Information Circular – Proxy Statement
dated August 12, 2024

for the Annual General Meeting of Shareholders
to be held on September 19, 2024

Solicitation of Proxies

This management information circular – proxy statement ("**Information Circular – Proxy Statement**") is furnished in connection with the solicitation of proxies by the management of Bengal Energy Ltd. ("**Bengal**" or the "**Corporation**") for use at the annual general meeting (the "**Meeting**") of the shareholders (the "**Shareholders**") of the Corporation to be held on the 19th day of September, 2024 at 3:00 p.m. (Calgary time) at 640, 630 6th Avenue S.W., Calgary, Alberta and at any adjournment(s) or postponement(s) thereof, for the purposes set forth in the Notice of Annual General Meeting of Shareholders.

In order to be effective, the proxy must be deposited with Computershare Trust Company of Canada ("**Computershare**"): (i) by mail using the enclosed return envelope or an envelope addressed to Computershare, Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; (ii) by hand delivery to Computershare, Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; (iii) by telephone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America); or (iv) a Shareholder may vote through the Internet; in each case not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) before the time of the Meeting or any adjournment(s) or postponement(s) thereof. If a Shareholder wishes to vote through the Internet, please go to www.investorvote.com and follow the instructions. Shareholders will require the 15-digit control number found on the enclosed Instrument of Proxy. The time limit for the deposit of proxies may be waived or extended by the Chair of the Meeting at his discretion without notice.

For registered Shareholders who do not receive a physical delivery of the Instrument of Proxy by mail for any reason, the Instrument of Proxy for use by registered Shareholders is also available under Bengal's SEDAR+ profile at www.sedarplus.ca.

The board of directors of the Corporation (the "**Board**") has fixed the record date for the Meeting at the close of business on August 12, 2024 (the "**Record Date**"). Only Shareholders of record as at the Record Date are entitled to receive notice of the Meeting and to vote those common shares of the Corporation ("**Common Shares**") included in the list of Shareholders entitled to vote at the Meeting prepared as at the Record Date, unless any such Shareholder transfers Common Shares after the Record Date and the transferee of those Common Shares, having produced properly endorsed certificates evidencing such Common Shares or having otherwise established that he or she owns such Common Shares, demands, that the transferee's name be included in the list of Shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such Common Shares at the Meeting.

Unless otherwise stated, the information contained in this Information Circular – Proxy Statement is given as at August 12, 2024.

The Instrument of Proxy appointing a proxy shall be in writing and shall be executed by the Shareholder or the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed Instrument of Proxy are directors and/or officers of the Corporation. Each Shareholder has the right to appoint a proxyholder other than the persons designated, who need not be a Shareholder, to attend and to act for the Shareholder at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided.

Beneficial Holders of Common Shares

The information set forth in this section is provided to beneficial holders ("**Beneficial Shareholders**") of Common Shares who do not hold their Common Shares in their own name. Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation and such holder is a Beneficial Shareholder. Such Common Shares will more likely be registered under the name of the Beneficial Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically provides a scannable voting request form or applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the voting request forms or proxy forms to Broadridge. Often Beneficial Shareholders are alternatively provided with a toll-free telephone number to vote their Common Shares or website address where Common Shares can be voted. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction request or a proxy with a Broadridge sticker on it cannot use that instruction request or proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted. Accordingly, it is strongly suggested that Beneficial Shareholders return their completed instructions or proxies as directed by Broadridge well in advance of the Meeting.**

This Information Circular – Proxy Statement and accompanying materials are being sent to both registered Shareholders and Beneficial Shareholders. The Corporation does not send proxy-related materials directly to Beneficial Shareholders and is not relying on the notice-and-access provisions of securities laws for delivery to either registered Shareholders or Beneficial Shareholders. The Corporation will deliver proxy-related materials to nominees, custodians and fiduciaries and they will be asked to promptly forward them to Beneficial Shareholders. If you are a Beneficial Shareholder, your nominee should send you a voting instruction form or proxy form along with this Information Circular – Proxy Statement. The Corporation has elected to pay for the delivery of our proxy-related materials to objecting Beneficial Shareholders.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of their broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Revocability of Proxy

A Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy

may be revoked by instrument in writing executed by the Shareholder or the Shareholder's attorney authorized in writing deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment(s) or postponement(s) thereof, at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting, or any adjournment(s) or postponement(s) thereof, and upon either of such deposits, the proxy is revoked.

Persons Making the Solicitation

The solicitation is made on behalf of the management of the Corporation. The costs incurred in the preparation and mailing of the Instrument of Proxy, Notice of Annual General Meeting of Shareholders and this Information Circular – Proxy Statement will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated, therefore.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, the Common Shares will be voted in favour of the matters to be acted upon. The persons appointed under the Instrument of Proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments or variations of those matters specified in the Instrument of Proxy and Notice of Annual General Meeting of Shareholders. At the time of printing this Information Circular – Proxy Statement, management of the Corporation knows of no such amendment, variation or other matter.

MATTERS TO BE ACTED UPON AT THE MEETING

Financial Statements

The audited financial statements of the Corporation for the year ended March 31, 2024, the auditors' report thereon and management's discussion and analysis for the year ended March 31, 2024 will be tabled at the Meeting. A copy of the audited financial statements, the auditors' report thereon and management's discussion and analysis for the year ended March 31, 2024, have been mailed to the registered Shareholders. Shareholder approval is not required in relation to the audited financial statements.

