MANAGEMENT INFORMATION CIRCULAR

April 14, 2021

SOLICITATION OF PROXIES

This management information circular (the “Information Circular”) and a form of proxy (the “Proxy”) are furnished in connection with the solicitation by the management of Inter-Rock Minerals Inc. (the “Company”) of proxies to be used at the Annual Meeting (the “Meeting”) of shareholders of the Company to be held on Wednesday June 2, 2021 at 10:00 a.m. (Toronto time) at 2 Toronto Street, Suite 500, Toronto, Ontario, M5C 2B6 for the purposes set out in the accompanying Notice of Annual Meeting of Shareholders (the “Notice”).

The Company expects that the solicitation of proxies will be primarily by mail; however, proxies may be solicited personally or by telephone, facsimile or personal interview by directors and officers of the Company without receiving special compensation. The cost of solicitation will be borne by the Company. Arrangements will also be made with brokerage houses and other custodians, fiduciaries and nominees to forward proxy solicitation material to the beneficial owners of the Company's common shares.

INFORMATION REGARDING THE VOTING OF SHARES

Record Date

The directors have fixed April 26, 2021, as the record date, (the “Record Date”) for the determination of shareholders entitled to receive notice of the Meeting and as the record date for the purpose of determining shareholders entitled to vote at the Meeting or any adjournments or postponements thereof.

Registered Shareholders

Appointment of Proxy

A proxy serves to designate a person who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons named in the accompanying form of proxy, (the “Proxy”) are designated as proxyholders by management of the Company.

Each shareholder has the right to appoint another person (who need not be a shareholder) to represent such shareholder at the Meeting. To exercise this right, a shareholder may strike out the names printed on the Proxy and insert such person's name in the blank space provided in the enclosed Proxy or by completing another proxy in a form similar to the enclosed form. All proxies must be executed by the shareholder or his or her attorney duly authorized in writing or, if the shareholder is a company, by a duly authorized officer or attorney. The completed Proxy must be deposited at the office of the Company's transfer agent, TSX Trust Company at 100 Adelaide Street West, Suite 301, Toronto, Ontario M5H 4H1, Fax: (416) 595-9593, no later than 48 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting or any adjournment of the Meeting.

A shareholder may indicate how his or her appointee is to vote with respect to any specific item by checking the appropriate space in the Proxy. If the shareholder giving the Proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the Proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the Proxy.

Revocation of Proxies

A registered shareholder who has given a Proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the Proxy. In addition to revocation in any other manner permitted by law, a Proxy may be revoked by either executing a form of proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the shareholder or by such shareholder's authorized attorney in writing or, if the shareholder is a Company, by an officer or attorney thereof duly authorized by a certified resolution authorizing the revocation, and by filing the form of proxy bearing a later date or the revocation of proxy either at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or by filing the form of proxy with TSX Trust Company, at the address noted above, not less than 48 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting or any adjournment of the Meeting, or by filing the revocation of proxy with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof. In addition, a Proxy may be revoked by the shareholder personally attending the Meeting and voting.

Provisions Related to Voting by Proxy

The shares represented by proxy will be voted or withheld from voting by the designated proxyholder in accordance with the instructions of the shareholder appointing him or her on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **If there are no instructions provided by the shareholder, those shares will be voted in favour of all proposals set out in this Information Circular.** The proxy gives the person named in it the discretion to vote as they see fit on any amendments or variations to matters identified in the Notice, or any other matters which may properly come before the Meeting. At the time of printing of this Information Circular, the management of the Company knows of no other matters which may come before the Meeting other than those referred to in the Notice.

