By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

#### **II. PERSONS OR COMPANIES MAKING THE SOLICITATION**

**The enclosed instrument of proxy is solicited by management.** Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company has advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

#### **III. APPOINTMENT AND REVOCATION OF PROXIES**

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

**The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited at the Company's transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8<sup>th</sup> Floor, Toronto, Ontario M5J 2Y1, at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.**

The instrument of proxy must be signed by the shareholder or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a

duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies which do not strictly conform to the foregoing requirements.

**In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.**

#### **IV. VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES**

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

**In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular.** The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters which may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgment of the nominee.

#### **V. ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES**

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

##### *Distribution to NOBOs*

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, “Communication with Beneficial Owners of Securities of a Reporting Issuer” (“**NI-54-101**”), the Company will have caused its agent to distribute copies of the Notice of Meeting and this Circular (collectively, the “**meeting materials**”) as well as a Voting Instruction Form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

*These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your*

*name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.*

*By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for Voting Instruction Form enclosed with mailings to NOBOs.*

The meeting materials distributed by the Company's agent to NOBOs include a Voting Instruction Form. Please carefully review the instructions on the Voting Instruction Form for completion and deposit.

*Distribution to OBOs*

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with **Computershare Investor Services Inc.** in the manner set out above in this circular, with respect to the common shares beneficially owned by such OBO; **OR**
- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (often called a "**proxy authorization form**") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

**Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

## **B. Compensation Discussion and Analysis**

### ***Compensation Program Objectives***

The objectives of the Company’s executive compensation program are as follows:

- (a) to attract, retain and motivate talented executives who create and sustain the Company’s continued success;
- (b) to align the interests of the Company’s executives with the interests of the Company’s shareholders; and
- (c) to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Company is a venture company involved in mineral exploration and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of the NEOs.

### ***Purpose of the Compensation Program***

The Company's executive compensation program has been designed to reward executives for reinforcing the Company's business objectives and values, for achieving the Company's performance objectives and for their individual performances.

### ***Elements of Compensation Program***

The executive compensation program consists of a combination of base salary, performance bonus and stock option incentives.

### ***Purpose of Each Element of the Executive Compensation Program***

The base salary of an NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

In addition to a fixed base salary, each NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. The pre-established, quantitative target(s) used to determine performance bonuses are set each fiscal year. Awards under this plan are made by way of cash payments only, which payments are made at the end of the fiscal year.

Stock options are generally awarded to NEOs on an annual basis based on performance measured against set objectives. The granting of stock options upon hire aligns NEOs' rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Company's performance and in the value of the shareholders' investments.

### ***Determination of the Amount of Each Element of the Executive Compensation Program***

#### ***Compensation Committee***

The Board as a whole serves as the Compensation Committee which is responsible for reviewing the adequacy and form of compensation paid to the Company's executives and key employees, and ensuring that such compensation realistically reflects the responsibilities and risks of such positions. In fulfilling its responsibilities, the Compensation Committee evaluates the performance of the chief executive officer and other senior management in light of corporate goals and objectives, and makes recommendations with respect to compensation levels based on such evaluations.

#### ***Base Salary***

The base salary review of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary is not evaluated against a formal "peer group". The Compensation Committee relies on the general experience of its members in setting base salary amounts.

#### ***Performance Bonuses***

The Compensation Committee oversees the operation of the Company's bonus plan by evaluating and approving the targets and the objectives to be met by the NEO and the amount of bonus payable at specific levels of attainment of those targets and objectives. The bonus for each individual NEO varies dependent upon the

position and the factors considered in assessing the bonus amounts include, but are not limited to, expense control and attainment of specific strategic business goals.

### *Stock Options*

The Company has established a formal plan (the “Stock Option Plan”) under which stock options are granted to directors, officers, employees and consultants as an incentive to serve the Company in attaining its goal of improved shareholder value. The Board, based on recommendations of the Compensation Committee where appropriate, determines which NEOs (and other persons) are entitled to participate in the Stock Option Plan; determines the number of options granted to such individuals; and determines the date on which each option is granted and the corresponding exercise price. For further information regarding the Stock Option Plan refer to “C. Approval of Adoption of 10% “Rolling” Stock Option Plan under Item XV. (“Particulars of Matters to be Acted Upon”).

