

ORESTONE MINING CORP.

2017 ANNUAL GENERAL MEETING OF SHAREHOLDERS

INFORMATION CIRCULAR

GENERAL INFORMATION

This Information Circular is furnished to the holders (“shareholders”) of common shares (“Common Shares”) of Orestone Mining Corp. (the “Company”) by management of the Company in connection with the solicitation of proxies to be voted at the annual general meeting (the “Meeting”) of the shareholders to be held at 10:00 a.m. (Pacific Time) on Friday, June 30, 2017 and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting.

PROXIES

Solicitation of Proxies

The enclosed Proxy is solicited by and on behalf of management of the Company. The persons named in the enclosed Proxy form are management-designated proxyholders. A registered shareholder desiring to appoint some other person (who need not be a shareholder) to represent the shareholder at the Meeting may do so either by inserting such other person’s name in the blank space provided in the Proxy form or by completing another form of proxy. To be used at the Meeting, proxies must be received by Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the meeting, or, if the Meeting is adjourned, no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the reconvened meeting, or may be accepted by the chairman of the Meeting prior to the commencement of the Meeting. Solicitation will be primarily by mail, but some proxies may be solicited personally or by telephone by regular employees or directors of the Company at a nominal cost. The cost of solicitation by management of the Company will be borne by the Company.

Voting by Non-Registered Shareholders

Only registered holders of Common Shares or the persons they appoint as their proxyholders are permitted to vote at the Meeting. In many cases, however, Common Shares beneficially owned by a holder (a “Non-Registered Holder”) are registered either:

- (a) in the name of an Intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans, or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (CDS)) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “NOBOs”. Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs”.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators (“NI 54-101”), the Company has elected to send the Notice of Meeting and this Information Circular (collectively, the “Meeting Materials”) directly to the NOBOs, and indirectly through intermediaries to the OBOs. The Company is not relying on the notice and access delivery procedures outlined in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them. Intermediaries will frequently use service companies to forward the Meeting Materials to the OBOs. Generally, an OBO who has not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Computershare Trust Company of Canada; or
- (b) more typically, be given a voting instruction form (“VIF”) which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The Company will pay for Intermediaries to forward this Information Circular and the Proxy form or a VIF to OBOs under NI 54-101.

The Meeting Materials are being sent to both registered shareholders of the Company and Non-Registered Holders. If you are a Non-Registered Holder, and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Meeting Materials sent to NOBOs who have not waived the right to receive meeting materials are accompanied by a VIF, instead of a Proxy form. By returning the VIF in accordance with the instructions noted on it, a NOBO is able to instruct the voting of the Common Shares owned by the NOBO.

VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Common Shares which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on the Non-Registered Holder’s behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder, or the Non-Registered Holder’s nominee, the right to attend and vote at the Meeting.

Non-Registered Holders should return their voting instructions as specified in the VIF sent to them. Non-Registered Holders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

Although Non-Registered Holders may not be recognized directly at the Meeting for the purpose of voting Common Shares registered in the name of their broker, agent or nominee, a Non-Registered Holder may attend the Meeting as a proxyholder for a registered shareholder and vote Common Shares in that capacity. Non-Registered Holders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their Common Shares as a proxyholder.

Revocability of Proxies

A registered shareholder who has given a proxy may revoke it by an instrument in writing that is

- (a) received at the registered office of the Company (19th Floor, 885 West Georgia Street, Vancouver, British Columbia V6C 3H4) at any time up to and including the last business day before the day set for the holding of the Meeting or reconvened meeting, if the Meeting is adjourned, at which the proxy is to be used, or
- (b) provided to the chair of the Meeting, at the Meeting, before any vote in respect of which the proxy is to be used shall have been taken,

or in any other manner provided by law.

NOBOs who wish to revoke their voting instructions should contact Computershare Trust Company of Canada at telephone number 1-800-564-6253. OBOs who wish to revoke a voting instruction form or a waiver of the right to receive proxy-related materials should contact their Intermediaries for instructions.

Voting of Proxies

Common Shares represented by a shareholder's Proxy form will be voted or withheld from voting in accordance with the shareholder's instructions on any ballot that may be called for at the Meeting and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of any instructions, the management-designated proxyholder named on the Proxy form will cast the shareholder's votes in favour of the passage of the resolutions set forth herein and in the Notice of Meeting.**

The enclosed Proxy form confers discretionary authority upon the persons named therein with respect to (a) amendments or variations to matters identified in the Notice of Meeting and (b) other matters which may properly come before the Meeting or any adjournment thereof. At the time of printing of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Only Common Shares carry voting rights at the Meeting with each Common Share carrying the right to one vote. The Board of Directors has fixed May 26, 2017 as the record date ("Record Date") for the determination of shareholders entitled to receive notice of and to vote at the Meeting and, if adjourned, any reconvened meeting, and only shareholders of record at the close of business on that date are entitled to receive such notice and to vote at the Meeting. As of the Record Date, 37,772,233 Common Shares were issued and outstanding as fully paid and non-assessable.

