NOTICE IS HEREBY GIVEN that an annual and special meeting (the “**Meeting**”) of the holders (the “**Shareholders**”) of common shares of FALCO RESOURCES LTD. (the “**Corporation**”) will be held on December 15, 2025 at 11:00 a.m. (Montréal Time), for the following purposes:

1. To receive the annual audited financial statements of the Corporation for the year ended June 30, 2025, together with the report of the auditor thereon;
2. To elect the directors of the Corporation for the ensuing year;
3. To appoint PricewaterhouseCoopers LLP/s.r.l./s.e.n.c.r.l., a partnership of Chartered Professional Accountants, as the Corporation’s independent auditor for the fiscal year 2026, and to authorize the directors to fix its remuneration;

5. To consider and, if deemed advisable, to pass, with or without amendments, an ordinary resolution to approve amendments to the convertible loan made by OR Royalties Inc. in favour of the Corporation and the issuance to OR Royalties Inc. of new warrants to purchase common shares of the Corporation, as more particularly described in the accompanying management information circular; and
6. To transact such further or other business as may properly come before the Meeting or any adjournment or adjournments thereof.

Particulars of the foregoing matters are set forth in the management information circular (the “**Circular**”) that accompanies this Notice of Annual and Special Meeting of Shareholders and Notice of Availability of Proxy Materials (together, the “**Notice of Meeting**”).

As permitted by Canadian securities regulators, you are receiving this notification as the Corporation has decided to use the “notice-and-access” mechanism for delivery to both registered and non-registered shareholders of this Notice of Meeting, the Circular prepared in connection with the Meeting, and other

proxy-related materials (the “**Proxy Materials**”) as well as the annual audited consolidated financial statements of the Corporation for the financial year ended June 30, 2025, together with the independent auditor’s report thereon, and related management’s discussion and analysis. The notice-and-access provisions are a set of rules developed by the Canadian securities regulators that allow issuers to post electronic versions of proxy-related materials on-line, via SEDAR+ and one other website, rather than mailing paper copies of such materials to shareholders.

The Proxy Materials are available on the Corporation’s corporate website (www.falcores.com), on SEDAR+ (www.sedarplus.ca) or on the website of TSX Trust Company (<https://docs.tsxtrust.com/2270>).

Shareholders may request a paper copy of the Proxy Materials by email at tsxtis@tmx.com or by phone at 1 (866) 600-5869.

To ensure that you receive the materials in advance of the voting deadline and the Meeting, all requests must be received no later than December 4, 2025 to ensure timely receipt. Requests for Proxy Materials may be made up to one year from the date the Circular is filed on SEDAR+.

If you request a paper copy of the Proxy Materials, please take note that no additional proxy form or voting instruction form shall be sent to you. Therefore, please make sure that you retain the form that you received with the Notice of Meeting for voting purposes.

Your participation is important to us. In the event you cannot participate, we urge you to express your support by voting, using your proxy in advance of the Meeting, on the various proposals that will be putting forward at our Meeting, which are further described in the Circular.

Only Shareholders of record as at the close of business on October 27, 2025 (the “**Record Date**”) are entitled to receive notice of, and vote at the Meeting and any postponement or adjournment thereof. For information on how you may vote, please refer to Part 1 of this Circular.

To ensure your representation at the Meeting, please complete, sign, date and return your voted proxy which will be delivered to you separately, whether or not you plan to attend. Submitting your proxy does not prevent you from voting at the Meeting.

Proxies completed by **registered Shareholders** must be returned to the Corporation in one of the following manners:

Internet

Go to www.voteproxyonline.com and follow the instructions on screen. You will need your control number, which appears below the Record Date on the proxy form.

Fax

Complete both sides of the proxy form, sign and date it and fax both sides to our transfer agent, TSX Trust Company, Attention: Proxy Department, at 416-595-9593.

Mail

Complete, sign and date the form and return it in the envelope provided, or send it to: TSX Trust Company, Attention: Proxy Department, 100 Adelaide, Suite 301, Toronto, Ontario, M5H 4H1, Canada.

Beneficial Shareholders whose common shares are registered in the name of an intermediary (such as a broker) should carefully follow the voting instructions provided by their intermediary. A detailed description of how beneficial shareholders can return proxies can be found on page 8 of the Circular.

DATED at Montréal, Québec, the 4th day of November 2025.

By Order of the Board of Directors,

“Mario Caron”

Mario Caron
Chair of the Board

MANAGEMENT INFORMATION CIRCULAR

This management information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management (“**Management**”) of Falco Resources Ltd. (the “**Corporation**” or “**Falco**”) for use at the annual and special meeting (the “**Meeting**”) of the holders of common shares of the Corporation (the “**Common Shares**” and the holders of the Common Shares, the “**Shareholders**”) to be held on December 15, 2025 at 11:00 a.m. (Montréal Time), or any adjournment or postponement thereof, for the purposes set forth in the accompanying notice of annual and special meeting of shareholders and notice of availability of proxy materials (the “**Notice of Meeting**”). Unless otherwise noted, information in this Circular is given as at November 4, 2025 and all currency amounts are shown in Canadian dollars.

PART 1: VOTING INFORMATION

1.1. Who can vote?

Registered and beneficial Shareholders

You have the right to vote if you owned Common Shares of the Corporation at the close of business on the Record Date (October 27, 2025). Each Common Share you owned as at Record Date entitles you to one vote.

You are a registered Shareholder if the Common Shares are registered in your name. This means that your name appears in the Shareholders’ register maintained by our transfer agent, TSX Trust Company. You are a non-registered (or beneficial) Shareholder if your bank, trust company, securities broker or other financial institution or intermediary (your nominee) holds your Common Shares for you in a nominee account.

Common Shares outstanding and principal holders of our Common Shares

On November 4, 2025, the Corporation had 345,143,434 Common Shares issued and outstanding.

To the knowledge of the directors and executive officers of the Corporation, as of the Record Date, the following entity beneficially owns, directly or indirectly, or exercises control or direction over, 10% or more of the issued and outstanding Common Shares of the Corporation:

Shareholder	Number of Common Shares	Percentage of Issued Capital
Barkerville Gold Mines Ltd., a wholly-owned subsidiary of Osisko Development Corp.	54,925,240	15.91%

1.2. How to vote?

You can vote at the Meeting or by proxy. Voting by proxy means you are giving someone else the authority to vote your Common Shares on your behalf (called your proxyholder).

Completing the proxy form

This package includes either a proxy form (for registered holders) or voting instruction form (for beneficial holders) that includes the names of Falco officers or directors who are proxyholders. When you vote by proxy, you are giving them the authority to vote your Common Shares for you according to your

instructions. If you return your proxy form or voting instruction form and do not specify how you want to vote your Common Shares, one of these officers will vote your Common Shares FOR the items.

You can also appoint someone else to be your proxyholder. Print his or her name in the space provided on the form, or by completing another proxy form. The person does not need to be a Shareholder. Your vote can only be counted if he or she attends the Meeting and votes your Common Shares according to your instructions. If you do not specify how you want to vote your Common Shares, your proxyholder can vote as he or she sees fit.

Your proxyholder will vote according to your instructions on these items and on any ballot that may be called for. If there are changes or new items, your proxyholder has the discretionary authority to vote your Common Shares on these items as he or she sees fit.

Returning your proxy form

To be effective, we must receive your completed proxy form or voting instruction no later than 11:00 a.m. (Montréal time) on the Proxy Voting Deadline (December 11, 2025).

If the Meeting is postponed or adjourned, we must receive your completed form of proxy by 11:00 a.m. (Montréal time), no later than two (2) full business days before any adjourned or postponed meeting at which the proxy is to be used. Late proxies may be accepted or rejected by the Chair of the Meeting at his discretion and he is under no obligation to accept or reject a late proxy. The Chair of the Meeting may waive or extend the proxy cut-off without notice.

Exercise of discretion

With respect to matters specified in the proxy, if no voting instructions are provided, the nominees named in the accompanying form of proxy will vote the Common Shares represented by the proxy FOR the approval of such matter.

The nominee named in your proxy form will vote or withhold from voting in accordance with your instructions on any ballot that may be called for. The proxy will confer discretionary authority on the nominee with respect to matters identified in the proxy form for which a choice is not specified and any other matter that may properly come before the Meeting or any postponement or adjournment thereof, whether or not the matter is routine and whether or not the matter is contested.

As of the date of this Circular, Management is not aware of any amendment, variation or other matter that may come before the Meeting. If any amendment, variation or other matter properly comes before the Meeting, the nominee intends to vote in accordance with the nominee's best judgment.

Registered Shareholders

Registered Shareholders can vote by proxy or at the Meeting in one of the following ways:

Voting by proxy

Internet

Go to www.voteproxyonline.com and follow the instructions on screen. You will need your control number, which appears below the Record Date on the proxy form.

Fax

Complete both sides of the proxy form, sign and date it and fax both sides to our transfer agent, TSX Trust Company, Attention: Proxy Department, at 416-595-9593.

Mail

Complete, sign and date the form and return it in the envelope provided, or send it to: TSX Trust Company, Attention: Proxy Department, 100 Adelaide, Suite 301, Toronto, Ontario, M5H 4H1, Canada.

By appointing someone to attend the Meeting

This person does not need to be a Shareholder. Strike out the names that are printed on the form and print the name of the person you are appointing as your proxyholder in the space provided. Complete your voting instructions, sign and date the form. Make sure the person you are appointing is aware that he or she has been appointed and attends the Meeting on your behalf. Your proxyholder should confirm to TSX Trust Company his/her attendance upon registration at the Meeting.

