Alberta Securities Commission

Ontario Securities Commission

Dear Sirs,

It has come to our attention that the audit report that was affixed to our January 31, 2019 audited financial statements mistakenly reported that our auditor's opinion was in relation to December 31, 2019. We have attached an amended set of financial statements with the audit report correctly reporting on January 31, 2019. There have been no other changes to the audited financial statements.

Regards

Richard Lee, CFO
