MANAGEMENT PROXY CIRCULAR

(Containing information as at April 23, 2019 unless indicated otherwise)

SOLICITATION OF PROXIES

This management proxy circular (“**Circular**”) is furnished in connection with the solicitation of proxies by the management of the Corporation for use at the annual meeting of shareholders of InZinc Mining Ltd. (the “**Corporation**”) (and any adjournment thereof) to be held on Thursday, May 30, 2019 (the “**Meeting**”) at the time and place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Corporation at nominal cost. All costs of solicitation by management will be borne by the Corporation.

The contents and the sending of this Circular have been approved by the directors of the Corporation.

APPOINTMENT OF PROXYHOLDER

The individuals named as proxyholder in the accompanying form of proxy are directors of the Corporation. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY. A proxy will not be valid unless the completed form of proxy is received by COMPUTERSHARE INVESTOR SERVICES INC. of 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof.** Proxies delivered after that time will not be accepted.

REVOCAION OF PROXIES

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered to the registered office of the Corporation, at Suite 2300, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5 at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NONREGISTERED SHAREHOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are “nonregistered” shareholders because the shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only registered shareholders may vote at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in such shareholder’s name on the records of the Corporation. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which company acts as nominee for many Canadian brokerage firms). Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers’ clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Corporation to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of common shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

This Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBOs**”). Subject to the provision of National Instrument 54101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54101**”) issuers may request and obtain a list of their NOBOs

from intermediaries via their transfer agents. Pursuant to NI 54101, issuers may obtain and use the NOBO list for distribution of proxy related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Corporation's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above.

NonRegistered Shareholders

The Corporation has not adopted the notice-and-access procedure described in NI 54-101 and National Instrument 51-102 – *Continuous Disclosure Obligations* to distribute its proxy-related materials to the registered shareholders and Beneficial Shareholders. The Corporation has agreed to pay to distribute the proxy-related materials for the Meeting to the OBOs.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his or her broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. **Beneficial shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Circular and the accompanying form of proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise.

VOTING OF PROXIES

The shares represented by a properly executed proxy in favour of persons proposed by management as proxyholders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be taken; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Circular, the management of the Corporation knows of no such amendment, variation or other matter proposed to be presented to the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Authorized Capital: unlimited common shares without par value (the “**common shares**”)

Issued and Outstanding: 109,185,419 ⁽¹⁾ common shares

Note:

(1) As at April 23, 2019.

Shareholders are entitled to one vote per common share at meetings of the shareholders, to dividends if, as and when declared by the board of directors (the “**Board**”) of the Corporation, and, upon liquidation, to share equally in such assets of the Corporation as are distributable to the shareholders.

Only shareholders of record at the close of business on April 23, 2019 (the “**Record Date**”) who either personally attend the Meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their common shares voted at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders, or who is holding a proxy on behalf of a shareholder who is not present at the Meeting, will have one vote, and on a poll every shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate shareholders, will have one vote for each common share registered in his name on the list of shareholders, which is available for inspection during normal business hours at Computershare and will be available at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no person beneficially owns, or controls or directs, directly or indirectly, common shares carrying 10% or more of the voting rights attached to all common shares of the Corporation.

Votes Necessary to Pass Resolutions

In order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an “**ordinary resolution**”) unless the motion requires a special resolution in which case a majority of two thirds of the votes cast will be required (a “**special resolution**”). If there are more nominees for election as directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all

such vacancies have been filled. If the number of nominees for election is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

ELECTION OF DIRECTORS

The Board presently consists of four directors and shareholders will be asked to determine the number of directors for the ensuing year at four and to elect the proposed directors as directors of the Corporation for the ensuing year.

The term of office of each of the present directors expires at the Meeting. Pursuant to the Corporation's Articles of Continuance, the number of directors of the Corporation shall be a minimum of 3 and a maximum of 10. The four persons named below will be presented for election at the Meeting as management's nominees and the persons named in the accompanying form of proxy intend to vote for the election of these nominees as directors. Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will hold office until the next annual meeting of the Corporation or until his successor is elected or appointed, unless his office is earlier vacated in accordance with the Articles of Continuance and Bylaw No. 1 of the Corporation and the provisions of the *Canada Business Corporations Act* ("CBCA").