NOTICE-AND-ACCESS RULES

The Corporation has elected to use the notice-and-access provisions under Regulation 51-102 – *Continuous Disclosure Obligations* (“**Regulation 51-102**”) and Regulation 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (“**Regulation 54-101**”, and together with Regulation 51-102, the “**Notice-and-Access Provisions**”) for the Meeting. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that allows issuers to post electronic versions of proxy-related materials on-line, via SEDAR+ and one other website, rather than mailing paper copies of such materials to Shareholders.

Instead of receiving this Circular, Shareholders will receive a Notice of Meeting with the proxy or voting instruction form, as the case may be, along with instructions on how to access the Meeting materials online. The Corporation will send the Notice of Meeting and proxy form directly to registered Shareholders and NOBOs (as defined below). The Corporation will pay for intermediaries to deliver the Notice of Meeting, voting instruction form and other Meeting materials requested by OBOs (as defined below). This Circular and other relevant materials are available on the Corporation’s corporate website (www.falcores.com), on SEDAR+ (www.sedarplus.ca) or on the website of TSX Trust Company (<https://docs.tsxtrust.com/2270>).

OBOs may request a paper copy of the Meeting materials, at no cost, from Broadridge Investor Communications Corporation by calling toll-free 1 (877) 907-7643 and entering the 16-digit control number located on the voting instruction form or via internet at www.proxyvote.com by using the 16-digit control number located in the voting instruction form. To ensure that you receive the materials in advance of the voting deadline and the Meeting, all requests must be received no later than December 4, 2025 to ensure timely receipt. Requests for Meeting materials may be made up to one year from the date the Circular is filed on SEDAR+.

The Corporation will not use procedures known as ‘stratification’ in relation to the use of Notice-and-Access Provisions. Stratification occurs when an issuer using Notice-and-Access Provisions sends a paper copy of the Circular to some Shareholders with a Notice Package.

If you request a paper copy of the materials, please take note that no additional proxy form or voting instruction form shall be sent to you. Therefore, please make sure that you retain the form that you received with the Notice of Meeting for voting purposes.

Beneficial Shareholders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders who appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those Common Shares will, in all likelihood, not be registered in the Shareholder’s name. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered Shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable voting instruction form (“**VIF**”), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote Common Shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two (2) categories - those who object to their identity being known to the issuers of securities which they own (“**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities which they own (“**NOBOs**”).

Subject to the provisions of Regulation 54-101, issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a NOBO and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the Common Shares on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF. As a result, if you are a NOBO, you can expect to receive a scannable VIF from TSX Trust Company. Please complete and return the VIF to TSX Trust Company in the envelope provided or by facsimile. In addition, internet voting instructions can be found on the VIF. TSX Trust Company will tabulate the results of the VIFs received from the Corporation's NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs they receive.

If you are an OBO, the Corporation will also pay for brokers and intermediaries to send the Notice of Meeting, Circular and VIF directly to you. Please complete and return the VIF to Broadridge in accordance with the instructions provided on such VIF.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. Regulation 54-101 allows a Beneficial Shareholder who is a NOBO or an OBO to submit to the Corporation or an applicable intermediary any document in writing that requests that the NOBO, OBO or a nominee of the NOBO and OBO be appointed as proxyholder. If such a request is received, the Corporation or an intermediary, as applicable, must arrange, without expenses to the NOBO and OBO, to appoint such NOBO, OBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Corporation or the intermediary receives such written instructions from the NOBO or OBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 11:00 a.m. (Montréal time) on the day which is at least three business days prior to the Meeting. A Beneficial Shareholder who wishes to attend the Meeting and to vote their Common Shares as proxyholder for the registered Shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO, or OBO, or a nominee of the NOBO or the OBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.

All references to Shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered Shareholders of the Corporation as set forth on the list of registered Shareholders of the Corporation as maintained by the registrar and transfer agent of the Corporation, TSX Trust Company, unless specifically stated otherwise.

1.3. Revoking Your Proxy

Registered Shareholders

You can revoke a vote you made by proxy in any one of three ways:

1. Complete a new proxy form that is dated later than the proxy form you want to revoke, and then mailing it to TSX Trust Company, so they receive it by 11:00 a.m. (Montréal time) on December 11, 2025;

2. Send a notice in writing from you or your attorney to our Investor Relations department by 11:00 a.m. (Montréal time) on December 11, 2025; or
3. Provide a notice in writing from you or your attorney to the Chair of the meeting at the meeting or, if it is adjourned, when the meeting resumes.

1.4. Electronic Delivery of Material

You have the option to receive certain disclosure documentation from Falco electronically, by email notification inviting you to access documentation online at www.sedarplus.ca or in the “Investor Information” section of Falco’s website at www.falcores.com. Delivery in electronic format, rather than paper, reduces costs to the Corporation and benefits the environment.

Registered Shareholders can consent to electronic delivery by completing and returning the consent form accompanying this Circular to TSX Trust Company. Non-registered holders can consent to electronic delivery by completing and returning the appropriate form received from their intermediary. If you do not consent to receive documentation through email notification, you will continue to receive documentation by mail.

If you wish to receive (or continue to receive) quarterly financial statements and Management’s Discussion and Analysis (the “**MD&A**”) by mail during the fiscal year 2026, you must check the appropriate box on the form of proxy (if you are a registered Shareholder) or voting instruction form (if you are a non-registered Shareholder). If you do not make this request, quarterly reports will not be sent to you. Financial statements and MD&A are available on the Corporation’s website at www.falcores.com.

PART 2: BUSINESS OF THE MEETING

The Meeting will be held in order to:

1. Receive the annual audited financial statements of the Corporation for the year ended June 30, 2025, together with the report of the auditor thereon;
2. Elect the directors of the Corporation for the ensuing year;
3. Appoint PricewaterhouseCoopers LLP/s.r.l./s.e.n.c.r.l. (“**PricewaterhouseCoopers**”), a partnership of Chartered Professional Accountants, as the Corporation’s independent auditor for the fiscal year 2026, and to authorize the directors to fix its remuneration;
4. To consider and, if deemed advisable, to pass, with or without amendments, an ordinary resolution to approve the Corporation’s rolling 10% long-term incentive plan, as more particularly described in this Circular;
5. To consider and, if deemed advisable, to pass, with or without amendments, an ordinary resolution to approve amendments to the convertible loan made by OR Royalties Inc. in favour of the Corporation and the issuance to OR Royalties Inc. of new warrants to purchase Common Shares of the Corporation, as more particularly described in this Circular; and
6. Transact such further or other business as may properly come before the meeting or any adjournment or adjournments thereof.

2.1 Receipt of Annual Audited Financial Statements

The annual audited financial statements of the Corporation (the “**Financial Statements**”) for the financial year ended June 30, 2025, and the report of the auditor thereon will be submitted at the Meeting. These Financial Statements and related MD&A were sent to all Shareholders who requested them in conjunction with this Notice of Meeting and Circular. The Corporation’s Financial Statements and related MD&A for the year ended June 30, 2025, are available on SEDAR+ (www.sedarplus.ca) as well as on the Corporation’s website (www.falcores.com).

2.2 Election of Directors

Management is supervised by the board of directors of the Corporation (hereinafter called the “**Board of Directors**” or “**Board**”) as per the *Canada Business Corporations Act* (the “**CBCA**”). The members of the Board are elected annually at each annual meeting of Shareholders to hold office until the next annual meeting unless, prior thereto, he or she resigns, or the office of such director becomes vacant by death, removal, or other cause. Our articles of incorporation, as amended, provide that our Board shall consist of a minimum of one (1) and a maximum of twelve (12) directors. Accordingly, a total of five (5) nominees are being proposed as directors for election by the Shareholders at the Meeting for the current year, each to hold office until the next annual meeting of Shareholders or until such person’s successor is elected or appointed. You can vote for all of these proposed directors, vote for some of them and against for others, or against for all of them.

In accordance with the CBCA, for all uncontested shareholder meetings, each director will be elected at the Meeting only if the number of votes cast “for” the nominee represents a majority of the total votes cast “for” and “against” them. Notwithstanding the above, under the CBCA majority voting rules, if an incumbent director is not elected by a majority of votes at the Meeting, the incumbent director will be permitted to continue in office until the earlier of (i) the 90th day after the Meeting; and (ii) the day on which their successor is appointed or elected.

The following tables set out information about each director’s summary career profile, their Board committee memberships, meeting attendance during the most recently completed financial year, principal directorships with other reporting issuers as well as other public and parapublic corporations on whose boards the nominees currently serve or have served in the past five years and the number of securities they hold, either in the form of Common Shares, warrants to acquire Common Shares or stock options of the Corporation.

Unless otherwise directed, the persons named in the enclosed proxy form intend to VOTE FOR the election of each of the proposed nominees whose names are set out below. The proposal requires the approval of a majority of the votes cast at the Meeting.

Each of the nominees has provided the information as to the Common Shares of the Corporation he or she beneficially owns or over which he or she exercises control or direction, as at November 4, 2025. All nominees have served continuously as director of the Corporation since their appointment or first election in such capacity.

If any proposed nominee is unable to serve as a director or withdraws his or her name, the individuals named in your form of proxy or voting instruction form reserve the right to nominate and vote for another individual in their discretion.

We expect all of our directors to demonstrate leadership and integrity and to conduct themselves in a manner that reinforces our corporate values and culture of transparency, teamwork and individual accountability.

Above all, we expect that all directors will exercise their good judgment in a manner that keeps the interests of Shareholders at the forefront of decisions and deliberations. Each candidate must have a demonstrated track record in several of the skills and experience requirements deemed important for a balanced and effective Board.

2.3 Appointment of Auditor

PricewaterhouseCoopers, a partnership of Chartered Professional Accountants, will be nominated at the Meeting for appointment as auditor of the Corporation and remuneration to be fixed by the Board of Directors.

