MANAGEMENT INFORMATION CIRCULAR
November 12, 2019

SOLICITATION OF PROXIES

The information contained in this Management Information Circular (the “Circular”) is furnished to shareholders (the “Shareholders”) of Cymat Technologies Ltd. (the “Company”), in connection with the solicitation of proxies to be used at the Annual Meeting of Shareholders of the Company to be held at the offices of Fraser Mackenzie Merchant Capital, 34 King Street East, Suite 400, Toronto, Ontario on December 19, 2019, at 4:00 pm (Toronto time), (the “Meeting”), and at any adjournment, adjournments, postponement or postponements thereof, for the purposes set forth in the accompanying Notice of Meeting.

These security-holder materials are being sent to both registered and non-registered owners of the securities. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified below.

It is expected that the solicitation will be made primarily by mail but proxies may also be solicited personally by directors, officers or employees of the Company. Directors, officers and employees of the Company will not receive any extra compensation for such activities. The Company may also retain and pay a fee to one or more professional proxy solicitation firms to solicit proxies from Shareholders in favour of the matters set forth in the Notice of Meeting. The Company may pay brokers or other persons holding common shares of the Company (“Common Shares”) in their own names, or in the names of nominees, for their reasonable expenses for sending forms of proxy and this Circular to the holders of Common Shares and obtaining proxies therefor. The solicitation of proxies by this Circular is being made by or on behalf of the management of the Company. The total cost of the solicitation will be borne by the Company.

No person is authorized to give any information or to make any representation other than those contained in this Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Company.

The information contained herein is given as of November 12, 2019 except as otherwise indicated. The delivery of this Circular shall not, under any circumstances, create an implication

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy accompanying this Circular are directors or officers of the Company. **A Shareholder has the right to appoint a person other than the persons specified in such form of proxy, who need not be a shareholder of the Company, to attend and act for him or her and on his or her behalf at the Meeting and at any adjournment, adjournments, postponement or postponements thereof.** Such right may be exercised by inserting the name of the person to be appointed in the blank space provided in the form of proxy, signing the form of proxy and returning it in the reply envelope in the manner set forth in the accompanying Notice of Meeting.

A Shareholder may revoke a proxy by (i) depositing an instrument in writing, executed by such Shareholder or his or her attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal or signed by a duly authorized officer or attorney for such corporation; (ii) transmitting, by telephone or electronic means, a revocation executed by such Shareholder or his or her authorized attorney, by electronic signature, if the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of the Shareholder or the attorney, as the case may be; or (iii) in any other manner permitted by law:

(a) at the registered office of the Company at 6320-2 Danville Road, Mississauga, Ontario, L5T 2L7, at any time up to and including the second last business day preceding the day of the Meeting, or any adjournment of the Meeting, at which the proxy is to be used; or

(b) with the Chairman of the Meeting on the day of the Meeting or any adjournment of the Meeting.

VOTING OF SHARES REPRESENTED BY MANAGEMENT PROXIES

The persons named in the enclosed form of proxy will vote for or against or withhold from voting (as the case may be) Common Shares in respect of which they are appointed in accordance with the instructions provided therein on any ballot that may be called for at the Meeting and at any adjournment, adjournments, postponement or postponements thereof in accordance with the instructions thereon.

In the absence of such instructions, such Common Shares will be voted:

(a) on the election of directors, in favour of the election of the nominees of management named in this Circular;

(b) on the appointment of auditors, in favour of the appointment of the auditors named in this Circular and authorizing the directors to fix the remuneration to be paid to the auditors; and

(c) on any other matters that may properly come before the Meeting, in such manner as the proxyholder may see fit.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of matters identified in the Notice of Meeting and with respect to other matters, if any, which may properly come before the Meeting and any adjournment, adjournments, postponement or postponements thereof. At the time of printing of this Circular, the management of the Company knows of no such amendments, variations, or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting or any adjournment, adjournments, postponement or postponements thereof, the proxy will be voted on such matters in accordance with the best judgment of the person named in such form of proxy.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

