

TRANS CANADA GOLD CORP.
CONDENSED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
DECEMBER 31, 2025 AND 2024

**MANAGEMENT'S COMMENTS ON
UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS**

NOTICE OF NO AUDITOR REVIEW OF INTERIM FINANCIAL STATEMENTS

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed interim financial statements of Trans Canada Gold Corp. (the "Company") have been prepared by and are the responsibility of the Company's management. The unaudited condensed interim financial statements are prepared in accordance with International Financial Reporting Standards and reflect management's best estimates and judgements based on information currently available.

The Company's independent auditor has not performed a review of these condensed interim financial statements in accordance with standards established by the Canadian Chartered Professional Accountants for a review of interim financial statements by an entity's auditor.

1. NATURE AND CONTINUANCE OF OPERATIONS

Trans Canada Gold Corp. (the “Company”) was incorporated under the Business Corporations Act of British Columbia on February 21, 2006. The Company is listed on the TSX Venture Exchange (“TSX-V”) under the trading symbol “TTG” and OTCQB Exchange under the trading symbol “TTGXF”. The Company is a Canadian resource exploration and development company that is involved in the acquisition, exploration and development of oil and gas and mineral resource properties in Canada.

The head office, principal address and registered and records office of the Company is #1200 – 750 West Pender Street, Vancouver, British Columbia, Canada V6C 2T8.

Going Concern

These condensed interim financial statements have been prepared on a going concern basis which assumes the Company will realize its assets and discharge its liabilities in the normal course of business. During the six months ended December 31, 2025, the Company incurred a net loss of \$71,586 and has accumulated losses since inception of \$6,803,726. As at December 31, 2025, the company had current assets in excess of current liabilities of \$155,262. The ability of the Company to continue as a going concern is dependent upon the Company raising sufficient financing to complete exploration and development activities, the discovery of economically recoverable oil and gas and mineral reserves, and upon future profitable operations or proceeds from disposition of resource property interests. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. Should the Company be unable to continue as a going concern, significant adjustments to asset values may be necessary. These condensed interim financial statements do not include the adjustments that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2. MATERIAL ACCOUNTING POLICIES

a) Statement of Compliance

These condensed interim financial statements are prepared in accordance with International Accounting Standards 34 - Interim Financial Reporting of the International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretation Committee (“IFRIC”). The condensed interim financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company’s annual audited financial statements as at and for the year ended June 30, 2025.

b) Basis of Preparation

These condensed interim financial statements have been prepared on a historical cost basis except for certain financial instruments, which are measured at fair value. These condensed interim financial statements are presented in Canadian dollars.

c) Significant Accounting Estimates and Assumptions

The preparation of the Company’s condensed interim financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and contingent liabilities at the date of the condensed interim financial statements and reported amounts of income and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management’s experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates.

Estimates and assumptions where there is significant risk of material adjustments to assets and liabilities in future accounting periods include the recoverability of the carrying value of exploration and evaluation assets, property, plant and equipment, the recoverability and measurement of deferred tax assets, and provisions for decommissioning liabilities.

2. MATERIAL ACCOUNTING POLICIES (continued)

d) Significant judgments

The preparation of financial statements in accordance with IFRS requires the Company to make judgments, apart from those involving estimates, in applying accounting policies. The most significant judgment in applying the Company's financial statements is the assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty.

e) New accounting standards and interpretations

IFRS 18 – Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, Presentation and Disclosure of Financial Statements (IFRS 18), which replaces IAS 1, Presentation of Financial Statements. IFRS 18 introduces a specified structure for the income statement by requiring income and expenses to be presented into the three defined categories of operating, investing and financing, and by specifying certain defined totals and subtotals. Where company-specific measures related to the income statement are provided, IFRS 18 requires companies to disclose explanations around these measures, which are referred to as management defined performance measures. IFRS 18 also provides additional guidance on principles of aggregation and disaggregation which apply to the primary financial statements and the notes.

The standard is effective for reporting periods beginning on or after January 1, 2027. Retrospective application is required, and early application is permitted. The Company is currently assessing the effect of this new standard on its financial statements.

Other accounting standards or amendments to existing accounting standards that have been issued but have future effective dates are either not applicable or are not expected to have a significant impact on the Company's financial statements.

Trans Canada Gold (60%) / Revitalize Energy (40%) C-12 Well Landrose, Saskatchewan

Pursuant to an agreement dated July 5, 2010, the Company entered into a farm-out agreement with Western Plains Petroleum Ltd. (“Western Plains”). Under the agreement, the Company agreed to spud one test well in the Lloydminster area of western Saskatchewan, Canada. The Company paid 100% of the costs to drill, complete and equip or abandon the test well to earn a 100% working interest before payout subject to a 10% convertible overriding royalty and a 50% working interest after payout, upon conversion of the overriding royalty. The well reached payout at the end of April 2011. Effective July 1, 2018, the Company increased its working interest ownership in the well by 10% for a total ownership interest of 60%. Revitalize Energy Inc. (“Revitalize”) was the operator of the oil well. Revitalize is currently in receivership.