The Board makes these determinations subject to the provisions of the existing Stock Option Plan and, where applicable, the policies of the TSX Venture Exchange.

Previous grants of option-based awards are taken into account when considering new grants.

### *Link to Overall Compensation Objectives*

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary of each NEO, combined with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

**XII. MANAGEMENT CONTRACTS**

Management functions of the Company are not, to any substantial degree, performed by a person or persons other than the Directors or Senior Officers of the Company.

**XIII. CORPORATE GOVERNANCE DISCLOSURE**

The TSX-V on which the Company's shares are listed has issued guidelines on corporate governance procedures for listed companies with a Tier 1 status and requires full and complete annual disclosure of listed companies' systems of corporate governance with reference to each of such guidelines (the "Guidelines"). Where a company's corporate governance system differs from the Guidelines, each difference and the reason for the difference is required to be disclosed.

The following table describes the Company's approach to corporate governance with reference to the specifically enumerated Guidelines.

Exchange Guidelines	The Company's Approach
1. The board should explicitly assume responsibility for stewardship of the Company and, as part of the overall stewardship responsibility, should assume responsibility for the following matters:	The board of directors is responsible for supervising the management of the Company's business and the conduct of the Company's affairs generally.
(a) adoption of a strategic planning process	The board, as a whole, participates in discussions on corporate strategy and, if appropriate, approves the strategies and implementation plans recommended by management.
(b) the identification of principal risks of the Company's business and ensuring the implementation of appropriate systems to manage these risks;	The board takes responsibility for identifying the principal risks of the Company's business.  The Company maintains insurance policies covering its property and its third party liability exposures.  Other risk management systems are implemented when required and are based on the board's knowledge of the mineral exploration industry, the regulatory and competitive environment, and general economic conditions.
(c) succession planning, including appointing, training and monitoring senior management.	The board is responsible for succession planning, including the recruitment, training, supervision, compensation and performance assessment of the Company's senior management personnel.

Exchange Guidelines	The Company's Approach
(d) a communications policy for the Company; and	The official spokesperson for the Company is J. William Morton, President and CEO.
(e) the integrity of the Company's internal control and management information systems	<p>The board is aware of all current regulatory requirements with respect to continuous disclosure rules and regulations applicable to the Company as a venture issuer.</p> <p>The board expects senior management to implement and maintain appropriate disclosure controls and procedures that address the quality and timeliness of communications between the Company, its shareholders, the public and the regulatory authorities.</p> <p>The board has delegated to the audit committee the responsibility of reviewing the Company's financial controls and procedures.</p>
<p>2. The board of directors of every corporation should be constituted with a majority of individuals who qualify as unrelated directors. An "unrelated" director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the corporation, other than interests and relationships arising from shareholding. A related director is a director who is not an unrelated director. If a corporation has a significant shareholder, in addition to a majority of unrelated directors, the board should include a number of directors who do not have interests in or relationships with either the corporation or the significant shareholder and which fairly reflects the investment in the corporation by shareholders other than the significant shareholder. A significant shareholder is a shareholder with the ability to exercise a majority of the votes for the election of the board of directors.</p>	<p>The board is of the view that, although a board with a majority of unrelated directors is desirable, the present size and stage of development of the Company make it impractical to implement such a policy at this time.</p> <p>The Company does not have a significant shareholder.</p>
<p>3. The application of the definition of "unrelated director" to the circumstances of each individual director should be the responsibility of the board which will be required to disclose on an annual basis whether the board has a majority of unrelated directors or, in the case of a corporation with a significant shareholder,</p>	<p>J. William Morton and David M. Douglas are "related" because they held or hold senior management positions in the Company.</p> <p>Paul Way, Glen L. Garratt and Alan R. Scott are "unrelated".</p>

