

Leviathan Gold Ltd

Condensed Consolidated Interim Financial Statements
(Expressed in Canadian Dollars)
(Unaudited - Prepared by Management)

For the three months ended September 30, 2024

NOTICE TO READER

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that the interim financial statements have not been reviewed by an auditor.

The accompanying unaudited interim financial statements of the Company have been prepared by and are the responsibility of the Company's management. The Company's independent auditor has not performed a review of these interim financial statements in accordance with standards established by the Canadian Institute of Chartered Professional Accountants of Canada for a review of interim financial statements by an entity's auditor.

LEVIATHAN GOLD LTD.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

FOR THE PERIOD ENDED SEPTEMBER 30, 2024

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

1 NATURE AND CONTINUANCE OF OPERATIONS

Leviathan Gold Ltd., (the “Company”) was incorporated under the Business Corporations Act (British Columbia) (“BCBCA”) on June 24, 2020. The Company is principally engaged in the acquisition and exploration of resource properties in Victoria, Australia. The Company’s shares are publicly traded on TSX Venture Exchange (“TSXV”) under the symbol LVX.

The address of its head office is located at Suite 1507-1030 West Georgia Street, Vancouver, British Columbia, Canada V6E 2Y3. The Company’s registered and records office is 2900-550 Burrard Street, Vancouver, British Columbia, Canada, V6C 0A3.

During the period ended September 30, 2023, the Board of directors authorized a 5-for-1 share consolidation. The number of issued and outstanding shares, options, warrants and per share amounts have been retrospectively restated for all periods presented unless otherwise stated.

These consolidated financial statements have been prepared on a going concern basis in accordance with IFRS Accounting Standards with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. The Company’s continuing operations, as intended, are dependent upon its ability to identify, evaluate and negotiate an acquisition of or participation in an interest in properties, assets, or businesses. The Company has incurred losses from inception and does not currently have the financial resources to sustain operations in the long-term. While the Company has been successful in obtaining its required funding in the past, there is no assurance that such future financing will be available or be available on favourable terms. An inability to raise additional financing may impact the future assessment of the Company as a going concern. These material uncertainties may cast significant doubt about the ability of the Company to continue as a going concern.

There are many external factors that can adversely affect general workforces, economies and financial markets globally. It is not possible for the Company to predict the duration or magnitude of adverse results of such external factors and their effect on the Company’s business or ability to raise funds.

2 BASIS OF PREPARATION

Statement of compliance

The consolidated financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (“IASB”).

Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. In addition, the consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow disclosure.

LEVIATHAN GOLD LTD.**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

FOR THE PERIOD ENDED SEPTEMBER 30, 2024

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

2 BASIS OF PREPARATION (cont'd...)**Basis of consolidation**

These consolidated financial statements include the financial statements of the Company and its wholly owned and controlled subsidiaries, Leviathan Gold (Australia) PTY Ltd. (“Leviathan Australia”), incorporated in Australia on June 29, 2020, and 1274996 B.C Ltd, incorporated in British Columbia, Canada.

Control is achieved when the Company has the power to, directly or indirectly, govern the financial and operating policies of an entity so as to obtain benefits from its activities. Subsidiaries are fully consolidated from the date on which control is obtained and continue to be consolidated until the date that such control ceases. Intercompany balances, transactions and unrealized intercompany gains and losses are eliminated upon consolidation.

Functional and presentation currency

These consolidated financial statements are presented in Canadian dollars. The Company and 1274996 B.C Ltd have a functional currency of Canadian dollar (CAD) and Leviathan Australia has a functional currency of Australian dollar (AUD).

Significant accounting judgments and estimates

The preparation of these consolidated financial statements requires management to make judgments and estimates and form assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. On an ongoing basis, management evaluates its judgments and estimates in relation to assets, liabilities and expenses. Management uses historical experience and various other factors it believes to be reasonable under the given circumstances as the basis for its judgments and estimates. Actual outcomes may differ from these estimates.

