- (2) Before deducting the costs of this issue estimated at \$77,500 (exclusive of the Agent’s Commission) which includes legal and audit fees and other expenses of the Issuer, the Corporate Finance Fee and legal fees of the Agent and the listing fee payable to the Exchange and filing fees payable to the Commissions. - (3) A total of 1,350,000 Common Shares are qualified for distribution hereunder. In addition, this prospectus qualifies for distribution the Agent’s Warrants, and the grant of the Directors’ and Officers’ Options, as hereinafter defined. See “*Plan of Distribution*” and “*Directors’ and Officers’ Options*”.

This Offering is made on a “commercially reasonable efforts” agency basis by the Agent and is subject to the completion of a minimum subscription of 1,350,000 Common Shares for gross proceeds to the Issuer of \$202,500. The offering price of the Common Shares was determined by negotiation between the Issuer and the Agent. All funds received from subscriptions for Common Shares will be held by the Agent pursuant to the terms of an agency agreement between the Issuer and the Agent (the “**Agency Agreement**”). If the minimum subscription is not completed within 90 days of the issuance of a receipt for the final prospectus or such other time as may be consented to by the regulatory authorities and the Agent and persons or companies who subscribed within that period, all

subscription monies will be returned to subscribers without interest or deduction, unless the subscribers have otherwise instructed the Agent.

Pursuant to the Agency Agreement, the Agent and any sub-agents will be granted common share purchase warrants (the “**Agent’s Warrants**”) to purchase 100,000 Common Shares at a price of \$0.15 per Common Share and which may be exercised for a period of 24 months from the day the Common Shares are listed on the Exchange. The Agent’s Warrants and the Common Shares issuable upon the exercise of the Agent’s Warrants are qualified for distribution under this prospectus. See “*Plan of Distribution - Agency Agreement and Agent’s Compensation*”.

This prospectus also qualifies for distribution options to be granted to directors and officers of the Issuer (the “**Directors’ and Officers’ Options**”) at the Closing. The Directors’ and Officers’ Options will entitle the holders to purchase an aggregate of 225,000 Common Shares at a price of \$0.15 per Common Share and such options may be exercised for a period of five years from the date of grant.

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent’s Warrants and the grant of the Directors’ and Officers’ Options, trading in all securities of the Issuer is prohibited during the period between the date a receipt for the preliminary prospectus was issued by the securities commission that is designated the principal regulator pursuant to Multilateral Instrument 11-102 – *Passport System* and National Policy 11-202 – *Process for Prospectus Reviews in Multiple Jurisdictions* and the time the Common Shares are listed for trading on the Exchange except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authority(ies) grants a discretionary order.

The Exchange conditionally approved the listing application in respect of the Common Shares on April 29, 2021. Listing is subject to the Issuer fulfilling all of the requirements of the Exchange, including distribution of such Common Shares to a minimum number of public shareholders. As at the date of the prospectus, the Issuer does not have any of its securities listed or quoted, has not applied to list or quote any of its securities, and does not intend to apply to list or quote any of its securities, on the Toronto Stock Exchange, Aequitas NEO Exchange Inc., a U.S. marketplace, or a marketplace outside Canada and the United States of America (other than the Alternative Investment Market of the London Stock Exchange or the PLUS markets operated by PLUS Markets Group plc).

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Issuer’s business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See “Risk Factors”.

There is currently no market through which the Common Shares offered by this prospectus may be sold and purchasers may not be able to resell the Common Shares purchased under this prospectus. This may affect the pricing of the Common Shares in the secondary market, the transparency and availability of trading prices, the liquidity of the Common Shares, and the extent of issuer regulation. Upon completion of this Offering, purchasers will suffer an immediate dilution (based on the gross proceeds from this and prior issues per Common Share) of approximately \$0.0457 per Common Share or 30.47%. The Issuer was only recently formed and has no active business and does not currently own any assets other than cash. Investment in the Common Shares offered by this prospectus is highly speculative given the proposed nature of the Issuer’s business and its present stage of development. The business objective of the Issuer is to identify and evaluate businesses or assets with a view to completing a Qualifying Transaction; however, there can be no assurance that the Issuer will successfully complete a Qualifying Transaction. **Although the Issuer has commenced the process of identifying potential acquisitions, to date, the Issuer has not identified any potential acquisitions and may determine that current markets, terms of acquisition, or pricing conditions make such potential acquisitions uneconomic.** The Issuer has not entered into an Agreement in Principle, as hereafter defined. The Issuer may find that even if the terms of a potential acquisition are economic, the Issuer may not be able to finance such acquisition and additional funds may be required to meet such obligations. The Issuer may be permitted to loan or advance the greater of \$250,000 or 20% of its working capital to a target business without requiring shareholder approval, and there can be no assurance that the Issuer will be able to recover that loan. Since the Issuer has not placed any geographic restrictions on the location of a Qualifying Transaction, such Qualifying Transaction may involve the acquisition of a business located outside of Canada and, as such, investors should be aware that it may be difficult or may not be possible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and that it may not be possible to enforce

