### MANAGEMENT DISCUSSION OF FUND PERFORMANCE

#### Results of Operations

During the Period, the Fund’s total net asset value changed from approximately \$341 million to approximately \$270 million. Series A units of the Fund returned -18.64%. Please see the *Past Performance* section for information on the performance returns of the Fund’s other series.

Canadian equities, as measured by the S&P/TSX Composite Index, returned -18.4% over the Period. The Bank of Canada cut its key overnight lending rate by 150 basis points late in the Period in response to concerns over the potential impact of COVID-19 and falling oil prices. The Energy sector was weaker as oil experienced both supply and demand issues. Unemployment figures spiked higher from February 2020’s benign 5.6% as economic activity was shut down nationwide in March 2020.

The Fund performed in line with its benchmark during the Period. The Fund’s position in the Information Technology sector contributed to performance, as this sector was the only one that posted a positive return over the Period. Individual contributors to performance included e-commerce firm Shopify Inc., as well as gold companies Barrick Gold Corp. and Franco-Nevada Corp.

The Fund’s positions in the Financials, Energy and Consumer Discretionary sectors detracted from performance. Individual detractors from performance included Suncor Energy Inc., The Toronto-Dominion Bank and Royal Bank of Canada.

The Manager confirms that the Fund did not borrow money during the Period.

*For information on the Fund’s performance and composition, please refer to the Past Performance section and Summary of Investment Portfolio section of this report.*

#### Recent Developments

While the spread of COVID-19 has posed the most significant challenge to financial markets in many years, global governments and central banks have been aggressive in providing fiscal and monetary stimulus to help navigate this pandemic. Global health authorities have also become increasingly engaged in helping to manage this health concern, in addition to actively searching for therapies and vaccines. As such, the portfolio manager’s outlook in the near term is one of heightened equity market volatility, but the portfolio manager also believes the prospect of recovery over the medium term is a good one.

Going into the second quarter of 2020, the Fund is well positioned to provide efficient, broad-based exposure to large- and mid-capitalization Canadian equities, as represented by the S&P/TSX Composite Index.

During the Period, there were no changes to the Fund’s independent review committee (“IRC”).

#### RELATED PARTY TRANSACTIONS

BMO Investments Inc., an indirect, wholly-owned subsidiary of Bank of Montreal (“BMO”), is the Manager of the Fund. From time to time, the Manager may, on behalf of the Fund, enter into transactions or arrangements with or involving other members of BMO Financial Group, or certain

# BMO Canadian Equity ETF Fund

other persons or companies that are related or connected to the Manager (each a “Related Party”). The purpose of this section is to provide a brief description of any transaction involving the Fund and a Related Party.

## Portfolio Manager

The Fund’s portfolio manager is BMO Asset Management Inc. (“BMOAM”), an affiliate of the Manager. BMOAM provides portfolio management services to the Fund. BMOAM receives from the Manager a management fee based on assets under management, calculated daily and payable monthly.

## Administration Fee and Operating Expenses

The Fund pays a fixed administration fee to the Manager in respect of each series other than Series I. The Manager in return pays the operating expenses of these series of the Fund, other than certain specified expenses that are paid directly by the Fund (“Fund Expenses”). Fund Expenses, include expenses incurred in respect of preparing and distributing fund facts, interest or other borrowing expenses, all reasonable costs and expenses incurred in relation to compliance with National Instrument 81-107 *Independent Review Committee for Investment Funds*, including compensation and expenses payable to the Fund’s IRC members, taxes to which the Fund is or might be subject, and costs associated with compliance with any new governmental or regulatory requirement introduced after December 1, 2007. Fund Expenses are allocated proportionately among the relevant series. If the Fund Expenses are specific to a series, the Fund Expenses are allocated to that series. The fixed administration fee is calculated as a fixed annual percentage of the average net asset value of each relevant series of the Fund. Separate fees and expenses are negotiated and paid directly by each Series I investor. Further details about the fixed administration fee and/or Fund Expenses can be found in the Fund’s most recent simplified prospectus at [www.bmo.com/mutualfunds](http://www.bmo.com/mutualfunds) and [www.bmo.com/gam/ca](http://www.bmo.com/gam/ca) or [www.sedar.com](http://www.sedar.com).

## Buying and Selling Securities

During the Period, the Fund relied on standing instructions provided by the IRC for any of the following related party transactions that may have occurred in the Fund:

- (a) investments in securities issued by BMO, an affiliate of the Manager, or any other issuer related to the Manager;
- (b) investments in a class of non-government debt securities and/or equity securities of an issuer during the period of distribution of those securities to the public and/or the 60-day period following the distribution period where BMO Nesbitt Burns Inc., an affiliate of the Manager, or any other affiliate of the Manager acted as an underwriter in the distribution;

- (c) trades in debt securities in the secondary market with BMO Nesbitt Burns Inc., or any other affiliate of the Manager, that is trading with the Fund as principal; and

- (d) inter-fund trades

(each, a “Related Party Transaction”).

In accordance with the IRC’s standing instructions, in making a decision to cause the Fund to make a Related Party Transaction, the Manager and the portfolio manager of the Fund, are required to comply with the Manager’s written policies and procedures governing the Related Party Transaction and report periodically to the IRC, describing each instance that the Manager relied on the standing instructions and its compliance or non-compliance with the governing policies and procedures. The governing policies and procedures are designed to ensure that each Related Party Transaction (i) is made free from any influence of BMO, BMO Nesbitt Burns Inc. or an associate or affiliate of BMO and/or BMO Nesbitt Burns Inc. and without taking into account any considerations relevant to BMO, BMO Nesbitt Burns Inc. or an associate or affiliate of BMO and/or BMO Nesbitt Burns Inc., (ii) represents the business judgment of the Manager, uninfluenced by considerations other than the best interests of the Fund, and (iii) achieves a fair and reasonable result for the Fund.

