GENERAL PROXY INFORMATION

Solicitation of Proxies

The form of proxy accompanying this Information Circular (the “**Proxy**”) is solicited by and on behalf of the management of the Company. The solicitation of Proxies will be primarily by mail, but Proxies may be solicited personally, by telephone or other means of communication and by directors, officers, and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to Beneficial Shareholders and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying Proxy are officers of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.** The only methods by which you may appoint a person as proxy are submitting the Proxy, or other suitable form of proxy, by mail, hand delivery, fax, phone or by way of the Internet, as set out on the accompanying Proxy.

Voting by Proxyholder; Exercise of Discretion

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly.

The Proxy confers discretionary authority on persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

If you are a Registered Shareholder, you may wish to vote by Proxy whether or not you are able to attend the Meeting in person. If you submit a Proxy, you must complete, date and sign the Proxy and then return it to the Company’s transfer agent, Computershare Investor Services Inc. (“**Computershare**”), by fax within North America at 1-866-249-7775, outside North America at 416-263-9524, by phone at 1-866-732-8683, by way of the Internet at www.investorvote.com, or by mail or by hand at 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, no later than 11:00 a.m. (PST) on November 13, 2020.

Beneficial Shareholders

The following information is of importance to many shareholders of the Company who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only Proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In the U.S., the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository

for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

If you are a Beneficial Shareholder:

You should carefully follow the instructions of your broker or intermediary in order to ensure that your Common Shares are voted at the Meeting.

The form of proxy or voting instruction form supplied to you by your broker will be similar to the Proxy provided to Registered Shareholders of the Company. However, its purpose is limited to instructing the intermediaries on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in the U.S. and in Canada. Broadridge mails a voting instruction form in lieu of a Proxy provided by the Company. The voting instruction form will name the same persons as the Company's Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than the persons designated in the voting instruction form, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the Internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a voting instruction form from Broadridge, you cannot use it to vote Common Shares directly at the Meeting. The voting instruction form must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the Common Shares voted.**

Although, as a Beneficial Shareholder, you may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxyholder for your broker and vote your Common Shares in that capacity. If you wish to attend at the Meeting and indirectly vote your Common Shares as proxyholder for your broker, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on your voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, you can request in writing that your broker send you a legal proxy, which would enable you, or a person designated by you, to attend at the Meeting and vote your Common Shares.

There are two kinds of Beneficial Shareholders: those who object to their name being made known to the issuers of securities which they own (called OBOs for Objecting Beneficial Owners); and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for Non-Objecting Beneficial Owners).

The Company has decided to continue to take advantage of those provisions of National Instrument 54-101, *Communication with Beneficial Owners of Securities of Reporting Issuers* ("**NI 54-101**") that permit it to directly deliver proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive a scannable voting instruction form (the "**VIF**") from Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting as fully described on the VIF. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs they receive. The Company intends to pay for intermediaries to deliver the proxy related materials and related forms with respect to the Meeting to

OBOs. The Company is not sending the Meeting materials to shareholders using “notice-and-access”, as defined in NI 54-101.

NOBOs should carefully follow the instructions of Computershare, including those regarding when and where to complete the VIFs that are to be returned to Computershare. Should a NOBO wish to vote at the Meeting in person, the NOBO must insert the name of the NOBO in the space provided and attend the Meeting and vote in person.

NOBOs who wish to change their vote must contact Computershare to arrange to change their vote in sufficient time in advance of the Meeting.

These shareholder materials are being sent to both Registered Shareholders and Beneficial Shareholders. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Common Shares on your behalf.

By choosing to send these shareholder materials to you directly, the Company (and not the intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions as specified in the request for voting instructions.

Beneficial Shareholders with questions respecting the voting of Common Shares held through a stockbroker or other financial intermediary should contact that stockbroker or other intermediary for assistance.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a Proxy, or other suitable form of proxy, may revoke it by:

- (a) executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder's authorized attorney in writing, or, if the Registered Shareholder is a company, under its corporate seal by an officer or attorney duly authorized, and by delivering the Proxy bearing a later date or the notice of revocation to Computershare or at the head office of the Company at 2040-885 West Georgia Street, Vancouver, British Columbia, V6C 3E8, or
at the address of the Company's Attorney for Service in British Columbia at Suite 2600, Three Bentall Centre, 595 Burrard Street, Vancouver, British Columbia, V7X 1L3, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the Registered Shareholder's Common Shares.

A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

CURRENCY

All currency amounts in this Information Circular are expressed in Canadian dollars, unless otherwise indicated.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as set out herein, no director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any

proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The board of directors of the Company (the “**Board**”) has fixed October 8, 2020, as the record date (the “**Record Date**”) for the determination of persons entitled to receive notice of, and vote at, the Meeting and any adjournment thereof. Only Registered Shareholders at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a Proxy, or other suitable form of proxy, in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

The Company is authorized to issue an unlimited number of Common Shares without par value. As at October 19, 2020, there were 91,666,252 Common Shares without par value issued and outstanding, each carrying the right to one vote. The Company has no other classes of voting securities.

As at the date of this Information Circular, to the knowledge of the directors and executive officers of the Company, no one shareholder beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all of the outstanding Common Shares of the Company, except as follows:

Shareholder Name	Number of Common Shares ⁽¹⁾	Percentage of Class
YF Finance Limited	16,391,000	17.88%

Notes:

1) As reported in public filings.

QUORUM; VOTES NECESSARY TO PASS RESOLUTIONS

The Company’s Articles provide that a quorum for the transaction of business at any shareholders’ meeting is two (2) shareholders or proxyholders present, representing an aggregate of at least 5% of the issued Common Shares entitled to be voted at the shareholders’ meeting. If a quorum is not present within one-half hour after the time set for the commencement of the Meeting, the Meeting will be adjourned and set over for one week to the same time and place, and thereupon whatever number of Common Shares is represented at such adjournment shall constitute a quorum.

A simple majority (being 50% plus one vote) of affirmative votes cast at the Meeting is required to pass an ordinary resolution of the Company, whereas a special majority (being 66 2/3%) of affirmative votes cast at the Meeting is required to pass a special resolution of the Company. If there are more nominees for election as directors or appointment as the Company’s auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed.