Accordingly, the Board of Directors and Management are recommending that Shareholders vote FOR the appointment of PricewaterhouseCoopers, as auditor of the Corporation for the ensuing year, until the close of the next annual meeting of Shareholders, at a remuneration to be fixed by the directors. **Unless contrary instructions are indicated on the proxy form or the voting instruction card, the persons designated in the accompanying form of proxy or voting instructions card intend to vote FOR the appointment of PricewaterhouseCoopers. The proposal requires the approval of a majority of the votes cast at the Meeting.**

2.4 Corporation's Long-Term Incentive Plan

The Corporation's current long-term incentive plan was most recently approved by Shareholders at the December 11, 2024 annual and special meeting of Shareholders (the "**LTIP**"). The purpose of the LTIP is to attract, retain and motivate persons of training, experience and leadership as directors, officers, employees and consultants of the Corporation and its subsidiaries, to advance the long-term interests of the Corporation by providing such persons with the opportunity and incentive, through equity-based compensation, to acquire an ownership interest in the Corporation, and to promote a greater alignment of interests between such persons and shareholders of the Corporation.

Pursuant to Policy 4.4 – *Security Based Compensation* ("**Policy 4.4**") of the TSX Venture Exchange (the "**TSXV**"), a corporation listed on the TSXV is required to obtain the approval of its shareholders for a "rolling" security-based compensation plan at each annual meeting of shareholders. In addition, the "rolling plan" must be submitted for the TSXV review and acceptance every year. As a "rolling plan", the LTIP provides that the aggregate number of Common Shares to be reserved and set aside for issue upon the exercise or redemption and settlement for all awards granted under the LTIP, shall not exceed 10% of the issued and outstanding Common Shares, outstanding at the time of the granting of the award (on a non-diluted basis, excluding any Options granted to Eligible Charitable Organizations (as defined in the LTIP)).

As of the Record Date, there are 9,203,000 Options outstanding under the LTIP, and 25,311,343 additional Options may be granted (based on the current issued capital of 345,143,434 Common Shares). Notice of Options granted under the LTIP must be given to the TSXV on a monthly basis. Any amendments to the LTIP must also be approved by the TSXV and, if necessary, by the Shareholders, prior to becoming effective.

No amendments were made to the LTIP since its last approval by the Shareholders at the December 11, 2024 annual and special meeting of Shareholders.

For further details concerning the LTIP, including a summary thereof, see “Executive Compensation – Stock Option and Other Compensation Securities”.

Shareholder Approval of the LTIP

Pursuant to Policy 4.4 of the TSXV, the Corporation is required to obtain its Shareholders’ approval of the LTIP. Accordingly, Shareholders will be asked to pass an ordinary resolution, in substantially the following form, to approve and ratify the LTIP (the “**LTIP Resolution**”):

“BE IT RESOLVED, AS AN ORDINARY RESOLUTION, THAT:

1. the Long-Term Incentive Plan (“**LTIP**”) of the Corporation, as described in the Circular of the Corporation dated November 4, 2025, be and is hereby approved and ratified;
2. all compensation securities issued and to be issued under the LTIP, be and are hereby approved; and
3. any director or officer of the Corporation be and is hereby authorized and directed for and in the name of and on behalf of the Corporation to execute or cause to be executed, whether under corporate seal of the Corporation or otherwise, and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, including to make any changes to the LTIP if required by the TSXV, as in the opinion of such director or officer may be necessary or desirable in order to carry out the terms of this resolution, such determination to be conclusively evidenced by the execution and delivery of such documents or the doing of any such act or thing.”

Accordingly, the Board of Directors and Management are recommending that Shareholders vote FOR the approval of the LTIP Resolution. Unless contrary instructions are indicated on the proxy form or the voting instruction card, the persons designated in the accompanying form of proxy or voting instructions card intend to vote FOR the LTIP Resolution. The proposal requires the approval of a majority of the votes cast at the Meeting.

A copy of the Corporation’s LTIP is available on SEDAR+ and on the Corporation’s website, or may be obtained upon request via email at info@falcores.com.

2.5 Corporation’s Proposed Financing Amendments

The Corporation is proposing to amend and extend the convertible loan made by OR Royalties Inc. (“**OR Royalties**”) in favour of the Corporation and to issue to OR Royalties new warrants to purchase Common Shares of the Corporation.

Background on OR Royalties Debt Instruments

On February 22, 2019, Falco closed a secured senior loan agreement with OR Royalties (the “**Secured Loan**”) for a principal amount of \$10,000,000. On November 22, 2019, the Secured Loan was amended, increasing the principal amount by \$5,900,000 to \$15,900,000 and the maturity date was extended from December 31, 2019 to December 31, 2020. Under the terms of the Secured Loan, interest was payable at a rate per annum that was equal to 7%, compounded quarterly and accrued interest was payable upon repayment of the principal amount.

On November 17, 2020, the Corporation entered into a binding agreement with OR Royalties in order to extend the maturity date of the Secured Loan from December 31, 2020 to December 31, 2022 (the “**OR Royalties First Maturity Extension**”). Together with capitalized interest, the principal amount outstanding under the Secured Loan as of November 17, 2020 was \$17,596,136. In consideration for the OR Royalties First Maturity Extension, the Secured Loan was also amended to become convertible (the “**Convertible Loan**”) after the first anniversary of the closing date into Common Shares at a conversion price of \$0.55 per Common Share. Under the terms of the Convertible Loan, interest was payable at a rate per annum that was equal to 7% per annum, compounded quarterly. Falco’s obligations towards OR Royalties with respect to the Convertible Loan are secured by a deed of hypothec over all of the assets of Falco other than the Horne 5 Project that ranks after the security granted to Glencore Canada Corporation (“**Glencore**”) as part of the Convertible Debenture transaction (as defined below). In consideration for the OR Royalties First Maturity Extension, the Corporation issued to OR Royalties 10,664,324 Common Share purchase warrants of the Corporation (the “**Initial OR Royalties Warrants**”). Each Initial OR Royalties Warrant, which provided for a cashless exercise feature, was exercisable for one Common Share at an exercise price of \$0.69 up to 24 months from the date of issuance of the Initial OR Royalties Warrants. The Initial OR Royalties Warrants expired on November 27, 2022.

On December 6, 2022, the Corporation entered into a binding agreement with OR Royalties in order to amend the Convertible Loan and extend its maturity date from December 31, 2022 to December 31, 2024 (the “**OR Royalties Second Maturity Extension**”). Together with capitalized interest, the principal amount outstanding under the Convertible Loan as of December 6, 2022 was \$20,484,195. In consideration for the OR Royalties Second Maturity Extension, the conversion price of the Convertible Loan was amended to \$0.50 per Common Share and the interest rate to 8% per annum, compounded quarterly. The Corporation also replaced the Initial OR Royalties Warrants with 10,664,324 new Common Share purchase warrants of the Corporation (the “**2022 OR Royalties Warrants**”), each exercisable for one Common Share at an exercise price of \$0.65. The 2022 OR Royalties Warrants expired on December 31, 2024.

On October 6, 2024, the Corporation entered into a binding agreement with OR Royalties in order to amend the Convertible Loan and extend its maturity date from December 31, 2024 to December 31, 2025 (the “**OR Royalties Third Maturity Extension**”). Together with capitalized interest, the principal amount outstanding under the Convertible Loan as of October 6, 2024 was \$23,881,821. In consideration for the OR Royalties Third Maturity Extension, the conversion price of the Convertible Loan was amended to \$0.45 per Common Share and the interest rate to 9% per annum, compounded quarterly. The Corporation also issued to OR Royalties 17,690,237 new Common Share purchase warrants of the Corporation (the “**OR Royalties Warrants 2024**”), each exercisable from January 1, 2025 for one Common Share at an exercise price of \$0.58, and expiring on December 31, 2025. In consideration for the OR Royalties Third Maturity Extension, the provisions related to the conversion of interest under the Convertible Loan were also amended to provide that no conversion of interest into Common Shares at the Market Price (as defined in the TSXV policies) prevailing at each quarter end can occur unless: (i) upon 10 days’ prior written notice from OR Royalties to Falco requesting it, a press release is issued reserving that Market Price and a “shares for debt settlement” application is submitted to TSXV at each

such quarter end, with the issuance of the actual Common Shares postponed until maturity, redemption or repayment of the related principal amount, the whole subject to TSXV approval each quarter; or (ii) to the extent OR Royalties does not provide notice pursuant to the preceding clause (i), the Market Price at each such quarter end is higher than the Discounted Market Price (as defined in the TSXV policies) at the time of issuance of a press release announcing that the interest is being paid/converted through a “shares for debt settlement”, all subject to a TSXV approval of a “shares for debt settlement” application being submitted to TSXV at the time of conversion.

For additional information regarding the Convertible Loan and the OR Royalties Warrants 2024, please refer to the Corporation’s audited financial statements and management’s discussion and analysis (MD&A) for the financial year ended June 30, 2025, which are available on SEDAR+ (www.sedarplus.ca).

Background on Glencore Debt Instruments

On October 27, 2020, the Corporation entered into an agreement with Glencore for a \$10,000,000 senior secured convertible debenture (the “**Convertible Debenture**”). The Convertible Debenture had an initial term to maturity of 12 months and was bearing interest at a rate of 7% per annum, compounded quarterly. Accrued interest was capitalized quarterly by adding the interest to the principal of the Convertible Debenture, unless the Corporation elected at its sole discretion to settle in cash any accrued interest. The Convertible Debenture is secured by first ranking security on all assets owned by Falco.

The Convertible Debenture could be converted into Common Shares within 10 days of the maturity date of the Convertible Debenture at Glencore’s sole option at a conversion price of \$0.41 per Common Share. Falco issued to Glencore 12,195,122 Common Share purchase warrants of the Corporation (the “**Initial Glencore Warrants**”). Each Initial Glencore Warrant was exercisable for one Common Share at an exercise price of \$0.51 up to 12 months from the date of issuance of the Initial Glencore Warrants. The terms of the Initial Glencore Warrants provided for a cashless exercise feature.