against such persons or the Issuer, judgments obtained in Canadian courts predicated upon the civil liability provisions of applicable securities laws in Canada. Where the investment or acquisition is financed by the issuance of shares from the Issuer's treasury, control of the Issuer may change and shareholders may suffer further dilution of their investment. The Issuer will be in competition with other entities with greater resources. The Issuer has neither a history of earnings nor has it paid any dividends and it is unlikely to generate earnings or pay dividends in the immediate or foreseeable future. The Completion of the Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non-Arm's Length Qualifying Transaction, Majority of the Minority Approval. Similarly, unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non-Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Issuer of fair value for the Common Shares. Upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares will be halted and will remain halted for an indefinite period of time, typically until a Sponsor, as hereinafter defined, has been retained and certain preliminary reviews have been conducted. The Common Shares will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Issuer completing the proposed Qualifying Transaction. The trading in the Common Shares may be halted at other times for other reasons, including for failure by the Issuer to submit documents to the Exchange in the time periods required. The Commissions may issue a cease trade order if the Issuer is delisted from the Exchange. In addition, delisting of the Common Shares may result in the cancellation of all or some of the Common Shares of the Issuer owned by Insiders, as hereinafter defined, issued prior to this Offering. Neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction. Investors must rely solely on the expertise of the Issuer's Promoter, as hereinafter defined, directors and officers for any possible return on their investment. The Issuer's Promoter, directors, officers and Control Persons, as hereinafter defined, and their Associates, as hereinafter defined, and Affiliates, as hereinafter defined, as a group, beneficially own or control, directly or indirectly, 2,100,000 Common Shares, which represents approximately 100% of the issued and outstanding Common Shares before giving effect to this Offering and approximately 60% of the issued and outstanding Common Shares after giving effect to this Offering. The directors and officers of the Issuer will only devote part of their time to the affairs of the Issuer and there are potential conflicts of interest to which some of the directors and officers of the Issuer will be subject in connection with the operations of the Issuer. If the Issuer does not list the Common Shares on the Exchange prior to the time of Closing, adverse tax consequences may arise with respect to any Common Shares held in RRSPs, RRIFs, DPSPs, TFSAs, RDSPs and RESPs. See "*Capitalization*", "*Dilution*", "*Business of the Issuer*", "*Directors, Officers and Promoters*", "*Use of Proceeds*", "*Conflicts of Interest*", and "*Risk Factors*".

The Agent conditionally offers these Common Shares on a "commercially reasonable efforts" agency basis, if, as and when subscriptions are accepted by the Issuer, subject to prior sale, in accordance with the terms and conditions of the Agency Agreement referred to under "*Plan of Distribution*" and subject to the approval of certain legal matters by Borden Ladner Gervais LLP, of Calgary, Alberta, on behalf of the Issuer, and by Peterson McVicar LLP, of Toronto, Ontario, on behalf of the Agent.

Pursuant to the CPC Policy, 75%, or 1,012,500, of the total number of Common Shares offered under this prospectus are subject to the following limits:

- (a) the maximum number of Common Shares that may be directly or indirectly purchased by any one purchaser pursuant to the Offering is 2% of the total number of Common Shares offered under this prospectus, or 27,000 Common Shares (\$4,050); and
- (b) the maximum number of Common Shares that may be directly or indirectly purchased by any one purchaser, together with that purchaser's Associates and Affiliates, is 4% of the total number of Common Shares offered under this prospectus, or 54,000 Common Shares (\$8,100).

Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that the Common Shares sold under the Offering will be delivered under the book-based system through CDS Clearing and Depository Services Inc. ("**CDS**") or its nominee and deposited in electronic non-certificated form. If delivered in electronic non-certificated form, purchasers of Common Shares will receive only a customer confirmation from the registered dealer that is a CDS participant and

from or through which the Common Shares were purchased as to the number of Common Shares subscribed for. CDS will record the CDS participants who hold such Common Shares on behalf of owners who have purchased such Common Shares in non-certificated form. Certificates representing the Common Shares in registered and definitive form will be issued in certain limited circumstances.

The Offering is only suitable to investors who are prepared to rely entirely on the directors and management of the Issuer and can afford to risk the loss of their entire investment. The directors and officers of the Issuer will only devote part of their time and attention to the affairs of the Issuer and there are potential conflicts of interest to which some of the directors and officers of the Issuer will be subject in connection with the operations of the Issuer. Assuming completion of the Offering, an investor will suffer an immediate dilution on investment (based on the gross proceeds from this and prior issuances without deduction of selling and related expenses) per Common Share of \$0.0457 or 30.47%. There can be no assurance that an active and liquid market for the Issuer's Common Shares will develop and an investor may find it difficult to resell the Common Shares. Until Completion of the Qualifying Transaction, the Issuer will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Issuer has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Issuer will be able to identify or complete a suitable Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of a business or assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. See "*Business of the Issuer*", "*Directors, Officers and Promoter – Conflicts of Interest*", "*Capitalization*", "*Dilution*" and "*Risk Factors*".

THE ISSUER

The Issuer was incorporated on November 26, 2020, by Certificate of Incorporation issued pursuant to the provisions of the *Business Corporations Act* (British Columbia).

The registered and records office of the Issuer is located at 1200 Waterfront Centre, 200 Burrard Street, Vancouver, British Columbia V7X 1T2. The head office of the Issuer is located at 1703, 595 Burrard Street, Vancouver, British Columbia V7X 1J1.

BUSINESS OF THE ISSUER

Preliminary Expenses

The Issuer will pay the amount of \$9,000 (plus applicable taxes) to the Agent representing the Corporate Finance Fee. The Issuer has also paid \$5,000 (plus applicable taxes) to the Exchange as part of its listing fees and paid \$7,690 with respect to filing fees incurred in connection with filing the preliminary prospectus. Certain of the Offering proceeds will be utilized to satisfy the obligations of the Issuer related to the Offering, including the expenses of its auditor and legal fees, the fees of the Exchange, the Agent's Commission, legal fees and expenses and the fees of the securities regulatory authorities. See "*Use of Proceeds*".

Proposed Operations until Completion of the Qualifying Transaction

The Issuer proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non-Arm's Length Qualifying Transaction is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Issuer has not conducted commercial operations other than to enter into discussions for the purpose of identifying potential acquisitions or interests. The Issuer has not selected a business sector or industry in which to primarily pursue a Qualifying Transaction.

