These instructions include the additional step of registering such proxyholder with our transfer agent, TSX Trust, after submitting your form of proxy or voting instruction form. **Failure to register the proxyholder with TSX Trust will result in the proxyholder not receiving a control number to participate in the Meeting and only being able to attend as a guest.**

While as of the date hereof we intend to hold the Meeting in virtual-only format, we are continuously monitoring the COVID-19 pandemic and reserve the right to hold a hybrid meeting which would permit both in-person and virtual participation. We do not intend to prepare or mail an amended Management Proxy Circular in the event of changes to the Meeting format.

MANAGEMENT PROXY CIRCULAR

This Management Proxy Circular is provided in relation to the solicitation of proxies by the management of Goodfood Market Corp. (“we”, “us”, “our”, “Goodfood” and the “Company”) for use at the annual and special meeting of shareholders (the “Meeting”) of the Company to be held on Tuesday, January 17, 2023 and at any adjournment or postponement thereof. Unless otherwise indicated, the information provided in this Management Proxy Circular is provided as of Thursday, December 1, 2022, and all currency amounts are shown in Canadian dollars. The Meeting, unless we advise otherwise by way of press release and on our website (<https://www.makegoodfood.ca/en/investisseurs>), will be held as a completely virtual meeting, which will be conducted via live audio webcast. Shareholders will not be able to participate in the Meeting in person. A summary of the information you will need to participate in the Meeting online is provided below.

PROXY MATTERS AND VOTING INFORMATION

Solicitation of Proxies

The solicitation of proxies will be made primarily by mail. Proxies may also be solicited by email, by telephone or in person. Employees, officers, directors or agents of the Company will solicit the proxies. The Company does not expect to pay any compensation for the solicitation of proxies and the Company will bear all expenses in connection with the solicitation of proxies. The Company has not retained the services of any third party to solicit proxies. Should it decide to do so, the fees payable to the proxy solicitor are expected to be nominal.

Participating in the Meeting

We will hold our Meeting in a virtual only format, which will be conducted via live audio <https://virtual-meetings.tsxtrust.com/1418>. Shareholders will have an equal opportunity to participate in the Meeting online regardless of their geographic location. Shareholders will not be able to attend the Meeting in person.

Participating in the Meeting online allows registered shareholders and duly appointed proxyholders, including non-registered shareholders who have appointed themselves or another person as a proxyholder, to participate in the Meeting and ask questions, all in real time. Registered shareholders and duly appointed proxyholders can vote at the appropriate time during the Meeting. Guests, including non-registered shareholders who have not duly appointed themselves or another person as a proxyholder, can log in to the Meeting as set out below. Guests will be able to participate in the Meeting but cannot submit questions or vote. To access the Meeting, follow the instructions below, as applicable to you:

- Log in online at <https://virtual-meetings.tsxtrust.com/1418>;
- Click “Login” and then enter your control number and password “goodfood2023” (note the password is case sensitive); OR
- Click “Guest” and then complete the online form.

In order to find the control number to access the Meeting:

- Registered shareholders: The control number located on the form of proxy or in the email notification you received is your control number.
- Proxyholders: Duly appointed proxyholders, including non-registered shareholders that have appointed themselves or another person as a proxyholder, must provide TSX Trust with the required proxyholder contact information so that it may provide the proxyholder with a control number via email after the proxy voting deadline has passed.

We recommend that you log in at least 15 minutes before the start time of the Meeting. It is important to ensure you are connected to the internet at all times if you participate in the Meeting online in order to vote when balloting commences. You are responsible for ensuring internet connectivity for the duration of the Meeting.

For additional details and instructions on accessing the Meeting online from your tablet, smartphone or computer, accompanying this Management Proxy Circular. Questions

Shareholders and duly appointed proxyholders may submit questions during the Meeting using the “Ask a Question” field provided in the web portal. Guests will be able to participate in the Meeting but are not able to submit questions or vote. Questions may be submitted at any point during the Meeting but must be submitted prior to the commencement of voting on the matter to which they relate. All questions relating to a matter subject to a vote at the Meeting that are deemed to be appropriate and directly related to such matter will be addressed prior to the closing of voting on such matter. Following termination of the formal business of the Meeting and time permitting, the Company will address any appropriate general questions received from shareholders and duly appointed proxyholders regarding the Company. In order to facilitate a respectful and effective Meeting, only questions of general interest to all shareholders will be answered. To ensure the Meeting is conducted in a manner that is fair to all shareholders, the Chair of the Meeting may exercise broad discretion in responding to questions, including the order in which the questions are answered, the grouping or editing of the questions and the amount of time devoted to any question.

If there are any matters of individual concern to a shareholder and not of general concern to all shareholders, or if a question posed was not otherwise answered, such matters may be raised separately after the meeting by contacting the Company’s **Investor Relations** by sending an e-mail to: ir@makegoodfood.ca or by contacting the Company’s **Corporate Secretary** by sending an e-mail to: legal@makegoodfood.ca.

Appointment and Revocation of Proxyholders

The persons whose appointment to act under the proxy form solicited by the management of the Company are directors of the Company. **Every shareholder has the right to appoint some other person or company of their choice (who need not be a shareholder) to attend and act on their behalf at the Meeting, or any adjournment or postponement thereof, MUST submit their form of proxy or voting instruction form, as applicable, appointing that person as proxyholder AND register that proxyholder online, as described below. Registering your**

proxyholder is an additional step to be completed AFTER you have submitted your form of proxy or voting instruction form. Failure to register the proxyholder will result in the proxyholder not receiving a control number that is required to vote at the Meeting.

A proxy may be revoked at any time by the person giving it to the extent that it has not yet been exercised. You can revoke your proxy at any time, by voting again, by submitting a new completed proxy form or voting information form not less than 48 hours (excluding Saturdays, Sundays and holidays), prior to the time fixed for holding the Meeting. A proxy may also be revoked by filing a written notice with the Corporate Secretary of the Company at any time up to and including the last day preceding the day of the Meeting, or any adjournment or postponement thereof, by sending an e-mail to: legal@makegoodfood.ca.

If you have followed the process for participating in and voting at the Meeting online, casting your vote online during the Meeting will revoke your previous proxy.

The persons whose names are printed on the proxy form will vote all the shares in respect of which they are appointed to act in accordance with the instructions given on the proxy form. **In the absence of a specified choice in relation to any matter to be voted on at the Meeting, or if more than one choice is indicated, the shares represented by the proxy form will be voted FOR the matter in question.**

Every proxy given to any person in the proxy form that accompanies the notice of meeting (the “Notice of Meeting”) will confer discretionary authority with respect to amendments or variations to the items of business identified in the Notice of Meeting and with respect to any other matters that may properly come before the Meeting.

Notice and Access

The Company has elected not to use the notice and access procedures under applicable securities legislation to send the proxy related materials to registered shareholders and beneficial owners of the Company’s common shares (the “**Common Shares**”).

Voting Procedures

You can vote by proxy ahead of the Meeting using all of the voting channels that have been available in the past; only voting at the Meeting has changed. You can vote online during the Meeting by following the instructions below.

Registered Shareholders

You are a “registered shareholder” if you have a share certificate or direct registration system (DRS) advice issued in your name and as a result, have your name shown on Goodfood’s register of shareholders kept by our transfer agent, TSX Trust.

If you are a registered shareholder, you can vote your shares by completing a ballot online during the Meeting or by appointing someone else as proxyholder to attend the Meeting and vote your Common Shares for you, as mentioned above.

Non-Registered Shareholders (Beneficial Owners)

You are a “non-registered shareholder” or “beneficial owner” if your shares are held on your behalf through an intermediary or nominee (for example, a bank, trust company, securities broker, clearing agency or other institution). Non-registered shareholders must appoint themselves as proxyholder in order to vote at the Meeting. If you are a non-registered shareholder and do not appoint yourself as proxyholder, you will still be able to participate as a guest.

Under applicable securities legislation, a beneficial owner of securities is a “non-objecting beneficial owner” (or “**NOBO**”) if such beneficial owner has or is deemed to have provided instructions to the intermediary holding the securities on such beneficial owner’s behalf not objecting to the intermediary disclosing ownership information about the beneficial owner in accordance with said legislation, and a beneficial owner is an “objecting beneficial owner” (or “**OBO**”) if such beneficial owner has or is deemed to have provided instructions objecting to same.

If you are a NOBO, the Company has sent these materials directly to you, and your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities legislation from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. The voting instruction form that is sent to NOBOs contains an explanation as to how you can exercise the voting rights attached to your Common Shares, including how to participate in, and vote directly at the Meeting. Please provide your voting instructions as specified in the enclosed voting instruction form.

If you are an OBO, you received these materials from your intermediary or its agent (such as Broadridge), and your intermediary is required to seek your instructions as to the manner in which to exercise the voting rights attached to your Common Shares. The Company has agreed to pay for intermediaries to deliver to OBOs the proxy-related materials and the relevant voting instruction form. The voting instruction form that is sent to an OBO by the intermediary or its agent should contain an explanation as to how you can exercise the voting rights attached to your Common Shares, including how to participate in, and vote directly at the Meeting. Please provide your voting instructions to your intermediary as specified in the enclosed voting instruction form.

Voting Shares

Each holder of Common Shares is entitled to one vote per share. As at December 1, 2022, 75,474,962 Common Shares were issued and outstanding. Only persons shown on the register of Common Shares at the close of business on Thursday, December 8, 2022 (the “**Record Date**”), or their proxyholders, will be entitled to attend the Meeting and vote.

Proxies submitted by mail, fax or Internet must be received by TSX Trust by 10:00 a.m. (Montréal time) on Friday, January 13, 2023. Shareholders must also provide TSX Trust with the required proxyholder contact information so that it may provide the proxyholder with a control number via email. **Without a control number, proxyholders will not be able to vote at the Meeting but will be able to participate as a guest.** Note that if you are an OBO, your intermediary will need

your voting instructions sufficiently in advance of this deadline to enable your intermediary to act on your instructions prior to the deadline. See “Voting Procedures - Non-Registered Shareholders (Beneficial Owners)”.

BUSINESS TO BE TRANSACTED AT THE MEETING

The following items of business will be presented to the shareholders at the Meeting:

1. Presentation of the Audited Consolidated Financial Statements

The Audited Consolidated Financial Statements of the Company for the fiscal year ended September 3, 2022 (“Fiscal 2022” or “FY 2022”) and the auditor’s report thereon will be presented at the Meeting but will not be subject to a vote.

2. Election of Directors

Five (5) directors are to be elected to hold office until the close of the next annual meeting of shareholders or until their successor is elected or appointed. Each of the persons presented under “Proposed Nominees for Election as Directors” in this Management Proxy Circular is proposed to be nominated as a director of the Company and each nominee has agreed to serve as a director if elected.

The persons named as proxies in the proxy form intend to cast the votes represented by proxy at the Meeting FOR the election as directors of the five persons nominated in this Management Proxy Circular unless shareholders direct otherwise.

3. Appointment of Auditors

The Company's board of directors (the "**Board of Directors**" or the "**Board**") recommends that KPMG LLP, Chartered Professional Accountants, be appointed as the auditors of the Company to hold office until the next annual meeting of shareholders or until their successors are appointed. KPMG LLP were first appointed as auditors to Goodfood Market Inc., the Company's predecessor on March 18, 2017 and became the auditors of the Company effective following the close of Goodfood Market Inc.'s reverse take-over of Mira VII Acquisition Corp. on June 1, 2017 (the "**RTO**").

The persons named as proxies in the proxy form intend to cast the votes represented by proxy at the Meeting FOR the appointment of KPMG LLP as auditors and to vote to authorize the directors to fix the remuneration of the auditors unless shareholders direct otherwise.

4. Share Consolidation

The Company is requesting shareholders to authorize the Board of Directors to effect, at such time as the Board of Directors shall deem appropriate, but in any event no later than March 4, 2023, a share consolidation ("**Share Consolidation**") of all of the issued and outstanding Common Shares at the Share Consolidation ratio of 1 for 10 by filing articles of amendment to the Company's Articles of Incorporation, subject to the Board of Directors' authority to decide not to proceed with the filing of the articles of amendment and the implementation of the Share Consolidation. The actual timing ("**Effective Date**") for implementation, if any, of the Share Consolidation would be determined by the Board of Directors based upon its evaluation as to when such action would be most advantageous to the Company and its shareholders. These determinations would be made by the Board of Directors based upon prevailing market conditions at that time.

The Board of Directors will retain the authority, notwithstanding approval of the Share Consolidation by shareholders, to determine in its discretion not to proceed with the Share Consolidation, without further approval or action by or prior notice to shareholders. If the Share Consolidation is not implemented prior to March 4, 2023, the shareholder approval granted in respect of the Share Consolidation will be deemed to have been revoked and the Board of Directors will be required to obtain new shareholder approval if it wishes to implement a Share Consolidation.

Background and Reasons for the Share Consolidation

Potential for Increased Visibility of the Company

The Company believes that it is desirable for its Common Shares to trade at a higher price per share. An increase in trading price of the Common Shares that may result from a share consolidation could heighten the interest of the financial community in the Company and potentially broaden the pool of investors that may consider investing or may be able to invest in the Company, potentially increasing the Company's visibility. The Share Consolidation could also help to attract institutional investors who have internal policies that either prohibit them from

purchasing stocks below a certain minimum price or tend to discourage individual brokers from recommending such stocks to their customers.

Reduced Shareholder Transaction Costs

Many investors pay commissions based on the number of shares traded when they buy or sell stock. If the stock prices of the Company's Common Shares were higher, these investors would pay lower commissions to trade a fixed dollar amount of the Common Shares than they would if the stock prices were lower. In addition, current shareholders who hold only a few Common Shares may not have an economic way to sell their shares. To the extent these shareholders are left with fractional shares as a result of the Share Consolidation, they would receive cash for their shares without incurring transaction costs.

Certain Risk Factors Associated with the Share Consolidation

- Reducing the number of issued and outstanding Common Shares through the Share Consolidation is intended, absent other factors, to increase the per share market price of the Common Shares. As a result, there can be no assurance that the market price of the Common Shares will in fact increase following the Share Consolidation or will not decrease in the future. If the market price of the Common Shares is lower than it was before the Share Consolidation, the respective total market capitalization of the Company's Common Shares after the Share Consolidation may be lower than before the Share Consolidation. In addition, in the future, the market price of the Common Shares following the Share Consolidation may not exceed or remain higher than the market price prior to the Share Consolidation.
- While the Board of Directors believes that a higher share price could help to attract institutional investors who have internal policies that either prohibit them from purchasing stocks below a certain minimum price or tend to discourage individual brokers from recommending such stocks to their customers, the Share Consolidation may not result in a per share market price that will attract institutional investors or investment funds and such share price may not satisfy the investing guidelines of institutional investors or investment funds. As a result, the trading liquidity of the Common Shares may not improve.
- If the Share Consolidation is effected and the market price of the Common Shares declines, the percentage decline as an absolute number and as a percentage of the Company's overall market capitalization may be greater than would occur in the absence of the Share Consolidation. In many cases, both the total market capitalization of a company and the market price of such company's shares following a share consolidation are lower than they were before the share consolidation. Furthermore, the liquidity of the Company's Common Shares could be adversely affected by the reduced number of Common Shares that would be outstanding after the Share Consolidation.
- The Share Consolidation may also result in some shareholders owning "odd lots" of less than 100 Common Shares. Odd lots may be more difficult to sell, or require greater transaction costs per share to sell, than shares in "round lots" of even multiples of 100 shares.

Effects of the Share Consolidation

General

If the Share Consolidation is approved and implemented, the principal effect will be to proportionately decrease the numbers of issued and outstanding Common Shares at the Share Consolidation ratio of 1 for 10. The Share Consolidation will not affect the listing of the Common Shares on the TSX. Following the Share Consolidation, except as described herein, the Common Shares will continue to be listed on the TSX under the symbol “FOOD”, although the post-consolidation Common Shares will be considered a substituted listing with new CUSIP and ISIN numbers. Given that the Share Consolidation would apply to all of the issued and outstanding Common Shares, the proportionate voting and equity interests in the Company and other rights, preferences, privileges or priorities of the holders of Common Shares will not be affected by the Share Consolidation, other than as a result of the treatment of fractional shares as described below.

For example, a holder of 2% of the voting power attached to all of the outstanding Common Shares immediately prior to the Share Consolidation Effective Date will generally continue to hold 2% of the voting power attached to all of the outstanding Common Shares immediately after the Share Consolidation Effective Date. The number of registered shareholders will not be affected by the Share Consolidation (except to the extent any are cashed out as a result of holding fractional shares). No fractional shares will be issued or delivered to registered holders of Common Shares in connection with the Share Consolidation. If, as a result of the Share Consolidation, a shareholder becomes entitled to a fractional share, the number of new post-consolidation Common Shares, as the case may be, to which the registered shareholder is entitled, will be rounded down to the nearest whole number, and any and all fractional Common Shares to which registered holders would otherwise be entitled as a result of the Share Consolidation shall be aggregated and sold by the Company’s transfer agent and registrar on the market as described under “Payment for fractional shares” below.

If approved and implemented, the Share Consolidation may result in some shareholders owning “odd lots” of fewer than 100 Common Shares. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots may be higher than the costs of transactions in “round lots” of even multiples of 100 shares. The Board of Directors believes, however, that these potential effects are outweighed by the anticipated benefits of the Share Consolidation. Beneficial shareholders holding their Common Shares through a nominee should note that such nominee may have different procedures for processing the Share Consolidation than those that will be put in place for registered shareholders. If you hold your Common Shares with a nominee and if you have questions in this regard, you are encouraged to contact your nominee.

Effect on Authorized but Unissued Common Shares

Currently, the Company is authorized to issue an unlimited number of shares of one class designated as Common shares. Upon the implementation of the Share Consolidation at the Share Consolidation ratio of 1 for 10, the number of Common Shares that the Company is authorized to issue, will remain unchanged.

Effect on Stock Options, RSUs, Convertible Debentures and other Arrangements

Subject to TSX approval, where required, the exercise or conversion price and/or the number of shares of the Company issuable under any of the Company's outstanding convertible securities, stock options, share units, rights and any other similar securities, will be proportionately adjusted upon the implementation of the Share Consolidation at the Share Consolidation ratio of 1 for 10.

Shareholder approval is not required in order for the Board of Directors to make the necessary adjustments mentioned above in order to give effect to the Share Consolidation. Similarly, the applicable exercise prices and the numbers of Common Shares issuable pursuant to the exercise of the Stock Options, RSUs, Convertible Debentures, issued will be proportionately adjusted upon the implementation of the Share Consolidation, at the Share Consolidation ratio of 1 for 10, subject to TSX approval.

Mechanics of the Share Consolidation

Book-Entry Shares (Registered or Beneficial)

If the Share Consolidation is effected, the holders of Common Shares who hold uncertificated shares (i.e., shares held in book-entry form and not represented by a physical share certificate), either as registered holders or beneficial owners, will have their existing book-entry account(s) electronically adjusted by the Company's transfer agent or, for beneficial owners, by their brokerage firms, banks, trusts or other nominees that hold in "street name" for their benefit, as the case may be, to give effect to the Share Consolidation. Such holders do not need to take any additional actions to exchange their pre-consolidation book-entry shares, if any, for post-consolidation shares.

Non-Registered Shareholders

Non-registered shareholders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Share Consolidation than those that will be put in place by the Company for registered shareholders, and their procedures may result, for example, in differences in the precise cash amounts being paid by such nominees in lieu of fractional share interests. If you hold your shares with such a bank, broker or other nominee and if you have questions in this regard, you are encouraged to contact your nominee. If you are an employee of the Company and you own shares under the Company's ESPP, your shares are registered in the name of TSX Trust, the administrator of the ESPP, until such time as the shares are withdrawn from the ESPP pursuant to its terms and conditions, and you do not need to take any action to exchange such pre-consolidation shares for post-consolidation shares.

Registered Shareholders Holding Share Certificates - Exchange of Share Certificates

If the Share Consolidation is effected, those registered shareholders who will hold at least one (1) post-consolidation Common Share will be required to exchange their share certificates representing their old Common Shares for new share certificates representing the new post-consolidation Common Shares. The Company (or its transfer agent) will mail to each registered shareholder a letter of transmittal addressed to the Company and its transfer agent, which each registered shareholder will need to sign and complete following the Company's announcement of the Share Consolidation Effective Date. The letter of transmittal will contain instructions on how to surrender to the transfer agent the certificate(s) representing the registered shareholder's Common Shares, as the case may be. The transfer agent will send to each registered shareholder who has sent the required documents, including their share certificates representing their old Common Shares, new share certificate(s) representing the number of new post-consolidation Common Shares, as the case may be, to which the registered shareholder is entitled, rounded down to the nearest whole number. Until surrendered to the transfer agent, each share certificate representing pre-consolidation Common Shares will be deemed cancelled and, for all purposes, will be deemed to represent, respectively, only the number of post-consolidation Common Shares, as the case may be, and the right to receive the amount of cash for any fractional shares to which the registered shareholder is entitled as a result of the Share Consolidation, if any. Until surrendered as contemplated herein, a registered shareholder's old share certificate(s) shall be deemed as of and after the Share Consolidation Effective Date to represent the number of full Common Shares, as the case may be, resulting from the application of the Share Consolidation ratio, if any. However, until registered shareholders have returned their properly completed and duly executed letter of transmittal and surrendered their old share certificate(s) for exchange, registered shareholders will not be entitled to receive any dividends or other distributions, if any, that may be declared and payable to holders of record following the Share Consolidation. The use of the mail to transmit certificates representing pre-consolidation Common Shares, as the case may be, is at each shareholder's option and risk and neither the Company nor its transfer agent will have any liability in respect of share certificates and/or letters of transmittal which are not actually received by the transfer agent. The Company recommends that such certificates and documents be delivered by hand to the transfer agent and a receipt therefor be obtained or, if mailed, that registered mail with return receipt be used and that appropriate insurance be obtained. All questions as to form, validity and acceptance of any pre-consolidation Common Shares deposited pursuant to the Share Consolidation will be determined by the Company in its sole discretion. Shareholders depositing Common Shares agree that such determination shall be final and binding. The Company reserves the absolute right to reject any and all deposits which the Company determines not to be in proper form or right to waive any defect or irregularity in the deposit of any pre-consolidation Common Shares, as the case may be. There shall be no duty or obligation on the Company, the transfer agent or any other person to give notice of any defect or irregularity in any deposit of Common Shares, as the case may be, and no liability shall be incurred by any of them for failure to give such notice. The Company reserves the right to permit the procedure for the exchange of shares pursuant to the Share Consolidation to be completed other than that as set out above. Any registered shareholder whose old certificate(s) have been lost, destroyed or stolen will be entitled to a replacement share certificate only after complying with the requirements that the Company and the transfer agent customarily apply in connection with lost, destroyed or stolen certificates.

Registered shareholders should neither destroy nor submit any share certificate(s) until requested to do so.

Payment for Fractional Shares

No certificates representing fractional shares will be issued or delivered if, as a result of the Share Consolidation, a registered shareholder would otherwise become entitled to a fractional Common Share. Any and all such fractional shares will be aggregated and sold by the Company's transfer agent and registrar on the market, with the proceeds therefrom, net of brokerage commissions and expenses, being proportionately distributed to registered shareholders (without interest) in lieu of such fractional shares. After the Share Consolidation, then current registered shareholders will have no further interest in the Company with respect to their fractional Common Shares and such shareholders will not have any voting, dividend or other rights in respect of such fractional Common Shares other than the right to receive payment therefor as described herein. The elimination of fractional interests will reduce the number of post-consolidation registered shareholders to the extent that there are registered shareholders holding Common Shares that are not in a multiple of 10.

No Dissent Rights

Under the CBCA, shareholders do not have dissent rights with respect to the proposed Share Consolidation. Following the Share Consolidation, earnings (loss) per share, and other per share amounts, will be increased in absolute terms because there will be fewer Common Shares issued and outstanding. In future financial statements, earnings (loss) per share and other per share amounts for periods ending before the Share Consolidation Effective Date would be recast to give retroactive effect to the Share Consolidation.

Accounting Consequences

Following the Share Consolidation, earnings (loss) per share, and other per share amounts, will be increased in absolute terms because there will be fewer Common Shares issued and outstanding. In future financial statements, earnings (loss) per share and other per share amounts for periods ending before the Share Consolidation Effective Date would be recast to give retroactive effect to the Share Consolidation.

Certain Tax Consequences of the Share Consolidation

Certain Canadian Federal Income Tax Consequences of the Share Consolidation

The following summary describes the principal Canadian federal income tax considerations under the Income Tax Act (Canada) (the "**Tax Act**") generally applicable to a holder of the Company's Common Shares whose shares are consolidated pursuant to the Share Consolidation and who, for purposes of the Tax Act and any applicable income tax treaty or convention, and at all relevant times, is a resident of Canada, holds its shares as capital property and deals at arm's length and is not affiliated with the Company (a "**Canadian Holder**"). This summary is not applicable to: (i) a Canadian Holder that is a "financial institution" as defined in the Tax Act for the purposes of the

mark-to-market rules; (ii) a Canadian Holder for whom an interest in which would be a “tax shelter investment” as defined in the Tax Act; (iii) a Canadian Holder that is a “specified financial institution” as defined in the Tax Act; (iv) a Canadian Holder that is a corporation that has elected in the prescribed form and manner and has otherwise met the requirements to use functional currency tax reporting as set out in the Tax Act; or (v) a Canadian Holder that is exempt from income tax under the Tax Act. Any such Canadian Holder to which this summary does not apply should consult its own tax advisor.

This summary is based on the current provisions of the Tax Act, the regulations thereunder (the “**Regulations**”), and Canadian counsel’s understanding of the current published administrative and assessing policies and practices of the Canada Revenue Agency and takes into account all specific proposals to amend the Tax Act and the Regulations that have been publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Tax Proposals**”), and assumes that all such Tax Proposals will be enacted in the form proposed. No assurance can be given that the Tax Proposals will be enacted in the form proposed or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative practices, whether by judicial, governmental, administrative or legislative action or interpretation, nor does it take into account provincial, territorial or foreign income tax legislation or considerations.

This summary is of a general nature only and is not intended to be, and should not be construed to be, legal or tax advice to any particular holder. holders should consult their own tax advisors as to the tax consequences in their particular circumstances.

A Canadian Holder will not realize a capital gain or a capital loss as a result of the Share Consolidation, other than with respect to the sale of a fractional share as discussed below. Immediately after the Share Consolidation but before the sale of any fractional share as described under “Payment for Fractional Shares”, the aggregate adjusted cost base to a Canadian Holder of all its Common Share (including any fractional share issued as a result of the Share Consolidation) will be the same as it was immediately before the Share Consolidation.

A Canadian Holder on whose behalf a fractional share will be sold following the Share Consolidation as described under “Payment for Fractional Shares” will be considered to have disposed of such fractional share at the time of such sale and will realize a capital gain (or a capital loss) to the extent that the cash received for the fractional share, net of reasonable costs of disposition, exceeds (or is less than) the adjusted cost base of such fractional share to the Canadian Holder. Generally, one-half of any capital gain (taxable capital gain) realized must be included in income and one-half of any capital loss (allowable capital loss) realized may be deducted against taxable capital gains, in accordance with the detailed provisions of the Tax Act.

Holders of Common Shares in the United States should consult with their tax advisors with respect to the tax effect, if any, of the Share Consolidation.

Special Resolution

The CBCA requires that any change in the number of shares of any class of shares of a corporation into a different number of shares of the same class must be approved by a special resolution of the shareholders of that corporation, being a majority of not less than two thirds (2/3) of the votes cast by the shareholders who voted in respect of that resolution. As such, the Special Resolution/Share Consolidation must be approved by not less than two-thirds (2/3) of the votes cast, by proxy or virtually at the Meeting online, by holders of Common Shares, voting together. The text of the Special Resolution/Share Consolidation to be voted on at the Meeting by the holders of Common Shares is set forth in Annex C to this Circular.

The persons named as proxies in the proxy form intend to vote FOR the Share Consolidation, the whole as set forth in the resolution annexed as Annex C to this Management Proxy Circular unless shareholders direct otherwise.

5. Addition of a Class of Preferred Shares to Goodfood's Authorized Share Capital

The Company's Articles currently authorize Goodfood to issue an unlimited number of Common Shares. At the Meeting, Shareholders will be asked to approve a special resolution authorizing the addition of a class of preferred shares ("**Preferred Shares**"), which shares would be unlimited in number and may be designated and issued in one or more series in the future, with such rights, preferences and privileges as determined by the Board, if and when issued, without further Shareholder action (the "**Preferred Shares Resolution**") (See Annex D).

The Board believes the addition of a class of Preferred Shares to the Company's share capital is in the best interests of the Company in order to provide Goodfood with increased flexibility to consider and pursue capital raising and corporate opportunities.

If the Preferred Shares Resolution is approved by the Shareholders, Articles of Amendment would need to be filed with the Director under the CBCA to add a class of Preferred Shares to the Company's share capital. The terms of the Preferred Shares will be substantially as set forth in Annex E hereto. Once the Company's Articles are so amended, the Board will have the authority to approve the issuance of any number of Preferred Shares in one or more series at any time and from time to time, to determine the number of shares constituting any series, and to determine the voting powers, conversion rights, dividend rights, and other designations, preferences, limitations, restrictions and rights relating to such shares without any further prior approval of the Shareholders, but subject to applicable TSX approvals. Upon any such issuance, the designations, preferences, limitations, restrictions and rights of any series of Preferred Shares designated by the Board will be set forth in an amendment to the Articles and further Articles of Amendment of the Company will be filed in accordance with the CBCA.

The Board determines all specific rights of the particular series of Preferred Shares. When ultimately issued, the Articles providing for the creation of a series of Preferred Shares will set out the terms and restrictions in respect of such series of Preferred Shares. This will provide the holders of Common Shares with an indication of the possible effects of an issuance of a particular series of Preferred Shares, specifically with respect to dividends, liquidation, redemption, conversion,

dilution, voting rights and limitations on issuances of Preferred Shares. Such effects may include holders of Common Shares receiving less in the event of liquidation, dissolution or other winding up of the Company, or a reduction in the amount of funds, if any, available for dividends on Common Shares.

While the Board may consider issuing Preferred Shares in the future, the Company currently has no agreements or understandings with any person to effect any such issuance, and the Company may never issue any Preferred Shares.

The persons named as proxies in the proxy form intend to cast the votes represented by proxy at the Meeting FOR the approval of the resolution authorizing the addition of a class of Preferred Shares.

6. Other Business to be Transacted at the Meeting

Management of the Company is not aware of any matter to be submitted at the Meeting other than the matters set forth in the Notice of Meeting.

PROPOSED NOMINEES FOR ELECTION AS DIRECTORS

Information on Proposed Nominees

The persons whose names are printed in the proxy form intend to vote FOR the election as directors of each of the proposed nominees set forth below. Each such candidate was proposed based on the recommendation of the Governance, Human Resources and Compensation Committee (the “**GHRC Committee**”) and for election as a director. Each director elected will hold office until the next annual meeting of shareholders or until that director’s successor is duly elected or appointed, unless the office is earlier vacated.

The Company has adopted a majority voting policy for its Board of Directors nominees in compliance with TSX rules. However, this policy has been automatically repealed as of August 31, 2022 when new provisions of the *Canada Business Corporations Act* (“**CBCA**”) introducing a statutory voting requirement for uncontested director elections came into effect. Under the CBCA amendments, shareholders are allowed to vote “for” or “against” (as opposed to “for” and “withhold”) nominees for the Board of Directors. If a nominee does not receive a majority of the votes cast for their election, the nominee will not be elected and the Board of Directors position will remain open or, if in the case of incumbent directors (which comprise all of the Company’s nominees for the Board of Directors at the Meeting), such director may continue in office until the earlier of (i) the 90th day after the election, or (ii) the day on which his or her successor is appointed or elected.

The tables below identify each of the proposed nominees; their principal occupation; their province or state, and country of residence; their age; the year when the person first became a director of the Company; whether the candidate has been determined by the Board of Directors to be independent of, or related to, the Company; their Board of Directors and Committee memberships and attendance record; other public company board memberships; the number of Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised, the

number of stock options of the Company (the “**Options**”), restricted share units of the Company (“**RSUs**”) and debentures held by such individual, with all such securities ownership information provided by each of the candidates as at December 1, 2022; and whether the candidate complies with the Company’s share ownership guidelines.

For the fiscal year ended August 31, 2021 ("**Fiscal 2021**") and for Fiscal 2022, the Board of Directors, upon recommendation of the GHRC Committee, adopted an approach based on the achievement of certain corporate and financial objectives.

The NEO compensation for Fiscal 2022 is summarized hereinafter under the subheading “Summary Compensation Tables”. The Compensation of the NEOs is based on the factors described hereinafter.

Compensation Discussion and Analysis

Compensation Objectives and Philosophy

Our executive compensation program is designed to attract, retain, motivate and reward the executive officers for their performance and contribution to Goodfood’s long-term success. The objective of the program is to focus Goodfood’s executive officers on the key business factors that affect shareholder value and to align their compensation with Goodfood’s business and financial objectives and the long-term interests of Goodfood’s shareholders.

During the course of the fiscal year ended August 31, 2020 (“**Fiscal 2020**”), the GHRC Committee retained the services of Perrault Consulting Inc. (“**PCI**”) to review the Company’s executive compensation market positioning and to assist in refining the executive compensation policy going forward, beginning with Fiscal 2021.

On September 29, 2021, the Company adopted a revised bonus compensation structure, effective as of September 1, 2021. This bonus program was based on net sales and adjusted EBITDA with the objectives i) to align the management team and employees to corporate objectives and shareholders’ interests; and ii) to recognize corporate and individual performance. All employees eligible for bonus incentive payment have a portion of their bonus calculated based on the corporate objectives and a portion calculated based on their individual objectives. The weighting factor of corporate components varies based on the level of employees, ranging from 45% for employees to 70% for Executive Officers.

For Fiscal 2022, Goodfood used a level-based total compensation framework which included market-aligned salary progressions, bonus Long-Term Incentive Plan targets and maximums for salaried employees.).The compensation framework was aligned with provincial benchmark information.

For Fiscal 2023, the compensation structure remains substantially similar to that of Fiscal 2022.

Market Positioning and Benchmarking

For Fiscal 2022, the comparator group for considering the compensation of the NEOs consisted of the following companies:

- Recipe Unlimited Corporation
- Aritzia Inc.
- MTY Food Group Inc.
- Medifast Inc.
- Aurora Cannabis Inc.
- Alithya Group Inc.
- Kinaxis Inc.
- Lightspeed Commerce Inc.
- Andrew Peller Limited
- Jamieson Wellness Inc.
- Zuora Inc.

For Fiscal 2023, the companies in the comparator group will consist of the same companies as for Fiscal 2022.

The performance goals and benchmarks for the NEOs compensation as established by the Board of Directors upon recommendation from the GHRC Committee for Fiscal 2022 are discussed below.

Elements of Compensation

The Company's compensation program consists primarily of the following elements: base salary, short-term incentive and long-term incentive, as well as customary benefit programs.

Base Salary

Base salaries for NEOs are established based on the scope of their responsibilities, competencies and their prior relevant experience, taking into account compensation paid in the market for similar positions. Base salary is not contingent on short-term variation in operating performance, and therefore sustains individual performance and competency development.

Base salaries are reviewed annually and may be increased for merit reasons, based on the NEO's success in meeting or exceeding corporate or individual objectives. Additionally, base salaries can be adjusted as warranted throughout the year to reflect promotions or other changes in the scope or breadth of an executive's role or responsibilities, as well as for market competitiveness.

Short-Term Incentive

Compensation program for NEOs includes eligibility for annual cash bonuses (or payment of annual bonus value (totally or partially) in long-term incentive ("LTI") grants. Such grant may consist in RSU grants or a combination of RSU and Option grants, subject to the Board's approval. The target amounts to which NEOs are entitled under the annual bonus plan are approved by the Board of Directors, upon recommendation of the GHRC Committee.

The following table summarizes the market positioning for each element of the Company's compensation program and in aggregate on a total compensation basis:

Compensation Element	Performance Criteria	Performance Outcome
Base Salary	Individual contribution and competencies and prior relevant experience	Salary increase and position within the salary structure
Short-Term Incentive	The achievement of certain financial and operational objectives	Cash payment and/or LTI grants (i.e., RSU grants and/ or combination of RSU and Option grants), subject to the board's approval. ⁽¹⁾
Long-Term Incentive	Time vesting and individual performance	Ultimate payout of grant and size of annual RSU and Option grants
Benefits	Not applicable	Not applicable

⁽¹⁾ When NEOs elect to receive payment of their bonus (totally or partially) in LTI grants, an additional 30% in value is added ("Additional Value") to the total grant amount. Total amount of LTI grants will be fully vested on the first anniversary of the grant date, but the Additional Value shall be forfeited and automatically null and void if the NEO is terminated for cause by the Company or if the NEO resigned from the Company, before the vesting date.

For Fiscal 2022

The corporate factor was not met in FY 2022 and as such, only partial bonuses were paid out based on the applicable personal factor.

Jonathan Ferrari had the opportunity to earn a bonus of up to 134% of such NEO's earned base salary. The Company's Fiscal 2022 performance goals for Mr. Ferrari were based 70% upon the achievement of certain sales, growth, product offering and gross profit targets and 30% upon the achievement of other personal objectives.

Neil Cuggy had the opportunity to earn a bonus of up to 134% of such NEO's earned base salary. The Company's Fiscal 2022 performance goals for Mr. Cuggy were based 70% upon the achievement of certain sales, growth, product offering and gross profit targets and 30% upon the achievement of other personal objectives.

Jonathan Roiter had the opportunity to earn a bonus of up to 100% of such NEO's earned base salary, 35% upon the achievement of certain personal objectives and 65% upon the achievement of certain sales, growth, gross profit, human resources, sustainability, and corporate financial objectives.

Jennifer Stahlke had the opportunity to earn a bonus of up to 60% of such NEO's earned base salary, 35% upon the achievement of certain personal objectives and 65% upon the achievement of certain sales, growth, gross profit, human resources, sustainability, product offering and financial objectives.

Bipasha Chiu had the opportunity to earn a bonus of up to 60% of such NEO's earned base salary, 35% upon the achievement of certain personal objectives and 65% upon the achievement of certain sales, growth, gross profit, human resources, sustainability, operational and financial objectives.

Gregory Christopher had the opportunity to earn a bonus of up to 100% of such NEO's earned base salary, 35% upon the achievement of certain personal objectives and 65% upon the

achievement of certain sales, growth, gross profit, human resources, sustainability, operational and financial objectives.

For Fiscal 2023

The Board of Directors reviews the target percentage at the beginning of each fiscal year, it being understood that the value of such target percentage shall be at least equal to the value of the target percentage established for the previous fiscal year. For Fiscal 2023, the Board of Directors, upon recommendation of the GHRC Committee, approved each NEO's short-term incentive eligibility as well as the associated performance goals.

Jonathan Ferrari and Neil Cuggy each have the opportunity to earn a maximum bonus of up to 134% of their respective base salaries, whereas Jonathan Roiter, Jennifer Stahlke and Bipasha Chiu each have the opportunity to earn a maximum bonus of up to 100% of their base salaries, upon the achievement of certain operational, product and HR objectives, as well as other corporate and personal objectives, in line with new bonus program structure, effective Fiscal 2023.

The Board of Directors maintains discretion at all times to grant discretionary bonuses or commissions, including in the context of acquisitions, to modify, amend or terminate short-term incentive plans at all times, and to deviate from the plans or grant individual exceptions.

Long-Term Incentive

Equity-based awards are a variable element of compensation that allows us to incentivize and retain our NEOs for their sustained contributions to the Company. Equity awards reward performance and continued employment by an NEO, with associated benefits to us of attracting and retaining employees. We believe that equity incentives provide NEOs with a strong link to long-term corporate performance and the creation of shareholder value. The GHRC Committee determines the grant size and terms to be recommended to the Board of Directors.

Benefits

The Company offers certain benefits to its office employees, including its NEOs, as part of a group insurance plan and through employer contributions under Goodfood's share purchase plan (the "**Share Purchase Plan**") under which Common Shares are acquired on behalf of such participants through normal market facilities. Under the Share Purchase Plan, eligible participants may contribute between 1% and 5% of their salaries (subject to a maximum of \$10,000 per year) and receive an employer contribution equal to 50% of any amounts so contributed by such participant. Certain benefits increase in proportion with salary and scope of responsibilities.

Perquisites

The Company offered a car allowance to each of Jonathan Ferrari, Neil Cuggy and Jonathan Roiter. Each of the NEOs also receives the reimbursement of certain business expenses reasonably incurred in the performance of their functions. Such amounts are nominal.

Compensation Risk Management

As part of the annual review of the Company's executive compensation, the Board and the GHRC Committee consider the implications of the risks associated with the Company's compensation policies and practices, including as to whether or not they could encourage an executive officer or an employee at a principal business unit or division to take inappropriate or excessive risks. For Fiscal 2023, the Board and the GHRC Committee reviewed the executive compensation program and modified compensation structure, such changes to be effective in Fiscal 2023 as described above. The Board and the GHRC Committee believe that the current compensation structure constitutes a well-balanced mix of base salary, short-term incentive and long-term incentive, applies maximums to short-term incentive payouts, and includes a combination of performance and time vesting for long-term incentive grants. Accordingly, the Board and the GHRC Committee have not, after consideration, identified any risk arising from the Company's compensation policies and practices that is reasonably likely to have a material adverse effect on the Company.

Performance Graph

The following performance graph shows the yearly change in the cumulative total return on the Company's Common Shares compared to the total cumulative return of the S&P/TSX Composite Total Return Index for the period between the closing of our RTO on June 1, 2017 to September 3, 2022.

Cumulative Total Return (\$)	June 1, 2017	August 31, 2018	August 31, 2019	August 31, 2020	August 31, 2021	September 3, 2022
Goodfood Market Corp.	\$100.00	\$127.50	\$134.50	\$340.50	\$492.00	\$51.00
S&P TSX Composite Index	\$100.00	\$105.45	\$106.61	\$107.08	\$133.46	\$124.57

The Company determines executive compensation in accordance with the policies and procedures and based on the criteria described above, and for Fiscal 2022, this was largely based upon the achievement of certain sales, growth and gross profit targets, and partially upon the achievement of certain human resources, product offering and other personal objectives. As such, executive compensation is not based on the total return of the Company's Common Shares relative to any particular stock index. Given the Company's Common Shares were listed for trading for only three months in the fiscal year ended August 31, 2017, no comparison can be made for this period with respect to the trend on the graph and the trend in NEO compensation. With respect to the years that followed, the line graph above illustrates the increase in the market price of the Common Shares of Goodfood on the TSX by 5% for the fiscal year ended August 31, 2019, 153% in Fiscal 2020, 44% in Fiscal 2021, and 90% in Fiscal 2022. The increase of NEO compensation over the same twelve-month periods is mainly attributable to increases in base salary and short-term incentive payouts in relation to the achievement of the aforementioned performance objectives and the grant of Options as part of the Company's long-term incentive compensation arrangements, and as such, no meaningful conclusion can be drawn as to any direct link between the Company's compensation practices and the performance of the Company's stock index.

Security-Based Compensation Plans

The Company's stock option plan (the "**Stock Option Plan**") was established on September 24, 2015, was amended and restated upon closing of the RTO on June 1, 2017 and further amended on April 3, 2018, November 22, 2018, July 10, 2019, November 13, 2019 and November 16, 2021.

The Company's restricted share units plan (the "**RSU Plan**") was approved by the Board of Directors on September 29, 2020 and was further amended on November 16, 2021. Details of the Stock Option Plan and the RSU Plan (collectively referred to as the "**Security-Based Compensation Plans**") are described below.

The Security-Based Compensation Plans were implemented for the benefit of the employees, directors, officers and consultants of the Company and its affiliates, as applicable. The purpose of the Security-Based Compensation Plans is to provide additional incentives for continued and improved services with the Company. Our Board of Directors is responsible for administering the Security-Based Compensation Plans, and the GHRC Committee makes recommendations to the Board of Directors in respect of certain matters relating to the Security-Based Compensation Plans.

The Company does not currently provide financial assistance to the participants of any of the Security-Based Compensation Plans to assist them in exercising or settling awards and purchasing Common Shares of the Company. Additionally, the Security-Based Compensation Plans do not provide for the ability to transform awards into stock appreciation rights involving an issuance of securities from treasury.

The aggregate number of Common Shares currently reserved for issuance under the Security-Based Compensation Plans, together with any other security-based compensation arrangement which has been or may be implemented by the Company, shall not exceed ten percent (10%) of the issued and outstanding Common Shares; as calculated on the applicable grant date. All of the Common Shares covered by exercised, expired, cancelled or forfeited awards under the Security-Based Compensation Plans shall become available Common Shares for the purposes of awards that may be subsequently granted under the Security-Based Compensation Plans. As at September 3, 2022, there were 3,262,799 Options outstanding, representing 4.33% of the issued and outstanding Common Shares. As at September 3, 2022 there were 2,000,716 RSUs outstanding.

There is no maximum number of securities that any one person who is not an insider of the Company is entitled to receive under the Security-Based Compensation Plans. However, the number of Common Shares issuable to insiders of the Company, at any time, under the Security-Based Compensation Plans or any other security-based compensation arrangement which has been or may be implemented by the Company shall be 10% of the Company's total issued and outstanding Common Shares as at the applicable grant date. In addition, the number of Common Shares issued to insiders of the Company, within any one year period, under the Security-Based Compensation Plans or any other security-based compensation arrangement which has been or may be implemented by the Company cannot exceed 10% of the Company's total issued and outstanding Common Shares.

The Security-Based Compensation Plans also provide that equitable adjustments, if any, will be made by the Board of Directors in connection with any reorganization, change in the number of issued and outstanding Common Shares of the Company by reason of stock dividend, stock split, reverse stock split, recapitalization, merger, consolidation, combination or exchange of shares or other similar corporate change, including the number of Common Shares to which a holder is entitled upon exercise or settlement of awards, as applicable, and, in the case of the Stock Option Plan, adjustments to the exercise price.

Awards granted under the Security-Based Compensation Plans are not assignable or transferable, except to the legal representative or estate of a participant who has become incapacitated or who has died in the case of Stock Option Plan.

The Security-Based Compensation Plans provide that in the event of, amongst other things: (i) any transaction pursuant to which (A) the Company goes out of existence, or (B) any person (other than the Company, an affiliate of the Company or an employee benefit plan of the Company) acquires the direct or indirect beneficial ownership of securities of the Company representing 50% or more of the aggregate voting power of all of the Company's then issued and outstanding securities; (ii) the sale of all or substantially all of the Company's assets to a person other than an affiliate of the Company; (iii) the dissolution or liquidation of the Company except in connection

with the distribution of assets of the Company to an affiliate of the Company prior to such event; or (iv) the occurrence of a transaction requiring approval of the Company's shareholders involving the acquisition of the Company by an entity through purchase of assets, by amalgamation or otherwise (each such case being a **"change in control"** for the purposes of the Security-Based Compensation Plans), the Board of Directors, without limiting the generality of the foregoing, and without any action or consent required on the part of any participant, shall have the right to, (a) determine that the awards, in whole or in part and whether vested or unvested, shall remain in full force and effect in accordance with their terms after the change in control, (b) provide for the conversion or exchange of any or all awards into or for options, restricted share units, rights or other securities in the entity, as applicable, participating in or resulting from the change in control, (c) cancel any unvested award without payment of any kind to any participant, (d) accelerate the vesting of outstanding awards, (e) provide for outstanding awards to be purchased, (f) accelerate the date by which any or all awards, whether vested or unvested, must be exercised or settled, as applicable, (g) deem any or all awards, whether vested or unvested, to have been exercised or settled, as applicable, tender, on behalf of the participant, the underlying Common Shares that would have been issued pursuant to the exercise or settlement of such awards, as applicable, to any third party purchaser in connection with the change in control, and pay to the participant on behalf of such third party purchaser an amount per underlying Common Share equal to the positive difference between the change in control price of the Common Shares and the applicable Option exercise price or the value of the underlying Common Shares that the participant would have received on settlement of the RSU, as applicable, (h) cancel any or all outstanding awards and pay to the participant an amount per underlying Common Share equal to the positive difference between the change in control price of the Common Shares and the applicable Option exercise price or the value of the underlying Common Shares that the participant would have received on settlement of the RSU, as applicable, or (i) take such other actions, and combinations of the foregoing actions or any other actions permitted under the Security-Based Compensation Plans, as it deems fair and reasonable under the circumstances. Without limiting the aforementioned rights of the Board of Directors in the event of a change of control under the Security-Based Compensation Plans, in the event of a change of control, where a participant continues in employment or in a position with the acquirer or other party in the transaction, 50% of the unvested awards held by a participant shall vest automatically in connection with the change of control with the remaining unvested awards held by the participant vesting automatically on the date that is the 12-month anniversary of the change of control. Notwithstanding the foregoing and for greater certainty, where: (i) following a change of control, the participant's employment or position is terminated other than for cause or the participant resigns for good reason within such twelve (12) month period, all unvested awards held by such participant shall become vested and exercisable or settled immediately, as applicable, and (ii) following a change of control, the participant resigns voluntarily or the participant resigns other than for good reason within such twelve (12) month period, the awards held by such participant shall be forfeited and cancelled automatically and be without any further force or effect. Where a participant does not continue in employment or in a position with the acquirer or other party in the change of control transaction, all unvested awards held by the participant shall vest automatically in connection with the change of control.

Stock Option Plan

The Stock Option Plan allows for the grant of Options to purchase Common Shares to directors, officers, employees and consultants of the Company and its affiliates. The Board of Directors, in its sole discretion, shall from time to time designate the directors, executive officers, employees or consultants to whom Options shall be granted, the number of Common Shares to be covered by each Option granted and the terms and conditions thereof.

Under the Stock Option Plan, the exercise price for each Common Share covered by an Option shall be established by the Board of Directors at the time of the grant, but shall not be less than the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of the granting of the Option. Unless otherwise specified by the Board of Directors at the time of granting the Options, Options will vest in successive equal monthly periods over a period of up to four (4) years after they are granted, with the first twelve (12) periods vesting only on the first anniversary of the grant. However, the Board of Directors has the discretion to determine the vesting schedule of the Options and the Board shall have the full power and authority to accelerate the vesting or exercisability of all or any portion of any Option, including, without limiting the generality of the foregoing, in a change of control situation involving the Company.

Subject to any accelerated termination under the Stock Option Plan and unless otherwise determined by the Board of Directors at the time of the grant, each Option shall be exercisable until the eighth anniversary of the date on which it is granted. The Stock Option Plan provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a black-out period or within ten (10) business days after the last day of a blackout period. In such cases, the extended exercise period shall terminate ten (10) business days after the last day of the black-out period.

The following table describes the impact of certain events upon the rights of holders of Options under the Stock Option Plan:

Event	Provisions (unless otherwise specified by the Board of Directors at the time of the grant)
Resignation or retirement	Forfeiture of all unvested Options. 30 days after termination to exercise vested Options.
Termination for cause	Forfeiture of all vested and unvested Options.
Termination other than for cause	Forfeiture of all unvested Options. 90 days after termination to exercise vested Options.
Death or permanent incapacity	Forfeiture of all unvested Options. 120 days after the date of death or permanent incapacity to exercise vested Options.
Change of control	Unless otherwise stipulated in an Option agreement or by the TSX, the effect on unvested Options is subject to the discretion of the Board of Directors at the moment of the change of control, as described under the subheading “Security-Based Compensation Plans”. However, without limiting the discretion of the Board of Directors described above, 50% of the unvested Options held by a Stock Option Plan participant shall automatically vest upon a change a

control with the remaining 50% of the unvested Options vesting on the twelve (12) month anniversary of a change of control, unless such participant (i) is terminated within the twelve (12) month period following the change of control, in which case all of their unvested Options will immediately vest and be exercisable, or (ii) voluntarily resigns or resigns for a reason other than for a good reason within twelve (12) month period of the change of control, in which case the Options held by such participant will be forfeited and cancelled automatically.

The Board of Directors retains the discretion, to amongst other things, deem the exercise of any vested Options.

Ceasing to be a director or officer (and does not continue as a full-time employee of the Company)

90 days after termination date to exercise vested Options.

Forfeiture of all unvested Options.

Subject to the rules of the TSX, the Board of Directors may at any time or from time to time without shareholder approval alter, amend, vary, suspend, terminate or cancel the Stock Option Plan or amend any Options issued pursuant to the Stock Option Plan. Nonetheless, and subject to any additional requirements of the rules of the TSX, the following changes to the Stock Option Plan or the Options require the approval of the Company's shareholders as well as the approval of the TSX:

- a reduction in the exercise price of an Option held by an insider of the Company;
- an extension of the term of an Option held by an insider of the Company;
- any amendment to remove or exceed the insider participation limits;
- an increase in the maximum number or percentage of Common Shares issuable pursuant to Options granted under the Stock Option Plan; and
- a change to the provisions regarding amendments to the Stock Option Plan.

The Board of Directors has the discretion to make amendments which it may deem necessary or desirable, without having to obtain shareholder approval. Such changes include, without limitation:

- minor changes of a "housekeeping nature";
- amending options under the Stock Option Plan, including with respect to the option period (provided that the period during which an Option is exercisable does not exceed eight years from the date the Option is granted and that such Option is not held by an insider of the Company), vesting period, exercise method and frequency, subscription price (provided that such Option is not held by an insider of the Company) and method of determining the subscription price, assignability and effect of termination of a participant's employment or cessation of the participant's directorship;
- changing the class of participants eligible to participate under the Stock Option Plan;

- accelerating vesting or extending the expiration date of any Option (provided that such Option whose expiration date is being extended is not held by an insider of the Company), provided that the period during which an Option is exercisable does not exceed eight years from the date the Option is granted;
- changing the terms and conditions of any financial assistance which may be provided by the Company to participants to facilitate the purchase of Common Shares under the Stock Option Plan; and
- adding a cashless exercise feature, payable in cash or securities, whether or not providing for a full deduction of the number of underlying Common Shares from the Stock Option Plan reserve.

For the first three points above, the votes attached to shares held directly or indirectly by insiders benefiting directly or indirectly from the amendment are to be excluded. In addition, with respect to amendments that would disproportionately benefit one or more insiders over other holders of Options, the votes of shares held directly or indirectly by those insiders receiving the disproportionate benefit must be excluded.

On November 16, 2021, the Board of Directors approved a housekeeping amendment to the Stock Option Plan to provide, for greater certainty, that where an option is held by a participant whose service with the Company is terminated during a blackout period in circumstances where such options continue to be exercisable following termination, the period of time during which such options may be exercised shall be extended to the date that is ten (10) business days after the end of the relevant blackout period. Given that the amendment is of a housekeeping nature and to provide greater clarity on the treatment of an option that expires during a blackout period, the amendment does not require shareholder approval under the terms of the Stock Option Plan or the policies of the TSX.

RSU Plan

The RSU Plan allows for the grant of RSUs to eligible employees and directors of the Company and its affiliates. The Board of Directors, in its sole discretion, shall from time to time designate the eligible employees and directors to whom RSUs shall be granted, the number of RSUs to be granted and the terms and conditions thereof.

Under the RSU Plan, each RSU entitles the participant to receive, at the Company's discretion, one Common Share (from treasury or acquired on the open market) or its cash equivalent to the five day volume weighted average price of the Common Shares underlying the RSUs in question on the TSX prior to the settlement date (the "**Market Value**"). Unless otherwise specified by the Board of Directors at the time of granting the RSUs, (i) one third of the amount of the RSUs granted will vest on the first anniversary of the RSU grant, (ii) one third of the amount of the RSUs granted will vest in the subsequent year with 8.25% of the RSU grant vesting every 90 days in such year, and (iii) the remaining one third of the RSUs granted will vest in the year that follows (and settled no later than December 31 of the third calendar year following the RSU grant date) with 8.25% of the RSU grant vesting every 90 days in such year. In the event that a participant's vesting date falls within a blackout period applicable to such participant, then the participant's

vesting date shall be extended to the close of business on the second (2nd) business day following the expiration of the blackout period.

The Board of Directors has the discretion to determine any and all conditions to the vesting of any RSUs granted, which vesting conditions may be based on either or both of time and performance criteria. The Board of Directors may also elect to credit a participant with additional RSUs as a bonus for services rendered in the calendar year containing a payment date for cash dividends paid on Common Shares. In such a case, the number of additional RSUs so credited shall be equal to the aggregate amount of dividends that would have been paid to the participant if the RSUs in the participant's account as of the record date for payment of such dividends had been Common Shares divided by the Market Value of a Common Share on the payment date for cash dividends.

Subject to certain exceptions, RSUs expire on the date specified in the applicable RSU grant letter as the date on which the RSU will be terminated and cancelled.

RSUs may, at the sole discretion of the Company, be settled once vested (i) by delivering Common Shares issued from treasury, (ii) by delivering Common Shares acquired in the open market, or (iii) by making a cash payment equal to the five day volume weighted average price of the Common Shares underlying the RSUs in question on the TSX prior to the settlement date.

The following table describes the impact of certain events upon the rights of holders of RSUs under the RSU Plan:

Event	Provisions (unless otherwise specified by the Board of Directors at the time of the grant)
Resignation	Forfeiture of all unvested RSUs. 90 days after termination to settle vested RSUs.
Termination for cause	Forfeiture of all vested and unvested RSUs.
Termination other than for cause	Forfeiture of all unvested RSUs. 90 days after termination to settle vested RSUs.
Retirement, death or permanent incapacity	Pro-rated vesting of unvested RSUs outstanding at the date of resignation, death or permanent incapacity. 90 days after the date of resignation, death or permanent incapacity to settle vested RSUs.
Change of control	Unless otherwise stipulated in an RSU agreement or by the TSX, the effect on unvested RSUs is subject to the discretion of the Board of Directors at the moment of the change of control, as described under the subheading "Security-Based Compensation Plans". However, without limiting the discretion of the Board of Directors described above, 50% of the unvested RSUs held by a RSU Plan participant shall automatically vest upon a change a control with the remaining 50% of the unvested RSUs vesting on the twelve (12) month anniversary of a change of control, unless such participant (i) is terminated within the twelve (12) month period following the change of control, in which case all of their unvested RSUs will immediately vest and shall be settled, or (ii) voluntarily resigns or resigns for a reason other than for a good reason within twelve (12) month period of the change of control, in which case the RSUs held by such participant will be forfeited and cancelled automatically. The Board of Directors retains the discretion, to amongst other things, deem the settlement of any vested RSUs.

Ceasing to be a director

90 days after termination date to settle vested RSUs.
Forfeiture of all unvested RSUs.

The Board of Directors may at any time or from time to time without shareholder approval suspend or discontinue the RSU Plan. The Board of Directors may, subject to receipt of requisite regulatory and shareholder approval, make the following amendments to the RSU Plan:

- an amendment to the number of securities under the RSU Plan;
- a change to the definition of participant under the RSU Plan which would have the potential of narrowing, broadening or increasing insider participation;
- any amendment to the non-employee director participation limits;
- a change that would permit an RSU to be assigned or transferred, other than for normal estate settlement purposes; and
- a change to the provisions regarding amendments to the RSU Plan.

The Board of Directors has the discretion to make all other amendments which it may deem necessary or desirable, subject to receipt of requisite regulatory approval only, where required. Such changes include, without limitation:

- any amendment of a “housekeeping nature”;
- an addition or change to the vesting provisions of a RSU or the RSU Plan;
- a change to the termination provisions of a RSU or the RSU Plan;
- any amendment to reflect changes to applicable securities laws; and
- any amendment to ensure that the RSUs granted under the RSU Plan will comply with provisions respecting income tax.

For the third point above, the votes attached to shares held directly or indirectly by insiders benefiting directly or indirectly from the amendment are to be excluded. In addition, with respect to amendments that would disproportionately benefit one or more insiders over other holders of RSUs, the votes of shares held directly or indirectly by those insiders receiving the disproportionate benefit must be excluded.

On November 16, 2021, the Board of Directors approved certain housekeeping amendments to the RSU Plan. Namely, in the event that a participant’s vesting date falls within a blackout period applicable to such participant, then the participant’s vesting date shall be extended to the close of business on the second (2nd) business day following the expiration of the blackout period, which period accords with the blackout provisions of the Company’s Trading Policy (the “**Vesting Date Amendment**”). Given that these amendments (including the Vesting Date Amendment) are of a housekeeping nature and were implemented to facilitate the exercise of RSUs by participants, they do not require shareholders’ approval under the terms of the RSU Plan or the policies of the TSX.

These employment agreements include provisions regarding base salary, annual bonuses, eligibility for long-term equity-incentives, benefits, confidentiality, non-solicitation and non-competition covenants, and ownership of intellectual property, among other things. The non-competition covenants contained in the employment agreements survive for twelve (12) months following termination of employment.

In the case of termination of employment other than for cause of Messrs. Ferrari, Cuggy, Roiter and in the case of a resignation for a good reason by Messrs. Ferrari, Cuggy, Roiter, their employment agreements provide that they are entitled to a termination payment equal to twenty four (24) months of base salary and short-term incentive amounts in the case of Messrs. For the purpose of the employment agreements of Mr. Roiter and Ms. Chiu, a “good reason” refers to (i) a change in such NEO’s responsibility by the Company in a materially adverse manner, or (ii) if the location of such NEO’s employment is changed by the Company to a place outside of the greater Montréal area. In the case of Mr. Roiter and Chiu a “good reason” refers to (i) a material reduction of annual base salary (ii) a material reduction in authority, duties or responsibilities; or (iii) a relocation of the principal place of employment with the Company to a place that increases commute by more than fifty (50) kilometers.

A “Change of Control” means (i) the sale of all or substantially all of the assets of the Company on a consolidated basis, in one transaction or a series of related transactions, to a person that is not an affiliate, (ii) a merger, reorganization or consolidation pursuant to which the holders of the Company’s outstanding voting power immediately prior to such transaction do not own a majority of the outstanding voting rights of the resulting or successor entity (or its ultimate parent, if applicable) immediately upon completion of such transaction, (iii) any person or a group of persons acting jointly or in concert becoming the beneficial owner, directly or indirectly, of shares carrying at least a majority of the outstanding voting rights of the Company, or (iv) any other transaction in which the owners of the Company’s outstanding voting power prior to such transaction do not own at least a majority of

the outstanding voting power of the Company or any successor entity immediately upon completion of the transaction other than as a result of the acquisition of securities directly from the Company.

The employment agreements of Jonathan Ferrari and Neil Cuggy further provide that, upon termination of employment other than for cause, such NEOs shall be entitled to exercise any Options awarded under the Stock Option Plan.

In addition, the employment agreements of Messrs. Ferrari and Cuggy provide that, upon termination other than for cause within twelve (12) months from a Change of Control, they shall have twelve (12) months after the date of termination to exercise their Options, including Options vesting as a result of the Change of Control.

In case of a termination of employment within six (6) months of a Change in Control, Ms. Stahlke's agreement provides that she is entitled to a termination payment equal to six (6) months of base salary and short-term incentives. In case of a termination of employment within twelve (12) months of a Change in Control, Ms. Chiu's agreement provides that she is entitled to a termination payment equal to twelve (12) months of base salary and short-term incentives.

Director Compensation

Jonathan Ferrari and Neil Cuggy have not been and are not entitled to any compensation as directors. Directors are entitled to be reimbursed for reasonable travel and other expenses incurred by them in carrying out their duties as directors. There are currently no service contracts or agreements, or predetermined plans or arrangements, between the Company and any of the directors with respect to payments upon termination of their services as a director.

For Fiscal 2022, the Company ceased paying meeting fees to its non-executive directors, opting instead for increased cash and equity retainers. The equity component of the retainer for non-executive directors were paid half in Options and half in RSUs. Each non-executive member of the Board of Directors received a grant of 17,145 Options at an exercise price of \$5.30 and 7,909 RSUs for a grant amount of \$5.69 representing the equity component of their Fiscal 2022 retainer.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Other than as set out below and elsewhere in this Management Proxy Circular, we have not completed a transaction since September 1, 2021, that has materially affected or is reasonably expected to materially affect us in which any informed person of the Company, including any of our directors, executive officers or principal shareholders, or any of their associates or affiliates, had any material interest, either direct or indirect.

On February 24, 2022, the Company completed a bought deal public offering of \$30 million financing (the “**2022 Debenture Offering**”) through the issuance of convertible unsecured subordinated debentures (the “**2027 Debentures**”, as distinguished from the “**2025 Debentures**” which refer to the convertible unsecured subordinated debentures issued by the Company on February 26, 2020 in its completion of a \$30 million financing).

Hamnett Hill, a former independent director of the Company until April 12, 2022, François Vimard, a former independent director of the Company until October 25, 2022, as well as Donald Olds and Terry Yanofsky, independent directors of the Company, purchased an aggregate of \$415,000 principal amount of 2027 Debentures under the 2022 Debenture Offering. Their participation is considered to be a “related party transaction” as defined in Regulation 61-101 respecting Protection of Minority Security Holders in Special Transactions (“**MI 61-101**”). The participation of such insiders is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of the securities issued to such insiders nor the consideration for such securities exceeds 25% of the Company’s market capitalization. The Company did not file a material change report 21 days prior to closing of the 2022 Debenture Offering as the details of the participation of insiders of the Company had not been confirmed at that time. The 2022 Debenture Offering, including the insiders’ participation therein, has been approved by the Board of Directors of the Company.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND EMPLOYEES

As of December 1, 2022, none of our directors, executive officers, employees, former directors, former executive officers or former employees, and none of their associates, is indebted to us or another entity whose indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar agreement or understanding provided by us, except for routine indebtedness as defined under applicable securities legislation.

STATEMENT OF CORPORATE GOVERNANCE

Goodfood is committed to high standards of corporate governance and recognizes that good corporate governance plays an important role in its overall success, enhancing shareholder value.

Accordingly, Goodfood has adopted certain corporate governance policies and practices which are reflective of the recommended corporate governance guidelines, which are reflective of the recommended corporate governance guidelines issued by the Canadian Securities Administrators pursuant to National Policy 58-201 – Corporate Governance Guidelines (“**NP 58-201**”) together

with certain related disclosure requirements pursuant to NI 58-101. The corporate governance guidelines set forth in NP 58-201 are recommended as “best practices” for issuers to follow.

Set out below is the disclosure required by NI 58-101 which describes Goodfood’s approach to corporate governance in relation to the corporate governance guidelines set forth in NP 58-201.

Board of Directors

Board Size and Independence of the Board of Directors

The Board is currently comprised of five (5) directors, three (3) of whom are independent for the purposes of NI 58-101. A director is independent for the purposes of NI 58-101 if he or she is independent within the meaning of National Instrument 52-110 – Audit Committees (“**NI 52-110**”). Subject to certain exceptions, a director is “independent” within the meaning of NI 52-110 if he or she has no direct or indirect material relationship with the issuer. A “material relationship” is a relationship that could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment.

It is the Board’s determination that all current directors are independent other than Jonathan Ferrari by reason of the fact that he is the Chairman and Chief Executive Officer of the Company and Neil Cuggy by reason of the fact that he is the President and Chief Operating Officer of the Company.

The Board determines annually whether each member of the Board is independent pursuant to applicable securities legislation by ascertaining, among other matters, whether they were engaged as an executive officer or employee of Goodfood, they have any immediate family member engaged as an executive officer or employee of Goodfood, they received remuneration from Goodfood other than remuneration for acting as a director or a member of any committee of the Board, or they or an immediate family member benefitted from a business relationship with Goodfood that could reasonably be perceived to materially interfere with their independent judgment. For additional information regarding the directors of Goodfood, see “Proposed Nominees for Election as directors - Information on Proposed Nominees”.

Outside Directorships

Certain members of the Board are currently directors of other issuers that are reporting issuers (or the equivalent) in a jurisdiction of Canada or a foreign jurisdiction, as listed in “Proposed Nominees for Election as Directors - Information on Proposed Nominees”.

Meetings of Independent Directors

The Board of Directors holds regularly scheduled quarterly meetings as well as ad hoc meetings from time to time. In the course of meetings of the Board of Directors or of committees of the Board, the independent directors hold meetings, or portions of such meetings, at which neither non-independent directors nor officers of Goodfood are in attendance. See “Attendance and Board and Committee Meetings”.

If a director or officer holds an interest in a transaction or agreement under consideration at a Board meeting or a Board committee meeting, that director or officer shall not be present at the time the Board or Board committee deliberates such transaction or agreement and shall abstain from voting on the matter, subject to certain limited exceptions provided for in the Company's laws of incorporation.

Chairman of the Board

Jonathan Ferrari, the Chairman and Chief Executive Officer of the Company, is the Chairman of the Board of Directors, and in such role, he is principally responsible for overseeing the operations and affairs of the Board.

Lead Director

As the Chairman of the Board is an Executive Officer, the directors have appointed Donald Olds, an independent director, as the lead director of Goodfood (the "**Lead Director**"). The Lead Director is responsible for performing the duties and responsibilities of ensuring that the Board of Directors discharges its responsibilities, that the Board of Directors evaluates performance of management objectively, that the Board of Directors understands the boundaries between the responsibilities of the Board of Directors and of management and managing any conflicts of interest between the Board of Directors and management.

Board of Directors Mandate

The charter of the Board of Directors describes, *inter alia*, the Board's role and overall responsibility to supervise the management of the business and affairs of Goodfood. The Board, directly and through its Board committees and the Chairman of the Board (or the Lead Director in the event the Chairman of the Board has a conflict of interest), provides direction to the Executive Officers. The Board has overall responsibility for the Company's strategic planning, risk management, human resources management, corporate governance, and communications with Goodfood's shareholders and the market. The text of the Board of Directors Charter is reproduced in its entirety in Annex A attached to this Management Proxy Circular.

Committees of the Board

In addition to the Audit Committee (the "**Audit Committee**"), the Board has established the GHRC Committee (As the context may require, the term "**Committee**" shall refer to the Audit Committee or the GHRC Committee and collectively, "**Committees**"), which is currently comprised of Terry Yanofsky, Donald Olds and John Khabbaz, all of whom are independent within the meaning of NI 58-101. Ms. Yanofsky is the Chair of the GHRC Committee. For more information on the Audit Committee, including the text of its terms of reference, refer to the Audit Committee section in our annual information form for Fiscal 2022.

Position Descriptions

The Board has developed and implemented written descriptions for the Lead Director, Chairman of the Board and the Chair of each committee of the Board in the Board of Directors Charter and each committee's respective charter. In addition, the Board, in conjunction with the President and Chief Executive Officer, has developed and implemented a written position description for the role of the President and Chief Executive Officer who is primarily responsible for the general direction and management of the business and affairs of the Company, including establishing the corporate strategy and leadership of the Company, overseeing financial, compliance and governance matters, and ensuring effective Board, stakeholder and investors communication. The text of the Terms of Reference for the President and Chief Executive Officer is reproduced in its entirety in Annex B attached to this Management Proxy Circular.

Orientation and Continuing Education

The GHRC Committee reviews, monitors and makes recommendations with respect to director orientation. All newly elected directors shall be provided with an orientation as to the nature and operation of the business and affairs of the Company and as to the role of the Board and its committees. Each new director shall meet with the Lead Director and Chairman and Chief Executive Officer, and will also be given the opportunity to meet with the Company's other senior managers to discuss the Company's business and activities. Orientation will be designed to assist the directors in fully understanding the nature and operation of the Company's business, the role of the Board and its committees, and the contributions that individual directors are expected to make, including the time and effort the Company expects them to devote to the execution of their functions.

Given the size of the Company, directors do not receive a formal continuing education program. However, directors are regularly briefed by the Chairman and Chief Executive Officer, the President and Chief Operating Officer and the Chief Financial Officer on the strategic issues affecting the Company as well as the competitive landscape and other developments that could materially affect the business. In addition, the GHRC Committee intends to periodically review, monitor and make recommendation with respect to the sufficiency of director continuing education opportunities available to the Company's directors.

Ethical Business Conduct

Committed to maintaining and instilling a strong ethical culture, the Board and the Company's management adopted codes and policies to provide a framework for ethical behaviour based on our values, applicable laws and regulations. This section summarizes key significant corporate-wide policies.

Code of Conduct

The Board of Directors has adopted a written Code of Conduct applicable to all employees, executive officers and directors of Goodfood. The Code of Conduct has been filed under

Goodfood's profile on SEDAR at www.sedar.com. The Code of Conduct summarizes the standards of business conduct expected of employees, executive officers and directors, and provides guidance on their ethical and legal responsibilities. The Code of Conduct aims to deter wrongdoing and to promote, *inter alia*:

- honest and ethical conduct;
- avoidance of conflicts of interest with the interests of the Company;
- confidentiality of corporate information;
- protection and proper use of corporate assets and opportunities;
- compliance with applicable laws, rules and regulations, including compliance with securities laws and regulations; and
- internal reporting of any violations of the Code of Conduct and accountability for adherence of the Code of Conduct.

All directors, executive officers and employees of Goodfood have been provided with a copy of the Code of Conduct and the directors, executive officers and employees of Goodfood are required to sign an acknowledgment of their receipt and understanding of their obligations to comply with the Code of Conduct on an annual basis.

Trading Policy

The Company has a trading policy (the “**Trading Policy**”) designed to prevent employees, officers, directors, consultants, contractors and agents of Goodfood from buying, selling, or otherwise trading in securities of Goodfood when in possession of undisclosed material information related to Goodfood, and from disclosing such information to anyone or recommend anyone to trade in securities of Goodfood when in possession of such information. In order to reduce the potential for and appearance of improper trading, directors and specified employees of the Company are prohibited from buying, selling or otherwise trading in securities of Goodfood, including exercising options on securities of Goodfood, during black-out periods (other than pursuant to automatic disposition or purchase plans). The Trading Policy further prohibits directors, executive officers and employees of Goodfood to enter into any transactions relating to short sales of securities of Goodfood, sales of call options on securities of Goodfood, and purchases of put options on securities of Goodfood.

Disclosure Policy

The Board of Directors believes it is a function of management to speak for the Company in its communications with its stakeholders, including shareholders, employees, analysts, the media, institutional investors, governments and the public in general. As such, the Company has adopted a policy on corporate disclosure and confidentiality of information which establishes a committee (comprised of the Chief Financial Officer, the Director of External Financial Reporting, the Vice

President, Corporate Development and the Corporate Secretary). This committee is responsible for ensuring that the Company's public communications with its stakeholders and documents it files with regulators are timely, accurate and broadly disseminated, in accordance with applicable legal and regulatory requirements. It further establishes procedures for the verification of the accuracy and completeness of information disclosed publicly and other guidelines dealing with various matters including confidentiality, material information, news releases, conference calls, electronic communications and rumours.

Monitoring Compliance with the Code of Conduct

The Board, together with the GHRC Committee and the Audit Committee monitors adherence to the Code of Conduct and reviews potential situations related thereto brought to the attention of the any of the Board, GHRC Committee or Audit Committee in order to recommend to the GHRC Committee whether or not to grant waivers from the requirements of the Code of Conduct.

Requirement for Directors and Officers to Disclose Interest in a Contract or Transaction

In accordance with the Company's laws of incorporation, directors and officers must disclose the nature and value of any interest he or she has in a material contract or material transaction whether made or proposed with the Company. Such disclosure is also required for any contract or transaction to which Goodfood is a party and an entity in which the director or officer is a director or officer or an individual acting in a similar capacity, or an entity in which the director or officer has a material interest. Subject to certain limited exceptions under the Company's laws of incorporation, no director may vote on a resolution to approve a material contract or material transaction which is subject to such disclosure requirement.

The GHRC Committee monitors conflicts of interest (actual or perceived) of both the directors and officers in accordance with the Code of Conduct, including compliance with all applicable corporate and securities law disclosure obligations, and restrictions on voting or participating in deliberations with respect to contracts or transactions in which a director or officer of Goodfood has an interest.

Complaint Reporting and Review of Ethical Business Conduct

In order to foster a climate of openness and honesty in which any concern or complaint pertaining to accounting, internal accounting controls or auditing matters affecting Goodfood can be reported in good faith, without fear of retaliation, harassment or an adverse employment consequence, the Code of Conduct contains policies and procedures to facilitate confidential, anonymous submissions by employees of concerns or complaints regarding questionable accounting, internal accounting controls or auditing matters. The Chief Financial Officer is responsible for reviewing any such complaints or concerns that are received. However, when necessary, the Chair of the GHRC Committee may receive and review any complaints or concerns received that relate to non-financial matters, while the Audit Committee may receive and review any complaints or concerns received that relate to financial matters. Each of the Chief Financial Officer, GHRC Committee and Audit Committee, if determined to be necessary or appropriate, may engage outside advisors

to investigate any matter, and will work with management and legal counsel to reach a satisfactory conclusion.

Nomination of Directors

The GHRC Committee, in consultation with the Chairman and Chief Executive Officer, annually or as required, recruits and identifies, and recommends to the Board for nomination, individuals qualified to become new Board members, as well as recommend individual directors to serve on the various Board committees. In making its recommendations, the GHRC Committee considers the competencies and skills that the Board considers to be necessary for the Board as a whole to possess, the competencies and skills that the Board considers each existing director to possess, and the competencies and skills each new nominee will bring to the boardroom. The Committee also considers the amount of time and resources that nominees have available to fulfill their duties as a Board member.

The following table exemplifies the current competencies and skills that the Board believes each nominee possesses, based on recent self-assessment questionnaires completed by each Board members during Fiscal 2022:

(1) François Vimard resigned from the Board of Directors and the Audit Committee of the Company on October 25, 2022.

The GHRC Committee is composed of a majority of independent directors within the meaning of NI 58-101. The Chair of the GHRC Committee is an independent director and will lead the nominating process in accordance with and pursuant to the criteria for Board membership as set forth in the Charter of the GHRC Committee.

Diversity

The Company's senior management and the members of the Board of Directors have diverse backgrounds and expertise and were selected on the belief that the Company and its stakeholders would benefit from such a broad range of talent and experiences. Goodfood's Board and senior management are committed to achieving and maintaining a culture of diversity and inclusion.

The Board of Directors and the GHRC Committee value diversity of experience, perspective, education, background, race, gender and national origin as part of its overall evaluation of director nominees for election or re-election and the Board of Directors and GHRC Committee will value same as part of its evaluation of candidates for executive positions. This will be achieved through ensuring that diversity considerations are taken into account to fill vacancies, continuously monitoring the level of women, Indigenous peoples, persons with disabilities and members of visible minorities represented on our Board of Directors and in our executive team, continuing to broaden recruiting efforts to attract and interview qualified female candidates, and committing to retention and training to ensure that our most talented employees are promoted from within our organization. Goodfood believes that a diversified workforce strengthens the business at all levels and, as such, diversity should be fostered, valued and leveraged.

In August 2021, the Company adopted a Board and Senior Management Diversity & Inclusion Policy, which seeks to attract and maintain diversity at the executive and Board of Directors levels through the recruitment efforts of management in discussion with directors prior to proposing nominees to the GHRC Committee and to the Board of Directors as a whole for consideration.

The Board of Directors considers merit as the key requirement for board and executive appointments. The Board of Directors will actively search for diverse board members who will bring skill sets to increase and add to the existing Board of Directors and, specifically, Goodfood is committed to achieving and maintaining a gender balanced board (with 3/7 or 4/9 of either gender being considered balanced) and actively seeking board members who represent other diverse Canadian communities. The Company has not adopted any specific targets with respect to representation of Indigenous peoples, persons with disabilities or members of visible minorities on the Board of Directors or as part of senior management.

The following table sets out the representation of women, Indigenous peoples, persons with disabilities and members of visible minorities on the Company's Board of Directors and senior management as well as the percentage of the Board of directors and senior management comprised of persons from each such designated group.

ESG Considerations and Oversight

Sustainability

Sustainability is an integral part of the Company's enterprise strategy. The Company focuses its execution in the following areas: product innovation, customer experience, operational efficiency, people, health, safety and environment, corporate citizenship and governance.

Reducing food waste is an important part of our mission and is still very much at the heart of what we do today. Meal kits significantly cut down on food waste because each ingredient is perfectly measured at peak freshness and pre-portioned. At Goodfood, we aim to source our products in a responsible way and have made significant strides in sourcing our products locally and ethically. Our packaging and cardboard boxes are currently entirely recyclable. Goodfood has also entered into an agreement with a supplier for plant-based packaging solutions to be used for selecting ready-to-eat products as part of the Company's green initiatives.

On October 16, 2019, the Company launched its reusable delivery box as part of green initiatives, positioning the Company as a leader in the industry with respect to environmental sustainability initiatives. Today, the Company is approaching packaging needs (required in the distribution of grocery items and meal products, such as ice packs, boxes, and liners) with another perspective, with the environment and sustainability being its top priority. The Company's new delivery models aim to eliminate ice packs, boxes, and liners altogether by increasing the speed with which deliveries are made to customers. The launch of on-demand fulfillment centers in geographies across Canada through refrigerated vehicles will replace ice packs, boxes, and liners while preserving the freshness of meals and grocery items. Furthermore, the Company is considering additional potential initiatives, such as: implementing biodegradable paper recipe bags for the meal kits, reducing the weight of plastic inside recipe bags by transitioning portioned ingredients from hard plastics to flexible plastics and implementing recyclable flexible packaging for its produce items.

Furthermore, the Company continues to set the bar for a sustainable future and is willing to go beyond its products (e.g., fully recyclable Goodfood meal kit boxes and other initiatives as set out in the *Technology and Product Development* section hereof) and bring sustainability in grocery through delivery. Innovation being one of its core pillars, the Company's sustainability efforts to electrify delivery are also reflective of its commitment to ESG factors, aiming to reduce emissions for a sustainable future. On September 23, 2021, the Company announced a collaboration with Lightning eMotors, Volta Air and Frigid Rentals for the launch of a fully electric rental vehicle fleet across Vancouver, allowing the Company to continue to evolve and lead environmental impact through technology. This launch makes the Company the first grocery delivery service in Canada to deliver groceries without emissions, and the Company is looking to expand the development of new partnerships across markets.

Governance

The Company actively engages with its suppliers to improve efficiency, quality and sustainability practices. The Company's Code of Conduct and its underlying policies address ethical conduct in Goodfood's work environment, business practices and relationships with external stakeholders, including suppliers. In addition, suppliers and partners are expected to commit to Goodfood's Code of Conduct and all agreements with our suppliers and partners must be detailed in writing. This practice formalizes the Company's commitment to integrate ESG considerations and clearly indicates its expectations regarding these components to all its business partners.

Social Policies

Management is committed to the well-being of its community, especially in the context of access to food for all Canadians. As such, we contribute a certain portion of the proceeds of boxes purchased by customers to providing nutritious meals to children in need in schools located within our community. In Canada, many children go to school every morning without any breakfast or lunch. By contributing to such meals, we hope to make a difference in the lives of these children. In addition, Goodfood partnered with CIBC to provide frontline healthcare workers with 100,000 meals as a demonstration of its deep appreciation of Canada's frontline healthcare workers and their unwavering commitment throughout the pandemic. Through the initiative, called "Plate it Forward", 100,000 meals were delivered directly to hospitals in cities and communities across Canada for healthcare workers to take home.

Oversight

The Company's GHRC Committee is tasked to review, monitor, report, and where appropriate, provide recommendations to the Board of Directors on ESG policies and practices. Goodfood evaluates all environmental and social issues through the lens of long-term shareholder value, and considers material environmental and social factors in all aspects of our operations. We believe that the Board is a core part of the Company's ESG narrative, and governance is a critical factor in how the Company manages environmental and social risks and opportunities and that a well-governed company will be generally managing these issues more effectively. The Company should ensure that the Board will maintain clear oversight of material risks of these environmental and social factors to our operations. These risks could include, but are not limited to, matters related to climate change, human capital management, diversity, stakeholder relations, and health, safety & environment.

Goodfood is in the process of further elaborating its ESG vision and goals. In Fiscal 2021, the Company continued to actively integrate sustainability into its business strategy and internal policies. In this regard, Goodfood engaged an ESG consultant to assist in the conducting of a materiality assessment of its ESG priorities by gauging the key issues raised by prominent global standards, rating agencies and our peers; surveying and interviewing influential stakeholders across the Company's organization (targeting both internal and external stakeholders); and engaging with the Company's executive leadership to establish a strategic roadmap that is aligned with our future ESG vision and goals.

The GHRC Committee continuously assists the Board in developing and implementing Goodfood's corporate governance guidelines. In Fiscal 2022, the GHRC, supported by management, approved the Company's materiality assessment of key ESG matters emphasizing the direct link between ESG and the overall goals of the Company, strategic imperatives and corporate purpose.

These measures reinforce the Company's belief that its performance in sustainability is fundamental to its long-term business success. The Company is determined to include ESG-related priorities as part of its corporate priorities and will continuously work on the establishment of a

strategy with a clear path towards strengthening ESG-related policies, measurement, management and reporting practices.

Compensation

The GHRC Committee oversees and recommends for approval by the Board of Directors Goodfood's executive compensation principles, policies, programs, grants of equity-based incentives and processes and specifically considers and recommends annually or as required for approval by the independent directors of the Board of Directors of all forms of compensation for the Chairman and Chief Executive Officer, and for approval by the Board of Directors of all forms of compensation for the other executive officers of Goodfood. Further particulars of the process by which compensation for Goodfood's executive officers is determined, is provided under the heading "Executive Compensation" in this Management Proxy Circular. The Chair of the GHRC Committee is an independent director and leads the compensation review process in accordance with the GHRC Committee Charter.

Assessments

It is the responsibility of the Board of Directors and the GHRC Committee to regularly evaluate the overall efficiency of the Board of Directors and its various committees. In connection with such evaluations by the Board of Directors, the performance of the Board of Directors as a whole as well as the performance of each individual director is evaluated and reviewed on an annual basis. The evaluation by the Board of Directors takes into account (i) in the case of the Board of Directors, the Board of Directors charter and (ii) in the case of an individual director, the applicable position description(s), as well as the competencies and skills each individual director is expected to contribute to the Board of Directors. The GHRC Committee assesses the contribution of individual directors on an ongoing basis and in light of the opportunities and risks facing Goodfood, the competencies, skills and qualities required of directors. As part of its mandate, the GHRC Committee develops long-term plans for the composition of the Board, as well as ensures that an appropriate system is in place to evaluate the effectiveness of the Board as a whole and its various committees. Director Term Limits.

The Company does not have a policy that limits the term of the directors on its Board of Directors and has not provided other mechanisms of board renewal. At this time, the Board of Directors does not believe that it is in the best interest of the Company to establish a term limit of the director's mandate or the mandatory retirement age. The Board of Directors is of the opinion that term limits may disadvantage the Company through the loss of beneficial contributions of directors who have developed increasing knowledge of the Company, its operation and the industry over a period of time. Furthermore, the GHRC Committee periodically reviews the composition of the Board of Directors and its committees, to determine "relatedness" as well as the profile of the Board of Directors (such as age, disciplines, geographical representation, etc.) so as to ensure that the Board of Directors is comprised of members who facilitate effective decision-making.

Attendance at Board and Committee Meetings

The GHRC Committee monitors director attendance and, in addition to considering attendance in relation to the recommendation for directors to be proposed for election at the annual meeting of shareholders, the Committee discloses the attendance record for all directors in the Management Proxy Circular. During Fiscal 2022, the Board of Directors met a total of five (5) times, the Audit Committee met a total of five (5) times, and the GHRC Committee met two (2) time. At the end of each of the Board of Directors meetings held during Fiscal 2022, the independent directors met separately.

SHAREHOLDER PROPOSALS

In accordance with the CBCA, shareholder proposals must be received between August 20, 2023 and October 19, 2023 to be considered for inclusion in the management information circular for the Company's next annual meeting of shareholders.
