APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors or representatives of the Corporation. **A SHAREHOLDER DESIRING TO APPOINT SOME OTHER PERSON, WHO NEED NOT BE A SHAREHOLDER OF THE CORPORATION, TO REPRESENT THEM AT THE MEETING MAY DO SO** by inserting such other person’s name in the blank space provided in the form of proxy and depositing the completed proxy with the Corporation’s transfer agent, TSX Trust Company, Suite 301, 100 Adelaide Street West, Toronto, Ontario, M5H 4H1, as instructed below. Shareholders may execute a proxy personally or through an attorney duly authorized in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized.

In addition to any other manner permitted by law, a proxy may be revoked before it is exercised by an instrument in writing executed and delivered in the same manner as the proxy at any time up to and including the last business day preceding the day of the Meeting or any adjournment at which the proxy is to be used or delivered to the Chair of the Meeting on the day of the Meeting or any adjournment prior to the time of voting and upon either such occurrence, the proxy is revoked.

DEPOSIT OF PROXY

ALL PROXIES TO BE USED AT THE MEETING MUST BE DEPOSITED NOT LATER THAN 48 HOURS PRECEDING THE DAY OF THE MEETING, EXCLUDING SATURDAYS, SUNDAYS AND STATUTORY HOLIDAYS, OR ANY ADJOURNMENT, WITH THE CORPORATION'S TRANSFER AGENT, TSX Trust Company, Suite 301, 100 Adelaide Street West, Toronto, Ontario, M5H 4H1, by mail or pursuant to the instructions provided on the form of proxy.

NON-REGISTERED SHAREHOLDERS

Only Shareholders of record at the close of business on August 12, 2021 (the "**Record Date**"), or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares beneficially owned by a person (a "**Non-Registered Holder**") are registered either:

- i. in the name of an intermediary (an "**Intermediary**") that the Non-Registered Holder deals with in respect of the shares of the Corporation (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or
- ii. in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("**CDS**")) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 ("**NI54-101**"), the Corporation will have distributed copies of the notice of meeting, this Circular and the form of proxy (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries often use service companies to forward the meeting material to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- i. be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the form of proxy and submit it to the Corporation or the Corporation's transfer agent, TSX Trust Company, Suite 301, 100 Adelaide Street West, Toronto, Ontario, M5H 4H1; or
- ii. more typically, be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the Non-Registered Holder will be given a page of instructions that contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the shares of the Corporation they beneficially own. Should a Non-Registered Holder who receives either form of proxy wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the person named in the proxy and insert the Non-Registered Holder or such other person's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.

A Non-Registered Holder may revoke a proxy authorization form (voting instructions) or a waiver of the right to receive meeting materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary is not required to act on a revocation of a proxy authorization form (voting

instructions) or of a waiver of the right to receive meeting materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

EXERCISE OF DISCRETION OF PROXIES

The persons named in the accompanying form of proxy for use at the Meeting will vote the shares in respect of which they are appointed in accordance with the directions of the Shareholders appointing them. IN THE ABSENCE OF SUCH DIRECTIONS, SUCH SHARES SHALL BE VOTED “FOR” all of the matters listed in the notice of meeting and as more particularly described in this Circular.

The enclosed form of proxy confers discretionary authority upon the person named with respect to any amendment, variation or other matter to come before the Meeting, other than the matters referred to in the notice of meeting. HOWEVER, IF ANY SUCH AMENDMENTS, VARIATIONS OR OTHER MATTERS WHICH ARE NOT NOW KNOWN TO THE MANAGEMENT SHOULD PROPERLY COME BEFORE THE MEETING, THE SHARES REPRESENTED BY THE PROXIES WILL BE VOTED IN ACCORDANCE WITH THE BEST JUDGMENT OF THE PERSON OR PERSONS VOTING SUCH PROXIES.

VOTING SECURITIES AND PRINCIPAL HOLDERS

The authorized capital of the Corporation consists of an unlimited number of common shares (the “**Common Shares**”) of which 200,005,566 Common Shares are issued and outstanding as fully paid and non-assessable as at September 11, 2021, the Record Date for the Meeting. Each holder of Common Shares of record will be entitled to one vote for each Common Share held at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, based on the most recent publicly available information, as of the date hereof, the only persons that beneficially own, directly or indirectly, or control or direct voting securities of the Corporation carrying more than 10% of the voting rights attached to the voting securities of the Corporation are as follows:

Name	Number of Shares	Approximate Percentage of Total Issued
CDS & Co. ⁽¹⁾	119,864,436	59.93%
Lassonde Industries Inc.	38,478,947	19.24%
Oakwest Corporation Limited ⁽²⁾	23,471,787	11.74%

Notes:

- (1) The Corporation is not aware of the beneficial ownership of the Common Shares held by this financial intermediary, whose holdings may also reflect some or all of the shares beneficially owned by other individuals and entities shown in this table.
- (2) David Beutel, a director and Chairman of the Board of the Corporation, is an officer and a shareholder of Oakwest Corporation Limited.