## Brokerage Commissions

The Fund pays standard brokerage commissions at market rates to BMO Nesbitt Burns Inc., an affiliate of the Manager, for executing a portion of its trades. The brokerage commissions charged to the Fund (excluding exchange and other fees) during the periods indicated, were as follows:

	Period ended Mar. 31, 2020 \$000	Period ended Mar. 31, 2019 \$000
Total brokerage commissions	7	6
Brokerage commissions paid to BMO Nesbitt Burns Inc.	2	1

## Distribution Services

The Manager markets and distributes the Fund through BMO branches and/or (depending on the series) through registered dealers and brokers, including BMO InvestorLine Inc. and BMO Nesbitt Burns Inc., both affiliates of the Manager. The Manager pays to these affiliates a service fee called a “trailing commission” based on the average daily value of the units and/or shares that are held in investor accounts. This service fee is paid monthly or quarterly and varies by purchase option and by series.

# BMO Canadian Equity ETF Fund

## Management Fees

The Manager is responsible for the day-to-day management of the business and operations of the Fund. The Manager monitors and evaluates the Fund's performance, pays for the investment advice provided by the Fund's portfolio manager and provides certain administrative services required by the Fund. As compensation for its services, the Manager is entitled to receive a management fee payable monthly, calculated based on the daily net asset value of each series of the Fund at the annual rate set out in the table below.

	Annual Management Fee Rate* %	As a Percentage of Management Fees	
		Dealer Compensation %	General Administration, Investment Advice and Profit %
Series A Units	0.75	67	33
Series F Units	0.20	0	100
Series D Units	0.50	27	73
Series G Units	0.60	42	58
Series I Units	—	—	—

\* For Series I Units, separate Series I fees are negotiated and paid directly by each Series I investor. The combined management and administrative fees for Series I Units will not exceed the management fee charged for Series A Units.

<sup>(1)</sup> This information is derived from the Fund's unaudited and audited annual financial statements.

<sup>(2)</sup> Includes commissions and other portfolio transaction costs and withholding taxes.

<sup>(3)</sup> Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase/decrease from operations is based on the weighted average number of units outstanding over the financial period. This table is not intended to be a reconciliation of beginning to ending net assets per unit.

<sup>(4)</sup> Distributions were either paid in cash or reinvested in additional units of the Fund, or both. The allocation of the distributions from each of income, dividends, capital gains and return of capital is based on the Manager's estimate as at March 31 or September 30 of the period shown, as applicable, which is the Fund's financial year-end. However, the actual allocation of distributions is determined as at December 15, the Fund's tax year-end. Accordingly, the actual allocation among income, dividends, capital gains and return of capital may differ from these estimates.

+ Operating expenses are paid by BMOII and management fees are paid directly to BMOII as negotiated with the investor.

<sup>(1)</sup> This information is provided as at March 31 or September 30 of the period shown, as applicable.

<sup>(2)</sup> Management expense ratio is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average net asset value during the period.

<sup>(3)</sup> The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period.

<sup>(4)</sup> The Fund's portfolio turnover rate indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a fund's portfolio turnover rate in a year, the greater the trading costs payable by the fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund.

<sup>(5)</sup> The information shown in this column is for the period beginning May 4, 2017 (the series' inception date) and ending September 30, 2017.

<sup>(6)</sup> The information shown in this column is for the period beginning March 8, 2019 (the series' inception date) and ending September 30, 2019.

## PAST PERFORMANCE

The Fund's performance information assumes that all distributions made by the Fund in the periods shown were used to purchase additional securities of the Fund and is based on the net asset value of the Fund.

The performance information does not take into account sales, redemption, distribution or other optional charges that, if applicable, would have reduced returns or performance. Please remember that how the Fund has performed in the past does not indicate how it will perform in the future.

The returns of each series may differ from one another for a number of reasons, including if the series was not issued and outstanding for the entire reporting period and because of the different levels of management fees and expenses allocated and payable by each series.

On September 17, 2010, the Fund changed its investment objective and strategies to permit it to replicate the performance of one or more exchange traded funds that invest primarily in Canadian equities. In addition, the Fund tracked the Dow Jones Canada Titans 60 Index instead of the S&P/TSX Composite Total Return Index.

On September 21, 2012, the Fund changed its investment strategies to track the S&P/TSX Capped Composite Index instead of the Dow Jones Canada Titans 60 Index.

On April 24, 2017, the management fee on Series A units was lowered from 0.85% to 0.75% and on Series D units from 0.60% to 0.50%.

These changes could have affected the performance of the Fund had they been in effect throughout the performance measurement periods presented.

This document may contain forward-looking statements relating to anticipated future events, results, circumstances, performance or expectations that are not historical facts but instead represent our beliefs regarding future events. By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed or implied in the forward-looking statements. Actual results may differ materially from management expectations as projected in such forward-looking statements for a variety of reasons, including but not limited to market and general economic conditions, interest rates, regulatory and statutory developments, the effects of competition in the geographic and business areas in which the Fund may invest in and the risks detailed from time to time in BMO Mutual Funds' simplified prospectus. We caution that the foregoing list of factors is not exhaustive and that when relying on forward-looking statements to make decisions with respect to investing in the Fund, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forward-looking statements. Due to the potential impact of these factors, BMO Investments Inc. does not undertake, and specifically disclaims, any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable law.
