("Record" or the "Company") should be read in conjunction with the unaudited condensed interim financial statements for the period ended June 30, 2025 (the "Reporting Period"), the audited financial statements for the year ended September 30, 2024, and the notes thereto, prepared in accordance with International Financial Reporting Standards ("IFRS").

The effective date of this MD&A is August 28, 2025.

OVERVIEW

Record is a publicly traded company that operates in the mining exploration and development industries. The Company's primary listing exchange is the TSX Venture Exchange (TSXV: REC).

Background

During the year ended September 30, 2023, the Company began to seek exploration opportunities in the mineral sectors with concentration on gold and other precious metals.

The Company continued to seek exploration opportunities in the mineral sectors during the year ended September 30, 2024 and the period ended June 30, 2025.

CORPORATE HIGHLIGHTS FOR THE REPORTING PERIOD

During the twelve-month period ended September 30, 2024, the Company announced the following developments.

The Company has entered into an option agreement with an arms-length, private, Ontario exploration company to acquire 100 percent interests in three of its lithium properties and one of the uranium properties in Western Ontario.

The Whitemud River lithium prospect consists of 111 claims and is approximately 200 kilometres east of Red Lake and approximately 125 kilometres northeast of Sioux Lookout. The Company has also optioned a uranium property in western Ontario consisting of 10 claims.

The uranium and lithium properties are part of the same agreement. The private exploration company, the Optionor, will receive 2,100,000 common shares of the Company, the Optionee, over three years (700,000 share per year) and a cash payment of \$64,000 payable over three years. \$24,000 payable in the first year and \$20,000 in year two and \$20,000 in year three.

The vendor holds net smelter royalty agreements on each of the properties under the following terms: upon the exercise of the Option, the Optionee will grant a Royalty to the Optionor. The Optionor will retain a 1.5% Royalty. The Optionee or its assigns shall have the right at any time to purchase from Optionor zero-point five percent (0.5%) Net Smelter Returns Production Royalty by way of a payment to the Optionor of the sum of \$500,000. An additional zero-point five (0.5%) Net Smelter Returns Production Royalty can be purchased by the Optionee for \$1 million. The final zero-point percent (0.5%) Net Smelter Returns Production Royalty can be purchased by the Optionee for \$1.5 million.

The Company closed private placements of \$49,655 and issued 1,453,714 units at \$0.035 per unit. Each unit consists of one common share and one common share purchase warrant at exercise price of \$0.06 per share for two years.

The Company has acquired an option on a large package of uranium claims northeast of Thunder Bay, Ont., Canada. The option covers a large area known as the Malborne property and is owned by privately-held

exploration companies, 2758145 (Ontario) Inc and 1170331 BC Ltd. (the optionor). The land package consists of 780 claims stretching over 16,320 hectares (163 square kilometres) and is located 110 kilometres northeast of Thunder Bay, Ontario. The Company can own 100 percent of the claims by paying \$300,000 at closing on or before May 31, 2024 and by issuing a total of 6.9 million shares in instalments over a two-year period. Three million of the total 6.9 million shares are payable at closing. An additional two million shares is payable on March 30, 2025. A last payment of 1.9 million shares is payable on March 30, 2026. The shares to be issued as part of this agreement are valued at \$0.035 per share. No finder's fee was paid. This transaction was not closed as of June 30, 2025 (no cash payment has been made yet and no shares have been issued yet).

The Company has entered into option agreements with two private exploration companies to explore for uranium on an additional 200 claims. The claims are contiguous or in close proximity to the company's 16,320-hectare (780-claim) Malborne block. In an agreement with optionor one, the Company acquired an option on the Church North property located to the southwest of the main Malborne block. The Church North property consists of 100 claims. Optionor one consists of prospecting groups 2758145 Ontario Inc. and Robin Dunbar. In an agreement with optionor two, the Company acquired an option on the Ferguson Lake property consisting of 75 claims which are located on the north side of the Malborne claim block. Optionor two are prospecting groups 2758145 Ontario, Peter Gehrels and Allan Onchulenko. Also, in the same agreement with optionor two, the company acquired an option on the Church Northwest property (14 claims) and the U property (11 claims), both situated on the southwest side of the Malborne claim block. The terms of the agreement for the Church North property (optionor one) are the same as they are for the Ferguson Lake properties (optionor two). The Company can own 100 per cent of each package of claims by paying to each optionor separately \$20,000 at closing on or before June 30, 2024, and by issuing a total of 900,000 common shares of the company; 300,000 common shares on signing, 300,000 common shares on the 1st anniversary and a final 300,000 common shares on the 2nd anniversary of signing date. On the first anniversary of the closing and additional cash payment of \$30,000 is due and on the second anniversary of closing a final cash payment of \$50,000 is due. The optionors will retain a 1.5-per-cent royalty. The Company or its assigns shall have the right at any time to purchase from optionors 0.5-per-cent net smelter return production royalty by way of a payment to the optionor of the sum of \$500,000. An additional 0.5-per-cent net smelter return production royalty can be purchased by the Company for \$1million. The final 0.5-per-cent net smelter return production royalty can be purchased by the Company for \$1.5-million. The shares to be issued as part of this agreement are valued at five cents per share. No finder's fee was paid. This arm's-length agreement was signed on May 2, 2024. This transaction was not closed as of June 30, 2025 (no cash payment has been made yet and no shares have been issued yet).