Until Completion of the Qualifying Transaction, the Issuer will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under "*Use of Proceeds*", the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Although the Issuer has commenced the process of identifying potential acquisitions with a view to completing the Qualifying Transaction, the Issuer has not yet entered into an Agreement in Principle.

Method of Financing

The Issuer may use cash, bank financing, the issuance of treasury shares, public debt or equity financing or a combination of these for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Issuer and may cause the shareholders' interest in the Issuer to be further diluted.**

Criteria for a Qualifying Transaction

The Issuer will consider acquisitions of assets or businesses operated or located both inside and outside of Canada, as permitted by the CPC Policy. All potential acquisitions will be screened initially by management of the Issuer to determine their economic viability. Approval of acquisitions will be made by the board of directors. The board of directors will examine proposed acquisitions having regard to sound business fundamentals, utilizing the expertise and experience of the directors. The board of directors of the Issuer must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith having regard to the best interests of the Issuer and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction

Unless otherwise defined in this prospectus, capitalized terms in this section "*Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction*" have the meaning ascribed to them in Exchange Policy 2.4 – *Capital Pool Companies*.

Upon the Issuer reaching a Qualifying Transaction Agreement, the Issuer must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Issuer's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "*Trading Halts, Suspensions and Delisting*". Within 75 days after issuance of such news release, the Issuer shall be required to submit for review to the Exchange a Disclosure Document that complies with Exchange requirements containing prospectus level disclosure of the Significant Assets and the Issuer, assuming Completion of the Qualifying Transaction. Where the proposed Qualifying Transaction is a Non-Arm's Length Qualifying Transaction, the Issuer must obtain Majority of the Minority Approval of the Qualifying Transaction. Where the proposed Qualifying Transaction is not a Non-Arm's Length Qualifying Transaction, the Exchange will not require the Issuer to obtain shareholder approval of the Qualifying Transaction provided that it files the CPC filing statement or a prospectus.

Once the Conditional Acceptance Documents have been accepted for filing, the Exchange will advise the Issuer that it is cleared to file the final disclosure document on SEDAR and:

- (a) where shareholder approval of the Qualifying Transaction is not required, the Issuer must file the final CPC filing statement or prospectus on SEDAR at least seven business days prior to:
 - (i) the resumption of trading in the securities of the Resulting Issuer following the Completion of the Qualifying Transaction, if the securities of the Issuer are halted from trading; or
 - (ii) the Completion of the Qualifying Transaction, if the securities of the Issuer are not halted from trading;
- (b) where shareholder approval is required and is to be obtained at a meeting of shareholders, the Issuer will file on SEDAR and mail to its shareholders the notice of meeting, CPC Information Circular and form of proxy, together with any other required documents; and
- (c) where shareholder approval is required and is to be obtained by written consent, the Issuer will file on SEDAR the final Disclosure Document.

If required by the Exchange, the Issuer will retain a Sponsor, who must be a Member of the Exchange or a Participating Organization of the Toronto Stock Exchange, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the Policies of the Exchange. The Issuer will no longer be considered to be a CPC upon the Exchange having issued the Final QT Exchange Bulletin. The Exchange will generally not issue the Final QT Exchange Bulletin until the Exchange has received:

- (a) confirmation of shareholder approval of the Qualifying Transaction, if required;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final QT Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy.

Initial Listing Requirements

The Resulting Issuer must satisfy the Exchange's Initial Listing Requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspensions and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Qualifying Transaction Agreement until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form, where the Qualifying Transaction is subject to sponsorship. In addition, Personal Information Forms or, if applicable, Declarations, for all individuals who may be directors, senior officers, Promoters, or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (d) the unacceptable nature of the business of the Resulting Issuer; or
- (e) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Issuer fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the Issuer fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

In the event that the Common Shares of the Issuer are delisted by the Exchange, within 90 days from the date of such delisting, the Issuer shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non-Arm's Length Parties to the Issuer, determine to deal with the Issuer or its remaining assets in some other manner.

Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (f) the Resulting Issuer fails to satisfy the applicable Initial Listing Requirements of the Exchange;
- (g) the Resulting Issuer will be a mutual fund, as defined in the securities legislation; or
- (h) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

- (2) Assuming no Common Shares are purchased by these persons under the Offering.

Where the Common Shares of the Issuer which are required to be held in escrow are held by a non-individual (a “**holding company**”), each holding company pursuant to the Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any control person of the holding company not to transfer the shares of that company.

Under the Escrow Agreement:

- (a) all CPC Stock Options granted prior to the date of the Final QT Exchange Bulletin and all Common Shares that were issued pursuant to the exercise of such CPC Stock Options prior to the date of the Final QT Exchange Bulletin will be released from escrow on the date of the Final QT Exchange Bulletin, other than CPC Stock Options that were granted prior to the Issuer’s IPO with an exercise price that is less than the issue price of the Common Shares under this prospectus and any Common Shares that were issued pursuant to the exercise of such CPC Stock Options which will be released from escrow in accordance with (b);
- (b) except for the CPC Stock Options and Common Shares issued pursuant to the exercise of such CPC Stock Options that are released from escrow on the date of the Final QT Exchange Bulletin as provided for in (a), all of the securities held in escrow will be released from escrow in accordance with the following schedule:

Release Dates	Percentage to be Released
Date of Final QT Exchange Bulletin	25%
Date 6 months following Final QT Exchange Bulletin	25%
Date 12 months following Final QT Exchange Bulletin	25%
Date 18 months following Final QT Exchange Bulletin	25%
TOTAL	100%

The Exchange’s prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to existing Principals of the Issuer and/or existing Principals in connection with a proposed Qualifying Transaction.