Fixing the Number of Directors

At the Meeting, Shareholders will be asked to fix the number of directors to be elected at the Meeting at five (5) members. There are currently six (6) directors of the Corporation, being Chayan Chakrabarty, Brian J. Moss, Robert D. Steele, W. B. (Bill) Wheeler, Peter Lansom and Barry Herring, each of whom retires from office at the Meeting. Mr. Steele and Mr. Lansom will not be standing for re-election at the Meeting and the Corporation would like to thank each of them for their service and dedication to the Corporation.

Unless otherwise directed, it is the intention of management to vote proxies in the accompanying form in favour of an ordinary resolution fixing the number of directors to be elected at the Meeting at five (5) members.

Election of Directors

At the Meeting, Shareholders will be asked to elect five (5) directors to hold office until the next annual meeting or until their successors are elected or appointed.

Unless otherwise directed, it is the intention of management to vote proxies in the accompanying form in favour of the election as directors of the five (5) nominees hereinafter set forth:

R. Neal Grant
Chayan Chakrabarty
W. B. (Bill) Wheeler

Brian J. Moss
Barry Herring

Each director will hold office until the next annual meeting or until his successor is duly elected or appointed unless his office is vacated.

The Instrument of Proxy provided by management of the Corporation accompanying this Information Circular – Proxy Statement provides for individual voting on directors rather than slate voting. In connection with the adoption of individual voting on directors, the Board has adopted a majority voting policy (the "**Majority Voting Policy**"). Under such Majority Voting Policy, if the "**WITHHOLD**" votes in respect of the election of a director nominee at the Meeting represent more than the "**FOR**" votes, the nominee shall tender their resignation to the Board. The Board shall consider such resignation within ninety (90) days and determine whether to accept it or not, having regard to all matters it deems relevant, and shall accept such resignation absent exceptional circumstances. A press release shall be issued announcing whether or not the Board has accepted such resignation and if the Board determines not to accept such resignation, such press release will include the reasons for such determination. The director who tenders their resignation pursuant to the Majority Voting Policy shall not participate in the applicable portion of any meetings to consider whether such resignation shall be accepted. The Board may fill any vacancy resulting from a resignation pursuant to the Majority Voting Policy in accordance with the Corporation's by-laws and articles and applicable laws. The Majority Voting Policy does not apply in circumstances involving contested director elections.

A copy of the Majority Voting Policy is available on Bengal's website at www.bengalenergy.ca.

Advance Notice By-Law

The Corporation's Advance Notice By-Law, which was approved by the Shareholders at the annual and special meeting of Shareholders held on December 18, 2014, will apply to nominations of directors at the Meeting. The purpose of the Advance Notice By-Law is to provide Shareholders, the Board and management of the Corporation with a clear framework for nominating directors.

Among other things, the Advance Notice By-Law requires that a Shareholder wishing to nominate a candidate for election as a director of the Corporation at an annual meeting of Shareholders must provide notice to the Chief Executive Officer ("**CEO**") of the Corporation not less than thirty (30) days and not more than sixty-five (65) days prior to the date of the annual meeting of Shareholders; provided, however, that in the event that the annual meeting of Shareholders is to be held on a date that is less than fifty (50) days after the date on which the first public announcement of the date of the annual meeting of Shareholders was made (the "**Notice Date**"), notice may be made not later than the close of business on the tenth (10th) day following the Notice Date. In the case of a special meeting of Shareholders (which is not also an annual meeting of Shareholders) called for the purpose of electing directors (whether or not called for other purposes), notice to the Corporation must be made not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting of Shareholders was made.

The Advance Notice By-Law also specifies the information and accompanying documentation that a nominating Shareholder must provide with respect to the nominating Shareholder and the nominee for the notice to be effective. No person nominated by a Shareholder will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice By-law. The Board may, in its sole discretion, waive any requirement of the Advance Notice By-law. A copy of the Advance Notice By-Law is available on the Corporation's SEDAR+ profile at www.sedarplus.ca and on Bengal's website at www.bengalenergy.ca.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of the Compensation Program

The Compensation Committee is responsible for setting the overall compensation strategy of the Corporation and administering the Corporation's executive compensation program. As part of its mandate, the Compensation Committee approves the appointment and remuneration of the Corporation's executive officers, including the Named Executive Officers or NEOs (each as defined herein) identified in the Summary Compensation Table below. The Compensation Committee is also responsible for reviewing the Corporation's compensation policies and guidelines generally.

The objective of the executive compensation program is to engage senior management by motivating and rewarding corporate, individual or Shareholder success. It is designed to ensure that compensation is commensurate with the experience, performance and contribution of the individuals involved and the overall performance of the Corporation.

The Corporation believes that a competitive, goal-oriented compensation policy is critically important to the creation of value for Shareholders. To that end, the Corporation has created an incentive compensation program intended to reward performance. The goals of the compensation program are to align compensation with the successful accomplishment of business objectives and performance to enable the Corporation to attract and retain high quality executive officers and other key employees, reward them for the Corporation's progress and motivate them to enhance long-term stockholder value. The compensation program is intended to implement the following principles:

- Compensation should be related to the value created for Shareholders.
- The compensation program should be tied to short-term and long-term strategic goals and the Corporation's corporate objectives.

