

INFORMATION CIRCULAR
FOR THE ANNUAL GENERAL MEETING OF
SHAREHOLDERS TO BE HELD ON JULY 10, 2025

This information is given as of May 23, 2025 unless otherwise noted.

SOLICITATION OF PROXIES

This Information Circular is provided to registered and beneficial owners of the Company's shares in connection with the solicitation of proxies by the management (the "**Management**") of K2 GOLD CORPORATION (the "**Company**") for use at the Annual General Meeting (the "**Meeting**") of the shareholders (the "**Shareholders**") of the Company, to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment(s) or postponement(s) thereof.

All dollar amounts referenced herein are Canadian Dollars unless otherwise specified.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed form of Proxy is solicited by Management. Solicitations will be made by mail and may be supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the Proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised that they intend to oppose any action intended to be taken by Management as set forth in this Information Circular.

APPOINTMENT AND REVOCATION OF PROXIES

This Information Circular is accompanied by a management instrument of proxy that permits registered shareholders who do not attend the Meeting in person to have their shares voted at the Meeting by a proxyholder appointed by the registered shareholder. The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, the shareholder must strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited at the Company's transfer agent, Endeavor Trust Corporation, Suite 702, 777 Hornby Street, Vancouver, BC V6Z 1S4, at least 48 hours before the time of the Meeting or any adjournment(s) or postponement(s) thereof, excluding Saturdays, Sundays and holidays.

The instrument of proxy must be signed by the shareholder or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies that do not strictly conform to the foregoing requirements.

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by

- (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid,**
- (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment(s) or postponement(s) thereof, or**

- (c) **registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.**

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named as proxyholder in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters that may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgement of the nominee.

ADVICE TO BENEFICIAL HOLDERS OF SHARES

The following information is of significant importance to shareholders who do not hold shares in their own name. Beneficial shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of shares).

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Company. Such shares will most likely be registered under the names of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients. There are two kinds of beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "OBOs" for "**Objecting Beneficial Owners**") and those who do not object to the issuers of the securities they own knowing who they are (called "NOBOs" for "**Non-Objecting Beneficial Owners**").

In the event that voting instructions are requested from NOBOs and OBOs, such instructions will typically be sought by the shareholder receiving either a form of proxy or a voting instruction form. If a form of proxy is supplied to you by your broker, it will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and the United States. Broadridge obtains voting instructions by mailing a voting instruction form (the "**Broadridge VIF**") which appoints the same persons as the Company's proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a beneficial shareholder of the Company), other than the persons designated in the Broadridge VIF, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the Broadridge VIF. The completed Broadridge VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting.

If you plan to vote in person at the Meeting:

- nominate yourself as appointee to attend and vote at the Meeting by printing your name in the space provided on the enclosed voting instruction form. Your vote will be counted at the Meeting so do NOT complete the voting instructions on the form;
- sign and return the form, following the instructions provided by your nominee; and

- register with the Scrutineer when you arrive at the Meeting.

You may also nominate yourself as appointee online, if available, by typing your name in the “Appointee” section on the electronic ballot.

If you bring your voting instruction form to the Meeting, your vote will not count. Your vote can only be counted if you have completed, signed and returned your voting instruction form in accordance with the instructions above and attend the Meeting and vote in person.

NOTICE AND ACCESS

The Company has elected to use the “notice-and-access” provisions under National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (the “**Notice-and-Access Provisions**”) for the Meeting. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators intended to reduce the volume of materials which are mailed to shareholders by allowing a reporting issuer to post proxy-related materials in respect of a meeting of its shareholders online.

The Company will not use procedures known as “stratification” in relation to the use of the Notice-and-Access Provisions, meaning that both registered shareholders and Beneficial Shareholders will be mailed a notification of availability of Meeting materials directing them to those websites where they can access the Information Circular and other relevant information (the “**Notice-and-Access Notification**”). If you receive the Notice-and-Access Notification and would like to receive a paper copy of the Information Circular and the financial statements of the Company to be approved at the Meeting and the management’s discussion and analysis related to those financial statements (the “**Financial Statements**”), please follow the instructions printed on the Notice-and-Access Notification and the materials will be mailed to you at the Company’s expense.