If a Final QT Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement, Under the CPC Escrow Agreement, upon the issuance by the Exchange of a Bulletin delisting the Issuer, the Computershare Investor Services Inc. (previously defined as the “**Transfer Agent**”) is irrevocably authorized to:

- (a) immediately cancel all of the escrowed Common Shares held by each Non-Arm's Length Party to the Issuer that were issued at a price below the Offering price under this prospectus, and all CPC Stock Options and underlying Common Shares held by such persons; and
- (b) cancel all of the escrowed securities on a date that is 10 years from the date of such Exchange Bulletin.

Cease Trade Orders

No director, officer, Insider or Promoter of the Issuer, or a shareholder of the Issuer, holding a sufficient number of securities of the Issuer to affect materially the control of the Issuer, was, within 10 years of the date of this prospectus, subject to a cease trade or similar order, or an order that denied the other issuer access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days, that was issued:

- (a) while the director, officer, Insider, promoter or shareholder was acting in the capacity as director, officer, Insider or promoter; or
- (b) after the director, officer, Insider, promoter or shareholder ceased to be a director, officer, Insider or promoter and which resulted from an event that occurred while that person was acting in the capacity as director, officer, Insider or promoter.

Penalties or Sanctions

No director, officer, Insider or Promoter of the Issuer, or a shareholder of the Issuer, holding a sufficient number of securities of the Issuer to affect materially the control of the Issuer, has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or has been subject to any other penalties or sanctions imposed by a court or regulatory body or self-regulatory authority that would likely be considered important to a reasonable investor in making an investment decision.

Bankruptcies

No director, officer, Insider or Promoter of the Issuer, or a shareholder of the Issuer holding a sufficient number of securities of the Issuer to affect materially the control of the Issuer, or a personal holding company of any such persons, as at the date of the prospectus or within the 10 years before the date of this prospectus:

- (a) is or has been a director, officer, Insider or promoter of any company (including the CPC) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (b) become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or has been subject to or has instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver-manager or trustee appointed to hold such person's assets.

Conflicts of Interest

There are potential conflicts of interest to which the directors, officers, Insiders and Promoters of the Issuer may be subject in connection with the operations of the Issuer. All of the directors, officers, Insiders and Promoters are engaged in and will continue to be engaged in corporations or businesses which may be in competition with the search by the Issuer for businesses or assets in order to close a Qualifying Transaction. Accordingly, situations may arise where the directors, officers, Insiders and Promoters will be in direct competition with the Issuer. Conflicts, if any, will be subject to the procedures and remedies as provided under the *Business Corporations Act* (British Columbia).

Audit Committee

The following information of the Issuer is disclosed in accordance with National Instrument 52-110 – *Audit Committees* (“NI 52-110”).

Audit Committee Charter

The complete text of the charter of the Issuer's audit committee (the "**Audit Committee**") is attached to this prospectus as Schedule "B". See Schedule "B" – *Audit Committee Charter*.

Composition of the Audit Committee

NI 52-110 provides that a member of an audit committee is "independent" if the member has no direct or indirect material relationship with the Issuer which could, in the view of the Issuer's board, reasonably interfere with the exercise of the member's independent judgment. NI 52-110 further provides that an individual is "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Issuer's financial statements.

The Audit Committee currently consists of Brian E. Bayley, Michael Atkinson and Sandra Lee. Michael Atkinson acts as chairman of the Audit Committee. Each member of the Audit Committee is financially literate, with Michael Atkinson and Sandra Lee comprising its independent members.

The Issuer is a "venture issuer" for the purposes of NI 52-110. The Issuer is therefore relying on the exemption set out in Section 6.1 of NI 52-110 in respect of Part 3 (*Composition of the Audit Committee*) thereof, that would otherwise require, subject to certain exceptions, that all members of the audit committee be independent.

Relevant Education and Experience of Audit Committee Members

All current members of the Audit Committee have received relevant education in financial literacy and have been involved in enterprises which publicly report financial results, each of which requires a working understanding of, and ability to analyze and assess, financial information (including financial statements). See "*Directors, Officers and Promoters*" and "*Other Reporting Issuer Experience*".

Further, each member has the requisite education and experience that has provided the member with:

- (a) an understanding of the accounting principles used by the Issuer to prepare the Issuer's financial statements;
- (b) the ability to assess the general application of the above-noted principles in connection with estimates, accruals and reserves;
- (c) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Issuer's financial statements, or experience actively supervising individuals engaged in such activities; and
- (d) an understanding of internal controls and procedures for financial reporting.

Audit Committee Oversight

At no time since incorporation was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the board.

Reliance on Certain Exemptions

Since incorporation, the Issuer has not relied on:

- (a) the exemption in section 2.4 (*De Minimus Non-audit Services*) of NI 52-110 (which exempts all non-audit services provided by the Company's auditor from the requirement to be pre-approved by the Audit Committee if such services are less than 5% of the auditor's annual fees charged to the

Company, are not recognized as non-audit services at the time of the engagement of the auditor to perform them and are subsequently approved by the Audit Committee prior to the completion of that year's audit);

- (b) the exemption in subsection 6.1.1(4) (*Circumstance Affecting the Business or Operations of the Venture Issuer*) of NI 52-110 (an exemption from the requirement that a majority of the members of the Audit Committee must not be executive officers, employees or control persons of the Issuer or of an affiliate of the Issuer if a circumstance arises that affects the business or operations of the Issuer and a reasonable person would conclude that the circumstance can be best addressed by a member of the Audit Committee becoming an executive officer or employee of the Issuer);
- (c) the exemption in subsection 6.1.1(5) (*Events Outside Control of Member*) of 52-110 (an exemption from the requirement that a majority of the members of the Audit Committee must not be executive officers, employees or control persons of the Issuer or of an affiliate of the Issuer if an Audit Committee member becomes a control person of the Issuer or of an affiliate of the Issuer for reasons outside the member's reasonable control);
- (d) the exemption in subsection 6.1.1(6) (*Death, Incapacity or Resignation*) of 52-110 (an exemption from the requirement that a majority of the members of the Audit Committee must not be executive officers, employees or control persons of the Company or of an affiliate of the Issuer if a vacancy on the Audit Committee arises as a result of the death, incapacity or resignation of an Audit Committee member and the board was required to fill the vacancy); and
- (e) an exemption from the requirements of NI 52-110, in whole or in part, granted by a securities regulator under Part 8 (*Exemptions*) of NI 52-110.

