MANAGEMENT PROXY CIRCULAR

(Containing information as at April 20, 2017 unless indicated otherwise)

SOLICITATION OF PROXIES

This management proxy circular (“**Circular**”) is furnished in connection with the solicitation of proxies by the management of the Corporation for use at the annual meeting of shareholders of InZinc Mining Ltd. (the “**Corporation**”) (and any adjournment thereof) to be held on Thursday, May 25, 2017 (the “**Meeting**”) at the time and place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Corporation at nominal cost. All costs of solicitation by management will be borne by the Corporation.

The contents and the sending of this Circular have been approved by the directors of the Corporation.

APPOINTMENT OF PROXYHOLDER

The individuals named as proxyholder in the accompanying form of proxy are directors of the Corporation. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY. A proxy will not be valid unless the completed form of proxy is received by COMPUTERSHARE INVESTOR SERVICES INC. of 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof.** Proxies delivered after that time will not be accepted.

REVOCAION OF PROXIES

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered to the registered office of the Corporation, at Suite 2300, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5 at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NON-REGISTERED SHAREHOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only registered shareholders may vote at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in such shareholder’s name on the records of the Corporation. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms). Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers’ clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Corporation to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of common shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

This Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBOs**”). Subject to the provision of National Instrument 54-101 – *Communication with Beneficial Owners of*

Securities of a Reporting Issuer (“**NI 54-101**”) issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Corporation’s OBOs can expect to be contacted by Broadridge or their brokers or their broker’s agents as set out above.

Non-Registered Shareholders

The Corporation has not adopted the notice-and-access procedure described in NI 54-101 and National Instrument 51-102 – *Continuous Disclosure Obligations* to distribute its proxy-related materials to the registered shareholders and Beneficial Shareholders. The Corporation has agreed to pay to distribute the proxy-related materials for the Meeting to the OBOs.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his or her broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. **Beneficial shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Circular and the accompanying form of proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise.

VOTING OF PROXIES

The shares represented by a properly executed proxy in favour of persons proposed by management as proxyholders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be taken; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH SHARES WILL BE VOTED **IN FAVOUR** OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Circular, the management of the Corporation knows of no such amendment, variation or other matter proposed to be presented to the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Authorized Capital: unlimited common shares without par value (the “**common shares**”)
Issued and Outstanding: 73,355,419⁽¹⁾ common shares

Note:

(1) As at April 20, 2017.

Shareholders are entitled to one vote per common share at meetings of the shareholders, to dividends if, as and when declared by the board of directors (the “**Board**”) of the Corporation, and, upon liquidation, to share equally in such assets of the Corporation as are distributable to the shareholders.

Only shareholders of record at the close of business on April 20, 2017 (the “**Record Date**”) who either personally attend the Meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their shares voted at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders, or who is holding a proxy on behalf of a shareholder who is not present at the Meeting, will have one vote, and on a poll every shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate shareholders, will have one vote for each common share registered in his name on the list of shareholders, which is available for inspection during normal business hours at Computershare and will be available at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no person beneficially owns, or controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Corporation.

Votes Necessary to Pass Resolutions

In order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an “**ordinary resolution**”) unless the motion requires a special resolution

in which case a majority of two-thirds of the votes cast will be required (a “**special resolution**”). If there are more nominees for election as directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

ELECTION OF DIRECTORS

The Board presently consists of four directors and shareholders will be asked to determine the number of directors for the ensuing year at four and to elect the proposed directors as directors of the Corporation for the ensuing year.

The term of office of each of the present directors expires at the Meeting. Pursuant to the Corporation’s Articles of Continuance, the number of directors of the Corporation shall be a minimum of 3 and a maximum of 10. The four persons named below will be presented for election at the Meeting as management’s nominees and the persons named in the accompanying form of proxy intend to vote for the election of these nominees as directors. STATEMENT OF EXECUTIVE COMPENSATION

For the purposes of this Circular, a “**Named Executive Officer**” each a “**NEO**” means each of the following individuals:

- (a) a chief executive officer (“**CEO**”) of the Corporation;
- (b) a chief financial officer (“**CFO**”) of the Corporation,

- (c) each of the Corporation's three most highly compensated executive officers, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 as determined in accordance with subsection 1.3(6) of Form 51-102F6, for the December 31, 2016 financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation or its subsidiaries, nor acting in a similar capacity at December 31, 2014.

Based on the foregoing, the Corporation has two NEOs, namely, Kerry M. Curtis, the Interim CEO of the Corporation and Steven E. Vanry, the CFO of the Corporation.