The following table and notes thereto sets out the names of each person proposed to be nominated by management for election as a director (a "**proposed director**"), all offices of the Corporation now held by him, his principal occupation, the province and country of residence, the period of time for which he has been a director of the Corporation, and the number of common shares of the Corporation beneficially owned by him, directly or indirectly, or over which he exercises control or direction, as at the Record Date.

AUDIT COMMITTEE

Under National Instrument 52110 – *Audit Committees* (“NI 52110”), companies are required to provide disclosure with respect to their audit committee including the text of the audit committee's charter, composition of the audit committee and the fees paid to the external auditor. This information is set out in the attached Schedule “A”.

STATEMENT OF EXECUTIVE COMPENSATION

In accordance with the requirements of National Instrument 51-102 *Continuous Disclosure Obligations*, the Canadian Securities Administrators have issued guidelines on executive compensation disclosure for venture issuers as set out in Form 51-102F6V. The objective of the disclosure is to communicate the compensation the Corporation paid, made payable, awarded, granted, gave or otherwise provided to each named executive officer and director for the financial year, and the decision-making process relating to compensation. The disclosure will provide insight into executive compensation as a key aspect of the overall stewardship and governance of

the Corporation and will help Shareholders understand how decisions about executive compensation are made. The Corporation's approach to executive compensation is set forth below.

Director and Name Executive Officer Compensation

Executive Compensation is required to be disclosed for each (i) Chief Executive Officer (or individual who served in a similar capacity during the most recently completed financial year), (ii) each Chief Financial Officer (or individual who served in a similar capacity during the most recently completed financial year), (iii) the most highly compensated executive officer (other than the Chief Executive Officer and the Chief Financial Officer) who were serving as executive officers at the end of the most recently completed fiscal year whose total compensation was, individually, more than \$150,000; and (iv) each individual who would meet the definition set forth in (iii) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year (the "Named Executive Officers" or "NEO's").

Based on the foregoing, the Corporation has two NEOs, namely, Wayne Hubert, CEO of the Corporation, and Steve Vanry, the CFO of the Corporation.

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's executive compensation objectives and processes and to discuss compensation decisions relating to its NEOs listed in the Summary Compensation Table that follows. The Corporation has, as of yet, no significant revenues from operations and often operates with limited financial resources. As a result, the Board has to consider not only the financial situation of the Corporation at the time of the determination of executive compensation, but also the estimated financial situation of the Corporation in the mid and long-term. An important element of executive compensation is that of stock options, which do not require cash disbursement by the Corporation.

Compensation Philosophy and Objectives

Compensation plays an important role in achieving short and long-term business objectives that ultimately drive business success. The Corporation's compensation philosophy is to foster entrepreneurship at all levels of the organization by making long term equity based incentives, through the granting of stock options, a significant component of executive compensation. This approach is based on the assumption that the performance of the Corporation's common share price over the long term is an important indicator of long term performance.

The Corporation's compensation philosophy is based on the following fundamental principles:

1. *Compensation programs align with shareholder interests* – the Corporation aligns the goals of executives with maximizing long-term shareholder value;
2. *Performance sensitive* – compensation for executive officers (including NEOs) should be linked to operating and market performance of the Corporation and fluctuate with that performance; and
3. *Offer market competitive compensation to attract and retain talent* – the compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

Analysis of Elements

The principal elements of the executive officers' compensation consist of the following: base salary and long-term incentive awards (stock options). These elements, described below in more detail, are designed to reward corporate and individual performance. Corporate performance is generally measured relative to operational objectives and corporate values. Individual performance is evaluated based on individual expertise, leaderships, ethics, and achievement of personal performance and commitments.

Compensation Governance

A Compensation Committee consisting of three directors, Kerry Curtis, Louis Montpellier and John Murphy was responsible for ensuring that the Corporation has in place an appropriate plan for executive compensation. The Compensation Committee ensures that total compensation paid to all NEOs is consistent with the Corporation's compensation philosophy.

The Compensation Committee has expertise in, among other things, evaluating overall compensation policies, plans and practices as well as setting compensation for executive officers, overseeing and administering equity compensation plans and establishing employment retention and severance arrangements for executive officers.