The Issuer is a "venture issuer" for the purposes of NI 52-110. Accordingly, the Issuer is relying upon the exemption in section 6.1 of NI 52-110 providing that the Issuer is exempt from the application of Part 5 (*Reporting Obligations*) of NI 52-110.

Pre-Approval Policies and Procedures

The Audit Committee's charter provides that that Audit Committee must approve all non-audit services to be provided by the Issuer's external auditor to the Issuer or a subsidiary of the Issuer.

External Auditor Service Fees (By Category)

The following table provides details in respect of audit, audit related, tax and other fees billed by the external auditor of the Issuer for professional services rendered to the Company since incorporation:

Since incorporation on November 26, 2020 to the date of this prospectus	Audit Fees ⁽¹⁾	Audit-Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees ⁽⁴⁾
	\$5,000	Nil	Nil	Nil

Notes:

- (1) The aggregate fees billed for audit services since incorporation.
- (2) The aggregate fees billed since incorporation of the Issuer for assurance and related services by the Issuer's external auditor that are reasonably related to the performance of the audit or review of the Issuer's financial statements and are not disclosed in the "Audit Fees" column.
- (3) The aggregate fees billed for tax compliance, tax advice, and tax planning services.
- (4) The aggregate fees billed for professional services other than those listed in the other three columns.

EXECUTIVE COMPENSATION

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of the Qualifying Transaction, no payment of any kind has been made, or will be made, directly to indirectly, by the Issuer to a Non-Arm's Length

Party to the Issuer or a Non-Arm's Length Party to the Qualifying Transaction, or to any person engaged in investor relations activities in respect of the securities of the Issuer or any Resulting Issuer by any means, other than:

- (a) grants of CPC Stock Options as described in "*Options to Purchase Securities*";
- (b) payment for and reimbursement of certain expenses as described in "*Use of Proceeds – Permitted Use of Funds*" and "*Use of Proceeds – Prohibited Payments to Non-Arm's Length Parties*"; and
- (c) finder's fees as described in "*Use of Proceeds – Finder's Fees*".

Further, no payment will be made by the Issuer, or by any party on behalf of the Issuer, after Completion of the Qualifying Transaction if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction. Following Completion of the Qualifying Transaction, it is anticipated that the Issuer shall pay compensation to its directors and officers.

DILUTION

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of \$0.0457 per Common Share or 30.47% on the basis of there being 3,450,000 Common Shares issued and outstanding following completion of this Offering. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales of securities prior to the filing of this prospectus, without deduction of commissions or related expenses incurred by the Issuer, as set forth below:

Item	Total Offering (\$)
Gross proceeds of prior share issues	157,500
Gross proceeds of this Offering	202,500
Total gross proceeds after this Offering	360,000
Offering price per share	0.15
Proceeds per share after this Offering	0.1043
Dilution per share to subscriber	0.0457
Percentage of dilution in relation to offering price	30.47%

RISK FACTORS

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Issuer's business and its present stage of development. The following are risk factors associated with the Issuer:

- (a) the Issuer was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction;
- (b) investment in the Common Shares offered by this prospectus is highly speculative given the proposed nature of the Issuer's business and its present stage of development;
- (c) the directors and officers of the Issuer will only devote a portion of their time to the business and affairs of the Issuer and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See "*Directors, Officers and Promoter – Conflicts of Interest*";
- (d) assuming completion of the Offering, an investor will suffer an immediate dilution to its investment of \$0.0457 per Common Share or 30.47%;

- (e) there can be no assurance that an active and liquid market for the Issuer's Common Shares will develop and an investor may find it difficult to resell its Common Shares;
- (f) until Completion of the Qualifying Transaction, the Issuer is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions;
- (g) the Issuer has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Issuer will be able to identify a suitable Qualifying Transaction;
- (h) even if a proposed Qualifying Transaction is identified, there can be no assurance that the Issuer will be able to successfully complete the transaction;
- (i) Completion of the Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non-Arm's Length Qualifying Transaction, Majority of the Minority Approval;
- (j) unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non-Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Issuer of fair value for the Common Shares;
- (k) upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Issuer completing the proposed Qualifying Transaction;
- (l) trading in the Common Shares may be halted at other times for other reasons, including for failure by the Issuer to submit documents to the Exchange in the time periods required;
- (m) neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
- (n) in the event that management of the Issuer resides outside of Canada or the Issuer identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service of notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts;
- (o) if the Common Shares are not listed on the Exchange prior to the time of Closing in the manner contemplated in this prospectus under the heading "Eligibility For Investment", adverse tax consequences may arise with respect to any Common Shares held in RRSPs, RRIFs, DPSPs, TFSAs, RDSPs and RESPs;
- (p) the Qualifying Transaction may be financed in all or part by the issuance of additional securities by the Issuer and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Issuer; and
- (q) subject to prior acceptance by the Exchange, the Issuer may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Issuer will be able to recover that loan.

As a result of these factors, this Offering is only suitable to investors who are willing to rely solely on management of the Issuer and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

LEGAL PROCEEDINGS

The Issuer is not currently a party to any legal proceedings, nor is the Issuer currently contemplating any legal proceedings, which are material to its business. Management of the Issuer is currently not aware of any legal proceedings contemplated against the Issuer.

RELATIONSHIP BETWEEN THE ISSUER AND THE AGENT

The Issuer is not a “related issuer” or “connected issuer” of the Agent for the purposes of National Instrument 33-105 – *Underwriting Conflicts*.