Stock Option Plans and Other Incentive Plans

On December 19, 2008, the Company established the stock option plan (the "**Stock Option Plan**"), under which the directors were authorized to grant options to purchase Common Shares ("**Options**") to purchase up to 10% of the Common Shares from time to time. The purpose of the Stock Option Plan is to attract and retain directors, executive officers, employees, and consultants who will be motivated to work towards ensuring the success of the Company by affording such persons with an opportunity to acquire an equity interest in the Company through the Options.

The criteria used to determine eligibility for granting options, including the term of each option and the vesting of each option is at the discretion of the Board based upon the individual's level of responsibility, performance and comparative levels of compensation and previous grants awarded. Proposed grants of Options are submitted to the Board for approval by the Company's Compensation Committee. The Board administers and has the authority to amend the Stock Option Plan, subject to applicable shareholder and regulatory approvals. For further information regarding the terms of the Stock Option Plan, refer to the heading below "*Particulars of Matters to be Acted Upon - Approval of Stock Option Plan*".

Employment, Consulting and Management Agreements

Other than as disclosed below, the Company does not have any contracts, agreements, plans or arrangements that provides for payments to a director or NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Company or a change in an NEO's responsibilities.

On May 13, 2015, the Company entered into an executive employment agreement with Toby Pierce that provided for a salary of \$240,000 as of June 1, 2015, on an on-going basis for his services as the CEO. The Company is entitled to terminate the agreement at any time without cause by providing twelve (12) months' written notice to Mr. Pierce or cash paid in lieu of such notice, and upon the expiry of such notice, the agreement will terminate. In such event, Mr. Pierce will not be entitled to any payment on account of such termination, other than such amounts that are due in respect of the period ending on the date of termination (\$240,000). If any of the following events occur within the twelve (12) month period immediately following a change of control, then, at Mr. Pierce's election, of which Mr. Pierce shall have advised the Company by notice in writing within ninety (90) days of the event occurring, the agreement would be deemed to have been terminated by the Company and the Company would, immediately upon such termination, pay to Mr. Pierce an amount equal to his base salary for twelve (12) months (\$240,000):

- (f) any requirement that the location at which Mr. Pierce is required to perform his principal duties after the change of control is outside a radius of twenty-five (25) miles from the location at which he performs such duties immediately before the change of control.

In addition, all Options held by Mr. Pierce would vest immediately and expire in ninety (90) days.

On June 1, 2015, the Company entered into an executive employment agreement with Barry MacNeil that provided for a salary of \$150,000 as of March 1, 2015, which increased to \$180,000 as of January 1, 2018, on an on-going basis for his services initially as the Company's Corporate Controller and then as the CFO. The Company is entitled to terminate the agreement at any time without cause by providing twelve (12) months' written notice to Mr. MacNeil or cash paid in lieu of such notice, and upon the expiry of such notice, the agreement will terminate. In such event, Mr. MacNeil will not be entitled to any payment on account of such termination, other than such amounts that are due in respect of the period ending on the date of termination (\$180,000). If any of the following events occur within the twelve (12) month period immediately following a change of control, then, at Mr. MacNeil's election, of which Mr. MacNeil shall have advised the Company by notice in writing within ninety (90) days of the event occurring, the agreement would be deemed to have been terminated by the Company and the Company would, immediately upon such termination, pay to Mr. MacNeil an amount equal to his base salary for twelve (12) months (\$180,000):

- (a) if the agreement is terminated by the Company without cause after such change of control;

- (c) if Mr. MacNeil was assigned duties significantly inconsistent with the position of CFO immediately prior to such change of control;
- (d) if Mr. MacNeil is assigned performance requirements or working conditions that were at variance with the performance requirements and working conditions in effect immediately preceding the change of control;
- (e) if Mr. MacNeil is accorded treatment on a general basis that is in derogation of his status as CFO after such change of control; or
- (f) any requirement that the location at which Mr. MacNeil is required to perform his principal duties after the change of control is outside a radius of twenty-five (25) miles from the location at which he performs such duties immediately before the change of control.

In addition, all Options held by Mr. MacNeil would vest immediately and expire in ninety (90) days.

Oversight and Description of Director and Named Executive Officer Compensation

Compensation Philosophy and Objectives

The Company's executive compensation program is designed to attract and retain highly qualified and motivated individuals, reward performance and be competitive with the compensation arrangements of other resource companies of similar size and scope of operations. The Company's Compensation Committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-term interests of the Company and its shareholders, the overall financial and operating performance of the Company, an individual's performance and contribution towards meeting corporate objectives, an individual's responsibilities, an individual's length of service and the levels of compensation provided by industry competitors.

The accountability for decisions on executive remuneration is clearly within the mandate of the Compensation Committee, but management has a key role in helping support the Compensation

Committee in fulfilling its obligations. For example, the CEO makes recommendations to the Compensation Committee regarding executive officer base salary adjustments, stock option grants and bonus awards. Advice may also be given to the Compensation Committee by independent advisors and consultants to the Company. The Compensation Committee reviews the basis for these recommendations and can exercise its discretion in modifying any of the recommendations prior to making its recommendations to the Board. The Compensation Committee is satisfied that the Company's compensation structure appropriately takes into account the factors relevant to the industry, the Company's performance within that industry and the individual contributions to the Company's performance made by its NEOs.

The Company's compensation structure for executive officers is primarily composed of two components – base salary/cash bonuses and Options. Note that cash bonuses are awarded on an occasional and discretionary basis and, if awarded, reflect the Compensation Committee's assessment of the immediately preceding financial year's performance. Each element of the Company's executive compensation program is described in more detail below.

In the course of its deliberations, the Compensation Committee considered the implications and the risks associated with adopting the compensation program currently in place. The Compensation Committee does not believe that the compensation program adopted by the Company creates a material risk that the NEOs or any employee would be encouraged to take inappropriate or excessive risks and no such risks have been detected to date. The Compensation Committee will continue to include this consideration in its deliberations and believes that it and the Board would detect actions by management or employees of the Company that constitute or would lead to inappropriate or excessive risks.

The Board believes that it has exercised effective risk management and regulatory compliance relating to its compensation policies used in determining executive compensation. Risks related to compensation are taken into consideration as part of the general review and determination of executive compensation by the Board. Inappropriate and excessive risks by executives are mitigated by regular board meetings during which financial and other information (including executive compensation) of the Company is reviewed, and which information includes executive compensation. Interested directors declare their interest and abstain from voting on compensation matters. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

The Company does not have a policy restricting the ability of a Named Executive Officer or a director from purchasing financial instruments (including pre-paid variable forward contracts, equity swaps, collars, or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities (or Options in respect thereof) granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. During the financial year ending March 31, 2020, none of the Named Executive Officers or directors purchased such financial instruments.