- The compensation program should reflect and promote the Corporation's values and reward individuals for contributions to the Corporation's success.
- The Corporation's compensation program should be designed to attract and retain well-qualified executives.

In evaluating performance, the Compensation Committee gives consideration to the Corporation's long-term interests and quantitative financial objectives, as well to the qualitative aspects of the individual's performance and achievements. In addition, the Compensation Committee will receive and review recommendations of the CEO relating to the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for the executive officers. Although compensation opportunities are based in part upon individual contribution, the actual amounts earned by executives in cash bonuses and equity compensation awards are also based upon the overall performance of the Corporation.

During the course of its review of the Corporation's compensation policies and practices, the Compensation Committee considers the risks associated with such policies and practices. In that regard, the Compensation Committee has determined that the compensation policies do not create an environment where a NEO or any other individual is encouraged to take excessive risk, but rather encourage, and reward prudent business judgement and appropriate risk taking over the short and long-term without creating risk that is reasonably likely to have a material adverse impact on the Corporation.

Pursuant to the Corporation's Disclosure, Confidentiality and Trading Policy, directors, officers and employees of the Corporation shall not, directly or indirectly, buy or sell a call or put in respect of a security of the Corporation provided the foregoing shall not restrict a derivative or similar transaction involving an interest in or an economic interest in a security held by a director, officer or employee or a similar transaction approved by the Governance and Nominating Committee and the Compensation Committee.

Apart from the aforesaid, the Corporation does not have a policy restricting the ability of an executive officer or a director from purchasing financial instruments (including pre-paid variable forward contracts, equity swaps, collars, or units of exchange funds) that are designed to hedge or offset a decrease in market value of equity securities (or Options in respect thereof) granted as compensation or held, directly or indirectly, by the executive officer or director. During the financial year ended March 31, 2024, none of the Named Executive Officers or directors purchased such financial instruments.

Elements of Compensation

The executive compensation program is comprised of three principal components: (i) base salaries; (ii) a bonus plan; and (iii) equity-based compensation (the granting of Options pursuant to the Option Plan), which are designed to provide a combination of cash and equity-based compensation to effectively retain and motivate the executive officers to achieve the corporate goals and objectives. Each component of the executive compensation program is described below.

Base Salaries

The base salary compensation of the Named Executive Officers was previously established at the time the Corporation entered into employment contracts with such officers. The Compensation Committee reviews the base compensation of the Named Executive Officers on a regular basis.

The Named Executive Officers are paid a base salary to compensate them for providing the leadership and specific skills needed to fulfill their responsibilities. The base salaries for the Named Executive Officers are continuously reviewed by the Compensation Committee. The Corporation's approach to base salary compensation is to offer salaries which are targeted at the competitive median for similar Canadian internationally focused junior oil and gas companies to attract and retain high quality individuals. Salaries are also meant to reflect a particular executive's level of responsibility, experience, and expertise. For the purpose of establishing these levels, the Compensation Committee reviews publicly available competitive

market data, including salaries for comparable positions in other public Canadian junior oil and gas exploration companies and draws on each director's experience with publicly listed companies. Salaries of the NEOs are not determined based on benchmarks or a specific formula. The Compensation Committee submits its recommendation to the full Board to determine the salary of the CEO. The Compensation Committee considers the salaries recommended by the CEO for the other executive officers of the Corporation and then submits its recommendation to the full Board to determine the salary of the other executives.

Based upon its reviews of relevant industry data, the Board determined that the base salaries of the NEOs were appropriate and necessary to attract individuals of such high calibre within the oil and gas industry for the financial year ended March 31, 2024. Salaries may be increased based upon the individual's performance and contribution as well as increases in competitive pay levels.

Bonus Plan

In addition to base salaries, the Board may award discretionary cash bonuses to employees of the Corporation, including executive officers. The Corporation does not have a formal bonus plan nor are bonuses paid in relation to any formula or specific criteria. The basis for the Corporation's overall bonus pool and individual allocation is a result of a subjective determination based on, in the case of non-executive employees, the employee's contribution to adding share value and reducing costs and the employee's contribution to overall corporate goals. In the case of executive officers, including the CEO, bonus awards are discretionary and, while there are no specific targets or criteria set out, metrics such as share price, cash flow per share, income per share, net asset value per share, reserve replacement costs and production levels are considered.

The Board, upon recommendation of the Compensation Committee, will approve bonus payments to NEOs. The bonus pool will be determined by the Compensation Committee and following that, management will determine the amount to be paid to each employee and then such allocation of the bonus pool will be presented to the Compensation Committee for approval, who then submits its recommendation to the full Board for approval. The Corporation maintains a bonus pool for NEOs separate from the bonus pool for other employees of the Corporation. During the fiscal year ended March 31, 2024, no bonuses were paid to NEOs.

