MANAGEMENT INFORMATION CIRCULAR

As at August 30, 2022
unless otherwise noted

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of WINSHEAR GOLD CORP. hereinafter referred to as the "Company" or "Winshear"), at the time and place and for the purposes set forth in the Notice of Meeting.

It is expected that the solicitation will be primarily by mail. Proxies may also be solicited personally or by telephone by directors, officers or employees of the Company at a nominal cost. The cost of this solicitation will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of proxy are directors or officers of the Company. **A Shareholder eligible to vote at the Meeting has the right to appoint a person, who need not be a Shareholder, to attend and act for the Shareholder and vote on the Shareholder's behalf at the Meeting other than either of the persons designated in the accompanying form of proxy, and may do so either by inserting the name of that other person in the blank space provided in the form of proxy or by completing another suitable form of proxy.**

Voting by Proxyholder

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered shareholders electing to submit a proxy may do so by using one of the following methods:

(a) complete, date and sign the Proxy and return it to the Company's transfer agent, Computershare Trust Company of Canada ("Computershare"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524 or by mail to 8th floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by hand delivery at 2nd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9 marked "Attention Proxy Department"; or

(b) use the phone and/or internet voting options as outlined in the proxy. Registered shareholders may refer to the enclosed proxy form for the holder's account number and the proxy access number.

Whichever method you use to submit your proxy, for the form of proxy to be effective, you must ensure the proxy is received by Computershare at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting (namely, **by 9:00 a.m., Vancouver time, on Wednesday, September 28, 2022**) (the “**Proxy Deadline**”) or any adjournment thereof at which the proxy is to be used.

A Shareholder who has given a proxy may revoke it by an instrument in writing duly executed and delivered either to the registered office of the Company at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, that precedes any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation. Non-Registered Holders (as defined below) who wish to revoke their proxy must arrange for their respective Intermediary (as defined below) to revoke the proxy on their behalf within the time specified by such Intermediary.

Non-Registered (Beneficial) Holders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the names of intermediaries. In Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States of America (the “United States” or the “U.S.”) the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: Objecting Beneficial Owners (“OBOs”) who object to their name being made known to the issuer of the securities they own; and Non-Objecting Beneficial Owners (“NOBOs”) who do not object to the issuer of the securities they own knowing who they are.

The Company is taking advantage of the provisions of National Instrument 54-101 “*Communication with Beneficial Owners of Securities of a Reporting Issuer*” that permit the Company to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable Voting Instruction Form (“VIF”) through our transfer agent, Computershare. The VIF is to be completed and returned to Computershare as set out in the instructions provided on the VIF. Computershare tabulates the results of the VIFs it receives from NOBOs and provides appropriate voting instructions at the Meeting with respect to the shares represented by those VIFs.

These security holder materials are sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance

with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding securities on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your VIF as specified in the request for voting instructions that was sent to you.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”) in Canada and in the United States. Broadridge mails a VIF in lieu of the proxy provided by the Company. The VIF will name the same persons as those in the Company’s Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), different from any of the persons designated in the VIF, to represent your Common Shares at the Meeting, and that person may be you. To exercise this right, insert the name of the desired representative (which may be you) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder’s representative. If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to: (a) have your Common Shares voted at the Meeting, or (b) to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares at the Meeting.

EXERCISE OF DISCRETION

On a poll the nominees named in the accompanying form of proxy will vote or withhold from voting the Shares represented thereby in accordance with the instructions of the Shareholder on any ballot that may be called for. If a Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. The proxy will confer discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the election of directors and the appointment of the auditors; and
- (b) any other matter, including amendments to any of the foregoing, as may properly come before the Meeting or any adjournment thereof.

In respect of a matter for which a choice is not specified in the proxy, or unless otherwise provided in the proxy, the nominees named in the accompanying form of proxy will vote the Shares represented by the proxy for the approval of such matter.

As of the date of this Information Circular, the management of the Company knows of no amendment, variation or other matter that may come before the Meeting, but if any amendment, variation or other matter properly comes before the Meeting each nominee intends to vote thereon in accordance with the nominee’s best judgement.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and as may be set out herein.