Compensation Elements

Base Salaries/Cash Bonuses

The base salaries payable to NEOs and other executive officers and employees are intended to remunerate them for discharging their job responsibilities and to reflect their performance over time in a manner that is reasonable in the circumstances. The Board relies on the Compensation Committee to base its recommendations on objective criteria that includes the attainment of the Company's pre-set objectives for the immediately preceding financial year as set out in its business plan and budget, which involves the Company meeting various operational and corporate goals, as well as the salaries paid to other executive officers in the junior oil and gas industry. The Common Share price and financial performance of the Company are also considered. Although the Compensation Committee does not benchmark against any specific company or companies, it considers the overall trend of executive compensation in the junior oil and gas industry. In making its recommendations to the Board, the Compensation Committee also considers the skills and experience of the individual needed to fulfill their responsibilities. Base salaries may be increased based upon the individual's performance and contribution in respect of their specific duties or increases in median competitive pay levels. See "*Corporate Governance – Compensation*" below for additional information on compensation governance.

The Company does not have a formal bonus plan, and none of the Company's NEOs and other executive officers and employees have any contractual right to cash bonuses or short-term incentive compensation. However, each year the Board, upon the recommendation of the Compensation Committee, bases its decision regarding cash bonus payments on objective criteria that includes the performance of the Company during the immediately preceding financial year, along with the financial condition of the Company and the state of the junior oil and gas industry. The performance of the Company is measured mainly on the attainment of the Company's pre-set objectives during the immediately preceding financial year as set out in its publicly disclosed annual business plan and budget, which involves the Company meeting various operational and corporate goals. The Company considers that performance bonus awards are an important part of their remuneration package and that associated performance targets reflect the key drivers for value creation and growth in shareholder value. Additional information on the Company's annual business plans and budgets are also available free of charge on SEDAR at www.sedar.com.

Options

As a junior resource company, Option grants are considered a significant component of the Company's overall compensation strategy in order to appropriately incentivize the Company's NEOs and other executive officers and employees in a manner that is consistent with shareholders' interests. More specifically, Option grants, which include a vesting element to ensure retention, are long-term incentive compensation that serves to both motivate the individual toward increasing Common Share value and to enable the individual to share in the future success of the Company. Options are granted under the Stock Option Plan by the Board on the recommendation of the Compensation Committee. Options are normally awarded by the Board upon the commencement of an individual's employment with the Company, based on the level of responsibility within the Company, and additional Option grants may also be made periodically during an individual's employment to ensure that the number of Options granted to any particular individual is proportionate with the individual's level of ongoing responsibility within the Company. When the Board considers additional Option grants, a number of factors are contemplated, including the role that the individual plays in the Company, the number of Options an individual has been granted, the exercise price and the value of the Options and the term remaining on those Options.

Dr. Bennett and Mr. Loretto received compensation for services as consultants during fiscal 2019 and 2020 for the Company for advising on oil and gas operations and business matters, accordingly.

AUDIT COMMITTEE

The Company is required to have an Audit Committee under the Act and pursuant to the provisions of National Instrument 52-110, *Audit Committees* ("**NI 52-110**"), which must be comprised of not less than three directors, a majority of whom are not officers, control persons or employees of the Company or an affiliate of the Company. Pursuant to NI 52-110, the Company is required to have a written charter, which sets out the duties and responsibilities of the Audit Committee.

Audit Committee Charter

The text of the Audit Committee's charter is attached as Appendix "A" to this Information Circular.

Composition of Audit Committee and Independence

The Audit Committee is comprised of Shawn Reynolds (Chairman), Thomas Hickey, and Gavin Wilson.

NI 52-110 provides that a member of an audit committee is “independent” if the member has no direct or indirect material relationship with the Company, which could, in the view of the Board, reasonably interfere with the exercise of the member’s independent judgment. All the members of the Audit Committee are considered “independent” within the meaning of NI 52-110.

NI 52-110 provides that an individual is “financially literate” if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements. All the members of the Audit Committee are “financially literate” as that term is defined.

Relevant Education and Experience

Refer to the heading “*Election of Directors - Information Regarding Management’s Nominees for Election to the Board*” for information regarding the Audit Committee members’ education and experience that is relevant to the performance of their responsibilities as an Audit Committee member

Audit Committee Oversight

Since the commencement of the Company’s most recently completed financial year, the Audit Committee of the Company has not made any recommendations to nominate or compensate an external auditor which were not adopted by the Board.

Reliance on Certain Exemptions

Since the commencement of the Company’s most recently completed financial year, the Company has not relied on:

- a) the exemption in section 2.4 (De Minimis Non-audit Services) of NI 52-110; or
- b) an exemption from NI 52-110, in whole or in part, granted under Part 8 (Exemptions).

Pre-Approval Policies and Procedures

The Audit Committee has not adopted any specific policies and procedures for the engagement of non-audit services.

Audit Fees

The Audit Committee has reviewed the nature and amount of the non-audited services provided by De Visser Gray LLP (“**De Visser Gray**”) and TAG’s New Zealand auditor BDO Spicers, Chartered Accountants and Advisors (“**BDO Spicers**”), to ensure auditor independence. Fees incurred with De Visser Gray and BDO Spicers for audit and non-audit services in the last two fiscal years for audit fees are outlined in the following table:

Nature of Services	Fees Paid to Auditor in Year Ended March 31, 2019	Fees Paid to Auditor in Year Ended March 31, 2020
Audit Fees ⁽¹⁾	\$115,491	\$105,914
Audit-Related Fees ⁽²⁾	\$10,055	Nil
Tax Fees ⁽³⁾	\$70,395	\$40,287
All Other Fees ⁽⁴⁾	Nil	Nil
Total	\$195,941	\$146,201

Notes:

- 1) "Audit Fees" include fees necessary to perform the annual audit and quarterly reviews of TAG's consolidated financial statements and include both the fees of the Corporation's principal auditor, De Visser Gray, and BDO Spicers. Audit fees also include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation, such as comfort letters, consents, reviews of securities filings and statutory audits.
- 2) "Audit-Related Fees" include fees for services that are traditionally performed by the auditor. These audit-related services include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.
- 3) "Tax Fees" include fees for all tax services other than those included in "Audit Fees" and "Audit-Related Fees". This category includes fees for tax compliance, tax planning and tax advice. Tax planning and tax advice includes assistance with tax audits and appeals, tax advice related to mergers and acquisitions and requests for rulings or technical advice from tax authorities.
- 4) "All Other Fees" include fees for all other non-audit services.