To the knowledge of the directors and executive officers of the Company, as at the Record Date, no person beneficially owned, directly or indirectly, or exercised control or direction over, shares carrying 10% or more of the voting rights attached to the Company's issued and outstanding Common Shares.

VOTES NECESSARY TO PASS RESOLUTIONS AT THE MEETING

Under the Company's Articles, the quorum for the transaction of business at the Meeting consists of (a) two shareholders; or (b) one or more proxyholders representing at least two shareholders; or (c) at least one shareholder and one proxyholder representing another shareholder. A simple majority of the votes cast at the Meeting (in person or by proxy) is required in order to pass the resolutions referred to in the accompanying Notice of Meeting.

APPOINTMENT OF AUDITOR

The persons named in the enclosed Proxy form intend to vote for the appointment of DeVisser Gray LLP, Chartered Accountants, of Vancouver, British Columbia, as the auditor of the Company. DeVisser Gray LLP has been the Company's auditor since July 2013.

At the meeting, the shareholders will be asked to authorize the directors of the Company to fix the remuneration to be paid to the auditor of the Company.

ELECTION OF DIRECTORS

The number of directors of the Company is currently fixed at four. The persons named below are the four nominees of management for election as directors, all of whom are current directors of the Company. Each director elected will hold office until the next annual general meeting or until the director's successor is elected or appointed unless the director's office is earlier vacated under any of the relevant provisions of the Articles of the Company or the Business Corporations Act (British Columbia). It is the intention of the persons named as proxyholders in the enclosed Proxy form to vote for the election to the Board of Directors of those persons hereinafter designated as nominees for election as directors. The Board of Directors does not contemplate that any of such nominees will be unable to serve as a director; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, **proxies in favour of management designees will be voted for another nominee in their discretion unless the shareholder has specified in such shareholder's Proxy that such shareholder's shares are to be withheld from voting in the election of directors.**

The following table sets out the name of each of the persons proposed to be nominated for election as a director; all positions and offices in the Company presently held by him; his principal occupation, business or employment; the period during which he has served as a director; and the number of Common Shares that he has advised are beneficially owned, or controlled or directed, directly or indirectly, as at the Record Date.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

None of the proposed directors is, as at the date of this Information Circular, or has been, within the ten years preceding the date of this Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that:

- (a) was subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days (collectively, an "Order"), when such Order was issued while the person was acting in the capacity of a director, chief executive officer or chief financial officer of the relevant company; or
- (b) was subject to an Order that was issued after such person ceased to be a director, chief executive officer or chief financial officer of the relevant company, and which resulted from an event that occurred while the person was acting in the capacity of a director, chief executive officer or chief financial officer of the relevant company.

With the exception of Mr. Willock (a director of the Company), no proposed director is, as at the date of this Information Circular, or has been, within the ten years preceding the date of this Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets. Mr. Willock was the Chief Financial Officer of Jaguar Mining Inc. when it commenced proceedings under the Companies' Creditors Arrangement Act in Ontario in December 2013 to complete a recapitalization and financing transaction. The recapitalization had the support of holders of approximately 93% of the aggregate principal amount of the corporation's 4.5% senior unsecured convertible notes due November 1, 2014 and 5.5% senior unsecured convertible notes due March 31, 2016. On April 22, 2014, Jaguar Mining Inc. implemented its amended and restated plan of compromise and arrangement pursuant to the Companies' Creditors Arrangement Act (CAAA) Plan.

No proposed director has, within the ten years preceding the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that person.

No proposed director has been subject to (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

CORPORATE GOVERNANCE DISCLOSURE

The following description of the corporate governance practices of the Company is provided further to National Instrument 58-101 on “Disclosure of Corporate Governance Practices” (“NI 58-101”) and the disclosure prescribed for “Venture Issuers” such as the Company.

Board of Directors

The Board recognizes that it is responsible for the stewardship of the Company, overseeing the conduct of the Company’s business and supervising management of the Company who remain responsible for the conduct of the business.