During the year ended June 30, 2023, the well at the end of its production life was shut-in resulting in the Company recognizing an impairment of \$16,161.

On November 29, 2024, Revitalize Energy Inc. was issued a Minister’s forfeiture order under The Oil and Gas Conservation Act from the Energy Regulation Division from The Saskatchewan Ministry of Energy and Resources, that any materials, oil, gas or products at any well or facility site licensed to Revitalize Energy Inc., is forfeited to the Crown in right of the Province of Saskatchewan.

On January 13, 2025, Alberta Minister issued a forfeiture order from the Alberta Energy Regulator (the” AER”) / Alberta Orphan Well Association (the “OWA”), that all oil, gas or products at any well or facility site licensed to Revitalize Energy Inc., is forfeited to the Crown in right of the Province of Alberta, excluding any of the licensed oil and gas assets located in the Province of Saskatchewan.

On January 20, 2025, Pricewaterhouse Coopers Inc., LIT (“PWC”) was appointed as Receiver, without security, of all of Revitalize Energy Inc.’s current and future assets.

NOTES TO CONDENSED INTERIM FINANCIAL STATEMENTS
(Expressed in Canadian Dollars)
December 31, 2025 and 2024

4. PROPERTY, PLANT AND EQUIPMENT (Continued)

Alberta Oil Farmout Agreement – Croverro Energy Ltd.

In November 2022, the Company entered into a one-well Farmout Agreement with Croverro Energy Ltd, of Calgary, Alberta, (“Croverro”) to drill a Multi-Lateral Horizontal oil well. The well was successfully drilled and is currently in production. The well is in close proximity to Lloydminster, Alberta. The lands for the well are currently controlled by Croverro. Under the terms of the negotiated agreement, the Company paid 25% of Croverro’s share of the cost to drill, complete and fully equip or abandon the well to earn an 18.75% net interest. Croverro is the operator of the oil well.

The Company, after successfully drilling and equipping the first Multilateral Horizontal Well, will have the first right of refusal on an Area of Mutual Interest (“AMI”) of approximately one mile in each direction from the test well. Additional wells within the AMI will, if the Company elects to participate, be drilled on a non-promoted basis with the Company paying 18.75% to earn 18.75%.

Drilling and equipping costs were approximately \$1.7 million (\$425,000 to be incurred by the Company). As at December 31, 2025, the Company has made payments of \$776,684 to Croverro.

In August 2024, the Company received the well license to drill its second multi-lateral well targeting the General Petroleum (“GP”) zone, located near Lloydminster, Alberta. The well was successfully drilled. The lands for the well are currently controlled by a partnership led by Croverro with the Company holding 18.75% interest. Croverro is the operator of the oil well. Drilling and equipping costs were approximately \$2.2 million (\$412,500 to be incurred by the Company).

On April 1, 2025, the Company sold its 18.75% working interest in the GP zone well including all surface and downhole equipment, and GP petroleum rights within the AMI for \$100,000, with \$75,000 receivable immediately (\$51,930 received) and a bonus of \$25,000 based on cumulative production of 45,000 barrels of oil for a total price of \$100,000. As a result of the sale, the Company recognized a loss of \$114,013 during the year ended June 30, 2025.

Decommissioning Liabilities

The total decommissioning liabilities was estimated by management based on the Company’s net ownership interest in all wells and facilities and estimated costs to reclaim and abandon the wells and facilities. The total undiscounted amount of the estimated cash flows required settling the decommissioning liabilities including inflation is estimated to be \$91,946 (June 30, 2025 - \$90,312) and is expected to be incurred between 2026 and 2033.

The following table presents the reconciliation of the beginning and ending aggregate carrying amount of the decommissioning liabilities related to the Company’s petroleum and natural gas properties:

	December 31, 2025	June 30, 2025
Decommissioning liabilities, beginning	\$ 90,312	\$ 74,434
Additions	-	25,093

	\$ 124,967	\$ 143,471

Trade payables and accrued liabilities are non-interest bearing, unsecured and have settlement dates within one year.

7. RELATED PARTY BALANCES AND TRANSACTIONS

The Company's related parties consist of its key management personnel, including its directors and officers.

At December 31, 2025, the Company had an amount payable of \$269 (June 30, 2025 - \$269) due to a director of the Company for management fees and expenses. The amount is unsecured, non-interest bearing and has no fixed term of repayments.

