

**DEFIANCE
SILVER CORP**

INFORMATION CIRCULAR

**FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD ON DECEMBER 8, 2020**

This information is given as of October 27, 2020 (the “Record Date”) unless otherwise noted.

PERSONS MAKING THE SOLICITATION

This Information Circular is furnished in connection with the solicitation of proxies by the management of DEFIANCE SILVER CORP. (the “Company”) for use at the Annual General and Special Meeting (the “Meeting”) of the shareholders of the Company, to be held on **Tuesday, December 8, 2020**, at the time and location and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. While it is expected that the solicitation will be made primarily by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Company. All costs of this solicitation will be borne by the Company.

In light of the ongoing public health concerns related to the COVID-19 outbreak and in order to comply with the measures imposed by the federal and provincial governments, the Company is requesting all shareholders and others not to attend the Meeting in person. Shareholders are strongly urged to vote on the matters before the Meeting by completing a proxy or VIF (as defined below) or the materials provided by their Intermediary (as defined below), as applicable. The Company may take additional precautionary measures in relation to the Meeting in response to further developments in the COVID-19 outbreak.

If any shareholder does wish to attend the Meeting in person, please contact the Company via email info@defiancesilver.com in order for arrangements to be made that comply with all recommendations, regulations and orders related to the COVID-19 pandemic. No shareholder who is experiencing any symptoms of COVID-19, including fever, cough or difficulty breathing will be permitted to attend the Meeting in person. The Company may take additional precautionary measures in relation to the Meeting as necessary in response to further developments related to the COVID-19 pandemic and shall comply with all applicable recommendations, regulations and orders related thereto

APPOINTMENT AND REVOCATION OF PROXIES

Shareholders who do not attend the Meeting in person may vote by proxy if the shareholder is a registered shareholder, either by mail, by facsimile, or over the internet. Proxies must be received by TSX Trust Company, the Company’s transfer agent and registrar (the “**Transfer Agent**”), if by mail at Suite 301 - 100 Adelaide Street West, Toronto, Ontario, M5H 4H1, or by facsimile or over the internet, as set out on the proxy, not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time fixed for the Meeting or any adjournment thereof, or delivering it to the chairman of the Meeting on the day of the Meeting or any adjournment thereof prior to the time of voting.

A proxy must be executed by the registered shareholder or his, her or its attorney duly authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized. If the form of Proxy is executed by an attorney for an individual shareholder or by an attorney of a shareholder that is a corporation or association, the instrument so empowering the attorney, as the case may be, or a notarial copy thereof, must accompany the form of Proxy. If not dated, the Proxy will be deemed to have been dated the date that it is mailed to shareholders.

A shareholder has the right to appoint a person (who need not be a shareholder) to attend and act for such shareholder and on his, her or its behalf at the Meeting other than the persons designated in the enclosed form of proxy. If you are returning your Proxy to the Transfer Agent, such right may be exercised by inserting in the blank space provided in the enclosed form of Proxy the name of the person to be designated or by completing another proper form of Proxy and delivering it to Transfer Agent as provided above, or to the Chairman of the Meeting

Proxies given by shareholders for use at the Meeting may be revoked prior to their use:

- (a) by depositing an instrument in writing executed by the shareholder or by such shareholder's attorney duly authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized indicating the capacity under which such officer or attorney is signing at the registered office, Suite 2900 – 550 Burrard Street, Vancouver, BC, V6C 0A3, at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof;
- (b) with the chairman of the Meeting on the day of the Meeting or any adjournment thereof; or
- (c) in any other manner permitted by law.

Only registered shareholders have the right to revoke a Proxy. Non-registered shareholders that wish to change their voting instructions must, in sufficient time in advance of the Meeting, contact the Transfer Agent or their intermediary to arrange to change their voting instructions.

EXERCISE OF DISCRETION BY PROXIES

The persons named in the accompanying form of proxy will vote the common shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. The common shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted on, the common shares will be voted accordingly. **In the absence of such direction, where the management nominees are appointed as proxyholder, such common shares will be voted in favour of the passing of the matters set out in the Notice and for the nominees of management for directors and auditor. The form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting or any adjournment thereof.** At the time of the printing of this Information Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice. **However, if any other matters which at present are not known to the management of the Company should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.**

ADVICE TO BENEFICIAL SHAREHOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Some shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of the person (the "Non-Registered Shareholder") but which are registered in the name of an intermediary (the "Intermediary") that the Non-Registered Shareholder deals with in respect of the shares. Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or in the name of a clearing agency (such as The Canadian Depository of Securities Limited) of which the Intermediary is a participant.

