RMR Science Technologies Inc. Provides Update on Qualifying Transaction with cannÖgen Biosciences

November 26, 2019

VANCOUVER, BRITISH COLUMBIA – RMR Science Technologies Inc. (“**RMR**” or the “**Corporation**”) (TSXV: RMS.P) provides an update to shareholders regarding the status of the Qualifying Transaction (QT) with cannÖgen Biosciences Inc., (“**cannÖgen**”).

RMR along with its lead agent, Canaccord Genuity Corp., has been actively seeking investors to close on the private placement as part of closing on the QT with cannÖgen. We have had a number of interested parties, but with tough market conditions it has been difficult.

Both parties, RMR and cannÖgen, are ready to close as soon as the minimum CDN\$3M is secured. The legal work is virtually completed with final details pending on the Private Placement.

The companies are both very excited about launching the cannÖgen venture as the market place for the products that cannÖgen developed in the past and the new products that Dr. McCleary has ready to go as soon as we close, is growing at a rapid pace.

It is difficult if not impossible to give any timelines, but given the time of the year, if we are able to close, it may take in early 2020 to do so.