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's executive compensation objectives and processes and to discuss compensation decisions relating to its NEOs listed in the Summary Compensation Table that follows. The Corporation has, as of yet, no significant revenues from operations and often operates with limited financial resources. As a result, the Board has to consider not only the financial situation of the Corporation at the time of the determination of executive compensation, but also the estimated financial situation of the Corporation in the mid and long-term. An important element of executive compensation is that of stock options, which do not require cash disbursement by the Corporation.

Compensation Philosophy and Objectives

Compensation plays an important role in achieving short and long-term business objectives that ultimately drive business success. The Corporation's compensation philosophy is to foster entrepreneurship at all levels of the organization by making long term equity-based incentives, through the granting of stock options, a significant component of executive compensation. This approach is based on the assumption that the performance of the Corporation's common share price over the long term is an important indicator of long term performance.

The Corporation's compensation philosophy is based on the following fundamental principles:

1. *Compensation programs align with shareholder interests* – the Corporation aligns the goals of executives with maximizing long term shareholder value;
2. *Performance sensitive* – compensation for executive officers (including NEOs) should be linked to operating and market performance of the Corporation and fluctuate with that performance; and
3. *Offer market competitive compensation to attract and retain talent* – the compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

Analysis of Elements

The principal elements of the executive officers' compensation consist of the following: base salary and long-term incentive awards (stock options). These elements, described below in more detail, are designed to reward corporate and individual performance. Corporate performance is generally measured relative to operational objectives and corporate values. Individual performance is evaluated based on individual expertise, leaderships, ethics, and achievement of personal performance and commitments.

Compensation Governance

A Compensation Committee consisting of three directors, Kerry Curtis, Louis Montpellier and Wayne Hubert was responsible for ensuring that the Corporation has in place an appropriate plan for executive compensation. The Compensation Committee ensures that total compensation paid to all NEOs is consistent with the Corporation's compensation philosophy.

The Compensation Committee has expertise in, among other things, evaluating overall compensation policies, plans and practices as well as setting compensation for executive officers, overseeing and administering equity compensation plans and establishing employment retention and severance arrangements for executive officers.

Competitive Compensation

The Compensation Committee reviews compensation practices within the industry in determining compensation policy. Although the Compensation Committee reviews each element of compensation for market competitiveness, and it may weigh a particular element more heavily based on the NEOs' role within the Corporation, it is primarily focused on remaining competitive in the market with respect to total compensation.

The Compensation Committee relies on the experience of its members as officers and/or directors at other companies in similar lines of business as the Corporation in assessing compensation levels. The purpose of this process is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar business characteristics;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish a basis for developing salary adjustments and option based compensation.

The Corporation does not have a formal compensation program with set benchmarks nor has the Compensation Committee formally considered the implications of the risks associated with the Corporation's compensation policies and practices.

The Corporation has not placed a restriction on the purchase by its NEOs or other employees of financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or employee. To the Corporation's knowledge, none of the NEOs have purchased any such financial instruments.

Base Salary

The Compensation Committee and the Board approve the salaries for the NEOs and relies on budgetary guidelines and other internally generated planning and forecasting tools, in their annual assessment of the compensation of the NEOs. The base salary review for the NEOs is also based on assessment of other factors such as current market conditions. The Corporation's policy for determining salary for executive officers is consistent with the administration of salaries for all other employees.

Option-Based Awards

The Corporation has no long-term incentive plans other than its incentive stock option plan (the "Plan").

The NEOs, the directors and officers and certain consultants are entitled to participate in the Plan. The Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Compensation Committee believes that the Plan aligns the interests of the NEOs and the Board with shareholders by linking a component of executive compensation to the longer term performance of the Corporation's common shares.

Options are granted by the Board. In monitoring or adjusting the option allotments, the Board takes into account the level of options granted by the Benchmark Group for similar levels of responsibility and its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the NEO and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Compensation Committee also makes the following determinations:

- parties who are entitled to participate in the Plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than the market price on the date of grant;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Compensation Committee makes these determinations subject to and in accordance with the provisions of the Plan. The Board reviews and approves grants of options on an annual basis.

Consulting Contracts

The CFO has signed a consulting agreement with the Corporation. This agreement is for a definite term and other than as provided below, does not provide for certain benefits in case of

termination without cause of the NEO or change in the control of the Corporation. There is no formal consulting agreement with the Interim CEO.

