CALLINEX MINES INC.

Notes to the Condensed Interim Financial Statements

For the three and nine months ended June 30, 2024 and 2023

(Unaudited - Expressed in Canadian dollars)

1. Nature of operations

Callinex Mines Inc. ("Callinex" or the "Company") was incorporated on April 21, 2011, under the British Columbia Business Corporations Act for the purpose of receiving certain cash, equipment, common shares, and exploration and evaluation assets from Callinan Royalties Corporation (formerly Callinan Mines Limited) ("Callinan") in exchange for common shares of the Company by way of a plan of arrangement as approved by the shareholders of Callinan on June 7, 2011. The effective date of the transaction with Callinan was July 13, 2011. Since the plan of arrangement, the Company has been directly engaged in the exploration of mineral properties in Canada.

The Company's head office and registered and records office address is 1100 – 1199 West Hastings Street, Vancouver, British Columbia, Canada V6E 3T5.

2. Basis of presentation and going concern

The financial statements of the Company have been prepared in accordance with IFRS Accounting Standards (as issued by the International Accounting Standards Board) applicable to the preparation of interim financial statements, under International Accounting Standard 34, *Interim Financial Reporting*. Therefore, these condensed interim financial statements do not include all the information and note disclosures required by IFRS Accounting Standards for annual financial statements and should be read in conjunction with the annual consolidated financial statements for the year ended September 30, 2023, which have been prepared in accordance with IFRS Accounting Standards.

The financial statements of the Company are presented in Canadian dollars, which is also the functional currency of the Company.

These financial statements were approved by the board of directors for use on August 27, 2024.

Going Concern

The Company has primarily incurred losses since inception and expects to incur further losses in the development of its business. As of June 30, 2024, the Company had a working capital deficit of \$ 366,660 (September 30, 2023 - working capital of \$1,885,806) and at that date, the Company also had an accumulated deficit of \$51,959,600 (September 30, 2023 – \$51,201,216) which has been funded primarily by the issuance of equity. For the nine months ended June 30, 2024, cash used by operating activities totalled \$783,653 (2023 - \$1,763,046).

The Company's ability to continue as a going concern is dependent upon its ability to obtain the necessary financing to meet its general operating expenses and to continue to explore its mineral properties. Although the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms acceptable to the Company. These factors give rise to material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business. These financial statements do not reflect the adjustments to the carrying values of the assets and liabilities, the reported expenses and the statements of financial position classifications that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

The economic uncertainties around persistent inflation pressure and geopolitical events have the potential to slow growth in the global economy. Future developments in these challenging areas could impact on the Company's results and financial condition and the full extent of that impact remains unknown.

CALLINEX MINES INC.

Notes to the Condensed Interim Financial Statements

For the three and nine months ended June 30, 2024 and 2023

(Unaudited - Expressed in Canadian dollars)

3. New and future accounting standards and pronouncements

New standards or amendments to existing standards issued but which have not yet been applied by the Company based on the effective date are not currently expected to have a material impact on the Company's financial statements.

4. Accounting policy judgements and estimation uncertainty

a) Accounting policy judgments

The preparation of these condensed interim financial statements requires making judgments that affect the amounts reported. Accounting judgments that management has made in the process of applying accounting policies and that have the most significant effect on the amounts recognized in the financial statements include, but are not limited to, the following:

Going concern

The Company's management has assessed the Company's ability to continue as a going concern. The factors considered by management include, among other things, the Company's cash position on June 30, 2024; its projected exploration and general operating costs; its ability to raise financing and its intention to continue operating the Company.