Competitive Compensation

The Compensation Committee reviews compensation practices within the industry in determining compensation policy. Although the Compensation Committee reviews each element of compensation for market competitiveness, and it may weigh a particular element more heavily based on the NEOs' role within the Corporation, it is primarily focused on remaining competitive in the market with respect to total compensation.

The Compensation Committee relies on the experience of its members as officers and/or directors at other companies in similar lines of business as the Corporation in assessing compensation levels. The purpose of this process is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar business characteristics;

- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish a basis for developing salary adjustments and option based compensation.

The Corporation does not have a formal compensation program with set benchmarks nor has the Compensation Committee formally considered the implications of the risks associated with the Corporation's compensation policies and practices.

The Corporation has not placed a restriction on the purchase by its NEOs or other employees of financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or employee. To the Corporation's knowledge, none of the NEOs have purchased any such financial instruments.

Base Salary

The Compensation Committee and the Board approve the salaries for the NEOs and relies on budgetary guidelines and other internally generated planning and forecasting tools in their annual assessment of the compensation of the NEOs. The base salary review for the NEOs is also based on assessment of other factors such as current market conditions. The Corporation's policy for determining salary for executive officers is consistent with the administration of salaries for all other employees.

Option-Based Awards

The Corporation has no long-term incentive plans other than its incentive stock option plan (the "**Plan**").

The NEOs, the directors and officers and certain consultants are entitled to participate in the Plan. The Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Compensation Committee believes that the Plan aligns the interests of the NEOs and the Board with shareholders by linking a component of executive compensation to the longer term performance of the Corporation's common shares.

Options are granted by the Board. In monitoring or adjusting the option allotments, the Board takes into account the level of options granted by the Benchmark Group for similar levels of responsibility and its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the NEO and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Compensation Committee also makes the following determinations:

- parties who are entitled to participate in the Plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than the market price on the date of grant;

- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any repricing or amendment to a stock option grant.

The Compensation Committee makes these determinations subject to and in accordance with the provisions of the Plan. The Board reviews and approves grants of options on an annual basis.

A description of the significant terms of the Corporation’s Plan is found under the heading “Securities Authorized for Issuance under Equity Compensation Plans” and “Particulars of Matters to be Acted Upon – Annual Approval of Stock Option Plan”.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICE

National Instrument 58101 *Disclosure of Corporate Governance Practices* (“**NI 52110**”) requires issuers to disclose the corporate governance practices that they have adopted according to the guidelines provided pursuant to National Policy 58201 *Corporate Governance Guidelines* (“**NP58201**”).

The Board believes that good corporate governance improves corporate performance and benefits all Shareholders. The Canadian Securities Administrators (the “**CSA**”) have adopted NP 58201, which provides nonprescriptive guidelines on corporate governance practices for reporting issuers. In addition, the CSA has implemented NI 58101, which prescribes certain disclosure by the Corporation of its corporate governance practices. A description of the Corporation’s corporate governance practices is set out in the attached Schedule “B”.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

At any time during the Corporation’s last completed financial year, no director, executive officer, employee, proposed management nominee for election as a director of the Corporation nor any associate of any such director, executive officer, or proposed management nominee of the Corporation or any former director, executive officer or employee of the Corporation or any of its

subsidiaries is or has been indebted to the Corporation or any of its subsidiaries or is or has been indebted to another entity where such indebtedness is or has been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries, other than routine indebtedness.

Equity Compensation Plan Information

	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a))

Equity Compensation Plans Not Approved By Shareholders	N/A	N/A	N/A
Total:	7,130,000	\$0.116	3,758,541

The Board approved the Plan on April 20, 2004, which was approved by the shareholders of the Corporation at the Corporation's annual and special meeting held on June 23, 2004. The Plan was reapproved by the shareholders on an annual basis until amended on May 27, 2009 and then ratified and reapproved annually, most recently on May 31, 2018. The Plan is a rolling stock option plan whereby the number of shares that can be reserved for issuance pursuant to a stock option grant may not exceed 10% of the Corporation's issued and outstanding share capital (on a non-diluted basis) at the time of any option grant.

The purpose of the Plan is to allow the Corporation to grant options to directors, officers, employees and consultants, as an incentive to dedicate their efforts to advance the success of the Corporation. The granting of options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of the Corporation and are required to have an exercise price no less than the closing market price of the Corporation's shares prevailing on the day that the option is granted, less the allowable

discount permitted and in accordance with the policies of the Exchange. Pursuant to the Plan, the Board may, from time to time, authorize the issue of options to directors, officers, employees and consultants of the Corporation and its subsidiaries or employees of companies providing management or consulting services to the Corporation or its subsidiaries.

