2024 EXPLORATION PROGRAM COMPLETED

Goldbank Mining Corporation ("Goldbank")(TSX.V-GLB) is pleased to announce the 2024 exploration program on its 100% owned Leota Gold Project in the famous historic Klondike Goldfields region of the Yukon Territory, Canada near Dawson City has been completed. Exploration included detailed geologic mapping and sampling program, trenching and a property wide airborne geophysical survey featuring magnetic and radiometric surveys covering the entirety of the Leota Gold Project.

The mapping and sampling program focuses on expanding the footprint of target zones while improving the understanding of the geology and mineralogy associated with these mineralized zones.