The Board of Directors currently consists of four directors, two of whom are considered to be independent. Gary Nordin and Douglas Willock are considered independent. The remaining directors are not considered independent as they either presently act or have acted as executive officers of the Company — David N. Hottman is the current President and Chief Executive Officer of the Company and Andrew Muir is the current Chief Financial Officer.

The Board exercises its independent supervision by holding regular board meetings and soliciting input from management and the Company’s auditor as required. The independent directors are encouraged to meet at any time they consider necessary without any members of management including the non-independent directors being present. The Company’s auditors, legal counsel and employees may be invited to attend.

The Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Company and have regular and full access to management. Independent supervision of management is further accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. In addition, the Board may appoint from time to time an independent, lead director to direct Board operations.

Directorships

Certain of the current and proposed directors of the Company are presently directors of other reporting issuers in Canada or elsewhere as set out below:

Director	Other Reporting Issuers
Douglas Willock	Meridian Mining S.E.

Orientation and Continuing Education

Given the size of the Company and the in-depth public company and professional experience of the members of the Board, there is no formal orientation or continuing education program in place. New Board members receive an orientation package which includes reports on operations and results, and public disclosure filings by the Company. From time to time, Board meetings are combined with presentations by the Company’s management to give the directors additional insight into the Company’s business. In addition, management of the Company makes itself available for discussion with all Board members.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company’s governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director’s participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board is responsible for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. The Board determines new nominees to the Board through recommendations of the Corporate Governance Committee. The nominees may also be the result of recruitment efforts by other Board members, including both formal and informal discussions among Board members and the President and Chief Executive Officer. The Corporate Governance Committee monitors the performance of individual Board members, committee members and their contributions.

Compensation

The independent directors are responsible for determining compensation for the directors and executive officers, including the CEO, based on recommendations received from the Corporate Governance Committee. The independent directors of the Company carry out the function of reviewing executive compensation levels, evaluating executive officers' and directors' performance in light of corporate goals and objectives, and determining or making recommendations to the Board with respect to the level of compensation arrangements for the executive, officers and directors. Presently, the compensation to executive officers is composed primarily of three elements: namely base salary, performance bonus and the allocation of incentive stock options.

Other Board Committees

The Board has no other committees other than the Audit Committee and the Corporate Governance Committee. The Corporate Governance Committee is tasked with the responsibility of, among other things, selecting (or recommending that the Board select) the director nominees for the next annual meeting of shareholders.

The Corporate Governance Committee is also tasked with the following responsibilities:

- (i) developing qualification criteria for Board members for recommendation to the Board in accordance with the Company's corporate governance guidelines;
- (ii) in conjunction with the Chairman, assigning Board members to the various committees of the Board;
- (iii) reviewing annually or more often if appropriate: (a) committee members' qualifications and requirements; (b) committee structure (including authority to delegate); and (c) committee performance (including reporting to the Board). The committee is to make recommendations to the Board, as appropriate, based on its review;
- (iv) recommending to the Board compensation policies and guidelines for the Company and for implementing and overseeing compensation policies approved by the Board;
- (v) developing and recommending to the Board corporate governance principles applicable to the Company;
- (vi) monitoring the Company's overall approach to corporate governance issues and administering a corporate governance system which is effective in the discharge of the Company's obligations to its shareholders;
- (vii) in conjunction with the Chairman, overseeing the evaluation of the Board and of the Company and making recommendations to the Board as appropriate;

- (viii) reviewing and reassessing at least annually the adequacy of the Company's corporate governance guidelines and the Corporate Governance Committee's terms of reference and recommending any proposed changes to the Board for approval. The Corporate Governance Committee must also annually review its own performance;
- (ix) monitoring and making recommendations to the Board in respect of total compensation paid by the Company to its executive officers; and
- (x) reviewing the adequacy and form of compensation of directors and ensure that the compensation realistically reflects the responsibilities and risks involved in being a director.

Assessments

The Board annually, and at such other times as it deems appropriate, reviews the performance and effectiveness of the Board, the directors and its committees to determine whether changes in size, personnel or responsibilities are warranted.

Stock Option Plans and Other Incentive Plans

The Company's stock option plan (the "Stock Option Plan"), which is a "rolling 10%" stock option plan, was approved by the Board of Directors on October 26, 2011 and first approved by the shareholders on December 5, 2011. The Stock Option Plan is used to provide share purchase options which are granted in consideration of the level of responsibility of the executive officer as well as his or her impact or contribution to the longer-term operating performance of the Company.