Impairment assessment of exploration and evaluation assets

At the end of each reporting period, management applies judgement in assessing whether there are any impairment indicators relating to exploration and evaluation assets. When assessing whether there are impairment indicators management considers whether (i) the period for which the Company has the right to explore in the specific area has expired during the period or will expire in the near future, and is not expected to be renewed; (ii) substantive expenditure on further exploration for and evaluation of mineral resources in the specific area is neither budgeted nor planned; (iii) exploration for and evaluation of mineral resources in the specific area have not led to the discovery of commercially viable quantities of mineral resources and the Company has decided to discontinue such activities in the specific area; and (iv) whether sufficient data exists to indicate that, although a development in the specific area is likely to proceed, the carrying amount of the exploration and evaluation asset is unlikely to be recovered in full from successful development or by sale. In considering these factors, management did not identify any impairment indicators for the nine months ended June 30, 2024.

b) Significant estimates

There were no key assumptions made concerning the future or other key sources of estimation uncertainty that have a significant risk of resulting in a material adjustment to the carrying amount of assets and liabilities within the next fiscal year.

Flin Flon Area

Pine Bay project

The Company owns a 100% interest, with certain mineral leases and claims within the Pine Bay Project being subject to a Net Smelter Return ("NSR") royalty ranging from 0%-1% (of which 0.5% NSR can be repurchased for \$500,000) and a Net Profit Interest.

On August 23, 2023, the Company entered into a Grant Agreement with the Manitoba Mineral Development Fund (the "MMDF") for a grant of \$500,000 to support exploration on the Company's 100% owned Pine Bay Project in Flin Flon, MB. The remaining \$250,000 was received by the Company during the nine-month period ended June 30, 2024.

On June 18, 2024, the Company entered into a Grant Agreement with the Manitoba Mineral Development Fund (the "MMDF") for a grant of \$250,000 to support exploration on the Company's 100% owned Pine Bay Project in Flin Flon, MB. The first tranche of \$125,000 was received by the Company subsequent to the period end.

Flin Flon project

The Company owns a 100% interest in the project, subject to a 2% NSR royalty of which 1% may be purchased for \$1,000,000.

Gossan Gold project

The Company owns a 100% interest in the project, subject to a 2% NSR royalty.

Nash Creek and Superjack projects

The Company owns a 100% interest in the projects.

Pt. Leamington project

The Company owns a 100% interest in the project, subject to a 1% NSR royalty which may be purchased for \$1,000,000.

Other

The Company has an interest in other properties. The other properties are in good standing and do not require any further commitments. These include the Sneath Lake property, Moak Lake property, Herblet Lake property, Headway property, Headway North claim, and the Island Lake properties.

Headway Project

The Company owns a 100% interest in the project located in the Bathurst Mining District of New Brunswick, subject to a 1% NSR royalty, of which half can be purchased at any time for \$500,000.

Headway North claim

The Company owns a 100% interest in the project, which expands the Headway Project, subject to a 1% NSR royalty, of which half can be purchased at any time for \$500,000.

9. Loan payable

During May 2020, the Company received \$40,000 in the form of a Canada Emergency Business Account ("CEBA") loan. CEBA is part of the economic assistance program launched by the Government of Canada to ensure that businesses have access to capital during the COVID-19 pandemic and can only be used to pay non-deferrable operating expenses. During the period from receipt of the CEBA loan to December 31, 2023 (previously December 31, 2022), the "Initial Term", no interest was charged on the amount outstanding. An extension to the interest free period was announced by the Government of Canada to extend the Initial Term from December 31, 2022, to January 18, 2024 (the "Government Announcement"). The Company did not repay the CEBA loan as of January 18, 2024, accordingly, from January 19, 2024, to December 31, 2026 (the "Extended Term"), interest is payable monthly at a rate of 5% per annum on the outstanding balance and has been paid monthly as incurred. The balance of the CEBA loan is fully repayable on or before the end of the Extended Term, if not repaid on or before the end of the Initial Term.

As at June 30, 2024, management determined that the loan would not be repaid until the end of the Extended Term and, accordingly, presented the outstanding balance as non-current.

In addition, as of June 30, 2024, the Company has approximately \$20,546,000 (September 30, 2023 - \$19,211,000) of non-capital losses for Canadian income tax purposes that may be carried forward to reduce taxable income derived in future years. Their expiry dates range from 2031 – 2044 (September 30, 2023 (2031 – 2043)).

11. Flow-through premium liability

With respect to a flow-through share financing completed during March 2023, the Company was committed to incurring, on or before December 31, 2024, qualifying Canadian exploration expenses as defined under the *Income Tax Act (Canada)* (the “Qualifying Expenditures”) in the amount of \$5,879,223. None of the qualifying CEE will be available to the Company for future deduction from taxable income.

As of June 30, 2024, the Company had completed this commitment to incur Qualifying Expenditures.

12. Share capital

a) Authorized

Unlimited common shares with no par value

b) Financings

Nine months ended June 30, 2024

The Company did not complete any financings during the period ended June 30, 2024.

Nine months ended June 30, 2023

On March 6, 2023, the Company closed a brokered private placement and issued 1,120,366 Units at a price of \$3.15 per Unit for gross proceeds of \$3,529,153. Each Unit consisted of one common share and one-half of one common share purchase warrant, wherein each Warrant entitles the holder to purchase one common share at an exercise price of \$4.05 per common share for a period of two years from the issue date until March 6, 2025. The Company also issued 1,036,900 flow-through units (“FT Unit”) at a price of \$5.67 per FT Unit consisting of one flow-through common share and one-half of one non-flow-through warrant for gross proceeds of \$5,879,223. Each FT Unit consisted of one common share and one-half of one common share purchase warrant, wherein each Warrant entitles the holder to purchase one common share at an exercise price of \$4.05 per common share for a period of two years until March 6, 2025.

In connection with the private placement, Agents were granted a total of 110,348 non-transferable compensation warrants and advisory broker warrants (“Agent warrants”), wherein each Warrant entitles the Agents to purchase one common share at an exercise price of \$4.05 per common share for a period of two years until March 6, 2025. In addition, the Company incurred cash finders’ fees of \$567,670 and other cash issue costs of \$101,428 in association with financing. The weighted average fair value of Agent warrants issued was \$0.98 per Agent warrant, for an aggregate fair value of \$108,472 recognized as a non-cash issuance cost. Fair values were estimated using the Black-Scholes option pricing model with the following weighted average assumptions: (i) risk free rate - 4.25%; (ii) expected life - 2 years; (iii) expected volatility (based on historical volatility) – 66.23%; and (iv) expected forfeiture and dividends - nil.

	131,084	444,162	461,431	758,638

Professional fees represent fees charged by a company controlled by the Chief Financial Officer ("CFO") of the Company for the provision of CFO services.

Management fees for the three and nine months ended June 30, 2024, and 2023 include salary earned by (i) the Chief Executive Officer ("CEO"), and (ii) the Exploration Manager of the Company. Management fees of \$37,500 and \$112,500, respectively, (2023 - \$37,557 and \$112,729, respectively) have been capitalised to exploration and evaluation assets during the three and nine months ended June 30, 2024.

During the three and nine months ended June 30, 2024, the Company incurred professional fees of \$14,955 and \$41,949, respectively, (2023 - \$11,836 and \$38,905, respectively,) for the provision of non-CFO accounting and advisory support services charged by a company controlled by the CFO of the Company.

During the three and nine months ended June 30, 2024, the Company incurred office rental expense of \$9,000 and \$27,000, respectively, (2023 - \$nil) for the provision of office space sub-let to the Company by the CEO of the Company, which replaced a prior third-party office rental agreement with a monthly cost of \$5,450.

Included in accounts payable and accrued liabilities as of June 30, 2024, are amounts due to related parties of \$12,919 (September 30, 2023 - \$29,280) owing to a company controlled by the CFO for the provision of CFO, and non-CFO accounting and advisory support services. These amounts are non-interest bearing and due on normal commercial terms.

14. Financial Instruments

The Company's financial instruments consist of cash and cash equivalents, deposits, accounts payable and accrued liabilities and loan payable. The Company's cash and cash equivalents, and deposits are measured at amortized cost. The accounts payable and accrued liabilities and loan payable are designated as amortized cost. The carrying value of the Company's financial instruments approximates their fair value due to their short-term nature and no material impact of changes in credit risk since initial recognition. Accordingly, the fair value hierarchy of the financial instruments where carrying value approximates fair value has not been disclosed.

Discussions of risks associated with financial assets and liabilities are detailed below:

CALLINEX MINES INC.

Notes to the Condensed Interim Financial Statements
For the three and nine months ended June 30, 2024 and 2023
(Unaudited - Expressed in Canadian dollars)

Credit risk

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations.

The Company's maximum exposure to credit risk is the carrying value of its cash and cash equivalents and deposits balances. The Company's cash and cash equivalents are held at a Schedule I Canadian bank in interest bearing accounts. As of June 30, 2024, the Company does not believe it is exposed to significant credit risk.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company manages liquidity risk through its capital management as outlined in Note 15 to these financial statements. Accounts payable relating to exploration and evaluation assets and other accounts payable and accrued liabilities have contractual maturities of 30 days or are due on demand and are subject to normal trade terms. The CEBA loan is required to be repaid on December 31, 2026. As of June 30, 2024, the Company had a cash balance of \$130,571 (September 30, 2023 - \$2,150,673) to settle current liabilities of \$670,170 (September 30, 2023 - \$463,761) (see Note 2).

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates and the price of publicly traded marketable securities.

a) Interest rate risk

The Company has cash balances and no debt liabilities which are currently interest-bearing, other than the CEBA loan which carries interest at a fixed rate of 5% per annum. The Company's current policy is to invest excess cash in short-term deposit certificates issued by its banking institutions. The Company does not believe it is exposed to significant interest rate risk.

b) Foreign currency risk

The Company conducts all its business in Canada and is therefore not exposed to significant foreign currency risk.

15. Capital Management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern to pursue the exploration and evaluation of its exploration and evaluation assets, to acquire additional mineral property interests and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk. In the management of capital, the Company includes its components of shareholders' equity.

The capital structure of the Company consists of equity attributable to common shareholders, comprised of issued capital, warrants, options, equity reserve and deficit. The Company maintains and adjusts its capital structure based on changes in economic conditions and the Company's planned requirements. The Company may adjust its capital structure by issuing new equity, issuing new debt, or acquiring or disposing of assets, and controlling the capital expenditure program. The Company is not subject to externally imposed capital requirements.

The Company's mineral property interests are in the exploration stage. As such, the Company is dependent on external financing to develop its properties and fund its activities. To carry out its planned exploration and pay for administrative costs, the Company will spend its existing working capital and raise additional amounts as needed and if available, may even dispose of some or all of its mineral property interests.

The Company operates in one reportable segment, being the acquisition and exploration of exploration and evaluation assets in Canada. All the Company's assets and operations are in Canada.

18. Subsequent events

On July 9, 2024, the Company received \$125,000 in funds from Manitoba Mineral Development Fund ("MMDF") as part of the Grant Agreement for \$250,000 in total. The balance of \$125,000 remains outstanding.

On July 23, 2024, the Company closed a non-brokered private placement of 753,412 units ("Unit") at a price of \$1.25 per Unit gross proceeds of \$941,765 and 543,700 Manitoba flow-through units ("FT Units") at a price of \$2.12 per FT Unit for gross proceeds of \$1,152,644. Each Unit consists of one common share and one-half of one transferable common share purchase warrant (each whole such common share purchase warrant, a "Warrant"). Each FT Unit consists of one flow-through common share and one-half of one transferrable Warrant to be issued on a non-flow-through basis. Each Warrant is exercisable into one additional common share (a "Warrant Share") for two (2) years from closing at an exercise price of \$2.00 per Warrant Share. In connection with the financing, the Company paid a finders' fee of \$3,750.

On August 8, 2024, the Company announced the closing of its option agreement with Voyageur Mineral Explorers Corp. ("Voyageur") whereby the Company has optioned a 100% interest in the Alberts Lake Project, Manitoba. Under the terms of the option agreement, Callinex will acquire a 100% interest in the Alberts Lake Project by making the following share issuances to Voyageur:

- \$75,000 of common shares on the date of TSX Venture Exchange acceptance;
- \$125,000 of common shares on the first anniversary;
- \$150,000 of common shares on the second anniversary;
- \$150,000 of common shares on the third anniversary; and
- \$150,000 of common shares on the fourth anniversary.
