REQUIRED QUORUM

The by-laws of the Corporation provide that a quorum is reached at a Common Shares holders’ meeting of the Corporation if two (2) or more holders representing ten per cent (10%) of the votes that may be cast at such meeting are present in person or represented by proxy.

The quorum must be reached at the opening of the Shareholder meeting so that it is regularly constituted even if the quorum is not maintained during the course of such meeting.

APPOINTMENT OF PROXYHOLDER AND RIGHT OF REVOCATION OF PROXIES

The persons named as proxyholders in the enclosed form of proxy are directors and officers of the Corporation. **A Shareholder entitled to vote at the Meeting has the right to appoint as his or her proxy a person, who need not be a Shareholder of the Corporation, other than those whose names are printed on the accompanying form of proxy or voting instruction form.** A Shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person's name in the blank space provided in the form of proxy and signing the form of proxy or voting instruction form, or by completing and signing another proper form of proxy.

The Shareholder who is an individual must sign his or her name as it appears in the proxy form or voting instruction form. If the Shareholder is a corporate body, the proxy form must be signed by a duly authorized officer or representative of this corporate body. Also, for the Shareholder who is a corporate body, any individual accredited by a certified resolution of the directors or management of this corporate body may represent the latter at the Meeting and may apply all the Shareholder's powers, without a proxy.

If the Common Shares are registered in the name of a liquidator, director or trustee, these persons must sign the exact name appearing in the form of proxy. If the Common Shares are registered in the name of a deceased Shareholder, or another holder, the name of the Shareholder must be printed in block letters in the space provided for that purpose. The proxy form must be signed by the legal representative, who must print his or her name in block letters under his or her signature, and proof of his or her authority to sign on behalf of the Shareholder must be appended to the proxy form.

In many cases, the Common Shares belonging to a beneficial owner are registered in the name of a securities broker, another intermediary or a clearing agency. Beneficial owners should carefully read the section of the Circular entitled "*Special Voting Instructions for the Benefit of Beneficial Owners*" and carefully follow the directions given by their intermediaries.

Any Shareholder who is an individual is at liberty to revoke a proxy at any time by filing a written notice of revocation, including another proxy form indicating a later date, signed by the Shareholder or his or her proxyholder duly authorized in writing. If the Shareholder is a corporate body, this written notice of revocation and proxy form must be signed by a duly authorized officer or representative. The document appointing a proxyholder operates the revocation of any prior document appointing another proxyholder.

The written notice of revocation as well as the proxy form must be sent (i) by mail at the head office of the Corporation no later than 10 a.m. on Tuesday, December 13, 2022, or no later than 48 hours (excluding Saturdays, Sundays and holidays) preceding the date and time set for the resumption of the Meeting after any adjournment thereof at which the proxy is to be used or (ii) by mail to TSX Trust Company, 100, Adelaide Street West, Suite 301, Toronto (Ontario), M1S 0A1, or by facsimile machine at 416-595-9593, no later than the last clear business day preceding the Meeting or resumption of the Meeting after any adjournment thereof at which the proxy is to be used, or (iii) by email to the president or to the secretary of such Meeting, at the following address: info@sirios.com, on the day of the Meeting or resumption of the Meeting after any adjournment thereof at which the proxy is to be used, or (iv) by any other manner permitted by law. The act of appointing a proxyholder results in the revocation of any previous act of appointing another proxyholder. Any proxy given by a registered Shareholder can also be revoked by the Shareholder if he or she so requests.

SPECIAL VOTING INSTRUCTIONS FOR THE BENEFIT OF BENEFICIAL OWNERS

Only registered Shareholders or holders of a duly designated proxy are eligible to attend and vote at the Meeting.

Shareholders who do not hold their Common Shares in their own name (the “**Beneficial Owner**”) must be aware of the fact that only proxies filed by Shareholders whose names appear in the Corporation’s ledger as registered holders of Common Shares may be recognized and may benefit from the right to vote at the Meeting. The Beneficial Owners who fill out and return a proxy shall indicate the name of the person (usually a brokerage house) that holds their Common Shares as the registered Shareholder. Each intermediary (broker or broker’s nominee) has its own mailing procedure and provides for its own return instructions, which should be carefully followed. The proxy provided to Beneficial Owners is identical to the one provided to registered Shareholders. Nevertheless, its purpose is limited to instructing the registered Shareholder on how to vote.

If the Common Shares are registered in a statement that is remitted to the Shareholder by a broker, in almost all cases, these Common Shares will not be registered in the name of the Shareholder in the Corporation’s records. It is probable that these Common Shares will be registered in the name of the Shareholder’s broker or its nominee. In Canada, the majority of these shares are registered in the name of CDS & Co. (the nominee of CDS Clearing and Depository Services Inc.), which acts as a depository for a good number of Canadian brokerage firms. The voting rights attached to the Common Shares held by brokers or their nominees may be exercised only according to the Beneficial Owner’s specific instructions. **Brokers and their nominees are prohibited from exercising the voting rights attached to the Common Shares of their clients without specific voting instructions. In order for their Common Shares to be voted at the Meeting, Beneficial Owners must make sure that their specific instructions concerning the exercise of the voting rights attached to their Common Shares are conveyed to the appropriate person well before the Meeting.**

Pursuant to Regulation 54-101, brokers and other intermediaries are required to request voting instructions from the Beneficial Owners before a meeting of Shareholders. Each broker and intermediary has its own rules concerning the mailing and forwarding of voting instruction forms (“**VIFs**”), meeting notices, proxy circulars as well as all other documents sent to Shareholders for a meeting. These rules must be carefully followed by Beneficial Owners to ensure that the rights attached to their Common Shares can be exercised at the Meeting. The VIF remitted to Beneficial Owners by the intermediary or the broker is often the same form as the one remitted to registered Shareholders; however, its sole purpose is to obtain instructions for the intermediary or the broker on how to exercise the voting rights on behalf of the Beneficial Owner. In Canada, most brokers or intermediaries delegate the responsibility of obtaining instructions from their customers to Broadridge Financial Solutions Inc. (“**BFSI**”). BFSI provides VIFs and mails them to the Beneficial Owners, and asks them to return the VIFs to BFSI, or to call its toll-free number to exercise the voting rights attached to their Common Shares, or to go to its web site at www.proxyvote.com to provide voting instructions. BFSI then computes the results of all the voting instructions received and gives the appropriate instructions regarding the exercise of the voting rights attached to the Common Shares that will be represented at the Meeting. **The Beneficial Owner who receives a VIF from BFSI may not use such VIF to exercise the voting rights attached to his or her Common Shares directly at the Meeting. The VIF must be returned to BFSI 48 hours before the Meeting so that the voting rights attached to the Common Shares can be exercised at the Meeting.** If you have any questions about exercising your voting rights attached to the Common Shares that you hold through a broker or another intermediary, please contact this broker or other intermediary directly.

