## **1. NATURE OF OPERATIONS**

Wellgreen Platinum Ltd. (“Wellgreen Platinum” or the “Company”) is a public company incorporated in British Columbia, and listed on the Toronto Stock Exchange trading under the symbol **WG**, and on the OTCQX under the symbol **WGPLF**. The Company’s registered and head office is at 2200 - 885 West Georgia Street, Vancouver, British Columbia, Canada, V6C 3E8.

The Company’s principal business activity is the exploration, evaluation and development of nickel and platinum group metals (“PGM”) mineral properties in North America. The Company is focused on exploring and developing its Wellgreen nickel-PGM-copper project, located in the Yukon Territory, Canada (“Wellgreen Property”).

The Company is in the process of exploring its mineral property interests and has not yet determined whether its mineral property interests contain economically recoverable mineral reserves. The Company's continuing operations are entirely dependent upon the existence of economically recoverable mineral reserves, the ability of the Company to obtain the necessary financing to continue the exploration and development of its mineral property interests and to obtain and maintain the permits necessary to mine and process, and on future profitable production from, or proceeds from the disposition of, its mineral property interests.

The Company has a history of losses with no operating revenue, an accumulated deficit at June 30, 2017 of \$84.6 million (December 31, 2016 – \$82.1 million), and working capital at June 30, 2017 of \$5.4 million (December 31, 2016 – \$9.5 million, excluding assets classified as held for sale and the associated liabilities). The Company will need to seek additional financing to meet its exploration and development objectives.

The Company believes that its liquid assets at June 30, 2017, are sufficient to meet its known obligations and to maintain its mineral property interests in good standing for at least the next twelve months. However, there can be no assurance that the Company will continue to be able to obtain additional financing or will achieve profitability or positive cash flows. If the Company is unable to obtain adequate additional financing, the Company will need to curtail its activities until additional funds can be raised.

## **2. BASIS OF PREPARATION**

### **(a) Statement of Compliance**

These unaudited condensed consolidated interim financial statements (“Interim Financial Statements”) have been prepared in accordance with International Financial Reporting Standards (“IFRS”) issued and effective for the three and six months ended June 30, 2017, as issued by the International Accounting Standards Board (“IASB”) and IFRS Interpretations Committee, applicable to the preparation of unaudited interim consolidated financial statements, including International Accounting Standard (“IAS”) 34, Interim Financial Reporting (“IAS 34”). These Interim Financial Statements should be read in conjunction with the audited annual consolidated financial statements of the Company for the years ended December 31, 2016 and 2015, which were prepared in accordance with IFRS and are publicly available at [www.sedar.com](http://www.sedar.com).

These Interim Financial Statements were reviewed and approved by the Audit Committee on August 10, 2017.

### **(b) Measurement Basis**

These Interim Financial Statements are prepared under the historical cost convention, except for assets held for sale, which are measured at fair value less costs of disposal. All amounts are presented in the Company’s functional currency, which is the Canadian dollar.

### **3. SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies and the significant judgements, estimates and assumptions used in the preparation of these Interim Financial Statements are those applied in Note 3 of the Company's audited annual consolidated financial statements for the years ended December 31, 2016 and 2015, and have been consistently applied throughout all periods presented as if these policies had always been in effect. There was no change in the use of estimates and judgements during the current period from those described in Note 4 of the Company's annual audited consolidated financial statements as at and for the years ended December 31, 2016 and 2015.

The preparation of the Interim Financial Statements in conformity with IAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from such estimates.

#### **(a) New accounting standards adopted effective January 1, 2017**

The Company has applied the following standards and amendments for the first time for its annual reporting period commencing January 1, 2017:

- *Amendments to IAS 7 – Statement of Cash Flows*

Amendments to IAS 7 - Statement of Cash Flows ("IAS 7") requires an entity to present a statement of cash flows as an integral part of its primary financial statements. Cash flows are classified and presented into operating activities (either using the "direct" or "indirect" method), investing activities and financing activities, with the latter two categories generally presented on a gross basis. The amendments require additional disclosures with respect to changes in liabilities arising from financing activities. They are effective for annual periods beginning on or after January 1, 2017. The adoption of these amendments did not have a significant impact on the Interim Financial Statements.