There are two kinds of Non-Registered Shareholders – those who object to their name being made known to the Company (called OBOs for "Objecting Beneficial Owners") and those who do not object to the Company knowing who they are (called NOBOs for "Non-Objecting Beneficial Owners").

The Company takes advantage of certain provisions of NI 54-101 which permit the Company to directly deliver proxy related materials to NOBOs who have not waived the right to receive them. As a result, NOBOs can expect to receive a scannable VIF from the Transfer Agent, together with this the Notice of Meeting and the Information Circular. These VIFs are to be completed and returned to the Transfer Agent in accordance with the instructions. The Transfer Agent is required to follow the voting instructions properly received from NOBOs. The Transfer Agent will tabulate the results of the VIFs received from NOBOs and will provide voting instructions at the Meeting with respect to the common shares represented by the VIFs they receive. If the VIF is executed by an attorney for an individual shareholder or by an officer or attorney of a shareholder that is a company or association, documentation evidencing the power to execute the VIF may be required with signing capacity stated. If you are a Non-Registered Shareholder, and the Company has sent these proxy related materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities requirements from the Intermediary on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF or voting instruction form.

The Company has distributed the Notice of Meeting and the Information Circular to the Intermediaries for onward distribution to OBOs. Intermediaries are required to forward the Notice of Meeting and the Information Circular to OBOs. Very often, Intermediaries will use service companies to forward the Notice of Meeting and the Information Circular to OBOs. With the Notice of Meeting and the Information Circular, Intermediaries or their service companies should provide OBOs with a “request for voting instruction form” which, when properly completed and signed by such OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the common shares that they beneficially own. Every Intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by OBOs in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to an OBO by its Intermediary is identical to the form of proxy provided by the Company to the Intermediaries. However, its purpose is limited to instructing the Intermediary how to vote on behalf of the OBOs. The majority of Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Investor Services Inc. (“Broadridge”). Broadridge typically mails the voting instruction forms or proxy forms to the OBOs and asks the OBOs to return the forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. An OBO receiving a proxy or voting instruction form from Broadridge cannot use that proxy to vote common shares directly at the Meeting - the proxy must be returned to Broadridge well in advance of the Meeting in order to have the common shares voted. The Company will not pay for an Intermediary to deliver proxy related materials and voting instruction forms to OBOs. If you are a Non-Registered Shareholder who is an OBO, you will not receive the materials unless your Intermediary assumes the costs of delivery.

Although Non-Registered Shareholders may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of their Intermediary, a Non-Registered Shareholder may attend the Meeting as proxyholder for the Intermediary and vote their common shares in that capacity by following the procedures below.

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert his or her name (or the name of the person that the NOBO wants to attend and vote on the NOBO’s behalf) in the space provided on the VIF and return it to the Company or its transfer agent. If the Company receives a written request that the NOBO or its nominee be appointed as proxyholder, if management is holding a proxy with respect to common shares beneficially owned by such NOBO, the Company will arrange, without expense to the NOBO, to appoint the NOBO or its nominee as proxyholder in respect of those common shares. Under National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators (“NI 54-101”), unless corporate law does not allow it, if the NOBO or its nominee is appointed as proxyholder by the Company in this manner, the NOBO or its nominee, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that come before the meeting and any adjournment or postponement of the meeting. If the Company receives such instructions at least one business day before the deadline for submission of proxies, it is required to deposit the proxy within that

deadline, in order to appoint the NOBO or its nominee as proxyholder. **If a NOBO requests that the NOBO or its nominee be appointed as proxyholder, the NOBO or its appointed nominee, as applicable, will need to attend the meeting in person in order for the NOBOs vote to be counted.**