On October 13, 2021, the Corporation announced an agreement with Glencore to extend the maturity date of the Convertible Debenture from October 27, 2021 to April 27, 2022. Given the extension to the maturity date of the Convertible Debenture, the Corporation announced the extension of the expiry date of the Initial Glencore Warrants issued to Glencore under the Convertible Debenture from October 27, 2021 to April 27, 2022. All other terms and conditions of the Initial Glencore Warrants remained unchanged, including the exercise price of \$0.51 per Common Share.

On April 27, 2022, the Corporation entered into a binding agreement with Glencore in order to extend the maturity date of the Convertible Debenture from April 27, 2022 to April 27, 2023 (the “**Glencore First Maturity Extension**”). Together with capitalized interest, the principal amount outstanding under the amended Convertible Debenture as of April 27, 2022 was \$11,095,976. In consideration for the Glencore First Maturity Extension, the conversion price of the Convertible Debenture was amended to \$0.40 per Common Share and the interest rate to 8% per annum, compounded quarterly. In accordance with its terms, the Convertible Debenture could be converted into Common Shares within 10 days of the Amended Maturity Date or on the Maturity Date except that Glencore had the right to accelerate its conversion right upon the provision of a prior written notice to the Corporation of at least 61 days. In consideration for the Glencore First Maturity Extension, the Corporation also announced (i) the extension of the expiry date of the Initial Glencore Warrants from April 27, 2022 to April 27, 2023 and the reduction of their exercise price to \$0.41 per Common Share and (ii) the issuance on identical terms to Glencore of 2,866,036 additional Common Share purchase warrants of the Corporation (together with the Initial Glencore Warrants, the “**2022 Glencore Warrants**”). All other terms and conditions of the Initial Glencore Warrants remained unchanged.

On January 24, 2023, the Corporation entered into a binding agreement with Glencore in order to amend the Convertible Debenture and extend its maturity date from April 27, 2023 to December 31, 2024 (the “**Glencore Second Maturity Extension**”). Together with capitalized interest, the principal amount outstanding under the Convertible Debenture as of January 24, 2023 was \$11,770,710. In consideration for the Glencore Second Maturity Extension, the conversion price of the Convertible Debenture was amended to \$0.36 per Common Share and the interest rate to 9% per annum, compounded quarterly. The Corporation also replaced the 2022 Glencore Warrants with 15,061,158 new Common Share purchase warrants of the Corporation (the “**2023 Glencore Warrants**”), each exercisable for one Common Share at an exercise price of \$0.38. The 2023 Glencore Warrants expired on December 31, 2024.

On October 6, 2024, the Corporation entered into a binding agreement with Glencore in order to amend the Convertible Debenture and extend its maturity date from December 31, 2024 to December 31, 2025 (the “**Glencore Third Maturity Extension**”). Together with capitalized interest, the principal amount outstanding under the Convertible Debenture as of October 6, 2024 was \$13,985,960. In consideration for the Glencore Third Maturity Extension, the conversion price of the Convertible Debenture was amended to \$0.37 per Common Share and the interest rate to 10% per annum, compounded quarterly. The Corporation also issued to Glencore 19,424,944 new Common Share purchase warrants of the Corporation (the “**Glencore Warrants 2024**”), each exercisable for one Common Share since January 1, 2025 at an exercise price of (i) \$0.38 per Common Share for 15,061,158 of the Glencore Warrants 2024 and (ii) \$0.42 per Common Share for the remaining 4,363,786 Glencore Warrants 2024, and expiring on December 31, 2025. In consideration for the Glencore Third Maturity Extension, the provisions related to the conversion of interest under the Convertible Debenture were also amended to provide that no conversion of interest into Common Shares at the Market Price (as defined in the TSXV policies) prevailing at each quarter end can occur unless: (i) upon 10 days’ prior written notice from Glencore to Falco requesting it, a press release is issued reserving that Market Price and a “shares for debt settlement” application is submitted to TSXV at each such quarter end, with the issuance of the actual Common Shares postponed until maturity, redemption or repayment of the related principal amount, the whole subject to TSXV approval each quarter; or (ii) to the extent Glencore does not provide notice pursuant to the preceding clause (i), the Market Price at each such quarter end is higher than the Discounted Market Price (as defined in the TSXV policies) at the time of issuance of a press release announcing that the interest is being paid/converted through a “shares for debt settlement”, all subject to a TSXV approval of a “shares for debt settlement” application being submitted to TSXV at the time of conversion.

On October 31, 2025, the Corporation also announced that it had entered into a binding term sheet with Glencore (the “**Glencore Financing Amendments**”, and collectively with the OR Royalties Proposed Financing Amendment, the “**Proposed Financing Amendments**”) in order to:

- (a) extend the maturity date of the Convertible Debenture from December 31, 2025 to December 31, 2026;
- (b) capitalize accrued and unpaid interest up to the effective date of the Glencore Financing Amendments such that the principal amount of the Convertible Debenture would be increased to \$15,433,754 (from the existing principal amount of \$13,985,960);
- (c) maintain the conversion price of the Convertible Debenture at \$0.37 per Common Share;
- (d) maintain the interest rate of the Convertible Debenture at 10% per annum;
- (e) issue to Glencore, on December 31, 2025, 21,381,422 new Common Share purchase warrants of the Corporation (the “**New Glencore Warrants**”), each exercisable at any time from and after January 1, 2026, for one Common Share at an exercise price of (i) \$0.38 per Common Share for 15,061,158 of the New Glencore Warrants, and (ii) \$0.42 per Common Share for the remaining 6,320,264 New Glencore Warrants, expiring on December 31, 2026.

The agreement between the Corporation and OR Royalties to effect the OR Royalties Financing Amendments is subject to (i) obtaining minority approval of the Disinterested Shareholders (as defined below) at the Meeting, (ii) the approval of the TSXV, and (iii) concurrent closing of the amendments to Glencore’s Convertible Debenture and the issuance of the New Glencore Warrants. The agreement between the Corporation and Glencore to effect the Glencore Financing Amendments is subject to (i) the approval of the TSXV, and (ii) concurrent closing of the amendments to OR Royalties’ Convertible Loan and the issuance of the New OR Royalties Warrants. In the event that the Disinterested Shareholders (as defined below) do not approve the OR Royalties Amendments Resolution (as defined below), the extension of the maturity date of the Convertible Debenture held by Glencore will not proceed and the Convertible Loan shall be repaid by December 31, 2025. The Corporation does not currently have sufficient funds to repay the Convertible Loan by December 31, 2025 and there is no assurance that it would be able to obtain a further extension or waiver if the Disinterested Shareholders (as defined below) do not approve the extension of the Convertible Loan on the terms provided for herein.

Related Party Transactions

Regulation 61-101 respecting Protection of Minority Security Holders in Special Transactions (“Regulation 61-101”) is intended to regulate certain transactions to ensure equality of treatment among securityholders, generally requiring enhanced disclosure, approval by a majority of securityholders (excluding interested or related parties) and formal valuations.

OR Royalties holds the Convertible Loan in the principal amount of \$23,881,821, which is convertible into 53,070,713 Common Shares and also holds the 17,690,237 OR Royalties Warrants 2024 which will expire on December 31, 2025, representing approximately 17.01% of the issued and outstanding Common Shares on a partially-diluted basis assuming the conversion in full of the Convertible Loan and the exercise in full of the 17,690,237 OR Royalties Warrants 2024. Immediately following the closing of the Proposed Financing Amendments, on a partially-diluted basis assuming the conversion in full of the Convertible Loan (as amended by the Proposed Financing Amendments) and the exercise in full of the New OR Royalties Warrants, OR Royalties would have beneficial ownership of, or control and direction over 77,328,950 Common Shares, representing approximately 18.30% of the Common Shares issued and outstanding.

Under Regulation 61-101, OR Royalties is a “related party” of Falco (the “**Related Party**”) and the amendment of the terms of the Convertible Loan and the issuance of the New OR Royalties Warrants are “related party transactions”. Unless exemptions are available, such transactions are subject to (i) the “minority approval” of the Corporation’s Shareholders, excluding OR Royalties, as well as its directors and officers and any person holding more than 10% of the voting securities of OR Royalties (the “**Excluded Parties**”), representing, as a group, 231,060 Common Shares (the “**Disinterested Shareholders**”) and (ii) formal valuation requirements set out in Regulation 61-101.

Falco is exempt from the requirements to obtain a formal valuation for the Proposed Financing Amendments as they relate to the Convertible Loan and the New OR Royalties Warrants (collectively, the “**OR Royalties Transactions**”) pursuant to section 5.5(b) of Regulation 61-101, as the Common Shares are not listed on any of the specified markets set out in Regulation 61-101.

Falco is required to obtain the “minority approval” for the OR Royalties Transactions as none of the exemptions contained under Regulation 61-101 are currently available to the Corporation.

At Falco’s annual and special meeting of shareholders held November 29, 2018, shareholders of the Corporation had approved OR Royalties becoming a control person of the Corporation on a “majority of the minority” basis, as required by the TSXV and applicable securities regulations.

Board of Directors Recommendation

After careful consideration, the members of the Board of Directors have approved, subject to the Disinterested Shareholders’ approval, the OR Royalties Transactions.

Reasons for the Board of Directors Recommendation

The reasons considered by the Board of Directors in recommending approval of the OR Royalties Financing Amendments include the following benefits Falco expects to receive from the OR Royalties Transactions:

- (a) the availability of the financing under OR Royalties’ Convertible Loan for an additional one-year period, which will provide the Corporation with flexibility to pursue the permitting and development of the Horne 5 Project;
- (b) the concurrent extension of Glencore’s Convertible Debenture, which will also result in additional flexibility to the Corporation; and
- (c) the favorable terms of the revised Convertible Loan which is convertible at a premium to current market price, thereby limiting dilution to the other Shareholders of the Corporation.