Key management personnel compensation

On April 1, 2006, the Company entered into a management agreement with the Chief Executive Officer of the Company. Effective November 1, 2024, the Company increased the monthly remuneration from \$8,500 per month to \$10,500 per month. Management fees of \$63,000 (2024 - \$55,000) have been recorded for the six months ended December 31, 2025. In addition, the Company paid rent of \$8,700 (2024 - \$8,700) to a company controlled by the Chief Executive Officer of the Company.

During the six months ended December 31, 2025, the Company recorded \$13,200 (2024 - \$11,600) in professional fees to the Chief Financial Officer for accounting services. The amount owing as of December 31, 2025 is \$6,090 (June 30, 2025 - \$6,090).

The amount owing to the Vice President of Business Development and Operations as of December 31, 2025 is \$16 (June 30, 2025 - \$16).

Amounts owing to key management are non-interest bearing, unsecured and due on demand unless otherwise noted.

8. SHARE CAPITAL

a. Authorized

The Company has authorized an unlimited number of common shares with no par value.

b. Issued and outstanding

At December 31, 2025, the Company had 51,295,337 common shares outstanding (June 30, 2025 – 51,295,337).

c. Stock options

Under the Company's stock option plan, the Company may grant options to employees, consultants, officers, and directors when the number of shares that may be purchased under that option and all previously granted options, does not exceed 10% of the Company's issued shares at the time of grant. The exercise price of the options granted will be no less than the fair market value per share of common shares on the option grant date; and the maximum term of the options will be five years measured from the option grant date.

On August 19, 2025, 450,000 stock options expired.

A summary of the Company's stock options for the six months ended December 31, 2025 and year ended June 30, 2025 is presented below:

	Number of shares		Weighted average exercise price
Balance, June 30, 2024 and 2025	4,100,000	\$	0.09
Issued	-		-
Cancelled/Expired	(450,000)		0.14
Balance, December 31, 2025	3,650,000	\$	0.08

Additional information regarding stock options outstanding as at December 31, 2025 is as follows:

Options outstanding - number -	Options exercisable - number -	Weighted average exercise contractual life - years -	Expiry date	Exercise price
850,000	850,000	0.18	March 5, 2026	\$ 0.20
2,550,000	2,550,000	3.31	April 23, 2029	\$ 0.05

8. SHARE CAPITAL (Continued)

d. Warrants

Additional information regarding warrants outstanding as at December 31, 2025 is as follows:

Number of shares - # -	Weighted average exercise price	Expiry date	Remaining contractual life - years -
10,000,000	\$ 0.15	May 17, 2026	0.38
6,980,000	\$ 0.15	June 18, 2027	1.46
16,980,000	\$ 0.15		0.82

e. Reserves

Stock option reserve

The stock option reserve records items recognized as stock-based compensation expense and other share-based payments issued for services until such time that the stock options are exercised, at which time the corresponding amount will be transferred to share capital.

Warrant reserve

The warrant reserve records the relative fair value of attachable warrants issued as part of units in conjunction with private placements of common shares until such time that the warrants are exercised, at which time the corresponding amount will be transferred to share capital.

9. FINANCING COSTS

	Six Months Period Ended December 31, 2025	Six Months Period Ended December 31, 2024
Accretion of decommissioning liability (Note 4)	\$ 1,634	\$ 1,414
Total financing costs for the period	\$ 1,634	\$ 1,414

10. CAPITAL MANAGEMENT

The Company manages its capital structure, which is substantially represented by its cash resources and share capital and makes adjustments to it depending on the funds available to the Company for acquisition, exploration and development of resource properties. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business.

The Company is dependent on external financing to fund its activities. In order to carry out its planned exploration, production activities and pay for on-going general and administrative expenses, the Company will use existing working capital and expects to raise additional amounts through related party loans or private placements of its common shares as needed. The Company will continue to assess new properties and seek to acquire interests in additional properties if sufficient geologic or economic potential is established and adequate financial resources are available.

Management reviews its capital management approach on an on-going basis and believes that this approach, given the small size of the Company, is reasonable. The Company is not subject to externally imposed capital requirements and there were no significant changes in its approach to capital management during the six months ended December 31, 2025.

11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

a) Fair values

As at December 31, 2025 and June 30, 2025, the Company's carrying values of cash, amounts receivables, trade payables and due to related parties approximate their fair values due to their short term maturity.

	Fair value hierarchy	FVTPL, at fair value	Financial assets, at amortized cost	Financial liabilities, at amortized cost
As at June 30, 2025				
Cash	Level 1	\$ 330,477	\$ -	\$ -
Accounts receivables	N/A	-	74,027	-
Trade payables	N/A	-	-	100,450
Due to related parties	N/A	-	-	6,375

Disclosure of a three-level hierarchy for fair value measurements based upon transparency of inputs to the valuation of financial instruments carried on the statement of financial position at fair values is as follows:

- Level 1: inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2: inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability.
- Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

b) Management of financial risks

The Company is engaged in resource exploration and development business and manages related industry risk directly. The Company is potentially at risk for environmental reclamation and fluctuations in commodity-based market prices associated with resource property interests. Management is of the opinion that the Company addresses environmental risk and compliance in accordance with industry standards and specific project environmental requirements. There is no certainty that all environmental risks and contingencies have been addressed.