Exemption

The Company is a "venture issuer" as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (*Composition of Audit Committee*) and 5 (*Reporting Obligations*).

CORPORATE GOVERNANCE DISCLOSURE

General

National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires issuers to disclose their corporate governance practices with respect to corporate governance guidelines that they have adopted. National Policy 58-201 *Corporate Governance Guidelines* provides guidance to issuers on corporate governance practices.

The Board understands that good corporate governance improves corporate performance and benefits all shareholders. This section sets out the Company's approach to corporate governance and addresses the Company's compliance with NI 58-101.

1. Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment and includes the holding of an executive officer position.

The Board facilitates its independent supervision over management by conducting a quarterly review of the Company's financial statements and management discussion and analysis as well as requiring material transactions to be approved by the Board prior to the transaction taking place.

The independent members of the Board are Keith Hill, Shawn Reynolds, Thomas Hickey, and Gavin Wilson. Abdel (Aby) Badwi and Toby Pierce are not considered independent members of the Board because they are Executive Chairman and CEO, respectively. As a result, the Board currently has a majority of independent directors. The Company considers its current Board composition to be sufficient given the current state of the Company's business, but it continues to review the composition of the Board on an annual basis.

Given the size of the Company, the current composition of the Board and the nature of activities to date, the independent members of the Board are not expected to hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. This practice will be reassessed as the Company grows. In order to facilitate open and candid discussion among independent directors, from time to time as circumstances dictate, the independent directors can request a meeting or a portion thereof to be restricted to independent directors for the purpose of discussing matters

independently of management. In addition, independent directors are encouraged to remain in communication with one another between meetings as and when they deem it appropriate.

The Board has appointed Mr. Hill as independent lead director of the Board. Mr. Hill's role as independent lead director of the Board is to provide leadership to the Company's independent directors by encouraging a culture of ethical business conduct. Each member of the Board is encouraged to conduct a self-review to determine if they are providing an effective service regarding both the Company and its shareholders. Should it be deemed that a member of the Board is unable to effectively act on behalf of the Board or in the interests of the Company or its shareholders, the director would be encouraged to resign his or her position on the Board.

2. Board Mandate

The Board does not have a written mandate. The Board delineates its role and responsibilities based on the statutory and common law applicable to the Company. The Board believes its mandate is to manage the business and affairs of the Company. While day-to-day management of the Company has been delegated by the Board to executive management, the Board fulfills its responsibility for the broader stewardship of the Company's business and affairs through its regular meetings at which members of management provide reports to the Board with respect to the Company's business and operations, make proposals to the Board and receive the Board's decisions for implementation. Any responsibility that has not been delegated to executive management or a Board committee remains with the full Board.

The Board believes that its approach to corporate governance is appropriate and works effectively for the Company and its shareholders and is consistent with the overall business of the Company and its stage of development.

3. Directorships

Abdel (Abby) Badwi is currently a director of another issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction. Specifically, Mr. Badwi is a director of Alussa Energy Acquisition Corp. ("**Alussa Energy**").

Toby Pierce is currently a director of other issuers that are reporting issuers (or the equivalent) in a jurisdiction or a foreign jurisdiction. Specifically, Mr. Pierce is a director of Benchmark Metals Inc. ("**Benchmark**"), New Placer Dome Gold Corp. (formerly Barrian Mining Corp.) ("**New Placer Dome**"), DelphX Capital Markets Inc. ("**DelphX**"), and Prospect Park Capital Corp. ("**Prospect Park**").

Keith Hill is currently a director of other issuers that are reporting issuers (or the equivalent) in a jurisdiction or a foreign jurisdiction. Specifically, Mr. Hill is a director of ShaMaran Petroleum Corp. ("**ShaMaran Petroleum**"), Africa Energy Corp. ("**Africa Energy**"), Eco (Atlantic) Oil & Gas Ltd. ("**Eco Atlantic**") and Africa Oil Corp. ("**Africa Oil**").

Gavin Wilson is currently a director of another issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction. Specifically, Mr. Wilson is a director of PetroTal Corp. ("**PetroTal**").

4. Orientation and Continuing Education

The Board provides ad hoc orientation for new directors, which generally consists of providing education regarding directors' responsibilities, corporate governance issues and committee charters. Continuing education opportunities are available to Board members as requested. On occasions where it is considered advisable, the Board will provide directors with information regarding topics of general interest, such as fiduciary duties and continuous disclosure obligations. The Board also ensures that each director is up to date with current information regarding the business of the Company, the role that the director is expected to fulfill and basic procedures and operations of the Board and its committees. Board members are also given access to management and other employees and advisors, who can answer any questions that may arise. Management also updates the Board concerning the status of the Company and, in respect of material transactions, including the review of the Company's financial statements, provides opportunities for Board review and approval by way of directors' consent resolutions.

6. Ethical Business Conduct

The Board is of the view that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest, are sufficient to ensure that the Board operates independently of management and in the best interests of the Company. Nevertheless, the Company has adopted a formal written code of ethics (the "**Code of Ethics**"), which sets out the ethical and behavioural standards expected of the Company's directors, officers, employees, and contractors. These standards include integrity and objectivity, fair dealing and due care, proper use of the Company's assets, property and information and compliance with applicable laws, regulations, and rules. The Code of Ethics requires all directors, officers, and employees to promptly report potential or suspected violations of the Code of Ethics orally or in writing and, if preferred, anonymously. Concerns may be raised with the CEO or, if related to accounting or auditing matters, with the Audit Committee.

The Board satisfies itself regarding compliance with the Code of Ethics by reasonably ensuring that all directors, officers, and employees receive and become familiar with the Code of Ethics and acknowledge their support and understanding of the Code of Ethics. To ensure independent judgement, directors are required by applicable law and the Code of Ethics to promptly disclose any potential conflict of interest that may arise and, where required by applicable law, to abstain from voting with respect to an agreement or transaction in which they have a material interest. In addition, the Code of Ethics prohibits any director or employee from retaliating or taking adverse action against anyone for raising good faith suspected conduct violations or helping to resolve a conduct concern. The Company will provide a copy of the Code of Ethics, free of charge, upon request to the Company (telephone no.: (604) 682-6496; fax no.: (604) 682-1174). A copy of the Code of Ethics is also available under the Company's profile on SEDAR and may be downloaded without charge at www.sedar.com.