As at November 12, 2019, the Company had approximately 40,509,166 Common Shares issued and outstanding, each share carrying one vote. Each holder of a Common Share of record at the close of business on November 18, 2019 (the "Record Date") will, unless otherwise specified herein, be entitled to one vote for each Common Share held by such holder on all matters proposed to come before the Meeting,

A holder of Common Shares may own such shares in one or both of the following ways. If a Shareholder is in possession of a physical share certificate, such Shareholder is a "registered" Shareholder and his or her name and address are maintained by the Company through its transfer agent, TSX Trust Company. If a Shareholder owns shares through a bank, broker or other nominee, such Shareholder is a "beneficial" Shareholder and he or she will not have a physical share certificate. Such Shareholder will have an account statement from his or her bank or broker as evidence of his or her share ownership.

A registered Shareholder may appoint a proxy to vote in his or her own name at any time in accordance with the instructions appearing on the enclosed form of proxy and/or a registered Shareholder may attend the Meeting and cast a ballot. Because a registered Shareholder is known to the Company and its transfer agent, his or her account can be confirmed and his or her vote recorded or changed if such registered Shareholder has previously voted. This procedure prevents a Shareholder from voting his or her shares more than once. Only the registered Shareholder's latest dated form of proxy will be valid.

For beneficial Shareholders, neither the Company nor its transfer agent maintains any records or account information about such Shareholders. A beneficial Shareholder's shares are held in the name of his or her bank, broker or other nominee. Only such beneficial Shareholder's bank, broker or other nominee has the authority to vote the shares held in his or her name and, for the purposes of the Meeting, will only vote such beneficial Shareholder's shares after receiving his or her specific instructions. There are securities law rules governing the granting of a proxy on a beneficial shareholder's behalf. Canadian banks and brokers do NOT have the authority to vote on behalf of a beneficial shareholder without receiving his or her specific instructions. Every vote cast on behalf of a beneficial Shareholder, either by proxy or ballot at the Meeting, will require specific instructions from the beneficial Shareholder.

In addition, many banks and brokers use a service agency to mail proxy material and tabulate the responses from beneficial shareholders. The largest of these service providers in Canada is Broadridge Investor Communication Solutions Canada ("Broadridge"). Because Broadridge mails and tabulates proxies on behalf of its clients, namely, the banks and brokers, for many

annual and special meetings throughout the year, Broadridge standardizes the form of proxy and reproduces the text on its own form, called a Voting Instruction Form (“VIF”). A VIF is NOT a form of proxy and CANNOT be used by a beneficial Shareholder to vote at the Meeting. The VIF is intended only to relay a beneficial Shareholder’s specific voting instructions to his or her bank or broker so the bank or broker may execute a form of proxy on his or her behalf.

A beneficial Shareholder who plans to attend the Meeting and vote his or her Common Shares as a beneficial Shareholder MUST contact his or her bank or broker and obtain a legal form of proxy. This form of proxy is evidence of the beneficial Shareholder’s ownership through a bank or broker and MUST be attached to the Shareholder’s ballot cast at the Meeting. Only a legal form of proxy may be voted by a beneficial Shareholder at the Meeting. Obtaining a legal form of proxy will invalidate any form of proxy or VIF previously executed by a beneficial Shareholder, and therefore, beneficial Shareholders are urged not to request a legal form of proxy unless they are planning to attend the Meeting and cast a ballot.

To the knowledge of the directors and officers of the Company, no person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of the issued and outstanding Common Shares.

BUSINESS OF THE MEETING

The Meeting has been called as an annual meeting of the Shareholders. Shareholders will be asked to receive the audited financial statements of the Company for the fiscal year ended April 30, 2019, together with the auditors’ report thereon. Shareholders will also be asked to elect the Board of Directors, appoint auditors and authorize the Board of Directors to fix the remuneration paid to the auditors and transact such other business as may come before the meeting.

ELECTION OF DIRECTORS

The Common Shares of the Company are listed on the TSX Venture Exchange (the “Exchange”). Under the Policies of the Exchange, each issuer is required to have at least three Directors, two of which must be independent. In keeping with the scope of the Company’s current operations and its resources, the Company has determined that a Board consisting of three Directors best meets the Company’s needs.

All directors elected at the Meeting will hold office until the close of the next annual meeting of Shareholders, or until their respective successors are elected or appointed.