Pursuant to a consulting agreement dated January 1, 2009, as amended, (the “**Vanry Agreement**”) the Corporation has agreed to pay the Corporation’s CFO one month’s compensation for each year of service from the CFO’s retention in January 2009 as a result of change of control and the payment of one month’s base fee as a result of termination without cause. The Vanry Agreement is described in more detail under “Termination and Change of Control Benefits”.

The Corporation believes that the above-noted arrangements are an important component of the overall compensation package it offers to its NEOs and are necessary in order to attract and retain its key executives.

The Plan provides the possibility of certain benefits in the event of a change of control or similar situations. Under the Plan, in the event of an offer to purchase common shares of the Corporation or any part thereof shall be made to all holders of common shares of the Corporation, the Corporation shall have the right to amend, abridge or otherwise eliminate any vesting schedule, upon written notice thereof to each optionee holding options under the Plan, to permit the exercise of all such options, so as to permit the optionee to tender the shares received upon such exercise pursuant to the offer. All rights of optionees to such options or to exercise same (to the extent not previously exercised) shall terminate and cease to have further force or effect whatsoever.

A description of the significant terms of the Corporation's Plan is found under the heading "Securities Authorized for Issuance under Equity Compensation Plan" and "Particulars of Matters to be Acted Upon – Annual Approval of Stock Option Plan".

Pension Plan Benefits

The Corporation does not provide a defined benefit plan or a defined contribution plan for any of its executive officers, nor does it have a deferred compensation plan for any of its executive officers.

Termination and Change of Control Benefits

Termination and Change of Control Benefits

Other than as described below, the Corporation does not have any plan contract, agreement or plan or arrangement that provides for payments to the NEOs at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, a change in control of the Corporation or a change in the NEO's responsibilities.

On January 1, 2009, the Corporation entered into the Vanry Agreement (collectively, with the SGI Agreement, the "**Consulting Agreements**") with 677185 B.C. Ltd. (the "**Consultant**"), a company owned by Steve Vanry, serving, effective January 1, 2009, as the current Chief Financial Officer of the Corporation. Pursuant to the Vanry Agreement the Corporation agreed to pay to the Consultant a monthly consulting fee of \$3,000 including reimbursement of travelling and out-of-pocket expenses. The Vanry Agreement was for an original term of twelve months with the ability of the parties to extend such term. The Vanry Agreement was renewed as of January 1, 2017 for a period of one year.

Pursuant to the terms of the Vanry Agreement:

- (i) the Consultant may terminate the Vanry Agreement prior to the expiry of the term of the agreement by giving 30 days written notice to the Corporation;
- (ii) prior to expiry of the term of the agreement and other than for a Change of Control (as defined below), the Corporation has the right to terminate the Vanry Agreement without cause on one month's written notice or payment of one month's base fee in lieu of such notice; and
- (iii) where termination of the Vanry Agreement occurs by the Corporation on a Change of Control (as defined below), the Corporation is required to pay to the Consultant a sum equal to one month's compensation for each year of service from the Consultant's retention in January, 2009.

“Change of Control” under the Vanry Agreement shall include, but not be limited to:

- (a) the purchase or acquisition of shares of the Corporation and/or securities (the **“Convertible Securities”**) convertible into shares of the Corporation or carrying rights to acquire shares of the Corporation, as a result of which a person, group of persons or persons acting jointly or in concert (collectively, the **“Holder”**) beneficially own or exercise control or direction over shares of the Company and/or Convertible Securities such that, assuming only the conversion of the Convertible Securities beneficially owned by the Holders, entitle them to cast more than fifty percent (50%) of the votes attaching to all of the shares of the Corporation which may be cast to elect directors.
- (b) the Corporation's shareholder approval of:
 - (i) an amalgamation, arrangement, merger or other combination of the Corporation with another company(ies) pursuant to which the shareholders of the Corporation will note immediately thereafter own shares of the successor or continuing company entitling them to cast more than fifty percent (50%) of the votes attaching to all of the shares in the capital of the successor or continuing company which may be cast to elect directors of that company;
 - (ii) a reorganization; or
 - (iii) a sale of all or substantially all of the Corporation's assets.

Estimated Incremental Payments on Change of Control

Pursuant to the Consulting Agreement with the CFO, the Corporation is required to make certain payments upon termination (whether voluntary, involuntary, or constructive), resignation, retirement, change of control or change in the NEO's responsibilities, as applicable. An estimate of the amount of these payments assuming that the triggering event giving rise to such payments occurred on December 31, 2016, is set out in the table below:

NEO	Triggering Event		
	Resignation or Retirement	Termination without Cause	Change of Control
Steven E. Vanry	Nil	\$3,000	\$21,000

As of December 31, 2016, if the Corporation had chosen to terminate the Vanry Agreement without cause after a Change of Control of the Corporation or in the case of a termination without cause, the Consultant would respectively have been entitled to receive approximately \$21,000 or approximately \$3,000 from the Corporation, the estimated incremental payment upon termination; and any stock options held by the Consultant will be exercisable for a period of ninety days from the date of such termination (please refer to the “Outstanding Option-Based Awards” table for the number of stock options held).

