
INFORMATION CIRCULAR

INFORMATION PROVIDED AS AT AUGUST 11, 2017 FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON SEPTEMBER 15, 2017.

This information circular (“Information Circular”) is furnished in connection with the solicitation of proxies by management of Goldbank Mining Corporation (the “Company”) for use at the annual general meeting of shareholders to be held on September 15, 2017 (the “Meeting”) and any adjournment thereof at the time and place and for the purposes set forth in the notice of annual general meeting (“Notice of Meeting”).

The cost of this solicitation will be borne by the Company. In addition to the solicitation of proxies by mail, directors, officers and some regular employees may solicit personally, but will not receive compensation for so doing.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy.** To exercise this right, a shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy. The completed instrument of proxy should be deposited at the registered office of the Company at 702 – 889 West Pender Street, Vancouver, British Columbia, V6C 3B2 at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

The instrument of proxy must be dated and be signed by the shareholder or by his attorney in writing, or, if the shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer. In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy either by (a) signing a proxy bearing a later date and depositing it at the registered office of the Company at the address and within the time set out above, or (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the registered office of the Company at the address and within the time set out above or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

NON-REGISTERED HOLDERS OF COMPANY’S SHARES

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shareholders who do not hold their common shares in their own name (“Beneficial Shareholders”) are advised that only proxies from shareholders of record can be recognized and voted at the Meeting. Beneficial Shareholders who complete and return an instrument of proxy must indicate thereon the person (usually a brokerage house) who holds their common shares as registered shareholder. Every intermediary (broker) has its own mailing procedure, and provides its own return instructions, which should be carefully followed.

If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in such shareholder’s name on the records of the Company. Such common shares will more likely be registered under the name of the shareholder’s broker or agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration for the Canadian Depository for Securities, which company acts as nominee for many Canadian brokerage firms). Common shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers/nominees are prohibited from voting shares for their clients. The directors and officers of the Company do not know for whose benefit the common shares registered in the name of CDS & Co. are held.

In accordance with National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), the Company has distributed copies of the Notice of Meeting, this Information Circular and the proxy to the clearing agencies and intermediaries for onward distribution to non-registered shareholders. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings unless the Beneficial Shareholders have waived the right to receive meeting materials. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the voting instruction form supplied to a Beneficial Shareholder by its broker is identical to the proxy provided by the Company to the registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. Should a Beneficial Shareholder receive such a form and wish to vote at the Meeting, the Beneficial Shareholder should strike out the management proxyholder’s name in the form and insert the non-registered shareholder’s name in the blank provided. The majority of brokers now delegate the responsibility for obtaining instructions from clients to Broadridge. Broadridge typically creates its own proxy forms in a “voting instruction form” format, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to submit their voting instructions to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting – voting instructions must be provided to Broadridge well in advance of the Meeting in order to have the common shares voted. Voting instructions may be submitted to Broadridge by mail, on the internet or by telephone, as specified on the voting instruction form.

The Company is not relying on the “notice-and-access” provisions set out in NI 54-101 to distribute copies of the proxy-related materials in connection with the Meeting. The Company is not sending proxy-related materials directly to non-objecting beneficial owners (“NOBOs”).

Management of the Company does not intend to pay for intermediaries to deliver to objecting beneficial owners (“OBOs”) under NI 54-101 the Meeting Materials and Form 54-101F7 *Request for Voting Instructions Made by Intermediary*. OBOs will not receive the Meeting Materials and Form 54-101F7 unless the intermediary holding shares on behalf of the OBO assumes the cost of delivery.

All references to shareholders in this Information Circular and the accompanying proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

VOTING OF PROXIES

The securities represented by the proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for, and if the shareholder specifies a choice with respect to any matter to be acted upon, the securities shall be voted accordingly. The form of proxy confers authority upon the named proxyholder with respect to matters identified in the accompanying Notice of Meeting.

IF A CHOICE WITH RESPECT TO SUCH MATTERS IS NOT SPECIFIED, IT IS INTENDED THAT THE PERSON DESIGNATED BY MANAGEMENT IN THE FORM OF PROXY WILL VOTE THE SECURITIES REPRESENTED BY THE PROXY IN FAVOUR OF EACH MATTER IDENTIFIED IN THE PROXY AND FOR THE NOMINEES OF MANAGEMENT FOR DIRECTORS AND AUDITOR. AN ALTERNATE PROXYHOLDER HAS DISCRETION TO VOTE THE SHARES AS HE OR SHE CHOOSES.

The proxy confers discretionary authority upon the named proxyholder with respect to amendments to or variations in matters identified in the accompanying Notice of Meeting and other matters which may properly come before the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The voting securities of the Company consist of common shares without par value. August 11, 2017 has been fixed in advance by the directors as the record date for the purposes of determining those shareholders entitled to receive notice of, and to vote at, the Meeting. The directors may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

The directors decide as a Board the compensation for the Company's NEOs. Compensation payable is determined by considering compensation paid for NEOs of companies of similar size and stage of development in the mining exploration industry and determining an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to the activities of the Board of Directors. A summary of the responsibilities and activities and the membership of each of the Committees is set out below. National Policy 58-201 *Corporate Governance Guidelines* establishes

corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices which disclosure is set out below. The Board is committed to sound corporate governance practices in the interest of its shareholders and contribute to effective and efficient decision making. The Company will continue to review and implement corporate governance guidelines as the business of the Company progresses.

Independence of Members of Board

The Company's Board consists of four directors of whom Kevin Addie is independent based upon the tests for independence set forth in National Instrument 52-110 *Audit Committees*. James Boyce is not independent as he is the President and CEO of the Company. Luis Botto is not independent as he is the CFO of the Company. Barry Brown is not independent as he receives compensation for providing consulting services.

Management Supervision by Board

The size of the Company is such that all the Company's operations are conducted by a small management team which is also represented on the Board. Any director may submit items for inclusion in the agenda of matters to be discussed at meeting of the Board. The Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing the operations of the Company and have regular and full access to management. The independent directors are able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the audit committee which is composed of a majority of independent directors. The independent directors exercise their responsibilities for independent oversight of management through their majority control of the Board.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in "Election of Directors" in this Information Circular.

Orientation and Continuing Education

The Board does not have a formal orientation or education program for its members. New Board members are provided with information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies, access to all of the publicly filed documents of the Company and complete access to management and the Company's professional advisors. Historically board members have been nominated who are familiar with the Company and the nature of its business.

Board members are encouraged to communicate with management and auditors, to keep themselves current with industry trends and developments and changes in legislation with the Company's assistance, to attend industry seminars and to visit the Company's operations.

Ethical Business Conduct

The Board believes good corporate governance is an integral component to the success of the Company and to meet responsibilities to shareholders.

At present the Board has not adopted guidelines or stipulations or a code to encourage and promote a culture of ethical business conduct due to the size of its Board and its limited activities. The Company does promote ethical business conduct through the nomination of Board members it considers ethical.

Nomination of Directors

The Board has responsibility for identifying and assessing potential Board candidates. Recruitment of new directors has generally resulted from recommendations made by directors, management and shareholders. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors.

Compensation of Directors and the CEO

The directors decide as a Board the compensation for the Company's directors and officers. Compensation payable is determined by considering compensation paid for directors and CEOs of companies of similar size and stage of development in the mining exploration industry and determining an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the performance of the CEO is reviewed in light of the Company's objectives and other factors that may have impacted the success of the Company.

Board Committees

The Company does not have any standing committees in addition to the Audit Committee.

The Board is of the view that size of the Company's operations does not warrant a larger Board of Directors, and has determined that additional committees are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal periodic assessments of the effectiveness of the Board and the individual directors.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Stock Option Plan and Incentive Stock Options

The Exchange policies with respect to incentive stock options (the "Policies") provide that listed companies may only issue incentive stock options pursuant to the terms of a stock option plan that has been approved by the shareholders of the Company and the Exchange. On September 23, 2016, the Company was granted a waiver by the TSX Venture Exchange from the requirement to have a stock option plan. The Company is proposing to once again adopt a stock option plan at the Meeting. Pursuant to the Policies, management is proposing a rolling stock option plan which reserves a maximum of 10% of the issued shares of the Company from time to time for administration and grant of options under the stock option plan. The Policies require that such a rolling plan be re-approved each year by the shareholders and the Exchange.

