Class A shareholders can enroll in a DRIP program by contacting their investment advisor.

In accordance with its articles of incorporation in order to preserve the net asset value, the distribution for the month of December will not be paid on the class A shares of Brompton Oil Split Corp. ("OSP") as the net asset value per unit (consisting of one class A share and one preferred share) as at December 20, 2022 (after taking into account the potential payment of the distribution) was less than \$15.00. OSP will re-evaluate the payment of class A share distributions in each month with the expectation that monthly distributions will be announced if the net asset value per unit of each fund meets this requirement.