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Equity Compensation Plan Information

The following table provides information regarding compensation plans under which securities of the Corporation are authorized for issuance in effect as of the end of the Corporation's most recently completed financial year end:

Equity Compensation Plan Information

	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
Plan Category	(a)	(b)	(c)
Equity Compensation Plans Approved By Shareholders	4,850,000	\$0.096	2,485,542
Equity Compensation Plans Not Approved By Shareholders	N/A	N/A	N/A
Total:	4,850,000	\$0.096	2,485,542

The Board approved the Plan on April 20, 2004, which was approved by the shareholders of the Corporation at the Corporation's annual and special meeting held on June 23, 2004. The Plan was re-approved by the shareholders on an annual basis until amended in May 27, 2009 and then ratified and re-approved annually, most recently on May 26, 2016. The Plan is a rolling stock option plan whereby the number of shares that can be reserved for issuance pursuant to a stock option grant may not exceed 10% of the Corporation's issued and outstanding share capital (on a non-diluted basis) at the time of any option grant.

The purpose of the Plan is to allow the Corporation to grant options to directors, officers, employees and consultants, as an incentive to dedicate their efforts to advance the success of the Corporation. The granting of options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of the Corporation and are required to have an exercise price no less than the closing market price of the Corporation's shares prevailing on the day that the option is granted, less the allowable discount permitted and in accordance with the policies of the Exchange. Pursuant to the Plan, the Board may, from time to time, authorize the issue of options to directors, officers, employees and consultants of the Corporation and its subsidiaries or employees of companies providing management or consulting services to the Corporation or its subsidiaries.

The terms of the Plan authorize the Board to grant stock options to optionees on the following terms:

1. The aggregate number of shares which may be issued pursuant to options granted under the Plan, unless otherwise approved by shareholders, may not exceed that number which is equal to 10% of the shares of the Corporation issued and outstanding at the time of the grant.
2. The number of shares subject to each option will be determined by the Board, provided that the aggregate number of shares reserved for issuance pursuant to options granted to:
 - (a) any one individual during any 12-month period may not exceed 5% of the issued shares of the Corporation;
 - (b) any one consultant during any 12-month period may not exceed 2% of the issued shares of the Corporation;
 - (c) all persons employed to provide investor relations activities (as a group) may not exceed 2% of the issued shares of the Corporation during any 12-month period;in each case calculated as at the date of grant of the option, including all other shares under option to such person at that time.
3. The options are non-assignable and non-transferable. The options can only be exercised by the optionee as long as the optionee remains an Eligible Person (as defined in the Plan) pursuant to the Plan or within a period of not more than 90 days after ceasing to be an Eligible Person, (30 days in the case of a person engaged in investor relations activities), immediately in the case for dismissal from employment or service for cause. If the optionee dies, the option is exercisable within one year of the date of the optionee's death or the natural expiry date of the option, whichever is sooner.
4. Options granted to consultants engaged to perform investor relations activities must be subject to a vesting requirement, whereby such options will vest over a period of not less than 12 months, with a maximum of 25% vesting in any three-month period.
5. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board will have the right to accelerate the date on which any option becomes exercisable.
6. The exercise price and the number of common shares which are subject to an option may be adjusted from time to time for share dividends, and in the event of reclassifications, reorganizations or changes in the capital structure of the Corporation.
7. The Corporation must obtain disinterested shareholder approval of stock options granted to insiders under the Plan, if the Plan, together with all of the Corporation's previously established and outstanding stock option plans or grants exceed 10% of the issued share within a 12-month period.

See "Particulars of Matters to be Acted Upon - Annual Approval of Stock Option Plan" for further details.

SCHEDULE “B”

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the Board of Directors of the Corporation (the “**Board**”), the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Corporation. The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making. National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”) establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation’s practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) mandates disclosure of corporate governance practices for Venture Issuers in Form 58-101F2, which disclosure is set out below.

Board of Directors

Structure and Compensation

The Board is currently composed of four (4) directors. All of the proposed nominees for election as director at the 2017 Meeting are current directors of the Corporation.