Exchange Guidelines	The Company's Approach
<p>whether the board is constituted with the appropriate number of directors which are not related to either the corporation or the significant shareholder. Management directors are related directors. The board will also be required to disclose on an annual basis the analysis of the application of the principles supporting this conclusion.</p>	
<p>4. The board of directors of every corporation should appoint a committee of directors composed exclusively of outside, i.e. non-management, directors, a majority of whom are unrelated directors, with the responsibility for proposing to the full board new nominees to the board and for assessing directors on an ongoing basis.</p>	<p>The Company does not, at this time, have a specific committee responsible for the appointment or assessment of directors.</p>
<p>5. Every board of directors should implement a process to be carried out by the nominating committee for assessing the effectiveness of board as a whole, the committees of the board and the contribution of individual directors.</p>	<p>The Board does not, at the present time, have a formal process in place for assessing the effectiveness of the board as a whole, its committees or individual directors.</p>
<p>6. Every corporation, as an integral element of the process for appointing new directors, should provide an orientation and education program for new recruits to the board.</p>	<p>The Company has had continuity of at least five directors on its board since 1998. Therefore orientation and education of new directors is not a priority at this time.</p>
<p>7. Every board of directors should examine its size and, with a view to determining the impact of the number upon effectiveness, undertake where appropriate, a program to reduce the number of directors to a number which facilitates more effective decision-making.</p>	<p>The board considers its current size satisfactory for effective decision-making in light of the Company's size and stage of development.</p>
<p>8. The board of directors should review the adequacy and form of compensation of directors and ensure the compensation realistically reflects the responsibilities and risk involved in being an effective director.</p>	<p>Board members are not compensated for their services in their capacity as directors or for committee participation other than through incentive stock options.</p>
<p>9. Committees of the board should generally be composed of outside directors, a majority of whom are unrelated directors, although some board committees, such as the executive committee, may include one or more inside directors.</p>	<p>A majority of the Company's only committee, the audit committee, are made up of "outside" and "unrelated" directors.</p>

<p>10. Every board of directors should expressly assume responsibility for, or assign to a committee of directors the general responsibility for, developing the corporation's approach to governance issues. This committee would, amongst other things, be responsible for the corporation's response to these governance guidelines.</p>	<p>The entire board is responsible for developing and implementing the Company's approach to corporate governance.</p>
<p>11. The board of directors, together with the CEO, should develop position descriptions for the board and for the CEO, involving the definition of the limits of management's responsibilities. In addition, the board should approve or develop the corporate objectives, which the CEO is responsible for meeting.</p>	<p>The board and the CEO have not, to date, developed formal, documented position descriptions for the Board and the CEO defining the limits of management's responsibilities.</p>
	<p>It is the opinion of the board that the respective corporate governance roles of the board and management, as represented by the CEO, are clear and the board is satisfied that senior management and individual directors are aware of their respective responsibilities.</p> <p>The board is responsible for approving long-term strategic plans and annual operating plans recommended by management.</p> <p>Board consideration and approval is also required for all material contracts and significant business transactions and all debt and equity financing proposals.</p> <p>The board approves the interim and annual financial statements together with the applicable management discussion and analysis filed with the regulatory authorities.</p>
	<p>The board delegates to management, through the CEO, responsibility for meeting the defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company's business in the ordinary course, managing the Company's cash resources, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.</p>
<p>12. Every board of directors should have in place appropriate structures and procedures to ensure that the board can function independently of management. An appropriate structure would be (i) appoint a chair of the board who is not a</p>	<p>It is the considered opinion of the board that there is sufficient independence of the board from management and that the board's independence is not compromised. The board believes that its current composition is sufficient to ensure that the board can function independently given the</p>

<p>member of management with responsibility to ensure the board discharges its responsibilities or (ii) adopt an alternate means of assessing this responsibility to a committee of the board or to a director, sometimes referred to as the “lead director”. Appropriate procedures may involve the board meeting on a regular basis without management present or may involve expressly assigning the responsibility for administering the board’s relationship to management to a committee of the board.</p>	<p>stage of the Company’s development.</p> <p>The Company’s audit committee has specific authority to retain external advisors, as appropriate (at the expense of the Company). Individual directors can request at any time a meeting restricted to outside members of the board for the purpose of discussing matters independently of management.</p>
<p>13. The audit committee of every board of directors should be composed only of outside directors. The roles and responsibilities of the audit committee should be specifically defined as to provide appropriate guidance to the audit committee members as to their duties. The audit committee should have direct communication channels with the internal and external auditors to discuss and review specific issues as appropriate. The audit committee duties should include oversight responsibility for management reporting on internal control. While it is management’s responsibility to design and implement an effective system of internal control, it is the responsibility of the audit committee to ensure that management has done so.</p>	<p>The audit committee is responsible for overseeing the Company’s financial reporting obligations, financial systems and disclosure and acts as a liaison between the board and the Company’s auditors.</p> <p>The audit committee reviews the annual financial statements, ensures that internal controls over accounting and financial systems are maintained and that accurate financial information is provided to shareholders. The audit committee also reviews the results of internal and external audits and any change in accounting procedures or policies, and evaluates the performance of the Company’s auditors.</p>
<p>14. The board of directors should implement a system, which enables an individual director to engage outside advisor, at the expense of the corporation in appropriate circumstances. The engagement of the outside advisor should be subject to approval of an appropriate committee of the board.</p>	<p>Individual directors may engage outside advisors at any time (at the expense of the Company) to provide advice with respect to a corporate decision or action.</p>