The most significant estimates relate to the valuation of deferred income tax amounts and calculation of share-based payments, which are discussed below:

Deferred income tax

The determination of income tax is inherently complex and requires making certain estimates and assumptions about future events. While income tax filings are subject to audits and reassessments, the Company has adequately provided for all income tax obligations. However, changes in facts and circumstances as a result of income tax audits, reassessments, jurisprudence and any new legislation may result in an increase or decrease in our provision for income taxes.

Share-based payments

Share-based payments and compensation are subject to estimation of the value of shares and options issued for non-cash consideration. The Company measures the cost of equity-settled transactions by reference to the fair value of the equity instruments at the date at which they are granted or issued. Estimating fair value for share-based payment transactions requires determining the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determining the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

The most significant judgments relate to the functional currency of the Company and its subsidiaries and impairment of exploration and evaluation assets, which are discussed below:

LEVIATHAN GOLD LTD.**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

FOR THE PERIOD ENDED SEPTEMBER 30, 2024

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

2 BASIS OF PREPARATION (cont'd...)**Significant accounting judgments and estimates (cont'd...)***Impairment of exploration and evaluation assets*

The carrying value and recoverability of exploration and evaluation assets requires management to make certain estimates, judgments and assumptions about each project. Management considers the economics of the project, including the latest resource prices and the long-term forecasts, and the overall economic viability of the project. If any indication of impairment exists, a formal estimate of recoverable amount is performed, and an impairment loss is recognized to the extent that the carrying amount exceeds recoverable amount. The recoverable amount is measured at the higher of fair value less cost to sell and value in use. Management has assessed these indicators and does not believe an impairment provision is required for the period ended September 30, 2024 and 2023.

Determination of functional currency

The functional currencies of the Company and its subsidiaries are outlined in the Functional and presentation currency section above. The determination of functional currency involves certain judgments to determine the primary economic environment. The Company reconsiders the functional currency if there are changes in events and conditions impacting the factors used in the determination of the primary economic environment.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The Company's accounting policies are the same as those applied in the Company's consolidated financial statements for the year ended June 30, 2024. These condensed consolidated interim financial statements should be read in conjunction with the Company's consolidated financial statements for the year ended June 30, 2024.

6 EXPLORATION AND EVALUTATION ASSETS

During the year ended June 30, 2021, Leviathan Australia entered into an agreement to acquire exploration properties, known as the Avoca and Timor projects and certain other tenements, from Fosterville's wholly owned subsidiary, Currawong Resources Pty Ltd. ("Currawong"). The Company agreed to acquire the exploration properties for \$747,424 (AUD\$764,081) and assume the underlying obligations as per the original purchase agreement when Currawong acquired the Avoca and Timor projects.

The underlying obligations are due to Mercator Gold Australia Pty. Ltd. ("Mercator"), a subsidiary of Alternative Investment Market-listed ECR Minerals PLC. The Company will pay Mercator AUD\$1 for every ounce of gold or gold equivalent of measured resource, indicated resource or inferred resource within one or more of the tenements comprising the gold projects, which payment shall not exceed a total of AUD\$1,000,000. In the event the Company carries out commercial production on the gold projects, the Company will pay Mercator AUD\$1 for every ounce of gold or gold equivalent ounces produced from the tenements comprising the gold projects, which payment shall not exceed a total of AUD\$1,000,000.

LEVIATHAN GOLD LTD.**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

FOR THE PERIOD ENDED SEPTEMBER 30, 2024

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

6 EXPLORATION AND EVALUTATION ASSETS (cont'd...)

On July 17, 2023, the Company entered into a Heads of Agreement (“HOA”) with Core Prospecting Pty. Ltd. (“Core”), a private Australian mining contractor, under which Core may earn up-to a 100% interest in a three square-kilometer area within the Excelsior exploration licence. The Excelsior exploration license is included in the Timor Project. Core can earn an initial 75% in two phases:

- Phase 1 – Core may earn an initial 40% interest by completing 2,000 metres of diamond drilling by January 17, 2024, which was extended to April 17, 2024 (completed).
- Phase 2 - Core may earn an additional 35% interest in by either:
 - I. Completing an additional 4,000 metres of diamond drilling and by preparing an independent JORC (Joint Ore Reserve Committee) report identifying at least indicated or measured mineral resource within 12 months from the completion of Phase 1; or
 - II. In lieu of completing further drilling, Core may prepare a JORC report (the “Jorc Report”) containing indicated and measured mineral resources of not less than 50,000 ounces of gold at a cut-off grade of 2.5 grams per tonne (g/t) gold (Au).

Core will be responsible for all of the costs incurred related to Phase 1 and 2. If Core fails to complete Phase 2, it shall forfeit any interest earned under Phase 1.

Upon Core attaining a 75% equity interest, the Company may either:

- I. Contribute its share of costs and maintain its equity interest, or
- II. Be diluted pro rata to a minimum carried interest of 5%, which Core shall purchase from Leviathan for the sum of AUD\$150 per ounce of indicated and measured mineral resources, as estimated in the JORC report, payable upon commencement of gold production.

Alternatively, within 12 months of the completion of Phase 2 Core may purchase the Company’s remaining interest for the sum of AUD\$75 per ounce of indicated and measured mineral resources in the JORC report, or Core may, within 12 months of the completion of Phase 2, purchase Leviathan's the remaining interest by paying instalments of AUD\$25,000 per quarter, increasing to AUD\$75,000 per quarter, commencing from the date on which a new tenement is granted and continuing for the life of any gold production mine on the license.

The HOA also provides that the Company may claw back Core's equity stake for the sum of AUD\$200 per metre drilled, or, after receipt of the JORC report, for AUD\$150 per ounce of gold mineralization estimated and classified as an indicated mineral resource and a measured mineral resource in the JORC report.

Below is a summary of the changes in the exploration and evaluation assets for the period ended September 30, 2024:

	September 30, 2024		June 30, 2024	
Balance, beginning of period	\$	673,461	\$	673,461
Foreign exchange		37,364		24,221
Balance, end of period	\$	710,825	\$	697,682

	<u>\$ 60,281</u>	<u>\$ 49,519</u>	<u>\$ 109,800</u>

7 SHARE CAPITAL**Authorized**

Unlimited number of common shares without par value.

Issued and outstanding

During the three-month period ended September 30, 2024 and the year ended June 30, 2024, the Company did not issue any common shares.

Stock options and warrants

The Company has a stock option plan under which it is authorized to grant options to executive officers and directors, employees and consultants enabling them to acquire up to 10% of the issued and outstanding common stock of the Company.

Under the plan, the exercise price of each option equals the market price of the Company's stock, less applicable discount, as calculated on the date of grant. The options can be granted for a maximum term of 5 years with vesting determined by the board of directors.

During the year ended June 30, 2024, the Board of directors authorized a 5-for-1 share consolidation. The number of issued and outstanding shares, options, warrants, and per share amounts have been retrospectively restated for all periods presented unless otherwise stated.

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

7 SHARE CAPITAL (cont'd...)**Stock options and warrants (cont'd...)**

The changes in the stock options and share purchase warrants for the period ended September 30, 2024, are as follows:

	Stock Options		Warrants	
	Number	Weighted Average Exercise Price \$	Number	Weighted Average Exercise Price \$
Balance, outstanding and exercisable, June 30, 2023	1,200,000	2.50	-	-
Cancelled	(100,000)	2.50	-	-
Balance, outstanding and exercisable, June 30, 2024 and September 30, 2024	1,100,000	2.50	-	-

The balance of stock options and share purchase warrants outstanding as at September 30, 2024 was as follows:

Expiry Date	Number Outstanding	Number Exercisable	Exercise Price - \$	Remaining Life (Years)
Stock options				
January 29, 2026	1,100,000	1,100,000	2.50	1.56

8 RELATED PARTY TRANSACTIONS

Key management personnel includes those persons having authority and responsibility for planning, directing, and controlling the activities of the Company as a whole. The Company has determined that key management personnel consists of members of the Board and corporate officers, including the Company's Chief Executive Officer and Chief Financial Officer.

The Company entered into the following transactions with related parties, not disclosed elsewhere in these consolidated financial statements:

	September 30, 2024	September 30, 2023
Director fees	\$ 9,250	\$ 6,250
Professional fees	39,015	22,563
Exploration costs	45,000	45,000
Management fees	82,500	82,500
	<u>\$ 175,765</u>	<u>\$ 156,313</u>

As at September 30, 2024, \$130,847 (June 30, 2024 - \$134,853) was included in accounts payable and accrued liabilities owing to officers and directors of the Company in relation to professional fees and reimbursement of expenses.

9 SEGMENT INFORMATION

The Company operates in one reportable operating segment, being the acquisition, exploration, and evaluation of resource properties in Victoria, Australia.

LEVIATHAN GOLD LTD.**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS****FOR THE PERIOD ENDED SEPTEMBER 30, 2024**

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

10 FINANCIAL AND CAPITAL RISK MANAGEMENT

Financial assets and liabilities are classified in the fair value hierarchy according to the lowest level of input that is significant to the fair value measurement. Assessment of the significance of a particular input to the fair value measurement requires judgement and may affect placement within the fair value hierarchy levels. The hierarchy is as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable)

The carrying value of cash, receivables and accounts payable and accrued liabilities approximates fair value due to the short-term nature of the financial instruments. Cash, receivables, and accounts payable and accrued liabilities are classified as amortized cost.

Risk management

The Company is exposed to varying degrees to a variety of financial instrument related risks:

Credit risk

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations.

The Company's cash is held at a large Canadian financial institution in interest bearing accounts. The Company has no investment in asset backed commercial paper.

The Company's receivables consist of goods and services tax receivable from the government of Canada.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company manages liquidity risk through its capital management as outlined below. Accounts payable and accrued liabilities and loans payable are due within one year.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices.

LEVIATHAN GOLD LTD.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

FOR THE PERIOD ENDED SEPTEMBER 30, 2024

(Unaudited – Prepared by Management)

(Expressed in Canadian Dollars)

10 FINANCIAL AND CAPITAL RISK MANAGEMENT (cont'd...)

Risk management (cont'd...)

a) Interest rate risk

The Company's exposure to interest rate risk arises from the interest rate impact on cash. The Company's practice has been to invest cash at floating rates of interest, in order to maintain liquidity, while achieving a satisfactory return for shareholders. There is minimal risk that the Company would recognize any loss as a result of a decrease in the fair value of any guaranteed bank investment certificates included in cash as they are generally held with large financial institutions. As at September 30, 2024, the Company is not exposed to significant interest rate risk.

b) Foreign currency risk

The Company is subject to foreign currency risk on financial instruments denominated in currencies other than the Canadian Dollar. The Company is exposed to foreign currency risk on fluctuations related to cash and cash equivalents, receivables and prepaid expenses, and accounts payable and accrued liabilities that are denominated in the Australian dollar or the United States dollar. As these exchange rates fluctuate against the Canadian Dollar, the Company will experience foreign exchange gains and losses. Management believes the foreign exchange risk derived from currency conversions is not significant and therefore does not hedge its foreign exchange risk.

c) Price risk

The Company is exposed to price risk with respect to commodity prices. The Company closely monitors commodity prices to determine the appropriate course of action to be taken by the Company.

Capital management.

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue acquisition, exploration and evaluation of mineral properties and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk. In the management of capital, the Company includes its components of shareholders' equity.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, issue debt, acquire or dispose of assets or adjust the amount of cash.

The Company currently is not subject to externally imposed capital requirements. There were no changes in the Company's approach to capital management for the period ended September 30, 2024.