Equity Based Compensation

The Corporation has adopted a stock option plan (the "**Option Plan**") pursuant to which Options may be granted to directors, officers, employees, and consultants of the Corporation. The Option Plan is designed, through the grant of Options, to reward key individuals in relation to the share price of the Corporation. The Option Plan is an integral component of the Corporation's total compensation program in terms of attracting and retaining key employees and enhances Shareholder value by aligning the interests of executives and employees with the growth and profitability of the Corporation. The long-term focus of the Option Plan complements and balances the short-term elements of the compensation program of the Corporation.

Pursuant to the Option Plan, the Board may, on the recommendation of the Compensation Committee, grant from time to time, to directors, officers, employees and consultants of the Corporation, Options. In determining the number of Options to be granted to the executive officers, the Compensation Committee considers the amount, terms and vesting levels, including certain performance-based vesting parameters, of existing Options held by the officers and also the number of Options remaining available for grant by the Corporation in the future to attract and retain qualified technical and administrative staff. Generally, the number of Options granted to any optionee is a function of the level of authority and responsibility of the optionee, the contribution that has been made by the optionee to the business and affairs of the Corporation, the number of Options that have already been granted to the optionee and such other factors as the Compensation Committee may consider relevant. Please refer to "*Incentive Plan Awards –Option Plan*" for further details regarding the Option Plan.

The executive officers participate with all employees in the benefit plans provided by the Corporation. There are no special supplemental pension or benefit plans in place for any of the executive officers.

Role of the Compensation Committee

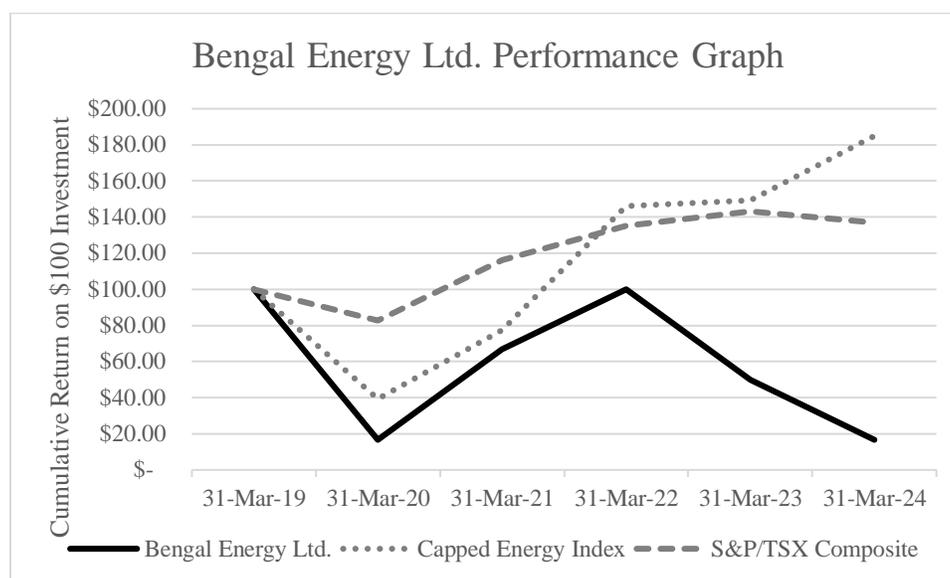

For the year ended March 31, 2024, the Compensation Committee consisted of Dr. Brian J. Moss (Chair), Robert D. Steele and Peter Lansom. All of the members of the Compensation Committee are independent within the meaning of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* and are knowledgeable with respect to compensation programs and levels. The members of the Compensation Committee have extensive experience in executive compensation, particularly within the oil and gas industry, through their careers as business executives, directors, and advisors, and, as such, the Board is satisfied that the members of the committee had the knowledge and experience to effectively perform their responsibilities.

The Compensation Committee meets from time to time during the year for the purpose of, among other things, reviewing the overall employee and executive officer compensation and benefits program and recommending the approval of any proposed changes to these programs to the Board. The Compensation Committee makes specific recommendations to the Board on Option grants and other share incentive rights allocations, if any, bonuses, employee savings plan contributions and directors' compensation. The Compensation Committee ensures the total compensation package facilitates the attraction and retention of a strong executive management team and employees. The Board reviews all recommendations of the Compensation Committee relating to compensation matters before final approval. See the Corporation's disclosure with respect to corporate governance practices set forth in Schedule "A" attached hereto for additional information concerning the Compensation Committee.

At no time in the previous two (2) completed financial years of the Corporation has a compensation consultant or advisor been formally retained by the Corporation to assist the Board or the Compensation Committee to determine the compensation of the directors or executive officers of the Corporation.

NEO compensation is defined as the aggregate of base salary, annual bonuses (if any), Options, and any other miscellaneous types of benefits that may periodically be granted to an NEO. As described under "Compensation Discussions and Analysis", base salaries reflect each executive officer's primary duties and responsibilities and are set at levels based on responsibility, experience, and expertise. Options granted pursuant to the Option Plan form a significant portion of compensation, and therefore total compensation for the NEOs is affected by increases or decreases in the price of the Common Shares as the value of Options changes as the Corporation's Common Share price changes. There were no base salary increases or other bonuses paid to the NEOs during the fiscal years ended March 31, 2022, March 31, 2023, or March 31, 2024. Notwithstanding the foregoing, the price of the Common Shares may be affected by various factors not related to the results of the Corporation such as changes to commodity prices and general economic conditions.