Should an objecting beneficial owner (an “OBO”) wish to attend and vote at the Meeting in person, the OBO should insert his or her name (or the name of the person the OBO wants to attend and vote on the OBO’s behalf) in the space provided for that purpose on the request for voting instructions form and return it to the OBO’s Intermediary or send the Intermediary another written request that the OBO or its nominee be appointed as proxyholder. The Intermediary is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or its nominee as proxyholder in respect of the OBO’s common shares. Under NI 54-101, unless corporate law does not allow it, if the Intermediary makes an appointment in this manner, the OBO or its nominee, as applicable, must be given authority to attend, vote and otherwise act for and on behalf of the Intermediary (who is the registered shareholder) in respect of all matters that come before the meeting and any adjournment or postponement of the meeting. An Intermediary who receives such instructions at least one business day before the deadline for submission of proxies is required to deposit the proxy within that deadline, in order to appoint the OBO or its nominee as proxyholder. **If an OBO requests that an Intermediary appoint the OBO or its nominee as proxyholder, the OBO or its appointed nominee, as applicable, will need to attend the meeting in person in order for the OBOs vote to be counted.**

OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered. Only registered shareholders have the right to revoke a proxy. OBOs who wish to change their vote must in sufficient time in advance of the Meeting, arrange for their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

Shareholders with questions respecting the voting of shares held through an Intermediary should contact that Intermediary for assistance.

All references to shareholders in this Information Circular and the accompanying form of proxy and Notice are to shareholders of record unless specifically stated otherwise.

Oversight and Description of Director and Named Executive Officer Compensation

The directors decide as a Board the compensation for the Company's directors and officers. The directors currently do not receive any remuneration for their acting in such capacity.

The Company has a Compensation Committee comprising of James Bergin, Darrell Rader and Ronald Sowerby.

The Compensation Committee is responsible for assisting the board of directors (the Board") in monitoring, reviewing and approving compensation policies and practices of the Company and its subsidiaries and administering the Option Plan. With regard to the CEO, the Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to the CEO's compensation, evaluating the CEO's performance in light of those goals and objectives and making recommendations to the Board with respect to the CEO's compensation level based on this evaluation. In consultation with the CEO, the Compensation Committee makes recommendations to the Board on the framework of executive remuneration and its cost and on specific remuneration packages for each of the directors and officers other than the CEO, including recommendations regarding awards under equity compensation plans.

The Compensation Committee has the authority to engage and compensate, at the expense of the Company, any outside advisor that it determines to be necessary to permit it to carry out its duties (including compensation consultants and advisers), but it did not retain any such outside consultants or advisers during the financial year ended June 30, 2020.

General Compensation Strategy

The Company's compensation philosophy for executive officers follows three underlying principles:

- (a) to provide compensation packages that encourage and motivate performance;
- (b) to be competitive with other companies of similar size and scope of operations so as to attract and retain talented executives; and
- (c) to align the interests of its executive officers with the long-term interests of the Company and its shareholders through stock related programs.

When determining compensation policies and individual compensation levels for the Company's executive officers, the Company takes into consideration a variety of factors, including the overall financial and operating performance of the Company, and the Board's overall assessment of:

- (a) each executive officer's
 - (i) individual performance and contribution towards meeting corporate objectives,
 - (ii) level of responsibility,
 - (iii) length of service; and
- (b) industry comparables.

The Board also considers the Company's financial situation. In keeping with the Company's philosophy to link senior executive compensation to corporate performance and to motivate senior executives to achieve exceptional levels of performance, the Company has adopted a model that includes both base salary or consulting fees and "at-risk" compensation, comprised of participation in the Option Plan. In addition, the Company may award performance bonuses based on executives meeting short and long term performance milestones.

Base Salary - Fees

Base salary and consulting fee levels reflect the fixed component of pay that compensates executives for fulfilling their roles and responsibilities and assists in the attraction and retention of highly qualified executives. Base salaries are reviewed annually to ensure that they reflect each respective executive's performance and experience in fulfilling his or her role and to ensure executive retention. Currently base salaries and consulting fees are set at below industry standard levels to make more capital available for development of the Company's business. Compensation is made up with the provision of stock options (see below for description). Salary and consulting fee levels will be reviewed and revised as the Company grows.

Stock Options

Performance-based incentives are granted by way of stock options. The awards are intended to align executive interests with those of shareholders by tying compensation to share performance and to assist in retention through vesting provisions.

In determining the terms of stock options to be granted to the executive officers and directors, the Board takes into account the terms of stock options, if any, previously granted to each executive officer and director and ensures that such grants are in accordance with the policies of the TSX Venture Exchange (the "TSXV") and the Option Plan.

The terms of stock options granted to officers and directors is also dependent on each officer's and director's level of responsibility, authority and importance to the Company and to the degree to which such officer's or director's long term contribution to the Company will be key to its long term success.