Proposed Resolution to Approve the OR Royalties Transactions

At the Meeting, the Disinterested Shareholders will be asked to consider and if deemed advisable, to pass, with or without amendments, the following ordinary resolution to approve the OR Royalties Transactions (the “**OR Royalties Amendments Resolution**”):

“BE IT RESOLVED, AS AN ORDINARY RESOLUTION, THAT:

1. the Corporation be and is hereby authorized to proceed with the OR Royalties Transactions, as described in this Circular of the Corporation dated November 4, 2025; and
2. any director or officer of the Corporation be and the same is hereby authorized and directed for and in the name of and on behalf of the Corporation to execute or cause to be executed, whether under corporate seal of the Corporation or otherwise, and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, including to make any changes to the transactions contemplated under the OR Royalties Transactions, if required by the TSXV, as in the opinion of such director or officer may be necessary or desirable in order to carry out the terms of this resolution, such determination to be conclusively evidenced by the execution and delivery of such documents or the doing of any such act or thing.”

Accordingly, the Board of Directors and Management are recommending that Disinterested Shareholders vote FOR the approval of the OR Royalties Amendments Resolution. Unless contrary instructions are indicated on the proxy form or the voting instruction card, the persons designated in the accompanying form of proxy or voting instructions card intend to vote FOR the OR Royalties Amendments Resolution. To be effective, the OR Royalties Amendments Resolution must be approved by a majority of the votes cast by Disinterested Shareholders present in person or represented by proxy at the Meeting, excluding 231,060 Common Shares owned by the Excluded Parties.

PART 3: ABOUT FALCO

3.1. Corporate Governance Practices

Falco believes in the importance of a strong Board of Directors and sound corporate governance policies and practices to direct and manage our business affairs. Good corporate governance is essential to retaining the trust of our Shareholders, attracting the right people to the organization and maintaining our social license in the communities where we work and operate. Falco also believes that good governance enhances its performance.

The Corporation’s governance framework is evolving as the Corporation continues to grow. Its governance policies also respect the rights of Shareholders and comply with the rules of the Canadian Securities Administrators (“CSA”) and the TSXV.

The Board has adopted board and committee charters as well as other appropriate policies and practices. Independent directors are expected to hold in-camera meetings at each quarter-end Board and Committee meeting. A copy of the Corporation’s Code of Ethics, as well as Board and Committee charters, are posted on Falco’s website at www.falcores.com and can be requested via email at info@falcores.com.

The following discussion outlines some of Falco’s current corporate governance practices, particularly with respect to the matters addressed by *Policy Statement 58-201 to Corporate Governance Guidelines* (the “**Canadian Guidelines**”) and Regulation 58-101 adopted by the CSA.

Code of Ethics

The Board has adopted a Code of Ethics applicable to all of its directors, officers and employees, including the Chair of the Board, the President and Chief Executive Officer, the Chief Financial Officer and other persons performing financial reporting functions. The Code of Ethics was last reviewed by the Board of Directors on October 20, 2025.

The Code of Ethics communicates to directors, officers and employees standards for business conduct in the use of Falco time, resources and assets, and identifies and clarifies proper conduct in areas of potential conflict of interest. The Code of Ethics is designed to deter wrongdoing and promote: (a) honest and ethical conduct; (b) compliance with laws, rules and regulations; (c) prompt internal reporting of Code of Ethics violations; and (d) accountability for adherence to the Code of Ethics. Violations from standards established in the Code of Ethics, and specifically under internal accounting controls, are reported to the Chief Financial Officer or Vice President, Legal Affairs and Corporate Secretary and can be reported anonymously. The Chief Financial Officer or Vice President, Legal Affairs and Corporate Secretary will report to the Audit Committee, which will report to the Board any reported alleged violations at least quarterly, or more frequently depending on the specifics of the reported alleged violation.

The President and Chief Executive Officer and the Nominating and Corporate Governance Committee are responsible for promoting a corporate culture, which supports the highest of ethical standards, encourages personal integrity and assumes social responsibility.

The Corporation will adopt, from time to time, policies and guidelines relating to ethics that apply to all directors, officers and employees of the Corporation. The Corporation's Code of Ethics is reviewed on an annual basis as well as adherence thereto.

The Corporation is committed to encouraging the respect of individuals, their integrity and their dignity by ensuring that the working environment and relations between employees shall be free of violence, discrimination, and harassment. The Corporation has adopted a Policy on the Prevention of Harassment in the Workplace and the Handling of Complaints, which forms an integral part of the Code of Ethics and provides for intervention measures applicable to harassment complaints or situations which could constitute a violation of such Policy.

Each director, officer and employee is provided with a copy of the Code of Ethics and is asked to sign an acknowledgement that the standards and principles of the Code of Ethics will be maintained at all times on Falco business. Management of the Corporation reports annually to the Nominating and Corporate Governance Committee all non-compliance statements so disclosed by directors, officers and designated employees.

The Corporation's Code of Ethics provides that directors, officers and employees must avoid conflicts of interests, both real and perceived. In practice, should a director have a material interest or be otherwise in conflict of interest with respect to a transaction or agreement considered by the Board, he/she must disclose his/her conflict of interest and withdraw from any discussions, assessment or decision related to the particular transaction or agreement.

Any officer, director or employee who is aware of any situation that is or could reasonably be expected to give rise to a conflict of interest or who is aware of a related party transaction must discuss the matter promptly with their immediate supervisor or the Chief Financial Officer or the Vice-President, Legal Affairs and Corporate Secretary. The Corporation will ensure compliance with any applicable disclosure, "minority approval" and formal valuation requirements set forth in applicable legislation, as it applies to related party transactions and other special transactions involving the Corporation.

The Board may implement any measures that it finds necessary in order to ensure the exercise of independent judgment. In the event a director has a material interest in any transaction or agreement, such director will abstain from voting in that regard.

In addition, the Board has established under the Corporation's Internal Whistleblowing Policy, a process for the receipt and treatment of all complaints concerning accounting, internal accounting controls, auditing or any other wrongdoing, including in connection with the Corporation's Code of Ethics submitted by any employee, including procedures for the confidential anonymous submissions by employees of concerns regarding said matters. To help in this process, the Corporation established an Ethics Line, which is a phone and internet-based reporting system (1-855-940-2004 or ethics@falcores.com).

There has been no "questionable event" (as defined in the Whistleblowing Policy) communicated in fiscal year 2025 through the ethics line or otherwise, to report any conduct of a director or Executive Officer that would constitute a departure from the Code of Ethics.

Through the above-noted methods, the Board encourages and promotes a culture of ethical business conduct. In addition, the directors, officers and employees of the Corporation are expected to act and to hold their office within the best interests of the Corporation. The Corporation expects that all directors shall act in compliance of all laws and regulations applicable to their office as director of the Corporation.

A copy of the Code of Ethics is available on the Corporation's website at www.falcores.com.

Anti-Bribery, Anti-Corruption and Anti-Money Laundering Policy

The Board of Directors has determined that, on the recommendation of the Nomination and Corporate Governance Committee, to formalize its policy on compliance with respect to anti-bribery, anti-corruption and anti-money laundering policy, having therefore adopted on November 21, 2022 a Policy respecting anti-bribery, anti-corruption and anti-money laundering (the "**Policy**") and which was reviewed on October 20, 2025.

The Corporation's Board of Directors is committed to strict compliance with this Policy, fostering a culture of integrity and maintaining high ethical standards throughout the Corporation and with those who act as our representatives.

The Compliance Officer for this Policy is the Corporation's Chief Financial Officer (the "**Compliance Officer**").

The Corporation is conducting its business in accordance with all laws, rules and regulation applicable to it and the highest ethical standards and takes a zero-tolerance approach to bribery, corruption and money laundering. The Policy is intended to provide guidance and procedures to the Corporation's personnel and representatives for compliance with Canada's *Corruption of Foreign Public Officials Act* ("**CFPOA**"), the *Canadian Criminal Code* ("**CC**") and other local laws pertaining to bribery, corruption and money laundering. Although the CFPOA and the CC are laws of Canada, such laws have extra-territorial application and can therefor apply to the Corporation anywhere in the world.

This Policy complements the Corporation's Code of Ethics and the other policies of the Corporation and provides guidelines for compliance with anti-bribery and anti-money laundering laws applicable to the Corporation's operations wherever conducted. This Policy is not intended to replace any applicable laws.

The Policy shall be distributed to and signed by each of the Corporation's employees when they are hired. Directors, officers and designated employees are required, on an annual basis, to declare their commitment

to abide by the Corporation's Policy. Any non-compliance to the Policy will be reported to the Nominating and Corporate Governance Committee which will be responsible of reviewing the Policy on an annual basis.

Through the above-noted methods, the Board encourages and promotes a culture of ethical business conduct. In addition, the directors, officers and employees of the Corporation are expected to act and to hold their office within the best interests of the Corporation. The Corporation expects that all directors shall act in compliance of all laws and regulations applicable to their office as director of the Corporation.

3.2. Role of the Board of Directors

The primary responsibility of the Board is to supervise the management of the business and affairs of the Corporation. In discharging its fiduciary duties, Board members are expected to use their experience and expertise to guide Management and ensure good governance practices are adhered to. The Board oversees the Corporation's systems of corporate governance and financial reporting and controls to ensure that the Corporation reports adequate and reliable financial and other information to Shareholders and engages in ethical and legal conduct.

The Corporation expects each member of its Board to act honestly and in good faith and to exercise business judgment that is in the best interests of the Corporation and its stakeholders. The Chair does not have a second or casting vote in the case of equality of votes in any matter brought before the Board.

In addition to possessing the requisite skill and experience required to carry out their functions, directors must demonstrate a track record of honesty, integrity, ethical behaviour, fairness and responsibility and a commitment to representing the long-term interests of Falco's stakeholders. They must also be able to devote the time required to discharge their duties and responsibilities effectively.