The Company is exposed in varying degrees to a variety of financial instrument related risks as follows:

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is in its cash accounts and amounts receivable. This risk is managed through the use of a major financial institution which has high credit quality as determined by the rating agencies. Management believes that the credit risk concentration with respect to its amounts receivables is minimal.

12. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (Continued)

b) Management of financial risks (continued)

Foreign Exchange Risk

Foreign exchange risk is the risk that the Company will be subject to foreign currency fluctuations in satisfying obligations related to its foreign activities. The Company operates in Canada and is consequently not exposed to foreign exchange risk arising from transactions denominated in foreign currency.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flow of a financial instrument will fluctuate because of changes in market interest rate. The Company's exposure to interest rate risk relates to its ability to earn interest income on cash balances at variable rates. The fair value of the Company's cash account affected by changes in short-term interest rates is minimal.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company's objective in managing liquidity risk is to maintain sufficient readily available capital in order to meet its liquidity requirements at any point in time. The Company achieves this by maintaining sufficient cash and raising capital through debt and equity financing. Liquidity risk is assessed as high.

13. SEGMENTED INFORMATION

The Company operates in two reportable segments, being exploration of mineral assets and petroleum production. The Company does not distinguish its general and administrative expenses between the two segments. All operations are located in Canada, in the provinces of Saskatchewan, Ontario and Alberta as disclosed in Notes 4 and 5.

13. CONTINGENCIES

In May 2023 and October 2023, the Company completed mediation for civil claims in relation to a total outstanding balance of \$79,320 included in trade payable and accrued liabilities. Pursuant to the mediation agreement, the Company must pay \$26,562 by monthly payments at a minimum of \$2,500 per month beginning on June 2, 2023 and \$52,758 by monthly payments at a minimum of \$2,500 per month beginning on December 15, 2023 until the total balance is paid in full. As at December 31, 2025, the Company had a remaining balance outstanding of \$44,780 (June 30, 2025 - \$44,780), which is included in trade payables.

The Company was in negotiation to recover equipment-costs in the amount of \$100,000 offsetting payables with Revitalize, who is currently in receivership, the former operator. The Company will recover costs and settle with PWC appointed as the Receiver (Note 4).

14. SUBSEQUENT EVENTS

On February 2, 2026, the Company entered into an arm's length five-year Option Agreement to acquire a 60% interest subject to a 2% net smelter returns royalty in a district scale gold project called the Harrison Lake Gold Property located near Harrison Lake, situated in south-western British Columbia, Canada (the "Property"), with Bear Mountain Gold Mines ("BMGM"). The terms include paying \$250,000 in cash to BMGM, incurring \$5,000,000 in exploration and drilling expenditures, and issuing 10,000,000 shares of the Company's common stock to BMGM, over a 5-year period. The transaction is conditional on TSX Venture Exchange ("TSXV") approval and completion of a financing which is currently pending. The Company can earn its interest by making the following payments and incurring the following expenditure:

- Paying \$50,000 and issuing 2,000,000 common shares to BMGM on the date that is 5 business days following TSXV approval of the Option Agreement (the "Option Date");
- Paying an additional \$50,000 and issuing an additional 2,000,000 common shares to BMGM, and incurring \$600,000 in exploration expenditures on the Property on or before the first anniversary of the Option Date;
- Incurring an additional \$900,000 in exploration expenditure on the Property on or before September 23, 2027;

14. SUBSEQUENT EVENTS (Continued)

- Paying an additional \$50,000 and issuing an additional 2,000,000 common shares to BMGM on or before the second anniversary of the Option Date;
- Paying an additional \$50,000 and issuing an additional 2,000,000 common shares to BMGM, and incurring an additional \$1,000,000 in exploration expenditure on the Property on or before the third anniversary of the Option Date;
- Paying an additional \$50,000 and issuing an additional 2,000,000 common shares to BMGM, and incurring an additional \$1,000,000 in exploration expenditures on the Property, on or before the fourth anniversary of the Option Date; and
- Incurring an additional \$1,500,000 in exploration expenditure on the Property prior to the fifth anniversary of the Option Date.

The initial payment of \$50,000 and issuance of 2,000,000 shares to BMGM are firm commitments and must be made regardless of whether the Company exercises the option in full.

On February 2, 2026, the Company granted incentive stock options to certain directors, officers and consultants of the Company to purchase up to an aggregate of 1,500,000 common shares of the Company at a price of \$0.15 per share exercisable until February 22, 2029.