While a Beneficial Owner cannot be recognized directly at the Meeting for the purpose of exercising the voting rights attached to the Common Shares registered in the name of his or her broker or his or her broker's nominee, the Beneficial Owner may attend the Meeting as proxyholder for the registered Shareholder and may, in this capacity, exercise the voting rights attached to the Common Shares. The Beneficial Owner wishing to attend the Meeting and indirectly exercise the voting rights attached to his or her Common Shares as proxyholders for the registered Shareholder must enter his or her own name in the space provided in the VIF and return it to his or her broker (or his or her broker's nominee) in accordance with the instructions provided by the broker (or broker's nominee) before the Meeting. The Beneficial Owner can also write the name in the space provided in the VIF of someone else whom he or she wishes to attend the Meeting and vote on his or her behalf. Unless prohibited by law, the person whose name is written in the space provided in the VIF will have full authority to present matters to the Meeting and vote on all matters that are presented at the Meeting, even if those matters are not set out in the VIF or the Circular. The Beneficial Owner may consult a legal advisor if he or she wishes to modify the authority granted to that person in any way.

According to Regulation 54-101, the Corporation distributed copies of the Notice, the Circular and the VIF (collectively, the "**Meeting Materials**") to clearing agencies and intermediaries for onward distribution to non-objecting Beneficial Owners. The Corporation will pay for the distribution of Meeting Materials to objecting Beneficial Owners.

As permitted under Regulation 54-101, the Corporation has used a non-objecting Beneficial Owners list to send the Meeting Materials to the owners whose names appear on that list.

The Meeting Materials were sent to both registered and non-registered owners of the Common Shares. If you are a non-registered owner, and the Corporation or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send the Meeting Materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Unless otherwise indicated, in this Circular as well as the attached proxy form and Notice of Meeting, "Shareholders" refers to registered shareholders.

EXERCISE OF VOTING RIGHTS BY PROXYHOLDERS

For any item listed in the Notice, the persons named as proxyholders in the enclosed proxy form will exercise the voting rights attached to the Common Shares for which they have been nominated in accordance with the instructions of the Shareholders who have nominated them. If no specific instruction has been given by the Shareholder, the voting rights attached to his or her Common Shares will be exercised in favour of adopting the items listed in the Notice. The persons named as proxyholders will have discretionary authority with respect to amendments or variations to matters identified in the Notice and other matters which may properly come before the Meeting provided that (i) the management of the Corporation is not aware within a reasonable time before the time the solicitation is made that any of those amendments, variations or other matters are to be presented for action at the Meeting and (ii) a specific statement is made in this Circular or in the form of proxy that the proxy is conferring such discretionary authority. However, the persons named as proxyholders may not have such discretionary authority to vote at any meeting other than the Meeting, or any adjournment thereof. As of the date of this Circular, directors of the Corporation have no knowledge of any amendment to the items listed in the Notice nor of any other item that may be brought before the Meeting in due form.

SPECIAL INSTRUCTIONS FOR THE VIRTUAL MEETING

All matters proposed before the Meeting require approval by a majority of votes cast by Shareholders. To the knowledge of the directors and executive officers of the Corporation, based upon filings made with Canadian securities regulators on or before the date of this Circular, no person beneficially owns, controls or directs, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any class of our voting securities, other than the Corporation mentioned in the table below:

- i) a cease trade order, an order similar to a cease trade order, or an order that denied the relevant corporation access to any exemption under applicable securities legislation, and which, in all cases, was in effect for a period of more than 30 consecutive days (an “**Order**”), issued while the nominee was acting in the capacity as director, CEO or CFO of such corporation; or
- ii) was subject to an Order that was issued after the nominee ceased to be a director, CEO or CFO and which resulted from an event that occurred while the nominee exercised these duties; or

(b) is as of the date of the Circular, or has been within the last ten years before this date, a director or executive officer of any corporation, including the Corporation, that, while that person was acting in that capacity, or within a year of that nominee ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

(c) has, within the last ten years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold his assets; or

(d) has been imposed any penalties or sanctions by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority nor has been imposed any penalties or sanctions by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a nominee for the directorship.

Dominique Doucet has been a director of *Ressources Appalaches Inc.* (“**Appalaches**”) and Dufferin Resources Inc. (“**Dufferin**”) from 2006 to January 26, 2015. On January 20, 2015, upon a motion filed by LRC-RA LP, a secured creditor of Appalaches and Dufferin, the Bankruptcy and Insolvency division of the Supreme Court of Nova Scotia issued an order appointing Ernst & Young Inc. as the receiver and manager of the assets, property and undertakings of Appalaches and Dufferin pursuant to the provisions of section 243 of the *Bankruptcy and Insolvency Act* (R.S.C. 1985, c. B-3), and section 43(9) of the *Judicature Act* (R.S.N.S., 1989, c. 240).

You can vote for the appointment of all the nominees described above, vote for the election of some of them and withhold from voting for others, or withhold from voting for all of them. Unless otherwise instructed, the persons named in the accompanying form of proxy will vote FOR the election of each of the nominees described above as director of the Corporation.

APPOINTMENT OF THE EXTERNAL AUDITOR AND AUTHORIZATION GIVEN TO THE BOARD OF DIRECTORS TO SET ITS COMPENSATION

Raymond Chabot Grant Thornton LLP, Chartered Professional Accountants (“**RCGT**”) is the external auditor of the Corporation. The Corporation’s management, on recommendations of the Audit Committee, proposes RCGT as external auditor of the Corporation until the Corporation’s next annual meeting of Shareholders. In addition, for practical reasons, it is expedient at the Meeting to authorize the Board to set the external auditor’s compensation.

To be validly adopted, the resolution concerning the appointment of RCGT must be adopted by a simple majority of the votes cast by the Shareholders present or represented by proxyholders at the Meeting. The proxy form or the VIF does not grant a discretionary power to appoint the external auditor of the Corporation. **Unless the Shareholders provide instruction to the contrary or in the absence of specific instruction in this respect, the persons named as proxyholders in the enclosed proxy form intend to vote FOR the appointment of RCGT as the external auditor of the Corporation until the adjournment of the next annual meeting of Shareholders of the Corporation and authorize the directors to set its compensation.**

RATIFICATION AND CONFIRMATION OF THE CORPORATION’S STOCK OPTION PLAN

During the Meeting, the Shareholders of the Corporation will be invited to consider and, if deemed advisable, to adopt, with or without amendment, a resolution, the text of which is set out below to ratify and confirm the Corporation’s Stock Option Plan (the “**Plan**”). The principal terms of the Plan are described under the heading “Stock Option Plan” of this Circular.