EXECUTIVE COMPENSATION

Named Executive Officers

Pursuant to applicable securities regulations, the Corporation must disclose the compensation paid to its Named Executive Officers (“**NEOs**”) for the two most recently completed financial years. NEOs include the Corporation’s Chief Executive Officer, the Corporation’s Chief Financial Officer and the most highly compensated executive officer, provided that disclosure is not required for those executive officers, other than the Chief Executive Officer and Chief Financial Officer, whose total compensation did not exceed \$150,000. The Corporation’s NEOs include J Murray Souter as President and Chief Executive Officer, Ryan Conte as Chief Financial Officer and Tim McChesney as Senior Vice-President, Marketing and Strategy.

Compensation Discussion and Analysis

The compensation of management is set by the board of directors of the Corporation (the “**Board**”) pursuant to a compensation program. For the year ended March 31, 2021, the Corporation did not have a formal pre-determined

compensation plan. Rather, the Corporation informally assessed the performance of its NEOs and considered a variety of factors generally, both objective and subjective, when determining compensation levels, including the existing contractual relationships with the NEOs. For the financial year ended March 31, 2021, the compensation program had the following objectives: (1) to provide a compensation program that is fair and competitive in order to attract and retain well-qualified and experienced executives within the Corporation; (2) to focus the efforts of executives on business performance; and (3) to recognize individual performance. Following completion of the Corporation's Qualifying Transaction the Corporation adopted a compensation committee (the "**Compensation Committee**") and charter. The Compensation Committee currently consists of John Hick (as Chair), John De Sousa and Jean Rocheleau.

Compensation for the NEOs is composed primarily of three components: base salary, performance bonuses and stock based compensation:

Base Salary

Base Salary form an essential component of the Corporation's compensation strategy as they are key to the Corporation remaining competitive, are fixed and therefore not subject to uncertainty, and can be used as the base to determine other elements of compensation and benefits.

In determining the base salaries of executive officers, the Board considers the following: (a) the recommendations of the Compensation Committee; (b) the particular responsibilities related to the position; (c) the experience, expertise and level of the executive officer; (d) the executive officer's length of service to the Corporation; and (e) the executive officer's overall performance based on informal feedback.

There is no mandatory framework that determines which of the above-referenced factors may be more or less important and the emphasis placed on any of these factors is at the discretion of the Board and may vary among the executive officers. In respect of the base salary paid to the President and Chief Executive Officer, the Board and the Compensation Committee also broadly considered the performance of the President and Chief Executive Officer against the Corporation's performance in the previous year. The Corporation does not engage in benchmarking and did not focus on any particular performance metric.

Bonus Payments

The purpose of the Corporation's bonus program is to provide the NEOs with the opportunity to receive a cash incentive that is broadly related to the progress of the Corporation and individual performance. The Corporation does not utilize a set of formal objective measures to determine discretionary bonus entitlements; rather, bonus payments to NEOs are determined in a discretionary manner on a case by case basis. In addition, no specific weights are assigned to any criteria individually, rather, the performance of the Corporation is broadly considered as a whole when determining the level of bonuses (if any) to be paid. In addition, the Corporation does not focus on any particular performance metric in awarding bonuses.

Long-Term Incentives

The Board believes that granting stock options to officers, directors, consultants and employees encourages retention and more closely aligns the interests of key personnel with the interests of Shareholders while at the same time not drawing on the limited cash resources of the Corporation. The Corporation grants options to its management, directors and consultants on a case by case basis in keeping with the Corporation's compensation objectives.

The Corporation does not utilize a set of formal objective measures to determine long-term incentive entitlements, rather, long-term incentive grants, such as stock options, to NEOs are determined in a discretionary manner on a case by case basis, but having consideration to the number of options previously granted. There are no other specific quantitative or qualitative measures associated with option grants and no specific weights are assigned to any criteria individually, rather, the performance of the Corporation is broadly considered as a whole when determining the number of stock based compensation (if any) to be granted and the Corporation does not focus on any particular performance metric.

The Corporation has no pension plan in place, and there are no provisions in the Corporation's employment agreements for any additional compensation to be paid to any officers, directors, or employees on a change in control of the Corporation.

Risks of Compensation Policies and Practices

The Compensation Committee and the Board work in tandem to oversee any potential risks in the Corporation's compensation policies and practices. There are no formal practices in place to identify and mitigate excessive risks other than through informal discussion at meetings of the Compensation Committee and the Board. The Board and the Compensation Committee have considered the risks of the current compensation program as set out herein and have determined that at this stage in the development of the Corporation the risks are not material.

Purchase of Financial Instruments

The Corporation currently does not have in place any formal policies to prevent a director or NEO from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held directly or indirectly by such director or NEO, but the Corporation is considering adopting such a policy in the current financial year.