Management of the Company believes that incentive stock options serve an important function in furnishing directors, officers, employees and consultants (collectively the "Eligible Parties") of the Company an opportunity to invest in the Company in a simple and effective manner and better aligning the interests of the Eligible Parties with those of the Company and its shareholders through ownership of shares in the Company. Accordingly, at the Meeting the shareholders will be asked to consider, and the directors, believing it to be in the best interests of the Company, recommend that the shareholders approve, the Company's proposed stock option plan (the "2017 Plan") and the allotment and reservation of sufficient common shares from treasury to provide the shares necessary for issuance upon the exercise from time to time of options granted pursuant to the 2017 Plan.

The 2017 Plan has been prepared by the Company in accordance with the policies of the Exchange and is in the form of a rolling stock option plan reserving for issuance upon the exercise of options granted pursuant to the 2017 Plan a maximum of 10% of the issued and outstanding shares of the Company at any time, less any shares required to be reserved with respect to options granted by the Company prior to the implementation of the 2017 Plan. The 2017 Plan will be administered by the Board of Directors of the Company, or a committee of three directors, if so appointed by the Board (the "Committee"). Subject to the provisions of the 2017 Plan, the Committee in its sole discretion will determine all options to be granted pursuant to the 2017 Plan, the exercise price therefore and any special terms or vesting provisions applicable thereto. The Committee will comply with all Exchange and other regulatory requirements in granting options and otherwise administering the 2017 Plan. A summary of some of the additional provisions of the 2017 Plan follows:

- (i) the aggregate number of options granted to insiders of the Company (as a group) within a 12-month period shall not exceed 10% of the issued and outstanding shares of the Company calculated at the date the option is granted to any Insider unless disinterested shareholder approval has been obtained by the Company;
- (ii) options granted to any one Person (and companies wholly-owned by that Person) as a total in any 12-month period shall not exceed 5% of the issued and outstanding shares of the Company calculated on the date an option is granted to that Person unless the requisite disinterested shareholder approval has been obtained by the Company;
- (iii) the aggregate number of options granted to any one Consultant to the Company in a 12-month period shall not exceed 2% of the issued and outstanding shares of the Company calculated at the date an option is granted to the Consultant;
- (iv) the aggregate number of options granted to all Persons retained to provide investor relations activities for the Company shall not exceed 2% of the issued and outstanding shares of the Company in any 12-month period, calculated at the date an option is granted to any such Person;

- (v) all options granted shall be non-assignable and not transferable and shall not have a term in excess of ten years;
- (vi) the exercise price of options granted shall not be less than the closing price of the Company's shares on the last trading day less any discount permitted by the Exchange, but, in any event, not less than \$0.05 per share (the "Discounted Market Price");
- (vi) options will cease to be exercisable after a "reasonable period" after the optionee ceases to serve, for any reason other than death, in his capacity as director, officer, employee or consultant as the case may be, as determined by the Committee at the time of the grant;
- (vii) in the event of the death of an optionee, the heirs, executors or other legal representatives of the optionee may exercise any options granted to such optionee, to the extent such option was exercisable by the optionee at the date of his death, for a period of one year following the date of death of the optionee;
- (viii) all options granted shall be evidenced by written option agreements; and
- (ix) any amendment to reduce the exercise price of options granted to insiders of the Company shall be subject to approval of the disinterested shareholders of the Company, the majority vote of the shareholders other than the insiders of the Company.

Pursuant to the policies of the Exchange, the shares underlying any options granted at a Discounted Market Price will be restricted from trading for a period of four months from the date of grant of the option. A copy of the 2017 Plan will be available at the Meeting for review by interested shareholders. The directors of the Company believe the 2017 Plan is in the Company's best interests and recommend that the shareholders approve the 2017 Plan.