The three nominees receiving the most votes, voted by the Shareholders represented at the Meeting or at any adjournment, adjournments, postponement or postponements thereof, will be elected directors of the Company.

Unless otherwise instructed, the persons named in the enclosed form of proxy intend to vote FOR the election of the nominees for director listed below. The Board of Directors recommends that Shareholders vote for the election of the nominees for director listed below.

The proposed nominees are all current members of the Board of Directors and have been since the dates indicated below. Management of the Company does not contemplate that any of the

nominees will be unable to serve as a director, but if that should occur for any reason at or prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for the election of another nominee or other nominees in their discretion.

The following table sets forth certain information with respect to the persons proposed to be nominated by management for election as directors.

A majority of the votes, voted by the Shareholders represented at the Meeting, is required for approval of the appointment of the Company auditors. Grant Thornton LLP was initially appointed auditors of the Company on April 7, 2010. Grant Thornton LLP has offices at 201 City Centre Drive, Suite 501, Mississauga, Ontario.

The Board of the Company recommends that Shareholders vote FOR the reappointment of Grant Thornton LLP as auditors of the Company and the authorization of the Board to fix the remuneration to be paid to the auditors.

Unless otherwise instructed, the persons named in the enclosed form of proxy intend to vote FOR the reappointment of Grant Thornton LLP as the Company's auditors and the authorization of the Company's directors to fix their remuneration.

DIRECTOR AND EXECUTIVE COMPENSATION

Named Executive Officers

For the purposes of this Circular, a Named Executive Officer ("NEO") of the Company means each of the following individuals:

- (a) the chief executive officer ("CEO") of the Company;
- (b) the chief financial officer ("CFO") of the Company;
- (c) each of the Company's three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, as determined in accordance with subsection 1.3 of Form 51-102F6V - Statement of Executive Compensation - Venture Issuers and with National Instrument 51-102 - Continuous Disclosure Obligations, for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

For the fiscal years ended April 30, 2019, and April 30, 2018, the Company had two NEOs: Michael Liik, Executive Chairman ("CEO") and Darryl Kleebaum, Chief Financial Officer ("CFO").

Compensation Discussion and Analysis

To assist the Board of Directors of the Company in determining the appropriate level of compensation for the directors, CEO, CFO and executive officers, the Board has established a Compensation Committee. This committee assists the Board in carrying out its responsibilities relating to executive and director compensation. The Compensation Committee recommends to the Board what it considers is the appropriate compensation based primarily on a comparison of the remuneration paid by the Company with the remuneration paid by other public companies that the Committee feels are similarly placed within the technology manufacturing industry. The Company's executive compensation program consists of an annual base salary, the grant of stock options and an annual discretionary bonus.

Executive Compensation Program

The Company's executive compensation program is based on a "pay-for-performance" philosophy. The program is designed to encourage, compensate and reward executives on the basis of individual and corporate performance, both in the short and the long term. Base salaries are set at levels which are intended to be competitive with the base salaries paid by corporations of a comparable size within the technology manufacturing industry, thus enabling the Company to compete for and retain executives critical to the Company's long term success.

Incentive compensation is directly tied to corporate and individual performance. Share ownership opportunities are provided to align the interests of the executives and senior managers with the longer term interests of shareholders. The Compensation Committee may retain independent compensation consultants to assess the Company's executive compensation relative to the marketplace. In addition, the Compensation Committee may source various surveys on executive compensation, which provide competitive data reflecting comparable knowledge, skills and talents and related compensation levels. The Compensation Committee also collects executive compensation data from public filings of other corporations of similar size within the technology manufacturing industry.

Variables such as sales targets, production levels, financial performance and rates of growth influence compensation levels and are considered in fixing compensation levels.

The Company's corporate objectives (the "Corporate Objectives") are established at regular intervals by the Board of Directors. Shortly after the end of each financial year, the achievements of management are reviewed and evaluated by the Compensation Committee and measured against the Corporate Objectives. The degrees to which the Corporate Objectives have been achieved are considered by the Compensation Committee along with the individual performance of each executive. Recommendations are then made to the Board with respect to the cash-based annual incentives and the long-term incentives of the senior executives, thereby establishing a direct link between senior executive compensation and the Company's financial and non-financial performance.

Compensation for the NEOs, as well as for other senior managers, consists of (i) an annual base salary, (ii) the grant of stock options, and (iii) an annual discretionary bonus, all of which are discussed in further detail below.

The Company has a stock option plan (the "Option Plan") pursuant to which the Board has granted stock options to the NEOs. The Option Plan was approved by Shareholders on December 19, 2013, with amendments approved on June 7, 2016 and July 13, 2017. The Option Plan allows for compensation of participants while providing additional incentive to work toward strengthening long term Company performance. Common Share purchase options may be granted to an executive under the Option Plan following consideration by the Compensation Committee of the level of responsibility of the executive, as well as their impact and/or contribution to the longer term operating performance of the Company. In determining the number of options to be granted to the NEOs, the Compensation Committee takes into account the number of options, if any, previously granted to each NEO and the exercise price of any outstanding options.

(i) *Annual Base Salary*

The Compensation Committee recommends the base salary for the CEO and the CFO, and any other executive officers of the Company based on reviews of market data from peer group companies, reviews of externally prepared industry surveys, and public information available on compensation for other corporations of a similar size within the technology manufacturing industry. The level of base salary for the CEO and CFO was determined by the level of responsibility and the importance of their relative positions to the Company, prior experience, breadth of knowledge and past and expected future performance. The CEO's and CFO's base salaries are set at levels which are intended to be competitive with the base salaries paid by corporations of a comparable size within the technology manufacturing industry, thereby enabling the Company to compete for and retain executives critical to the Company's long term success. Variables such as asset size, production levels, financial performance and rates of growth influence compensation levels and are analyzed and considered in fixing compensation levels. Base salaries are generally significantly increased only if market compensation practices change substantially or the senior officer assumes material additional responsibilities.

(ii) *Stock Options*

The Option Plan is administered by the Compensation Committee and is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable the Company to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance. The Compensation Committee considers stock option grants when reviewing NEO and senior executive compensation packages as a whole with respect to the allocation of options under the Option Plan. After reviewing the recommendations of the CEO, the Compensation Committee recommends to the Board which key employees should receive option grants, and any terms and conditions forming part of such grants. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibility and the importance of the position to the Company's overall success. The aggregate number of stock options which may be issued under the Option Plan or in respect of any fiscal year is limited by the terms of the Option Plan and cannot be increased without shareholder approval. The expiry date for options granted under the Option Plan may be any time up to 5 years from the effective date of the grant. Although the Compensation Committee has discretion to determine the terms and conditions of any option grant in accordance with

the provisions of the Option Plan, since the Option Plan's inception, the Compensation Committee has typically recommended that options granted under the Option Plan have a maximum five year term, are exercisable at the Market Price (defined in the Option Plan to mean the closing price of the Common Shares on the day immediately preceding the day upon which the option is granted.) Pursuant to the terms of the plan, vesting is at the discretion of the Compensation Committee. In general, to be eligible to receive stock options, individuals must be a director, an officer, an employee or a consultant engaged by the Company. Please refer to "Incentive Plan Awards", below, for information concerning options granted to the NEOs during the most recently completed financial year.

(iii) Performance Bonus

NEOs and other executive officers may be eligible for discretionary cash performance bonuses. The amount awarded, if any, is based upon level of responsibility and significance of position within the Company, individual performance, and the achievement of Corporate Objectives and similar goals, such as enhancing the Company's asset base, business development, operational performance, increasing investor awareness and recognition, and health, safety and environmental performance. In any given year, the Company's NEOs or other executive officers may be paid a higher, lower, or no bonus, depending upon relative performance against targets and objectives.

Other Compensation

Officers of the Company are also entitled to receive all other benefits that are available to employees of the Company generally.

Director Fees

During its most recently completed financial year, the Company remuneration for non-executive directors consisted of a fee of \$25,000 per annum.

Directors are reimbursed for reasonable travel and other out-of-pocket expenses incurred in connection with attendance at meetings of the Board.

For the fiscal year ended April 30, 2019, the Board consisted of consisted of Messrs. Michael Liik, Jon Gill, and Martin Mazza.