***Board of Directors***

The Board of Directors presently consists of five directors, three of whom are considered to be independent. The definition of independence used by the Company is that used by the Canadian Securities Administrators, which is set out in section 1.4 of National Instrument 52-110 *Audit Committees* (“**NI 52-110**”). A director is independent if he or she has no direct or indirect material relationship to the Company. A “material relationship” is a relationship which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of the director’s independent judgment. Certain types of relationships are by their very nature considered to be material relationships and are specified in section 1.4 of NI 52-110.

Glen L. Garratt, R. Paul Way and Alan R. Scott are considered to be independent directors. J. William Morton and David M. Douglas are not considered to be independent as they are “executive officers” (as that term is defined in NI 52-110) of the Company.

The Board believes that the principal objective of the Company is to generate economic returns with the goal of maximizing shareholder value, and that this is to be accomplished by the Board through its stewardship of the Company. In fulfilling its stewardship function, the Board’s responsibilities will include strategic planning, appointing and overseeing management, succession planning, risk identification and management, environmental oversight, communications with other parties and overseeing financial and corporate issues. Directors are involved in the supervision of management.

The Company has not developed written position descriptions for the CEO or CFO. The CEO J. William Morton and the CFO David M. Douglas are not independent. Pursuant to the *Business Corporations Act* (British Columbia), directors must declare any interest in a material contract or transaction or a proposed material contract or transaction. Further, the independent members of the Board of Directors have the ability to meet independently of management members when warranted. During the past financial year, the Board of Directors met 3 times or conducted all its other business by written resolution.

#### *Orientation and Continuing Education*

New directors of the Company are provided with a package of pertinent information about the Company which includes written information about the duties and obligations of directors, the business and operations of the Company and documents from recent board meetings. Specific details of the orientation of each new director are tailored to that director’s individual needs and areas of interest.

The Company also provides continuing education to directors by way of management presentations to ensure that their knowledge and understanding of the Company’s business remains current. The Company’s financial and legal advisers are also available to the Company’s directors.

#### *Nomination of Directors*

The Company does not have a formal process or committee for proposing new nominees for election to the Board of Directors. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members.

#### *Compensation*

The Board as a whole serves as the Compensation Committee, which is responsible for reviewing the adequacy and form of compensation paid to the Company’s executives and key employees, and ensuring that such compensation realistically reflects the responsibilities and risks of such positions. In fulfilling its responsibilities, the Compensation Committee evaluates the performance of the CEO and other senior management in light of corporate goals and objectives, and makes recommendations with respect to compensation levels based on such evaluations.

#### *Other Board Committees*

The Board has not established any committees other than the Audit Committee and the Compensation Committee.

***Assessments***

There is no formal committee with the responsibility for assessing the effectiveness of the Board of Directors as a whole. The Board as a group regularly reviews its performance and assesses the effectiveness of the Board as a whole.

***Participation of Directors in Other Reporting Issuers***

Certain of the directors of the Company (or nominees for director) are presently a director in one or more other reporting issuers, as follows:

<b>Name of Director</b>	<b>Other Reporting Issuers</b>
J. William Morton	Lorraine Copper Corp. Cariboo Rose Resources Ltd. Consolidated Woodjam Copper Corp.
Paul Way	Cariboo Rose Resources Ltd.
Glen L. Garratt	Lorraine Copper Corp. Cariboo Rose Resources Ltd. Consolidated Woodjam Copper Corp.
David M. Douglas	Lorraine Copper Corp. Cariboo Rose Resources Ltd. Northisle Copper and Gold Inc. Consolidate Woodjam Copper Corp.
Alan R. Scott	Cariboo Rose Resources Ltd.

