

SUSTAINABLE POWER & INFRASTRUCTURE SPLIT CORP. ANNOUNCES OVERNIGHT OFFERING

Toronto, August 9, 2022 – (TSX: PWI, PWI.PR.A) Sustainable Power & Infrastructure Split Corp. (the “Company”) is pleased to announce it is undertaking an overnight treasury offering of class A and preferred shares (the “Class A Shares” and “Preferred Shares”, respectively).

The sales period for this overnight offering will end at 9:00 a.m. (ET) on Wednesday, August 10, 2022. The offering is expected to close on or about August 17, 2022 and is subject to certain closing conditions including approval by the Toronto Stock Exchange (“TSX”).

The Class A Shares will be offered at a price of \$8.95 per Class A Share for a distribution rate of 8.9% on the issue price, and the Preferred Shares will be offered at a price of \$10.00 per Preferred Share for a yield to maturity of 5.2%.⁽¹⁾ The closing market price on the TSX for each of the Class A Shares and Preferred Shares on August 8, 2022 was \$9.21 and \$10.03, respectively. The Class A Share and Preferred Share offering prices were determined so as to be non-dilutive to the most recently calculated net asset value per unit of the Company (“Unit”) (calculated as at August 8, 2022), as adjusted for dividends and certain expenses to be accrued prior to or upon settlement of the offering. The offering is being led by RBC Capital Markets.

The Company invests in a globally diversified and actively managed portfolio (the “Portfolio”) consisting primarily of dividend-paying securities of power and infrastructure companies whose assets, products and services Brompton Funds Limited (the “Manager”) believes are facilitating the multi-decade transition toward decarbonization and environmental sustainability. The Portfolio includes investments in companies operating in the areas of renewable power, green transportation, energy efficiency, and communications, among others. In order to qualify for inclusion in the Portfolio, at the time of investment and at the time of each periodic reconstitution and/or rebalancing, the Fund will only invest in issuers with a market capitalization of at least CDN \$2.0 billion. The Manager expects that at least 15 sustainable power and infrastructure companies will comprise the Portfolio.

The investment objectives for the Class A Shares are to provide their holders with regular monthly non-cumulative cash distributions and to provide holders of Class A Shares with the opportunity for capital appreciation through exposure to the Portfolio.

The investment objectives for the Preferred Shares are to provide holders with fixed cumulative preferential quarterly cash distributions, currently in the amount of \$0.125 per Preferred Share, and to return the original issue price to holders of Preferred Shares on May 29, 2026.

About Brompton Funds

Founded in 2000, Brompton is an experienced investment fund manager with income focused investment solutions including exchange-traded funds (ETFs) and other TSX traded investment funds. For further information, please contact your investment advisor, call Brompton’s investor relations line at 416-642-6000 (toll-free at 1-866-642-6001), email info@bromptongroup.com or visit our website at www.bromptongroup.com.

⁽¹⁾ See Performance table below. No cash distributions will be paid on the Class A Shares if, after the payment of a cash distribution by the Company, the net asset value per Unit (consisting of 1 Class A Share and 1 Preferred Share) would be less than \$15.00. Yield to maturity for the Preferred Share is based on maturity date of May 29, 2026.

A short form base shelf prospectus containing important detailed information about the securities being offered has been filed with securities commissions or similar authorities in each of the provinces and territories of Canada. Copies of the short form base shelf prospectus may be obtained from a member of the syndicate. The Company intends to file a supplement to the short form base shelf prospectus, and investors should read the short form base shelf prospectus and the prospectus supplement before making an investment decision. There will not be any sale or any acceptance of an offer to buy the securities being offered until the prospectus supplement has been filed with the securities commissions or similar authorities in each of the provinces and territories of Canada.

You will usually pay brokerage fees to your dealer if you purchase or sell shares of the Company on the TSX or other alternative Canadian trading system (an “exchange”). If the shares are purchased or sold on an exchange, investors may pay more than the current net asset value when buying shares of the Company and may receive less than the current net asset value when selling them.

Not for distribution to U.S. newswire services or for dissemination in the United States.

There are ongoing fees and expenses associated with owning shares of an investment fund. An investment fund must prepare disclosure documents that contain key information about the fund. You can find more detailed information about the Company in its public filings available at www.sedar.com. The indicated rates of return are the historical annual compounded total returns including changes in share value and reinvestment of all distributions and do not take into account certain fees such as redemption costs or income taxes payable by any securityholder that would have reduced returns. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.

<u>Sustainable Power & Infrastructure Split Corp.</u>