In monitoring or adjusting the option allotments, the Board takes into account its own observations on individual performance (where possible), its assessment of individual contribution to shareholder value and previous option grants. The scale of option grants is generally commensurate to the appropriate level of base compensation for each level of responsibility. The Board will make these determinations subject to and in accordance with the provisions of the Option Plan.

See "Stock Options and Other Compensation Securities" below for details of the stock options granted to the Named Executive Officers for the financial years ended June 30, 2020 and June 30, 2019.

Stock Option Plans and Other Incentive Plans

The only stock option plan or other incentive plan the Company has is a 10% “rolling” stock option plan (the “Option Plan”), which authorizes the Board to grant options to directors, officers, employees and consultants to collectively acquire up to 10% of the issued and outstanding common shares of the Company, from time to time. The underlying purpose of the Option Plan is to attract and motivate the directors, officers, employees and consultants of the Company and to advance the interests of the Company by affording such persons with the opportunity to acquire an equity interest in the Company through rights granted under the Option Plan.

The Option Plan was accepted for filing by the TSXV subsequent to its initial adoption and has been subsequently accepted following each yearly re-approval by the shareholders, as required under the policies of the TSXV. For details of the Option Plan, see “Particulars of Matters to be Acted Upon – Annual Approval of Stock Option Plan” below. The Company has no other form of compensation plan under which equity securities of the Company are authorized for issuance to employees or non-employees in exchange for consideration in the form of goods and services.

AUDIT COMMITTEE

Pursuant to the Business Corporations Act (British Columbia) and National Instrument 52-110 Audit Committees of the Canadian Securities Administrators (“NI 52-110”), the Company is required to have an Audit Committee comprised of at least three directors, the majority of which must not be officers, or employees, or control persons of the Company.

The Company must also, pursuant to the provisions of National Instrument 52-110 Audit Committees of the Canadian Securities Administrators (“NI 52-110”), have a written charter, which sets out the duties and responsibilities of its audit committee. The text of the Audit Committee Charter of the Company is provided in Schedule “A”. In providing the following disclosure, the Company is relying on the exemption provided under NI 52-110, which allows for the short form disclosure of the audit committee procedures of venture issuers.

Composition of the Audit Committee

The following are the members of the Committee and whether they are executive officers, employees, control persons “independent” or “financially literate”:

Name of Member	Independent ⁽¹⁾	Financially Literate ⁽²⁾
Ronald E. Sowerby (Chair)	Independent	Financially literate
Darrell A. Rader	Not Independent	Financially literate
Paul A. Smith	Independent	Financially literate

1. To be considered independent, a member of the Committee must not have any direct or indirect “material relationship” with the Company. A material relationship is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member’s independent judgement, including being or having been in the last three years an employee or full-time executive officer of the Company. Under NI 52-110, a part-time executive officer is deemed to be independent. In addition to the requirements of NI 52-110, the *Business Corporations Act* (British Columbia), requires the Audit Committee to have a majority of members who are not officers or employees of the Company or an affiliate of the Company.
2. To be considered financially literate, a member of the Committee must have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements.

Relevant Education and Experience

In addition to each member’s general business experience, the education and experience of each Audit Committee member that is relevant to the performance of his responsibilities as an Audit Committee member is as follows:

Ronald E. Sowerby – Mr. Sowerby (former CFO of the Company) is a Chartered Professional Accountant (CA) and has acted as director, officer and audit committee member of a number of public companies, including Glentel, Inc. (TSX) of which he was a director from 1989 to 2015.

Darrell A. Rader – Mr. Rader holds a Bachelor of Business Administration and Finance degree from Simon Fraser University and has acted as a director and audit committee member for a number of public companies. He is currently a director and officer of Minaurum Gold Inc. (TSXV).

Paul A. Smith – Mr. Smith obtained an MA in Metallurgy and the Science of Materials from Oxford University in August 1979. He has spent most of his career working in the non-ferrous mining and smelting industry. He was a founding shareholder and Finance Director of Ocean Partners Holdings Limited, a global trader of copper, zinc and lead raw materials until May 2012. Mr. Smith’s business knowledge and experience has provided him with an understanding of financial reporting sufficient to enable him to discharge his duties as a member of the Audit Committee.

Audit Committee Oversight

At no time since the commencement of the Company's most recent completed financial year was a recommendation of the Committee to nominate or compensate an external auditor not adopted by the Board.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemptions in Section 2.4 of NI 52-110 (De Minimis Non-audit Services), Section 6.1.1(4) (Circumstance Affecting the Business or Operations of the Venture Issuer), Sections 6.1.1(5) (Events Outside Control of Member), or Section (Death, Incapacity or Resignation), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110. The Company is relying upon the exemption in section 6.1 of NI 52-110.

Pre-Approval Policies and Procedures

There is no specific policies and procedures for the engagement of non-audit services.

External Auditor Service Fees (By Category)

The aggregate fees billed by the Company's external auditors in each of the last three fiscal years for audit fees are as follows:

Financial Year Ending	Audit Fees	Audit Related Fees ¹	Tax Fees ²	All Other Fees ³
2020	\$35,000	nil	5,750	nil
2019	\$45,000	nil	8,100	nil
2018	\$27,846	nil	nil	nil

1. Fees charged for assurance and related services reasonably related to the performance of an audit, and not included under "Audit Fees".
2. Fees charged for tax compliance, tax advice and tax planning services.
3. Fees for services other than disclosed in any other column.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. National Policy 58-201 *Corporate Governance Guidelines* of the Canadian Securities Administrators establishes corporate governance guidelines which apply to all public companies. These guidelines are not intended to be prescriptive but to be used by issuers in developing their own corporate governance practices. The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* of the Canadian Securities Administrators ("NI 58-101") the Company is required to disclose its corporate governance practices, as summarized below. The Board will continue to monitor such practices on an ongoing basis and when necessary implement such additional practices as it deems appropriate.

Board of Directors

The Board is currently composed of six directors, namely Christopher Wright, James Bergin, Darrell Rader, Paul Smith, Ronald Sowerby, and Dunham Craig. All of them will be standing for re-election as a director of the Company.

NI 58-101 suggests that the board of directors of a public company should be constituted with a majority of individuals who qualify as “independent” directors. An “independent” director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to materially interfere with the director’s ability to act with a view to the best interests of the Company, other than interests and relationships arising from shareholding. In addition, where a company has a significant shareholder, NP 58-101 suggests that the board of directors should include a number of directors who do not have interests in either the company or the significant shareholder. All of the current and proposed members of the Board are considered “independent” within the meaning of NI 52-110, except for Christopher Wright and Darrell Rader. Mr. Wright is not considered to be independent as he is the President and CEO of the Company, and therefore a member of management. Darrell Rader is compensated for providing consulting services to the Company. The independent directors will exercise their responsibility for independent oversight of management.

Board consideration and approval is required for all material contracts, business transactions and all debt and equity financing proposals. The Board delegates to management, through the CEO, responsibility for meeting defined corporate objectives, evaluating new business opportunities and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives.

The directors believe that, at this early stage of the Company’s development, the current composition of the Board adequately facilitates its exercise of independent supervision over management. The Board anticipates that as the Company matures as a business enterprise, it will identify additional qualified candidates that have experience relevant to the Company’s needs, who are independent of management applying the guidelines contained in applicable legislation.

In keeping with its overall responsibility for the stewardship of the Company, the Board is responsible for the integrity of the Company’s internal control and management information systems and for the Company’s policies respecting corporate disclosure and communications.

Each member of the Board understands that he is entitled, at the cost of the Company, to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances. No director found it necessary to do so during the financial year ended June 30, 2020.

Directorships

Certain of the Company’s current and proposed directors are also directors of other reporting (public) companies, as follows:

Name	Other Reporting Issuer(s)	Exchange or Market
Christopher D. Wright	None	-
Darrell A. Rader	Minaurum Gold Inc.	TSXV
Paul A. Smith	Megastar Development Corp.	TSXV
Ronald E. Sowerby	None	-
Dunham L. Craig	None	-
James R. Bergin	None	-

Orientation and Continuing Education

New directors are briefed on the Company's overall strategic plans, short, medium and long term corporate objectives, financials status, general business risks and mitigation strategies, and existing company policies. There is no formal orientation for new members of the Board. This is considered to be appropriate, given the Company's size and current level of operations, the ongoing interaction amongst the directors and the low director turn-over. However, if the growth of the Company's operations warrants it, it is possible that a formal orientation process would be implemented.

The skills and knowledge of the Board as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies, particularly in the natural resource sector. Board members are encouraged to communicate with management and auditors to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. The directors are advised that, if a director believes that it would be appropriate to attend any continuing education event for corporate directors, the Company will pay for the cost thereof. Board members have full access to the Company's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the members of the Board.

Ethical Business Conduct

The Board has not adopted a written Code of Ethical Conduct for its directors, officers and employees at this time. The Board monitors the ethical conduct of the Company and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates in the best interests of the Company and its shareholders.

In addition, some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities. As such, the Board must comply with the conflict of interest provisions of the *Business Corporations Act* (British Columbia), as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke any such conflict.

Nomination of Directors

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required and a willingness to serve. As the Company progresses as a business enterprise, the Board will consider its size on an annual basis when it considers the number of directors to recommend to shareholders for election at annual general meetings, taking into account the number required to carry out the Board's duties effectively and to maintain diversity of view and experience.

Compensation

The directors decide as a Board the compensation for the Company's officers, based on industry standards and the Company's financial situation. The directors currently do not receive any remuneration for their acting in such capacity.

Board Committees

The Company has established two committees, presently being the Audit Committee and a Compensation Committee. All Board decisions are made by full board of director meetings or consent resolutions.

Assessments

Neither the Company nor the Board has determined formal means or methods to regularly assess the Board, its committees or the individual directors with respect to their effectiveness and contributions. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of an individual director is informally monitored by the other Board members, having in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

MANAGEMENT CONTRACTS

Management functions of the Company are generally performed by directors and senior officers of the Company and not, to any substantial degree, by any other person to whom the Company has contracted.

PARTICULARS OF MATTERS TO BE ACTED UPON

A. Setting the Number of Directors

The Board of Directors of the Company (the “Board”) presently consists of six directors. It is proposed to set the number of directors for the following year at six. This requires the approval of the shareholders by an ordinary resolution, which approval will be sought at the Meeting.

If there are more nominees for election as directors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled.

- (a) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

For the purposes hereof, the term "order" means:

- (a) a cease trade order;
- (b) an order similar to a cease trade order; or
- (c) an order that denied the relevant company access to any exemption under securities legislation,

that was in effect for more than 30 consecutive days.

Accordingly, unless such authority is withheld, the persons named in the accompanying proxy intend to vote for the re-appointment of Davidson & Company LLP as auditors of the Company for the financial year ending June 30, 2021 and to authorize the directors to fix the auditors' remuneration.

D. Annual Approval of Stock Option Plan

Background

The Option Plan is a "rolling" stock option plan whereby the Company is authorized to grant stock options to purchase that number of shares equal up to 10% of its issued and outstanding shares, from time to time (calculated at the time of any particular grant). The TSXV requires listed companies who have "rolling" stock option plans in place to receive shareholder approval to such plan on a yearly basis at the Company's annual general meeting. Accordingly, the Board wishes to ratify and approve the Option Plan at the Meeting.

The principal purposes of the Option Plan are to provide the Company with the advantages of the incentive inherent in stock ownership on the part of directors, officers, employees and consultants responsible for the continued success of the Corporation; to create in such individuals a proprietary interest in, and a greater concern for, the welfare and success of the Company; to encourage such individuals to remain with the Company; and to attract new directors, officers, employees and consultants to the Company

Material Terms of the Stock Option Plan

The Option Plan provides that the terms of the options and the option price may be fixed by the Board subject to the price restrictions and other requirements of the TSXV. The Option Plan also provides that only directors, officers, employees, or consultants of the Company or any subsidiary may receive options (other than eligible charitable organizations). The maximum term of Options granted under the Option Plan is ten years and the exercise price must be paid in full upon exercise of the option.

The Option Plan is subject to the additional following restrictions:

- (a) the grant to Insiders (as defined in the Option Plan) (as a group), within a 12 month period, of an aggregate number of Options exceeding 10% of the issued and outstanding common shares at the time of the grant of the Options;
- (b) any one option holder pursuant to Options granted to such holder during any 12 month period shall not exceed 5% of the issued and outstanding common shares, calculated at the date such Options are granted;
- (c) any one option holder, who is a consultant, in respect of Options granted to such consultant during any 12 month period shall not exceed 2% of the issued and outstanding common shares, calculated at the date such Options are granted;
- (d) all option holders who are engaged or employed in investor relations activities during any 12 month period shall not exceed in the aggregate 2% of the issued and outstanding common shares, calculated at the date such Options are granted;
- (e) eligible charitable organizations shall not at any time exceed 1% of the issued and outstanding common shares, calculated at the date such Options are granted;
- (f) if any option expires or otherwise terminates for any reason without having been exercised in full, the number of common shares in respect of which the option expired or terminated shall again be available for the purposes of the Option Plan;

- (g) if an option holder dies, options held by him or her will pass to the optionee's legal heirs or personal representatives and shall be exercisable for a period to be determined by the board, which shall not be less than three months and not more than six months from the date of death;
- (h) if an option holder is terminated by reason of Disability (as defined in the Option Plan), options held by him or her shall be exercisable for a period of 90 days following the termination of employment;
- (i) if an option holder's position as director, officer, employee or consultant terminates, other than by reason of death, disability or terminates for just cause, the options granted will expire on the 90th day following the date of termination;
- (j) if an option holder's position as director, officer, employee or consultant terminates for just cause, the options terminate of the date of termination;
- (k) all options granted to consultants performing investor relations activities will vest in stages over 12 months with no more than one-quarter of the options vesting in any three month period; and
- (l) the Board may terminate the Option Plan at such other time and on such conditions as the Board may determine, provided that no such termination shall be effected if do so would affect the rights of then existing option holders, without the approval of such holders.

A four month hold period (commencing on the date the stock options are granted) is required for options granted at any discount to the Market Price (as defined in TSXV Policy 1.1). Notice of options granted under the Option Plan must be given to the TSXV at the end of each calendar month in which stock options are granted. Any amendments to the Option Plan must also be approved by the TSXV and, if necessary, by the shareholders of the Company prior to becoming effective.

A copy of the Option Plan may be inspected at the Company's offices until the business day immediately preceding the date of the Meeting.

Outstanding Options

As at the Record Date, the Company has options outstanding under the Option Plan to purchase 3,653,286 common shares, representing 20% of the shares available for option, and 2.0% of the issued common shares, as at that date. Accordingly, options on 14,943,297 shares remain available for grant under the Option Plan.

Annual Shareholder Approval of the Stock Option Plan

Shareholders will be asked at the Meeting to consider and, if thought fit, pass an ordinary resolution in substantially the following form:

“RESOLVED, as an ordinary resolution, that the Company's Stock Option Plan, as described in the Company's Information Circular dated October 27, 2020, and the grant of options thereunder in accordance therewith, be approved.”

An ordinary resolution is a resolution passed by the shareholders of the Company at a general meeting by a simple majority of the votes cast in person or by proxy.

Disinterested shareholder approval of the foregoing resolution is not required because the Option Plan cannot result at any time in: (i) the number of common shares reserved for issuance under stock options granted to insiders exceeding 10% of the issued common shares; (ii) the grant to insiders, within a 12 month period, of a number of options exceeding 10% of the issued common shares; or (iii) the issuance to any one optionee, within a 12 month period, of a number of common shares exceeding 5% of the issued common shares.

The Board considers that the ability to grant incentive stock options is an important component of its compensation strategy and is necessary to enable the Company to attract and retain qualified directors, officers, employees and consultants. **The Board therefore recommends that shareholders vote “For” the resolution re-approving the**

Option Plan. Unless otherwise instructed, the persons named in the enclosed form of Proxy will vote “IN FAVOUR” of the above resolution. If the Option Plan is not re-approved by the shareholders, existing options will not be affected, but new options granted by the Company will be required to be approved by the shareholders before they can be exercised by the holders thereof.

OTHER MATTERS

Management knows of no other matters to come before the Meeting other than those referred to in the Notice of Meeting. Should any other matters properly come before the Meeting, the shares represented by the Proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting by proxy.

SCHEDULE “A”

AUDIT COMMITTEE’S CHARTER

Mandate

The primary function of the audit committee (the “Committee”) is to assist in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company’s systems of internal controls regarding finance and accounting, and the Company’s auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company’s policies, procedures and practices at all levels. The Committee’s primary duties and responsibilities are to:

- serve as an independent and objective party to monitor the Company’s financial reporting and internal control systems and review the Company’s financial statements;
- review and appraise the performance of the Company’s external auditors; and
- provide an open avenue of communication among the Company’s auditors, financial and senior management and the Board.

Composition

The Committee shall be comprised of such directors as determined by the Board, the majority of whom shall be free from any relationship that, in the opinion of the Board, would reasonably interfere with the exercise of his or her independent judgment as a member of the Committee. At least one member of the Committee should have accounting or related financial management expertise.