The Company anticipates that notice-and-access will directly benefit the Company through substantial reductions in postage and printing costs. The Company believes that notice-and-access is more environmentally responsible to the extent that it reduces the large volume of paper documents generated by printing proxy-related materials.

Shareholders with questions about notice-and-access can call Endeavor Trust Corporation toll free at 1 888 787 0888.

The Meeting materials have been posted on the Company’s website at www.k2gold.com and on the System for Electronic Document Analysis and Retrieval (“**SEDAR+**”) under the Company’s profile at www.sedarplus.ca. In order to receive a paper copy of this Information Circular and the Financial Statements, requests by shareholders may be made up to one year from the date the Information Circular is posted on the Company’s website by email to Endeavor Trust Corporation at proxy@EndeavorTrust.com or by calling toll-free at 1-888-787-0888.

To ensure that a paper copy of the Information Circular can be delivered to a requesting shareholder in time for such shareholder to receive and review the Information Circular and return the completed instrument of proxy or voting instruction form prior to the deadline of at least 48 hours before the time of the Meeting or any adjournment(s) or postponement(s) thereof, excluding Saturdays, Sundays and holidays as set out under the heading “Appointment and Revocation of Proxies” in this Information Circular, it is strongly suggested that a shareholder’s request is received **no later than June 30, 2025**. The Information Circular will be sent to such shareholders within three business days of their request if such requests are made before the Meeting. Following the Meeting, the Information Circular will be sent to such shareholders within ten days of their request.

Those registered shareholders and Beneficial Shareholders with existing instructions on their account to receive printed materials will receive a printed copy of the Meeting materials.

The Company intends to pay for an intermediary to deliver the proxy-related materials and Form 54-101F7 to beneficial shareholders who are OBOs.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

On May 23, 2025, 150,803,491 common shares without par value were issued and outstanding, each share carrying the right to one vote. At a general meeting of the Company, on a show of hands, every common shareholder present in person shall have one vote and, on a poll, every shareholder shall have one vote for each common share of which he is the holder.

Only shareholders of record on the close of business on the May 23, 2025, will be entitled to have their shares voted at the Meeting or any adjournment(s) or postponement(s) thereof.

To the knowledge of the directors and senior officers of the Company, no persons or company beneficially owns, directly or indirectly or exercises control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding common shares of the Company.

VOTES NECESSARY TO PASS RESOLUTIONS

Under the Company's Articles, the quorum for the transaction of business at a meeting of shareholders is two shareholders entitled to vote at the meeting, whether in person or by proxy, who hold, in the aggregate, at least 5% of the issued shares entitled to be voted at the Meeting. A simple majority of the votes of those shareholders who are present and vote either in person or by proxy at the Meeting is required in order to pass an ordinary resolution. A majority of at least two-thirds of the votes of those shareholders who are present and vote either in person or by proxy at the Meeting is required to pass a special resolution.

Oversight and Description of Director and Named Executive Officer Compensation

The Compensation Committee considers the compensation, including grants of equity-based compensation, to be paid to directors and officers of the Company and makes recommendations to the Board of Directors for consideration. The Board of Directors of the Company then determines the compensation to be paid, and also reviews the President's recommendations respecting the compensation of consultants of the Company to ensure such compensation reflects the responsibilities and risks associated with each position.

Compensation of the directors and officers, including the Named Executive Officers (as defined below under "Director and Named Executive Officer Compensation") is reviewed by the Compensation Committee and the Board on an annual basis.

When determining the compensation of the management team, the Compensation Committee and the Board of Directors considers, among other things: (i) providing fair and competitive compensation to ensure compensation appropriately reflects the responsibilities assumed by the officer; (ii) balancing the interests of management and the shareholders of the Company; and (iii) rewarding performance with respect to operations in general. Currently, the Company does not use benchmarking as a methodology for compensation decisions.

In order to achieve these objectives, the following factors are considered when determining the compensation paid to management: (i) remuneration for services performed for the benefit of the Company; (ii) consulting fees for services rendered in respect of their duties as part of management, and (iii) long term incentive in the form of stock options. When reviewing the compensation of consultants of the Company, the directors of the Company as a whole consider how individuals are critical to the growth and success of the Company.