7. Nomination of Directors

The Nominating Committee consists of three independent directors: Thomas Hickey (Chairman), Keith Hill and Gavin Wilson. The Nominating Committee is responsible for identifying, assessing, and making recommendations as to candidates qualified for election to the Board and Board committees, and where necessary, develops an orientation and education program for new recruits to the Board. In identifying possible nominees to the Board, the Nominating Committee considers the competencies and skills necessary for the Board as a whole, the skills of existing directors and the competencies and skills that each new nominee will bring to the Board, as well as whether or not each nominee will devote sufficient time and resources to the Board. The Nominating Committee also considers the size of the Board each year when it considers the number of directors to recommend to the shareholders for election at the shareholders' meeting of the Company, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience. In the event of a vacancy on the Board, the Nominating Committee evaluates potential candidates on the basis of factors such as their past business experience; their industry knowledge; and their ability to contribute to the success of the Company.

The Board has adopted a majority voting policy, which provides that if a director nominee has more votes withheld than are voted in favour of them, the nominee will submit their resignation promptly after the meeting for the Compensation Committee's consideration. The Compensation Committee will make a recommendation to the Board after reviewing the matter and the Board's decision to accept or reject the resignation will be disclosed to the public. The nominee will not participate in any Compensation Committee or Board deliberations considering their resignation. The policy does not apply in circumstances involving contested director elections. A copy of the majority voting policy is also available under the Company's website and may be downloaded without charge at www.tagoil.com.

8. Compensation

As at the date of this Information Circular, the Compensation Committee consists of Keith Hill (Chairman), Thomas Hickey, and Shawn Reynolds each of whom is independent and neither of whom is an officer or employee of the Company or any of its subsidiaries. The Board believes that the Compensation

Committee collectively has the knowledge, experience and background required to fulfill its mandate. Also, it is notable that Mr. Hill has experience setting compensation for executives and that Mr. Hickey and Reynolds have knowledge of executive compensation strategies in companies of a similar size to the Company. The Compensation Committee's charter mandates that the Compensation Committee recommend to the Board the form and amount of compensation to be paid by the Company to the Company's directors for service on the Board and on the Board committees and recommend the structure of the Company's compensation programs, both for management and staff, including base salaries, perquisites and long and short-term incentive compensation, including cash bonuses and Option grants. The Compensation Committee is also mandated to review the performance of the CEO and the CFO.

The Compensation Committee meets from time to time during the year for the purpose of, among other things, reviewing the overall employee and executive officer compensation program, as well as the adequacy and form of annual compensation for directors to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director, and recommending the approval of any proposed changes to these compensation programs to the Board. The Compensation Committee makes specific recommendations to the Board on base salaries, cash bonuses and Option grants. The Compensation Committee ensures the total compensation package facilitates the attraction and retention of a strong executive management team and employees. The Board reviews all recommendations of the Compensation Committee relating to compensation matters before final approval. The Compensation Committee did not retain a compensation consultant or advisor at any time since the beginning of the Company's most recently completed financial year to assist in determining the compensation for any of its directors, executive officers and employees.

9. Other Board Committees

The Board has no committees other than the Audit Committee, Nominating Committee, and Compensation Committee. In light of the Company's stage of development and Board composition, it considers this to be reasonable.

10. Assessments

The Nominating Committee oversees a process to self-assess Board effectiveness. This assessment questions members as to their level of satisfaction with the functioning of the Board, its interaction with management and the performance of the standing committees of the Board. Board members conduct peer reviews and a self-assessment regarding their effectiveness as a Board member as part of this assessment process. To ensure the assessment process is candid, the individual assessments are returned on a confidential basis to the Chairman of the Nominating Committee with a copy to the Corporate Secretary. The results are compiled for the Nominating Committee, which then reviews and discusses the results and makes recommendations to the Board regarding any action that may be deemed necessary or advisable to ensure the Board continues to function effectively and adequately perform its mandate.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. Receive Financial Statements and Auditor's Report

The audited consolidated financial statements and the related management discussion and analysis of the Company for the year ended March 31, 2020, and the report of the auditor on those statements will be placed before the Meeting.

The audited consolidated financial statements and the report of the auditor thereon, and the related management discussion and analysis are included in the Company's Annual Report for the fiscal year ended March 31, 2020. If the shareholder has previously requested a copy of the annual financial statements and the related management discussion and analysis, such Annual Report will have been mailed to the shareholder, or the shareholder will have received an email notification that the financial statements and the related management discussion and analysis for the fiscal year ended March 31, 2020, are available for download without charge from SEDAR at www.sedar.com.

2. Election of Directors

The Board presently consists of six (6) directors. At the Meeting, it is intended that six (6) directors be elected for the ensuing year. The term of office of each of the six (6) current directors will end at the conclusion of the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia) (the "**Act**"), each director elected will hold office until the conclusion of the next shareholders' meeting of the Company, or until their successor is elected or appointed.

The following table sets out the names of management's six (6) nominees for election as director, their jurisdiction of residence, the offices they hold within the Company, their principal occupations, the period of time during which each has been a director of the Company, the number of Common Shares of the Company and its subsidiaries beneficially owned by each, or over which each nominee exercises control or direction, directly or indirectly, and the nominees' membership on committees of the Board as at the date of this Information Circular. The Board does not have an executive committee. There are presently three (3) committees of the Board; namely, the Audit Committee, the Compensation Committee, and the Nominating Committee.

In the absence of instructions to the contrary, Proxies given pursuant to the solicitation by the management of the Company will be voted for the nominees listed in this Information Circular. Management does not contemplate that any of the nominees will be unable to serve as a director.

- (a) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than thirty (30) consecutive days that was issued while the proposed director was acting in that capacity as director, chief executive officer or chief financial officer; or

The management of the Company intends to nominate De Visser Gray of Vancouver, British Columbia, for re-appointment as auditor of the Company. Proxies given pursuant to the solicitation by the management of the Company will, on any poll, be voted as directed and, if there is no direction, voted for the re-appointment of De Visser Gray as auditor of the Company to hold office until the close of the next shareholders' meeting of the Company, at a remuneration to be fixed by the directors. De Visser Gray was first appointed as auditor of the Company on March 17, 2004.