NI 58-101 suggests that the board of directors of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under National Instrument 52-110 - *Audit Committees* (“**NI 52-110**”), which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Corporation. “Material relationship” is defined as a relationship which could, in the view of the Corporation’s Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. Of the four proposed nominees, Kerry Curtis, Interim CEO, is not “independent”. Louis Montpellier, Wayne Hubert and John Murphy are considered by the Board to be “independent”, within the meaning of NI 52-110.

In assessing and making the foregoing determinations, the circumstances of each director have been examined in relation to a number of factors. The Board would eventually like to have at least one additional member and maintain a majority of independent directors.

Kerry Curtis is currently the Chair of the Board. The independent directors exercise their responsibilities for independent oversight of management, and are provided with leadership through their position on the Board and ability to meet independently of management whenever deemed necessary.

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current Board compensation arrangements, which currently only include incentive stock options, adequately reflect the responsibilities and risks involved in being an effective director of the Corporation. At the present time, the Interim CEO has not received

any cash compensation for acting as director. The number of options to be granted is determined by the Compensation Committee.

The following directors of the Corporation are directors of other reporting issuers:

Louis Montpellier	ScoZinc Mining Ltd. (TSXV) Independence Gold Corp. (TSXV)
-------------------	--

Wayne Hubert	Austral Gold Ltd. (ASX)
--------------	-------------------------

John Murphy	Anfield Gold Corp. (TSXV)

Mandate of the Board

The mandate of the Board is to manage or supervise the management of the business and affairs of the Corporation and to act with a view to the best interests of the Corporation. In doing so, the Board oversees the management of the Corporation's affairs directly and through the Audit Committee. In fulfilling its mandate, the Board, among other matters, is responsible for reviewing and approving the Corporation's overall business strategies and its annual business plan, reviewing and approving the annual corporate budget and forecast, reviewing and approving significant capital investments outside the approved budget; reviewing major strategic initiatives to ensure that the Corporation's proposed actions accord with shareholder objectives; reviewing succession planning; assessing management's performance against approved business plans and industry standards; reviewing and approving the reports and other disclosure issued to shareholders; ensuring the effective operation of the Board; and safeguarding shareholders' equity interests through the optimum utilization of the Corporation's capital resources. The Board also takes responsibility for identifying the principal risks of the Corporation's business and for ensuring these risks are effectively monitored and mitigated to the extent reasonably practicable. At this stage of the Corporation's development, the Board does not believe it is necessary to adopt a written mandate, as sufficient guidance is found in the applicable corporate legislation and regulatory policies. However, as the Corporation grows, the Board will move to develop a formal written mandate.

In keeping with its overall responsibility for the stewardship of the Corporation, the Board is responsible for the integrity of the Corporation's internal control and management information systems and for the Corporation's policies respecting corporate disclosure and communications.

Each member of the Board understands that he is entitled to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances.

The positions of President and CEO are combined. The Board believes the Corporation is well serviced and the independence of the Board from management is not compromised by the combined role. The Board does not, and does not consider it necessary to, have any formal structures or procedures in place to ensure that the Board can function independently of management.

Nomination and Assessment

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members,

including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Corporation's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an ad hoc basis. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed directors' credentials are reviewed in advance of a Board Meeting with one or more members of the Board prior to the proposed director's nomination.

New directors are briefed on strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing corporate policies. However, there is no formal orientation for new members of the Board, and this is considered to be appropriate, given the Corporation's size and current limited operations.

The skills and knowledge of the Board of Directors as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Corporation's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the Corporation's Board.

Expectations of Management and Ethical Business Conduct

The Board expects management to operate the business of the Corporation in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Corporation's business plan and to meet performance goals and objectives. To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Corporation's operations and the small number of officers and employees allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Corporation grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

Committee Responsibilities and Activities

Committees of the Board are an integral part of the Corporation's governance structure. At the present time, the Board has three committees: the Audit Committee, the Corporate Governance Committee and the Compensation Committee (the "**Committees**"). Disclosure with respect to the Audit Committee, as required by NI 52-110, is contained in Schedule "A" to this Circular. The Audit Committee consists of three independent directors, Messrs. Montpellier, Hubert and Murphy. The Corporate Governance Committee and Compensation Committee consist of three

directors, Messrs. Montpellier (independent), Hubert (independent) and Curtis. The Corporate Governance Committee has responsibility for reviewing the governance policies and practices of the Corporation and their conformity to the Guidelines. Through the Corporate Governance Committee, the Board will continue to assess its policies and practices and the effectiveness of the management and the Board members in carrying out their respective duties. The Compensation Committee is responsible for ensuring that the Corporation has an appropriate plan in place for executive compensation.