In addition to the foregoing, each director is expected to:

- Develop an understanding of Falco's strategy, business environment, the market in which the Corporation operates and its financial position and performance;
- Be willing to share expertise and experience with Management and fellow directors, and to use a respectful, collegial approach in challenging the views of others;

- Actively and constructively participate in each meeting and seek clarification when necessary to fully understand the issues being considered;
- Leverage experience and wisdom in making sound strategic and operational business decisions; and
- Demonstrate business acumen and a mindset for risk oversight.

Additional information relating to the duties and responsibilities of the Board is included in the Charter of the Board of Directors attached in this Circular as Schedule "A".

All members of the Audit Committee are "financially literate" and/or "financial experts", within the meaning of applicable regulations. In determining accounting or related financial expertise, the Board considers familiarity with accounting issues pertinent to Falco, past employment experience in finance or accounting, requisite professional certification in accounting, and any other comparable experience or background which results in the individuals' financial sophistication.

Risk Oversight

The Board oversees an enterprise-wide approach to risk management designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance Shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps Management is taking to manage those risks, but

also understanding what level of risk is appropriate for the Corporation. The involvement of the full Board in setting the Corporation's business strategy is a key part of its assessment of the Board's tolerance to risk and also a determination of what constitutes an appropriate level of risk for the Corporation.

Board Effectiveness Assessment

Following the implementation in June 2016 of a formal procedure for assessing the performance of the Board and its Committee members, a detailed questionnaire is distributed annually to each member of the Board in order to enable individual directors to provide feedback on the effectiveness of the Board and its standing Committees as well as the contribution of each member. The assessment is conducted on an anonymous basis through a web platform, which generates and produces a report of the assessment results. Thereafter, the Chair of the Nominating and Corporate Governance Committee discusses the results and any issues arising from the performance assessments with the members of the Nominating and Corporate Governance Committee in the presence of the Chair of the Board. The Chair of the Nominating and Corporate Governance Committee also reports to the full Board on the Board's performance assessment.

The Nominating and Corporate Governance Committee assesses the operation of the Board and its standing Committees, the adequacy of information given to directors, communication between the Board and Management, the Board size and overall skills. The Nominating and Corporate Governance Committee also recommends changes to the Board in order to enhance its performance based on the survey feedback.

Board's Skills Matrix

The Nominating and Corporate Governance Committee, together with the Board Chair, is responsible for determining the needs of the Board in the long-term and identifying new candidates to stand as nominees for election or appointment as directors.

The Board ensures that the skill set developed by directors, through their business expertise and experience, meets the needs of the Board.

The Nominating and Corporate Governance Committee reviews annually the credentials of the members of the Board. The following table exemplifies the current skills that each nominee possesses:

The Board and Committee members also receive formal presentations by Management and external advisors, and are provided documentation from various advisors and consultants on various topics in relation to the mining industry. In addition, new directors are briefed on the Corporation's current property holdings and assets, ongoing exploration programs, overall strategic plans, short, medium and long-term corporate objectives, financials status, general business risks and mitigation strategies, site visits and existing company policies.

The skills and knowledge of the Board as a whole is such that no formal continuing education process is currently deemed necessary. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies, particularly in the natural resource sector. Board members are encouraged to communicate with Management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with Management's assistance.

Harassment Policy

In 2019, the Board of Directors adopted, following recommendations of the Compensation Committee, a policy on the prevention of psychological or sexual harassment in the workplace and the handling of complaints (the "**Harassment Policy**"). The Corporation does not tolerate nor accept any form of harassment, such as workplace violence (including domestic violence), psychological or sexual harassment, and discrimination. The Harassment Policy is intended to affirm the commitment of the Corporation to prevent and put an end to any situation of harassment in its business. It is also intended to establish the principles of intervention that are applied when a harassment complaint is filed or when harassment is reported to the Corporation or to their representatives, if any. Complaints can be provided to persons designated in the policy, including the Chief Financial Officer, and all communications are forwarded to the Chair of the Governance and Nomination Committee.

Through the above-noted methods, the Board encourages and promotes a culture of ethical business conduct. In addition, the directors, officers and employees of the Corporation are expected to act and to

hold their office within the best interests of the Corporation. The Corporation expects that all directors shall act in compliance of all laws and regulations applicable to their office as director of the Corporation.

In accordance with new regulatory requirements, the Harassment Policy was last reviewed and amended by the Board of Directors on October 20, 2025.

Securities Ownership

A securities ownership guideline (the “**Ownership Guideline**”) for all non-executive directors was adopted by the Board of Directors, upon recommendation of the Compensation Committee, on November 10, 2017, in order to further align the long-term interests of the Corporation’s Shareholders and that of its directors. The Ownership Guideline provides direction to non-executive directors of the Corporation as to the level and amounts of ownership considered satisfactory in meeting the ownership requirements. Accordingly, non-executive directors are required to hold Common Shares of the Corporation in an amount equivalent to one time their annual cash retainer. The applicable method of calculation for the purpose of determining the value of the Common Shares held, is based on the higher of (i) cost of the acquisition or (ii) market value at time of determination. Each non-executive director shall have three years to comply with the Ownership Guideline starting from the date of approval or from the date of election or appointment whichever comes last.

As of the date hereof, all non-executive directors have attained their target ownership level.

Policy regarding the Diversity of the Board of Directors

The Corporation is committed to diversity among its Board of Directors. On May 27, 2020, the Board adopted a policy regarding the diversity of the Board of Directors (the “**Diversity Policy**”), following recommendations of the Nominating and Corporate Governance Committee. In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Corporation’s success. By bringing individuals from diverse backgrounds and giving each person the opportunity to contribute their skills, experience and perspectives in an inclusive workplace, the Corporation believes that it is better able to develop solutions to challenges and deliver sustainable value for the Corporation and its stakeholders. The Corporation considers diversity to be an important attribute of a well-functioning Board, which will assist the Corporation to achieve its long-term goals.

At all times, the Corporation seeks to maintain a Board comprised of talented and dedicated directors with a mix of experience, skills and backgrounds collectively reflecting the strategic needs of the business and the nature of the environment in which the Corporation operates. When assessing Board composition or identifying suitable candidates for appointment or re-election to the Board, the Corporation will consider candidates using objective criteria having due regard to the benefits of diversity and the needs of the Board.

The Corporation aspires to have and maintain at least thirty percent (30%) of women representation on the Board of the Corporation. The Board has not adopted formal targets for each of the other “designated groups” as defined in the *Employment Equity Act*, as the Board considers the representation of the “designated groups” in the process of selecting individual candidates.

With a view to enhancing Board diversity, the Nominating and Corporate Governance Committee will be guided by the following principles when recommending nominees for appointment to the Board:

- (1) having candidates who are highly qualified based on their experience, expertise, skills and qualities; and

- (2) evaluating candidates based upon their expertise with reference to skills identified as required by the Board in accordance with the director skills matrix.

In addition, when assessing the composition of the Board, the Nominating and Corporate Governance Committee's principal focus is on ensuring that the Board has the diverse experiences, skills and backgrounds needed to oversee collectively the business of the Corporation. The Nominating and Corporate Governance Committee takes a balanced approach when considering the extent to which personal characteristics are taken into account to ensure the Board can fulfill its role in all respects.

The Diversity Policy is reviewed annually by the Nominating and Corporate Governance Committee to ensure it is effective in achieving its objectives. The Diversity Policy was last reviewed on October 20, 2025. Any changes to the Diversity Policy as well as additional diversity achievements will be reported annually in the Corporation's management information circular. A copy of the Diversity Policy is available on the Corporation's website at www.falcores.com.

Policy regarding the Diversity in Corporate Talent

The Corporation is committed to diversity among its Management team. On September 28, 2020, the Board adopted a policy regarding the diversity in corporate talent (the "**Management Diversity Policy**") following recommendations of the Compensation Committee.

In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Corporation's success. By bringing together individuals from diverse backgrounds and giving each person the opportunity to contribute their skills, experience and perspectives in an inclusive workplace, the Corporation believes that it is better able to develop solutions to challenges and deliver sustainable value for the Corporation and its stakeholders. The Corporation considers diversity as defined in the Management Diversity Policy ("**Diversity**") to be an important attribute of a well-functioning company, which will assist the Corporation to achieve its long-term goals.

The Corporation believes that Diversity enriches discussions and performance of its team in the pursuit of its short and long-term corporate objectives. Furthermore, the Corporation believes promotion of Diversity is best served through careful consideration of all of the knowledge, experience, skills and backgrounds of each individual candidate for senior management roles in light of the needs of the Corporation without focusing on a single Diversity characteristic and, accordingly, has not adopted specific corporate talent Diversity goals other than the gender representation target. As part of its strategy to recruit and maintain a diversified organization, the Corporation will:

- promote Diversity within its team, with particular emphasis on gender diversity;
- promote the contribution of women and other members of the Designated Groups as defined in the Management Diversity Policy ("**Designated Groups**") to the success of the organization;
- assist in the development of women and other members of the Designated Groups within the organization through training, inside sponsorship and outside mentoring;

- ensure that, for every open position within the organization, at least one female be considered as potential candidate;
- encourage an awareness in all staff of their rights and responsibilities with regard to fairness, equity and respect for all aspects of Diversity;
- actively participate in internal and external initiatives to promote Diversity in its industry with specific focus on gender diversity; and
- provide work environment that accommodates family and work life balance, while maintaining a high achievement culture.

The Corporation will aim to have 25% of senior management roles held by women. The Corporation has not adopted formal targets for each of the other members of the Designated Groups, as the Corporation considers the representation of the other members of the Designated Groups in the process of selecting individual candidates.