During the nine-month period ended June 30, 2025, the Company announced the following developments.

The Company issued 1,000,000 shares at \$0.05 per share in lieu of the cash payment for the acquisition of the Kenogami East Property.

On December 30, 2024, the Company closed a \$330,000 LIFE (listed issuer financing exemption) offering and \$107,000 first tranche of a private placement. The combined offering raised total proceeds of \$437,000 through the issuance of 14,566,666 units. Each unit, priced at \$0.03, consisted of one common share and one-half share purchase warrant of the Company. The Company entered into an agreement with a private party dated October 28, 2024 to acquire a 100-per-cent interest in 27 mineral claims known as the Paradis Bay claims in the Timiskaming area of Ontario seeking potential hydrogen discoveries. The vendor will receive 2,000,000 common shares of the Company over two-year period and a one-time cash payment of \$50,000 payable in six months. The vendor holds a 1% NSR on the properties with half of the NSR can be purchased by paying \$1,000,000.

The Company entered into an option agreement dated December 12, 2024 to acquire a 100-per-cent interest

in the Lorrain-Bucke property in Ontario seeking potential hydrogen discoveries. The optioners will receive 9,000,000 common shares of the Company and cash payment of \$90,000 payable in 4 instalments over a four-year period. The optionors and the owners together hold a 2% gross revenue royalty (GRR) on the properties with half of the GRR can be purchased by paying \$2,000,000. This acquisition has been closed and 9,000,000 common shares have been issued on March 20, 2025 and cash payments of \$21,000 have been made.

The Company entered into agreements with two private groups dated January 31, 2025 to acquire a 100-per-cent interest in 300 mineral claims known as the Beauchamp property in Ontario seeking potential hydrogen discoveries. The two groups of vendors will receive 12,500,000 common shares of the Company and a one-time cash payment of \$39,000. The vendor holds a 1% NSR on the properties with half of the NSR can be purchased by paying \$1,000,000. This acquisition has been closed and 12,500,000 common shares have been issued on February 20, 2025 and cash payments of \$39,000 have been made.

On April 1, 2025, the Company entered into a consulting agreement with a company from Quebec ("Consultant") in assisting the Company in developing its oil & gas business in West Africa and particularly in Gabon and Congo-B. The consulting agreement is for three months and the Company shall pay the Consultant a total fee of \$300,000. The Company has already recognized this fee in its accrued liability as of June 30, 2025. In July 2025, the Company entered into a debt settlement agreement with this consultant to settle an amount of \$300,000 in outstanding debt obligations through the issuance of six million common shares of the Company at a deemed price of five cents per common share.

The Company entered into a service agreement with a company from South Africa in assisting the Company to develop its oil & gas business in Africa and particularly in Gabon. Subject to its completion of signing a definitive agreement in acquiring a significant development oil & gas project in Gabon and the Company has raised a minimum financing of US\$8,000,000, the Company shall pay a service fee of US\$2,000,000 over a two year period as below:

- at the end of the 4th quarter of 2025, two equal payments amounting to US\$400,000 each;
- at the end of 2nd quarter of 2026, a payment of US\$600,000; and
- at the end of 1st quarter of 2025, a payment of US\$600,000.

FINANCIAL HIGHLIGHTS FOR THE REPORTING PERIOD

The Company reported total assets of \$1,553,105 as at June 30, 2025 (September 30, 2024: \$2,436), a significant increase of \$1,550,669 or 636,564% due to significant financing raised and 22,500,000 shares were issued to complete the acquisitions of three optioned properties during the period.

Shareholders' equity was \$642,168 as at June 30, 2025 (September 30, 2024: deficiency of \$332,971), a significant increase of \$975,139 as result of issuance of shares of \$1,886,090 together with a loss of \$905,051 during the period ended June 30, 2025. There are also a subscription receivable of \$5,900 still to be received from shareholders.

For the nine-month period ended June 30, 2025, the Company had working capital deficit of \$901,269 (September 30, 2024 – \$332,972) comprised of cash or cash equivalents, short term payable, loan payable, accounts payable and accrued liabilities and due to related parties. The Company reported a net loss of \$905,051 in the reporting period (2024 – \$1,235,712), a significant decrease of \$353,515 in net loss mainly resulted from no impairment in mineral properties in current period comparing to prior period together with more operating activities in the current period which includes raising financing and acquiring more mineral properties and seeking other oil & gas projects in Gabon, West Africa.

OUTLOOK

The Company is transforming itself to seek potential asset acquisitions in the mineral resources sector and to become a junior mineral exploration company. The Company seeks to enlarge its property base of gold exploration properties situated in Ontario. The Company has since expanded its mineral properties interests into lithium and uranium during the year of 2023 and 2024. During the period ended June 30, 2025, the Company has further expanded its mineral properties interest into natural or green hydrogen discoveries and decided not to maintain any of its interest in lithium and uranium but continue to further develop its interests

in gold properties. With accumulated deficit of \$5,653,589 as at the end of the reporting period indicates the existence of a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. Additionally, the Company will continue to seek opportunities in the resources sectors, including additional asset acquisitions of or joint venture in opportunities in the mining and exploration sectors. The Company is also actively seeking projects in energy sectors in West Africa.