**XIV. AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR**

National Instrument 52-110 of the Canadian Securities Administrators (“NI 52-110”) requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

***Audit Committee Charter***

The Company’s audit committee is governed by an audit committee charter, the text of which is attached as Schedule “A” to this Information Circular.

### ***Composition of the Audit Committee***

The Company's audit committee consists of three directors, Glen L. Garratt, Paul Way and Alan R. Scott. As defined in NI 52-110, each of the members of the audit committee is "independent".

A member of the audit committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's board of directors, reasonably interfere with the exercise of the member's independent judgment.

### ***Relevant Education and Experience***

NI 52-110 provides that a member of the audit committee is considered to be "financially literate" if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company's audit committee are considered to be "financially literate", as that term is defined in NI 52-110.

Glen L. Garratt is a professional geologist with over twenty-five years experience as a senior officer, director, audit committee member and consultant to several resource-based public companies.

Paul Way is a Professional Engineer with 10 years' experience. He finished his Engineering degree at Memorial University in 1994 and worked in the area of alternative energy development for several years. He finished a MBA at UBC in 2006 and subsequently joined Eastfield assisting with its business and marketing strategies.

Alan R. Scott graduated from UBC with a B.Sc in Geophysics in 1970 and obtained an MBA in 1982. He has been working as a Geophysicist in the field of mineral exploration since 1970. Alan established Scott Geophysics Ltd. In 1987, specializing in Induced Polarization Surveys. Previous associations have included positions as a geophysicist with Gulf Minerals, Cominco, and Anaconda.

The board of directors believes that the audit committee members have the relevant education and experience to comply with NI 52-110.

### ***Audit Committee Oversight***

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

### ***Reliance on Certain Exemptions***

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The Company is relying on the exemption provided by section 6.1 of NI 52-110 which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

### ***External Auditor Service Fees***

In the following table, “audit fees” are fees billed by the Company’s external auditor for services provided in auditing the Company’s annual financial statements for the subject year. “Audit-related fees” are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements. “Tax fees” are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. “All other fees” are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its auditor in each of the last two fiscal years, by category, is as follows:

<b>Financial Period Ending</b>	<b>Audit Fees<sup>(7)</sup></b>	<b>Audit Related Fees<sup>(8)</sup></b>	<b>Tax Fees<sup>(9)</sup></b>	<b>All Other Fees<sup>(10)</sup></b>
February 28, 2018	\$25,000	Nil	\$1,500	Nil
February 28, 2017	\$25,000	Nil	Nil	Nil

### ***Pre-Approval Policies and Procedures***

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described in the Audit Committee Charter under the heading “External Auditors”.

## **XV. PARTICULARS OF MATTERS TO BE ACTED UPON**

### **A. Election of Directors**

Management intends to propose for adoption an ordinary resolution that the number of directors of the Company be fixed at **five (5)**.

Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. In the absence of instructions to the contrary, the shares represented by proxy will, on a poll, be voted for the nominees herein listed. **Management does not contemplate that any of the nominees will be unable to serve as a director.**

<sup>(7)</sup> “Audit Fees” include fees necessary to perform the annual audit and quarterly reviews of the Company’s financial statements. The above information was provided by management of the Company.

## **B. Appointment of Auditors**

Management proposes that Hay & Watson, Chartered Professional Accountants, of Vancouver, British Columbia be reappointed Auditors of the Company for the ensuing year at a remuneration to be negotiated between the Auditors and the Directors.

### ***Directors’ Recommendation***

Management has determined that the reappointment of Hay & Watson as Auditors of the Company for the ensuing year at a remuneration to be negotiated between the Auditor and the Directors is in the best interests of the Company and its shareholders and unanimously recommends that shareholders vote in favour of the ordinary resolution in respect of same.

### ***Shareholder Approval***

As disclosed above, the reappointment of Auditors at a remuneration to be negotiated between the Auditors and the Directors is subject to the Company receiving shareholder approval therefor.

The form of resolution to be placed before shareholders at the Meeting is as follows:

**“Be it resolved that, as an ordinary resolution, with or without amendment:**

1. the reappointment of Hay & Watson as Auditors of the Company for the ensuing year, at a remuneration to be negotiated between the Auditors and the Directors, is hereby approved, ratified and confirmed.
2. The board of directors of the Company is authorized to perform such further acts and execute such further documentation as may be required to give effect to the foregoing.”