If the New Plan is not approved at the Meeting, the foregoing amendments will not be implemented and the Plan will remain as currently constituted. It is not known that any other matters will come before the Meeting other than as set forth above and in the Notice of Meeting accompanying this Information Circular, but if such should occur the persons named in the accompanying Form of Proxy intend to vote on them in accordance with their best judgement, exercising discretionary authority with respect to amendments or variations of matters identified in the Notice of Meeting and other matters which may properly come before the Meeting or any adjournment thereof.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Company's Board of Directors believes that good corporate governance improves corporate performance and benefits all shareholders. National Policy 58-201 – Corporate Governance Guidelines provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Company. In addition, National Instrument 58-101 – Disclosure of Corporate Governance Practices ("NI 58-101") prescribes certain disclosure by the Company of its corporate governance practices. This disclosure is presented below.

The Board of Directors

The Board currently consists of five directors, of which three directors (Stephen M. Leahy, Andrew Thomson and Alistair Waddell are currently "independent" in the context of the Policy as it relates to the Audit Committee. Richard Williams is not independent because he is the Chief Executive Officer of the Company and Dr. Mark Sander is not independent because he is the President of the Company. Director Alistair Waddell will not be standing for re-election at the Meeting.

Directorships

Certain of the directors are also directors of other reporting issuers as follows:

Director	Other Reporting Issuers
Stephen M. Leahy	Oroco Resource Corp. Auracle Geospatial Science Inc.
Richard D. Williams	Cornish Metals Inc.

Director	Other Reporting Issuers
Alistair Waddell	Palamina Corp.
	Precipitate Gold Corp.
	Headwater Gold Inc.
	Inflection Resources Ltd.
	North Stawell Ltd. (Listed on the ASX)
Andrew Thomson	Palamina Corp.
	Montero Mining and Exploration Ltd.
	New Origin Gold Corp.
Dr. Mark Sander	Rambler Metals and Mining PLC

The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance, however, during the course of a directors' meeting, if a matter is more effectively dealt with without the presence of members of management, the independent directors ask members of management to leave the meeting, and the independent directors then meet *in camera*.

Stephen Leahy is currently the Chairman of the Board of Directors of the Company.

Board Mandate

The Board of Directors is responsible for supervising management in carrying on the business and affairs of the Company. Directors are required to act and exercise their powers with reasonable prudence in the best interests of the Company. The Board agrees with and confirms its responsibility for overseeing management's performance in the following particular areas:

- the strategic planning process of the Company;
- identification and management of the principal risks associated with the business of the Company;
- planning for succession of management;
- the Company's policies regarding communications with its shareholders and others; and
- the integrity of the internal controls and management information systems of the Company.

In carrying out its mandate, the Board relies primarily on management to provide it with regular detailed reports on the operations of the Company and its financial position. The Board reviews and assesses these reports and other information provided to it at meetings of the full Board and of its committees. The CEO is a member of the Board, giving the Board direct access to information about operations. Other management personnel attend Board meetings, if required, to provide information and answer questions, as required. Directors also consult from time to time with management and have, on occasion, visited the properties of the Company. The reports and information provided to the Board include details concerning the monitoring and management of the risks associated with the Company's activities, such as compliance with safety standards and legal requirements, environmental issues and the financial position and liquidity of the Company. At least annually, the Board reviews management's report on its business and strategic plan and any changes with respect to risk management and succession planning, if required.

Position Descriptions

The Board of Directors has not developed written position descriptions for the Chairman, the chairman of any Board committees, the Chief Executive Officer, or the Chief Financial Officer. The Board is of the view that given the size of the Company, the relatively frequent discussions between Board members, the CEO, and the CFO and the experience of the individual members of the Board, the responsibilities of such

individuals are known and understood without position descriptions being in writing. The Board will evaluate this position from time to time, and if written position descriptions appear to be justified, they will be prepared.

