“I am pleased to be working with a team of highly skilled managers, engineers and support staff each knowing their roles; each aligned with the vision and new purpose for Titan”, said Mr. Pyke. “It is with that like-minded purpose we turn a corner in the history of Titan Logix”.

#### **About Titan Logix Corp.:**

Founded in 1979, Titan Logix Corp. (“Titan” or “the Company”) is a developer, manufacturer and marketer of innovative fluid measurement and management solutions. The Company's products include Guided Wave Radar (GWR) gauges for level measurement and overflow prevention (particularly for use in mobile tanker applications), level gauges for storage tanks, and communication systems for remote alarming and control. Titan’s products are mainly used in the upstream/midstream oil and gas industry. Secondary industries for its products include the aviation, waste fluid collection, and chemical industries.

Titan’s products are all developed to be a part of a complete asset management solution. The ultimate solution will consist of Titan’s products integrated with best-in-class third party solutions to enable complete fluid management throughout each stage of their fluid handling processes. This is captured by Titan’s slogan “Advanced Technology Fluid Management Solutions, In the Field, On the Road, In the Office”™.

- In the Field: "In the Field" refers to Titan's solution offerings for storage tanks and process vessels.
- On the Road: "On the Road" refers to Titan's solution offerings for mobile tanker trucks and trailers.
- In the Office: "In the Office" refers to Titan's solution offerings that enable customers to monitor their fluid assets remotely from the convenience of their dispatch center or other back office environment through a wired or wireless connection.

Titan Logix Corp. is a public company listed on the TSX Venture Exchange and its shares trade under the symbol TLA.