The Board delegates responsibility to the Compensation Committee to review, identify and mitigate risks associated with its compensation policies and ensure that the Company's executive compensation policies are designed not to encourage a Named Executive Officer (as defined below under "Director and Named Executive Officer Compensation") or an individual to take inappropriate or excessive risks in order to achieve individual short-term compensation objectives or outcomes that are not consistent with the long-term interests of the Company's shareholders. To achieve this, the Compensation Committee ensures that the variable elements of the Company's compensation policies are structured, based on personal and corporate objectives, none of which have the effect of encouraging excessive risk taking. The Company makes use of stock options as part of its compensation plan. The deferred nature of this compensation method does not, in the Committee's view, promote

excessive risk taking.

Accordingly, the Compensation Committee has not identified any risks arising from its compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Named Executive Officers and directors are permitted to purchase financial instruments, including, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. All such purchases are subject to insider reporting requirements and are reported on the System for Electronic Disclosure by Insiders.

The incentive stock option component of the Company's executive compensation program is intended to encourage and reward outstanding performance over the short-term and long-term, and to align the interests of the Company's senior officers with those of its shareholders.

Options are awarded to Named Executive Officers by the Board based upon recommendations of the Compensation Committee which bases its decisions upon the level of responsibility and contribution of the individuals towards the Company's goals and objectives. The Compensation Committee also takes into consideration the amount and terms of outstanding stock options in determining its recommendations regarding the options to be granted during any fiscal year.

The stock option component of executive compensation acts as an incentive for the Company's Named Executive Officers to work to enhance the Company's value over the long-term, and to remain with the Company.

The Company pays consulting fees to the Named Executive Officers relating to management services provided to the Company. For a description of all significant compensation paid to the Named Executive Officers see "Employment, Consulting and Management Agreements" below.

A Compensation Committee has been established by the directors of the Company, the current members of which are John Robins, James Paterson, and Stephen Swatton, of which Mr. Robins and Mr. Paterson are independent within the meaning of NI 52-110. The Compensation Committee operates under its written charter attached to this Information Circular as Schedule "A".

The members of the Compensation Committee do not have direct experience that is relevant to their responsibilities in executive compensation. However, each Committee member has skills and experiences that enable them to make decisions on the suitability of the compensation policies and practices of the Company.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the Board of Directors, the members of which are elected by and are accountable to the Company's shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. The Company believes that its corporate governance practices ensure that the business and affairs of the Company are effectively managed so as to enhance shareholder value.

The Company has reviewed its own corporate governance practices in light of the guidelines contained in National Instrument 58-201 – *Corporate Governance Guidelines*. The Company's practices comply generally with the guidelines; however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore those guidelines have not been adopted. Set out below is a description of the Company's corporate governance practices as required by National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101").

Board of Directors

Pursuant to National Instrument 52-110 – *Audit Committees* ("NI 52-110"), a director is independent if the director has no direct or indirect relationship with the issuer which could, in the view of the issuer's board of directors, be reasonably expected to interfere with the exercise of a member's independent judgment. Certain directors are deemed to have a material relationship with the Company by virtue of their position or relationship with the Company. As at the date hereof, the Board is comprised of six members, the following of whom are considered independent under NI 52-110: John Robins, Carolyn Loder, Jim Paterson and Steven Krause. Anthony Margarit and Stephen Swatton are not independent.

The Company is relying on the exemption which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

The following table sets out details of directorships in other public issuers, held by each of the current directors standing for re-election:

1. information respecting the functioning of the Board and committees and copies of the Company's corporate governance policies;
2. access to recent, publicly filed documents of the Company; and
3. access to management.

Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet its responsibilities to shareholders. The Board has adopted a formal code of conduct and requires all Directors and Officers to comply with corporate governance principles and ethical business conduct. The Board requires that any Director or executive officer disclose any material interest that they have in any transaction or agreement to be entered into by the Company and, in the case of Directors, abstain from voting on any such transaction or agreement, in accordance with applicable corporate laws.

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mining industry are consulted for possible candidates.

Other Board Committees

The Board has established a Corporate Governance Committee, the current members of which are John Robins, Anthony Margarit and Steven Krause.

The Corporate Governance Committee was formed to oversee the development and regularly assess the Company's approach to corporate governance issues and to ensure that such approach supports the effective functioning of the Company with the shareholders' best interests in mind, as well as to foresee the effective communication between the Board of Directors and Company management. The Corporate Governance Committee may also recommend to the Board candidates for appointment to the Board.