**The persons named in the form of Proxy, if named as proxy, intend to vote such Proxy in favour of the resolution to approve the reappointment of Auditors at a remuneration to be negotiated between the Auditors and the Directors, unless a shareholder has specified in its Proxy that its common shares are to be withheld in respect of such resolution. If no choice is specified by the shareholder to vote for or to withhold in respect of the resolution referred to above, the persons whose names are printed in the enclosed form of Proxy intend to vote in favour of the resolution.**

**C. Approval of Adoption of 10% “Rolling” Stock Option Plan**

To date, the shareholders of the Company have approved the Company's "fixed number" Stock Option Plan, which currently permits the granting of options entitling the holders thereof to purchase up to a maximum of 4,489,491 common shares. October 1, 2018, the Company announced that it had adopted a 10% "rolling" Stock Option Plan, subject to shareholder approval and TSX Venture Exchange acceptance. This new Stock Option Plan will limit the granting of options to 10% of the outstanding common shares of the Company at the date of any such grant. (As of the date of this Information Circular, in the event this 10% "rolling" Stock Option Plan was in effect, the maximum number of shares that would be available for incentive stock options granted under said Stock Option Plan would be approximately 4,489,000)

Accordingly, at the Meeting, shareholders will be asked to consider, and if thought fit, to pass an ordinary resolution approving the adoption by the Company of said 10% "rolling" Stock Option Plan (the "New Plan"). In this regard, it is a condition of the TSX Venture Exchange that shareholders approve the adoption of the New Plan at an annual general meeting, and that they also approve the renewal of the New Plan at each subsequent annual general meeting.

The purpose of the New Plan will be to assist the Company in attracting, retaining and motivating directors, officers, employees and consultants of the Company and to closely align the personal interests of such directors, officers, employees and consultants with the interests of the Company and its shareholders. Options granted under the New Plan would not be assignable and could be granted for a term not exceeding that permitted by the Exchange (currently ten years). A summary of the material aspects of the New Plan is as follows:

1. the New Plan would be administered by the Company's Board of Directors or, if the Board so designates, a Committee of the Board appointed in accordance with the New Plan to administer the Plan;
2. the maximum number of shares in respect of which options could be outstanding under the New Plan at any given time would be equivalent to 10% of the issued and outstanding shares of the Company at that time, less the number of shares, if any, subject to options already granted;

3. following termination of an optionee's employment, directorship, consulting agreement or other qualified position, the optionee's option would terminate upon the expiry of such reasonable period of time following termination as had been determined by the directors;
4. an option granted under the New Plan would terminate one year following the death of the optionee. (These provisions would not have the effect of extending the term of an option which would have expired earlier in accordance with its terms, and would not apply to any portion of an option which had not vested at the time of death or other termination);
5. as long as required by Exchange policy, no one individual could receive options on more than 5% of the issued and outstanding shares of the Company (the "Outstanding Shares") in any 12 month period, no one consultant could receive options on more than 2% of the Outstanding Shares in any 12 month period, and options granted to persons employed to provide investor relations services could not exceed, in the aggregate, 2% of the Outstanding Shares in any 12 month period;
6. options could not be granted at prices that are less than the Discounted Market Price as defined in the Exchange policy which, subject to certain exceptions, generally means the most recent closing price of the Company's shares on the Exchange, less a discount of from 15% to 25%, depending on the trading value of the Company's shares;
7. any amendment of the terms of an option would be subject to any required regulatory and shareholder approvals; and

AUDIT COMMITTEE CHARTER****The Audit Committee’s Charter***Mandate*

The primary function of the audit committee (the “Committee”) is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company’s systems of internal controls regarding finance and accounting and the Company’s auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company’s policies, procedures and practices at all levels. The Committee’s primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company’s financial reporting and internal control system and review the Company’s financial statements.
- Review and appraise the performance of the Company’s external auditors.
- Provide an open avenue of communication among the Company’s auditors, financial and senior management and the Board of Directors.

*Composition*

The Committee shall be comprised of three Directors as determined by the Board of Directors, the majority of whom shall be free from any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of his or her independent judgment as a member of the Committee.

At least one member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Company’s Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company’s financial statements.

The members of the Committee shall be elected by the Board of Directors at its first meeting following the annual shareholders’ meeting. Unless a Chair is elected by the full Board of Directors, the members of the Committee may designate a Chair by a majority vote of the full Committee membership.