The terms of the Plan authorize the Board to grant stock options to optionees on the following terms:

1. The aggregate number of shares which may be issued pursuant to options granted under the Plan, unless otherwise approved by shareholders, may not exceed that number which is equal to 10% of the shares of the Corporation issued and outstanding at the time of the grant.
2. The number of shares subject to each option will be determined by the Board, provided that the aggregate number of shares reserved for issuance pursuant to options granted to:
 - (a) any one individual during any 12 month period may not exceed 5% of the issued shares of the Corporation;
 - (b) any one consultant during any 12 month period may not exceed 2% of the issued shares of the Corporation;
 - (c) all persons employed to provide investor relations activities (as a group) may not exceed 2% of the issued shares of the Corporation during any 12 month period;in each case calculated as at the date of grant of the option, including all other shares under option to such person at that time.
3. The options are non-assignable and non-transferable. The options can only be exercised by the optionee as long as the optionee remains an Eligible Person (as defined in the Plan) pursuant to the Plan or within a period of not more than 90 days after ceasing to be an Eligible Person, (30 days in the case of a person engaged in investor relations activities), immediately in the case for dismissal from employment or service for cause. If the optionee dies, the option is exercisable within one year of the date of the optionee's death or the natural expiry date of the option, whichever is sooner.
4. Options granted to consultants engaged to perform investor relations activities must be subject to a vesting requirement, whereby such options will vest over a period of not less than 12 months, with a maximum of 25% vesting in any three month period.
5. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board will have the right to accelerate the date on which any option becomes exercisable.
6. The exercise price and the number of common shares which are subject to an option may be adjusted from time to time for share dividends, and in the event of reclassifications, reorganizations or changes in the capital structure of the Corporation.
7. The Corporation must obtain disinterested shareholder approval of stock options granted to insiders under the Plan, if the Plan, together with all of the Corporation's previously

established and outstanding stock option plans or grants exceed 10% of the issued share within a 12month period.

See “Particulars of Matters to be Acted Upon Annual Approval of Stock Option Plan” for further details.

Directors and executive officers may, however, be interested in the annual approval of the Plan as detailed below.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Annual Approval of Stock Option Plan

As noted under “Securities Authorized for Issuance Under Equity Compensation Plans” the Corporation adopted the Plan which the Corporation’s shareholders approved in June 2004 and subsequently reapproved annually until amended in 2009 and ratified on June 17, 2010. The Plan was then reapproved annually by the shareholders, most recently on May 31, 2018. See “Securities Authorized for Issuance Under Equity Compensation Plans” for the terms and conditions governing the Plan.

A copy of the Plan may be inspected at the head office of the Corporation, Suite 912, 1112 West Pender Street, P.O. Box 48268, Station Bentall Centre, Vancouver, B.C., V7X 12, during normal business hours and at the Meeting. In addition, a copy of the Plan will be mailed, free of charge, to any holder of common shares who requests a copy, in writing, from the Secretary of the Corporation. Any such requests should be mailed to the Corporation, at its head office, to the attention of the Secretary.

As a “rolling” stock option plan, the Plan is required, pursuant to the policies of the Exchange, to be reapproved by the shareholders each year at the Corporation’s annual meeting.

There are currently 7,130,000 options outstanding under the Plan, and an additional 3,788,541 options may be granted (based on the current issued capital of 109,185,419 common shares). Notice of options granted under the Plan must be given to the Exchange on a monthly basis. Any amendments to the Plan must also be approved by the Exchange and, if necessary, by the shareholders of the Corporation prior to becoming effective. Existing incentive stock options are not affected by the vote at the Meeting with respect to the Plan.