The Board has also established a Health and Safety Committee, the current members of which are Anthony Margarit, Carolyn Loder and Stephen Swatton.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual Directors and its Audit Committee. To assist in its review, the Board conducts informal surveys of its Directors, and receives a report from the Audit Committee respecting its own effectiveness.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

PARTICULARS OF MATTERS TO BE ACTED UPON

Election of Directors

Management intends to propose for adoption an ordinary resolution that the number of directors of the Company be fixed at seven, subject to such increase as may be permitted by the articles of the Company.

Each director of the Company is elected annually and holds office until the next Annual General Meeting of the shareholders unless that person ceases to be a director before then. In the absence of instructions to the contrary, the shares represented by proxy will, on a poll, be voted for the nominees herein listed. Management does not contemplate that any of the nominees will be unable to serve as a director.

Advance Notice Policy

Effective May 28, 2013, the Company's Board of Directors adopted an advance notice policy (the "**Advance Notice Policy**") for the purpose of providing shareholders, directors and management of the Company with a clear framework for nominating directors of the Company in connection with any annual or special meeting of shareholders which was approved by the Shareholders of the Company on August 20, 2014. The Advance Notice Policy is available via SEDAR+ at www.sedarplus.ca.

The purpose of the Advance Notice Policy is to foster a variety of interests of the Shareholders and the Company by ensuring that all Shareholders - including those participating in a meeting by proxy rather than in person - receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. Among other things, the Advance Notice Provisions fix a deadline by which holders of Common Shares must submit director nominations to the Company prior to any annual or special meeting of Shareholders and set forth the minimum information that a shareholder must include in the notice to the Company for the notice to be in proper written form.

Pursuant to the Advance Notice Policy, any additional director nominations for the Meeting must be received by the Company in compliance with the Advance Notice Provisions no later than the close of business on June 3, 2025. Appointment of Auditor

The shareholders will be asked to appoint Davidson & Company LLP, Chartered Professional Accountants, of Suite 1200 – 609 Granville Street, Vancouver, British Columbia, V7Y 1G6, to serve as the auditor of the Company until the close of the next Annual General Meeting of the shareholders, and to authorize the directors to fix the auditor's remuneration.

Approval of Rolling Stock Option Plan

At the Annual General Meeting of Shareholders of the Company held on September 10, 2024, the Shareholders approved a stock option plan (the "**Stock Option Plan**"), which reserves a rolling maximum of 10% of the number of Common Shares issued and outstanding on the applicable date of grant. As the Stock Option Plan is a rolling plan, under Exchange policy, the Stock Option Plan must be presented to Shareholders for approval by ordinary resolution at every annual general meeting of the Company to authorize continuation of the Stock Option Plan. As at the date of this Information Circular, the Company had 150,903,491 Common Shares issued and outstanding so that a maximum of 15,090,349 Common Shares would be available for issuance pursuant to stock options (each, an "**Option**") granted under the Stock Option Plan. As at the date of this Information Circular, there were 6,970,000 Options outstanding under the Stock Option Plan, leaving 8,120,349 Common Shares available for the granting of further Options.

Eligibility

The Stock Option Plan allows the Company to grant Options to attract, retain and motivate qualified directors, officers, employees and consultants of the Company and its subsidiaries (collectively, the "**Option Plan Participants**").

Number of Shares Issuable

The aggregate number of Common Shares that may be issued to Option Plan Participants under the Stock Option Plan will be that number of Shares equal to 10% of the issued and outstanding Shares on the particular date of grant of the Option, inclusive of the 6,970,000 Outstanding Options.

Limits on Participation

The Stock Option Plan provides for the following limits on grants, for so long as the Company is subject to the requirements of the Exchange, unless disinterested Shareholder approval is obtained or unless permitted

otherwise pursuant to the policies of the Exchange:

- (i) the maximum number of Shares that may be issued to any one Option Plan Participant (and where permitted pursuant to the policies of the Exchange, any company that is wholly-owned by the Option Plan Participant) under the Stock Option Plan, together with any other security based compensation arrangements, within a 12-month period, may not exceed 5% of the issued Shares calculated on the date of grant;
- (ii) the maximum number of Shares that may be issued to insiders collectively under the Stock Option Plan, together with any other security based compensation arrangements, within a 12-month period, may not exceed 10% of the issued Shares calculated on the date of grant; and
- (iii) the maximum number of Shares that may be issued to insiders collectively under the Stock Option Plan, together with any other security based compensation arrangements, may not exceed 10% of the issued Shares at any time.

