Independent Directors, being Norman Roderic Baker, Francois Colette, Bertrand Boule, David Reading and Philip Murphy, as they will be actively and regularly involved in reviewing the operations of the Company and will have regular and full access to management. The Independent Directors are able to meet at any time without any members of management being present. Further supervision is performed through the audit committee, which should be comprised of Independent Directors who meet with the Company's auditors without management being in attendance, although Al Gourley, who is not an Independent Director, is currently serving on the audit committee.

Participation of Directors in Other Reporting Issuers

The participation of directors in other reporting issuers is described under the heading “Election of Directors” above.

Nomination and Assessment

The Board determines new nominees to the Board. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and Chief Executive Officer. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an ad hoc basis. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed director's credentials are reviewed in advance of a Board Meeting with one or more members of the Board prior to the proposed director's nomination. The Board ensures an objective nomination process through the lead role taken by the Board's Independent Directors in recommending and assessing proposed nominees to the Board.

Orientation and Continuing Education

New directors are provided with an information package about the Company and are briefed on strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing company policies.

The skills and knowledge of the Board of Directors as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, including geologists, a metallurgist, finance professionals, and a resource lawyer (who is also a former securities lawyer) having led several financial transactions for Canada and UK listed companies. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Company's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the Company's Board.

Advance Notice Policy

In order to encourage an objective nomination process, the Board has adopted a policy for the recruitment of new candidates to the Board (the "Advance Notice Policy"). The Advance Notice Policy's purpose is to provide shareholders, directors and management of the Company with a clear framework for nominating directors of the Company. The Advance Notice Policy establishes a deadline by which holders of record of Common Shares of the Company must submit director nominations to the Company prior to any annual general or special meeting of shareholders and sets forth the information that a shareholder must include in the notice to the Company for the notice to be in proper written form in order for any director nominee to be eligible for election at any annual or special meeting of Shareholders. Typically, the President and Chief Executive Officer, the Chair and the Board collaborate in the candidate selection process. When considering potential candidates for the Board, they take into consideration the areas of expertise in which the Board would realize added benefit through diversity of professional experience and knowledge, the appropriate size of the Board and the ratio of independent to non-independent directors. The Advance Notice Policy requires that nominations of persons for election to the Board may only be made:

- (a) by or at the direction of the Board, including pursuant to a notice of meeting;
- (b) by or at the direction or request of one or more shareholders pursuant to a proposal made in accordance with the provisions of the Act;
- (c) by any person (a "Nominating Shareholder"):

- (i) who, at the close of business on the date of the giving of the notice provided for in the Advance Notice Policy and at the close of business on the record date for notice of such meeting, is entered in the securities register of the Company as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting; and
- (ii) who complies with the notice procedures set for in the Advance Notice Policy.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

The Board and the CEO have not, to date, developed formal, documented position descriptions for the CEO defining the limits of management's responsibilities. The Board is currently of the view that the respective corporate governance roles of the Board and management, as represented by the CEO, are clear and that the limits to management's responsibility and authority are reasonably well defined. The Board is specifically responsible for approving long-term strategic plans and annual operating plans recommended by management. Board consideration and approval is also required for all material contracts and business transactions and all debt and equity financing proposals. The Board is also responsible for senior executive recruitment and compensation.

Currently the Company has no written description for its committee Chair positions. There is an informal understanding as to what the roles and responsibilities of each position are, and the Board delineates those roles and responsibilities as it deems necessary at meetings of the Board.

The Board delegates to management, through the CEO, responsibility for meeting defined corporate objectives which the Board has developed and approved; implementing approved strategic and operating plans; carrying on the Company's business in the ordinary course; managing the Company's cash flow; evaluating new business opportunities; and recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

Ethical Business Conduct

During the financial year ended June 30, 2005, the Board adopted and implemented policies regarding Corporate Disclosure and Confidentiality of Information, Code of Integrity and Ethics, and Insider Trading, which the Company distributed to all of its directors, officers, employees, consultants and contractors. These policies remained in place as of the financial year ended December 31, 2019. The objectives of these policies are summarized as follows:

Corporate Disclosure and Confidentiality of Information Policy:

- to disclose information in a timely, consistent and appropriate manner;
- to protect against and prevent the improper use or disclosure of material and/or confidential information;
- to widely disseminate material information pursuant to all applicable legal requirements;
- to educate "team members" on the appropriate use and disclosure of material and/or confidential information; and
- to foster and facilitate compliance with applicable laws.

Management is responsible for determining whether or not information is material, and if so, the timely disclosure of such material information in accordance with securities laws and overseeing the disclosure controls, procedures, and practices of the Company. The CEO and CFO are primarily responsible for monitoring compliance, and for reporting to the Audit Committee on the results of any evaluation of the Policy.

Code of Integrity and Ethics Policy:

This policy states that all directors, officers, employees, consultants, and contractors of the Company must:

- adhere to applicable laws and regulations governing the Company's business conduct worldwide;
- be honest, fair and trustworthy in all relationships with the Company;
- avoid all conflicts of interest between work and personal affairs;
- foster an atmosphere in which fair employment practices extend to every member of the Company;
- strive to create a safe workplace and to protect the environment; and
- through leadership at all levels, sustain a culture where ethical conduct is recognized, valued and exemplified by all employees.

The Code of Integrity and Ethics Policy referred to above is available on SEDAR at www.sedar.com.

Insider Trading or Dealing & Stock Tipping Policy

This Policy sets out procedures, guidelines and processes that should be utilized to assist employees, directors and officers in complying with insider trading restrictions. The Policy requests that all officers and directors of the Company refrain from trading in the Company's securities without first complying with a pre-clearance process. Every director and officer is requested to contact the Company's Secretary or CEO prior to trading in the Company's securities. The policy states that the Company may find it necessary from time to time to require compliance with the pre-clearance process from certain employees, consultants and contractors in addition to directors and officers.

Committee Responsibilities and Activities