Stock Option Plan

The Corporation currently maintains a stock option plan (the “**Stock Option Plan**”) and pursuant thereto grants options to purchase Common Shares. Certain amendments to the Stock Option Plan were adopted by the Board on August 17, 2021. These changes, being entirely administrative in nature, were to remove references to the Corporation’s predecessor, a Capital Pool Company pursuant to the policies of the TSX Venture Exchange (the “**Exchange**”), and removed references applicable only to Capital Pool Companies. The amendments do not require shareholder approval. The Stock Option Plan is available for review on the Corporation’s SEDAR profile, and a version highlighting the amendments adopted by the Board, is attached hereto as Appendix “B”.

The purpose of the Stock Option Plan is to encourage share ownership by directors, senior officers and employees, together with consultants, who are primarily responsible for the management and growth of the business. The number of Common Shares, the exercise price per Common Share, the vesting period and any other terms and conditions of options granted pursuant to the Stock Option Plan, from time to time, are determined by the Board at the time of the grant, subject to the defined parameters of the Stock Option Plan.

The maximum number of Common Shares which may be reserved and set aside for issue under the Stock Option Plan is equal to up to 10% of the issued and outstanding Common Shares as at the date of any such grant of options, provided that the Board may, subject to Shareholder and regulatory approvals, increase such number.

The Stock Option Plan is administered by the Board, which has the authority thereunder to delegate its administration and operation to the Compensation Committee of the Board. Participation is limited to directors, officers, employees and consultants providing services to the Corporation.

The exercise price of any option cannot be less than the Market Price of the Common Shares at the time the option is granted. “Market Price” is a defined term under the policies of the Exchange, but generally means the last closing price of the Common Shares immediately prior to the date of the granting of an option. The exercise period cannot exceed five years. Options will terminate on the date of expiration specified, ninety days after termination of employment, or one year after the death of the grantee.

The number of Common Shares reserved for issuance to any individual director or officer will not exceed 5% of the issued and outstanding Common Shares and the number of Common Shares reserved for issuance to all technical consultants will not exceed 2% of the issued and outstanding Common Shares. Options representing not more than 10% of the issued and outstanding Common Shares may be granted to Insiders (as such term is defined under the policies of the Exchange) within any twelve-month period. Options that have vested may be exercised up to 90 days following cessation of the optionee's position with the Corporation, provided that if the cessation of office, directorship or technical consulting arrangement was by reason of death then the option may be exercised within a maximum period of one year after such death (all subject to the expiry date of such option). The Stock Option Plan also provides for adjustments to outstanding options in the event of any consolidation, subdivision, conversion or exchange of the Corporation's shares.

As of the date of the Circular, options to acquire up to 15,850,000 Common Shares of the Corporation have been granted and are outstanding pursuant to the Stock Option Plan. Based on the issued and outstanding capital of the Corporation as of the date of this Circular and subject to any total cap pursuant to the DSU Plan set out below, an additional 4,150,557 options are available to be granted pursuant to the Stock Option Plan. This number is derived by deducting the 15,850,000 options outstanding from 20,005,557 (10% of the common shares)

Deferred Share Unit Plan

The Corporation currently maintains a deferred share unit plan (the "**DSU Plan**") and pursuant thereto grants deferred share units (each, a "**DSU**"). The DSU Plan has been established to assist the Corporation in the recruitment and retention of qualified persons and to encourage share ownership by those who are primarily responsible for the management and growth of the business.

The Board uses DSUs issued under the DSU Plan, as well as options issued under the Stock Option Plan, as part of the Corporation's overall compensation plan. Since the value of DSUs increase or decrease with the price of the Common Shares, DSUs reflect a philosophy of aligning the interests of management and directors with those of the Shareholders by tying compensation to share price performance.

The grant of DSUs pursuant to the DSU Plan is determined by the Board at the time of the grant, subject to the defined parameters of the DSU Plan. The DSU Plan is administered by the Board, which has the authority thereunder to delegate certain administrative and operational matters to the Compensation Committee from time to time.

The maximum number of Common Shares currently reserved for issuance under the DSU Plan is 4,000,000, which is approximately 2% of the current issued and outstanding Common Shares. The DSU Plan provides that the maximum number of DSUs issuable to Insiders (as that term is defined by the Exchange) pursuant to the DSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Corporation, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of DSUs issued to Insiders under the DSU Plan, together with any Common Shares issued to Insiders pursuant to any other security-based compensation arrangement of the Corporation within any one year period, will not exceed 10% of the total number of outstanding Common Shares. The maximum number of DSUs issued to any one eligible participant under the DSU Plan together with any Common Shares issued to such participant pursuant to any other security-based compensation arrangement of the Corporation within any one year period, will not exceed 5% of the total number of outstanding Common Shares.

As of the date of the Circular 2,959,198 DSUs have been granted and are outstanding pursuant to the DSU Plan and an additional 1,040,802 DSUs are currently available to be granted pursuant to the DSU Plan.