The Management Diversity Policy is reviewed annually by the Compensation Committee to ensure it is effective in achieving its objectives. The Management Diversity Policy was last reviewed on October 20, 2025. A copy of the Policy regarding Diversity in Corporate Talent is available on the Corporation’s website at www.falcores.com.

Policy regarding Tenure on the Board of Directors

The Board of Directors is committed to a process of Board renewal and succession-planning for non-executive directors in order to balance the benefits of experience with the need for new perspectives to the Board while maintaining an appropriate degree of continuity and adequate opportunity for transition of Board and Board Committee roles and responsibilities. Accordingly, the Board adopted on September 23, 2020, following the recommendations of the Nominating and Corporate Governance Committee, a policy regarding the tenure on the Board of Directors (the “**Board Tenure Policy**”).

The Nominating and Corporate Governance Committee is responsible for recommending nominees for election to the Board and, in furtherance of such responsibility, it analyzes the competencies and skills of existing non-executive directors, oversees an annual director evaluation process, and assesses the current and future needs of the Board, including the need to comply with the Corporation’s Policy regarding the diversity of the Board of Directors (as more fully described below).

In order to assist the Nominating and Corporate Governance Committee and the Board in succession-planning for non-executive directors and appropriate Board renewal, the Board has adopted limits on Board tenure. Non-executive directors will not be re-nominated for election at an annual meeting after the earlier of the following has occurred:

- such director has served 12 years following the later of (i) September 23, 2020 and (ii) the date on which the director first began serving on the Board (the “**Term Limit**”); or
- such director has reached the age of 72 years old on or before the date of the annual or special meeting of Shareholders of the Corporation called in respect of the election of directors (the “**Retirement Age**”);

provided that, for greater certainty, there should be no expectation that a non-executive director will serve on the Board for the periods contemplated by the Term Limit or until such director reaches the Retirement Age (collectively the “**Board Tenure Limits**”).

Notwithstanding the foregoing, the Board Tenure Limits shall not apply to a non-executive director who has yet to be elected annually for the fifth consecutive time by the Shareholders. Once a non-executive director has been elected or re-elected for five (5) times, these Board Tenure Limits apply notwithstanding that such director has continued to receive satisfactory annual performance evaluations, has needed skills and experience and meets other Board policies or legal requirements for Board service.

Exceptionally, on a case-by-case basis and on the recommendation of the Nominating and Corporate Governance Committee, a non-executive director who has reached the Term Limit or the Retirement Age may be nominated to serve on the Board for up to a maximum of two (2) additional years.

The Board has, upon recommendation of the Nominating and Corporate Governance Committee, extended by one year the Retirement Age limit for Mario Caron, which would otherwise have been reached at the Meeting. Mr. Caron’s extensive mining expertise, deep knowledge of the Corporation, and active involvement in the advancement of the Horne 5 Project are considered invaluable to the Corporation.

In determining whether to make such a recommendation to the Board, the Nominating and Corporate Governance Committee shall consider the following factors, among others:

- (1) the director has received positive annual performance assessments; and
- (2) the Nominating and Corporate Governance Committee believes it is in the best interests of the Corporation that the director continues to serve on the Board.

Notwithstanding the foregoing, the Board retains full discretion in approving such recommendation by the Nominating and Corporate Governance Committee.

In addition, directors are expected to inform the Chair of the Board or the Lead Director, as applicable, of any major change in their principal occupation so that the Board would have the opportunity to decide the appropriateness of such director’s continuance as a member of the Board or of a Board Committee. Directors are also expected to provide the Chair of the Board or the Lead Director, as applicable, with information as to all boards of directors that they sit on or that they have been asked to join so as to allow the Board to determine whether it is appropriate for such director to continue to serve as a member of the Board or of a Board Committee. The Nominating and Corporate Governance Committee will apply Board nominee selection criteria, including directors’ past contributions to the Board and availability to devote sufficient time to fulfill their responsibilities, prior to recommending directors for re-election for another term. A copy of the Board Tenure Policy is available on the Corporation’s website at www.falcores.com.

Environmental, Social and Governance Matters

Sustainable development is an intrinsic value that influences the Corporation’s decision-making process. The Corporation prioritizes environmental, social and governance (“ESG”) criteria to create value and contribute to the prosperity of host communities while minimizing or avoiding environmental impacts. The Corporation also ensures that the principles of sustainable development guide its decisions and actions through strong policies and transparent and enhanced disclosure in order to make the Corporation’s strategy on ESG matters more widely known and understood.

On December 7, 2023, the Corporation released its ESG report titled “*Falco Resources Ltd. 2022 ESG Report*”, which details the ESG performance of its activities for the period ending December 31, 2022 (the “**ESG Report**”). The ESG Report describes the Management’s and Board’s approach to, and performance in, a variety of ESG criteria and gives the Corporation an opportunity to highlight its initiatives and progress in line with international reporting standards (such as SASB, IFC, GRI), which is valuable to rating agencies and investors. The ESG Report is available on the Corporation’s website at <https://www.falcores.com/en/sustainability/#ESG>.

In terms of sustainability, the Corporation has an uncompromising roadmap, whether for the actions taken on the ground or for the decisions that will guide its future. The Corporation’s has an organizational structure supported by policies such as an Environmental Policy, Corporate Social Policy, Health and Safety Policy and Code of Ethics, among others. The Corporation also implements strategies to promote diversity including prioritizing the use of indigenous services for exploration and development activities. Through its board-level committees, ESG approach and strategies are recommended to the Board of Directors, as well as the relevant action plans.

Falco has specified the relative importance of ESG themes (materiality matrix (in french)). During the fiscal year ended June 30, 2025, none of the Corporation's NEOs and directors were granted or issued by the Corporation or any of its subsidiaries compensation securities for services provided or to be provided, directly or indirectly, to the Corporation or any of its subsidiaries.

On November 21, 2014, the Board originally adopted the LTIP for directors, officers, employees and consultants, which was thereafter ratified by the Shareholders on December 23, 2014, and approved by the TSXV. The LTIP was subsequently amended in November 2016, November 2017, February 2021 and December, 2022. The LTIP was last approved by the Shareholders at the December 11, 2024 annual and special meeting of Shareholders.

This summary is qualified in all respects by the full text of the LTIP, a copy of which is available on SEDAR+ and on the Corporation's website or may be obtained upon request via email at info@falcores.com.

In accordance with the LTIP, the securities issuable are:

- Deferred share units (“**DSUs**”) and restricted share units (“**RSUs**”), which can be settled in cash or in Common Shares;
- Performance share units (“**PSUs**”), which can be settled in cash or in Common Shares; and
- Stock options (“**Options**”), which are settled in Common Shares.

The purpose of the DSUs, RSUs, PSUs and Options is to assist the Corporation in attracting and retaining individuals with experience and ability, to allow certain employees of the Corporation designated at the Compensation Committee's discretion, to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the grantees designated under the LTIP and those of Shareholders.

Under the LTIP, the aggregate number of Common Shares to be reserved and set aside for issue upon the exercise or redemption and settlement for all awards granted under the LTIP, shall not exceed 10% of the issued and outstanding Common Shares, outstanding at the time of the granting of the award (on a non-diluted basis, excluding any Options granted to Eligible Charitable Organizations, as such term is defined in the LTIP). In respect of PSUs, the maximum number of Common Shares issuable under the grant shall be included in the calculation for such purposes.

Deferred Share Units

A DSU is a notional security that entitles the recipient to receive cash or Common Shares upon resignation from the Board (in the case of directors) or at the end of employment. The terms applicable to DSUs under the LTIP (including whether dividend equivalents will be credited to a participant's DSU account) are determined by the Board at the time of the grant.

Typically, DSUs have been granted (i) as a component of a director's annual retainer, or (ii) as a component of an officer's annual incentive grant. The deferral feature strengthens alignment with the long-term interests of Shareholders.

If and when dividends are declared, additional DSUs may be credited to DSU holders in an amount equal to the greatest whole number which may be obtained by dividing (i) the value of such dividend or

distribution on the record date established for such dividends by (ii) the Market Price (as defined in the LTIP) of one share on such record date. DSUs vest in accordance with their grant agreement, provided that no DSU may vest before the date that is one year following the date it is granted or issued, except if such vesting is in connection with (i) a change of control, take-over bid, reverse take-over or other similar transaction or (ii) except in the event of death of the participant.

Restricted Share Units

An RSU is a notional security that entitles the recipient to receive cash or Common Shares at the end of a vesting period. The terms applicable to RSUs under the LTIP (including the vesting schedule and whether dividend equivalents will be credited to a participant's RSU account) are determined by the Board at the time of the grant.

RSUs vest upon lapse of the applicable restricted period. For employees, vesting generally occurs in three equal instalments on the first three anniversaries of the grant date. RSUs vest in accordance with their grant agreement, provided that no RSU may vest before the date that is one year following the date it is granted or issued, except if such vesting is in connection with (i) a change of control, take-over bid, reverse take-over or other similar transaction or (ii) except in the event of death of the participant.

If and when dividends are declared, additional RSUs may be credited to RSU holders in an amount equal to the greatest whole number which may be obtained by dividing (i) the value of such dividend or distribution on the record date established for such dividends by (ii) the Market Price (as defined in the LTIP) of one share on such record date.

Performance Share Units

A PSU is a notional security but, unlike other equity-based incentives, vesting is contingent upon achieving certain performance criteria, thus ensuring greater alignment with the long-term interests of Shareholders. The terms applicable to PSUs under the LTIP (including the performance cycle, performance criteria for vesting and whether dividend equivalents will be credited to a participant's PSU account) are determined by the Board at the time of the grant.

PSUs do not vest, and cannot be paid out (settled), until the completion of the performance cycle. For Canadian holders, the performance cycle shall in no case end later than December 31 of the calendar year that is three years after the grant date. PSUs vest in accordance with their grant agreement, provided that no PSU may vest before the date that is one year following the date it is granted or issued, except if such vesting is in connection with (i) a change of control, take-over bid, reverse take-over or other similar transaction or (ii) except in the event of death of the participant.

Unless otherwise determined by the Board, or unless otherwise provided in the participant's service agreement or award agreement (provided, however, that any DSU, RSU or PSU granted or issued to a participant who is a director, officer, employee or consultant of the Corporation must expire within a reasonable period, not exceeding 12 months, following the date the participant ceases to be an eligible participant), if a participant's employment, service or engagement terminates in any of the following circumstances, DSUs, RSUs and PSU shall be treated in the manner set forth below:

Reason for Termination	Treatment of DSUs, RSUs and PSUs
<i>Death</i>	Outstanding DSUs, RSUs and PSUs that were vested on or before the date of death shall be settled as of the date of death. Outstanding DSUs, RSUs and PSUs that were not vested on or before the date of death shall vest and be settled as of the date of death, prorated to reflect the actual period between (i) the grant date in case of DSUs or RSUs or (ii) the commencement of the performance cycle and the date of death (in the case of PSUs, based on the participant's performance for the applicable performance period(s) up to the date of death). Subject to the foregoing, any remaining DSUs, RSUs and PSUs shall in all respects terminate as of the date of death.
<i>Retirement</i>	Outstanding DSUs, RSUs and PSUs that were vested on or before the date of retirement shall be settled as of the date of retirement. Outstanding DSUs, RSUs and PSUs that would have vested on the next vesting date following the date of retirement shall be settled as of such vesting date. Subject to the foregoing, any remaining DSUs, RSUs and PSUs shall in all respects terminate as of the date of retirement.
<i>Disability</i>	Outstanding DSUs, RSUs and PSUs as of the date of disability shall continue to vest and be settled in accordance their terms (in the case of PSUs, based on the participant's performance for the applicable performance period(s) up to the date of disability). Subject to the foregoing, any remaining DSUs, RSUs and PSUs shall in all respects terminate as of the date of disability.
<i>Resignation</i>	Outstanding DSUs, RSUs and PSUs that were vested on or before the date of resignation shall be settled as of the date of resignation, after which time the DSUs, RSUs and PSUs shall in all respects terminate.
<i>Termination without Cause/Wrongful Dismissal - No Change in Control Involved</i>	Outstanding DSUs, RSUs and PSUs that were vested on or before the termination date shall be settled as of the termination date. Outstanding DSUs, RSUs and PSUs that would have vested on the next vesting date following the termination date (in the case of PSUs, prorated to reflect the actual period between the commencement of the performance cycle and the termination date, based on the participant's performance for the applicable performance period(s) up to the termination date) shall be settled as of such vesting date. Subject to the foregoing, any remaining DSUs, RSUs and PSUs shall in all respects terminate as of the termination date.
<i>Change in Control</i>	DSUs, RSUs and PSUs do not vest and become immediately exercisable upon a change in control, unless: • the successor fails to continue or assume the obligations under the LTIP or fails to provide for a substitute award, or • if the DSU, RSU or PSU is continued, assumed or substituted, the participant is terminated without cause (or constructively dismissed) within two (2) years following the change in control, subject to any required approvals of the TSXV.
<i>Termination of the Participant for Just Cause</i>	Outstanding DSUs, RSUs and PSUs (whether vested or unvested) shall automatically terminate on the termination date and be forfeit.

No RSUs, PSUs or DSUs have been awarded during the most recently completed financial year and since the original adoption of the LTIP on November 21, 2014, and none are outstanding as at the end of the most recently completed financial year.

The Compensation Committee and the Board believe that equity-based compensation plans are the most effective way to align the interests of Management with those of Shareholders. Long-term incentives must also be competitive with the peer group and align with the Corporation's compensation philosophy to target the market median.

In determining the number of Options to be granted to the executive officers and directors, the Board or the Compensation Committee, as the case may be, takes into account the number of Options, if any, previously granted to each executive officer and director and the exercise price of any outstanding Options to ensure that such grants are in accordance with the policies of the TSXV.

4.2 Oversight and Description of Director and Named Executive Compensation

Executive Officers

The Corporation's executive compensation philosophy is based on pay for performance and prudent risk management to motivate the senior leadership to execute corporate strategy in a manner that delivers strong results for Shareholders.

Objectives of the Executive Compensation Program

The Corporation's executive compensation practices underpin a number of objectives:

- Attract, motivate and retain highly qualified and experienced executives;
- Recognize and reward contributions to the success of the Corporation as measured by the accomplishment of performance objectives;
- Ensure that a significant proportion of compensation is directly linked to the success of the Corporation while not encouraging excessive or inappropriate risk-taking;
- Promote adherence to the high standards and values reflected in the Corporation's Code of Ethics;

- Ensure retention by setting total direct compensation targets at a level that is competitive with the markets in which the Corporation competes; and
- Protect long-term Shareholder interests by ensuring NEOs and other interests are aligned with those of Shareholders.

Fundamentally, the Corporation's compensation practices are intended to promote value-creation actions for the benefit of Shareholders, and to reward individual and team efforts for meeting short-term and long-term objectives.

Executive Compensation Strategy

NEOs do not control a number of significant factors that impact financial results, including commodity prices, foreign exchange rates, and regulatory uncertainty. Compensation program design thus considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board of Directors at the beginning of each year, controlling costs, mitigating risks, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Corporation.

Total Compensation Components

The Compensation Committee believes that the objective of NEO compensation practices should be to align the Total Direct Compensation (as hereinafter defined) with that of similar sized companies. Total Direct Compensation is the total of base salary (or consulting fees), annual incentive bonus and the value of equity-linked long-term incentive compensation.

Elements	Description	Objectives
Base Salary	Base salary is determined through an analysis of a comparator group. It reflects the capability of the individual as demonstrated over an extended period of time.	Attraction, retention and motivation; Annual salary adjustments as appropriate.
Annual Incentive Bonus	Annual cash incentive bonus is a portion of variable compensation that is designed to reward executives on an annual basis for achievement of corporate and business objectives, relative to corporate and individual performance.	Pay for performance; Align with business strategy; Attraction, retention and motivation.
Long-Term Incentives	Equity compensation is a portion of variable compensation that is designed to align executive and Shareholder interests, focus executives on long-term value creation, and also support the retention of key executives.	Align to Shareholder interests; Pay for performance; Attraction, retention and motivation.
Benefits	Executives who are employees participate in standard corporate medical, extended health and dental insurance.	Attraction and retention.

Total Direct Compensation

The Corporation's executive officer's total compensation is composed of three major components: base salary, short-term incentives and long-term incentives.

Base Salary

Base salaries (or consulting fees) of the Corporation's executive officers are determined through an analysis of salaries paid by companies in a comparator group, as well as individual performance measured against the achievement of business objectives. Base salaries are normally reviewed at the beginning of each calendar year. The President and Chief Executive Officer recommends base salary adjustments to the Compensation Committee for the NEOs, other than himself, and other officers. The Compensation Committee determines the base salary adjustment for the President and Chief Executive Officer taking into consideration the performance of the President and Chief Executive Officer, market conditions and the Corporation's ability to pay.

Short-Term Incentives

The short-term incentive program is a variable element of compensation and consists of an annual cash bonus. Annual bonuses may be awarded at the sole discretion of the Board, based on recommendations of the Compensation Committee, for team achievements, contributions and efforts that the Compensation Committee has determined can reasonably be expected to have a positive impact on Shareholder value.

The short-term incentive program for the NEOs is based on their performance as a team against corporate objectives approved by the Board of Directors and bonuses are paid in full following award approved by the Board of Directors, at its full discretion, based on recommendation of the Compensation Committee. The annual incentive compensation for each of the NEOs has been established at 100% of their respective target, which is 50% of base salary. The 2024 Corporate Objectives were approved by the Board of Directors, upon recommendation of the Compensation Committee. Furthermore, the Compensation Committee monitored the progress made in reaching such objectives. As part of its duties and responsibilities and in conjunction with year-end assessment, the Compensation Committee recommended, and the Board determined that, although a number of the 2024 corporate objectives were met, no short-term incentive awards be granted in respect of the fiscal year ended June 30, 2025 in light of the Corporation's financial objectives and limited liquidity. Accordingly, no annual cash bonuses were paid to the Corporation's executive officers for the fiscal year ended June 30, 2025.

Reviewing Performance

The President and Chief Executive Officer and senior management, in consultation with the Board, are responsible for developing the Corporation's overall strategic plan. On the basis of the strategic plan, annual business plans and budgets are prepared, which are reviewed and approved by the Board.

Risk management is a consideration of the Board when implementing its compensation program. The Board and the Compensation Committee does not believe that the compensation program results in unnecessary or inappropriate risk taking including risks that are likely to have a material adverse effect on the Corporation.

Directors' Compensation

Annual retainers for the Board and its Committees are paid on a quarterly basis to non-executive directors only.

During the fiscal year ended June 30, 2025, the Directors' Compensation Policy consisted of the following components:

Directors – Annual (\$ Value)	
Cash retainer	\$25,000
Chairman of the Board – Annual (\$ Value)

Incentives and Committee Retainers – Initial and Annual (\$ Value)

Directors are entitled to participate in security-based compensation arrangements or other plans adopted by the Corporation from time to time with the approval of the Board.

NEOs who also act as directors of the Corporation do not receive any additional compensation for services rendered in such capacity, other than as paid by the Corporation to such NEOs in their capacity as executive officers.

Proportion of Common Shares Held by Directors and Executive Officers

Collectively, as of November 4, 2025, the directors and executive officers of the Corporation, as a group, own directly or indirectly, 3,647,147 Common Shares representing approximately 1.06% of the issued and outstanding Common Shares. Mr. Alexander Dann is a nominee of Osisko Development.