Beneficial Shareholders (Non-Registered Shareholders)

Shareholders who do not hold their shares in their own name ("**Beneficial Shareholders**") should note that only proxies deposited by shareholders whose names appear on the records maintained by the Company's registrar and transfer agent as the registered holders of common shares are permitted to vote at the Meeting. Most shareholders of the Company are Beneficial Shareholders because the shares they own are not registered in their names, but instead are registered in the name of a nominee such as a brokerage firm, bank or trust company (an "**Intermediary**") or an agent of the Intermediary through which they purchased the shares. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as the nominee for many Intermediaries). Shares held by Intermediaries or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholders. Without specific instructions, Intermediaries and their agents and nominees are prohibited from voting shares for Beneficial Shareholders. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their shares are communicated to the appropriate person well in advance of the Meeting.

In accordance with the requirements of National Instrument 54-101, the Company has distributed copies of the Notice, this Information Circular and the Proxy (collectively, the "**Meeting Materials**") to CDS and intermediaries for onward distribution to Beneficial Shareholders. Intermediaries are required to forward the Meeting Materials to Beneficial Shareholders unless a Beneficial Shareholder has waived the right to receive them. The majority of Intermediaries or their agents now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada. Broadridge delivers Meeting Materials to the Beneficial Shareholders, and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be presented at the Meeting.

Beneficial Shareholders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as "NOBOs". Those Beneficial Shareholders

who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs”.

The Company is not relying on the notice-and-access delivery procedures set out in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting. The Company is sending Meeting Materials directly to NOBOs under National Instrument 54-101. The Company does not intend to pay for intermediaries to forward Meeting Materials to OBOs, and in the case of OBOs, the OBO will not receive the Meeting Materials unless an OBO's intermediary assumes the cost of delivery.

Generally, Beneficial Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) receive a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the Beneficial Shareholder, which must be completed, but not signed by the Beneficial Shareholder and deposited with TSX Trust Company in the manner set out above in this Information Circular; or
- (b) more typically, receive a voting instruction form (a “VIF”) which is not signed by the Intermediary and which, when properly completed and signed by the Beneficial Shareholder and returned to the Intermediary or its service company, (typically Broadridge) will constitute authority and instructions which the Intermediary must follow.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of the Beneficial Shareholder's Intermediary or agent, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their shares as proxyholder for the registered shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their Intermediary (or the Intermediary's agent) in accordance with the instructions provided by such Intermediary (or agent), well in advance of the Meeting.

QUORUM

A quorum of shareholders will be present at the Meeting if at least two individuals present in person, each of whom is a shareholder or a proxyholder entitled to vote at such meeting, and who hold or represent by proxy not less than twenty-five percent (25%) of the total number of shares entitled to vote at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

As at the Record Date, the Company had 22,306,811 common shares and 17,136,980 preferred shares issued and outstanding, each of which carries the right to one vote on all matters that may come before the Meeting.

To the knowledge of the directors and officers of the Company as at the Record Date, no person or company beneficially owns, directly or indirectly, or exercises control or direction over shares carrying more than 10% of the voting rights attached to the common and preferred shares of the Company except for The Cromwell Trust, which owns 10,096,400 common shares, representing approximately 45% of the issued and outstanding common shares and 17,136,980 preferred shares, representing 100% of the issued and outstanding preferred shares.

The Company's Statement of Executive Compensation set forth below is made in accordance with the requirements of Form 51-102F6V, *Statement of Executive Compensation – Venture Issuers*. For the purposes of this Information Circular, the named executive officers (the “**NEOs**”) of the Company means each of the following individuals:

Named Executive Officers

The Company's Named Executive Officers include:

- a) the chief executive officer (the “**CEO**”);
- b) the chief financial officer (the “**CFO**”);
- c) in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000 per year; and
- d) any additional individuals for whom disclosure would have been provided under (c) but for the fact that the individual was not serving as an officer at the end of the most recently completed fiscal year.

For the year ended December 31, 2020, the NEOs were Michael Crombie (CEO), Robert Crombie (CFO), Keith Belingheri (VP Operations) and David Briggs (President Papillon Agricultural Company Inc.).

Compensation Discussion and Analysis

Objectives of Executive Compensation

The main objective of the Company's compensation program is to attract and retain highly qualified individuals who are critical to the Company's success. The Board has responsibility for overseeing the Company's compensation program. The Board has established a Compensation Committee currently comprising Messrs. D. Crombie, van de Water and Kelly, to make recommendations to the Board concerning executive compensation matters.