Shareholders will be asked to consider and, if deemed appropriate to approve, an ordinary resolution, in substantially the following form (subject to such changes as may be required by the Exchange) to reapprove the Plan:

“RESOLVED as an ordinary resolution that:

1. the Corporation’s “rolling” Stock Option Plan (the “**Plan**”) as described in the Corporation’s Circular dated April 29, 2019 be and is hereby approved;
2. the board of directors of the Corporation be granted the discretion pursuant to the Plan to grant stock options to directors, officers, employees, consultants, management company employees and others providing services to the Corporation and its subsidiaries, as the board of directors sees fit provided, however, that the aggregate number of common shares of the Corporation subject to options under the Plan shall not exceed 10% of the issued and outstanding common shares of the Corporation at the time of grant or such greater number as may be approved from time to time by the shareholders of the Corporation. Such grants shall be made under the terms of the Plan and within the rules and policies of the TSX Venture Exchange in effect at the time of granting and the exercise of any options granted pursuant to such authorization is hereby approved; and

3. any one director or officer of the Corporation, be and he/she is hereby authorized and directed to do all such acts and things and execute and deliver under the corporate seal of the Corporation or otherwise all such deeds, documents, instruments and assurances as in his/her discretion may be necessary or desirable to give effect to the foregoing resolutions and to complete all transactions in connection with the implementation of the Plan.”

An ordinary resolution requires the favourable vote of a simple majority (>50%) of the votes cast at the Meeting. The Board recommends that shareholders vote in favour of the above resolution. In the absence of contrary instructions, the persons named in the enclosed form of proxy intend to vote FOR the foregoing ordinary resolution at the Meeting.

ANY OTHER MATTERS

Pursuant to the CBCA, proposals intended to be presented by shareholders for action at the 2020 Annual Meeting must comply with the provisions of the CBCA and be deposited at the Corporation’s head office not later than January 30, 2020 in order to be included in the Circular and form of proxy relating to such meeting.

Management of the Corporation knows of no matters to come before the Meeting other than those referred to in the Notice of Meeting accompanying this Circular. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Circular to vote the same in accordance with their best judgment of such matters.

Notes:

- (1) A member of an audit committee is independent if the member has no direct or indirect material relationship with the Corporation which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of a member's independent judgment. The Corporation is endeavouring to recruit additional knowledgeable directors who will also fit the definition of "independent".

The following is a summary of the Audit Committee members' education and experience which is relevant to the performance of their responsibilities as an Audit Committee member:

Mr. Curtis, B.Sc. (Geology) has 31 years of experience in the Canadian mining sector. He is the former President, CEO and director of Cumberland Resources, until the company was acquired by Agnico-Eagle Mines in 2007 in a transaction valued at \$730 million. Prior to Cumberland, Mr. Curtis focused on exploration to production stage polymetallic deposits in Canada, working with a variety of senior and junior mining companies. Mr. Curtis has completed over \$1 billion in mining transactions during his career including equity financing, syndicated debt financing and merger/acquisition transactions.

Mr. Montpellier, L.L.B, worked exclusively in the capital markets as counsel to emerging issuers and listed public companies engaged in mineral exploration and mining from 1983 to 2010. He is a former founding director and senior officer of Extorre Gold Mines Ltd. which was acquired by Yamana Gold Inc. in 2012. He continues to be involved as an independent director for a number of companies in the mining sector.

Mr. Murphy has over 25 years of banking experience in the mining sector. Audit Committee Oversight

Reliance on Certain Exemptions

At no time since the commencement of the Corporation's most recently completed financial year has the Corporation relied on the exemption in Section 2.4 of NI 52110 (De Minimis Nonaudit Services), or an exemption from NI 52110, in whole or in part, granted under Part 8 of NI 52110. Part 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52110, in whole or in part.

B.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the Board of Directors of the Corporation (the “**Board**”), the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Corporation. The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making. National Policy 58201 – *Corporate Governance Guidelines* (“**NP 58201**”) establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation’s practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58101 *Disclosure of Corporate Governance Practices* (“**NI 58101**”) mandates disclosure of corporate governance practices for Venture Issuers in Form 58101F2, which disclosure is set out below.

Board of Directors

Structure and Compensation

The Board is currently composed of four (4) directors. All of the proposed nominees for election as director at the 2019 Meeting are current directors of the Corporation.

NI 58101 suggests that the board of directors of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under National Instrument 52110 *Audit Committees* (“**NI 52110**”), which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Corporation. “Material relationship” is defined as a relationship which could, in the view of the Corporation’s Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. Of the four proposed nominees, Wayne Hubert, CEO, is not “independent”. Louis Montpellier, Kerry M. Curtis and John Murphy are considered by the Board to be “independent”, within the meaning of NI 52110.