4. Approval of Stock Option Plan

The Stock Option Plan permits the issuance of up to an aggregate of 10% of the issued and outstanding Common Shares from time to time pursuant to the exercise of Options granted under the Stock Option Plan. This is a "rolling" plan as the number of Common Shares reserved for issuance pursuant to the grant Options will increase as the Company's Common Shares increases.

On August 26, 2019, in accordance with the policies of the Toronto Stock Exchange ("TSX") that require that all unallocated Options be approved every three (3) years by shareholders of the Company, TAG's shareholders approved the unallocated Options under the Stock Option Plan for a three (3) year term. On June 26, 2020, the Company voluntarily de-listed the Common Shares from the TSX and at the opening of the market on June 29, 2020, the Common Shares were listed for trading on the TSX-V. In accordance with TSX-V Policy 4.4, the Company is required to make certain amendments to the Stock Option Plan and must obtain shareholder approval of the Stock Option Plan at each annual meeting of shareholders. The Company proposes the following amendments to the Stock Option Plan: (i) the aggregate number of Options granted to any one person (and companies wholly owned by that person) in a one (1) year period must not exceed 5% of the issued and outstanding Common Shares, calculated on the date an Option is

granted to the person (unless the Company has obtained the requisite disinterested shareholder approval); (ii) the aggregate number of Options granted to any one consultant in a one (1) year period must not exceed 2% of the issued and outstanding Common Shares, calculated at the date an Option is granted to any such person; (iii) the aggregate number of Options granted to all persons retained to provide investor relations activities must not exceed 2% of the issued and outstanding Common Shares in a one (1) year period, calculated at the date an Option is granted to any such person; and (iv) disinterested shareholder approval will be obtained for any reduction in the exercise price if the Optionee (as defined below) is an insider of the Company at the time of the proposed amendment.

A copy of the Stock Option Plan is attached hereto as Appendix "B" to this Information Circular and the highlights of the Stock Option Plan, including the above amendments, are as follows:

1. The Stock Option Plan permits the granting of Options to officers of, employees of, consultants to and other eligible service providers ("**Optionees**") of and to the Company and its subsidiaries.
2. The maximum number of Common Shares issuable on the exercise of Options outstanding at any time is limited, in the aggregate, to 10% of the issued and outstanding Common Shares. Any increase in the issued and outstanding Common Shares (whether as a result of the exercise of Options, or otherwise) at any time will result in an increase in the number of Common Shares that may be issued on the exercise of Options and any increase in the number of Options granted, upon exercise, makes new grants available under the Stock Option Plan. Options that are cancelled, terminated or expire prior to the exercise of all of the Options or a portion thereof shall result in the Common Shares that were reserved for issuance thereunder being available for a subsequent grant of Options pursuant to the Stock Option Plan.
3. The number of Common Shares issuable pursuant to Options granted under the Stock Option Plan to all insiders at any time, and within a one (1) year period, may not exceed 10% of the issued and outstanding Common Shares. Options granted under the Stock Option Plan are not assignable.
4. Options can be exercisable for a maximum of ten (10) years from the date of the grant thereof by the Board and, subject to the terms of the Stock Option Plan, shall vest in such manner as determined by the Board. If an Option is set to expire within, or within ten (10) business days after the end of, a "black out" or similar period imposed under any insider trading policy or similar policy of the Company (but not, for greater certainty, a restrictive period resulting from the Company or its insiders being the subject of a cease trade order of a securities regulatory authority), then the end of the term of such Option shall be the tenth business day after the earlier of the end of such black out period or, provided the "black out" period has ended, the expiry date.
5. The exercise price of any Options granted will be determined by the Board at the time of grant, provided that the exercise price shall not be less than the market price, which means that: (a) if the Common Shares are listed on the TSX, the market price shall be the closing price of the Common Shares on the TSX for the last market trading day prior to the date of the grant of the Option, (b) if the Common Shares are listed on the TSX-V, the market price shall be the closing price of the Common Shares on the TSX-V for the last market trading day prior to the date of the grant of the Option less any discount permitted by the TSX-V, (c) if the Common Shares are listed on an exchange other than the TSX or the TSX-V, the market price shall be the closing price of the Common Shares (or the closing bid, if no sales were reported) as quoted on such exchange for the last market trading day prior to the date of the grant of the Option, and (d) if the Common Shares are not listed on an exchange, the market price shall be determined in good faith by the Board.
6. The Stock Option Plan contains customary anti-dilution provisions which provide for adjustments to be made in the event of consolidations, subdivisions or any changes of the Common Shares, or in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or

amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, in order to prevent dilution or enlargement of the rights granted under the Stock Option Plan.

7. If an Optionee ceases to be an officer of, employee of, a consultant to or service provider to, the Company or a subsidiary of the Company for any reason, the Optionee shall have a period not in excess of ninety (90) days as prescribed at the time of grant, succeeding his or her ceasing to be an officer, employee, consultant or other service provider to exercise the Options held to the extent that the Optionee was entitled to exercise the Options at the date of such cessation. In the case of being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal, will immediately terminate without right to exercise the same. Generally, in the event of a merger of the Company whether by way of amalgamation or arrangement, or the sale of substantially all of the assets of the Company, any or all outstanding Options may be assumed, converted or replaced by the successor corporation (if any), which assumption, conversion or replacement will be binding on all Optionees or, in the alternative, the successor corporation may substitute equivalent Options or provide substantially similar consideration to Optionees as was provided to shareholders (after taking into account the existing provisions of the Options). In the event of a proposed dissolution or liquidation of the Company, to the extent that an Option has not been previously exercised, the Option will terminate immediately prior to the consummation of such action, subject to the Board's discretion.
8. All Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable, subject to the case of the death of an Optionee in which case any vested Option held at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one (1) year after the date of the death of such Optionee and the date of expiration of the term otherwise applicable to such Option.
9. Without the prior approval of the shareholders, the Board may not make any amendment that results in: (a) an increase in the number of Common Shares issuable under Options granted pursuant to the Stock Option Plan, (b) a change in the persons eligible to receive Options under the Stock Option Plan, (c) the cancellation and reissue of any Option, (d) an extension of the term of an Option granted under the Stock Option Plan benefiting an insider of the Company, or (e) Options becoming transferable or assignable other than in the case of the death of an Optionee. Subject to the restrictions set out above and the policies of the TSX-V, the Board may, without notice, at any time and from time to time amend the Stock Option Plan and the Options granted thereunder provided, however, that no such amendment of the Stock Option Plan may be made without the consent of such Optionee if such amendment would adversely affect the rights of such Optionee under the Stock Option Plan. The Board may also terminate the Stock Option Plan at any time without shareholder approval, provided that no such termination shall adversely affect the rights of any Optionee under any Option previously granted except with the consent of such Optionee.