The Compensation Committee is responsible for the review and assessment of the compensation arrangements for the Company's NEOs. The Board (exclusive of the CEO and Vice President, Operations, who are also members of the Board) approves executive compensation. The Compensation Committee rely on their experience and background, both as senior executives and as members of the boards of directors of other public companies and work with the Company's management to make executive compensation decisions in the best interests of the Company.

The Compensation Committee makes all decisions regarding the compensation of the CEO in camera, without the presence of Management. In considering the compensation of the other NEOs, the Compensation Committee relies significantly on input from the CEO.

The Company has not to date felt it necessary to engage any compensation consultant or advisors related to determining compensation for any of the Company's NEOs. The Compensation Committee rely on data and analysis from Management to assist in determining executive compensation.

Components of Executive Compensation

Compensation provided to the named executive officers of the Company has two elements: a base salary and a discretionary incentive bonus. As the Company's shares have historically traded infrequently and in low volume, the Compensation Committee has determined that equity-based incentive plans are not practical. Consequently, the Company does not have equity based long-term incentive plans.

Base salaries are the principal component of the Company's compensation program. Individual base salaries are reviewed annually. In determining base salaries, the Compensation Committee, with input from Management, considers the level of responsibility and the importance of the executive officer's position in the Company, prior experience, prior compensation, the compensation paid to the individual's peers in comparable positions, the individual's performance and the overall performance of the Company.

The bonus plan for the NEOs that are officers of the Company, namely the CEO, the CFO and the VP Operations, is structured to periodically award cash bonuses upon the accomplishment of significant projects or transactions that have a meaningful and positive impact on the Company. Accordingly, on an annual basis, bonuses for these NEOs may be modest or not awarded.

A discretionary bonus program has been designed for the President of Papillon that is intended to encourage and reward short term individual performance and link it with the achievement of specific goals and objectives at Papillon. The bonus for the President of Papillon is intended to be earned annually and is a variable component of compensation, awarded at the discretion of the Board, following recommendations by the CEO and the Compensation Committee.

The Company does not establish quantitative or qualitative benchmarks for determining bonuses. A subjective determination is made by the Compensation Committee.

Stock Option and Other Share Based Incentive Plans

The Company has no outstanding stock options and does not have a stock option plan nor any other form of equity-based incentive plan.

CORPORATE GOVERNANCE DISCLOSURE

The securities regulatory authorities in Canada have adopted National Policy 58-201 *Corporate Governance Guidelines* (the "**Guidelines**") and National Instrument 58-101 *Disclosure of Corporate Governance Practices* (the "**Governance Disclosure Rules**"). The Guidelines deal with matters such as the constitution and independence of boards, their functions, the effectiveness and education of board members, among other items. The Guidelines are not prescriptive; however, the Company has reviewed its own corporate governance practices in light of these Guidelines. In certain cases, the Company's practices comply with the Guidelines, however, the Board considers that some of the Guidelines are not suitable for the Company's current size and organizational structure and therefore these Guidelines have not been adopted.

The Governance Disclosure Rules require that, if management of an issuer solicits proxies from its security holders for the purpose of electing directors, specified disclosure of its corporate governance practices must be included in its management information circular.

The Board has a general mandate to supervise the management of the business and affairs of the Company with regard to maintaining compliance with applicable Canadian requirements for corporate governance. The Board fulfils its mandate through regularly scheduled meetings or as required. The Board is kept informed of the Company's operations at these meetings, as well as through reports and discussions with management.