For so long as such limitation is required by the Exchange, the maximum number of Options which may be granted within any 12- month period to Option Plan Participants who perform investor relations activities must not exceed 2% of the issued and outstanding Shares, and such Options must vest in stages over 12 months with no more than 25% vesting in any three-month period. In addition, the maximum number of Shares that may be granted to any one consultant under the Stock Option Plan, together with any other security-based compensation arrangements, within a 12-month period, may not exceed 2% of the issued Shares calculated on the date of grant.

Administration

The plan administrator of the Stock Option Plan (the “Option Plan Administrator”) will be the Board or a committee of the Board, if delegated. The Option Plan Administrator will, among other things, determine which directors, officers, employees or consultants are eligible to receive Options under the Stock Option Plan; determine conditions under which Options may be granted, vested or exercised, including the expiry date, exercise price and vesting schedule of the Options; establish the form of option certificate (“**Option Certificate**”); interpret the Stock Option Plan; and make all other determinations and take all other actions necessary or advisable for the implementation and administration of the Stock Option Plan.

Subject to any required regulatory or shareholder approvals, the Option Plan Administrator may also, from time to time, without notice to or without approval of the Shareholders or the Option Plan Participants, amend, modify, change, suspend or terminate the Options granted pursuant thereto as it, in its discretion, determines appropriate, provided that no such amendment, modification, change, suspension or termination of the Stock Option Plan or any Option granted pursuant thereto may materially impair any rights of an Option Plan Participant or materially increase any obligations of an Option Plan Participant under the Stock Option Plan without the consent of such Option Plan Participant, unless the Option Plan Administrator determines such adjustment is required or desirable in order to comply with any applicable securities laws or stock exchange requirements or as otherwise permitted pursuant to the Stock Option Plan.

All of the Options are subject to the conditions, limitations, restrictions, vesting, exercise and forfeiture provisions determined by the Option Plan Administrator, in its sole discretion, subject to such limitations provided in the Stock Option Plan, and will be evidenced by an Option Certificate. In addition, subject to the limitations provided in the Stock Option Plan and in accordance with applicable law, the Option Plan Administrator may accelerate the vesting of Options, cancel or modify outstanding Options and waive any condition imposed with respect to Options or Shares issued pursuant to Options.

Exercise of Options

Options shall be exercisable as determined by the Option Plan Administrator at the time of grant, provided that no Option shall have a term exceeding 10 years so long as the Shares are listed on the Exchange.

Subject to all applicable regulatory rules, the vesting schedule for an Option, if any, shall be determined by the Option Plan Administrator. The Option Plan Administrator may elect, at any time, to accelerate the vesting schedule of an Option, and such acceleration will not be considered an amendment to such Option and will not require the consent of the Option Plan Participant in question. However, no acceleration to the vesting schedule of an Option granted to an Option Plan Participant performing investor relations services may be made without prior acceptance of the Exchange.

The exercise price of an Option shall be determined by the Option Plan Administrator and cannot be lower than

the greater of: (i) the minimum price required by the Exchange; and (ii) the market value of the Shares on the applicable grant date.

An Option Plan Participant may exercise the Options in whole or in part through any one of the following forms of consideration, subject to applicable laws, prior to the expiry date of such Options, as determined by the Option Plan Administrator:

- the Option Plan Participant may send a wire transfer, certified cheque or bank draft payable to the Company in an amount equal to the aggregate exercise price of the Shares being purchased pursuant to the exercise of the Options;
- subject to approval from the Option Plan Administrator and the Shares being traded on the Exchange, a brokerage firm may be engaged to loan money to the Option Plan Participant in order for the Option Plan Participant to exercise the Options to acquire the Shares, subsequent to which the brokerage firm shall sell a sufficient number of Shares to cover the exercise price of such Options to satisfy the loan. The brokerage firm shall receive an equivalent number of Shares from the exercise of the Options, and the Option Plan Participant shall receive the balance of the Shares or cash proceeds from the balance of such Shares; and
- subject to approval from the Option Plan Administrator and the Shares being traded on the Exchange, consideration may be paid by reducing the number of Shares otherwise issuable under the Options, in lieu of a cash payment to the Company, an Option Plan Participant, excluding those providing investor relations services, only receives the number of Shares that is equal to the quotient obtained by dividing: (i) the product of the number of Options being exercised multiplied by the difference between the volume-weighted average trading price of the Shares and the exercise price of the Options, by (ii) the volume-weighted average trading price of the Shares. The number of Shares delivered to the Option Plan Participant may be further reduced to satisfy applicable tax withholding obligations. The number of Options exercised, surrendered or converted, and not the number of Shares issued by the Issuer, must be included in calculating the number of Shares issuable under the Stock Option Plan and the limits on participation.