RELATIONSHIP BETWEEN THE ISSUER AND PROFESSIONAL PERSONS

Certain legal matters relating to this Offering will be passed upon by Borden Ladner Gervais LLP, on behalf of the Issuer and by Peterson McVicar LLP, on behalf of the Agent.

PURCHASERS’ STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation of the Provinces of Alberta, British Columbia and Ontario provides purchasers with the right to withdraw from an agreement to purchase securities. The right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. The securities legislation further provides a purchaser with remedies for rescission, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of these rights or consult with a legal adviser.

ELIGIBILITY FOR INVESTMENT

In the opinion of Borden Ladner Gervais LLP, counsel to the Issuer, based on the current provisions of the *Income Tax Act* (Canada) (the “**Tax Act**”), the regulations thereunder in force as of the date hereof and all specific proposals to amend the Tax Act and the regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof, provided that the Common Shares are listed on a “designated stock exchange” for the purposes of the Tax Act (which currently includes the Exchange) or the Issuer is otherwise a “public corporation” for the purposes of the Tax Act, in each case at the time of Closing, the Common Shares issued pursuant to the Offering will be “qualified investments” for a trust governed by a registered retirement savings plan (“**RRSP**”), registered retirement income fund (“**RRIF**”), deferred profit sharing plan (“**DPSP**”), registered education savings plan (“**RESP**”), registered disability savings plan (“**RDSP**”) or a tax-free savings account (“**TFSA**”) (collectively, the “**Registered Plans**”).

The Common Shares are not currently listed on a “designated stock exchange” and the Issuer is not currently a “public corporation” for the purposes of the Tax Act. The Issuer has applied to list the Common Shares on the Exchange as of the day before the Closing, followed by an immediate halt in trading of the Common Shares in order to allow the Issuer to satisfy the conditions of the Exchange and to have the Common Shares listed and posted for trading prior to the issuance of the Common Shares on Closing. The Issuer must rely on the Exchange to list the Common Shares on the Exchange and have them posted for trading prior to the issuance of the Common Shares on Closing, and to otherwise proceed in such manner as may be required to result in the Common Shares being listed on the Exchange at the time of their issuance on Closing. If the Common Shares are not listed on the Exchange at the time of their issuance on Closing and the Issuer is not a “public corporation” for the purposes of the Tax Act on Closing, the Common Shares will not be qualified investments for the Registered Plans at that time.

Notwithstanding that a Common Share may be a qualified investment for a RRSP, RRIF, RESP, RDSP or TFSA, the holder of a TFSA or RDSP, the subscriber of an RESP or the annuitant under an RRSP or RRIF will be subject to a penalty tax in respect of Common Shares held in such TFSA, RDSP, RESP, RRSP or RRIF if such Common Shares are a “prohibited investment” for the TFSA, RDSP, RESP, RRSP or RRIF. Generally, the Common Shares will be considered to be a “prohibited investment” if the holder of a TFSA or RDSP, the subscriber of an RESP or the annuitant of an RRSP or RRIF, as the case may be: (i) does not deal at arm’s length with the Issuer for the purposes of the Tax Act; or (ii) has a “significant interest” (as defined in subsection 207.01(4) of the Tax Act) in the Issuer. A “significant interest” generally includes, but is not limited to, the ownership of 10% or more of any class of issued shares of a corporation. In addition, the Common Shares generally will not be a “prohibited investment” if the Common Shares are “excluded property” (as defined in subsection 207.01(1) of the Tax Act). **Prospective purchasers who intend to hold Common Shares in their RRSP, RRIF, RESP, RDSP or TFSA should consult their own tax advisors having regard to their own particular circumstances.**

FINANCIAL STATEMENTS

For the period from incorporation on November 26, 2020 to February 28, 2021

(Expressed in Canadian Dollars)

INDEPENDENT AUDITOR'S REPORT

To the Directors of
Column Capital Corp.

Opinion

We have audited the accompanying financial statements of Column Capital Corp. (the "Company"), which comprise the statement of financial position as at February 28, 2021, and the statements of loss and comprehensive loss, changes in shareholders' equity, and cash flows for the period from incorporation on November 26, 2020 to February 28, 2021, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at February 28, 2021, and its financial performance and its cash flows for the period from incorporation on November 26, 2020 to February 28, 2021 in accordance with International Financial Reporting Standards ("IFRS").

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

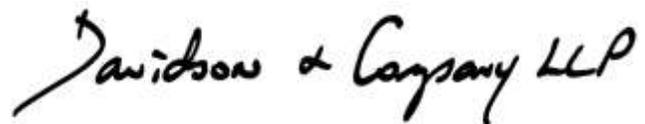

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

COLUMN CAPITAL CORP.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM INCORPORATION ON NOVEMBER 26, 2020 TO FEBRUARY 28, 2021

(Expressed in Canadian dollars)

1. NATURE OF OPERATIONS

Column Capital Corp. (the “Company”) was incorporated on November 26, 2020 under the Business Corporations Act (British Columbia). The Company intends to complete an initial public offering of common shares (the “IPO”) after which it will become a Capital Pool Company (“CPC”) as defined in the revised TSX Venture Exchange (“TSX-V”) Policy 2.4 (“Policy 2.4”), effective January 1, 2021. Additional information on the IPO is included in Note 10.

As a CPC, the Company’s objective will be to identify and acquire either operating assets or a business, subject to regulatory approval, that meet the criteria of a Qualifying Transaction as defined by the TSX-V (“Qualifying Transaction”). Until such time that a Qualifying Transaction is completed, the Company will have no significant revenue and will incur expenses primarily for Qualifying Transaction investigation, TSX-V listing and filing requirements, professional services and office facilities and administration, subject to certain restrictions under Policy 2.4. Additional discussion on these restrictions is included in Note 7.

The Company’s registered office address is Suite 1200, 200 Burrard St., Vancouver, BC, and its principal place of business is Suite 1703, 595 Burrard Street, Vancouver, BC.

These financial statements were authorized for issue by the Audit Committee and Board of Directors on May 7, 2021.

COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared the COVID-19 coronavirus outbreak a pandemic, which continues to spread globally. As a CPC with no commercial operations, the COVID-19 pandemic has not had a significant impact on the Company’s routine operations or on the carrying value of its assets. However, the pandemic’s effect on broader capital markets may hinder the Company’s ability to complete the IPO or identify and complete a Qualifying Transaction.

2. BASIS OF PRESENTATION

a) Statement of Compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”).

b) Basis of Measurement

These financial statements have been prepared on a historical cost basis except for financial instruments classified as financial instruments at fair value through profit or loss, which are stated at their fair value. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

These financial statements are presented in Canadian dollars, which is also the Company’s functional currency.

c) Continuance of Operations

As at February 28, 2021, the Company had cash of \$143,230 which the Company’s management believes is sufficient to pay \$8,458 in accounts payable and accrued liabilities then outstanding and for its projected operating costs for the next 12 months. The Company intends to raise up to \$202,500 in additional equity financing from its proposed IPO, which will provide further short-term liquidity and will enable it to pursue a limited number of potential Qualifying Transactions.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue its existence.

COLUMN CAPITAL CORP.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM INCORPORATION ON NOVEMBER 26, 2020 TO FEBRUARY 28, 2021

(Expressed in Canadian dollars)

2. BASIS OF PRESENTATION (cont'd...)

d) Comparative Period Information

The Company was incorporated on November 26, 2020 and these are the first financial statements to be prepared for the Company. As a result, no comparative period information is provided.

3. SIGNIFICANT ACCOUNTING POLICIES

Financial instruments

Financial instruments consist of financial assets and financial liabilities and are initially recognized at fair value along with, in the case of a financial asset or liability not at fair value through profit and loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or liability. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit and loss.

The Company classifies its financial assets and financial liabilities in the following measurement categories:

- i) those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss); and
- ii) those to be measured at amortized cost.

The classification of financial assets depends on the business model for managing the financial assets and the contractual terms of the cash flows. Financial assets that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding, are generally measured at amortized cost at the end of subsequent accounting periods. All other financial assets are measured at their fair values at the end of subsequent accounting periods, with any changes taken through profit and loss or other comprehensive income.

Financial liabilities are classified as those to be measured at amortized cost unless they are designated as those to be measured subsequently at fair value through profit or loss (irrevocable election at the time of recognition). Any fair value changes due to credit risk for liabilities designated at fair value through profit and loss are recorded in other comprehensive income.

The Company has implemented the following classifications for financial instruments:

- The Company's sole financial asset is cash. Cash is classified as an asset at fair value and any changes to fair value subsequent to initial recognition are recorded in profit or loss for the period in which they occur.
- Financial liabilities comprise of accounts payable and accrued liabilities. Accounts payable and accrued liabilities are classified as amortized cost and are measured using the effective interest rate method. Interest expense is recorded in profit or loss, as applicable.

The Company reclassifies financial assets when and only when its business model for managing those assets changes. Financial liabilities are not reclassified.

Impairment of financial assets

The Company assesses all information available, including on a forward-looking basis, the expected credit losses associated with its assets carried at amortized cost. The Company's sole financial asset is cash and, accordingly, does not hold any financial assets measured at amortized cost.

COLUMN CAPITAL CORP.**NOTES TO THE FINANCIAL STATEMENTS****FOR THE PERIOD FROM INCORPORATION ON NOVEMBER 26, 2020 TO FEBRUARY 28, 2021**(Expressed in Canadian dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)**Financing costs**

Costs incurred to obtain equity financing are deducted from the value assigned to shares issued. When costs are incurred prior to the closing of a financing arrangement, these amounts are presented as a deferred asset until the financing has closed at which time they are reclassified as share issuance costs. If an expected financing arrangement does not occur, any deferred costs are recorded as an expense.

Share-based compensation

The Company may grant stock options to acquire common shares of the Company to directors, officers, employees and consultants. An individual is classified as an employee when the individual is an employee for legal or tax purposes, or provides services similar to those performed by an employee.

Stock options granted to directors, officers and employees are measured at their fair values determined on their grant date, using the Black-Scholes option pricing model, and are recognized as an expense over the vesting periods of the options on a graded basis. Options granted to consultants or other non-insiders are measured at the fair value of goods or services received from these parties, or at their Black-Scholes fair values if the fair value of goods or services received cannot be measured. A corresponding increase is recorded to equity reserves for share-based compensation recorded.

When stock options are exercised, the cash proceeds along with the amount previously recorded as equity reserves are recorded as share capital. When the right to receive options is forfeited before the options have vested, any expense previously recorded is reversed.

Income taxes

Tax provisions are recognized when it is considered probable that there will be a future outflow of funds to a taxing authority. In such cases, a provision is made for the amount that is expected to be settled, where this can be reasonably estimated. This requires the application of judgment as to the ultimate outcome, which can change over time depending on facts and circumstances. A change in estimate of the likelihood of a future outflow and/or in the expected amount to be settled would be recognized in income in the period in which the change occurs.

Deferred tax assets or liabilities, arising from temporary differences between the tax and accounting values of assets and liabilities, are recorded based on tax rates expected to be enacted when these differences are reversed. Deferred tax assets are recognized only to the extent it is considered probable that those assets will be recovered. This involves an assessment of when those deferred tax assets are likely to be realized, and a judgment as to whether or not there will be sufficient taxable profits available to offset the tax assets when they do reverse. This requires assumptions regarding future profitability and is therefore inherently uncertain. To the extent assumptions regarding future profitability change, there can be an increase or decrease in the amounts recognized in respect of deferred tax assets as well as in the amounts recognized in income in the period in which the change occurs.

Tax provisions are based on enacted or substantively enacted laws. Changes in those laws could affect amounts recognized in income both in the period of change, which would include any impact on cumulative provisions, and in future periods.

3. SIGNIFICANT ACCOUNTING POLICIES (cont'd...)

(Loss) earnings per share

Basic (loss) earnings per share is calculated by dividing net (loss) earnings by the weighted average number of common shares outstanding during the period including shares held in escrow.

Diluted (loss) earnings per share is determined by adjusting the earnings or loss attributable to common shareholders and the weighted average number of common shares outstanding for the effects of dilutive instruments, which includes stock options, as if their dilutive effect was at the beginning of the period. The calculation of the diluted number of common shares assumes that proceeds received from the exercise of “in-the-money” stock options and common share purchase warrants are used to purchase common shares of the Company at their average market price for the period.

In periods that the Company reports a net loss, any stock options or warrants outstanding are excluded from the calculation of diluted loss per share as their inclusion would be anti-dilutive.

Use of estimates and measurement uncertainties

The preparation of financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the measurements of assets, liabilities, revenues, expenses and certain disclosures reported in these financial statements. Significant estimates made by management include the following:

i. **Income taxes**

Provisions for income and other taxes are based on management’s interpretation of taxation laws, which may differ from the interpretation by taxation authorities. Such differences may result in eventual tax payments differing from amounts accrued. Reported amounts for deferred tax assets and liabilities are based on management’s expectation for the timing and amounts of future taxable income or loss, as well as future taxation rates. Changes to these underlying estimates may result in changes to the carrying value, if any, of deferred income tax assets and liabilities.

4. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable and accrued liabilities of the Company are due for professional fees and are payable within the next 12 months.

5. SHAREHOLDERS’ EQUITY

Authorized share capital

The Company is authorized to issue an unlimited number of common shares without par value.

Changes to the number of common shares outstanding are as follows:

	Number of Shares	Assigned Value
Outstanding, November 26, 2020	-	\$ -
Shares issued	2,100,000	157,500
Outstanding, February 28, 2021	2,100,000	\$ 157,500

On November 26, 2020, the Company issued 2,100,000 common shares at a price of \$0.075 per share for total proceeds of \$157,500 (the “Seed Shares”).

5. SHAREHOLDERS' EQUITY (cont'd...)*Proposed IPO*

As further described in Note 10, the Company intends to complete the IPO for up to 1,350,000 of its common shares at a price of \$0.15 per share.

Equity reserves*Stock options*

The Company has adopted an incentive stock option plan which provides that the Board of Directors of the Company may from time to time, in its discretion, and in accordance with the TSX-V requirements, grant to directors, officers, employees and technical consultants to the Company, non-transferable options to purchase its common shares, provided that the number of common shares reserved for issuance will not exceed 10% of the issued and outstanding common shares, exercisable for a period of up to ten years from the date of grant. The vesting conditions, if any, for stock options granted are determined at the discretion of the Company's Board of Directors.

As of February 28, 2021, the Company has not granted any stock options. However, the Company intends to grant options to purchase 225,000 common shares in conjunction with the close of the proposed IPO, discussed in Note 10. The options will be exercisable for one common share at a price of \$0.15 and would expire five years following the completion of the IPO.

Warrants

The Company may grant warrants that can be exercised to purchase its common shares at terms determined at the discretion of the Company's Board of Directors. These warrants may be included with common shares in future financings or granted as compensation for services provided to the Company. As of February 28, 2021, the Company has not granted any warrants, but, as further described in Note 10, the Company intends to grant warrants to purchase 100,000 common shares to the agent for the proposed IPO.

Per share amounts

Weighted average loss per share for the period from incorporation on November 26, 2020 to February 28, 2021 is calculated as follows:

	November 26, 2020 to February 28, 2021
Numerator	
Net loss for the period	\$ (9,438)
Denominator	
Weighted average number of common shares outstanding, basic and diluted	2,100,000
Loss per common share, basic and diluted	\$ -

In accordance with the Company's accounting policy, weighted average number of common shares outstanding includes 2,100,000 shares held in escrow.

(Expressed in Canadian dollars)

6. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

As at February 28, 2021, the Company's financial instruments comprise cash and accounts payable and accrued liabilities. The fair values of accounts payable and accrued liabilities approximate their carrying values due to their short-term maturity. Fair values of financial instruments are classified in a fair value hierarchy based on the inputs used to determine fair values. The levels of the fair value hierarchy are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 – Inputs that are not based on observable market data (unobservable inputs).

As at February 28, 2021, the fair value of cash held by the Company was based on level 1 inputs of the fair value hierarchy.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

Credit risk

Credit risk is the risk of loss arising from a customer or third party to a financial instrument failing to meet its contractual obligations. The Company's credit risk is primarily attributable to its cash. The Company limits exposure to credit risk by maintaining its cash with large financial institutions.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company ensures there is sufficient capital to meet short-term business requirements, after considering cash flows from operations and the Company's holdings of cash as well as anticipated proceeds from the IPO. As at February 28, 2021, the Company had a cash balance of \$143,230 which it believes is sufficient to settle current liabilities of \$8,458 and anticipated short-term cash requirements, but that additional funding from the IPO is required to meet long-term requirements. Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and equity prices. As the Company does not currently hold and does not expect to hold interest-bearing financial instruments other than cash, assets or liabilities denominated in a foreign currency, and marketable securities or other financial instruments subject to fluctuations in equity prices, it currently does not have and is not expected to have exposure to these market risks.