Option-Based Awards

The process the Corporation follows in respect of the grant of Option-based awards is set out under "Compensation Discussion and Analysis – Elements of Compensation/Equity Based Compensation".

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth information relating to the value vested or earned during the Corporation's financial year ended March 31, 2024 in respect of Option-based awards, share-based awards, and non-equity incentive plan compensation for Named Executive Officers of the Corporation.

Note:

- (1) Calculated by multiplying the number of Common Shares in respect of which vesting occurred in the year ended March 31, 2024, by the difference between the closing price of the Common Shares on the TSX on the vesting date and the exercise price of the Options on the vesting date.

The Options which vested in the year ended March 31, 2024, were granted under the Corporation's Option Plan which is described below. The process followed by the Corporation for the grant of Options referred to above is described under "*Compensation Discussion Analysis – Elements of Compensation – Equity Based Compensation*".

Option Plan

The Corporation has adopted the Option Plan, which was amended by the Board on August 10, 2011, which amendments were approved by the Shareholders on September 14, 2011, and as further amended by the Board on June 13, 2014, which amendments were approved by the Shareholders on December 18, 2014.

The Option Plan provides that the Board may from time to time, in its discretion, and in accordance with the requirements of the TSX, grant to directors, officers, employees and consultants to the Corporation or its subsidiaries, Options not to exceed ten percent (10%) of the issued and outstanding Common Shares of the Corporation. Options granted pursuant to the Option Plan have a term not to exceed five (5) years, unless the Corporation receives permission from the exchange on which the Common Shares are then listed, provided that in any case the term of an Option shall not exceed ten (10) years, and vest in such manner as determined by the Board at the time of the grant. The exercise price of an Option granted pursuant to the Option Plan is determined by the Board at the time of the grant, in accordance with the rules of the TSX, provided that in no event shall such exercise price be lower than the closing market price of the Common Shares at the time of the grant. Options granted under the Option Plan are generally not assignable and during the lifetime of an optionee, may only be exercised by the optionee. In connection with the foregoing, the number of Common Shares reserved for issuance to: (a) any participant will not exceed five percent (5%) of the issued and outstanding Common Shares in any twelve (12) month period unless the Corporation has obtained disinterested Shareholder approval in respect of such grants and meets applicable Exchange requirements; (b) any consultants will not exceed two percent (2%) of the issued and outstanding Common Shares in any twelve (12) month period; (c) all persons employed to perform investor relation activities will not exceed two percent (2%) of the issued and outstanding Common Shares in any twelve (12) month period provided that such Options will contain vesting provisions that such vesting occurs over at least twelve (12) months with no more than 1/4 of the Options vesting in any three (3) month period; (d) all non-employee directors shall not exceed three percent (3%) of the issued and outstanding Common Shares; and (e) insiders, at any time, under all share compensation arrangements shall not exceed ten percent (10%) of the issued and outstanding Common Shares in any twelve (12) month period. In addition: (i) the number of securities issued to insiders, within any one (1) year period, under all share compensation arrangements shall not exceed ten percent (10%) of the issued and outstanding Common Shares; and (ii) the aggregate value of Options granted to any one non-employee director in any twelve (12) month period cannot exceed \$100,000. Options may be exercised no later than ninety (90) days following cessation of the optionee's position with the Corporation unless the optionee was engaged in investor relation activities, in which case such exercise must occur within thirty (30) days following the cessation of the optionee's position with the Corporation, provided that if the cessation of office, directorship, or consulting arrangement was by reason of death, the Options may be exercised within a maximum period of one (1) year after such death, subject to the expiry date of such Option.

The Option Plan also provides for the extension of the expiry date of any Option which would otherwise expire during a "black-out period" for two (2) trading days from the date that any "black-out period" ends.

The Option Plan provides that the Board may, subject to receipt of requisite regulatory approval, in its sole discretion and without further approval of the Shareholders, make amendments to the Option Plan or any Option granted thereunder including but not limited to: amendments of a "housekeeping" nature; a change to the vesting provisions of an Option or the Option Plan; a change to the termination provisions of an Option or the Option Plan which does not entail an extension beyond the original expiry date; suspending, terminating or discontinuing the Option Plan; the addition of restrictions in the Option Plan on the extent of the overall participation by insiders in the Corporation's share compensation arrangements; the addition of provisions relating to phantom share units, such as restricted share units and deferred share units, which result in the participants receiving cash payments, and the terms governing such features; and the addition of a cashless exercise feature payment in cash or securities, which provides for a full deduction of the number of underlying securities from the Option Plan reserved; provided that Shareholder approval will be obtained to the extent such approval is required by applicable laws or regulations or the terms of the Option Plan (Section 17 of the Option Plan specifies certain amendments that require Shareholder approval).

The Option Plan currently contains a cashless exercise feature which allows a holder of Options to dispose of their vested, unexercised Options or any of them to the Corporation in exchange for the issuance of Common Shares equal to the number determined by dividing the closing market price of the Common Shares on the TSX prior to the date of surrender of such Options (the "**Market Price**"), into the difference between the Market Price and the exercise price of such Options.

