**1. NATURE OF OPERATIONS AND GOING CONCERN**

Astra Exploration Inc. (the "Company") was incorporated under the name Momentous Capital Corp. on July 31, 2020 under the Business Corporations Act (British Columbia). On January 18, 2022, Momentous Capital Corp. changed its name to Astra Exploration Inc. The head office, principal address, registered address, and records office of the Company is located at #1723-595 Burrard Street, Vancouver, BC, V7X 1J1. The Company operates in one business segment, which is mineral property acquisition and exploration. All properties are located in Chile and Argentina.

The Company's common shares are listed on the TSX Venture Exchange under the symbol "ASTR", OTCQB® Venture Market under the symbol "ATEPF", and Frankfurt Stock Exchange under the symbol "S3I".

These condensed interim consolidated financial statements for the three and six months ended September 30, 2025 and 2024 ("financial statements") have been prepared on a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for at least the next twelve months. As at September 30, 2025, the Company has not generated revenues from operations, has a history of losses and an accumulated deficit of \$12,761,709 (March 31, 2025 - \$10,287,161).

The Company's ability to continue as a going concern is dependent on the Company's ability to obtain additional debt or equity financing to successfully advance the exploration and development of mineral property interests in its exploration portfolio and to be able to derive material proceeds from the sale or divestiture of those properties and/or other assets, such as sale proceeds and equity interests. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. These factors present material uncertainties which may cast significant doubt as to the Company's ability to continue as a going concern.

**2. BASIS OF PREPARATION**

**a) Statement of compliance**

These financial statements were approved by the Board of Directors and authorized for issuance on November 17, 2025.

These financial statements have been prepared in accordance with IFRS® Accounting Standards ("IFRS Accounting Standards") as issued by the International Accounting Standards Board applicable to the preparation of interim financial statements including International Accounting Standard 34 *Interim Financial Reporting*. These financial statements do not include all disclosures required for annual audited financial statements. Accordingly, they should be read in conjunction with the notes to the Company's audited financial statements for the years ended March 31, 2025 and 2024 (the "Annual Financial Statements").

**b) Basis of presentation**

These financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at their fair value as explained in the accounting policies set out below. In addition, these financial statements have been prepared using the accrual basis of accounting except cash flow information.

**c) Functional and presentation currency**

The Company's presentation currency is the Canadian dollar ("\$" or "CAD"). The functional currency of the Company and its subsidiaries is CAD. References to "US\$" are to US dollars. References to "CLP" are to Chilean pesos. References to "ARS" are to Argentinian pesos.

**d) Basis of consolidation**

These financial statements include the accounts of the Company and its subsidiaries. All intercompany transactions and balances are eliminated on consolidation. Subsidiaries are all entities over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

**3. MATERIAL ACCOUNTING POLICIES**

In preparing these financial statements, the Company used the same accounting policies as in the Annual Financial Statements.

**4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, and which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and further periods if the revision affects both current and future periods.

In the preparation of these financial statements, the Company used the same significant accounting judgments and was subject to the same key sources of estimation uncertainty as in the Annual Financial Statements.