Warrants

The Corporation issued 750,000 warrants to Bank of Montreal as of July 24, 2020. Notes:

- (1) Based on the closing price of the Common Shares on the Exchange on March 31, 2021 being \$0.18.
- (2) Mr. Gemme is a nominee of Lassonde Industries Inc. who joined the Board on September 26, 2019 and the options were issued in the name of Lassonde Industries Inc. and payment of board compensation for Mr. Gemme is payable 100% by way of DSUs issued to Lassonde Industries Inc.
- (3) Mr. Rocheleau is a nominee of Lassonde Industries Inc. who joined the Board on September 26, 2019 and the options were issued in the name of Lassonde Industries Inc. and payment of board compensation for Mr. Rocheleau is payable 100% by way of DSUs issued to Lassonde Industries Inc.
- (4) These amounts are the cumulative dollar value of the DSUs that have been issued over time to the directors for that portion of their directors compensation that is payable in DSUs.

In the most recently completed fiscal year, each director received a base fee of \$15,000. With the exception of Mr. Gemme and Mr. Rocheleau, half of a director's base fee is paid to them by the Corporation in the form of DSUs. Mr. Gemme and Mr. Rocheleau are paid exclusively in the form of DSUs (issued to Lassonde Industries Inc.). The Chairman of the Board, Audit Committee, and Compensation Committee each receive an incremental fee of \$25,000, \$2,000, and \$500, respectively. Each director also earns a fee of \$1,000 for each meeting attended. In addition to these attendance related fees, the directors are typically compensated through the granting of stock options to encourage retention and more closely align the interests of the directors with the interests of shareholders while at the same time not drawing on the limited cash resources of the Corporation. As with the grant of options to the NEOs, the Corporation does not utilize a set of formal objective measures to determine option entitlements of directors, rather, long-term incentive grants, such as stock options, to NEOs are determined in a discretionary manner on a case by case basis, but having consideration to the number of options previously granted. There are no other specific quantitative

or qualitative measures associated with option grants and no specific weights are assigned to any criteria individually, rather, the performance of the Corporation is broadly considered as a whole when determining the number of stock based compensation (if any) to be granted and the Corporation does not focus on any particular performance metric.

APPROVAL OF AMENDMENTS TO THE DEFERRED SHARE UNIT PLAN

Background

The DSU Plan was adopted for the benefit of the Corporation's directors, officers, employees, and consultants. The DSU Plan has been established to assist the Corporation in the recruitment and retention of qualified persons and to encourage share ownership by those who are primarily responsible for the management and growth of the business.

The Board uses DSUs issued under the DSU Plan, as well as options issued under the Stock Option Plan, as part of the Corporation's overall compensation plan. Since the value of DSUs increase or decrease with the price of the Common Shares, DSUs reflect a philosophy of aligning the interests of management and directors with those of the Shareholders by tying compensation to share price performance.

On August 17, 2021, the Board approved and adopted an amendment to the DSU Plan to increase the number of DSUs available for issuance pursuant to DSU Plan from 4,000,000 DSUs to 5,000,000 DSUs (the "**DSU Plan Increase**"), subject to the approval of disinterested Shareholders at the Meeting. The Board believes it is prudent to increase the number of DSUs available for future issuance so as to continue to grant DSUs, which is a critical aspect of the Corporation's long-term compensation.

At the Meeting, Shareholders will be asked to approve a resolution. In order to be approved, the resolution must be passed by a majority of the votes cast by the disinterested Shareholders present in person or represented by proxy at the Meeting. Unless such authority is withheld, the management representatives designated in the enclosed form of proxy intend to vote for the approval of the resolution authorizing the DSU Plan Increase.

Summary of the DSU Plan

Set out below is a summary of the DSU Plan.

Administration of Plan

The grant of DSUs pursuant to the DSU Plan is determined by the Board at the time of the grant, subject to the defined parameters of the DSU Plan. The DSU Plan is administered by the Board, which has the authority thereunder to delegate certain administrative and operational matters to the Compensation Committee from time to time. The Board has the sole and complete authority, in its discretion, to:

- (a) interpret the DSU Plan and prescribe, modify and rescind rules and regulations relating to the DSU Plan;
- (b) exercise rights reserved to the Corporation under the DSU Plan;
- (c) prescribe forms of notices to be prescribed by the Corporation under the DSU Plan; and
- (d) make all other determinations and take all other actions as it considers necessary or advisable for the implementation and administration of the DSU Plan.

Maximum Number of Common Shares Issued

The maximum number of Common Shares currently reserved for issuance under the DSU Plan is 4,000,000, which is approximately 2.0% of the current issued and outstanding. With the increase of available DSUs for issuance under the DSU Plan, the maximum number of Common Shares reserved for issuance would increase to 5,000,000, or approximately 2.5% of the current issued and outstanding.

The DSU Plan provides that the maximum number of DSUs issuable to Insiders (as that term is defined by the Exchange) pursuant to the DSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Corporation, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of DSUs issued to Insiders under the DSU Plan, together with any Common Shares issued to Insiders pursuant to any other security-based compensation arrangement of the Corporation within any one year period, will not exceed 10% of the total number of outstanding Common Shares. The maximum number of DSUs issued to any one eligible participant under the DSU Plan together with any Common Shares issued to such participant pursuant to any other security-based compensation arrangement of the Corporation within any one year period, will not exceed 5% of the total number of outstanding Common Shares.

Transferability

No right to receive payment of deferred compensation or retirement awards shall be transferable or assignable by any participant under the DSU Plan except by will or loss of dissent and distribution.

Amendments to the DSU Plan

The Board may at any time, and from time to time, and without disinterested Shareholder approval, amend any provision of the DSU Plan, subject to any regulatory or Exchange requirement at the time of such amendment, including, without limitation:

- (a) for the purposes of making formal minor or technical modifications to any of the provisions of the DSU Plan including amendments of a “clerical” or “housekeeping” nature;
- (b) to correct any ambiguity, defective provision, error or omission in the provisions of the Plan;
- (c) amendments to the termination provisions of the DSU Plan;
- (d) amendments necessary or advisable because of any change in application securities laws;
- (e) amendments to the transferability of DSUs;
- (f) amendments relating to the administration of the DSU Plan;
- (g) amendments to preserve the intended tax treatment of the benefits provided under the DSU Plan, as contemplated therein; or
- (h) any other amendment, fundamental or otherwise, not requiring Shareholder approval under applicable laws or the rules of the Exchange;

provided, however, that:

- (i) no such amendment of the DSU Plan may be made without the consent of each affected participant in the DSU Plan if such amendment would adversely affect the rights of such affected participant(s) under the DSU Plan; and
- (j) Shareholder approval shall be obtained in accordance with the requirements of the Exchange for any amendment:
 - (i) to increase the maximum number of Common Shares which may be issued under the DSU Plan;
 - (ii) to the amendment provisions of the DSU Plan; or
 - (iii) to the definition of “Participant”.

The DSU Plan Increase remains subject to Exchange approval and subject to approval of the disinterested Shareholders. Disinterested Shareholders will be asked at the Meeting, or any adjournment thereof, to consider, and if deemed advisable, adopt the following resolution:

“BE IT RESOLVED, AS AN ORDINARY RESOLUTION OF THE COMPANY, THAT:

- (1) an amendment to the Corporation’s Deferred Share Unit Plan (“**DSU Plan**”) increasing the total number of DSUs issuable pursuant to the DSU Plan from 4,000,000 DSUs to 5,000,000 DSUs, is hereby approved;
- (2) any one (1) director or officer of the Corporation is hereby authorized for and on behalf of the Corporation to execute and deliver all such instruments and documents and to perform and do all such acts and things as may be deemed advisable in such individual’s discretion for the purpose of giving effect to this resolution, the execution of any such document or the doing of any such other act or thing being conclusive evidence of such determination; and
- (3) notwithstanding that this resolution has been passed by the shareholders of the Corporation, the adoption of the proposed amendment to the DSU Plan is conditional upon receipt of final approval from the TSX Venture Exchange and the directors of the Corporation are hereby authorized and empowered to revoke this resolution, without any further approval of the shareholders of the Corporation, at any time if such revocation is considered necessary or desirable by the directors.”

Management of the Corporation recommends that Shareholders vote in favor of the resolution to approve the DSU Plan Increase. Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the approval of the DSU Plan Increase.

APPROVAL OF CREATION OF NEW CONTROL PERSON OF THE CORPORATION

Background

On June 10, 2021, the Corporation completed a non-brokered private placement (the “Offering”) of \$1.83 million aggregate principal amount of 10.0 % unsecured convertible debentures of the Corporation (the “Debentures”) with certain insiders of the Corporation, including Lassonde Industries Inc. (“Lassonde”) and Oakwest Corporation Limited. Further information regarding the details of the Offering can be found in the Corporation’s press release dated June 10, 2021 and Lassonde’s Early Warning Report, both available on the Corporation’s profile at www.SEDAR.com

As part of the Offering, Lassonde purchased and was issued \$1,160,000 aggregate principal amount of Debentures. Prior to the Offering, Lassonde owned, directly and indirectly, 38,478,947 Common Shares, representing approximately 19.239% of the total issued and outstanding Common Shares. Following the Private Placement, if Lassonde were to convert all of the Debentures it holds (exclusive of accrued interest), it would own, directly and indirectly, 44,749,217 Common Shares, representing approximately 22.374% of the issued and outstanding Common Shares (based on the Company’s current issued and outstanding number and that no other convertible securities convert).

Pursuant to the terms of the Debenture, the Company and Lassonde have agreed that, unless the Company has, prior to a conversion, duly obtained the approval of its shareholders for the issuance of Common Shares upon conversion, the whole in accordance with the policies of the Exchange, neither the Company nor Lassonde may convert any

portion of the Debentures if such conversion would result in Lassonde owning 20% of the issued and outstanding Common Shares (after giving effect to the conversion).

The approval of the shareholders of the Corporation is sought at this Meeting.

In connection with this vote, Diamond Estates and Lassonde have entered into voting and support with senior management and directors of the Company and Oakwest Corporation Limited pursuant to which each of them undertook to vote in favour of the issuance of Common Shares to Lassonde upon conversion of its Debenture.

Under the policies of the Exchange, a "Control Person" is defined as any person that holds or is one of a combination of persons that holds a sufficient number of securities of a company so as to affect materially the control of the company or that holds more than 20% of the outstanding voting shares of a company. This resolution is required to satisfy compliance with the policies of the Exchange as such policies require disinterested shareholder approval in order for Lassonde to exercise its rights of conversion under the Debentures. Completion of any conversion thereunder remains subject to final approval of the Exchange.

Disinterested Shareholders, that is all shareholders of the Corporation other than Lassonde and its Affiliates, are therefore being asked to approve an ordinary resolution, set forth below, permitting Lassonde to become a Control Person (as defined by the policies of the Exchange) of the Corporation.

BE IT RESOLVED, AS ORDINARY RESOLUTION, THAT:

1. The creation of Lassonde Industries Inc. as a new Control Person, as such term is defined in the policies of the Exchange, of the Corporation, upon conversion of the Debenture held thereby, on such terms as are more particularly described in this Circular be and is hereby authorized and approved;

2. Any one director or officer of the Corporation, alone, be and is hereby authorized and directed to execute or cause to be executed, whether under the corporate seal of the Corporation or otherwise, and to deliver or cause to be delivered, all such documents, agreements or instruments and to do or cause to be done all such acts and things, as in the opinion of such director or officer may be necessary, desirable or useful for the purpose of giving effect to this resolution, such determination to be conclusively evidenced by the execution and delivery of any such documents, agreements or instruments or the doing of any such act or thing; and

3. Notwithstanding the foregoing approval, the Directors of the Corporation be and are authorized to abandon all or any part of this resolution at any time prior to giving effect thereto, without further notice to or approval of the shareholders of the Corporation.

As the policies of the Exchange require that disinterested shareholder approval be obtained, the foregoing resolution must be passed by a simple majority of the votes cast by Shareholders who vote in person or by proxy at the Meeting, excluding the votes attached to all Shares held by Lassonde, and its Affiliates.

Management of the Corporation recommends that Shareholders vote in favor of the resolution to approve Lassonde as a new Control Person of the Corporation. Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the approval of Lassonde as a new Control Person of the Corporation.

COMMON SHARE CONSOLIDATION

Unless a share consolidation has already occurred prior to the Meeting, at the Meeting the Shareholders will be asked to consider and, if deemed advisable approve, with or without variation, an ordinary resolution (the "Consolidation Resolution") authorizing the consolidation of the issued and outstanding Common Shares on the basis of one (1) post-consolidation Common Share for up to every ten (10) pre-consolidation Common Shares (the

“Consolidation”), with the actual consolidation ratio to be determined by the Board following the Meeting (such ratio not to exceed ten (10) pre-Consolidation Common Shares for one (1) post-Consolidation share.

As at the date of this Circular, the Corporation had 200,005,566 Common Shares issued and outstanding. The proposed Consolidation, assuming the maximum 10:1 ratio, will reduce the number of outstanding Common Shares to approximately 20,000,557 Common Shares.

Completion of the Consolidation is subject to the approval of the TSX Venture Exchange. If the Consolidation Resolution is approved and implemented, the Corporation will send letters of transmittal to shareholders which will provide instructions on how to obtain new share certificates representing the number of Common Shares to which such shareholders are entitled as a result of the Consolidation.

Purpose of the Consolidation

The Board believes that shareholder approval of the Consolidation Resolution is advisable so as to enable the Corporation to pursue future business opportunities which may have a dilutive effect on shareholders (each, a “Dilutive Transaction”). In the event the Corporation enters into a Dilutive Transaction, the Consolidation should lead to increased interest by a wider audience of potential investors, resulting in a more efficient market for the Common Shares.

Approval of the Consolidation Resolution does not necessarily mean that the Board will implement the Consolidation. Even if the Consolidation Resolution is approved by shareholders at the Meeting and the Corporation enters into a Dilutive Transaction, the Board will have the discretion not to proceed with the Consolidation.

Principal Effects of the Consolidation

The Consolidation will affect all shareholders of the Corporation uniformly. If the Consolidation is implemented, each shareholder of the Corporation will receive one post-consolidation Common Share for up to every ten pre-consolidation Common Shares held immediately prior to the effective date of the Consolidation, subject to rounding for fractional interests (discussed below). While the Consolidation will result in each shareholder holding a smaller number of Common Shares, it will not materially affect a shareholder’s percentage ownership or voting rights in the

Corporation. Each Common Share issued and outstanding after the Consolidation will be entitled to one vote and will be fully paid and non-assessable.

The principal effects of the Consolidation will be that:

1. The number of Common Shares issued and outstanding will be reduced from approximately 200,005,566 Common Shares as of September 11, 2021 to approximately 20,000,557 Common Shares (assuming a consolidation of ten (10) existing Common Shares for one (1) new Common Share).
2. The number of Common Shares reserved for issuance under the Stock Option Plan will be reduced proportionately based on the consolidation ratio selected by the Board.
3. The exercise or conversion price and/or the number of Common Shares issuable under the Stock Option Plan will be proportionately adjusted based on the consolidation ratio selected by the Board with any fraction rounded to the nearest whole number (see “Fractional Interests”).
4. The number of Common Shares reserved for issuance under the DSU Plan will be reduced proportionately based on the consolidation ratio selected by the Board.
5. The exercise or conversion price and/or the number of Common Shares issuable under the DSU Plan will be proportionately adjusted based on the consolidation ratio selected by the Board with any fraction rounded to the nearest whole number (see “Fractional Interests”).

Fractional Interests

No fractional Common Shares will be issued in connection with the Consolidation. If as a result of the Consolidation, a shareholder would otherwise become entitled to a fraction of a post-consolidation Common Share, the number of post-consolidation Common Shares issuable to such shareholder will be rounded to the nearest whole number. For greater clarity, each fractional Common Share remaining after the Consolidation that is less than one-half of one Common Share will be cancelled and each fractional Common Share that is at least one-half of one Common Share will be changed to one whole Common Share. In all other respects, the post-Consolidation Shares will have the same attributes as the existing Common Shares.

Effect on Share Certificates

If the Consolidation is approved by shareholders and implemented by the Board, registered shareholders will be required to exchange their share certificates representing pre-consolidation Common Shares for new share certificates representing the number of post-consolidation Common Shares to which they are entitled. Promptly after the Consolidation becomes effective, registered shareholders will be sent a letter of transmittal from the Corporation, which will contain instructions on how to surrender certificate(s) representing pre-consolidation Common Shares to the Corporation’s transfer agent, Capital Transfer Agency Inc. Upon return of a properly completed letter of transmittal, together with the certificate(s) evidencing the pre-consolidation Common Shares of the Corporation, a certificate for the appropriate number of post-consolidation Common Shares will be issued at no charge. Until surrendered, each share certificate representing pre-consolidation Common Shares will be deemed for all purposes to represent the number of post-consolidation Common Shares to which the holder is entitled as a result of the Consolidation.

Non-registered Holders holding their Common Shares through an Intermediary should note that Intermediaries may have different procedures for processing the Consolidation than those that will be put in place by the Corporation for

registered shareholders. If you hold your Common Shares with an Intermediary and you have questions in this regard, you are encouraged to contact your Intermediary.

SHAREHOLDERS SHOULD NOT DESTROY ANY SHARE CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Risks Associated with the Consolidation

The effect of the Consolidation upon the market price of the Common Shares cannot be predicted with any certainty. There can be no assurance that the total market capitalization of the Common Shares immediately following the Consolidation will be equal to or greater than the total market capitalization immediately before the Consolidation. In addition, there can be no assurance that any increase in the per-share market price of the Common Shares following the Consolidation will be sustainable or will equal or exceed the direct arithmetical result of the Consolidation. There are numerous factors and contingencies that could affect the price of the Common Shares, including the status of the market for the Common Shares at the time, the Corporation's operations and general economic, stock market and industry conditions. In addition, a decline in the market price of the Common Shares after the Consolidation may result in a greater percentage decline than would occur in the absence of the Consolidation. Furthermore, the Consolidation may lead to an increase in the number of shareholders who hold "odd lots" of shares, which are numbers of shares not easily divisible into board lots. A board lot is 100, 500, or 1,000 shares, depending on the price of the shares. As a general rule, the cost to shareholders of transferring an odd lot of shares is higher than the cost of transferring a board lot.

Shareholder Approval

At the Meeting, Shareholders will be asked to consider and approve an ordinary resolution, in substantially the following form, in order to approve the Consolidation:

"BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. Subject to the approval of the TSX Venture Exchange, if and when the directors of the Corporation shall deem appropriate to do so, the issued and fully paid Common Shares without par value of the Corporation (the "Consolidated Common Shares") be consolidated at a ratio of up to ten (10) Consolidated Common Shares for one (1) Common Share; provided however, that holders of Common Shares shall not be entitled to receive any fractional Consolidated Common Shares following the Consolidation and any fraction must be cancelled by the Corporation;
2. The directors of the Corporation, in their sole and complete discretion, are authorized and empowered to act upon this ordinary resolution to effect the Consolidation and to determine the actual Consolidation ratio (such ratio not to exceed ten (10) Consolidated Common Shares for one (1) post-consolidation Common Shares);
3. Any one director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things that may be necessary or desirable to give effect to this ordinary resolution.
4. Notwithstanding that this resolution has been duly passed (and the Consolidation approved) by the shareholders of the Corporation, the directors of the Corporation are hereby authorized and empowered, without further notice to, or approval of, the shareholders of the Corporation to revoke this resolution at any time and to not proceed with the share consolidation."

The Corporation cannot complete the Consolidation without the final approval of the TSX Venture Exchange. If shareholders pass the Consolidation Resolution and the TSX Venture Exchange approves the Consolidation, the

Consolidation will take effect on a date to be coordinated with the TSX Venture Exchange and announced in advance by the Corporation.

Management of the Corporation recommends that shareholders vote in favor of the Consolidation Resolution. Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the adoption of the Consolidation Resolution.

OTHER BUSINESS

Management of the Corporation is not aware of any matter to come before the Meeting other than the matters referred to in the notice of meeting.

CORPORATE GOVERNANCE PRACTICES

The Board has reviewed the Corporation's current corporate governance practices with reference to the applicable provisions of National Instrument 58-101 and has compiled the following analysis:

CORPORATE GOVERNANCE GUIDELINE	THE CORPORATION'S PRACTICE
1. Board of Directors	
(a) Disclose the identity of directors who are independent.	Six of the Corporation's seven directors (David Beutel, John De Sousa, Eric Gemme, Keith Harris, John Hick and Jean Rocheleau) are considered independent.
(b) Disclose the identity of directors who are not independent and describe the basis for that determination.	Murray Souter is not considered to be an independent director by reason of his office as Chief Executive Officer.
2. Board of Directors	
If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.	<p>John Hick is also a director of the following public companies:</p> <ul style="list-style-type: none"> • Eurotin Inc. (TSXV) • Mako Mining Corp (TSXV) • North American Nickel Inc. (TSXV) • Quebec Precious Metals Corp. (TSXV) • Samco Gold Limited (TSXV) <p>David Beutel is a director of the following public company:</p> <ul style="list-style-type: none"> • Accord Financial Corp. (TSX)
3. Orientation and Continuing Education	
Describe what steps, if any, the board takes to orient new board members, and describe any measures the board takes to provide continuing education for directors.	Orientation includes regular Board meetings and monthly updates between the meetings concerning the Corporation's business. Because of the Corporation's relatively early stage of development as a public company it does not currently provide continuing education to Board members and instead relies on the Directors to pursue their own professional development as each are experienced directors and most belong to professional associations.
4. Ethical Business Conduct	
Describe what steps, if any, the board takes to encourage and promote a culture of ethical business conduct.	The Board believes that management and the Board effectively monitor the ethical conduct of the Corporation and ensure that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and the Exchange.
5. Nomination of Directors	

CORPORATE GOVERNANCE GUIDELINE	THE CORPORATION'S PRACTICE
Disclose what steps, if any, are taken to identify new candidates for board nomination, including:	
(a) who identifies new candidates, and (b) the process of identifying new candidates.	The Board's size and cohesion allow it to effectively perform the duties and functions of a nominating committee. Given the Corporation's present stage of development, the proposed Board composition has been determined to be appropriate. A nomination committee will be created at the appropriate time.
6. Compensation	
Disclose what steps, if any, are taken to determine compensation for the directors and CEO, including:	
(a) who determines the compensation; and (b) the process of determining compensation.	The Corporation's Compensation Committee is comprised of John Hick (as Chair), John De Sousa and Jean Rocheleau and examines executive compensation on an annual basis, making recommendations on setting such compensation to the Board. All members of the Compensation Committee are independent members of the Board.
7. Other Board Committees	
If the board has standing committees other than the audit, compensation and nominating committees, describe their function.	The Board does not presently have any standing committees other than the Audit Committee and the Compensation Committee.
8. Assessments	
Disclose what steps, if any, that the board takes to satisfy itself that the board, its committees and its individual directors are performing effectively.	The Board has not adopted formal procedures for assessing its own effectiveness, or that of the Audit Committee, or the individual directors. However, the Corporation believes that its corporate governance practices are appropriate and effective The Corporation's method of corporate governance allows for the Corporation to operate efficiently, with checks and balances that control and monitor management and corporate functions without excessive administrative burden.

MI 52-110 provides that an individual is “financially literate” if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

Report of the Audit Committee

In the performance of its oversight function, the Audit Committee reviewed and discussed the Corporation’s audited consolidated financial statements as of and for the financial year ended March 31, 2021 with management and the auditors. Conflicts, if any, will be subject to the procedures and remedies available under the OBCA. The OBCA provides that in the event that a director has an interest in a contract or proposed contract or agreement, the director shall disclose his interest in such contract or agreement and shall refrain from voting on any matter in respect of such contract or agreement unless otherwise provided by the OBCA.