Orientation and Continuing Education

The Board does not have a formal policy relating to the orientation of new directors and continuing education for directors. The appointment of a new director is a relatively infrequent event in the Company's affairs, and each situation is addressed on its merits on a case-by-case basis. The Company has a relatively restricted scope of operations, and most candidates for Board positions will likely have past experience in the mining business; they will likely be familiar therefore with the operations of a resource company of the size and complexity of the Company. The Board, with the assistance of counsel, keeps itself apprised of changes in the duties and responsibilities of directors and deals with material changes of those duties and responsibilities as and when the circumstances warrant. The Board will evaluate these positions, and if changes appear to be justified, formal policies will be developed and followed.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company. In addition, the Company has adopted a whistle blower policy, which is set out in its Charter of the Audit Committee, and which is available for viewing on the Company's website at www.winshear.com.

Nomination of Directors

The Board has neither a formal policy for identifying new candidates for Board nomination nor a permanent nominating committee. If and when the Board determines that its size should be increased or if a director needs to be replaced, a nomination committee comprised entirely of independent directors will be struck. The terms of reference of such a committee will be determined when it is created, but are expected to include the determination of the independence of the candidate, his or her experience in the mining business and compatibility with the other directors.

Compensation

Taking into account the Company's present status as an exploration-stage enterprise, the Board of Directors reviews the adequacy and form of compensation provided to Directors on a periodic basis to ensure that the compensation is commensurate with the responsibilities and risks undertaken by an effective director. Until September 30, 2014, certain independent Directors of the Company received an annual stipend of \$30,000, payable quarterly. Beginning October 1, 2014, the annual stipend was reduced to \$12,000, and a meeting fee of \$750 per Board meeting and \$500 per committee meeting was implemented for those independent Directors of the Company. Beginning August 1, 2018, the independent Directors of the Company and the Officers agreed to stop collecting any fees or salary amounts owed to them by the Company in order to assist in decreasing the company's cash outflows. Following the September 2019 private placement, officers resumed drawing salary at a much-reduced level.

Other Board Committees

At present, the Board has established an Audit Committee (as discussed elsewhere herein), a Corporate Governance Committee, and a Compensation Committee, each of which comprise a majority of independent directors. The Board of Directors is of the view that the decision to not set up other various committees such as a Nominating or Human Resources committee is appropriate, having regard to cost and time issues and the size of the Company.

Assessments

The Board has no formal process for the assessment of the effectiveness and contribution of the individual directors. Each director has extensive public company experience and is familiar with what is required of him. Frequency of attendance at Board and committee meetings and the quality of participation in such meetings are two of the criteria by which the performance of a director will be assessed.

ADDITIONAL INFORMATION

Additional information concerning the Company is available on SEDAR at (<http://www.sedar.com>). Financial information concerning the Company is provided in the Company's audited financial statements and Management's Discussion and Analysis for the fiscal year ended March 31, 2022, copies of which were filed on SEDAR on July 21, 2022.

BOARD APPROVAL

The contents of this Information Circular, including the schedules thereto, and the sending thereof to shareholders entitled to receive notice of the Meeting, to each director, to the auditors of the Company and to the appropriate governmental agencies, have been approved in substance by the directors of the Company pursuant to resolutions passed as of August 30, 2022.

CERTIFICATE

The foregoing contains no untrue statement of a material fact and does not omit to state a material fact that is required to be stated or that is necessary to make a statement not misleading in the light of the circumstances in which it was made.

BY ORDER OF THE BOARD
WINSHEAR GOLD CORP.

- (b) "Chief Operating Officer" or "COO" means each individual who served as chief operating officer of the Company or acted in a similar capacity during the most recently completed financial year;
- (c) "Chief Financial Officer" or "CFO" means an individual who acted as chief financial officer of the Company or acted in a similar capacity for any part of the most recently completed financial year;

 - (iii) a CFO;
 - (iv) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, as determined in accordance with subsection 1.3(6), for that financial year; and
 - (v) each individual who would be an NEO under paragraph (d) but for the fact that the individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

The following disclosure sets out the compensation that the Board intended to pay, make payable, award, grant give or otherwise provide to each NEO and director for the financial year ended March 31, 2022.