The following is the Company's corporate governance information as required to be disclosed by Venture issuers pursuant to National Instrument 58-101F2:

Scott Kelly and Frank van de Water to be independent directors within the meaning of National Instrument 52-110 Audit Committees ("**NI 52-110**"), which provides that a director is independent if he or she has no direct or indirect material relationship with the Company. Of the proposed nominees, Mr. David Crombie is not independent as he has a family relationship with the Chief Executive Officer and Chief Financial Officer of the Company (a material relationship with the Company as defined in NI 52-110). Continuing education is also derived from correspondence with the Company's executive officers, other directors and the Company's auditors. The Board receives presentations from management on the Company's performance and issues relevant to the business of the Company and the industry in which it operates. Additionally, Board members have historically been nominated who are familiar with the Company and the nature of its business.

Ethical Business Conduct

The Board promotes ethical business conduct by only considering Board and management candidates who are regarded as possessing a high standard of business ethics and by attempting to avoid or minimize conflicts of interest.

Nomination of Directors

Recruiting new directors has generally resulted from recommendations made by directors and management. The Board assesses the relevant expertise and independence of potential Board members, as well as the competencies and skills of the current Board members.

The Board monitors but does not formally assess the performance of individual Board members.

Audit Committee

The Company is a "venture issuer" as that term is defined under NI 52-110. NI 52-110 requires the Company, as a venture issuer, to disclose annually in its Information Circular the disclosure required by Form NI-52-110F2 with respect to the Company's audit committee, its auditors and certain other matters.

Audit Committee Charter

The text of the Audit Committee's charter is attached hereto as Schedule "A".

Composition of the Audit Committee

NI 52-110 provides that a member of an audit committee is "independent" if the member has no direct or indirect material relationship with the issuer, which could, in the view of the issuer's board of directors, reasonably interfere with the exercise of the member's independent judgment.

The Company is required under NI 52-110 to have an audit committee comprising not less than three directors, a majority of whom are not officers or employees of the Company or of an affiliate of the Company. Currently, the members of the audit committee are David R. Crombie (Chair), Scott Kelly and Frank van de Water, each of whom is a director and financially literate. Mr. Kelly and Mr. van de Water are independent as that term is defined in NI 52-110. Mr. Crombie has an ongoing material relationship with the Company and is therefore not independent.

Relevant Education and Experience

NI 52-110 provides that an individual is “financially literate” if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements.

All of the current members of the Company’s audit committee are financially literate as that term is defined.

Based on their business and educational experiences, each current member of the audit committee has a level of experience in analyzing and evaluating financial statements and an understanding of internal controls and procedures for financial reporting that is commensurate with the breadth and level of complexity of issues that can reasonably be expected to be raised by the Company’s financial statements.

The education and experience of each audit committee member that is relevant to the performance of his responsibilities as an audit committee member is as follows:

Mr. van de Water is a Chartered Professional Accountant, (CPA). He has been an executive officer and director of numerous publicly listed mining and metal trading companies over a period of more than 40 years.

Mr. Crombie served for many years as Chairman and CEO of a number of TSX listed companies in the mining and oil and gas sectors. Mr. Crombie’s business experience has provided him with an understanding of the accounting principles used by the Company and an ability to evaluate and understand financial statements and internal controls procedures for financial reporting as they relate to the Company.

Mr. Kelly has over 20 years of advisory experience aimed at maximizing awareness of public companies in a variety of industries. As a Senior Vice President of TMX Equicom Group Inc. and as a Partner, Director and Senior Vice President of the Equicom Group Inc., he developed and guided strategic communications and investor relations programs for numerous companies. Mr. Kelly is currently a director of a number of publicly traded companies.

The Board has delegated certain oversight responsibilities to the Compensation Committee, but retains final authority over the compensation program, including the review and approval of Committee recommendations regarding senior executive compensation and approval of the adoption of new equity-based compensation plans. The Compensation Committee's mandate includes: (i) responsibility for reviewing and recommending to the Board the compensation for the Company's executive officers and senior management, including adjustments to base salaries, annual incentive bonuses and any long term incentive plan awards; (ii) evaluating and recommending to the Board benefits and other perquisites that apply to the executive officers; and (iii) undertaking periodic reviews of market conditions to ensure that the executive officers of the Company are paid competitively relative to similar sized companies.