The Stock Option Plan is presently administered by the Board of Directors. The Board of Directors reviews and approves grants of options on an annual basis and periodically during the financial year.

In determining the number of options to be granted to the executive officers, the directors take into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange (the "Exchange"), and closely align the interests of the executive officers with the interests of shareholders.

The Stock Option Plan must be re-approved on an annual basis by the shareholders at each annual general meeting of the Company as required by the policies of the Exchange. See "Particulars of Other Matters to be Acted Upon — Approval of Stock Option Plan".

The Company's Stock Option Plan includes the following provisions:

- The Stock Option Plan is administered by a "Committee" which means the Board of Directors of the Company or such committee of the Board of Directors that the Board of Directors has designated to administer the Stock Option Plan;

The Committee may extend the period specified in the aforementioned subparagraph (a) in respect of any option for a specified period up to the expiry of the option period;

Oversight and Description of Director and Named Executive Officer Compensation

Compensation Discussion and Analysis

The Company does not have a formal compensation program with set benchmarks. Individual compensation is not directly tied to performance goals which are based on any specific objective and identifiable measure, such as the Company's share price or earnings per share. However, the Company does have a compensation program which seeks to reward a NEO's current and future expected performance. Individual performance is reviewed for all NEOs based largely on a qualitative evaluation of the Company's achievement of corporate milestones and objectives. The principal objectives underlying the Company's executive compensation program are as follows: (a) to attract and retain qualified executive officers, which includes having compensation that is competitive within the marketplace; (b) to align executives' interests with those of the shareholders; and (c) to reward demonstration of both leadership and performance. The Company's executive compensation program has three principal components: base salary, performance bonus and stock options.

All compensation arrangements between the Company and any director or executive officer of the Company must be approved by the independent directors of the Company. The independent directors are responsible for reviewing and considering corporate goals and objectives relevant to compensation for all executive officers, evaluating their performance in light of those corporate goals and objectives, and determining (or making recommendations to the Board with respect to) the level of compensation arrangements for the executive officers based on this evaluation.

The Board of Directors has considered the implications of the risks associated with the Company's compensation policies and practices. The Board acknowledges that the Company, as a junior natural resource company, does not presently generate any revenues, and that all management compensation to date has been derived solely from cash in the Company's treasury, acquired by way of equity financings to date, and the grant of incentive stock options to management personnel and employees. Salary compensation to the Named Executive Officers is provided for pursuant to unwritten arrangements between Named Executive Officers and the Company. In order to provide necessary oversight and to mitigate against the risks posed by these management compensation arrangements, the Board has adhered to the policy of requiring all independent Board members to evaluate and approve of all executive compensation arrangements and awards prior to their commitment. The Board has also adopted a policy which requires the independent directors to review the terms of these executive compensation arrangements on an annual basis. At present, the Board has determined that the current executive compensation levels are not excessive, and are in line with other companies of similar stature.

With respect to the longer-term component of executive compensation, options granted to executive officers under the Company's stock option plan serve to align the interests of those persons with the shareholders, and therefore mitigates any excessive risks that may be taken by the executive officers. As options are generally priced above market value at the time of grant and are subject to mandatory vesting schedules, the benefits of such compensation, if any, may not be realized by the executive until a significant period of time has passed. Accordingly, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The Company does not anticipate making any significant changes to its compensation policies and practices in the current financial year.

Elements of Compensation for NEOs

Base salary provides the Named Executive Officers a set amount of money during the year with the expectation that each Named Executive Officer will perform his responsibilities to the best of his ability and in the best interests of the Company.

Performance bonuses, in the form of cash payments, are designed to add a variable component of compensation based on the corporate and individual performances of Named Executive Officers. In determining to award performance bonuses, including the amounts thereof, the Board of Directors uses its discretion and takes into consideration the Company's annual achievements, without assigning any quantifiable weight or factor in respect of any particular achievement or corporate milestone. During the Company's financial year ended January 31, 2017, no performance bonuses were awarded to any Named Executive Officer.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each Named Executive Officer's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to directors, officers, consultants and employees at the commencement of employment and periodically thereafter. The terms and conditions of the Company's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company's Stock Option Plan.

Elements of Compensation for Directors

Other than as disclosed herein, the Company has no arrangements, standard or otherwise, pursuant to which directors are compensated by the Company or its subsidiaries for their services in their capacity as directors, or for committee participation, involvement in special assignments or for services as consultant or expert during the most recently completed financial year or subsequently, up to and including the date of this Information Circular.

Pension Disclosure

The Company does not provide a pension to any director or NEO.