At the Meeting, shareholders will be asked to consider, and if deemed appropriate, to pass with or without variation, the following ordinary resolution (the "**Stock Option Plan Approval Resolution**"):

"BE IT RESOLVED THAT:

1. the Stock Option Plan of the Company, as described in the Information Circular and substantially in the form attached as Appendix "B", be and it is hereby approved; and
2. any director or officer of the Company be and is hereby authorized and directed to take all such action and execute and deliver all such documents as any such director or officer may, in his or her sole discretion, determine are necessary, desirable or useful to implement the foregoing resolutions."

An ordinary resolution is a resolution passed by a simple majority of the votes cast in person or by proxy. Unless otherwise indicated, the persons designated as proxyholders in the accompanying Proxy intend to vote the Common Shares represented by each properly executed Proxy **FOR** the Stock Option Plan Approval Resolution.

The Stock Option Plan will continue to benefit the shareholders of TAG by aligning the interests of the Company's officers, employees, consultants and other eligible service providers with those of the shareholders of TAG and providing a long-term incentive to reward the Company's officers, employees, consultants and other eligible service providers for their contribution to the generation of shareholder value.

The Board recommends that shareholders vote FOR the Stock Option Plan Approval Resolution. Unless otherwise instructed, Common Shares represented by proxies in favor of management will be voted FOR the Stock Option Plan Approval Resolution.

OTHER MATTERS

The Board is not aware of any other matters which they anticipate will come before the Meeting as of the date of mailing of this Information Circular. If any other matters properly come before the Meeting, the Common Shares represented by the Proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting the Proxy, subject to instructions on the face of the Proxy to the contrary.

ARTICLE 3 TERMS AND CONDITIONS OF OPTIONS

Exercise Price

- 3.1 The Exercise Price of an Option will be set by the Board at the time such Option is allocated under the Plan, and cannot be less than the Market Price.

Term of Option

- 3.2 An Option can be exercisable for a maximum of 10 years from the Effective Date, provided that in the circumstance where the end of the term of an Option falls within, or within ten business days after the end of a “black out” or similar period imposed under any insider trading policy or similar policy of the Company (but not, for greater certainty, a restrictive period resulting from the Company or its Insiders being the subject of a cease trade order of a securities regulatory authority). In such circumstances, the end of the term of such Option shall be the tenth business day after the earlier of the end of such black out period or, provided the black out period has ended, the expiry date.

Vesting of Options

- 3.3 Vesting of Options is at the discretion of the Board, and will generally be subject to:
- (a) the Service Provider remaining employed by or continuing to provide services to the Company or any of its subsidiaries and Affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or its subsidiary or affiliate during the vesting period; or
 - (b) remaining as a Director of the Company or any of its subsidiaries or Affiliates during the vesting period.

Participant Ceasing to be Director, Employee or Service Provider

- 3.4 No Option may be exercised after the Participant has left the employ/office of the Company or has been advised his services are no longer required or his service contract has expired, except as follows:
- (a) in the case of the death of a Participant, any vested Option held by him at the date of death will become exercisable by the Participant’s lawful personal representatives, heirs or executors

until the earlier of one year after the date of death of such Participant and the date of expiration of the term otherwise applicable to such Option;

- (b) Options granted to any Service Provider must expire within 90 days after the date the Participant ceases to be employed with or provide services to the Company, but only to the extent that such Participant was vested in the Option at the date the Participant ceased to be so employed or to provide services to the Company; and
- (c) in the case of an Participant being dismissed from employment or service for cause, such Participant's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

Non-Assignable

- 3.5 Subject to Section 3.4(a), all Options will be exercisable only by the Participant to whom they are granted and will not be assignable or transferable.

Adjustment of the Number of Optioned Shares

- 3.6 The number of Common Shares subject to an Option will be subject to adjustment in the events and in the manner following:
- (a) in the event of a subdivision of Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a greater number of Common Shares, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder, in addition to the number of Optioned Shares in respect of which the right to purchase is then being exercised, such additional number of Common Shares as result from the subdivision without a Participant making any additional payment or giving any other consideration therefor;
 - (b) in the event of a consolidation of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a lesser number of Common Shares, the Company will thereafter deliver and a Participant will accept, at the time of purchase of Optioned Shares hereunder, in lieu of the number of Optioned Shares in respect of which the right to purchase is then being exercised, the lesser number of Common Shares as result from the consolidation;
 - (c) in the event of any change of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder the number of shares of the appropriate class resulting from the said change as a Participant would have been entitled to receive in respect of the number of Common Shares so purchased had the right to purchase been exercised before such change;
 - (d) in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, a Participant will thereafter have the right to purchase and receive, in lieu of the Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option, the kind and amount of shares and other securities and property receivable upon such capital reorganization, reclassification, change, consolidation, merger, amalgamation or sale which the holder of a number of Common Shares equal to the number of Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option would have received as a result thereof. The subdivision or consolidation of Common Shares at any time outstanding (whether with or without par value) will not be deemed to be a capital reorganization or a reclassification of the capital of the Company for the purposes of this Section 3.6(d);

- (e) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this Section are cumulative;
- (f) the Company will not be required to issue fractional shares in satisfaction of its obligations hereunder. Any fractional interest in a Common Share that would, except for the provisions of this Section 3.6(f), be deliverable upon the exercise of an Option will be cancelled and not be deliverable by the Company; and
- (g) if any questions arise at any time with respect to the Exercise Price or number of Optioned Shares deliverable upon exercise of an Option in any of the events set out in this Section 3.6, such questions will be conclusively determined by the Company's auditors, or, if they decline to so act, any other firm of Chartered Accountants, in Vancouver, British Columbia (or in the city of the Company's principal executive office) that the Company may designate and who will have access to all appropriate records and such determination will be binding upon the Company and all Participants.