The Option Plan provides that only with approval by the Shareholders, can the following amendments be made to the Option Plan: (i) reduce the exercise price of any Option issued under the Option Plan; (ii) increase the maximum amount of securities that may be issued to insiders; (iii) any amendment to the Option Plan to increase the Common Share Maximum (defined as ten percent (10%) of the issued and outstanding shares of the Corporation from time to time); (iv) extend the term of any outstanding Option beyond the original expiry date of such Option, unless such extension is due to a Blackout Period (as such term is defined in the Option Plan) being in effect; (v) change the definition of "Participant" under the Option Plan; (vi) amend the limits on grants of Options to non-employee directors from those provided in the Option Plan; (vii) amend the Article of the Option Plan that provides for the transferability of Options; (viii) amend the Article of the Option Plan that provides for the amendment and termination of the Option Plan; (ix) an amendment to amend the amendment provisions of the Option Plan; and (x) make any other amendment to the Option Plan that shall require Shareholder approval pursuant to any applicable laws or regulations, including without limitation, the policies and regulations of the TSX (collectively, the "**2011 Amendments**").

As of the date hereof, the Corporation has 485,304,205 Common Shares issued and outstanding. As at the date hereof, the Corporation has 9,870,000 (2.00%) Options issued under the Option Plan and 38,660,421 (7.81%) Options still available for grant under the Option Plan.

Pension Plan Benefits

The Corporation did not have any defined benefit (or actuarial plans), defined contribution plan, deferred compensation plan, or any other form of pension plan during the financial year ended March 31, 2024.

Termination and Change of Control Benefits

Messrs. Chakrabarty, Blanchard and Eberspaecher entered into employment agreements with the Corporation.

With respect to Mr. Eberspaecher, his employment agreement provides that such agreement may be terminated by either the Corporation or Mr. Eberspaecher on six (6) months' notice. The employment agreement provides that, subject to the employment agreement being terminated with cause, in the event that either the Corporation or Mr. Eberspaecher gives notice of termination, the Corporation reserves the right not to require Mr. Eberspaecher to perform some or all of his duties and accordingly to pay Mr. Eberspaecher only his base remuneration for that period.

With respect to Mr. Chakrabarty, his employment agreement may be terminated by either the Corporation or Mr. Chakrabarty on one (1) months' notice. The employment agreement provides that, if the employment agreement is terminated without cause or as a result of a "Change of Control" (as defined in the employment agreement) of the Corporation, Mr. Chakrabarty becomes entitled to a lump sum retiring allowance equal to sum of 1.5 times his annual base salary and 1.5 times the annual bonus payment paid to Mr. Chakrabarty in the preceding fiscal year, if any. In addition, Mr. Chakrabarty is entitled to an amount equal to the premiums due for the executive's participation in the Corporation's group benefit plan for a period of twelve (12) months from the date of termination. Furthermore, Mr. Chakrabarty is entitled to any amounts owing pursuant to the terms of any Option agreements and any other stock option compensation agreements in effect at the time of termination or a "Change of Control".

Mr. Blanchard's employment agreement may be terminated without cause provided that, in addition to accrued and unpaid salary and vacation pay, the Corporation pays Mr. Blanchard a retiring allowance equal to: (i) three (3) months of Mr. Blanchard's annual base salary if the termination date is before the first

anniversary of the date on which Mr. Blanchard commenced his employment with the Corporation (the "**Effective Date**"); (ii) six (6) months of Mr. Blanchard's annual base salary if the termination date is after the first anniversary of the Effective Date but before the second anniversary of the Effective Date; or (iii) six (6) months of Mr. Blanchard's annual base salary plus an additional one (1) month of annual base salary for each full year of employment of Mr. Blanchard from the second anniversary of the Effective Date (up to a total of twelve (12) additional months). The employment agreement also provides that Mr. Blanchard may terminate his employment within ninety (90) days of a "Change of Control" (as defined in the employment agreement) and following an event that constitutes "Good Reason" (as defined in the employment agreement). In such circumstances, in addition to accrued and unpaid salary and vacation pay, Mr. Blanchard is entitled to a retiring allowance equal to: (i) three (3) months of Mr. Blanchard's annual base salary if the termination date is before the first anniversary of the Effective Date; (ii) six (6) months of Mr. Blanchard's annual base salary if the termination date is after the first anniversary of the Effective Date but before the second anniversary of the Effective Date; or (iii) six (6) months of Mr. Blanchard's annual base salary plus an additional one (1) month of annual base salary for each full year of employment of Mr. Blanchard from the second anniversary of the Effective Date (up to a total of twelve (12) additional months).

The Option agreements with each NEO provide that, in the event of a "Change of Control" (as defined in the Option agreement), all outstanding Options will immediately vest and become exercisable. Had such "Change of Control" occurred as at March 31, 2024, the value of Options vested upon such occurrence (calculated as the difference between the market price of the Common Shares on the TSX on March 28, 2024, the last trading day of the most recently completed financial year and the exercise price of the Options) would have been, nil for Mr. Chakrabarty and nil for Mr. Blanchard.

The estimated incremental payments, payables, and benefits which might be paid by the Corporation for the Named Executive Officers, assuming a termination of employment without cause occurred as at March 31, 2024, would be, in the aggregate, \$679,933. Mr. Chakrabarty would have been entitled to a lump sum payment equal to \$411,600. Mr. Blanchard would have been entitled to a lump sum payment of \$133,333. Mr. Eberspaecher would have been entitled to a lump sum payment of \$135,000. Mr. Eberspaecher will leave his employment with the Corporation on October 31, 2024.