Under the Plan, a maximum of 10% of the issued Common Shares being outstanding from time to time will be reserved for the grant of stock options. On this basis, the Plan will operate as a “rolling plan”, as defined under the policies of the TSX Venture Exchange (the “**TSXV**”), which shall be approved on an annual basis by the Shareholders of the Corporation. No changes were made to the Plan submitted to the Shareholders for approval at the meeting held for fiscal year ended June 31, 2020. The text of the Plan, of which a French copy of the version is available and is attached as Schedule “A” of the Circular.

On November 7, 2022, the TSXV accepted the annual filing of the Plan. For informative purposes, as of the date of the Circular, 25,404,550 Common Shares represented 10% of the issued and outstanding Common Shares in the capital of the Corporation.

The Board believes that the renewal of the Plan is in the interest of the Corporation and its Shareholders and, accordingly, recommends that Shareholders to adopt the following resolution:

*“**WHEREAS** the stock option plan currently in place of Sirios Resources Inc. (the “**Corporation**”) (the “**Plan**”) is qualified as a rolling stock option plan pursuant to the TSX Venture Exchange Corporate Finance Manual (the “**Manual**”); and*

***WHEREAS** pursuant to the Manual, a rolling stock option plan must notably receive shareholder approval every year during the Corporation’s annual general and special meeting of shareholders.*

THEREFORE, IT IS RESOLVED THAT:

***TO RATIFY AND CONFIRM** the Plan, of which a French copy of the version is available and the text of which is attached as Schedule “A” of the Management Proxy Circular dated November 14, 2022 for the purposes of the annual general and special meeting of shareholders of the Corporation to be held on December 15, 2022, at 10 a.m., and*

***THAT** any director or officer of the Corporation shall be, and is hereby, authorized to sign and deliver any document, written or in form, and to take any other measure that he may deem necessary or desirable to give effect to the present resolution.”*

To be validly adopted, such resolution must be adopted by a simple majority of the votes cast by the Shareholders present or represented by proxyholder at the Meeting.

Unless the Shareholders provide instruction to the contrary or in the absence of specific instruction in this respect, the persons named as proxyholders in the enclosed proxy form intend to vote FOR the adoption of the resolution confirming the renewal of the Plan.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Interpretation

For the purpose of the present section, "*Named Executive Officer*" ("**NEO**") means:

- a) a CEO;
- b) a CFO;
- c) each of the three (3) most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

The NEOs who are the subject of this Compensation Discussion and Analysis are Dominique Doucet, President and CEO and Frédéric Sahyouni, CFO.

Objectives of the Compensation Program

Given its current stage of development, the Corporation does not have an official compensation program. The Board and the Governance, Environment, Health and Safety Committee meet to review and establish the compensation of the management without taking into account systematic criteria. Given the current status of the Corporation, the use of traditional performance standards, such as corporate profitability, is not considered by the Corporation to be appropriate in the evaluation of the performance of the NEOs. The Board and the Governance, Environment, Health and Safety Committee also rely, in evaluating the level of compensation, on the experience of their members acquired as executive officers and directors of other mining exploration corporations.

The Governance, Environment, Health and Safety Committee oversees the compensation program of the Corporation. A description of the Governance, Environment, Health and Safety Committee and its mandate is presented under the heading "*Corporate Governance Practices*."

The general objective of the compensation of the NEOs is to:

- a) attract, retain and motivate talented executive officers that contribute to the continued success of the Corporation;
- b) align the interests of the NEOs of the Corporation with those of the Shareholders;
- c) provide to the NEOs a compensation that is competitive with those of corporations of a similar size operating a similar business in the appropriate regions; and

- d) ensure that the overall compensation takes into account the constraints related to the activities of the Corporation, which is a mining exploration corporation, the operations of which will not generate material revenues during a long period of time.

Purpose of the Compensation Program

The compensation program of the NEOs of the Corporation has been designed to reward such persons for reinforcing the Corporation's business objectives and values, for achieving the Corporation's performance objectives and for their individual performances.

Elements of the Compensation

The compensation of the NEOs consists in the payment of a base salary and the grant of options.

Purpose of each Element of the Compensation Program

The base salary is intended to attract and retain NEOs by providing a reasonable amount of non-contingent remuneration.

Stock options are generally awarded to NEOs on an annual basis, at the discretion of the Board. The use of stock options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Corporation's performance and in the value of the Shareholders' investments.

The payment from time to time of an annual cash bonus is a short-term incentive for the NEOs and is intended to stimulate the achievement of performance objectives by each NEO. Compensation in the form of bonus is a common practice for public companies. The payment of a bonus allows the Corporation to remain competitive with other mining companies that pay similar compensation.

Determination of the Amount of Each Element of the Compensation Program

Compensation of the NEOs of the Corporation, other than the President, is reviewed annually by the President who makes recommendations to the Governance, Environment, Health and Safety Committee. The Governance, Environment, Health and Safety Committee reviews the recommendations of the President and makes its own recommendation to the Board for its final approval. The compensation of the President is reviewed annually by the Governance, Environment, Health and Safety Committee, which then makes recommendations to the Board for its final approval.

Base Salary

The review of the base salary and, as applicable, of the bonus, of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. The Governance, Environment, Health and Safety Committee establishes the appropriate levels of compensation based upon the knowledge and experience of its members.

The Governance, Environment, Health and Safety Committee consults data publicly available to ensure that the level of compensation is both commensurate with the size of the Corporation and sufficient to retain the NEO. The Governance, Environment, Health and Safety Committee does not perform a comparative study of external data to establish compensation levels in comparison to predetermined levels but proceeds with a review of the practices of similar corporations. To that effect, the specific group of similar corporations reviewed by the Governance, Environment, Health and Safety Committee consisted of the following corporations: Azimut Exploration Inc., Midland Exploration Inc., Cartier Resources Inc. and Probe Metals Inc. Those corporations were selected on the basis that they had financial, operational and industrial characteristics similar to the Corporation.

The Governance, Environment, Health and Safety Committee believes that external data provides insight into external competitiveness but that it does not constitute the single appropriate basis for establishing compensation levels. External data is considered, along with an assessment of individual performance and experience, the Corporation's business strategy and general economic considerations.

Stock Options

The Corporation has established the Plan, the principal terms of which are described under the heading “*Stock Option Plan*” of this Circular. The Board determines at its discretion, on the basis of the recommendations of the Governance, Environment, Health and Safety Committee, the number of options to be awarded to each NEO as well as the other related terms. Previous option grants are not taken into consideration for the new grants.

Link to Overall Compensation Objectives

Each element of the compensation program has been designed to meet one or more objectives of the overall program. The fixed based salary, combined with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive with that paid by other corporations of comparable size engaged in similar business in appropriate regions.

Compensation and Risk Management

Given the size of the Corporation and the fact that it has not implemented a formal compensation program, it is not possible for the Governance Committee nor the Board to take into consideration the risks associated with a compensation program.

At no time since the beginning of the Corporation's fiscal year ended June 30, 2022, was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board.

Reliance on Certain Exemptions

At no time since the beginning of the Corporation's fiscal year ended June 30, 2022, the Corporation has not relied on the various exemptions provided of Section 2.4 and Subsections 6.1.1(4), (5) and (6) of Regulation 52-110 or on an exemption granted by the securities authority under Part 8 of this regulation. However, the Corporation is not required to comply with Parts 3 and 5 of Regulation 52-110 given that it is a venture issuer, as defined in Regulation 52-110.

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. However, the Audit Committee approves, from time to time, expenses made for non-audit related service contracts.

External Auditor Service Fees

The aggregate service fees billed by the Corporation’s external auditor, which is RCGT, in each of the last two (2) fiscal years for audit fees are as follows:

Financial Year Ending	Audit Fees (\$) ⁽¹⁾	Audit-Related Fees (\$) ⁽²⁾	Tax Fees (\$) ⁽³⁾	All Other Fees (\$) ⁽⁴⁾	Total
June 30, 2021	\$39,416	n/a	\$5,200	\$4,160	\$48,776
June 30, 2022	\$46,280	n/a	\$2,600	\$1,456	\$50,336

Note:

- (1) *Audit Fees* consist of the aggregate fees billed by the external auditor of the Corporation for audit services.
- (2) *Audited Related Fees* consist of the aggregate fees billed for insurance and related services that are reasonably related to the performance of the audit or review of the financial statements of the Corporation and are not reported under “Audit Fees” above and include the provision of comfort letters and consents, consultations concerning financial accounting and reporting of specific issues and the review of documents filed with regulatory authorities.
- (3) *Tax Fees* consist of the aggregate fees billed for tax compliance, tax advice and tax planning services, including the preparation of tax returns and claims for refunds; tax consultations, such as assistance and representation in connection with tax audits and appeals, tax advice related to mergers and acquisitions, and requests for rulings or technical advice from taxing authorities; tax planning services; and consultation and planning services.
- (4) *All Other Fees* include the aggregate fees billed for products and services provided by the external auditor, other than the services reported above.

Exemption

The Corporation is a “venture issuer” within the meaning of Regulation 52-110 and, as such, benefits from the exemption provided for in section 6.1 of Regulation 52-110 from the requirements of Part 5 of Regulation 52-110.

CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 Corporate Governance Guidelines, National Instrument 58-101 Disclosure of Corporate Governance Practices and the *Policy 3.1 – Directors, Officers, Other Insiders & Personnel and Corporate Governance of the TSXV* set out a series of guidelines for effective corporate governance. The guidelines address matters such as the composition and independence of corporate boards, the functions to be performed by boards and their committees, and the effectiveness and education of board members. Each reporting issuer, such as the Corporation, must disclose on an annual basis and in the prescribed form, the corporate governance practices that it has adopted.

In this regard, the Corporation has adopted the Charter, a mandate of the Governance, Environment, Health and Safety Committee, a policy with respect to conflicts of interest and a policy with respect to confidential information, which documents are all available on the website of the Corporation at www.sirios.com and in Schedule “B” of the present Circular concerning the Charter.

The following is the Corporation’s required annual disclosure of its corporate governance practices provided as of the date of the Circular.

Board of Directors

1. Independent Directors

An “independent director” is a director who has no direct or indirect material relationship with an issuer. A “material relationship” is as defined a relationship which could, in the view of the issuer’s Board, be reasonably expected to interfere with the exercise of a member’s independent judgment. The majority of the directors of the Corporation are independent. As of the date of this Circular, the independent directors of the Corporation are Messrs. Michel Bouchard, Luc Cloutier, Guy Chevrette and François Auclair.

2. Non-Independent Directors

Mr. Dominique Doucet must be considered as a non-independent director of the Corporation, within the meaning of section 1.4 of Regulation 52-110, given the fact that he holds the position of President and CEO of the Corporation.

The independent directors of the Board regularly meet without the non-independent director and the experience of such independent directors permits to orientate the Board in facilitating its exercise of independent supervision over management.

Directorships

The following director is currently director of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction:

Name	Issuer
Michel Bouchard	Cartier Resources Inc. Monarch Mining Corporation

Orientation and Continuing Education

The Corporation does not currently have a formal orientation program for new directors. The Board has not at this time taken any measures to provide continuing education for the directors. However, the directors are invited to follow, at the expense of the Corporation, the various seminars offered by the TSXV and the Canadian securities authorities on the management of public corporations and on the duties of directors of such corporations. Also, the directors have access to the legal counsels of the Corporation for any question concerning their duties as director.

Ethical Business Conduct

The directors of the Corporation have the obligation to fulfill their duties and assume their functions in the best interest of the Corporation. The Corporation requires that all directors comply with the laws and regulations governing the affairs of the Corporation. Also, the Corporation promotes the integrity and follows an ethical business conduct in the conduct of its affairs. Finally, the Board requests that all its members actively participate to the meetings of the Board and of the committees, as applicable.

The Corporation also requires each director to disclose any potential conflict of interest and will address any such issue on a case-by-case basis.

Nomination of Directors

Currently, the Board selects, following the recommendations of the Governance, Environment, Health and Safety Committee, the nominees for the position of director of the Corporation, after having carefully evaluated the qualifications, professional aptitudes, personality and other qualifications, including the time and energy the nominee can contribute to the task as well as the contribution he brings to the Board.

Compensation

All matters with respect to compensation of the NEO, including the CEO, as well as the directors of the Corporation are determined by the Governance, Environment, Health and Safety Committee. The compensation program is described under the heading, "Compensation of Executive Officers and Directors".

Other Board Committees

The Board formed two (2) committees, namely the Audit Committee, for which a complete description appears under the heading “Audit Committee” and the Governance, Environment, Health and Safety Committee.

As of the date of this Circular, the Governance, Environment, Health and Safety Committee is comprised of Mr. Michel Bouchard, president, Mr. François Auclair and Mr. Guy Chevrette. A description of the relevant education and experience of such three (3) members appears under the heading “Audit Committee”.

The mandate of the Governance, Environment, Health and Safety Committee is available on the website of the Corporation at www.sirios.com.

The mandate of the Governance, Environment, Health and Safety Committee is to help the Board fulfill its management responsibilities of the Corporation and meet its continuous disclosure obligations. The Governance, Environment, Health and Safety Committee oversees the election of directors and the appointment of the executive officers of the Corporation, as well as their global compensation and matters related to succession planning and presents appropriate recommendations to the Board. The Governance, Environment, Health and Safety Committee also has the general responsibility of defining the approach of the Corporation with respect to matters related to governance, environment, health, and safety and to recommend to the Board an efficient process compatible with the current regulatory requirements to which the Corporation is subject.

The Governance, Environment, Health and Safety Committee held one (1) meetings during the fiscal year of the Corporation ended June 30, 2022.

Assessment

The Board is responsible for assessing the effectiveness and contribution of each member of the Board individually and the effectiveness and contribution of the Board as a whole as well as the Committees.

Term of office and Board renewal

The Corporation has not set a term of office for directors nor a mandatory retirement age as the Corporation considers it would be inappropriate to deprive the Corporation of the value and experience of a long-term director. The Corporation also believes that the actual process of assessment of the directors is adequate and serves as an ongoing mechanism for the renewal of the term of office of directors.

Diversity

In this sub-section, “**Designated Groups**” means (i) women (ii) Aboriginal peoples (iii) persons with disabilities and (iv) members of visible minorities, as such terms are defined in the *Employment Equity Act (Canada)*.

Although the Board considers the level of representation of members of the Designated Groups on the Board when seeking and selecting candidates for the positions of directors for a first or new term and aims to cultivate an environment where individual differences are respected, the Corporation considers that it is not necessary at this point, given its size and limited resources and the size of the Board, to adopt a written policy with respect to the search and selection of candidates that are members of the Designated Groups for the positions of directors nor to set targets for the different Designated Groups in that regard. Among the nominees for election as directors at the Meeting, none are members of the Designated Groups.

Concerning the executive officers, the Board considers the level of representation of members of the Designated Groups when appointing persons to the different functions but has not set targets for the different Designated Groups in that regard. The Corporation only has two (2) executive officers and the setting of targets would not be efficient. The Board considers above all the qualifications and expertise of each candidate in the best interest of the Corporation. For the fiscal year of the Corporation ended June 30, 2022, none of the executive officers of the Corporation were members of the Designated Groups.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

To the knowledge of the Corporation, the management of the Corporation is not aware of any material interest, direct or indirect, that any director, proposed director, officer, Shareholder of the Corporation holding, directly or indirectly, as Beneficial Owner, more than ten per cent (10%) of the issued and outstanding Common Shares of the Corporation or any associate or affiliate of any such persons would have in any material transaction concluded since the beginning of the last financial year of the Corporation or in any proposed transaction which had or could have a material effect on the Corporation, other than what is disclosed in this Circular and in the annual financial statements of the Corporation for the fiscal year ended June 30, 2022.

OTHER AGENDA ITEMS

The Corporation's management is unaware of any change regarding the items listed in the Notice of Meeting or of any other item that could be submitted to the Meeting, apart from those mentioned in the present Circular. However, if changes concerning the items on the agenda mentioned in the Notice of Meeting, or other items, are submitted to the Meeting in valid form, the attached proxy form confers discretionary power upon the persons named therein to vote, using their best judgment, on the related changes or on other items.

1.2 Lois applicables

Le régime est créé en vertu des lois en vigueur dans la province de Québec et des politiques de la Bourse et ses dispositions sont interprétées conformément à celles-ci.

1.3 Rubriques

Les rubriques aux présentes ne servent qu'à faciliter la lecture du texte du régime et ne doivent pas toucher son interprétation.

ARTICLE 2

OBJECTIFS ET PARTICIPATION

2.1 Objectifs

Le régime a été conçu afin que, grâce aux actions, la société dispose d'un moyen pour conserver et motiver des administrateurs, membres de la direction, employés, consultants et personnes fournissant des services de relations avec les investisseurs compétents, qu'elle puisse récompenser les administrateurs, membres de la direction, employés, consultants et personnes fournissant des services de relations avec les investisseurs auxquels le conseil d'administration peut accorder des options à l'occasion en vertu du régime en raison des efforts qu'ils ont déployés afin d'atteindre les objectifs de la société et pour permettre à ceux-ci d'acquérir des actions à titre de placement, et les inciter à agir ainsi.

2.2 Participation

À l'occasion, le conseil d'administration, à son gré, désignera les administrateurs, membres de la direction, employés, consultants et personnes fournissant des services de relations avec les investisseurs, le cas échéant, qui se verront attribuer des options, fixera le nombre d'actions à l'égard duquel chacune des options peut être levée et attribuera les options conformément à ces décisions. La résolution du conseil d'administration à cet égard devra contenir une déclaration à l'effet que, dans

le cas d'options octroyées à des employés, des consultants ou des employés d'une société de gestion, ceux-ci sont des employés, des consultants ou des employés d'une société de gestion légitimes. L'attribution d'une option à un administrateur, membre de la direction, employé, consultant ou personne fournissant des services de relations avec les investisseurs, en tout temps, ne donnera pas le droit à l'une de ces personnes ni n'empêchera l'une de celles-ci de recevoir une option par la suite. Finalement, tout porteur d'options qui n'est pas une personne physique devra fournir à la Bourse le formulaire 4F dûment complété.

2.3 Avis concernant les attributions

Après que le conseil d'administration a approuvé l'attribution d'une option, le président ou un autre membre du conseil d'administration désigné à cette fin, doit aviser l'administrateur, le membre de la direction, l'employé, le consultant ou la personne fournissant des services de relations avec les investisseurs par écrit de l'attribution et doit inclure, avec l'avis, le certificat d'option représentant l'option ainsi attribuée.

2.4 Exemplaies du texte du régime

Chaque administrateur, membre de la direction, employé, consultant ou personne fournissant des services de relations avec les investisseurs doit se voir fournir, en même temps que l'avis selon lequel il reçoit pour la première fois une option, deux exemplaires du texte du régime et il doit, dans un délai de 10 jours suivant la réception des exemplaires, signer et retourner au conseil d'administration un des exemplaires. Le conseil d'administration doit rapidement fournir deux exemplaires de toute modification apportée au régime à chaque porteur d'options, qui doit, dans un délai de 10 jours de la date en cause, signer un exemplaire de la modification et la retourner au conseil d'administration.

2.5 Limitation

Le régime ne donne pas aux porteurs d'options le droit d'agir à titre de membre de la direction ou d'administrateur de la société ou de continuer d'agir ainsi, ni le droit d'être un employé de la société ou de continuer d'être un employé de celle-ci, ni ne crée une obligation de leur part à l'une ou l'autre de ces fins. Le régime n'accorde aucun droit au porteur d'options à titre d'actionnaire de la société relativement aux actions assujetties à des options avant que le porteur d'options ait exercé ses options ou une partie de celles-ci et qu'il ait été inscrit à titre d'actionnaire de la société. Seul le conseil d'administration, à son gré, prend des décisions en ce qui concerne l'attribution d'options. Le régime ne doit en aucun cas créer d'entraves, de limites, d'obligations, de restrictions ou de contraintes pour le conseil d'administration en ce qui a trait à l'attribution ou à l'émission d'actions ou de tout autre titre de la société, sauf comme il est précisé dans le régime.

2.6 Approbation annuelle du régime par les actionnaires

Le régime doit être approuvé annuellement par les actionnaires de la société lors de leur assemblée générale annuelle.

ARTICLE 3

MODALITÉS DES OPTIONS

3.1 Émission des actions par le conseil d'administration

Les actions devant être émises à des porteurs d'options lors de la levée d'options doivent être autorisées par le conseil d'administration.

3.2 Nombre d'actions et acquisition

- (a) Les options devant être attribuées en vertu du régime ne doivent pas viser plus de 10 % des actions émises au moment de l'attribution des options à condition que, si des options arrivent à échéance ou prennent fin autrement, pour quelque raison que ce soit, sans avoir été levées intégralement, le nombre d'options ainsi visées puisse être émis de nouveau aux termes du régime.

- (b) Le nombre d'actions ainsi mis de côté à des fins d'émission au cours d'une période de douze (12) mois ne doit pas dépasser le pourcentage ci-dessous prévu des actions émises et en circulation de la société soit:
- (i) 5% dans le cas d'une personne physique;
 - (ii) 2% dans le cas d'un consultant; et
 - (iii) 2% pour l'ensemble des personnes qui fournissent des services de relations avec les investisseurs, il étant toutefois convenu que ces options doivent être acquises graduellement sur cette période de 12 mois, à raison d'un maximum de 25 % par trimestre.
- (c) Le régime ne permet pas l'attribution aux initiés (en tant que groupe), dans une période de 12 mois donnée, et à tout moment, d'un nombre total d'options supérieur à 10 % du nombre d'actions émises, ce nombre étant calculé à la date d'attribution d'une option à la personne.
- (d) Le certificat représentant les options émises aux administrateurs et aux membres de la direction devra porter la mention suivante:

"NUL NE PEUT VENDRE, TRANSFÉRER, HYPOTHÉQUER NI AUTREMENT NÉGOCIER LES TITRES REPRÉSENTÉS PAR LE PRÉSENT CERTIFICAT ET LES TITRES DEVANT ÊTRE ÉMIS À L'EXERCICE DE CES TITRES PAR L'INTERMÉDIAIRE DE LA BOURSE DE CROISSANCE TSX, NI D'UNE AUTRE MANIÈRE AU CANADA, NI AU PROFIT D'UN RÉSIDENT CANADIEN JUSQU'AU • [4 MOIS ET UN JOUR APRÈS LA DATE D'ÉMISSION DU TITRE INITIAL] SANS AVOIR OBTENU LE CONSENTEMENT ÉCRIT PRÉALABLE DE LA BOURSE DE CROISSANCE TSX ET AVOIR OBSERVÉ LA LÉGISLATION EN VALEURS MOBILIÈRES APPLICABLES."

3.3 Durée des options

Sous réserve des paragraphes 3.4 et 6.2, la date d'échéance d'une option correspond à la date fixée par le conseil d'administration au moment où l'option en particulier est attribuée, à condition que cette date ne dépasse pas le dixième anniversaire de la date d'attribution de l'option.

3.4 Fin des options

Les porteurs d'options peuvent exercer une option en totalité ou en partie, en tout temps ou à l'occasion, pendant la période de levée, sauf que, concernant la levée d'une partie d'une option, le conseil d'administration puisse, en tout temps et à l'occasion, fixer le nombre d'actions à l'égard duquel un porteur d'options peut lever une partie de l'option qu'il détient. Toutes les options ou les parties d'options qui ne sont pas levées pendant la période de levée prennent fin et deviennent nulles et sans effet le jour suivant la date d'échéance. La date d'échéance d'une option correspond à l'une ou l'autre des dates suivantes, selon la première à survenir, soit la date fixée par le conseil d'administration au moment de l'attribution de l'option ou la date établie aux alinéas (a) à (d) ci-après:

- (a) *Décès* - Au moment du décès d'un porteur d'options qui est un employé, administrateur, membre de la direction, consultant ou personne fournissant des services de relations avec les investisseurs, les options qui lui avaient été attribuées, ou le reste de celles-ci, peuvent être levées par ses légataires conformément aux modalités de son dernier testament ou par son représentant successoral. Les options doivent être levées au plus tard à l'un ou l'autre des moments suivants, selon le premier à survenir, soit (i) la date d'échéance des options ou (ii) l'échéance d'une période de 12 mois suivant l'année du décès du porteur d'options.
- (b) *Retraite anticipée, démission ou cessation d'emploi* Au moment de la retraite anticipée, de la démission, de la cessation d'emploi ou de la fin des fonctions d'un

porteur d'options pour une raison autre qu'un décès ou un motif valable, la date d'échéance d'une option que le porteur d'options détenait est réputée correspondre à la date d'échéance indiquée sur le certificat d'option du porteur d'options ou à une date tombant 12 mois suivant la cessation d'emploi ou suivant le moment où il a cessé d'occuper un poste ou d'exercer des fonctions, selon la plus rapprochée des deux.

Les options non levées après les dates indiquées en (a) et en (b) qui précèdent sont nulles et sans effet.

Malgré les paragraphes (a) et (b) qui précèdent, le conseil d'administration peut, à son gré et sous réserve de l'approbation préalable de la Bourse, au moyen d'un préavis envoyé à un porteur d'options ou à son représentant personnel, permettre qu'une option ou qu'une partie de celle-ci demeure valable et en vigueur, et peut établir que la date d'échéance d'une option ou d'une partie de celle-ci que le porteur d'options détient sera réputée correspondre à la date du décès, de la retraite, de la démission ou de la cessation d'emploi, ou à une date suivant un de ces cas.

- (c) *Cessation d'emploi motivée* - Lors de la cessation d'emploi motivée d'un porteur d'options, la date d'échéance d'une option correspond à la date à laquelle la société donne un avis au porteur d'options de la cessation de son emploi.
- (d) *Discretion du conseil d'administration* - Le conseil d'administration peut, en tout temps ou à l'occasion, avec le consentement d'un porteur d'options et sous réserve de l'approbation des autorités de réglementation, devancer ou repousser la date d'échéance d'une option ou d'une partie de celle-ci que le porteur d'options détient, s'il détermine, à son gré, que cette mesure est justifiée dans les circonstances, et à condition que la date d'échéance d'une option ne dépasse pas le dixième anniversaire de la date d'attribution.

3.5 Prix de levée

- (a) Aucune contrepartie n'est payable à l'égard de l'attribution d'une option. Une contrepartie est payable conformément à l'alinéa 3.5(b) ci-après.
- (b) Au moment de l'attribution d'une option, le conseil d'administration fixe le prix auquel un porteur d'options peut acheter une action lors de la levée de son option, lequel prix ne doit pas être inférieur à la valeur marchande.
- (c) Le conseil d'administration peut réduire le prix de levée de toute option avec l'accord de son porteur d'option, sujet à l'approbation préalable des actionnaires désintéressés dans le cas où le porteur d'options est un initié de la société. L'approbation des actionnaires désintéressés sera aussi requise pour la prolongation de la durée d'une option si le porteur d'option est un initié.

3.6 Cession des options

Les options ne peuvent être cédées ni transférées. Toutefois, le représentant personnel d'un porteur d'options peut, dans la mesure permise au paragraphe 4.1, lever les options pendant la période de levée.

3.7 Rajustements

Avant la levée intégrale d'une option, si un dividende-actions est versé à l'égard des actions ou si les actions sont regroupées, divisées, converties, échangées ou redésignées ou si elles sont de quelque façon remplacées (collectivement appelés *l'événement*), l'option, dans la mesure où elle n'a pas été levée, donne droit à son porteur, lorsqu'il lève celle-ci conformément à ses modalités, au nombre et au type d'actions, d'autres titres ou de biens auxquels il aurait eu droit en conséquence de l'événement s'il s'était avéré le propriétaire des actions assujetties à la partie non levée de l'option au moment où l'événement s'est produit, et le prix de levée de l'option est le même que si

les actions de la société initialement visées par l'option étaient achetées en vertu des présentes. Aucune fraction d'actions ne doit être émise lors de la levée des options et, par conséquent, si par suite d'un événement, un porteur d'options a droit à une fraction d'actions, il n'aura le droit d'acheter que le prochain nombre entier inférieur d'actions et aucun paiement ni aucun autre rajustement ne sera effectué concernant la participation en fraction dont il n'est pas tenu compte. Lorsqu'un événement se produit, le nombre d'actions que le conseil d'administration a autorisé aux fins du régime, comme il est indiqué au paragraphe 3.2, doit être rajusté de façon appropriée.

ARTICLE 4

LEVÉE DES OPTIONS

4.1 Levée des options

Seul le porteur d'options ou son représentant personnel peut lever une option. Un porteur d'options ou son représentant personnel peut lever une option en totalité ou en partie en tout temps ou à l'occasion pendant la période de levée, en remettant au conseil d'administration un avis de levée, le certificat d'option applicable et un chèque certifié ou une traite bancaire payable à la société dont le montant correspond au prix de levée global des actions qui sont achetées en vertu de la levée de l'option.

4.2 Émission d'actions

Aussitôt que possible après la réception de l'avis de levée, le conseil d'administration doit faire en sorte qu'un certificat pour les actions ainsi achetées soit livré au porteur d'options. Si le nombre d'actions ainsi acheté est inférieur au nombre d'actions représenté par le certificat d'option remis, le conseil d'administration doit inscrire une note sur celui-ci indiquant le nombre d'actions à l'égard duquel l'option a été levée et doit renvoyer le certificat d'option au porteur d'options en même temps que le certificat d'actions mentionné précédemment.

4.3 Conditions relatives à l'émission

L'émission d'actions par la société en vertu de la levée d'une option est assujettie au respect des lois, règles et règlements de toutes les autorités et de tous les organismes publics applicables, y compris la Bourse, en ce qui concerne l'émission et le placement des actions. Le porteur d'options convient de se conformer à l'ensemble de ces lois, règles et règlements, de fournir à la société les renseignements, les rapports ou les engagements nécessaires pour se conformer à ces lois, règles et règlements et de collaborer pleinement avec la société aux fins de cette conformité.

ARTICLE 5

ADMINISTRATION

5.1 Administration

L'administration du régime relève du conseil d'administration. Celui-ci peut établir, modifier et abolir, en tout temps et à l'occasion, les règlements qui sont conformes au régime, selon ce qu'il juge nécessaire ou souhaitable pour l'administration et le fonctionnement appropriés du régime, et ces règlements font partie du régime. Le conseil d'administration peut déléguer à un administrateur, un membre de la direction ou un employé de la société des fonctions et des pouvoirs administratifs, selon ce qu'il juge à propos.

5.2 Interprétation

L'interprétation que le conseil d'administration fait d'une disposition du régime et ses décisions aux termes de celui-ci sont finales et concluantes et ne peuvent faire l'objet d'aucun différend de la part d'un porteur d'options. Aucun membre du conseil d'administration ni aucune personne agissant en vertu des pouvoirs que celui-ci lui a délégués en vertu des présentes n'est responsable des mesures ou des décisions relatives au régime qui ont été prises de bonne foi et chaque membre du conseil d'administration et chacune de ces personnes a le droit d'être indemnisé à l'égard des mesures ou des décisions de la façon prévue par la société.

ARTICLE 6**MODIFICATION ET FIN DU RÉGIME****6.1 Modifications pour l'avenir**

Le conseil d'administration peut, à l'occasion et sous réserve de l'approbation des autorités de réglementation, modifier le régime et les modalités de toute option devant être attribuée par la suite et, sans restreindre la portée générale de ce qui précède, il peut effectuer ces modifications dans le but de respecter les changements à toute loi ou à toute réglementation pertinente applicable au régime, à une option ou aux actions, ou à toute autre fin autorisée par la loi. Toutefois, ces modifications ne doivent pas porter atteinte à un droit de tout porteur d'options en vertu d'une option ni toucher les modalités d'une option qui a été attribuée à celui-ci avant la modification.

6.2 Levée d'options par anticipation

Malgré toute disposition à l'effet contraire dans le régime ou dans une résolution du conseil d'administration adoptée pour réaliser celle-ci, si la société et une autre compagnie ou société par actions (sauf une filiale en propriété exclusive) ont l'intention de fusionner ou si la société a l'intention de procéder à sa liquidation ou à sa dissolution volontaire ou forcée, ou si une offre est faite visant l'achat de la totalité ou d'une partie des actions en circulation de la société, alors le conseil d'administration peut, en donnant un avis écrit à cet effet à chaque porteur d'options, permettre la levée d'options dans un délai de trente (30) jours suivant la date de l'avis écrit et prévoir qu'à l'échéance de la période de trente (30) jours tous les droits des porteurs d'options visant à lever des options non encore levées prendront immédiatement fin.

6.3 Modification rétroactive

Le conseil d'administration peut, à l'occasion et sous réserve de l'approbation des autorités de réglementation, modifier rétroactivement le régime et, avec le consentement des porteurs d'options touchés, modifier rétroactivement les modalités des options qui ont été attribuées jusque-là.

6.4 Fin du régime

Le conseil d'administration peut mettre fin au régime, en tout temps, à condition que la fin ne porte pas atteinte aux droits de tout porteur d'options en vertu de toute option ni ne modifie les modalités de toute option qui a été accordée à celui-ci avant la date de cette fin et, malgré cette fin, la société, les options et les porteurs d'options continueront d'être assujettis aux dispositions du régime.

ARTICLE 7**ENTENTE****7.1 Entente**

La société et chaque porteur d'options sont liés par les modalités du régime, et la signature d'un exemplaire du texte du régime ainsi que la livraison de celui-ci par un porteur d'options au conseil d'administration en vertu du paragraphe 2.4 constituent l'entente entre la société et ce porteur d'options.

SCHEDULE “B”

SIRIOS RESOURCES INC. AUDIT COMMITTEE CHARTER

The following charter is adopted in compliance with *Regulation 52-110 respecting Audit Committees* (“MI 52-110”).

1. MANDATE AND OBJECTIVES

The mandate of Audit Committee of the Corporation (the “Committee”) is to assist the Board of Directors of the Corporation (the “Board”) in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Corporation to regulatory authorities and shareholders, the Corporation’s systems of internal controls regarding finance and accounting and the Corporation’s auditing, accounting and financial reporting processes.

The objectives of the Committee are to:

- (i) serve as an independent and objective party to monitor the Corporation’s financial reporting and internal control system and review the Corporation’s financial statements;
- (ii) ensure the independence of the Corporation’s external auditor; and
- (iii) provide better communication among the Corporation’s auditor, the management and the Board.

2. COMPOSITION

The Committee shall be comprised of at least three (3) Directors as determined by the Board. The majority of the members of the Committee shall be independent, within the meaning of MI 52-110.

The members of the Committee shall be financially literate or have financial management expertise. A person who is not financially literate may however be appointed as a member of the Committee provided that it becomes financially literate within a reasonable period of time following its appointment.

For the purposes of this Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Corporation’s financial statements.

The members of the Committee shall be elected by the Board at its first meeting following each annual shareholder’s meeting. Unless a Chairman is elected by the Board, the members of the Committee may designate a Chairman by a majority vote of all the Committee members.

3. MEETINGS AND PROCEDURES

The Committee shall meet at least four (4) times annually or more frequently if required.

At all meetings of the Committee, every question shall be decided by a majority of the votes cast. In the case of an equality of votes, the Chairman shall not be entitled to a second vote.

A quorum for meetings of the Committee shall be a majority of its members and the rules for calling, holding, conducting and adjourning meetings of the Committee shall be the same as those governing meetings of the Board.

4. DUTIES AND RESPONSIBILITIES

The following are the general duties and responsibilities of the Committee:

4.1 Financial Statements and Disclosure Matters

- a) review the Corporation's financial statements, MD&A and any press releases regarding annual and interim earnings, before the Corporation publicly discloses such information, and any reports or other financial information which are submitted to any governmental body or to the public;
- b) be satisfied that adequate procedures are in place for the review of the Corporation's public disclosure of financial information extracted or derived from the Corporation's financial statements, other than the public disclosure referred to in paragraph 4.1 (a) and periodically assess the adequacy of those procedures.

4.2 External Auditor

- a) recommend to the Board the selection and, where applicable, the replacement of the external auditor to be nominated annually by the shareholders of the Corporation and recommend to the Board the compensation of such external auditor;
- b) oversee directly the work of the external auditor, which is the representative of the shareholders of the Corporation towards the Board and the Committee and review annually its performance and independence;
- c) settle any disagreement between management and the external auditor regarding financial reporting;
- d) on an annual basis, review and discuss with the external auditor all significant relationships it may have with the Corporation that may impact its objectivity and independence;
- e) consult with the external auditor about the quality of the Corporation's accounting principles, internal controls and the completeness and accuracy of the Corporation's financial statements;
- f) review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor of the Corporation;
- g) review the audit plan for the year-end financial statements and intended template for such statements;
- h) review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, as well as any non-audit services provided by the external auditor to the Corporation or its subsidiaries. The pre-approval requirement is satisfied by the Committee with respect to the provision of non-audit services if:
 - i) the aggregate amount of all the non-audit services that have not been pre-approved does not constitute more than 5% of the total amount of fees paid by the Corporation and its subsidiaries to its external auditor during the fiscal year in which the services are provided;
 - ii) such services were not recognized by the Corporation or its subsidiaries as non-audit services at the time of the engagement; and

- iii) such services are promptly brought to the attention of the Committee and approved, prior to the completion of the audit, by the Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Committee.

The Committee may delegate to one or more independent members of the Committee the aforementioned authority to pre approve non-audit services, provided the pre-approval of the non-audit services is presented to the Committee at its first scheduled meeting following such approval.

4.3 **Financial Reporting Process**

- a) in consultation with the external auditor, review with management the integrity of the Corporation's financial reporting process, both internal and external;
- b) consider the external auditor's judgment about the quality and appropriateness of the Corporation's accounting principles as applied in its financial reporting;
- c) consider and approve, if appropriate, changes to the Corporation's auditing and accounting principles and practices as suggested by the external auditor and management;
- d) review any significant disagreement among management and the external auditor in connection with the preparation of the financial statements;
- e) review with the external auditor and management the extent to which changes and improvements in financial or accounting practices have been implemented;
- f) establish procedures for the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters and the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters.