#### **(b) Future changes in accounting standards, which are not yet effective at June 30, 2017**

There have been no recent IFRS accounting pronouncements with respect to new standards, interpretations and amendments during the three and six months ended June 30, 2017, as compared to the recent accounting pronouncements described under Note 3 in the Company's annual audited consolidated financial statements for the years ended December 31, 2016 and 2015, that are of potential significance to the Company.

#### **(c) Comparative figures**

Certain balances in the comparative period have been reclassified from the unaudited June 30, 2016 condensed consolidated interim financial statements previously presented to conform to the presentation of these Interim Financial Statements in accordance with IFRS.

### **4. CASH AND CASH EQUIVALENTS, SHORT TERM INVESTMENTS**

At June 30, 2017, cash and cash equivalents included \$32,869 denominated in US dollars (December 31, 2016 – \$41,104).

Short term investments of the Company are Guaranteed Investment Certificates (GICs), with original maturities greater than 90 days but less than one year, held with Canadian financial institutions. Upon maturity, short term investments in GICs are reclassified to cash and cash equivalents.

## 5. AMOUNTS RECEIVABLE, LOANS RECEIVABLE

### (a) Amounts Receivable

Amounts receivable includes goods and services tax receivable of \$80,440 as at June 30, 2017 (December 31, 2016 - \$136,488), and the current portion of consideration receivable of \$50,000 related to the sale of the non-core Ontario mineral property interests (Note 6). The remaining consideration receivable of \$100,000 is classified as long term receivable. The total receivable balance of \$150,000 is classified as level 2 in the fair value hierarchy.

### (b) Loans Receivable

	<b>Amount</b>
Balance, December 31, 2016	\$ 134,274
Less: Principal and interest paid	(134,299)
Interest earned	25
<b>Balance, June 30, 2017</b>	<b>\$ -</b>

As at June 30, 2017, the principal and interest balance of the loans receivable, due upon demand and bearing interest at 1%, was \$nil (December 31, 2016 – \$134,274).

During the six months ended June 30, 2017, former employees repaid the balance of outstanding loan principal and interest amounting to \$134,299. Accordingly, the Company discharged and released a total of 212,500 shares and 212,500 warrants, which were held as security, to these former employees.

## 6. DISPOSAL OF THE ONTARIO PROPERTIES

In December 2016, the Company's Board of Directors authorized the disposal of the Company's non-core Ontario mineral property interests ("Ontario Properties"), of which the most significant was the Shakespeare Property. Effective February 8, 2017, the Company sold (the "Sale") Ursa Major Minerals Inc. ("URSA"), the wholly-owned subsidiary that holds the Ontario Properties and the associated liabilities, including the mine reclamation provision for the Shakespeare Property, to a private company (the "Purchaser"). The existing royalty agreements of the Ontario Properties were assumed by the Purchaser as part of the Sale. The details of the Ontario Properties are described in Note 8 of the Company's annual audited consolidated financial statements as at and for the years ended December 31, 2016 and 2015. The Ontario Properties assets and associated liabilities were classified as held for sale as at December 31, 2016.

Pursuant to the Sale, the Company will receive total cash and/or share consideration equivalent to \$200,000 from the Purchaser over the next three years. In addition, the Company retains a 1.0% NSR royalty interest in the Shakespeare Property, and a 0.5% NSR royalty interest in the other properties. The Company received the first tranche of \$50,000 upon close of the transaction in February 2017, and the next tranche of \$50,000 is due on or before December 31, 2017. The remaining \$100,000 is due in equal instalments of \$50,000 on December 31, 2018 and December 31, 2019, respectively, and is receivable in cash or, at the election of the Buyer, share consideration if the Buyer is a publicly listed company when the payments are due. The carrying value of the cash and share consideration receivable totalling \$150,000 as at June 30, 2017, approximates its fair value, and the impact of present valuing the long-term portion was determined to not be significant (see Note 5(a)).

Based on the cash and share consideration totalling \$200,000, net of transaction advisory fees, a loss of \$47,808 was recognized in the statement of loss and comprehensive loss on the Sale in February 2017.