In assessing and making the foregoing determinations, the circumstances of each director have been examined in relation to a number of factors. The Board would eventually like to have at least one additional member and maintain a majority of independent directors.

Kerry Curtis is currently the Chair of the Board. The independent directors exercise their responsibilities for independent oversight of management, and are provided with leadership through their position on the Board and ability to meet independently of management whenever deemed necessary.

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current Board compensation arrangements, which currently only include incentive stock options, adequately reflect the responsibilities and risks involved in being an effective director of the Corporation. At the present time, the CEO has not received any cash

compensation for acting as director. The number of options to be granted is determined by the Compensation Committee.

The following directors of the Corporation are directors of other reporting issuers:

Louis Montpellier	ScoZinc Mining Ltd. (TSXV)
	Independence Gold Corp. (TSXV)
Wayne Hubert	Austral Gold Ltd. (ASX)
	Revival Gold Inc. (TSXV)
	Candelaria Mining Corp. (TSXV)

Mandate of the Board

The mandate of the Board is to manage or supervise the management of the business and affairs of the Corporation and to act with a view to the best interests of the Corporation. In doing so, the Board oversees the management of the Corporation's affairs directly and through the Audit Committee. In fulfilling its mandate, the Board, among other matters, is responsible for reviewing and approving the Corporation's overall business strategies and its annual business plan, reviewing and approving the annual corporate budget and forecast, reviewing and approving significant capital investments outside the approved budget; reviewing major strategic initiatives to ensure that the Corporation's proposed actions accord with shareholder objectives; reviewing succession planning; assessing management's performance against approved business plans and industry standards; reviewing and approving the reports and other disclosure issued to shareholders; ensuring the effective operation of the Board; and safeguarding shareholders' equity interests through the optimum utilization of the Corporation's capital resources. The Board also takes responsibility for identifying the principal risks of the Corporation's business and for ensuring these risks are effectively monitored and mitigated to the extent reasonably practicable. At this stage of the Corporation's development, the Board does not believe it is necessary to adopt a written mandate, as sufficient guidance is found in the applicable corporate legislation and regulatory policies. However, as the Corporation grows, the Board will move to develop a formal written mandate.

In keeping with its overall responsibility for the stewardship of the Corporation, the Board is responsible for the integrity of the Corporation's internal control and management information systems and for the Corporation's policies respecting corporate disclosure and communications.

Each member of the Board understands that he is entitled to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances.

The positions of President and CEO are combined. The Board believes the Corporation is well serviced and the independence of the Board from management is not compromised by the combined role. The Board does not, and does not consider it necessary to, have any formal

structures or procedures in place to ensure that the Board can function independently of management.

Nomination and Assessment

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Corporation's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an ad hoc basis. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed directors' credentials are reviewed in advance of a Board Meeting with one or more members of the Board prior to the proposed director's nomination.

New directors are briefed on strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing corporate policies. However, there is no formal orientation for new members of the Board, and this is considered to be appropriate, given the Corporation's size and current limited operations.

The skills and knowledge of the Board of Directors as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Corporation's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the Corporation's Board.

Expectations of Management and Ethical Business Conduct

The Board expects management to operate the business of the Corporation in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Corporation's business plan and to meet performance goals and objectives. To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Corporation's operations and the small number of officers and employees allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Corporation grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

Committee Responsibilities and Activities

Committees of the Board are an integral part of the Corporation's governance structure. At the present time, the Board has three committees: the Audit Committee, the Corporate Governance Committee and the Compensation Committee (the "**Committees**"). Disclosure with respect to the Audit Committee, as required by NI 52110, is contained in Schedule "A" to this Circular. The Audit Committee consists of three independent directors, Messrs. Montpelier, Curtis and Murphy. The Corporate Governance Committee and Compensation Committee consist of three directors, Messrs. Montpelier (independent), Murphy (independent) and Curtis (independent). The Corporate Governance Committee has responsibility for reviewing the governance policies and practices of the Corporation and their conformity to the Guidelines. Through the Corporate Governance Committee, the Board will continue to assess its policies and practices and the effectiveness of the management and the Board members in carrying out their respective duties. The Compensation Committee is responsible for ensuring that the Corporation has an appropriate plan in place for executive compensation.