Compensation of Directors

In October 2011, the Board approved the payment of the following fees to non-executive directors as compensation for the services provided to the Corporation: (i) an annual retainer fee in the amount of \$10,000 for each non-executive director (\$15,000 for the Chair); (ii) an additional \$5,000 annual retainer fee for the Chair of the Audit Committee and Chair of the Reserves Committees and \$4,000 for the Chair of the Compensation Committee, the Chair of the Governance and Nominating Committee and the Chair of the Health, Safety and Environmental Committee; and (iii) a \$750 fee for each meeting of the Board or a committee thereof attended by a non-executive director. Non-executive directors will also be reimbursed for reasonable expenses incurred in their role as non-executive directors and may also receive Option grants under the Option Plan.

The following table sets forth all amounts of compensation provided to the directors of the Corporation (other than those directors who are also Named Executive Officers) during the year ended March 31, 2024.

SCHEDULE "A"

BENGAL ENERGY LTD. CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101") requires that if management of an issuer solicits proxies from its security holders for the purpose of electing directors that certain prescribed disclosure respecting corporate governance matters be included in its management information circular. The TSX also requires listed companies to provide, on an annual basis, the corporate governance disclosure which is prescribed by NI 58-101.

The prescribed corporate governance disclosure for the Corporation is that contained in Form 58-101F1 which is attached to NI 58-101 ("**Form 58-101F1 Disclosure**").

Set out below is a description of the Corporation's current corporate governance practices, relative to the Form 58-101F1 Disclosure.

Board of Directors

Disclose the identity of directors who are independent.

The following four current directors and one director nominee of the Corporation are independent (within the meaning of National Instrument 52-110 – *Audit Committees*):

Barry Herring
Peter Lansom⁽¹⁾
Dr. Brian J. Moss
Robert D. Steele⁽²⁾
R. Neal Grant⁽³⁾

Note:

- (1) Mr. Lansom is not standing for re-election at the Meeting.
- (2) Mr. Steele is not standing for re-election at the Meeting.
- (3) Director nominee.

Disclose the identity of directors who are not independent and describe the basis for that determination.

Chayan Chakrabarty is not independent as he is the President and Chief Executive Officer of the Corporation and is compensated as such.

W. B. (Bill) Wheeler is not independent as he beneficially owns or controls or directs, directly or indirectly, 82.2% of the issued and outstanding Common Shares and, in an examination of all relevant facts and circumstances and in accordance with applicable securities laws, it has been determined that he controls the Corporation.

Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors (the board) does to facilitate its exercise of independent judgement in carrying out its responsibilities.

Four of the six current directors are independent, including the Chair. The Board regularly holds "in-camera" sessions at its Board meetings, which sessions exclude the director who is also an officer of the Corporation. Following the Meeting, three of the five directors are expected to be independent. The Board feels that having such number of independent directors and holding in-camera sessions is sufficient to facilitate its exercise of independent supervision over management.

If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

<u>Name of Director</u>	<u>Name of Other Reporting Issuers (or equivalent)</u>
Brian J. Moss	Crown Point Energy Inc.
Peter Lansom	Metgasco Limited Jade Gas Holdings Ltd.

Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.

During the year ended March 31, 2024, the independent directors did not hold any regularly scheduled meeting at which non-independent directors and management were not in attendance. The Board has adopted terms of reference for the Board (as noted below) which will require the independent directors of the Board to regularly hold in camera sessions of the Board, with only independent directors present and at such times as the independent directors determine advisable.

Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.

The current Chair of the Board is Robert D. Steele. Mr. Steele is an independent director. The role of the Chair is to manage the affairs of the Board, including being satisfied that the Board is organized properly, functions effectively, meets its obligations and responsibilities, including those matters set forth in the terms of reference of the Board and operates independently of management. Following the Meeting, it is expected that Dr. Brian J. Moss will be appointed as Chair of the Board. Dr. Moss is an independent director.

Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.

The attendance record of each of the directors of the Corporation for meetings and standing committee meetings since the beginning of the financial year ended March 31, 2024, is as follows:

Name	Board Meetings Attended / Held	Audit Committee Meetings Attended / Held	Reserves Committee Meetings Attended / Held	Compensation Committee Meetings Attended / Held ⁽¹⁾	Governance and Nominating Committee Meetings Attended / Held ⁽²⁾	Health, Safety and Environmental Committee Meetings Attended / Held ⁽³⁾

- (2) The Governance and Nominating Committee did not meet in the current fiscal year.
- (3) The Health, Safety and Environmental Committee did not meet in the current fiscal year.

While the Corporation does not currently have a formal orientation and education program for new recruits to the Board, the Corporation has historically provided such orientation and education on an informal basis. As new directors have joined the Board, management has provided these individuals with corporate policies, historical information about the Corporation, as well as information on the Corporation's performance and its strategic plan with an outline of the general

duties and responsibilities entailed in carrying out their duties. The Board believes that these procedures have proved to be a practical and effective approach in light of the Corporation's particular circumstances, including the size of the Corporation and the experience and expertise of the members of the Board.

Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

No formal continuing education program currently exists for the directors of the Corporation. However, all board members are provided with copies of the terms of reference for the Board and the Corporation's Whistleblower Policy. In addition, management keeps the Board apprised of developments within the oil and gas industry that may affect the governance and management of the Corporation. Any director who feels that they require any services from an outside advisor to assist with discharging their responsibilities as a director may engage one at the expense of the Corporation upon authorization by the Chair of the Audit Committee.

The Corporation encourages directors to attend, enrol or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and has agreed to pay the cost of such courses and seminars. Each director of the Corporation has the responsibility for ensuring that he maintains the skill and knowledge necessary to meet his obligations as a director.

Ethical Business Conduct

Disclose whether or not the board has adopted a written code for the directors, officers, and employees.

The Corporation has adopted a Code of Business Conduct and Ethics for directors, officers, and employees (the "Code"). A copy of the Code has also been posted on the Corporation's SEDAR+ profile at www.sedarplus.ca and on the Corporation's website at www.bengalenergy.ca.

See above.

The Board monitors compliance with the Code by requiring that each of the directors, officers, employees, and consultants of the Corporation affirm in writing on an annual basis their agreement to abide by the Code, their ethical conduct during the year and disclosure with respect to any conflicts of interest. In addition, the Board has delegated to management the day-to-day responsibility for monitoring compliance with and enforcing the provisions of the Code. To ensure proper understanding of the Code, any questions as to its application will be explained fully by the employee's manager and in the case of directors and officers, by the Audit Committee of the Board.

Provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.

There has been no material change reports filed since the beginning of the Corporation's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.

In accordance with the *Business Corporations Act* (Alberta), directors who are a party to, or are a director or an officer of a person which is a party to, a material contract or material transaction or a proposed material contract or proposed material transaction are required to disclose the nature and extent of their interest and not to vote on any resolution to approve the contract or transaction. In addition, in certain cases, an independent committee of the Board may be formed to deliberate on such matters in the absence of the interested party.

Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Board has adopted a "Whistleblower Policy" wherein employees and consultants of the Corporation are provided with the mechanics by which they may raise concerns with respect to falsification of financial records, unethical conduct, harassment, and theft in a confidential, anonymous process.

Director Term Limits and Other Mechanisms of Board Renewal

Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

The Board does not believe that fixed term limits are in the best interest of the Corporation. Therefore, it has not specifically adopted term limits or other mechanisms for board renewal.

However, when considering nominees for the Board, the Governance and Nominating Committee reviews the skills and experience of the current directors of the Corporation to assess whether the Board's skills and experience need to be strengthened in any area. In addition to considering the skills and experience of the Board, the Governance and Nominating Committee also assesses the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Governance and Nominating Committee considers both the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years when proposing nominees for election of the directors of the Corporation. The Governance and

Nominating Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.

Policies Regarding the Representation of Women on the Board

Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.

The Board has not adopted a written policy relating to the identification and nomination of female directors nor does it have targets regarding the number of women on the Board. The Board believes that director nominations should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board at the time. The Corporation is committed to a meritocracy and believes that considering the broadest group of individuals with the skills, knowledge, experience, and character required to provide the leadership needed to achieve its business objectives is in the best interests of the Corporation and its stakeholders, without reference to their age, gender, race, ethnicity, or religion. While the Board recognizes the benefits of diversity at the Board level and in assessing candidates and selecting nominees for the Board diversity will also be considered by the Governance and Nominating Committee the Board will not compromise the principles of a meritocracy.

Consideration of the Representation of Women in the Director Identification and Selection Process

Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.

As a result of the Corporation's commitment to meritocracy, the level of representation of women on the Board is not specifically considered in identifying and nominating candidates for election to the Board. Also see "*Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so*" above.

Consideration given to the Representation of Women in Executive Officer Appointments

Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of women in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.

As a result of the Corporation's commitment to meritocracy, the level of representation of women in executive officer positions is not specifically considered when making executive officer appointments. Also see "*Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions*" below.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

Disclose whether the issuer has adopted a target regarding women on the issuer's board. If the issuer has not adopted a target, disclose why it has not done so. If the issuer has adopted a target, disclose (i) the target, and (ii) the annual and cumulative progress of the issuer in achieving the target. Disclose whether the issuer has adopted a target regarding women in executive officer positions of the issuer. If the issuer has not adopted a target, disclose why it has not done so. If the issuer has adopted a target, disclose (i) the target, and (ii) the annual and cumulative progress of the issuer in achieving the target.

The Board does not specifically consider the level of female representation in Board or executive officer positions when making such appointments nor does it have targets in respect of appointing women to these positions. Similar to the Board's approach in considering director nominations, in making appointments to executive officer positions, the Board considers each candidate's experience, knowledge, education, management capabilities and competency, as well as the effect of the appointment on the diversity of the Corporation's executive officers as a whole.

Number of Women on the Board and in Executive Officer Positions

Disclose the number and proportion (in percentage terms) of directors on the issuer's board who are women. Disclose the number and proportion (in percentage terms) of executive officers of the issuer, including all major subsidiaries of the issuer, who are women.

There are presently no women (0%) serving on the Board and no women (0%) serving in executive officer positions at the Corporation.