COMPENSATION DISCUSSION AND ANALYSIS

The Board of Directors, upon the advice of the Compensation Committee, determines executive compensation for the Company. The Compensation Committee for the year ended March 31, 2022 was comprised of Alistair Waddell, Dr. Mark Sander, Andrew Thomson and Stephen Leahy. The Board of directors is responsible for establishing and monitoring the Company's long range plans and programs for attracting, retaining, developing and motivating employees, with input from the Compensation Committee as required. The Compensation Committee reviews recommendations for the appointment of persons to senior executive positions, considers terms of employment including succession planning and matters of compensation. The Company has adopted a new incentive stock option plan that complies with the current policies of the Exchange. Particulars of the Company's new incentive stock option plan are set out in this schedule and in the Information Circular.

The Company's compensation policies and programs are designed to be competitive with similar mining exploration companies and to recognize and reward executive performance consistent with the success of the Company's business. The significant objectives, elements and formula for compensation to be awarded to, earned by, paid to, or payable to NEOs for the year ended March 31, 2022, were to:

- (i) Attract and retain experienced and talented executive officers;
- (ii) Inspire excellence in the performance of executive officers; and
- (iii) Align shareholder and executive officer interests.

The compensation program is designed to reward performance of the NEO for fulfilling the duties and responsibilities of the particular position and attainment of the goals set for the NEO in conjunction with the strategic plan of the issuer as well as rewarding extraordinary performance beyond the goals set for the NEO.

The significant elements of compensation awarded to the NEOs are cash salary, stock options and/or annual bonuses.

Cash Salary:

The NEOs are paid a salary in order to ensure that the compensation package offered by the Company is in line with that offered by other companies in our industry, and as an immediate means of rewarding the NEO for efforts expended on behalf of the Company. The salary to be paid to a particular NEO is determined by publications of mining industry surveys and/or other available information from the mining and exploration industry. Payment of a cash salary fits within the objective of the compensation program since it rewards the NEO for performance of his or her duties and responsibilities. The payment of such salary may impact on other elements of the compensation package to a particular NEO.

The Compensation Committee reviews the compensation of senior officers.

Annual bonus: stock options, etc.:

The Senior Management Team (the CEO and CFO) proposes bonuses and stock option grants which are submitted to the Compensation Committee for review and approval. Annual bonuses, if any, and stock option grants are not based on objective and formal measures, such as share price and P/E ratios.

Following the year ended March 31, 2022, the Company did not take any action or make any decisions or policies that could affect a reasonable person's understanding of any NEO's compensation for the most recently completed financial year.

Option Based Awards

As stated elsewhere herein, the Company has in place an Employee Incentive Stock Option Plan (the "**Current Plan**"). The Current Plan was established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Board administers the Current Plan. The Current Plan provides that options will be issued pursuant to option agreements to directors, officers, employees or consultants of the Company or a subsidiary of the Company. Previous grants of option-based awards are taken into account when considering new grants of options. Subject to the requirements of the policies of the Exchange and the prior receipt of any necessary regulatory approval, the Board proposes to implement a new 10% rolling plan (the "**New Plan**") to replace the Current Plan, in order to bring the Company's Current Plan more in line with the current requirements of the TSX Venture Exchange (the "TSXV"). The Current Plan was approved by the shareholders at the 2015 Annual General Meeting in order for the terms of the Current Plan to remain compliant with the then current policies of the Exchange.

The process by which the Board grants option-based awards to executive officers is:

- Options are granted to corporate executives by the Compensation Committee as part of the annual compensation review. Any special compensation is typically granted in the form of options. Options are granted at other times of the year to individuals commencing employment with the Company. The exercise price for the options is established at the time each option is granted, subject to the Plan, and such price, in all cases shall be not less than the Discounted Market Price as defined by the policies of the Exchange, subject to a minimum exercise price of \$0.05 per share.
- The Board approves base salaries, annual cash incentives and stock options at the same time to

facilitate consideration of target direct compensation to executive officers. Options are granted at other times of the year to individuals commencing employment with the Company.

An Incentive Stock Option Plan (the "Plan") was initially created by the Company in June 1993 and revised as needed in subsequent years, most recently in September 2015 and has once again been revised effective on September 1, 2022 in order to remain compliant with Exchange policies. Employees of the Company are eligible for stock options and share appreciation rights (SAR's) at the sole discretion of the Board of Directors.
