Item 4. Summary of Material Change

Item 5. Full Description of Material Change

5.1 Full Description of Material Change

The Company announced that the Company has completed a non-brokered private placement of 5,000,000 units (the "Units") at a price of \$0.10 per Unit, for gross proceeds of \$500,000 (the "Financing"), previously announced on October 15, 2018. Each Unit consists of one share and one non-transferable share purchase warrant (each whole warrant a "Warrant"). Each Warrant entitles the holder to purchase one additional common share at an exercise price of \$0.15 per Warrant share for two years, subject to the right of Sonoro to accelerate the expiry of the Warrants, if at any time after April 30, 2019, its common shares close at a price at or above \$0.30 per share (as quoted on the TSX Venture Exchange or such other securities exchange on which the Company's shares are then quoted or listed for trading) for more than 20 consecutive trading days. Sonoro may, within five days of the occurrence of such acceleration event, provide notice to the holders of the Warrants that the Warrants will expire early, namely 30 calendar days after the date of such notice. No finders' fees were paid in connection with the financing.

All securities issued in the Financing will be subject to a hold period expiring March 1, 2019. Sonoro now has 30,027,586 common shares issued and outstanding.

Pursuant to Multilateral Instrument 61-101 – *Protection of Minority Security Holder in Special Transaction* ("MI 61-101"), which is incorporated by reference into the policies of the TSX Venture Exchange under Policy 5.9, the above-described Financing constitutes a "related party transaction" as a result of certain directors and officers of Sonoro (the "Related Parties") being subscribers to the financing to the extent of approximately 7.6%. Sonoro is relying upon the formal valuation exemption in Section 5.5(a) of MI 61-101 and upon the minority approval exemption in Section 5.7(a) of MI 61-101. Such exemptions are available to Sonoro as, at the time the subject transaction was agreed to, neither the fair market value of the subject matter of, nor the fair market value consideration for the transaction, insofar as it involves interested parties, exceeds 25% of Sonoro's market capitalization. As a related party

transaction, the foregoing additional disclosures are provided as required by Section 5.2 of MI 61-101.

The Financing is subject to final acceptance of the TSX Venture Exchange.