ARTICLE 4 COMMITMENT AND EXERCISE PROCEDURES

Option Commitment

- 4.1 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Participant an Option Commitment detailing the terms of such Options and upon such delivery the Participant will be subject to the Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof.

Manner of Exercise

- 4.2 An Participant who wishes to exercise his Option may do so by delivering
- (a) a written notice to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and
 - (b) cash or a certified cheque payable to the Company for the aggregate Exercise Price for the Optioned Shares being acquired.

Delivery of Certificate and Hold Periods

- 4.3 As soon as practicable after receipt of the notice of exercise described in Section 4.2 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue a certificate to the Participant for the appropriate number of Optioned Shares. Such certificate issued will bear a legend stipulating any resale restrictions required under applicable securities laws or regulatory requirements, including the requirements of any exchange on which the Common Shares are listed.

ARTICLE 5 CORPORATE TRANSACTIONS

Assumption or Replacement of Options by Successor

- 5.1 In the event of:
- (a) a merger whether by way of amalgamation or arrangement in which the Company is not the surviving corporation (other than a merger with a wholly-owned subsidiary, or other transaction in which there is no substantial change in the shareholders of the Company or their relative shareholdings and the Options granted under this Plan are assumed, converted or replaced by the successor corporation, which assumption will be binding on all Participants);

(b) a merger whether by way of amalgamation or arrangement in which the Company is the surviving corporation but after which shareholders of the Company immediately prior to such merger (other than any shareholder which merges, or which owns or controls another corporation which merges, with the Company in such merger) cease to own their shares or other equity interests in the Company; or

(c) the sale of substantially all of the assets of the Company,

any or all outstanding Options may be assumed, converted or replaced by the successor corporation (if any), which assumption, conversion or replacement will be binding on all Participants or, in the alternative, the successor corporation may substitute equivalent Options or provide substantially similar consideration to Participants as was provided to shareholders (after taking into account the existing provisions of the Options).

Dissolution or Liquidation

5.2 In the event of the proposed dissolution or liquidation of the Company, to the extent that an Option has not been previously exercised, the Option will terminate immediately prior to the consummation of such proposed action. The Board may, in the exercise of its sole discretion in such instances, declare that any Option shall terminate as of a date fixed by the Board and give each Participant the right to exercise his or her Option as to all or any part of the Optioned Shares thereof, including Optioned Shares as to which the Option would not otherwise be exercisable.

Assumption of Options by the Company

5.3 The Company, from time to time, also may substitute or assume outstanding options granted by another company, whether in connection with an acquisition of such other company or otherwise, by either:

(a) granting an Option under this Plan in substitution of such other company's option; or

(b) assuming such option as if it had been granted under this Plan if the terms of such assumed option could be applied to an Option granted under this Plan.

Such substitution or assumption will be permissible if the holder of the substituted or assumed option would have been eligible to be granted an Option under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an option granted by another company, the terms and conditions of such option will remain unchanged (except that the exercise price and the number and nature of shares issuable upon exercise of any such option will be adjusted appropriately). In the event the Company elects to grant a new Option rather than assuming an existing option, such new Option may be granted with a similarly adjusted Exercise Price.

ARTICLE 6 GENERAL

Employment and Services

6.1 Nothing contained in the Plan will confer upon or imply in favour of any Participant any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the Participant's office, employment or service at any time pursuant to the arrangements pertaining to same. Participation in the Plan by a Participant will be voluntary.

No Representation or Warranty

- 6.2 The Company makes no representation or warranty as to the future market value of Common Shares issued in accordance with the provisions of the Plan or to the effect of the *Income Tax Act* (Canada) or any other taxing statute governing the Options or the Common shares issuable thereunder or the tax consequences to a Service Provider. Compliance with applicable securities laws as to the disclosure and resale obligations of each Participant is the responsibility of such Participant and not the Company.

Income Taxes

- 6.3 The Company may withhold from any amount payable to a Participant, either under the Plan or otherwise, such amount as may be necessary to enable the Company to comply with the applicable requirements of any federal, provincial, state or local law, or any administrative policy of any applicable tax authority, relating to the withholding of tax or any other required deductions with respect to awards hereunder (“**Withholding Obligations**”). The Company shall also have the right in its discretion to satisfy any liability for any Withholding Obligations by selling, or causing a broker to sell, on behalf of any Participant such number of shares issued to the Participant pursuant to an exercise of Options hereunder as is sufficient to fund the Withholding Obligations (after deducting commissions payable to the broker), or retaining any amount payable which would otherwise be delivered, provided or paid to the Participant hereunder. The Company may require a Participant, as a condition to the exercise of an Option to make such arrangements as the Company may require so that the Company can satisfy applicable Withholding Obligations, including, without limitation, requiring the Participant to (i) remit the amount of any such Withholding Obligations to the Company in advance; (ii) reimburse the Company for any such Withholding Obligations; or (iii) cause a broker who sells shares acquired by the participant under the Plan on behalf of the Participant to withhold from the proceeds realized from such sale the amount required to satisfy any such Withholding Obligations and to remit such amount directly to the Company.

Any shares of a Participant that are sold by the Company, or by a broker engaged by the Company (the “**Broker**”), to fund Withholding Obligations will be sold as soon as practicable in transactions effected on the exchange on which the common shares of the Company are then listed for trading. In effecting the sale of any such shares, the Company or the Broker will exercise its sole judgement as to the timing and manner of sale and will not be obligated to seek or obtain a minimum price. Neither the Company nor the Broker will be liable for any loss arising out of any sale of such shares including any loss relating to the manner or timing of such sales, the prices at which the shares are sold or otherwise. In addition, neither the Company nor the Broker will be liable for any loss arising from a delay in transferring any shares to a Participant. The sale price of shares sold on behalf of Participants will fluctuate with the market price of the Company’s shares and no assurance can be given that any particular price will be received upon any such sale.

Interpretation

- 6.4 The Plan will be governed and construed in accordance with the laws of the Province of British Columbia.

Prior Plans

- 6.5 The Plan shall entirely replace and supersede any prior stock option plans, if any, enacted by the Board of the Company, or its predecessor companies.

Effective Date of Plan

- 6.6 The Plan has been adopted by the Board subject to the approval of the TSX and the approval of the Shareholders of the Company and, if so approved, the Plan shall become effective upon such approvals being obtained.
