NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
For the Three and Nine Months ended September 30, 2022 and 2021
(Expressed in Canadian Dollars Unless Otherwise Noted – unaudited)

1. CORPORATE INFORMATION

Ynvisible Interactive Inc. (the “Company”) was incorporated on September 2, 1983, under the laws of British Columbia, Canada. The address of the Company’s head office and principal place of business is 830 – 1100 Melville Street, Vancouver, British Columbia, Canada, V6E 4A6, and the registered and records office is located at 1500 – 1055 West Georgia Street, Vancouver, British Columbia, Canada, V6E 4N7.

The Company’s principal business activity is the development and sale of electrochromic displays (“ECDs”). The Company’s shares trade on the TSX Venture Exchange (“TSXV”) under the symbol “YINV”, on the OTCQB under the symbol “YNVYF”, and on the FSE under the symbol “1XNA”.

These condensed interim consolidated financial statements have been prepared by management on a going concern basis, which presume the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future. During the nine months ended September 30, 2022, the Company incurred a net loss of \$4,163,206 (September 30, 2021 - \$4,358,908) and as at September 30, 2022, had an accumulated deficit of \$26,016,886 (March 31, 2021 - \$22,388,865).

The Company’s ability to continue as a going concern, to fund work commitments and to ensure adequate working capital is dependent upon achieving profitable operations or upon obtaining sufficient additional financing. Management believes that the Company has sufficient working capital to meet the Company’s obligations over the next twelve months.

In March 2020, the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, have adversely affected workforces, customers, economies, and financial markets globally, potentially leading to an economic downturn. It has also disrupted the normal operations of many businesses, including the Company’s. This outbreak could decrease spending, adversely affect demand for the Company’s product and harm business and results of operations. It is not possible to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company’s business or results of operations at this time.

2. BASIS OF PRESENTATION

Statement of Compliance

These condensed interim consolidated financial statements are prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) applicable to the preparation of interim financial statements, including International Accounting Standards (“IAS”), Interim Financial Reporting (“IAS 34”).

This financial report does not include all of the information required of a full annual financial report and is intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Company for the years ended December 31, 2021 and 2020.

Basis of Consolidation

These condensed interim consolidated financial statements include the accounts of the Company, its 100% owned subsidiary YD Ynvisible, S.A., Portugal (“Ynvisible SA”), Ynvisible GmbH, Germany, which is 100% owned by Ynvisible SA, and Ynvisible Production AB (“Ynvisible Production”), Sweden, which is 100% owned by the Company. All intercompany transactions and balances were eliminated on consolidation.

2. BASIS OF PRESENTATION (continued)

Basis of Measurement and Presentation

The Company's condensed interim consolidated financial statements have been prepared on a historical cost basis except for the revaluation of certain financial assets and financial liabilities to fair value. The comparative figures presented in these condensed interim consolidated financial statements are in accordance with IFRS and may have been reclassified to conform to the current period's presentation.

The preparation of condensed interim consolidated financial statements requires the use of certain critical accounting estimates and the exercise of management's judgment in applying the Company's accounting policies. Areas involving a high degree of judgment or complexity and areas where assumptions and estimates are significant to the Company's condensed interim consolidated financial statements are discussed in Note 4.

3. SIGNIFICANT ACCOUNTING POLICIES

The condensed interim consolidated financial statements have been prepared on a historical cost basis using the accrual basis of accounting, except for cash flow information and as otherwise specified, as set out in the accounting policies below.

Foreign Currency Translation

The functional currency of the Company is the Canadian dollar. The Company's functional currency is also the presentation currency. The functional currency of Ynvisible SA and Ynvisible GmbH is the European Euro. The functional currency of Ynvisible Production is the Swedish krona.

Transactions in currencies other than the Company's functional currency are recorded at the rates of exchange prevailing at the dates of the transactions. The Company translates monetary assets and liabilities denominated in foreign currencies at period-end rates. Non-monetary assets and liabilities are translated at historical rates. The resulting gains or losses are reflected in profit or loss in the period of translation.

Where applicable, the functional currency is translated into the presentation currency using the period end rates for assets and liabilities while the operations and cash flows are translated using average rates of exchange. Exchange adjustments arising when net assets and profit or loss are translated into the presentation currency are taken into a separate component of equity and reported in other comprehensive income or loss.

4. CRITICAL JUDGMENTS AND ACCOUNTING ESTIMATES

When preparing the condensed interim consolidated financial statements in conformity with IFRS, management undertakes a number of judgments, estimates and assumptions about the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management.

Significant areas of judgments and estimation uncertainty considered by management in preparing the condensed interim consolidated financial statements are as follows:

- a. The amounts disclosed related to fair values of stock options and warrants issued are based on estimates of future volatility of the Company's share price, expected lives of the options and expected dividends.

YNVISIBLE INTERACTIVE INC.
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in Canadian Dollars Unless Otherwise Noted – unaudited)

4. CRITICAL JUDGMENTS AND ACCOUNTING ESTIMATES (continued)

- b. The application of IFRS 16 requires the Company to make judgments that affect the valuation of the right-of-use assets and the valuation of lease liabilities. These include determining agreements in scope of IFRS 16, determining the contract term and determining the interest rate used for discounting of future cash flows. The lease term determined by the Company is comprised of the non-cancellable period of lease agreements, periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The present value of the lease payment is determined using a discount rate representing the rate of a commercial mortgage rate, observed in the period when the lease agreement commences or is modified.
- c. Depreciation of tangible and intangible assets is dependent upon estimates of useful lives, which are determined through the exercise of judgment. The assessment of any impairment of these assets is dependent upon estimates of recoverable amounts that take into account factors such as economic and market conditions and the useful lives of assets.
- d. At the end of each reporting period, the Company reviews the carrying amounts of its long-lived assets consisting of Fixed Assets, Intangible Assets, and Goodwill to determine whether there is any indication that the carrying amount is not recoverable. The determination of whether any such indication exists requires significant management judgment. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When an individual asset does not generate independent cash flows, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.
- e. The amounts receivable balance is recorded at the estimated recoverable amount, which involves the estimate of uncollectible accounts.
- f. Inventories are carried at the lower of cost and net realizable value which requires the Company to utilize estimates related to selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to sell the inventory.
- g. Judgment is required to determine if the Company's acquisitions represent a business combination or an asset purchase. The assessment requires management to determine if the acquisitions acquired represented an integrated set of activities with inputs, processes and outputs. The acquisition of rdot AB was considered to be an asset acquisition.

Estimates are made in determining the fair value of assets and liabilities, including the valuation of separately identifiable intangibles acquired as part of an acquisition. Management exercises judgment in estimating the probability and timing of when cash flows are expected to be achieved, which is used as the basis for estimating fair value. Future performance results that differ from management's estimates could result in changes to liabilities recorded, which are recorded as they arise through profit or loss. The fair value of identified intangible assets is determined using appropriate valuation techniques which are generally based on a forecast of the total expected future net cash flows of the acquiree. Valuations are highly dependent on the inputs used and assumptions made by management regarding the future performance of these assets and any changes in the discount rate applied. Acquisitions that do not meet the definition of a business combination are accounted for as asset acquisitions. Consideration paid for an asset acquisition is allocated to the individual identifiable assets acquired and liabilities assumed based on their relative fair values. Asset acquisitions do not give rise to goodwill.

As at September 30, 2022, accounts payable and accrued liabilities include \$20,500 (December 31, 2021 - \$37,225) due to officers and directors. Accounts payable and accrued liabilities due to related parties are unsecured and have no specified terms of repayment. During the nine months ended September 30, 2022, the Company received \$nil (September 30, 2021 - \$39,714) in rent payments from a company controlled by a director of the Company.

9. SHARE CAPITAL AND RESERVE

Authorized

Unlimited number of Class A common shares without par value.

Unlimited number of Class B non-voting convertible common shares without par value, convertible to Class A common shares on a one-for-one basis.

Issued

For the nine months ended September 30, 2022:

In April 2022, the Company issued 5,000 Class A common shares to the SEA Minority Shareholders (defined below) in exchange for 5,000 common shares of Ynvisible SA.

For the year ended December 31, 2021:

In January 2021, the Company closed a private placement and issued 12,857,142 units of the Company at \$0.35 per unit for gross proceeds of \$4,500,000 (the “January 2021 Offering”), whereby each unit consists of one Class A common share and one-third of a share purchase warrant of the Company. Each whole warrant, subject to acceleration provision, will be exercisable into an additional Class A common share at an exercise price of \$0.50 for a period of 18 months from the date of issuance. In connection with the offering, the Company paid share issuance costs totaling \$196,622 in cash and issued 452,280 finders’ units, of which 452,280 finders’ Class A common shares were valued at \$158,298 and 150,760 finders’ warrants were valued at \$69,779, to eligible finders. The fair value of the finder warrants was calculated using the Black-Scholes pricing model with the following assumptions: expected life of warrants – 18 months, expected volatility – 122.24%, expected dividend yield – 0%, and risk-free rate – 0.16%. The finders’ units will bear the same terms and conditions of the units issued with the offering.

9. SHARE CAPITAL AND RESERVE (continued)

Issued (continued)

In May 2021, the Company closed a private placement and issued 19,992,003 units of the Company at \$0.61 per unit for gross proceeds of \$12,195,122 (the “May 2021 Offering”), whereby each unit consists of one Class A common share and one share purchase warrant of the Company. Each warrant will be exercisable into an additional Class A common share at an exercise price of \$0.76 for a period of three years from the date of issuance. In connection with the offering, the Company paid share issuance costs totaling \$1,151,040 in cash and issued 999,600 finders’ warrants valued at \$501,313 using the Black-Scholes pricing model to the finder agents with the following assumptions: expected life of warrants – 3 years, expected volatility – 117.72%, expected dividend yield – 0%, and risk-free rate – 0.49%. The finders’ warrants will be exercisable into a Class A common share at an exercise price of \$0.61 for a period of three years from the date of issuance.

During the year ended December 31, 2021, the Company issued 470,000 Class A common shares in connection with the exercise of 470,000 stock options with a weighted average exercise price of \$0.33 for total proceeds of \$153,000. In addition, the Company issued 8,003,810 Class A common shares in connection with the exercise of 8,003,810 warrants with a weighted average exercise price of \$0.60 for total proceeds of \$4,775,286. The Company incurred additional general share issuance costs totaling \$76,599 in cash.

Obligation to Issue Shares

On November 9, 2018, the Board of Directors of the Company approved the issuance of up to 1,032,496 Class A common shares of the Company (the “SEA Shares”) to certain Ynvisible SA minority shareholders (the “SEA Minority Shareholders”) pursuant to the terms of share exchange agreements (the “Post-RTO Share Exchange Agreements”) between the Company and the SEA Minority Shareholders. The Board of Directors corrected the number of SEA Shares being issued to the SEA Minority Shareholders to 1,022,496 on September 4, 2019.

On September 4, 2019, the Company implemented a squeeze-out transaction, as per the applicable Portuguese law, pursuant to the RTO transaction, whereby the Company acquired the remaining 499,369 shares of Ynvisible SA, on a one-for-one basis for the Class A common shares of the Company, held by certain minority shareholders of Ynvisible SA (the “Squeeze-Out Minority Shareholders”). Accordingly, the Company recorded an obligation to issue 499,369 Class A common shares with a fair value of \$172,282, which has been reported as RTO transaction costs. As a result of the squeeze-out transaction, the Company now owns 100% of Ynvisible SA. As at September 30, 2022, the Company recorded \$46,084 (December 31, 2021 - \$47,809) for obligation to issue shares.

10. FAIR VALUES AND RISK MANAGEMENT

The Company's financial instruments consist of cash and cash equivalents, amounts receivable, deposits, accounts payable and accrued liabilities, and lease liabilities. Cash and cash equivalents are measured at fair value based on Level 1 input of the fair value hierarchy. The fair value of amounts receivable, deposits, accounts payable and accrued liabilities, and lease liabilities approximate their carrying values.

The Company is exposed to financial risks arising from its financial assets and liabilities. The Company manages its exposure to financial risks by operating in a manner that minimizes its exposure to the extent practical. The main financial risks affecting the Company are:

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company's cash and cash equivalents are exposed to minimal credit risk. The credit risk on cash and cash equivalents is low because the counterparties are highly rated banks.

Cash and cash equivalents and amounts receivable are subject to the impairment requirements of IFRS 9; however, impairment was not identified. The carrying amount of cash and cash equivalents, amounts receivable and deposits represents the maximum credit exposure.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's cash is exposed to minimal interest rate risk as the Company invests cash at floating rates of interest in highly liquid instruments, when applicable.

Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. The Company ensures that it has sufficient capital to meet short term financial obligations after taking into account its cash on hand.

Foreign Currency Risk

The Company's functional currency is the Canadian dollar. The Company funds the operations of Ynvisible SA in Portugal, Ynvisible GmbH in Germany, and Ynvisible Production in Sweden by using Euros and Swedish krona, respectively, converted from its Canadian dollar bank accounts. Based on the Company's Euro and Swedish krona denominated financial instruments at September 30, 2022, a 10% change in exchange rates between the Canadian dollar and the Euro and Swedish krona, respectively, would result in an approximately \$135,900 and \$43,800, respectively, change in foreign exchange gain or loss.

11. CAPITAL MANAGEMENT

Management determines the Company's capital structure and makes adjustments to it based on funds available to the Company, in order to support its business operations. The Board of Directors has not established quantitative return on capital criteria for capital management but rather relies upon the expertise of the management team to sustain the future development of the business. As the Company does not generate significant revenue, the Company is dependent upon external financing to fund technology and business development as well as its administrative costs. The Company will spend existing working capital and raise additional amounts as needed. The Company will continue to assess new business verticals for its technology and know-how and may seek to acquire an interest in supporting business opportunities, if management feels there is sufficient economic potential, provided it has adequate financial resources to do so.

Management reviews its capital management approach on an ongoing basis and believes that its approach, given the relative size of the Company, is reasonable. There have been no changes in the Company's approach to capital management during the nine months ended September 30, 2022. The Company is not subject to externally imposed capital requirements.

12. SEGMENTED DISCLOSURE

The Company has one operating segment, being the development and sale of ECDs in Europe. At September 30, 2022, the Company's assets, liabilities and comprehensive loss are geographically located as follows:
