NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2025, in Canadian dollars
Unaudited

1. Nature of operations

The predecessor corporation of SSC Security Services Corp. (the "Company" or "SSC") was incorporated under The Business Corporations Act (Saskatchewan) (the "Act") on October 25, 2011. The existing Company was formed by an amalgamation under the Act on August 8, 2013. The Company's common shares are publicly traded on the TSX Venture Exchange under the symbol "SECU" (OTCQX: SECUF). The Company provides cyber, physical and electronic security services across Canada.

The head office of the Company is located at 300 – 1914 Hamilton Street, Regina, Saskatchewan, S4P 3N6. The Company's registered and records office is located at 800 – 1801 Hamilton Street, Regina, Saskatchewan, S4P 4B4.

These condensed interim consolidated financial statements were authorized for issue by the Board of Directors on August 19, 2025.

2. Basis of presentation

A. STATEMENT OF COMPLIANCE

These condensed interim consolidated financial statements, including comparatives, have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting ("IAS 34") using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Committee ("IFRIC"). They do not include all the information required for a complete set of IFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last audited annual financial statements as at and for the period ended September 30, 2024.

B. BASIS OF MEASUREMENT

These condensed interim consolidated financial statements have been prepared on a historical cost basis except for the following material items in the consolidated statement of financial position:

- Financial instruments that are accounted for at fair value through profit and loss (Note 14).
- Share purchase options and deferred share units that are accounted for according to the share-based payments criteria.
- Assets held for sale are held at the lower of carrying value and fair value.

C. BASIS OF CONSOLIDATION

The condensed interim consolidated financial statements include the accounts of the Company and its wholly owned subsidiary Logixx Security Inc. ("Logixx"). Control is achieved when the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities, is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company until the date on which control ceases. All intercompany transactions and balances have been eliminated. All companies have a reporting date of September 30th.

D. FUNCTIONAL AND PRESENTATIONAL CURRENCY

The condensed interim consolidated financial statements are presented in Canadian dollars, the functional currency of the Company and its subsidiary, and all values are rounded to the nearest dollar with the exception of share and per share value.

E. USE OF ESTIMATES AND JUDGEMENTS

The preparation of condensed interim consolidated financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ materially from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future period affected.

Significant areas requiring the use of management estimates are further described in the following summary of significant accounting policies and notes:

- Fair value of financial instruments;
- Expected credit losses on financial assets;
- Estimates of future taxable income; and
- Impairment of non-financial assets.

Areas of judgement in applying accounting policies that have the most significant effect on the amount recognized in the condensed interim consolidated financial statements include:

- Classification and measurement of financial instruments including the business model applied;
- Recognition of deferred tax assets;
- Assessing recoverable amounts of all significant financial and non-financial assets; and
- There is judgement in determining the timing of revenue recognition pertaining to electronic installation services, where the entire contract is one performance obligation and is recognized over time using the percentage of completion basis. Timing of revenue recognition may differ from when customers are invoiced, which could result in contract assets or contract liabilities being recognized.

F. MEASUREMENT OF FAIR VALUES

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the amount of consideration that would be agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act. The fair value hierarchy establishes three levels to classify the inputs of valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- Level 1 – Fair values are determined using inputs that are quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Fair values are determined using inputs, other than quoted prices in level 1, that are quoted prices in markets that are not active, quoted prices for similar assets or liabilities in active markets, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liabilities.
- Level 3 – Fair values are determined based on inputs for the asset or liability that are not based on observable market data. Assets under collection values are calculated using internal discounted cash flow models that rely on forward pricing provided by independent sources and long term basis assumptions. Assets that are impaired or in the process of security realization are dependent upon fair value assessments of underlying security, primarily land.

The Company regularly reviews significant inputs and valuation assumptions. If third party information is used to measure fair values, then the Company assesses the evidence obtained from third parties to support the conclusion that these valuations meet the requirements of IFRS, including the level in the fair value hierarchy in which the valuations should be classified.

3. Material accounting policies

The accounting policies applied by the Company in these condensed interim consolidated financial statements are the same as those applied as at and for the year ended September 30, 2024, and are detailed in note 3 of the Company's audited consolidated financial statements.

4. Segment reporting

Segment reporting is prepared on the same basis that the Company's Chief Executive Officer, who is the Company's Chief Operating Decision Maker, manages the business, makes operating decisions and assesses performance. As at June 30, 2025, Management has determined that the Company operates in three segments: Security, Legacy Operations, and Corporate. The security segment provides security services to primarily commercial and public sector clients. Services include cyber security services, protective services as well as security system design, sales, installations, and monitoring and alarm response. Legacy operations relate to the previous canola streaming business. The Corporate segment includes intersegment charges and corporate overhead costs. Since May 2019, SSC has not deployed capital into new agriculture streams and is servicing those clients until their contracts with the Company mature.

The Company provides security services for enterprise customers across Canada. Segment results include items directly attributable to a segment and inter-segment administration charges, reflected as corporate revenue. The Company accounts for intersegment sales as if they were to external customers.

B. CASH-SETTLED SHARE-BASED PAYMENT ARRANGEMENTS

Deferred Share Unit Plan

The Company has a Deferred Share Unit Plan (the "DSU Plan") whereby the Company grants deferred share units ("DSUs") to eligible directors. Each eligible director is given the opportunity to elect, in lieu of cash, to receive all, or a portion of, their annual board retainer or board meeting fees in the form of DSUs. The DSUs are cash-settled payment transactions and are valued at the fair value of the rights based on the closing stock price at the end of the reporting period.

A continuity schedule of the total number of DSUs is presented below:

At September 30, 2023	663,556
Granted	51,219
Settled	-
At June 30, 2024	714,775

At September 30, 2024	474,663
Granted	42,578
Settled	-
At June 30, 2025	517,241

The total carrying amount of the DSU liability as at June 30, 2025 was \$1,267,234 (September 30, 2024 \$1,161,567).

Share Appreciation Rights

On October 27, 2022, the Company adopted a Share Appreciation Rights Plan (the "SAR Plan") pursuant to which it may grant share appreciation rights ("SARs") to certain employees and executive officers that entitle them to a cash payment equal to the share price appreciation over 5 years. The SARs vest one-third per year over a three-year vesting period and expire at the end of a five-year period after the grant date.

A continuity schedule of the total number of SARs is presented below:

At September 30, 2023	355,000

Settled	-
At September 30, 2024	625,000
Granted	270,000
Settled	-
At June 30, 2025	895,000

The total carrying amount of the SARs liability as at June 30, 2025 was \$396,618 (September 30, 2024 \$264,356).

10. Basic and diluted weighted average number of common shares

Diluted weighted average number of common shares is based on the following:

	Three months ended June 30, 2025	Three months ended June 30, 2024	Nine months ended June 30, 2025	Nine months ended June 30, 2024
Basic weighted average number of shares	18,437,829	18,853,523	18,482,393	19,066,223
Dilutive securities:				
Share options	399,997	399,997	N/A	400,411

The average market value of the Company's shares for the purpose of calculating the dilutive effect of share options was based on quoted market prices for the year during which the options were outstanding. Due to the net loss in the nine month period ended June 30, 2025, share options were anti-dilutive.

11. Revenue

DISAGGREGATION OF REVENUE

Revenue is recognized in a manner that depicts the transfer of promised goods or services to the customer and at an amount that reflects the consideration expected to be received in exchange for transferring those goods and services. Standard 30-day payment terms apply to the majority of accounts receivable for the Company. The table below provides a disaggregation of the Company's overall revenues for the three and nine-month periods ended June 30, 2025 and 2024:

	Three months ended June 30, 2025	Three months ended June 30, 2024	Nine months ended June 30, 2025	Nine months ended June 30, 2024

13. Income taxes

The income tax expense differs from the amounts that would result from applying the federal and provincial income tax rate to the net income before income taxes. These differences result from the following items:

	Three months ended June 30, 2025	Three months ended June 30, 2024	Nine months ended June 30, 2025	Nine months ended June 30, 2024
Net income (loss) before income tax	\$ 92,084	\$ (65,713)	\$ (37,809)	\$ 1,115,404

Income tax expense (recovery)	\$ 34,343	\$ (91,786)	\$ 19,309	\$ 373,445

14. Financial instruments

The following sets forth the fair value of the Company's financial assets and liabilities by level within the fair value hierarchy. As required by IFRS 13, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Classification	Level	June 30, 2025	September 30, 2024
Cash and cash equivalents	Amortized cost	1	\$ 9,633,637	\$ 13,341,434
Accounts receivable	Amortized cost	2	23,221,954	22,672,285
Other assets	Fair value through profit or loss	2	966,875	966,875
Legacy contract assets	Fair value through profit or loss	3	4,846,017	4,846,017
Mortgages and loans receivable	Amortized cost	2	499,556	1,085,564
Accounts payable and accrued liabilities	Other financial liabilities	2	8,568,622	10,524,410

The fair value of short-term financial instruments approximates their carrying amounts due to the relatively short period to maturity. These include cash and cash equivalents, accounts receivable, and accounts payable and accrued liabilities.

15. Changes in working capital items