If an exercise date for an Option occurs during a trading black-out period imposed by the Company to restrict trades in its securities, then, notwithstanding any other provision of the Stock Option Plan, the Option shall be exercised no more than ten business days after the trading black-out period is lifted by the Company, subject to certain exceptions.

Termination of Employment or Services and Change in Control

The following describes the impact of certain events that may, unless otherwise determined by the Option Plan Administrator or as set forth in an Option Certificate, lead to the early expiry of Options granted under the Stock Option Plan.

Termination by the Company for cause:	Forfeiture of all unvested Options. The Option Plan Administrator may determine that all vested Options shall be forfeited, failing which all vested Options shall be exercised in accordance with the Stock Option Plan.
Voluntary resignation of an Option Plan Participant:	Forfeiture of all unvested Options. Exercise of vested Options in accordance with the Stock Option Plan.
Termination by the Company other than for cause:	Acceleration of vesting of a portion of unvested Options in accordance with a prescribed formula as set out in the Stock Option Plan. ¹ Forfeiture of the remaining unvested Options. Exercise of vested Options in accordance with the Stock Option Plan.

Termination or voluntary resignation for good reason within 12 months of a change in control:

Acceleration of vesting of all unvested Options.¹
Exercise of vested Options in accordance with the Stock Option Plan.

Notes:

(1) Any acceleration of vesting of unvested Options granted to an investor relations service provider is subject to the prior written approval of the Exchange.

Any Options granted to an Option Plan Participant under the Stock Option Plan shall terminate at a date no later than 12 months from the date such Option Plan Participant ceases to be an Option Plan Participant.

In the event of a triggering event, which includes a change in control, dissolution or winding-up of the Company, a material alteration of the capital structure of the Company and a disposition of substantially all of the Company's assets, the Option Plan Administrator may, without the consent of the Option Plan Participant, cause all or a portion of the Options granted to terminate upon the occurrence of such event.

Amendment or Termination of the Stock Option Plan

Subject to any necessary regulatory approvals, the Stock Option Plan may be suspended or terminated at any time by the Option Plan Administrator, provided that no such suspension or termination shall alter or impact any rights or obligations under an Option previously granted without the consent of the Option Plan Participant.

The following limitations apply to the Stock Option Plan and all Options thereunder as long as such limitations are required by the Exchange:

- any adjustment to Options, other than in connection with a security consolidation or security split, is subject to prior Exchange acceptance and the issuance of a news release by the Corporation outlining the terms thereof;
- any amendment to the Stock Option Plan is subject to prior Exchange acceptance, except for amendments to reduce the number of Shares issuable under the Stock Option Plan, to increase the exercise price of Options or to cancel Options;
- any amendments made to the Stock Option Plan shall require regulatory and Shareholder approval and the issuance of a news release by the Corporation outlining the terms thereof, except for amendments to: (i) fix typographical errors; and (ii) clarify existing provisions of the Stock Option Plan and which do not have the effect of altering the scope, nature and intent of such provisions; and
- the exercise price of an Option previously granted to an insider must not be reduced, or the extension of the expiry date of an Option held by an insider may not be extended, unless the Company has obtained disinterested shareholder approval to do so in accordance with Exchange policies.

A full text of the Stock Option Plan will be available to the shareholders at the Meeting. Shareholders may also view the Stock Option Plan in advance of the Meeting at the Company's head office, Suite 1020 – 800 West Pender Street, Vancouver, BC, Canada, V6C 2V6, or by requesting a copy of the plan from the Company by telephone at (778) 327-5799.

In connection with shareholder approval of the Stock Option Plan, management will place the following proposed resolution before the shareholders for their consideration:
