

AMV CAPITAL CORPORATION

Management Discussion and Analysis

For the six months period ended October 31, 2021

The Management Discussion and Analysis (“MD&A”), prepared November 26, 2021 should be read in conjunction with the audited financial statements and notes thereto for the year ended April 30, 2021 of AMV Capital Corporation (“AMV” or the “Company”) which were prepared in accordance with International Financial Reporting Standards.

This management discussion and analysis may contain forward-looking information (as such term is defined under applicable securities laws) in respect of various matters including upcoming events. The results or events predicted in this forward-looking information may differ materially from the actual results or events. The Company disclaims any obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise.

DESCRIPTION OF BUSINESS

AMV was formed on January 31, 2019 by way of an amalgamation (the “Amalgamation”) pursuant to the *Business Corporations Act* (British Columbia) between AMV Capital Corporation and Pontiac Resources Corp. (“Pontiac”). The address of the Company’s corporate office and its principal place of business is 200-551 Howe Street, Vancouver, British Columbia, Canada.

The Company’s principal business activities include the acquisition and exploration of mineral property assets. As at October 31, 2021, the Company holds an interest in an early stage mineral exploration property and the Company had not yet determined whether the mineral exploration property contains a deposit of minerals that is economically recoverable. The recoverability of amount shown for exploration and evaluation asset is dependent upon the discovery of economically recoverable reserves, confirmation of the Company’s interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and the future profitable production from the property or realizing proceeds from its disposition. The outcome of these matters cannot be predicted at this time and the uncertainties cast significant doubt upon the Company’s ability to continue as a going concern.

The outbreak of the Coronavirus Disease 2019, or COVID-19, has spread across the globe and is impacting worldwide economic activity. This global pandemic poses the risk that the Company or its clients, employees, contractors, suppliers, and other partners may be unable to conduct regular business activities for an indefinite period of time. At this point, the impact on the Company has been minimal. The Company continues to monitor the situation and is taking all necessary precautions in order to follow rules and best practices as set out by the federal and provincial governments.

TRANSACTIONS WITH RELATED PARTIES

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties may be individuals or corporate entities. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

The following amounts are due to related parties and have been included in accounts payable and accrued liabilities:

	October 31, 2021	April 30, 2021
	\$	\$
Accounts payable and accrued liabilities	6,004	5,250

The amounts are due to a law firm in which a director is a partner and to a company controlled by the Chief Financial Officer of the Company for professional fees. The amounts are non-interest bearing, unsecured and are due upon demand.

The Company had the following related party transactions for the six month period ended:

	Period ended October 31, 2021	Period ended October 31, 2020
	\$	\$

CRITICAL ACCOUNTING ESTIMATES

Refer to the audited financial statements for the year ended April 30, 2021 on www.sedar.com for critical accounting estimates.

FINANCIAL INSTRUMENTS

International Financial Reporting Standards 7, *Financial Instruments: Disclosures*, establishes a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair Value of Financial Instruments

The Company's financial assets include cash and are classified as Level 1. The carrying value of these instruments approximates their fair values due to the relatively short periods of maturity of these instruments.

Assets measured at fair value on a recurring basis were presented on the Company's statements of financial position as at October 31, 2021 are as follows:

	Fair Value Measurements Using			Total
	Quoted Prices in Active Markets For Identical Instruments (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
	\$	\$	\$	\$
Cash	100,712	–	–	100,712

Fair value

The fair value of the Company's financial instruments approximates their carrying value as at October 31, 2021 because of the demand nature or short-term maturity of these instruments.

Financial risk management objectives and policies

The Company's financial instruments include cash and accounts payable. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) *Currency risk*

The Company's expenses are denominated in Canadian dollars. The Company's corporate office is based in Canada and current exposure to exchange rate fluctuations is minimal.

The Company does not have any significant foreign currency denominated monetary liabilities. The principal business of the Company is the identification and evaluation of assets or a business and once identified or evaluated, to negotiate an acquisition or participation in a business subject to receipt of shareholder approval and acceptance by regulatory authorities.

(ii) *Interest rate risk*

The Company is exposed to interest rate risk on the variable rate of interest earned on bank deposits. The fair value interest rate risk on bank deposits is insignificant as the deposits are short-term.

The Company has not entered into any derivative instruments to manage interest rate fluctuations.

(iii) *Credit risk*

Credit risk is the risk of loss associated with the counterparty's inability to fulfill its payment obligations. Financial instruments that potentially subject the Company to concentrations of credit risks consist principally of cash. To minimize the credit risk the Company places these instruments with a high quality financial institution.
