

DR. PHONE FIX TO PRESENT AT THE EMERGING GROWTH CONFERENCE ON FEBRUARY 26, 2026

Dr. Phone Fix invites individual and institutional investors, advisors, and analysts to attend its real-time, interactive presentation at the Emerging Growth Conference

EDMONTON, AB, Feb. 19, 2026 /CNW/ - Dr. Phone Fix Canada Corporation (TSXV: DPF) ("Dr. Phone Fix" or the "Company"), one of Canada's fastest-growing consumer electronics repair and resale platforms, today announced that it will present at the Emerging Growth Conference on **February 26, 2026 at 1:45 PM Eastern Time**.

The live, interactive event will provide shareholders and prospective investors the opportunity to hear directly from Mr. Piyush Sawhney, Founder and Chief Executive Officer, who will present an update on the Company's national growth strategy, including recent store expansion, acquisition activity, capital allocation priorities, and its long-term vision as it continues to scale its corporately owned platform across Canada.

Dr. Phone Fix operates in a highly fragmented Canadian market, where independent operators continue to represent the majority of locations nationwide. The Company's growth strategy combines disciplined greenfield expansion with the selective acquisition of accretive independent operators, allowing it to scale its corporately owned platform both organically and through consolidation.

In addition to expanding its footprint, management has focused on strengthening performance across the existing store base by increasing average revenue per store, optimizing service mix, and maintaining operational discipline across the network. This balanced approach to expansion and execution is designed to drive sustainable revenue growth and consistent store-level profitability as the Company continues to build a scaled national platform.

Following the presentation, management will host a live Q&A session. Investors are encouraged to submit questions in advance to Questions@EmergingGrowth.com or ask questions during the event. Mr. Sawhney will address as many inquiries as possible.
